Appalachian State University is committed to equality of educational opportunity and does not discriminate against applicants, students or employees on the basis of race, color, national origin, religion, gender, age, disability or sexual orientation. Appalachian also actively promotes diversity among students and employees.

The Appalachian State University Undergraduate Bulletin is intended for information purposes only and does not constitute a contract between the University and the student. While this catalog presents policies and programs as accurately as possible at the time of publication, the University reserves the right to revise any section or part without notice or obligation.

The University

Appalachian’s Mission
Appalachian State University is a public comprehensive university, offering a wide variety of degree programs at the baccalaureate, master’s, and intermediate levels as well as the Ed.D. in Educational Leadership. With a distinctively residential campus and a faculty and staff characterized by high quality and broad diversity of professional skills, Appalachian takes as its mission the practice and propagation of scholarship. This is accomplished particularly through instruction, but also through the research, creative, and service activities of the University community. Appalachian is committed to excellence in its undergraduate and graduate educational programs, while continuing to serve as a center of cultural and professional activity within its state and region.

— The University of North Carolina Board of Governors (2006).

Appalachian’s Expansion of The Mission Statement
Founded in 1899 as Watauga Academy, Appalachian State University evolved into a state teachers’ college, later broadened its mission to include the liberal arts, gained regional university status, and in 1971 became a part of The University of North Carolina. From its beginning as a small local institution, Appalachian has developed into a university with students from every section of North Carolina, as well as from other states and nations. Throughout its growth, the University has maintained a strong sense of community. It continues to provide educational leadership and service to the state and region. The University is committed to fostering an understanding of Appalachian regional culture and the protection of the natural environment.

Appalachian State University is a comprehensive university, offering a broad range of undergraduate programs and select graduate programs. Undergraduates receive a well-rounded liberal education and the opportunity to pursue a special field of inquiry in preparation for advanced study or a specific career. Graduate students engage in advanced study and research while developing and extending their academic or professional specializations. Although the campus is largely residential in character and its students are predominantly of traditional college age, the University seeks to serve a diverse student body.

With instruction as its primary mission, the University is committed to excellence in teaching and the fostering of scholarship. As an academic community, it takes pride in its tradition of faculty commitment to students both inside and outside the classroom. Mindful of the relationship between the curricular and extracurricular, Appalachian seeks to promote the intellectual, cultural and personal development of its students.

At Appalachian, scholarship and service are complementary to the instructional mission. The major purposes of scholarship, including research, writing and other creative activities, are threefold: to serve as a basis for instruction, to ensure a vital and intellectually engaged faculty, and to contribute to the advancement of knowledge. Service is provided through effective engagement in appropriate professional activities, active participation in the concerns of the University community, consultation services, the extension into the community of the professional knowledge and skills of the faculty, staff and students, and the sharing of the University’s cultural and recreational activities.

— The Appalachian State University Board of Trustees (1995).

The following educational goals have been adopted for the baccalaureate degree:

1. Breadth of knowledge through the study of the arts, the humanities, mathematics, the natural sciences and the social sciences
2. Depth of knowledge in at least one area of study
3. Effective communication skills
4. An enhanced capacity for logical and creative thinking, analysis, synthesis and evaluation
5. The ability to apply methods of inquiry
6. Computational skills and the ability to interpret numerical data
7. An understanding of the interrelatedness of knowledge
8. An awareness of the world’s diversity of cultural and national experiences, identities and values
9. An understanding of the issues and problems facing the contemporary world
10. An understanding of, and respect for, diverse opinions and ideas
11. An awareness of ethical issues and ethical behavior
12. A commitment to learning as a lifelong process

In support of these goals, Appalachian State University will provide:

13. An intellectually and aesthetically stimulating atmosphere throughout the University
14. An environment that encourages interaction among members of the University community
15. A variety of learning experiences, both within and outside the classroom
16. Experiences that promote personal growth and development
17. An environment that fosters a commitment to public responsibility and community service
18. Opportunities to develop career goals and to prepare for specific careers
Appalachian State University: A History of Service to Students

The Desire to Educate

When Blanford B. Dougherty and his brother Dauphin D. Dougherty founded Watauga Academy in 1899 with just 53 students enrolled in three grades, they were motivated by a driving desire to educate teachers for the mountains of Northwest North Carolina. Rural mountain communities had not had access to or really much use for education beyond grade school. Many parents were indifferent about educating their children, and farming left little time for school. But the growth of a national public education movement influenced the success of Watauga Academy. At the turn of the century, modernizing America needed educated citizens and trained teachers. The demand for secondary school teachers had burgeoned since the civil war as the number of high schools and students increased.

Being astute, D.D. Dougherty was convinced that the state would fund institutions established to train teachers needed by the state. So in 1903, he drafted a bill for the N.C. Legislature funding a state teachers’ training school in Boone. He traveled to Raleigh by horse and by train in January 1903, and with determination and skilled persuasion, won over the state legislature by one vote. Watauga Academy became Appalachian Training School for Teachers and opened its doors on October 5th with $2,000 available from the state. At that time 325 students were registered.

B.B. Dougherty continued to recruit students, to solicit funds from local sources and the state, and to build facilities needed to accommodate the students. In 1929, the school became a four-year, degree granting institution named Appalachian State Teachers’ College. Over 1,300 students were enrolled in the Bachelor of Science degree programs for primary grades education, physical education, math, English, science, and history.

Appalachian attained national standards by becoming accredited by the American Association for Teacher Education in 1939, and the Southern Association of Colleges and Schools in 1942. Qualified, dedicated faculty were attracted to teaching at Appalachian and helped build its reputation as an excellent institution for the preparation of teachers.

Enrollments dropped during World War II, as men enlisted and were drafted but dramatically increased when returning veterans were supported by funds to return to school (the G.I. Bill). Older, more experienced students changed the character of the student body and campus life.

Growing Into a University

Dr. Dougherty retired, and leadership between 1955 and 1969 came from Dr. William H. Plemmons who did much to shape Appalachian’s growth. He provided respected academic leadership and a new vision of what Appalachian could be. He focused on building new facilities, as the major structures on campus were out of date, in disrepair, and inadequate for an enrollment of 1,500 students. During his administration, 24 buildings were added, and enrollment grew to nearly 5,000 resident students. A master plan was created for rebuilding and expanding the campus.

Appalachian was transformed from a single-purpose teacher’s college into a multipurpose regional university. Appalachian State Teacher’s College became Appalachian State University in 1967 along with other state institutions like Western Carolina University and East Carolina University. This phenomenon occurred all over the country as the demand for higher education among the “baby-boomers” exploded and states rushed to establish new colleges and universities or to expand existing institutions.

Appalachian experienced a doubling of enrollments during the 1970’s to about 9,500 and a growth in faculty to 550, two-thirds of whom held the Ph.D. degree. This was possible because of increased federal funding for numerous programs, federal support for student loans, and generous financial support from the State of North Carolina. The idea of every qualified high school graduate attending college seemed within reach, and this changed the landscape of Appalachian and American higher education.

National Recognition

Dr. Herbert Wey succeeded Dr. Plemmons in 1969, first as president, and then in 1971 as chancellor. Chancellor Wey’s ten years as the head of Appalachian brought phenomenal growth, marked by innovation and change. Wey took advantage of the favorable conditions he encountered to significantly change the direction and character of Appalachian. He could do this because outside funding for experimental programs amounted to millions of dollars and also because the lines of authority in the new University of North Carolina system were not yet clear, giving him a freedom of movement.

Dr. Wey used this window of opportunity to introduce innovations that won Appalachian its first national recognition as an institution of change. He started the student teacher program that continues today. He founded the College of Business which grew so rapidly, its development had to be curtailed. He reduced the number of required courses so that students could experiment with more elective courses. During this time, Appalachian acquired the Loft in New York City and the Appalachian House in Washington, D.C. for faculty and students to use. Watauga College was born. Wey also approved the active recruitment of minority students recommended by a number of concerned faculty. And the Bachelor of Arts degree was added to those offered by the University. Campus during this time was characterized by outstanding young teachers and exceptionally well qualified students.
Quality and Diversity
Dr. John E. Thomas, the next chancellor, was an engineer, a lawyer, and a manager. He was interested in quality control at Appalachian, and he supported high quality changes and a broadening of influence and scope. Committed to the master plan of controlled growth to a maximum resident enrollment of 10,000 students, Chancellor Thomas focused on recruiting a first-rate faculty, most of whom had either the Ph.D. or the terminal degree in their field. Dr. Thomas strengthened attention to undergraduate education and supported review of required courses. Cultural life on campus broadened, marked by well-known, dynamic performers, concerts, theatre, recitals, and speakers. Dr. Thomas was interested in technology and focused on strengthening the University’s communications infrastructure. He supported international studies and education, and during this time, exchange programs were set up with campuses in countries including China, Germany, and Costa Rica.

The results of these progressive changes have been regular recognition of Appalachian State University in national publications, e.g., U.S. News and World Report, as one of the outstanding comprehensive universities in the Southeast and nation.

Dr. Francis T. Borkowski succeeded Dr. Thomas in 1993. Chancellor Borkowski, whose tenure was marked by still greater emphasis on campus cultural life, met with remarkable success in attracting private support for his efforts on behalf of arts programs and facilities. In addition to emphasizing the goal of diversifying Appalachian’s student body and faculty, he presided over the creation of ground-breaking partnerships with two-year colleges in the region, strengthened Appalachian’s affiliations with other universities around the globe, and, like his predecessors, practiced a decidedly student-centered administrative philosophy. During this period, Appalachian not only maintained its customary place on the list of outstanding comprehensive universities annually identified by such publications as U.S. News and World Report but was named Time Magazine’s College of the Year in 2001.

A New Century
Upon Chancellor Borkowski’s return to the faculty, Provost Harvey R. Durham served as Interim Chancellor for 2003-2004. Given his 38 years of experience on the campus and the universal respect with which he was regarded, Dr. Durham was the ideal figure to keep Appalachian on its upward trajectory while a new Chancellor was sought.

The search concluded close to home, with the appointment of Dr. Kenneth E. Peacock, Acting Provost and former Dean of the Walker College of Business, as the sixth Chief Executive of Appalachian State University. Chancellor Peacock’s contagiously ambitious vision for the university is already manifesting itself in an outpouring of new program initiatives, particularly in the field of allied health, and the energetic exploration of fresh sources of support for the multifaceted mission of the institution. By every indication, Chancellor Peacock’s leadership will keep Appalachian true to its tradition of being a student-focused institution responsive to the needs of North Carolina.

Accreditation
Appalachian State University is accredited by the Commission on Colleges of the SOUTHERN ASSOCIATION OF COLLEGES AND SCHOOLS (1866 Southern Lane, Decatur, Georgia 30033-4097: Telephone number 404-679-4501) to award Baccalaureate, Masters, Specialists, and Doctoral degrees. In addition to this comprehensive accreditation, other special accreditation by appropriate agencies includes:

- AACSB International -The Association to Advance Collegiate Schools of Business
- The American Association of Family and Consumer Science (undergraduate)
- The American Chemical Society (undergraduate)
- The American Dietetics Association
- The American Speech-Language-Hearing Association
- The Association of University Programs in Health Administration
- The Commission on Accreditation of Allied Health Education Programs
- The Commission on Accreditation for Dietetics
- The Commission on Accreditation for Marriage and Family Therapy Education
- The Computer Sciences Accreditation Board, Inc.
- Computing Accreditation Commission of the Accreditation Board for Engineering and Technology
- The Council for the Accreditation of Counseling and Related Education Programs
- Council on Social Work Education
- The National Association of School Psychologists
- The National Association of Schools of Art and Design Commission on Accreditation
- The National Association of Schools of Music
- The National Association of Schools of Public Affairs and Administration
- The National Association of Schools of Theatre
- The National Council for Accreditation of Teacher Education
- The National Recreation and Park Association/American Association for Leisure and Recreation Council on Accreditation
- The North Carolina Department of Public Instruction
The University is a member of appropriate state and national associations and organizations to which its professional programs are related. These include, but are not limited to, the following:

- The American Association for Marriage and Family Therapy
- The American Association of Colleges for Teacher Education
- The American Association of University Women
- The American Council on Education
- The American Counseling Association
- The American Music Therapy Association
- The Association of Collegiate Schools of Planning
- The Association for Gerontology in Higher Education
- The Association for Library and Information Sciences Education
- The Association of Supervision and Curriculum Development
- The Association for Theatre in Higher Education
- The Association of Teacher Educators
- The Broadcast Education Association
- The Carolina’s Speech Communication Association
- The Conference of Southern Graduate Schools
- The Council of Colleges of Arts and Sciences
- The Council of Graduate Departments of Psychology
- The Council of Graduate Programs in Communication Sciences and Disorders
- The Council of Graduate Schools
- The Highlands Biological Foundation
- The National Association of Business Teacher Education
- The National Association of Industrial Technology
- The National Business Education Association
- The National Collegiate Honors Council
- The National Communication Association
- The National Film and Video Association
- The National Middle School Association
- The National Organization on Legal Problems of Education
- The North Carolina Academy of Science
- The North Carolina Association of Colleges and Universities
- The North Carolina Association of Colleges for Teacher Education
- The North Carolina Association of Summer Sessions
- The North Carolina Dance Alliance
- The North Carolina League of Middle Schools
- The North Carolina Professors of Educational Leadership
- The North Carolina Theatre Conference
- Professional and Organizational Development
- The Public Relations Society of America
- South Atlantic States Association for Asian and African Studies
- The Southeastern Theatre Conference
- The Southern States Communication Association
- The Teacher Education Council of State Colleges and Universities
- The U.S. Institute of Theatre Technology

History of The University Of North Carolina

In North Carolina, all the public educational institutions that grant baccalaureate degrees are part of the University of North Carolina. Appalachian State University is one of the 16 constituent institutions of the multi-campus state university.

The University of North Carolina, chartered by the N.C. General Assembly in 1789, was the first public university in the United States to open its doors and the only one to graduate students in the eighteenth century. The first class was admitted in Chapel Hill in 1795. For the next 136 years, the only campus of the University of North Carolina was at Chapel Hill.

In 1877, the N.C. General Assembly began sponsoring additional institutions of higher education, diverse in origin and purpose. Five were historically black institutions, and another was founded to educate American Indians. Several were created to prepare teachers for the public schools. Others had a technological emphasis. One is a training school for performing artists.

In 1931, the N.C. General Assembly redefined the University of North Carolina to include three state-supported institutions: The campus at Chapel Hill (now the University of North Carolina at Chapel Hill), North Carolina State College (now North Carolina State University), and East Carolina University.
University at Raleigh), and Woman’s College (now the University of North Carolina at Greensboro). The new multi-campus University operated with one board of trustees and one president. By 1969, three additional campuses had joined the University through legislative action: the University of North Carolina at Charlotte, the University of North Carolina at Asheville, and the University of North Carolina at Wilmington.

In 1971, the General Assembly passed legislation bringing into the University of North Carolina the state’s ten remaining public senior institutions, each of which had until then been legally separate: Appalachian State University, East Carolina University, Elizabeth City State University, Fayetteville State University, North Carolina Agricultural and Technical State University, North Carolina Central University, the North Carolina School of the Arts, Pembroke State University, Western Carolina University, and Winston-Salem State University. This action created the current 16-campus University. (In 1985, the North Carolina School of Science and Mathematics, a residential high school for gifted students, was declared an affiliated school of the University.)

The UNC Board of Governors is the policy-making body legally charged with “the general determination, control, supervision, management, and governance of all affairs of the constituent institutions.” It elects the president, who administers the University. The 32 voting members of the Board of Governors are elected by the General Assembly for four-year terms. Former board chairmen and board members who are former governors of North Carolina may continue to serve limited periods as non-voting members emeriti. The president of the UNC Association of Student Governments, or that student’s designee, is also a non-voting member.

Each of the 16 constituent institutions is headed by a chancellor, who is chosen by the Board of Governors on the president’s nomination and is responsible to the president. Each institution has a board of trustees, consisting of eight members elected by the Board of Governors, four appointed by the governor, and the president of the student body, who serves ex-officio. (The NC School of the Arts has two additional ex-officio members.) Each board of trustees holds extensive powers over academic and other operations of its institution on delegation from the Board of Governors.

Student Assessment
As a public University (a member institution of The University of North Carolina), Appalachian has an obligation to provide relevant student information to the State of North Carolina. This being true, the University periodically surveys and/or tests designated groups within its student population. The University transmits the information to The University of North Carolina’s General Administration and, ultimately, to the State of North Carolina. The surveys/tests are used to assess academic programs, student achievement, student perceptions and attitudes, etc. The information obtained plays an important role in the determination of policy at the institutional level, and in the creation and continuation of programs within the University of North Carolina System.

Students should understand that information obtained through the surveys/tests is protected by the Family Educational Rights and Privacy Act of 1974, a federal statute that prohibits the release of student information in a form that identifies an individual student. Information that identifies an individual student can be released, but only with the explicit written permission of that student.
Special Service Programs for the Region

In accordance with its mission to serve the people of the region in which it is located, Appalachian State University sponsors several programs designed to serve the educational, cultural, social, economic and governmental needs of the people and institutions of its region:

The Appalachian Loft (New York City) and The Appalachian House (Washington, D.C.)  www.ny.appstate.edu

Appalachian State University maintains two off-campus residential facilities outside of Boone for experiential studies:

THE APPALACHIAN LOFT, in New York City, consists of some 4,400 square feet of living space for visitors. Located at 117 East 24th Street, between Park Avenue and Lexington, the Loft is within easy walking distance of the Arts District, Theater District, restaurants, and shopping.

THE APPALACHIAN HOUSE is a four story townhouse on Capitol Hill in Washington, D.C. This historic residence, located at 622 North Carolina Avenue is directly across from the Eastern Market, and within walking distance of restaurants and the Metro system.

For reservations or questions, please contact the Reservation Coordinator at (828) 262-2132

Appalachian Regional Bureau of Government
Mona R. Brandon, Executive Director

The Bureau’s primary goal is to serve local government and law enforcement personnel in the region and beyond, enabling them to function more effectively. These services are chiefly in the form of in-service training, technical assistance, research, and information. Educational programs sponsored by the Bureau are in the areas of law enforcement, budgeting, financial and personnel management, planning, tourism, zoning and land use planning, historic preservation, and environmental concerns.

Center For Appalachian Studies
Patricia D. Beaver, Director
www.appstudies.appstate.edu

Through programs and projects in such areas as the Appalachian region’s history, culture, arts, and social and environmental concerns, the Center for Appalachian Studies assists in the clarification and evaluation of regional issues. The center also publishes the Appalachian Journal, works closely with the Appalachian Collection, a research library, the Appalachian Cultural Museum, and coordinates the Appalachian Studies undergraduate minor, the graduate certificate program in Appalachian Studies, and M.A. programs.

The Broyhill Inn & Appalachian Conference Center
Douglas Uzelac, General Manager
www.broyhillinn.com

The university-owned and operated Broyhill Inn & Appalachian Conference Center sits above the campus on Bodenheimer Drive nestled in the woods at an elevation of 3500 feet. The Inn boasts a long-range mountainous view and 83 newly refurbished hotel guestrooms.

The facility offers a comfortable, distraction-free, environment that satisfies the demand for a retreat-style meeting site. The flexible 20,000 square foot conference facility can accommodate groups up to 450 persons. Our philosophy is simple: we bring guests in our doors and we become friends, and these friends return year after year. It is this relationship that makes us stand out as the premier lodging, dining, banquet and meeting facility in the region.

The Jackson Dining Room & Lounge at the Inn serves a delectable blend of entrees featuring southern sophistication with a mountain flair. The J.D.R. serves breakfast, lunch and dinner each day and also offers a Grand Sunday Brunch. The AppCard is accepted in the dining room and reservations are requested for both dinner and brunch. Our menus and notices of special events can be found on our web site at www.broyhillinn.com.

Communication Disorders Clinic
Mary Ruth Sizer, Director
www.cdclinic.appstate.edu

The Appalachian State University Communication Disorders Clinic provides diagnostic and remedial/therapeutic services in the areas of audiology, speech and language pathology, and literacy. Services are available to persons of all ages in the region. The clinic also functions as a laboratory for students in the communication disorders program. There is presently no charge to Appalachian State University students for these services. For more information, call (828) 262-2185.
Special Service Programs for the Region

**Extension and Distance Education**  
*Cynthia Weaver, Interim Director*  
www.ext-dl.appstate.edu

The Office of Extension and Distance Education is the administrative unit of the University responsible for the implementation of off-campus degree credit programs and courses. Through coordination with the academic departments, institutional resources are extended into the University's service region primarily via The Appalachian Learning Alliance, a cooperative partnership between Appalachian State University and ten regional community colleges, and the UNC Graduate Centers.

**Institute for Health and Human Services**  
*John M. Turner, Director*  
www.ihhs.appstate.edu

The purpose of the Institute for Health and Human Services is to provide research, clinical services, and training programs to meet the needs of students, faculty, and the region. A goal of the Institute is the advancement of knowledge through research and the utilization of that knowledge to improve the delivery of health and human services. The Institute increases access to university clinical services and supports clinical internships. Opportunities for interdisciplinary research for students and faculty are provided, and training and service collaborations with regional providers of health and human services are promoted by the Institute.

**Mathematics and Science Education Center**  
*Phillip E. Johnson, Director*  
www.msec.appstate.edu

The Appalachian Mathematics and Science Education Center is one of eleven centers that are part of the North Carolina Mathematics and Science Education Network. The centers are located on ten University of North Carolina campuses and at the North Carolina School of Science and Mathematics. The mission of the NC-MSEN is to improve the quality and quantity of mathematics and science teachers in the state. Consequently, the center offers courses, workshops, institutes, and conferences, both on campus and at various sites throughout the region for teachers and students preparing to teach.

The center is located in rooms 220, 221 and 222 of Walker Hall and houses a vast array of science and mathematics materials which can be checked out and used not only by Appalachian faculty and area public school teachers, but by students as well. Science and mathematics manipulative kits, journals, video tapes, textbooks, and models are available for use by students enrolled in methods classes or who are student teaching. Appalachian faculty and students are welcome to come in and browse through the center's materials.

**National Center for Developmental Education**  
*Hunter Reed Boylan, Director*  
www.ncde.appstate.edu

The Center is the nation’s primary resource for information, training and research in the field of developmental education. Developmental education is concerned with the learning and human development needs of academically underprepared students attending colleges and universities. Each year hundreds of postsecondary educators take advantage of Center services. The Center is located within the Reich College of Education.

**North Carolina Small Business and Technology Development Center (SBTDC)**  
*William L. Parrish, Jr., Director*  
www.sbtdc.appstate.edu

The North Carolina SBTDC is a business and development service of the University of North Carolina system. The Appalachian-Foothills Regional Service Center is hosted by Appalachian’s Walker College of Business and maintains offices on-campus and in Hickory, providing University outreach to a 14 county region of North Carolina. As the state's primary provider of management and technical assistance to the business community, the SBTDC’s primary focus is providing management counseling to established firms, high growth companies and later stage start-up businesses. Specific assistance areas include strategic planning, marketing, financial management, loan application, capital formation issues, and general business management. The SBTDC provides linkages between the business community and Appalachian's faculty and graduate business students. Through their regional offices, the SBTDC also provides access to experts in technology development and commercialization, government procurement opportunities, and international trade and market research.

**Cultural Affairs Programming**

A variety of activities is offered throughout the year to enhance the cultural and intellectual environment of Appalachian and to heighten student and community appreciation of the role played by the arts in society. Programs are designed to complement classroom studies, as well as the wide range of student and faculty presentations in music, theatre, dance, and visual arts. There is a cultural event at Appalachian almost every day of the academic year.
Special Service Programs for the Region

Turchin Center for the Visual Arts
Hank T. Foreman, Director and Chief Curator

The Turchin Center for the Visual Arts fulfills Appalachian State University’s long-held dream of providing a home for world-class visual arts programming. The center is the largest facility of its kind in western North Carolina, eastern Tennessee, and southwestern Virginia, and is named for university benefactors Robert and Lillian Turchin. Featuring two wings of exhibition and support space, and the Arnold P. Rosen Family Education Wing, the center is located on King Street in the heart of downtown Boone, North Carolina.

The Turchin Center’s exhibitions focus on a blend of new and historically important artwork and feature works of nationally and internationally renowned artists, as well as many of the finest artists of the region. However, the Turchin Center is more than a facility devoted solely to the viewing of art. With its multi-faceted programs and its Community Art School, the center is a dynamic, living, breathing presence in the Appalachian community, creating opportunities for people of all ages and backgrounds to experience the power and excitement of the visual arts. The center also supports academic areas on campus by housing courses that bring hundreds of students to the center on a daily basis.

Mission Statement: The Turchin Center for the Visual Arts supports the mission of Appalachian State University through regionally significant exhibition, education, and collection programs. Underlying the center’s mission is the belief that the arts play vital roles in the development of creative and critical potential, and in experiencing, interpreting, understanding, recording, and shaping culture. The center provides a place to investigate these roles by implementing programs that engender and strengthen Appalachian community participation in and ownership of the arts, and an emphasis is placed on partnerships with the university’s academic areas. Through its programs and partnerships, the center supports the university’s role as a key regional educational and cultural resource and offers a dynamic space where participants experience and incorporate the power and excitement of the visual arts into their lives.

Connecting Campus and Community: The Turchin Center’s ideal location on King Street—in the heart of downtown Boone, yet within the physical boundaries of the Appalachian State campus—places it at the crossroads between campus and community. The building was designed to make the arts more accessible to the Appalachian community both physically and visually, and to serve as a gateway to the greater campus beyond the center. The pedestrian entrance area features several areas for public sculpture, including the Kay Borkowski Sculpture Garden. Visitors are able to walk through the gardens and access nearby Valborg Theatre, the Belk Library and Information Commons, and the University Bookstore.

Office of Arts and Cultural Programs
Denise R. Ringler, Director

Programs administered by the Office of Arts and Cultural Programs encompass four general areas: the Performing Arts Series, An Appalachian Summer Festival, management of Farthing Auditorium, and arts education programs administered in conjunction with the Watauga County Arts Council and the Watauga County Public Schools.

The Performing Arts Series is available by subscription, season ticket, or individual ticket, and is scheduled to correspond with Appalachian’s academic year. Students and faculty members, as well as area residents and visitors to the High Country, are all considered in planning each season’s line-up of performers. Musical events range from symphony orchestra and chamber music performances to jazz and contemporary artists. Theatre productions run the gamut from serious drama to Broadway musical tours. Dance performances offer an equally wide array of styles, from ballet to modern dance to dance forms representing cultural traditions from around the world.

An Appalachian Summer Festival is North Carolina’s premier arts festival featuring the very best in music, dance, theatre, and the visual arts. Presented during the month of July, the festival has grown from a popular local and regional event to become a destination for visitors from around the country, who are attracted by its artistic quality and the natural beauty of the High Country. In recent years, the festival has been selected as one of the “top twenty events in the Southeast” by the Southeast Tourism Society. The festival’s line-up boasts world-renowned performers, as well as some of the finest cultural traditions of the Appalachian region.

Farthing Auditorium, the venue for many of the events sponsored by the Office of Arts and Cultural Programs, is a 1,735 seat auditorium, used as a road house for touring productions and the programs of academic units, student activities, and community arts organizations.

The Arts Partnership formed by Appalachian State University’s Office of Arts and Cultural Programs, in conjunction with the Watauga County Public Schools and the Watauga County Arts Council, brings a variety of performances and arts education activities, including master classes, workshops, and artist residencies, to Watauga County’s students in grades K-12.
Academic Affairs
Division of Continuing Education
Tom Fisher, Interim Director

In cooperation with each of the colleges of the University, the Division of Continuing Education strives to provide educational experiences for those outside the confines of the University through field-based courses, conferences, and camp programs.

Although the Division of Continuing Education does not grant degrees, the offices within the Division of Continuing Education work closely with all academic departments and divisions of the University in order to better serve the various groups and populations calling upon the University for its services. The offices within the Division of Continuing Education are:

- The Office of Conferences and Institutes
- Camp Broadstone
- The Office of Extension and Distance Education
- Appalachian Learning Alliance

Office of Conferences and Institutes
Jan Johnson, Director

The Office of Conferences and Institutes provides educational programs for individuals at all levels who wish to pursue learning opportunities outside of the regular academic curriculum. The Office is responsible for the development, coordination, promotion, and management of non-credit continuing education programs. Programs are offered to individuals, utilizing the resources of a diversified faculty and staff and the modern facilities, equipment, and accommodations at the Broyhill Inn and Conference Center, Camp Broadstone, the main campus, and the surrounding region.

Increasingly, business, industry and professional associations are requiring their members to return periodically to school in order to maintain a high level of currency in their fields. Appalachian responds to these needs within its service region in arranging for specially designed non-credit courses and programs and uses the Continuing Education Unit (CEU) as a measure of academic achievement.

For information, contact the director of the Office of Conferences and Institutes, University Hall, Appalachian State University, Boone, NC 28608. Phone (828) 262-3045.

Camp Broadstone

In an effort to encourage learning and appreciation of the natural world through discovery and participation in firsthand encounters, Appalachian State University provides the facilities and resources of Camp Broadstone to groups seeking outdoor learning experiences. The 53-acre camp is located in Valle Crucis alongside the Watauga River, only six miles from the main campus. The camp facilities provide year-round housing for 100 people (groups and family) and a multipurpose dining hall capable of feeding 150. During the summer months, the camp operates a six-week residential enrichment program for gifted and talented children.

The University encourages the use of the camp by students, faculty, staff, community and civic groups, and constituents of the University’s service region.

For information, contact the director of Camp Broadstone, 1431 Broadstone Road, Banner Elk, NC 28604. Phone (828) 963-4640 or 262-3045.

Office of Extension and Distance Education
Cynthia Weaver, Interim Director

The Office of Extension and Distance Education is the administrative unit of the University responsible for the implementation of off-campus degree credit programs and courses. Through coordination with the academic departments, institutional resources are extended into the University’s service region primarily via the Appalachian Learning Alliance, a cooperative partnership between Appalachian State University and ten regional community colleges, and the UNC Graduate Centers.

The Appalachian Learning Alliance is comprised of ten area community colleges and Appalachian State University. The goal of the Alliance is to provide undergraduate degree-completion and graduate degree programs on the campuses of these community colleges in order to support increased access to educational opportunities for individuals who are unable to attend on-campus offerings at Appalachian State University. The community colleges included in the Appalachian Learning Alliance are: Caldwell Community College and Technical Institute, Catawba Valley Community College, Cleveland Community College, Forsyth Technical Community College, Isothermal Community College, Mayland Community College, McDowell Technical Community College, Surry Community College, Western Piedmont Community College, and Wilkes Community College.

Appalachian State University also offers graduate degree programs at the North Carolina School of the Arts in Winston-Salem, at the Graduate Center at UNC-Asheville, and at other selected locations. For a list of current programs and locations, please consult the Office of Extension and Distance Education.
Academic Affairs

the Office of Extension and Distance Education web site at www.ext-dl.appstate.edu.

For additional information about credit courses and programs offered off-campus, please contact the Office of Extension and Distance Education, P.O. Box 32054, University Hall Drive, Boone, NC 28608-2054, or call (828) 262-3113 or (800) 355-4084.

The Office of Equity, Diversity and Compliance

Linda K. Robinson, Associate Vice Chancellor

Diversity may be defined as "the presence of a wide range of variation in the qualities or attributes under discussion." Synonyms for diversity include variety, multiplicity, assortment and range. Antonyms include uniformity, standardization and homogeneity. The word "diversity" encompasses all aspects of the world around us and all aspects of the world within us. At the intersection of these two worlds lies the locus of education. A liberal arts education is an exercise in the exploration of a variety of disciplines, from a multiplicity of perspectives, yielding an assortment of results, depending on the characteristics of the participants.

The Office of Equity, Diversity and Compliance oversees campus-wide initiatives that develop, sustain, and extend living, learning and working environments that are fair, inclusive, and welcoming for all members of the Appalachian State University community.

Diversity in all its aspects is celebrated and cultivated through teaching, programming, and the building of community.

Concerns about unlawful harassment presented by any member of the university community are addressed by an equity officer and brought to resolution if indicated. The training of all employees to recognize and prevent discrimination in the workplace is integral to creating and sustaining a vital culture that extends equal opportunity for all people to learn, work, and grow to their fullest potential.

Equitable access to education and employment for all students, faculty and staff is an institutional imperative, as is the vigorous recruitment of an increasingly diverse student and employee population. The Office of Equity, Diversity and Compliance upholds the values of evenhanded hiring practices for all employees, as well as accommodation for individuals with disabilities, by providing guidance in interpreting both the letter and the spirit of federal law, state law and Appalachian State University policy.

For more information or to make an appointment, call (828) 262-2144 or visit www.edc.appstate.edu. The Office of Equity, Diversity and Compliance is located in 123 I.G. Greer Hall, directly below International Education and Development. Dr. Linda K. Robinson is the associate vice chancellor for Equity, Diversity and Compliance.

The Cratis D. Williams Graduate School

Edelma D. Huntley, Dean of Research and Graduate Studies
Robert L. Johnson, Senior Associate Dean for Research
Holly P. Hirst, Associate Dean for Graduate Studies
Pollyanne Frantz, Coordinator of Proposal Development
Dennis O. Grady, Director of the Energy Center

Graduate study at Appalachian includes encouraging academic inquiry, providing opportunities and facilities for advanced study and research, developing or extending academic or professional specializations, and facilitating the acquisition of external funds for research, instruction, and service. Accordingly, the Cratis D. Williams Graduate School offers programs leading to the Master of Arts degree with teaching licensure and the Master of Arts and Master of Science degrees in many academic areas. Additional programs lead to the Master of Business Administration, Master of Library Science, Master of Music, Master of Music Therapy, Master of Public Administration, Master of School Administration, the Educational Specialist degree, and the Doctor of Education, all of which are offered during the regular semesters and the summer session. Students may also attend courses scheduled for late afternoons, evenings, and Saturdays, or participate in off-campus programs.

The Graduate School has three distinct units which report to the dean. The Office of Graduate Studies has general supervision of all graduate degree programs and certificates offered in the departments, schools, and colleges of the University. The Office of Research and Sponsored Programs supports faculty and student research, facilitating and coordinating the acquisition of external grant funds for the University, and providing education and training on proposal development, compliance, and research ethics. The Energy Center, a multidisciplinary applied research group, is committed to research, development, policy analysis and demonstrations in all areas of energy, with a stated mission to facilitate the work of faculty and students engaged in teaching, research and outreach activities associated with energy technologies, conservation and policy. Integral to the Graduate School are the graduate faculty represented by the dean who is the administrative officer. The dean is responsible for research and graduate studies, and reports to the Provost and Executive Vice Chancellor.

Purpose

The specific purpose of the Graduate School is to promote and encourage the intellectual and professional development of graduate students and faculty. Within the framework of higher education established by the State of North Carolina, the Graduate School
accomplishes its purpose through the promotion and administration of quality graduate programs and through the support and facilitation of research and grant activities for the University community. Activities centralized within the Graduate School include the evaluation and processing of applicants for graduate study, the review of the qualifications of candidates for graduate degrees, the review of graduate curricula and programs, the review of graduate faculty credentials, and the administration of the assistantship/fellowship/scholarship programs. The Graduate School serves as a major advocate for research by assisting faculty in the acquisition of external funding, by providing internal support for research and scholarship, providing assistance with proposal development, and by insuring a visible profile for University research and grant activities.

Degree Requirements
For information about graduate degree requirements, refer to the Graduate Bulletin.

Research Facilities
Faculty research, grant activity, and selected publication costs are facilitated and supported through the Cratis D. Williams Graduate School. The Office of Research and Sponsored Programs provides assistance to faculty and graduate students in identifying both public and private sources of external funding and in the preparation of grant proposals. The Office of Research and Sponsored Programs offers assistance at all stages of proposal development managing all submission requirements, including acquiring proper administrative approvals, making all necessary copies for submission, and mailing of proposals.

The Graduate School administers funds which provide grants to faculty for research equipment and supplies. Research assistance is provided through the allocation of Graduate Research Assistants to departments during the academic year and to individual faculty for research projects in the summer. Information on the research activities of Appalachian faculty and students is disseminated through Appalachian Explorations which is published twice a year.

Research facilities maintained by Appalachian include the Carol Grotnes Belk Library and Information Commons, and Information Technology Services. The W.L. Eury Appalachian Collection, provides research and instructional support to faculty and students. Information Technology Services assists faculty and students in research computing and in statistical treatment of data. The Faculty Development Fund, administered through the William C. Hubbard Center for Faculty Development, provides funds for faculty study and professional development. The Office of Special Funds Accounting assists faculty with the financial administration of grants and contracts.

William C. Hubbard Center for Faculty Development
Paul H. Gates, Jr., Interim Director

The Hubbard Center for Faculty Development provides support and leadership to faculty members and departments in the development of innovative pedagogies; interdisciplinary teaching; “across the curriculum” competencies; appropriate uses of instructional technology; outcomes-based assessment; scholarly agendas; valid, reliable and efficient faculty evaluation processes; preparation for administrative roles; preparation for global competencies; and effective planning for different career stages. The Hubbard Center is located in the Old Library Classroom Building. For more information, call (828) 262-3040.

Information Technology Services
Jeff T. Williams, Chief Information Officer

Information Technology Services (ITS) assists students, faculty, and staff in meeting their hardware, software, and communications needs with respect to academic and administrative computing and general computing support. The department works closely with other campus entities to coordinate personnel and resources in support of information technology. The primary areas of responsibility include:

Technology Support Services
The primary mission of Technology Support Services (TSS) is to provide computing service, support, and consultation to the faculty, staff and students of Appalachian State University. Specifically, Technology Support Services designs, implements and troubleshoots technology solutions for faculty, staff, and students. A standard set of recommended hardware(s) and software applications is provided with specific software available where needed. Consulting support is provided to assist with configuring and purchasing new computers, printers, peripherals, and other technology devices for office as well as home use. Consulting services for classroom technologies is also provided to the university. TSS provides statistical consulting in support of instruction, research and administrative needs, and offers training in the use of supported statistical software. Phone support is provided for all users to ask questions or report problems with on-campus machines as well as their personal machines. Office and residence hall visits are made by consultants when necessary. Our walk-in center is also available for students, faculty, and staff for their technology needs. Computer labs are available throughout campus and are equipped with both Macintosh and Windows computers and have a variety of software with laser printing available. Most labs are staffed by trained student operators. For more information, you may contact us at (828) 262-6266 or through our website at www.support.appstate.edu.
Academic Affairs

Enterprise Administrative Applications
The primary mission of the Enterprise Applications section is the design, development, implementation and support of administrative applications on a variety of server platforms. The primary focus is to support the SunGardHE Banner system consisting of advancement, financial, financial aid and student services. Consulting services are provided to users in assessing different approaches and addressing potential solutions in meeting demands for services. This group is responsible for investigating and implementing new technology solutions as cost effective alternatives become available in providing business solutions. The Database Administration and Reporting section is responsible for Oracle tuning, assisting the applications section to manage the test and production environment, support resolution of problems and coordinate test and pre-production database instances with users. The Reporting group supports the reporting standard as adopted by the campus, provides training and coordinates user work sessions, and maintains security access for all Banner applications.

Learning Technology Services
The mission of this unit is to provide training, consulting, and instructional design services to faculty using computer technologies for instructional purposes and to provide training services in personal computer applications to university employees. Specific responsibilities of ICS include: develop and deliver training and consulting services for the appropriate integration of computer technologies into teaching and learning; provide a variety of computer training services to Appalachian faculty, administration, and staff; provide facilities and support for video classes and videoconferencing; assist faculty and departments in the integration of eLearning into their curricula; advocate for resource allocations necessary to effectively use and explore potential uses of computing in teaching and learning; promote the integration of computer technologies with other available pedagogical tools; collect, analyze and disseminate information relating to “best practices” in instructional computing, both within University and the UNC System; provide a focal point for university efforts and initiatives relating to teaching and learning with technology; and be the liaison from Appalachian State University to the Teaching and Learning with Technology Collaborative component of the UNC General Administration. ICS works closely with other areas of the University including all areas of Information Technology Services, the Hubbard Center for Faculty Development, the University Libraries and IT specialists in the various colleges. The primary mission of the Webmaster section is to provide consultation on the design, flow, navigation and content of university web pages and to assist in supporting web-based university applications. Also, this section does extensive consulting with division and departmental individuals in all technical matters related to web pages.

Network Infrastructure and Control Systems
This unit provides technical computer networking infrastructure support to authorized users for access to the university communications backbone. This includes the design, installation, monitoring and support of specialized communications equipment attached to the campus backbone as well as access to external networks as required by campus users. Network security, network user registration and network configuration functions are provided and coordinated by this group. This group supports and configures all switches, wireless access points and routers that make up the university data network backbone. This unit coordinates its activities closely with other campus units involved with premise wiring, backbone planning and support.

Operations Support Services
This unit is responsible for providing a stable production server environment for local and remote access to the central computer facility. This includes support for production batch processing, handling and distribution of computer generated output, optical scanning, coordination with users, system monitoring, disk backups, equipment installation, coordination of hardware maintenance services, monitoring of equipment and involvement in the resolution of problems. This group also coordinates the ordering and monitoring the use of specialized computer output forms and preparation for distribution.

Security Administration
The primary purpose of this unit is to assist in the development and review of the security program, monitor compliance, perform vulnerability assessments, promote good security practices across the campus and work with the technology staff to implement and maintain adequate protection for workstations and servers for the enterprise. It is also responsible for the management of prevention and intrusion devices as a means of protecting valuable information and resources on the campus. A daily review of logs is performed and appropriate actions are taken to resolve issues or measures are taken to reduce future risks.

Desktop Administration and Development Systems
The primary mission of this unit is to maintain and support server resources on Appalachian’s network for direct use by faculty, staff, departments and students, including file services for departmental and personal data areas. This group also provides central Windows, Novell and Macintosh enterprise server system administration support.

Server Management Systems
This unit is responsible for enterprise application server deployment, system tuning, monitoring of equipment and resolution of problems. This group supports all major software and hardware platforms as necessary to operate the enterprise. This includes the
administration and updating of the servers, application of critical software patches for security purposes and installing and updating software in a timely manner to support user applications.

Office of International Education and Development (OIED)
Room 238, I.G. Greer Hall (828) 262-2046

Jesse Lutabingwa, Associate Vice Chancellor for International Education and Development
Majorie (Marty) McCormick, Office Manager and Administrative Assistant
Robert White, Executive Director
Nancy Wells, Director, International Student Exchange and Study Abroad
Meg Marck-Kennedy, Director, Appalachian Overseas Education Programs
Timothy Zacher, Coordinator of International Student and Scholar Services
Jeanne d’Arc Gomis, Study Abroad Advisor

The Office of International Education and Development (OIED) coordinates a variety of international programs, including services to students and faculty interested in study, research, and teaching abroad. This is carried out in support of Appalachian’s institutional goals of providing a well-rounded education, and with the understanding that students of the University must be prepared for citizenship in an interdependent world. OIED sponsors and coordinates various exchange programs for students and faculty and issues international student identification cards.

Education Abroad
Through bi-lateral exchange, consortia, and affiliated agreements Appalachian students have access to approximately 200 foreign sites to consider for semester and year programs of study. OIED maintains direct relationships with many institutions abroad, and Appalachian is a member of the International Student Exchange Program (ISEP). While many locations offer the opportunity to study in a foreign language, approximately one third of the foreign institutions offer classes in English. Although the programs vary widely in cost, many programs have costs equivalent to tuition and fees at Appalachian State University. Students who receive scholarships and financial aid can apply these benefits to the cost of studying abroad.

The Appalachian Overseas Education Programs offer students a wide selection of ASU faculty led short-term study abroad programs. Students have the opportunity to earn up to nine credit hours which are applied toward their degree programs while spending two to eight weeks abroad. With the exception of some language programs, Appalachian faculty members teach short-term study abroad courses in English. Financial aid is available for short-term study abroad.

International Student Services
Appalachian hosts a growing number of International students. OIED provides administrative support services for visa processing and immigration regulation compliance, health insurance, taxation, travel planning and housing. OIED also supports International student participation in a range of programs and activities that enhance their overall positive educational experience at Appalachian. International Appalachian (INTAPP), a university-funded student service organization, works with OIED to help orient and acclimate international students to the Appalachian campus.

International Visiting Scholar and Faculty Services
Appalachian hosts a number of international visiting scholars. These scholars teach or team-teach courses with Appalachian faculty members, conduct seminars, mentor students, and serve as guest speakers at various events at Appalachian. OIED provides J Exchange Visitor visa documents (the DS-2019) to those visitors as well as other support services including housing assistance, insurance coverage, initial transportation to Boone, and help with a variety of other logistic and academic needs.

OIED processes H-1B visa petitions to enable the hire of international tenure-track faculty members. Additionally OIED provides Permanent Residency visa processing and immigration-related services to these faculty members. The International Faculty, Staff, and Spouse Association (IFSSA) is a vital support resource for all international faculty, staff and their families.

International Research And Development
OIED facilitates international collaborative research and development activities by providing technical support and assistance to faculty and staff. It seeks and locates sources of funds to enable faculty, staff, and students to become involved in international collaborative research and development activities. OIED coordinates the development of international project proposals in collaboration with faculty and staff.
International Studies At Appalachian
Appalachian offers more than 100 international courses and there are specific programs with an international focus. These programs and courses include:

— Bachelor of Arts degree in Interdisciplinary Studies with the following International Studies concentrations: Asia; East European, Russian and Central Asian Studies; Germany; Latin America; Modern Europe; and Third World
— Bachelor of Arts degrees in French and Spanish, Bachelor of Science degrees in French, Education and Spanish, Education (for K-12 Teaching)
— Bachelor of Science degree in Political Science with a concentration in International and Comparative Politics
— Bachelor of Science in Business Administration degree in International Business; and International Economics and Business Options (See the Department of Economics listed under the Walker College of Business.)
— Minors also are offered in Asian Studies; East European, Russian and Central Asia Studies; German Studies; Latin American Studies; International Business; French; TESL/Applied Linguistics; Spanish; German; and Chinese. (For description of International Business minor, see listing under the Walker College of Business)
— Foreign language courses are offered in French, German and Spanish; and at the beginner’s level in Arabic, Chinese, Japanese, Latin, and Russian

Belk Library and Information Commons
Mary L. Reichel, University Librarian
E. Ann Viles, Associate University Librarian

John P. Abbott  Georgia L. Donovan  Harry C. Keiner  Xiaorong Shao
John D. Boyd  Jessica M. Efron  Martha H. Kreszock  Kathy L. Staley
Gary R. Boye  S. Patricia Farthing  Lynne D. Lysiak  Glenn Ellen Starr Stilling
Virginia C. Branch  Susan L. Golden  Kelly Rhodes McBride  Catherine L. Wilkinson
Eleanor J. Cook  Frederick J. Hay  Pam Mitchem  Elizabeth M. Williams
Elizabeth E. Cramer  Kenneth W. Johnson  Paul Orkiszewski  M. Suzanne Wise
David L. DeHart  Megan Johnson  Allan G. Scherlen

The Belk Library and Information Commons is centrally located on Appalachian’s campus and provides ready access to a wide range of information resources. The Library houses over 853,000 books; 1,529,200 microforms; and 81,800 sound recordings, videos, and other non-print media. It has active subscriptions to 7,700 scholarly and popular journals, newspapers, and serial publications in print and electronic formats. Access to more than 105,000 electronic titles is available through the Library’s web site which includes Appalachian’s online catalog, the library catalogs of the other UNC institutions, and both full text and citation databases. The Library has seventy-five faculty and staff to acquire and manage its collections and to assist people with their research and information needs. It contains areas for individual and group study, electronic classrooms, a multimedia production suite, a lecture hall and a 24-hour study area and cyber-café.

The Library has several special collections. The fourth floor of the Library and Information Commons houses the W.L. Eury Appalachian Regional Collection, the Stock Car Racing Collection, the University Archives and Records and the Bill and Maureen Rhinehart Rare Books Room. The Justice Query Instructional Materials Center containing resources for teacher education and instructional development is on the ground floor. The Music Library, located on the second floor of the Broyhill Music Center, contains the books, scores, and sound recordings which support the curricula of the Hayes School of Music and other Appalachian programs.

Materials not owned by the Belk Library and Information Commons may be obtained from other sources. Appalachian is a member of the Western North Carolina Library Network (WNCLN) and shares its automated library system with Western Carolina University and the University of North Carolina at Asheville. WNCLN’s ABC Express allows students and faculty at the three institutions to easily borrow library materials from each other. For items not held by the Network libraries, interlibrary loan services are provided to students and faculty at no cost and other document delivery options are available.

For additional information, go to the Library’s home page, www.library.appstate.edu or call (828) 262-2188.

Office of Student Research
Alan C. Utter, Director

The Office of Student Research (OSR) works to promote and support research and creative activity of undergraduate and graduate students, particularly activities conducted in collaboration with members of the faculty at Appalachian State University. The primary functions of the OSR are: advocacy for student-faculty research; identifying and pursuing sources of external and internal support for that research; seeking, collecting and disseminating information regarding student-faculty research opportunities; cooperating with other campus units to identify or create research opportunities; coordinating the university’s annual Celebration of Student Research...
and Creative Endeavors; contributing to the UNC-General Administration Undergraduate Research Consortium; and participating in national dialogues/meetings devoted to promoting student research.

Office of Summer Sessions

The Office of Summer Sessions at Appalachian State University is committed to the University’s primary mission of excellence in teaching and instruction. For this reason, instruction is provided by regular Appalachian faculty members and highly selected visiting faculty. Aware that retention and graduation are directly related to the students’ ability to take courses in the summer, Appalachian is committed to offering a comprehensive summer program. Mindful of the importance of the development of the total person, Appalachian’s summer programs seek to promote the intellectual, cultural, and personal development of its students through curricular and extracurricular activities. The University schedules workshops, seminars and traditional courses of varying lengths to allow students to fit their summer studies into other summer plans. Special courses and other programs are offered to teachers and other professionals for both enrichment and the pursuit of advanced degrees.

For summer sessions information, view the Summer Sessions’ web site at www.summerschool.appstate.edu, call (828) 262-3154, or write to the Office of Summer Sessions, 382 John Thomas Hall, Appalachian State University, Boone, NC 28608.
The Center for Student Involvement and Leadership, a part of the Division of Student Development, recognizes that the development of the whole student is achieved through in-class and out-of-class learning opportunities and experiences. These experiences are provided through programs designed to enhance leadership, intellectual, personal, cultural, and professional development. It is believed that when afforded opportunities for learning and growing, students will graduate from the institution with a better understanding of themselves and their peers, organizations, chosen professions, and responsibilities as part of a larger community.

Programs and services are grounded in the philosophy that all students be given opportunities and responsibilities for engaging in activities, programs and services relevant to their individual, educational and professional goals. The Center, through the implementation of student development theories in traditional and non-traditional settings, assists students in developing environments that enhance diversity, promote ethical and moral development, and provide leadership and experiential learning opportunities. To this end, the Center promotes personal growth opportunities, leadership development, social development and student accountability through personal counseling and instruction, practicum and experiential learning opportunities.

More than 275 clubs and organizations are recognized by the University with over 8,000 students involved in these groups. Academic, honor, special interest, service, religious and activity organizations are open to all students. There are 25 fraternities and sororities with 1,200 students that comprise the Greek system and maintain an active presence on the campus. Students have an opportunity to learn about clubs through club expos held each year, club advertising and recruitment activities, new student orientation and by visiting the Center. Research shows that involvement can be a positive factor for academic success and personal satisfaction with your college experience. Students who become involved on-campus more often than not get better grades and indicate that they have had a more positive experience in college. Students who become involved in organizations related to their major find such involvement reinforces classroom learning as well as providing valuable hands-on experience.

The Center offers a wide variety of leadership and involvement opportunities for all students. Whether you are interested in taking leadership classes for credit, attending conferences and seminars, or receiving individual advisement, the Center staff can provide that support. Programs range from an Emerging Leaders Program for new students to a Keystone Series for seniors and everything in between. Students have access to the Leadership Resource Center where books, videos and instruction materials about leadership are available.

The Center through its Multicultural Student Development Program works to create a community conducive to the needs of our multicultural students while also educating the larger community to multicultural issues through cultural, educational, and social programs. A peer-mentoring program matches incoming freshmen with successful upper-class students to facilitate the transition from high school to college. The Multicultural Center, located in the Plemons Student Union, provides a bridge that connects and promotes the uniqueness of various multicultural groups by encouraging respect and appreciation for the history, traditions, and culture of these groups. The Student Women’s Center, also located in the Student Union, strives to foster an environment that creates opportunities for the education, leadership development, and personal growth of women, regardless of their background or beliefs.

Through participation in the Student Government Association, students may take an active role in University governance. The SGA consists of two branches and is made up of elected representatives from residence halls and off-campus constituencies. The Executive branch is made up of the President and the Executive Cabinet; the Legislative branch is composed of the Vice President, the Legislative Cabinet and the Senate. The Senate deliberates on student welfare matters, from academic policies and procedures, to student health care, to parking.

Student Publications provides students the opportunity to become involved with campus media while developing writing, editing, photography, graphic design and advertising skills that enhance classroom learning and provide hands-on experience that translates to job opportunities on leaving the University. The Appalachian, the University’s award-winning twice weekly paper, is distributed free on-campus to keep students informed of important campus events. The Appalachian Online is Student Publications’ worldwide web site containing the latest news from the pages of The Appalachian, as well as links to other sources of information. Both the print version of The Appalachian and the online version offer an instructional experience for students interested in careers as student journalists. Students learn the responsibilities of a free press by making all content decisions.

Freshman Orientation Phase 2 coincides with the opening of fall semester. It is designed to help acclimate new students to the campus environment through an orientation program that educates, provides interaction and socialization opportunities, introduces co-curricular opportunities and decreases anxiety associated with entering an unfamiliar environment.
Student Programs

David L. Robertson, Director

Student Programs, a department of Student Development, provides the Appalachian community with a variety of social, cultural, and educational programs and experiences. Producing events and programs provides involved students with valuable work related skills in managing, leading, organizing, communicating, motivating others, budgeting, advertising, etc. Student Programs manages the Plemons Student Union and Legends Social Center to provide facilities and services for programming, meetings, bands, parties, and the general enhancement of life at Appalachian. A.C.T. is also a division of Student Programs.

The Appalachian Popular Programming Society (A.P.P.S.), is the all-campus programming organization sponsored and advised by the Department of Student Programs. Membership is open to all interested students and provides excellent leadership opportunities. A.P.P.S. has two major goals. One is to enhance the quality of campus entertainment. The second is to provide significant “hands on” learning experiences and leadership opportunities for involved students. The organization is made up of an executive cabinet and the following student-run programming councils: Stage Shows, Special Events, Club Shows, Films, Concerts, the Council for Cultural Awareness, and the Appalachian Heritage Council.

The Plemons Student Union’s purpose is to build community among ASU students. There are a number of services and facilities located in the Union. They include the A.C.T. Community Outreach Center, two Coffeehouses, Peer Career, the Multi-Cultural Center, two ballrooms, Art Gallery, lounges and various meeting rooms. McAlister's Deli and the Cascades Café, two campus eateries, are located in the Union. Other services provided in the Union include the Information Center, and the Mt. Mitchell Fitness Center, computer labs and study rooms. The Greenbriar Theater is a popular location for classic films. The Summit Trail Solarium is the prime gathering place for students at Appalachian. A roof top patio and amphitheatre are also available for outdoor performances, receptions, etc. Room reservations can be made by calling (828) 262-3032.

Legends is Appalachian’s social and entertainment center. Under the supervision of a full-time manager, it is staffed by student employees. A wide variety of entertaining programs occur in Legends and are coordinated by the A.P.P.S. councils. Such programs include regional and local bands, national entertainers, theme parties, discos, comedians, and movies. Recent performances have included the Dave Matthews Band, Outkast, Coolio, Hootie & the Blowfish, Widespread Panic, and John Mayer, to name a few.

Appalachian and The Community Together Community Outreach Center

A.C.T., a division of Student programs, seeks to provide students with opportunities to perform community service in the Watauga County area. A.C.T. assists students in several ways. The Community Outreach Center, housed in the Plemons Student Union, is the focal point for students to discover volunteer opportunities in the area. A.C.T. has a Service-Learning Coordinator who works with faculty and students to create service-learning opportunities incorporated into academic classes. A.C.T. also encourages individuals as well as clubs to perform community service with any of over 129 local non-profit agencies. A.C.T. encourages a lifelong commitment to improving the world through service to others. A.C.T. also manages the NC ACTS/Americorp volunteer scholarship program. Visit www.act.appstate.edu for more information.

Athletics

Charles G. Cobb, Athletic Director

Appalachian athletics consists of 20 NCAA Division I varsity teams (baseball, men’s and women’s basketball, men’s and women’s cross country, field hockey, football, men’s and women’s golf, men’s and women’s soccer, softball, men’s and women’s indoor track and field, men’s and women’s outdoor track and field, men’s and women’s tennis, volleyball and wrestling). Nineteen of the 20 sports compete in the Southern Conference, the nation’s fifth-oldest Division I conference, while field hockey is a member of the NorPac Field Hockey Conference.

The Mountaineers’ athletic venues include Kidd Brewer Stadium (football, field hockey, outdoor track and field), the Holmes Convocation Center (basketball, indoor track and field and volleyball), Jim and Bettie Smith Stadium (baseball), Varsity Gym (wrestling), and homes for ASU’s soccer and softball programs.

Admission to regular-season home athletics events is free for ASU students. For additional ticket information, call the ASU athletics ticket office at (828) 262-2079.

Religious Life

Appalachian is a state-owned campus, and as such it has no religious affiliation. Its students, however, promote and support a variety of denominational and non-denominational student organizations. Numerous churches are within walking distance of the campus, and many have student centers open to all students.
The Career Development Center

Marjorie Ellis, Director

Appalachian provides a full range of career services to assist students and alumni with career-related issues and career management skills. At Peer Career, the Career Development Center’s satellite office, students can receive assistance in identifying academic majors and career options compatible with their interests, abilities, and values. Computerized guidance programs and other assessment tools assist with this process.

The Career Development Center offers individualized advising on self-managed career development, experiential learning, and personal marketing strategies. Student can access the Resource Library at www.careers.appstate.edu for a variety of resources on careers, internships, graduate schools, employers and full-time job opportunities. A student employment program is also available for identifying part-time, on- and off-campus, and summer work opportunities at www.studentemployment.appstate.edu.

Special services for graduating seniors include on-campus interviews and online career accounts for posting resumes and viewing job openings. Workshops, mock interviews, and resume critiques help prepare students for the job search, while career and internship fairs provide the opportunity for students to make direct contact with a wide range of employers.

Counseling and Psychological Services Center

Dan L. Jones, Director

The Counseling and Psychological Services Center is part of a comprehensive program of student services within the Division of Student Development at Appalachian State University. The Center has as its primary purpose the prevention of psychological difficulties and treatment of the mental health concerns of its students. To meet this goal, the Center provides confidential individual, couples and group counseling for a variety of developmental and psychological issues. Concerns addressed in therapy range from personal growth and educational decisions to more serious issues that can cause psychological distress and interfere with academic functioning. The Center also provides 24-hour emergency response services when classes are in session for students experiencing extreme psychological crises. The Center is staffed by licensed psychologists and counselors and serves as a training site for an APA-accredited predoctoral psychology training program, as well as externs and practicum students for the Clinical Psychology and Human Development and Psychological Counseling graduate programs at Appalachian State University.

The Center also seeks to assist in the creation and maintenance of a University environment that will foster the well-being and personal development of its members. The Center provides outreach programs and psychoeducational workshops in a variety of venues to address such issues as eating disorders, sexual assault, career choice, substance abuse, stress management and suicide prevention. Center staff also are available to consult with University students, faculty, staff and others concerned about the psychological well-being of any University student.

The Student Wellness Center offers programs promoting health awareness and healthy lifestyle choices, including weight management, smoking cessation and biofeedback.

The Alcohol and Drug Assistance Program at the Wellness Center offers a variety of prevention education services and individual and group substance abuse assessment and counseling services.

The Peer Career Center, co-sponsored by the Counseling and Psychological Services Center and the Career Development Center, offers assistance in career choice and planning. Trained and supervised student counselors assist students in learning about themselves and the world of work, making decisions, and developing career plans.

Housing and Residence Life

Tommy Wright, Interim Director

The University has 19 residence halls housing some 5,000 students in a living and learning atmosphere. The quality of residence life living and learning experience is of as much a concern to the University as the quality of any academic program.

The halls are staffed and supervised by personnel who are trained to create a friendly atmosphere in which students can enjoy life and feel a part of the University community. The Office of Housing and Residence Life employs 155 professional graduate and undergraduate staff members who live in the residence halls to respond to the needs of our resident students.

The Housing and Residence Life program has qualified student leaders and professional staff who are responsible for creating an environment within our living and learning units that is conducive to, and complements, the educational process. Each residence hall has a resident student association that works with the staff to provide social, educational, cultural, and recreational programs. There are limitless opportunities for meeting the needs of the resident student through program development and implementation.

Each room is equipped with basic furniture. Students are allowed to supply rugs and other personal furnishings according to individual taste. Students may want to bring: one or more UL approved electrical outlet strips with a circuit breaker (maximum 6 outlets per
Student Life

During this time, scheduling possible housing arrangements. All residence halls are closed during Winter Break. No students can stay with the exception of those students living with parents or guardian, those who are married and maintaining their residence near campus, or academic commitments, the Resident Director of a given residence hall must be contacted well in advance of the break about scheduling possible housing arrangements. All residence halls are closed during winter break. No students can stay during this time.

All new, incoming freshmen (having never attended an institution of higher learning) are required to live in University-owned housing with the exception of those students living with parents or guardian, those who are married and maintaining their residence near the university, or veterans eligible for training under Public Law 358, G.I. Bill effective June, 1966.

All students reserving rooms are subject to an academic year room and board contract. Students who reserve a room for the fall semester are obligated to pay room rent for fall and spring semesters as long as they are enrolled. Exceptions are made during the term of the housing agreements for students participating in off-campus field service programs (i.e., internship or student teaching outside of Watauga County), students getting married during the term of the agreement, and students who do not enroll for any coursework for the second (spring) term. A prorated refund will be considered for those students who are married during the semester, provided proof of marriage is supplied.

Returning students have the opportunity to reapply for housing during February prior to the next term of housing. Housing assignments are given to a limited number of returning students who apply by the published deadline, pay a $250 pre-payment, and select a room with sufficient roommates to ensure full occupancy. Once paid, the $250 pre-payment becomes non-refundable.

Appalachian State University is incurring an administrative expense to hold a space for a student. The University will retain the $250 pre-payment to cover administrative costs.

If a student’s request to cancel is received after July 1, the student is liable for the entire amount of housing charges for the fall semester. Because the License Contract is for an academic year (fall and spring semesters), students who are residents in the fall semester are expected to continue to occupy rooms in the spring semester.

Freshmen: Starting February 15th of each year, a freshman student that has been accepted to Appalachian State University must go to the Housing and Residence Life web site (www.housing.appstate.edu) to fill out their housing application. Each student must read and agree to the entire housing contract. The deadline to fill out the housing application is May 1st and the student will receive their housing assignment by mid-July. The housing assignment will be mailed to their home address and will include roommate contact information.

Transfers: Transfer students who are interested in residential student housing are encouraged to apply, but are NOT guaranteed a housing assignment. Transfer students are assigned after returning students and freshman students have been assigned. Applying for admission early, responding to an admission offer quickly, and returning the housing application promptly will increase your chances of getting an assignment in residential student housing. Assignments are made as space becomes available to transfer students who have paid a $100 housing advance payment. Transfer students will be assigned in the order that advance payments are received.

Students requesting to be roommates should complete the appropriate sections on their housing applications. Both students’ completed applications need to include a mutual request.

All roommate request changes must be made in writing and received by May 1. Changes to housing applications received after May 1 will not be honored.

The housing pre-payment is deducted from the room rent charged for the first semester in residence. Housing pre-payments ($100) are forfeited upon cancellation for new students (including transfers and new freshmen).

Housing requirements. For those who must remain in Boone during the academic semester break periods for University business or academic commitments, the Resident Director of a given residence hall must be contacted well in advance of the break about scheduling possible housing arrangements. All residence halls are closed during winter break. No students can stay during this time.

Some appliances are allowed in the student rooms (lamps, small television sets, small refrigerators); but others are NOT (hot plates, toaster oven, heat lamps, irons, halogen lamps, microwave ovens, heaters, George Foreman type grills, and other electrical appliances). Popcorn poppers may be used only in kitchen areas. Irons may be used in laundry rooms. Additional items that students should NOT bring are as follows: ceiling fans or track lighting; power tools; nails; lofts (these are against fire code regulations); pets other than fish (10 gallon tank limit); candles, incense burners, or any apparatus that produces an open flame; handguns, rifles, shotguns (it is a felony to possess a weapon on campus); knives, BB guns, fireworks (it is a felony to possess these items on campus). The Code of Student Conduct Handbook (available at check-in in the residence halls) contains specific regulations and policies which govern residence hall life. All students are responsible for knowing these regulations and conducting themselves accordingly. Any student who is evicted from on-campus housing is not eligible for a refund of room rent.

The housing pre-payment is deducted from the room rent charged for the first semester in residence. Housing pre-payments ($100) are forfeited upon cancellation for new students (including transfers and new freshmen).
“Academically Ineligible Statement.” Students with room assignments who are declared academically ineligible at the end of the fall semester will have their housing assignments cancelled. They should contact the housing office about checking out of their residence hall during the first week of January.

Mountaineer Apartments. The University provides 90 furnished apartments. Rental information and applications may be obtained through the Office of Housing and Residence Life. Leases for Mountaineer Apartments are offered according to the following priority system: (1) Students (married and unmarried) with dependent children; (2) Non-traditional and graduate students.

Mary S. Shook Student Health Service
Patricia A. Geiger, M.D., Director
www.healthservices.appstate.edu

Medical Services are provided to eligible students by the Mary S. Shook Student Health Service at its location on the second floor of the Miles Annas Student Support Services Building on Howard Street. Full services clinic hours are 8AM-4PM Monday-Friday (9AM-4PM Wednesday). Limited services clinic hours are 4PM-12MN Monday-Friday, 10AM-2PM Saturday, and 2PM-6PM Sunday. Health Service is also open for limited services 8AM-11AM during semester breaks. Summer hours vary. Registered Nurse telephone consultation is available when Health Service is closed. Persons calling Health Service at (828) 262-3100 will be given the option to access this service. Referrals to off-campus physicians or to the Watauga Medical Center may be required for services not available or outside of regular clinic hours. In such cases, the student is responsible for all charges incurred.

**A current, valid ID must be presented before each visit to the Health Service.** Students paying fees for nine or more credit hours during an academic semester or at least one credit hour during a summer term are eligible for care at the Health Service. Students who are enrolled and pay fees for less than those hours may elect to pay the Health Service fee at the Student Accounts office and be eligible for care. The Health Service is funded by student health fees. Many services provided require no payment other than the health fee, though there is a nominal charge for some services. Contacts with the Health Service are confidential. Records are maintained separately from the University records for the use of Health Service personnel and may be released only with written permission by the student.

The Health Service does not issue medical excuses for class absences due to illness or injury. Students who withdraw from the University for health reasons should do this through the Health Service and must receive a medical clearance before being re-admitted. This clearance must present evidence that the condition which necessitated withdrawal has improved and that there is reasonable expectation of the student’s ability to participate in University life.

North Carolina law requires that all students have a complete immunization record on file at the Health Service. Students not in compliance will be administratively withdrawn from the academic term in question.

**Insurance**
An often unexpected financial burden is the cost of being treated for illnesses or accidents that require admission to the hospital or a visit to a specialist. All students are urged to carry health insurance. Many can be accommodated on plans carried by their parents. Others who do not have this opportunity may contact the Student Health Services (828) 262-3100 concerning the available basic insurance plan open to students for their own coverage and for coverage of their dependents. Insurance is NOT included in the student fee schedule and must be contracted separately.

Testing Services
Susan B. Morgan, Director of Testing
www.testing.appstate.edu

The Office of Testing Services, as a part of the Division of Student Development, provides a Computer Based Testing Center for students to take national entrance/certification exams. Students can test at their own convenience at one of the twelve computer stations located in John E. Thomas Hall.

A list of tests offered include the GRE (Graduate Record Examination), GMAT (Graduate Management Admission Test), PRAXIS I (national teacher certification test), TOEFL (Test of English as a Foreign Language), the MAT (Miller Analogies Test) and CLEP tests (College Level Examination Program).

In addition to computer-based tests, paper and pencil tests are administered on national test dates throughout the year. They include PRAXIS II, LSAT (Law School Admissions Test), GRE Subject Tests, NCE (National Counselors Exam), the MCAT (Medical College Admission Test), and the PCAT (Pharmacy College Admission Test).

Testing Services also coordinates placement testing for incoming freshmen and transfers and correspondence testing for ASU students enrolled in off-campus coursework.

Examinations
The Office of Testing Services administers the PRAXIS education exams, the Miller Analogies Test, the Graduate Record Exam, the
Student Life

Graduate Management Admission Test, the Law School Admission Test, the Medical College Admission Test, the Pharmacy College Admission Test, the Test of English as a Foreign Language, the National Counselor Exam, and other national examinations -charging fees, when applicable, in accordance with the schedule of fees maintained in the Testing Center (828) 262-6801.

Summary Of Substance Abuse Policy
Appalachian State University is committed to maintaining an environment that supports and encourages the pursuit and dissemination of knowledge. All members of the academic community -students, faculty, administrators and staff, share in the responsibility of protecting and promoting that environment and all are expected to exemplify high standards of professional and personal conduct. The illegal or abusive use of alcohol and other drugs by members of the academic community adversely affects this educational environment. North Carolina and federal laws restrict or prohibit the use of alcohol and other drugs in various contexts. The illegal or abusive use of alcohol and other drugs is not compatible with personal health and welfare and the pursuit of academic excellence, and will not be tolerated by Appalachian State University on the campus or as part of any institutional activities.

The use and abuse of alcohol or other drugs can have serious negative consequences. High-risk choices can lead to significant academic, legal, financial, job performance and relationship problems, as well as problems with physical, mental and emotional health. High-risk use of alcohol and other drugs is also a factor in injuries and deaths related to overdose, accidents and crimes.

As long as one person is involved in high-risk behavior, all are at risk because problems related to the use of alcohol and other drugs affect not only the user, but friends, family, classmates, coworkers and the entire Appalachian community. The goal is a safe and healthy University environment.

The entire text of the "Policy and Procedure on the Illegal or Abusive Use of Alcohol & Other Drugs" is available, along with other administrative policy statements, in the ASU Resource Manual (www.resourcemanual.appstate.edu).

Academic Integrity and Code of Student Conduct
The Academic Integrity Code and the Code of Student Conduct are designed to create an atmosphere of trust, respect, fairness, honesty and responsibility.

Both Codes are based on the concept of educational discipline. Educational discipline focuses on promoting responsible conduct, providing opportunities for growth and development, holding students accountable for their behavior and teaching about the consequences of misconduct for both the individual and the community.

Students admitted to Appalachian accept responsibility to conform to all policies set forth in the Code of Student Conduct and the Academic Integrity Code. A violation of either of the codes will result in disciplinary sanctions being imposed.

Sanctions are designed to be educational in nature and, whenever possible, to provide an avenue for continued membership in the University community. However, students who fail to follow rules and regulations are treated similarly to students that have failed academically and can be removed from the University.

Students, faculty and staff are encouraged to contact the Office of Student Conduct at any time for consultation on policies.

Policy Prohibiting Harassment
Harassment based upon race, color, religion, creed, sex, national origin, age, disability, or veteran status is a form of discrimination in violation of federal and/or state law and Appalachian State University policy; therefore, harassment will not be tolerated. Further, it is the internal policy of Appalachian State University to prohibit harassment on the basis of sexual orientation. Finally, because retaliation against a person who opposes or complains about harassment violates federal and state law and/or Appalachian State University policy, retaliation will not be tolerated.

The policy of Appalachian State University is that no member of the University community, whether faculty, staff, or student, may engage in speech or conduct that constitutes harassment or retaliation as defined in the “Policy Prohibiting Harassment.” The University is committed to providing an atmosphere in which University community members will be free from harassment and retaliation.

The entire text of the "Policy Prohibiting Harassment" is available, along with other administrative policy statements, in the ASU Resource Manual (www.resourcemanual.appstate.edu).

Applicable grievance procedures for students, faculty, and staff are established and are outlined in the ASU Resource Manual and the Code of Student Conduct. Violations of the above policies, proven via established grievance procedures, will lead to disciplinary actions, including reprimands, suspension or dismissal of offenders. For information concerning various means of complaint resolution, as well as information on sexual harassment, or other forms of unlawful harassment, contact Dr. Linda K. Robinson, Associate Vice Chancellor for Equity, Diversity and Compliance, at (828) 262-2144.
Student Life

Student Fees
Student fees support such services and activities as the Student Health Services, Student Union, Quinn Recreational Center, campus technology, cultural programs, student government, concerts, social activities, forensics, theatre, intramurals, student publications, and attendance at all athletic events on-campus.

Postal and Banking Services
Greg Y. Foster, Director
www.po.appstate.edu
A United States Post Office Contract Station is maintained by Appalachian in the Student Support Building. A mailbox is provided for most students. The student’s University mailbox address is used by the University for communicating with each student. For this reason, students are responsible for checking their University mailboxes frequently. Students enrolled in an off-campus extension course will probably not have a mailbox. Visit our website at www.appstate.edu/www_docs/busaf/postoffice.htm for a complete description of services.

Convenient banking services are located in the lobby of the University Bookstore. For other banking services, see options under the AppCard Office.

Parking And Traffic
Barry D. Sauls, Director
www.parking.appstate.edu
The University Parking and Traffic Department is responsible for providing parking services and traffic control for all faculty, staff, students and visitors to the campus. Individuals who wish to park a motor vehicle on University controlled property between the hours of 7:00 a.m. and 5:00 p.m., Monday through Friday, must obtain a parking permit from the Parking and Traffic Department before doing so. Several types of permits are available, dependent upon the category of the registrant. The appropriate permit will be provided at the time of registration, subject to availability. Fees are charged for parking permits, as designated by the University's Board of Trustees.

For further information, please contact the Parking and Traffic Department at (828) 262-2878, visit our web site (noted above) or visit our office in the Rivers Street Parking Deck.

University Police
Gunther E. Doerr, Chief
www.police.appstate.edu
The University Police Department is responsible for protecting life and property at Appalachian by providing emergency and non-emergency law enforcement services, crime prevention, safety and criminal investigative services.

For any on-campus emergency, simply dial 8000 from any on-campus phone. To report a crime or any other suspicious activity, call 262-2150 or use one of the over 60 Blue Light emergency telephones located throughout campus. To report a crime anonymously, call "Crimestoppers” at 262-4555. For more detailed information about the Police Department, Crime Statistics, Programs and Services, check out our Web page at www.police.appstate.edu.

Food Services
Ron Dubberly, Director
www.foodservices.appstate.edu
Appalachian owns and operates its own food services in various campus facilities. The University Cafeteria, Chick-Fil-A, and the Food Court are located in Welborn Hall; McAlister’s Deli and the Cascades Café are located in the Plemons Student Union; Park Place Café, the Pizzeria, TCBY, and The Market are located in Trivette Hall; The Juice Bar is located in the Student Recreation Center; The Market-Bookstore is located in the University Bookstore; The Market-Panhellenic is located in the Appalachian Panhellenic Residence Hall; and The Jackson Dining Room is located in The Broyhill Inn and Conference Center. All resident students are required to select a meal option each semester as a part of the room and board contract. Publicized options represent minimum requirement levels. Since food services pricing is a-la-carte, the level of participation by a student will determine the selection of the most appropriate option. Any balance in the meal option from Fall semester carries over to Spring semester. Any balance remaining at the end of Spring semester does NOT carry over into another semester. The meal account is non-refundable. The only refund granted is when the student goes through the official withdrawal process from the University and the money refunded will be from the current semester only. Money from the prior semester will not be refunded. The pre-paid meal option is managed by the student through the computerized AppCard system.

Food Services offers a wide variety of choices in our catering department including banquets, picnics, cookouts, birthday cakes, and party supplies. Call the catering assistant at (828) 262-8011, or (828) 262-6143 to place your order.

Visit our web site at www.foodservices.appstate.edu (click on “Catering”) for a complete listing.
AppCard Office

Electronically encoded AppCards are issued from the AppCard Office in the lower level of Trivette Hall to all students upon their arrival on campus. The cards provide access to campus events and fee-supported services including the use of the library, admittance to intercollegiate athletic events, use of the infirmary, the physical education facilities, Quinn Recreation Center, Mt. Mitchell Fitness Center, Student Recreation Center, and door access to residence halls.

In addition to the official identification function of the card, it also manages two separate debit accounts - the Meal Account and the Appalachian Express Account.

The Express Account is optional and provides for the use of the card to pay for services in Food Services, the Juice Bar, the University Bookstore, Crossroads Coffee Shops, the Infirmary, the Athletic Ticket Office, Student Programs, Student Accounts, Belk Library and Information Commons, Printers in Computer Labs, Copiers (selected copiers in Belk Library), Vending, Laundry (selected washers and dryers), The Market-Trivette Hall, The Market-Bookstore, The Market-Panhellenic Hall, and Broyhill Inn’s Jackson Dining Room. Official withdrawal at any time from the University will entitle the student to a refund of unspent funds on her or his Express Account. All residence hall students are also required to have a Meal Account.

Appalachian Express balances in excess of $50.00 can be refunded, once per year, to students who so request it by the last working day before commencement in May. Refunds will be issued from the Student Accounts Office.

University Bookstore

Michael G. Coston, Director

The University Bookstore, conveniently located on-campus, offers a complete line of student supplies and services including the administration of an undergraduate textbook rental plan. As part of the Bookstore, the Scholars Bookshop provides a wide selection of general reading materials and required supplemental and graduate textbooks. The Computer Shop offers educational prices on computer hardware and software. Also available is a large selection of Appalachian Wear clothing and ASU gift items. Profits generated by these operations help provide scholarships for qualified students. The University Bookstore accepts the Appalachian Express Account as well as Master Card and Visa.

Rental of Textbooks

Undergraduate student fees include textbook rental, entitling students to receive the main textbook used in most courses for which they register. There are certain circumstances eg., summer school, selected topics courses, classes requiring outside readings, and certain special class and student circumstances for which the book rental program is not obligated to provide all the material. Notebooks, workbooks, manuals, supplemental books, and the like are not included. These and other additional materials will be purchased by the student.

At the end of each semester, rental textbooks must be returned or students are charged replacement costs. A student who desires to buy the rental textbooks may purchase them at a reduced price.

Graduate students and students in extension and distance learning classes are required to purchase their course materials, including textbooks. Also, please note that all undergraduate and graduate students purchase textbooks for summer school.

Students receive the benefit of the rental program for a specific fee without regard to the number of courses taken or the books used in a particular term. The financial benefits realized by the students under the rental system are considered to be averaged over a four-year period. Visit our website for more information at www.bookstore.appstate.edu.

George M. Holmes Convocation Center and Seby B. Jones Arena

Jason C. Parker, Director

The purpose of the George M. Holmes Convocation Center is to provide facilities for the Department of Health, Leisure and Exercise Science as well as Appalachian’s basketball and volleyball offices and to support the academic processes of Appalachian State University.

Serving as a multi-purpose arena for the northwestern region of North Carolina, the Center will support University-sponsored events, such as commencement and College Fair. Cultural events, concerts, trade shows, athletic events and other public assembly activities will also be a part of the Center’s programming.

Since several departments will share the facility, all efforts will be made to accommodate the activities of each department. Because the schedule for the Center will be constantly changing, every effort will be made to keep all concerned updated. University sponsored events such as commencement, convocation, and student recruiting events will have priority over all other events. Please contact the Center’s Director for reservations.
Student Financial Aid

Appalachian State University recognizes that some students do not have the financial resources to meet their educational expenses. Through student financial aid programs, Appalachian makes every effort to assist students in financing their education. With the exception of certain Appalachian academic scholarships, all students interested in receiving financial assistance must complete the Free Application for Federal Student Aid (FAFSA) on the Web or Renewal Free Application for Federal Student Aid on the Web. The student and at least one parent of a dependent student must have a U.S. Department of Education PIN to complete the FAFSA. Obtain these PINs at www.pin.ed.gov. Complete the FASFA at www.fafsa.ed.gov.

In order to receive priority consideration for certain state grants, North Carolina residents should complete the FAFSA as soon after January 1 as possible and before Appalachian’s priority deadline of February 15 for the upcoming year. All other students should complete the FAFSA by the March 15 priority filing deadline. The FAFSA may be completed after these priority deadlines, but the student will not receive priority consideration for need-based grants.

Students must reapply for financial aid each year. Financial aid funding does not transfer from one institution to another. It is the student’s responsibility to inquire about Appalachian’s financial aid application procedures for the academic year or for summer school.

Appalachian State University offers grants, loans and work opportunities for which a student will be considered once the FAFSA data have been received. Several of these programs are briefly described on the following pages. Further information may be obtained from the Office of Student Financial Aid, which is located on the second floor of John E. Thomas Hall.

Financial aid recipients should refer to the index for “Refund Policy” for information concerning the return of funds due to withdrawal from the university.

If you have questions concerning the financial aid process, please contact the Office of Student Financial Aid by phone at (828) 262-2190. The office is open Monday through Friday, 8:00 a.m. to 5:00 p.m., excluding University observed holidays.

Information for Veterans, Dependents of Disabled or Deceased Veterans, and/or Members of National Guard/Reserves

The University is approved for training veterans and dependents of deceased or disabled veterans under the following programs administered by the Department of Veterans Affairs:

- Montgomery GI Bill-Active Duty Educational Assistance (Chapter 30)
- Montgomery GI Bill-Selective Reserve Educational Assistance Program (Chapter 1606)
- Reserve Educational Assistance Program (REAP/Chapter 1607)
- Post-Vietnam Era Veterans’ Educational Assistance Program (Chapter 32)
- Survivors’ and Dependents’ Educational Assistance Program (Chapter 35)
- Restored Entitlement Program for Survivors (REPS) Vocational Rehabilitation (Chapter 31)

Persons eligible to receive these benefits must process an application and enrollment data sheet with the Veterans Affairs Coordinator, Office of Student Financial Aid.

Children of disabled or deceased veterans, who are North Carolina residents, may be eligible for a scholarship from the North Carolina Division of Veterans Affairs, Raleigh, North Carolina that pays tuition, some fees, and an allowance for room, and meals. Applications may be obtained from a veteran’s service officer located in the prospective student’s hometown or county.

Members of the North Carolina National Guard and Selected Reserves may be eligible for tuition assistance. National Guard Members should contact his or her unit to obtain an application for state tuition assistance. Members filing for federal tuition assistance must apply online at www.virtualarmory.com.

Additional information regarding VA related benefits may be obtained by contacting the Office of Student Financial Aid, Appalachian State University, Boone, North Carolina 28608, (828) 262-2583 or by visiting www.financialaid.appstate.edu and clicking on the Veterans/Military Education link.

Student Employment Programs

Student employment programs are maintained to help students pay educational expenses while attending classes. Students participating in the programs are employed in administrative offices, in colleges and academic departments, and in service facilities such as the bookstore, the library, the food service areas, University Recreation, and the Student Union.

The on-campus student employment programs consist of the Student Temporary work program and the Federal Work-Study Program.
On and off-campus job information is provided by the Student Employment Office located in the Career Development Center in John E. Thomas Hall. The function of this office is to provide referral information for on and off-campus jobs for enrolled students. In addition, Student Employment is responsible for placing Federal Work-Study students.

You may access our online job board at www.studentemployment.appstate.edu. Choose Student Employment to find links to some of our larger campus employers, or choose the Job Board to search for on and off-campus jobs by category.

Generally, students may work up to 15-20 hours per week in University-operated work programs. Work schedules will be arranged by the student and work supervisor with the understanding that class schedules have first priority.

Student Loan Programs
Eligible students must be enrolled at least half-time six credit (not audit or hours classified as "permit") hours to receive a federal loan. Detailed information concerning student and parent loan programs will be included with the financial aid award letter. General information is available in The Student Guide (published by the Department of Education), which may be obtained from a high school guidance counselor, any post-secondary institution or by accessing the Office of Student Financial Aid Web Site. Loans available to Appalachian students include:

- Federal Perkins Loan (based on financial need)
- Federal Subsidized Stafford Loan (based on financial need)
- Federal Unsubsidized Stafford Loan (not based on financial need)
- Federal Parent Loan for Undergraduate Students (PLUS) (not based on financial need)

Grants-In-Aid and Special Talent Awards
In recognition of students with special talents, the University provides grants in fields of activity such as dramatics, art, forensics, industrial arts, music, and athletics. In addition, many departments have their own scholarship funds for which students should inquire by writing to the departmental chair. Athletes should write to the coach of a specific sport.

Federal Pell Grant
All undergraduate students who have not received their first baccalaureate degree are applying for a Federal Pell Grant when they complete the FAFSA. In order to qualify for a Pell Grant, students must have exceptional financial need as determined by Federal Methodology and be enrolled for at least three credit (not audit or hours classified as "permit") hours. Amounts awarded are determined by the federal government.

Federal Supplemental Educational Opportunity Grant (FSEOG)
This grant is awarded to those students with "exceptional" need. Students must be an undergraduate working toward a first baccalaureate degree and enrolled on at least a half-time basis (not audit hours or hours classified as "permit") each term. Funding for this grant is limited and awarding is subject to funds availability. Complete the FAFSA to apply for the FSEOG.

Academic Competitiveness Grant (ACG)
The ACG is available to first or second year full-time students who are U.S. citizens, eligible for a Federal Pell Grant, and who have successfully completed a rigorous high school program, as determined by the state or local education agency and recognized by the Secretary of Education. A first-year ACG is awarded to students who meet all eligibility criteria and who graduated high school after January 1, 2005 and have between 0-24 earned hours of college credit. A second-year ACG is awarded to students who meet all eligibility criteria and who graduated from high school after January 1, 2006, have between 25-48 earned hours of college credit and have at least a 3.0 GPA at the end of their first year. The FAFSA contains several questions to determine if a student may be eligible for an ACG.

The National Science & Mathematics Access to Retain Talent Grant (National SMART Grant)
The National SMART Grant is available to third or fourth year full-time students who are U.S. citizens, eligible for a Federal Pell Grant, who are majoring in physical, life, or computer sciences, mathematics, technology, or engineering or in a foreign language determined critical to national security, and who maintain a cumulative 3.0 GPA in the coursework required for the major.

UNC Campus Scholarship (Undergraduate)
The UNC Campus Scholarship is a grant for North Carolina minority students with demonstrated financial need on the Free Application for Federal Student Aid. These grants are awarded to African Americans, Native Americans, Hispanics, Asians and other minority North Carolina residents.

North Carolina Student Incentive Grant (NCSIG)
College Foundation of North Carolina administers this grant and makes awards based on the following: the student must be a North
Student Financial Aid

Carolina resident; an undergraduate working toward a first baccalaureate degree; enroll for full-time credit (not audit or hours classified as "permit") hours each term and have substantial financial need. The FAFSA must be submitted earlier than the February 15 priority deadline in order for a student to have priority consideration for this grant.

UNC Need-Based Grant (UNCIG)
College Foundation of North Carolina administers this grant and makes awards based on the following: the student must be a North Carolina resident; an undergraduate working toward a first baccalaureate degree; be enrolled for at least half-time six credit (not audit or hours classified as "permit") hours each term and have substantial financial need. The FAFSA must be submitted earlier than the February 15 priority deadline in order for a student to have priority consideration for this grant.

North Carolina Need-Based Grant (NCNB)
In order to be considered for this grant, a student must be a resident of North Carolina and have exceptional need. This grant may be awarded to undergraduate and graduate students who meet the above requirements and enroll for at least 12 credit (not audit or hours classified as "permit") hours for an undergraduate and at least 9 credit (not audit) hours for a graduate student. Complete the FAFSA to apply for the NCNB grant.

North Carolina Education Lottery Scholarship
College Foundation of North Carolina administers this grant and makes awards based on the following: the student must be a North Carolina resident; an undergraduate working toward a first baccalaureate degree; be enrolled for at least half-time six credit (not audit or hours classified as "permit") hours each term, must meet all federal student eligibility criteria, and have financial need according to the State Education Assistance Authority (SEAA) regulations and State Statute. The FAFSA must be submitted earlier than the February 15 priority deadline for student to have priority consideration.

Scholarships
The Office of Admissions acts as a clearinghouse for merit-based scholarships for incoming students. Currently enrolled students should contact their department or college of study, or the financial aid office, for information about scholarships available to them. Graduate students should contact the Graduate School to inquire about scholarship opportunities.

Scholarship applications for freshmen and transfer students are available online and from the Office of Admissions. Traditionally, the deadline for these scholarships is in December, so incoming students are encouraged to obtain scholarship information early in the fall prior to their enrollment. Applicants for all of these scholarships are expected to provide evidence of superior academic performance; other requirements vary. Applicants should consult the scholarship website at www.admissions.appstate.edu/scholarships/ for more information on specific requirements. In addition, some of the major scholarships are briefly described on the following pages.

Questions about these scholarships should be directed to the scholarship coordinator in the specific college or to the Scholarship Section, Office of Admissions, Appalachian State University, ASU Box 32004, Boone, North Carolina 28608-2004, (828) 262-2120.

Chancellor’s Scholarships
(Awarded only to incoming freshmen) The University annually offers a small number of Chancellor’s scholarships to excellent students in all majors. Scholarships are renewable for up to three years provided a 3.4 grade-point average is maintained. Scholarships are awarded on the basis of high school achievement, learning aptitude, and a commitment to the active and involved learning promoted in the Heltzer Honors Program. Application is by the standard University scholarship application form, which requires an essay; finalists are interviewed. During their first two years, Chancellor’s Scholars are required to take at least one honors course each semester. Thereafter, they are encouraged to continue to pursue graduation with honors. They have first priority in assignment to East Hall, the Heltzer Honors residence hall. For further information, contact the Coordinator, Heltzer Honors Program.

College of Arts and Sciences
College Scholars Program (Available to incoming freshmen and incoming transfer students.) The College of Arts and Sciences offers scholarships (currently, approximately $1,100) to students who plan to major in one of the departments in the College of Arts and Sciences. Students must provide evidence of scholastic aptitude, maturity, and quality of character which project a high probability of academic excellence.

Scholarships are typically renewable for three years provided the students maintain a 3.25 grade-point average and funds are available. For further information, contact the Dean’s Office, College of Arts and Sciences, Appalachian State University, ASU Box 32021, Boone, NC 28608-2021.

In addition to the freshmen awards, merit scholarships are available for upper-classmen and specific scholarships for various majors within the college are awarded annually.
North Carolina Sheriffs’ Association Undergraduate Criminal Justice Scholarship

A Criminal Justice scholarship will be awarded annually to a North Carolina resident undergraduate who is majoring in criminal justice. Recipients are chosen by the criminal justice faculty from a list provided by the financial aid office on the basis of academic standing and financial need. First preference is given to a son or daughter of any law enforcement officer killed in the line of duty. Second preference is given to a son or daughter of any sheriff or deputy sheriff who is deceased, retired (regular or disability) or is currently active in North Carolina law enforcement. Third preference is given to any criminal justice student meeting the academic and financial need criteria. Awards are nonrenewable and stipend may vary annually.

Walker College of Business

The Walker College of Business offers several scholarships to entering freshmen business students. For all renewable business scholarships with a value of $1,000 per year or greater, a student must maintain a 3.25 grade-point average to retain the scholarship. In addition to the freshmen awards, other annual scholarships are available to upperclassmen.

The Walker College of Business scholarship committee considers factors such as the SAT score, high school grade-point average, class rank, extracurricular activities, interest in a business career and evidence of leadership and maturity in making its selection for each of the freshmen scholarships. Freshmen finalists will be invited to campus for an interview.

Information about these scholarships may be obtained from the Walker College of Business scholarship coordinator.

Reich College of Education

The Reich College of Education offers a limited number of freshman scholarships of $2,000 to students who plan to major in a teacher education area. Scholarship applicants must provide evidence of scholastic merit, commitment to teaching, potential to be an effective teacher and demonstrated leadership. Recipients are selected by the Reich College Scholarship Committee. Scholarships are renewable for three consecutive years provided a 3.25 grade point average is maintained and a major in a field of education is continued.

In addition to the freshmen awards, scholarships are available for juniors and seniors. Applicants must be full-time students enrolled in a degree program leading to a teacher’s license for B-12 schools. A cumulative GPA of 3.25 is required. Recipients must be fully admitted to teacher education.

For further information, contact the Dean’s Office, Reich College of Education, Appalachian State University, ASU Box 32038, Boone, NC 28608-2038, (828) 262-6107.

College of Fine and Applied Arts

The College of Fine and Applied Arts offers scholarships of $1,000 to incoming freshmen and transfer students majoring in one of the departments in the College of Fine and Applied Arts. The departments are: Art; Communication; Family and Consumer Sciences; Health, Leisure and Exercise Science; Military Science and Leadership; Nursing; Technology; and Theatre and Dance. Recipients must be admissible as entering freshmen or transfers and have a minimum high school grade-point average of 3.25; or be in the upper 25 percent of their graduating class, and have a minimum combined SAT score of 1100; or be able to show exceptional performing talent in the disciplines of art, communication, or theatre. Continued eligibility requires the student to maintain a grade-point average of 3.0 and continue to meet defined departmental expectations. The selection committee considers maturity, scholastic and/or creative aptitude, and quality of character which projects a high probability of success in the academic discipline. For further information, contact: Office of Admissions, Scholarship Section, Appalachian State University, ASU Box 32060, Boone, North Carolina 28608-2060.

Hayes School of Music

The Hayes School of Music offers opportunities for financial aid to music majors. Scholarship contracts are awarded in the spring prior to the academic year in which the scholarship is in effect. Unless stated otherwise, awards are renewable through the eighth semester (including the semester of the student teaching experience) contingent upon the availability of funds. All scholarships may require recipients to participate in two ensembles on their major instruments or voice. A 2.75 GPA must be maintained to renew any scholarship. Applications for awards should be returned to the Hayes School of Music office before March 1 for consideration of the following academic year. For further information, contact Dr. Jay Jackson, Coordinator of Scholarships and Recruiting, Hayes School of Music, Appalachian State University, ASU Box 32096, Boone, North Carolina 28608-2096.
Expenses

Tuition and fees are charged by the semester and are due and payable in advance at the beginning of each semester in accordance with payment instructions issued prior to each semester.

The fees payable each semester, as anticipated at the time of publication of this catalog, are listed below. With the approval of its governing bodies, the University reserves the right to make changes in these fees when circumstances require.

Semester Tuition and Fees (Estimated Rates 2007-2008)
Charges include tuition and fees applied to student welfare and activities, registration, other included fees and, for undergraduate students only, textbook rental.

Semester Subsistence Charges
The basic subsistence charge for students residing on-campus, as shown, includes room (with telephone) and standard meal option. All students are offered an optional meal plan. All students are offered an optional meal plan. Upperclass students may choose from one of the three meal options available. Off campus students may open a meal account or an express account.

   Basic subsistence charge $2,595.00 (2007-2008)

The application for admission must be accompanied by an application fee of $50.00 which is not deductible nor refundable.

A non-refundable advance payment of $100.00 to be applied against the student’s tuition and fees must be remitted by each applicant for fall admission by May 1 following the mailing by the University of the notice of acceptance. Failure to remit within this prescribed period will constitute withdrawal of application. A non-refundable housing pre-payment of $100.00 for students entering Appalachian as freshmen must accompany the advance payment of tuition and fees. The non-refundable housing pre-payment is applied to housing charges at the opening of the first semester of residence. Returning students accepting a room assignment are required to pay a $250.00 non-refundable housing prepayment on the date of acceptance.

Students enrolling in an off-campus course conducted by the Office of Extension and Distance Education pay tuition amounts which are set annually by the UNC Board of Governors and are comparable to residential tuition rates. For information regarding specific courses or locations, please call (828) 262-3113.

Tuition Waiver for Senior Citizens
By North Carolina statute “State-supported institutions of higher education, community colleges, industrial education centers and technical institutes, shall permit legal residents of North Carolina who have attained the age of sixty-five (65) to attend classes for credit or non-credit purposes without the required payment of tuition; provided, however, that such persons meet admission and other standards deemed appropriate by the educational institution, and provided that such persons shall be accepted by the constituent institutions of the University of North Carolina only on a spaces-available basis.” Under this statute, “tuition shall mean the amount charged for registering for a credit hour of instruction and shall not be construed to mean any other fees or charges or costs of textbooks.” An application for this waiver must be made each academic term—students are asked to contact the Office of Undergraduate Admissions, located in John E. Thomas Hall, (828) 262-2120.
Expenses

Miscellaneous Service Charges

- Applied Music–Private Lessons (Summer Term) $200.00
- Credit by examination fee 50.00
- Credit for prior learning fee 100.00
- Diploma mailing fee 15.00
- Summer Preview Program 120.00
- Late orientation test (each) 5.00
- Late payment of tuition and fees 40.00
- Orientation fee 55.00 (plus meals, accommodations, and Summer Reading Program materials)
- Payment Plan Enrollment Fee (per semester) 25.00
- Returned check charge (each check) 25.00
- Transcript fee 5.00

Examinations
The Office of Testing Services administers the PRAXIS education exams, the Miller Analogies Test, the Graduate Record Exam, the Graduate Management Admission Test, the Law School Admission Test, the Medical College Admission Test, the Pharmacy College Admission Test, the Test of English as a Foreign Language, the National Counselor Exam, and other national examinations—charging fees, when applicable, in accordance with the schedule of fees maintained in the Testing Center (828) 262-6801.

Special Note Regarding Unpaid Accounts
Before taking final examinations at the close of each semester, a student is expected to settle all accounts. A student may not register for a new semester until all charges have been settled and until all textbooks are returned to the University Bookstore. A student cannot receive a degree, certificate, license, or transcript of credits if any account or loan is delinquent.

Tuition Surcharge
Undergraduate students who initially enrolled at Appalachian in Fall, 1994 and thereafter, must comply with North Carolina Senate Bill 27 (1993 Session Law). This legislation requires a tuition surcharge of twenty-five percent (25%) on: 1) all credit hours in excess of one hundred and forty (140) when taken as part of the student’s first baccalaureate degree; and 2) all credit hours in excess of one hundred and ten percent (110%) of the number required for a second or subsequent baccalaureate degree.

Included in the calculation of credit hours will be 1) all course work attempted at Appalachian (i.e., courses earned, courses failed, courses repeated, and courses dropped after the UNC system “census” date published in the academic calendar), and 2) all course work transferred to Appalachian from other collegiate institutions. Excluded from the calculation will be credit by examination, advanced placement credit, military credit, and credit earned through an extension program or during the summer at any member institution of the University of North Carolina. (Note: Every baccalaureate degree at Appalachian requires a minimum of one hundred and twenty-two credit hours; Appalachian does not offer a baccalaureate degree that requires more than one hundred and twenty-eight credit hours.) Students are encouraged to average a minimum of 15 credit hours per semester and to take advantage of advising and support services to ensure continuous progress towards graduation.

Refund Policy
The term “refund” should be understood to mean either a) the repayment of money received by the University for tuition and fees, or b) a reduction of charges if tuition and fees have not yet been paid.

Withdrawal from the University
If a student withdraws from the University (i.e., discontinues all classes and formally notifies the Registrar’s Office), a refund will be made according to the refund table found in the “Refund Policy” link in the Schedule of Classes on the Registrar’s web site. Go to www.registrar.appstate.edu.

The refund calculation will be based upon the date of official withdrawal from the University. (Students who wish to withdraw should immediately notify the Registrar’s Office, located in John E. Thomas Hall.)

The only refund granted is when the student goes through the official withdrawal process from the University, and the meal account money refunded will be from the current semester only.

Students who have prepaid tuition and fees will be due a full refund if they are academically ineligible to enroll. Students who do not enroll for reasons other than academic ineligibility will be due a refund LESS any advance payments made for tuition, fees and
housing. Students who are suspended or expelled for disciplinary reasons will be given a refund based on the University's normal refund schedule.

**Reduction in Class Schedule**
If students reduce their class schedules (drop courses) during the first five days of classes (during the “Drop-Add” period), one hundred percent of the difference in tuition and fees between the original and revised schedules, will be automatically credited to their accounts and available for refund.

Students who reduce their class schedules (drop courses) after the first five days of classes will not be eligible for a refund.

**Financial Aid Recipients (Return of Funds Due to Withdrawal from the University)**
Please note that reducing your class schedule or withdrawing from the University can affect your status as a financial aid recipient. Questions about the effect of either schedule reduction or withdrawal from the University should be directed to the Office of Student Financial Aid.

If a recipient of financial aid withdraws from the University and is deemed eligible for a refund, that refund does not go directly to the student, but is repaid to financial aid programs according to federal regulations and University policy.

A student officially withdraws when she/he contacts the Registrar’s Office when she/he stops attending or plans to stop attending all classes.

The *Policy for the Return of Financial Aid Funds for Students Who Withdraw from the University* applies to official and unofficial withdrawals.

If a student withdraws on or before the 60% point of the term, a percentage of the financial aid will be calculated as earned and a percentage will be calculated as unearned on a pro-rata basis. Once the student has been enrolled for 60% of the term, the student is considered to have earned all of his/her financial aid.

Example: The student enrolls in a semester that has 113 days in the term, and withdraws on the 18th day of the term, earned and unearned financial aid would be calculated as: 18 days divided by 113 days = 15.9% of your financial aid has been earned and 84.1% is unearned.

The unearned amount must be returned to the federal financial aid programs in this order:

- Unsubsidized Federal Stafford Loan
- Subsidized Federal Stafford Loan
- Federal Perkins Loan
- Federal PLUS Loan for Graduate Students
- Federal PLUS Loan
- Federal PELL Grant
- Federal Academic Competitiveness Grant
- Federal SMART Grant
- Federal Supplemental Educational Opportunity Grant (FSEOG)

The same policy applies to state, institutional, and other types of aid and will be returned in this order:

- North Carolina Need-Based Grant (NCNB)
- Campus-based Tuition Offset
- Other Institutional Grants, Waivers, and Scholarships
- North Carolina Education Lottery Scholarship
- North Carolina Student Incentive Grant (NCSIG)
- Other State Aid
- Outside Scholarships
- Other Sources

The University will return to the appropriate financial aid program the lesser of the total amount of unearned aid or the institutional charges of tuition, fees, room, and board. The student is responsible for returning any remaining amount to the appropriate programs.

If the student is required to return funds from the loan programs, those funds will be repaid according to the normal repayment terms of the loan program. If the student is required to return funds to the federal grant programs, the student will be required to return only 50% of the federal grant amount that they originally received. If the student is required to return funds from the state, institution, or other sources, the student must return the entire unearned percentage.

If the calculations result in a balance due from the student, a bill will be sent to the permanent home address and will be due upon
residence.

If the student is a Federal Stafford Loan borrower, the student is required to complete Exit Counseling at the time of the withdrawal. The student must complete the Federal Stafford Loan On-Line Exit Counseling at www.financialaid.appstate.edu. The Federal Stafford Loan lender will be notified that the student is no longer enrolled, and the loan repayment process will begin. It is important for the student to understand their rights and responsibilities, and completion of the required exit counseling will prepare the student for repaying the loan(s).

If the student is a Federal Perkins Loan borrower, they must contact the Office of Student Accounts at (828) 262-2113 to schedule a Perkins Loan Exit Counseling session.

Residence Status for Tuition Purposes

The basis for determining the appropriate tuition charge rests upon whether a student is a resident or a nonresident for tuition purposes. Each student must make a statement as to the length of his or her residence in North Carolina, with assessment by the institution of that statement to be conditioned by the following.

Residence. To qualify as a resident for tuition purposes, a person must become a legal resident and remain a legal resident for at least twelve months immediately prior to classification. Thus, there is a distinction between legal residence and residence for tuition purposes. Furthermore, twelve months legal residence means more than simple abode in North Carolina. In particular it means maintaining a domicile (permanent home of indefinite duration) as opposed to "maintaining a mere temporary residence or abode incident to enrollment in an institution of higher education." The burden of establishing facts which justify classification of a student as a resident entitled to in-state tuition rates is on the applicant for such classification, who must show his or her entitlement by the preponderance (the greater part) of the residenciary information.

Initiative. Being classified a resident for tuition purposes is contingent on the student's seeking such status and providing all information that the institution may require in making the determination.

Parents’ domicile. If an individual, irrespective of age, has living parent(s) or court-appointed guardian of the person, the domicile of such parent(s) or guardian is, prima facie, the domicile of the individual; but this prima facie evidence of the individual’s domicile may or may not be sustained by other information. Further, nondomiciliary status of parents is not deemed prima facie evidence of the applicant child's status if the applicant has lived (though not necessarily legally resided) in North Carolina for the five years preceding enrollment or re-registration.

Effect of marriage. Marriage alone does not prevent a person from becoming or continuing to be a resident for tuition purposes, nor does marriage in any circumstance insure that a person will become or continue to be a resident for tuition purposes. Marriage and the legal residence of one’s spouse are, however, relevant information in determining residenciary intent. Furthermore, if both a husband and his wife are legal residents of North Carolina and if one of them has been a legal resident longer than the other, then the longer duration may be claimed by either spouse in meeting the twelve-month requirement for in-state tuition status.

Military personnel. A North Carolinian who serves outside the State in the armed forces does not lose North Carolina domicile simply by reason of such service. And students from the military may prove retention or establishment of residence by reference, as in other cases, to residenciary acts accompanied by residenciary intent.

In addition, a separate North Carolina statute affords tuition rate benefits to certain military personnel and their dependents even though not qualifying for the in-state tuition rate by reason of twelve months legal residence in North Carolina. Members of the armed services, while stationed in and concurrently living in North Carolina, may be charged a tuition rate lower than the out-of-state tuition rate to the extent that the total of entitlements for applicable tuition costs available from the federal government, plus certain amounts based under a statutory formula upon the in-state tuition rate, is a sum less than the out-of-state tuition rate for the pertinent enrollment. A dependent relative of a service member stationed in North Carolina is eligible to be charged the in-state tuition rate while the dependent relative is living in North Carolina with the service member and if the dependent relative has met any requirement of the Selective Service System applicable to the dependent relative. These tuition benefits may be enjoyed only if the applicable requirements for admission have been met; these benefits alone do not provide the basis for receiving those derivative benefits under the provisions of the residence classification statute reviewed elsewhere in this summary.

Grace period. If a person (1) has been a bona fide legal resident of the required duration, (2) has consequently been classified a resident for tuition purposes, and (3) has subsequently lost North Carolina legal residence while enrolled at a public institution of higher education, that person may continue to enjoy the in-state tuition rate for a grace period of twelve months measured from the date on which North Carolina legal residence was lost. If the twelve months ends during an academic term for which the person is enrolled at a State institution of higher education, the grace period extends, in addition, to the end of that term. The fact of marriage to one who continues domiciled outside North Carolina does not by itself cause loss of legal residence marking the beginning of the grace period.
Minors. Minors (persons under 18 years of age) usually have the domicile of their parents, but certain special cases are recognized by the residence classification statute in determining residence for tuition purposes.

(a) If a minor’s parents live apart, the minor’s domicile is deemed to be that of the parent with whom he or she resides in by the residence classification statute in determining residence for tuition purposes.

(b) If a minor has lived for five or more consecutive years with relatives (other than parents) who are domiciled in North Carolina and if the relatives have functioned during this time as if they were personal guardians, the minor will be deemed a resident for tuition purposes.

Lost but regained domicile. If a student ceases enrollment at an institution of higher education and then reacquires domicile in North Carolina prior to the academic term following enrollment, the student will be deemed a legal resident of North Carolina of at least twelve months duration. This provision acts to confer in-state tuition status even in the face of other provisions of law to the contrary; however, a person deemed a resident of twelve months duration pursuant to this provision continues to be a legal resident of the State only so long as he or she does not abandon North Carolina domicile.

Change of status. A student admitted to initial enrollment in an institution (or permitted to re-enroll following an absence from the institutional program which involved a formal withdrawal from enrollment) must be classified by the admitting institution either as a resident or as a nonresident for tuition purposes prior to actual enrollment. A residence status classification once assigned (and finalized pursuant to any appeal properly taken) may be changed thereafter (with corresponding change in billing rates) only at intervals corresponding with the established primary divisions of the academic year.

Transfer students. When a student transfers from one North Carolina public institution of higher education to another, he or she is treated as a new student by the institution to which he or she is transferring and must be assigned an initial residence status classification for tuition purposes.

University regulations concerning the classification of students by residence, for purposes of applicable tuition differentials, are set forth in detail in the Manual to Assist The Public Higher Education Institutions of North Carolina in the Matter of Student Residence Classification for Tuition Purposes. Each enrolled student is responsible for knowing the contents of this manual, which is the controlling administrative statement of policy on the subject. The “Manual” is available for review in the office of the University Residency Officer, located in John Thomas Hall. It is also available on the web at www.appstate.edu (click on “Students,” then “Office of the Registrar,” then “Residency for Tuition Purposes”). This site contains the “Manual” and appropriate application forms. Questions should be directed to the University Residency Officer at (828) 262-7712.

North Carolina public school teachers. The statute allows an individual who is under contract as a fulltime classroom teacher within the North Carolina public school system (i.e., grades K-12), and who has established domicile in North Carolina, to receive the in-state tuition benefit without meeting the normal twelve month durational period. This exception, however, is conditioned by the following: 1) The individual must have established domicile in North Carolina PRIOR to the academic term for which the benefit is requested; 2) he or she must be under contract as either a fulltime classroom teacher or an educational employee who is paid on the North Carolina “certified teacher salary schedule”; and 3) the courses taken must be limited to either those needed to fulfill the teacher licensure requirements mandated by North Carolina’s State Department of Public Instruction, or those relevant to professional development as a K-12 classroom teacher. Note, however, that once the individual has been domiciled in North Carolina for twelve months, the limitations indicated above no longer apply.

Employees of the University of North Carolina system. The statute allows individuals who are full-time employees (faculty or staff) of the University of North Carolina System to receive the in-state tuition benefit without meeting the twelve-month durational requirement. To be eligible, however, the employee must have established domicile within North Carolina, and must have done so prior to the academic term for which the benefit is claimed. This benefit is also granted to the employee’s spouse and dependent children. Note, however, that if the benefit is claimed for the spouse or for dependent children, they must also have established domicile in North Carolina PRIOR to the academic term for which the benefit is claimed.
Enrollment Services

Harry L. Williams, Associate Vice Chancellor for Enrollment Services

The Division of Enrollment Services is responsible for coordinating the recruitment and retention activities of undergraduate students. It is committed to meeting the varied needs of students through an intensely personalized process which identifies and supports their academic interests and needs. It interacts with nearly every agency on campus and within the broader University community and is particularly responsive to supporting the instructional mission of the University. The Division of Enrollment Services includes the Office of Admissions, the Registrar’s Office, and the General Studies program.

The Office of Admissions
Paul Hiatt, Director

The Office of Admissions coordinates the recruitment and selection of undergraduate students. It is committed to maintaining and improving the current quality of new students and to sustaining the desired number of entering students each year. The office provides information that will help make prospective students and their support groups aware of Appalachian and its offerings.

Admissions

Appalachian seeks to admit students who are capable of mature, college-level work. As a state-supported institution, the University recognizes its obligation to provide educational opportunities to those who will benefit from them. Consideration of classroom space places a restriction on the number of students who can be admitted to the University. For this reason, students are requested to apply as soon as possible after September 1 of the year preceding enrollment.

Appalachian admits students at the beginning of the fall, spring and summer terms. Any person who wishes to enter the University as either an undergraduate or non-degree student should contact the Office of Admissions, Appalachian State University, ASU Box 32004, Boone, NC 28608-2004, for full information and application procedures. A $50.00 application fee must be submitted with every application. This fee is neither deductible from the first semester’s fees nor is it refundable. The application and $50.00 application fee may be received electronically via our web site, www.admissions.appstate.edu.

Freshman Students

Applicants will be considered for admission to the freshman class upon meeting the requirements specified below. Those students who have demonstrated the greatest probability of success will be given priority in the selection of the freshman class. Admission is competitive. Requirements are as follows:

1. Graduation from an accredited/approved secondary school (If the applicant has not graduated, an equivalency certificate is required.)
2. Presentation of a competitive combination of secondary school grades, class rank and Scholastic Assessment Test (SAT) or American College Testing Program (ACT) score as evidenced on an official high school transcript and test score document(s) (Scores from non-standard SAT administration for appropriately identified disabled students are also accepted. Neither high school grade-point average, class rank, nor test score has an absolute minimum—it is the combination of factors that is pertinent. Appalachian requires students taking the SAT or ACT to complete the writing portion of the exam.)
3. Presentation of appropriate high school coursework as specified in the minimum course requirements of the University of North Carolina (see below)
4. Presentation of a properly completed, up-to-date application for undergraduate admission
5. Presentation of a satisfactory health record—submitted after academic approval
6. Presentation of college transcript(s) if any college work has been attempted

Minimum Course Requirements at the 16 Institutions of the University of North Carolina

For applicants less than 24 years of age, the following high school courses will be required for admission, in addition to an institution’s own specific requirements:

In Language, six course units including:
   — four units in English emphasizing grammar, composition, and literature; and
   — two units of a language other than English (for high school graduates of 2004 and beyond)

In Mathematics, four course units including Algebra I, Algebra II, and Geometry, and a higher level mathematics course for which Algebra II is a prerequisite. (Effective for high school graduates of 2006 and beyond, a fourth unit of mathematics is required for admission.) Mathematics courses that are approved for the fourth unit minimum requirement include the following: AP Calculus*, AP Statistics*, Pre-Calculus (formerly Advanced Math), Discrete Mathematics, IB Mathematics Level II, Integrated Mathematics IV, and Advanced Functions and Modeling. (*College Board, Advanced Placement Program, and AP are registered trademarks of the College Board Entrance Examination Board.) It is recommended that prospective students take a mathematics course unit in the twelfth grade.
**Enrollment Services**

In **Science**, three course units including:
- at least one unit in a life or biological science (for example, biology);
- at least one unit in a physical science (for example, physical science, chemistry, physics); and
- at least one laboratory course

In **Social Studies**, two course units including one unit in U.S. history, but an applicant who does not have the unit in U.S. history may be admitted on the condition that at least three semester hours in that subject will be passed by the end of the sophomore year.

Applicants who are at least 24 years of age may be exempted from the UNC Minimum Course Requirements.

**TRANSFER STUDENTS**

1. Students seeking to transfer from other accredited collegiate institutions must furnish an official transcript from high school as well as each accredited collegiate institution attended. All college transcripts must indicate a cumulative 2.0 (“C”) average on all transferable work attempted prior to entering Appalachian. (The repeat rule is not used in computing the cumulative grade point average on transfer course work.) Courses satisfactorily completed in other accredited institutions are evaluated in terms of the curriculum selected at Appalachian.

2. Equivalent courses with "D" grades may transfer to satisfy course requirements, but credit hours will not count toward graduation. If an Appalachian department requires a grade of at least "C" in a course, the course cannot be transferred.

3. Transfer applicants must present appropriate high school coursework as specified in the minimum course requirements of the University of North Carolina (listed on the preceding page). Students who do not meet the minimum course requirements during high school (and will be less than 24 years of age at the time of intended entry) must earn an Associate of Arts, or an Associate of Science degree OR complete six semester hours in each of the areas listed below. All courses must be transferable to Appalachian.
   - English
   - Mathematics (business-related math courses do not meet requirement)
   - Natural Science (biology, chemistry, physics, or geology and one must be a laboratory course)
   - Social Science (history, economics, psychology, sociology, political science) and
   - A second language (for high school graduates of 2004 and beyond)

4. Transfer applicants must be immediately eligible to return to the last institution attended.

5. Transfer applicants must present a properly completed, up-to-date application for undergraduate admission.

6. Each transfer applicant must submit a satisfactory health record after academic approval has been received by applicant.

(NOTE: Because of differing admission requirements to particular programs of study, transfer applicants should refer to the admission requirements stipulated by the program of study within the specific college.)

**Articulation Agreement**

The North Carolina Community College (NCCC) system and the University of North Carolina General Administration have established a transfer articulation agreement which enables students who entered one of the North Carolina community colleges after Fall of 1997 to transfer the first two years of credits to senior universities within the UNC system. Students completing the 44 semester hour core curriculum through their (NCCC) community college with a grade of “C” in each course will receive credit for the core curriculum at any of the (UNC) schools. Students completing the Associate of Arts, or Associate of Science degrees at NCCC schools will receive junior status and be considered to have fulfilled the institution-wide, lower level division, or general education requirements at (UNC) senior institutions. To be considered for junior status at one of the UNC institutions, community college transfers must meet the same requirements set for native students in the University with respect to grade-point average, credit hours accumulated, and acceptability of courses with a grade of “D,” etc. Admission to a (UNC) university will not constitute admission to a professional school or a specific program. Requirements for admission to some programs may require additional pre-specialty courses beyond the general transfer core taken at the (NCCC) community college. Students entering such programs may need more than two academic years of course work to complete the baccalaureate degree, depending on requirements of the program. (NOTE: **Students who earn the Associate of Arts, the Associate of Science, or the Associate of Fine Arts degree, or who complete the 44 semester hour core requirements as defined by the UNC/North Carolina Community College Articulation Agreement may be exempted from the UNC Minimum Course Requirements.**)

**Non-Degree Students** *(not applicable to freshmen or transfer candidates)*

Applicants who have a satisfactory record of experience and education may be admitted to courses though they do not plan to pursue a degree. Non-degree students are admitted for one term only (space permitting), and must be re-admitted at the beginning of
Each subsequent term. An individual who has been denied admission as a degree-seeking student may not enroll as a non-degree student during the academic year.

Non-degree applicants may be required to present evidence of having earned a college degree or evidence of the need for specific courses. Applicants who are regularly-enrolled students at other institutions may be admitted as non-degree visiting students provided the appropriate official at their institution authorizes their attendance at Appalachian, approves the course work selected, indicates the individual is in good standing at that institution, and otherwise approves the transfer of credits taken at Appalachian back to that institution for degree purposes. Non-degree students who desire to become candidates for a degree from Appalachian must meet appropriate admission requirements. Coursework taken at Appalachian under "non-degree student status" will not be used to satisfy the necessary admission requirements.

Forgiveness Policies
Appalachian has adopted an admission policy for adults who may or may not meet the University’s usual admission requirements. The policy provides for a degree of flexibility in evaluating secondary or collegiate work taken at least two years prior to intended entry. The policy has two pertinent stipulations. First, in the event the applicant did not finish secondary school, yet could have graduated prior to 1990, she/he would be required to complete successfully the high school equivalency examination. (Any student who could have graduated from high school after 1990 must meet the UNC Minimum Admissions Requirements if she/he is less than 24 years of age at the time of applying.) Second, students with prior collegiate work would receive credit toward graduation in a manner consistent with the University’s normal transfer policy. As part of the screening process, applicants being considered under the two-year policy may be requested to appear for an interview.

Former undergraduate Appalachian students may re-enter by means of either one of two forgiveness policies. These policies will permit the student’s former cumulative grade-point average to be discounted, thereby allowing the student, upon returning, to begin a new cumulative grade-point average that will be used as the basis for graduation. The policies are:

1. If the student has not attended Appalachian for a minimum of one (1) year (including summer school), she or he will be eligible to apply for readmission to the University if she or he has earned a minimum of thirty (30) semester hours of transferable credit from other collegiate institutions since she or he last attended Appalachian. (“Transferable credit” is defined as coursework that can be used for graduation purposes at Appalachian, and does not repeat an Appalachian course for which credit has been earned.) To determine eligibility for readmission, the grades earned at the other collegiate institutions will be averaged with the grades earned previously at Appalachian and the combined average must be at least 2.0 (on a 4.0 scale).

2. If the student has not attended Appalachian for a minimum of two (2) years (including summer school), she or he will be eligible to apply for readmission if: a) coursework earned at other collegiate institutions during the period of absence from Appalachian has a minimum cumulative grade-point average of 2.0 (on a 4.0 scale); OR, b) the student has not taken coursework at any other collegiate institution during the period of absence.

A former [undergraduate] student may be re-admitted under a forgiveness policy ONLY ONCE during her or his academic career. At no time during the "stopout" period shall the student be dually enrolled at Appalachian and at another institution.

These policies are designed for readmission to the University and do not override specific grade requirements of individual colleges and/or departments. Students returning to the University under a forgiveness policy must apply through the Office of Admissions and must complete a minimum of one year in residency (30 semester hours) beyond the date of their readmission.

Graduate Students
For admission and graduation requirements, see the catalog for the Cratis D. Williams Graduate School.

Auditors
Students enrolled at the University or students admitted with satisfactory records of experience and education may enroll for specific courses as auditors. Students who audit courses must register in the Registrar’s Office, pay regular fees, be regular in attendance, but will not receive grades or credit. A “Request to Audit” form is available in the Registrar’s Office. It must be completed by the student, approved by the faculty member teaching the class, and submitted to the Registrar’s Office by no later than the end of the “Drop-Add Period” indicated in the published Schedule of Classes.

Advanced Placement Program (AP), College Level Examination Program (CLEP), International Baccalaureate (IB)
Appalachian State University grants “credit by examination” in conjunction with the AP Program, the CLEP Program and the IB Program. Students who have demonstrated their achievement on specific tests in either AP or CLEP should have their scores sent directly from The College Board to Appalachian State University (College Code for both programs is 5010) for consideration with regard to placement into advanced courses and for college credit. For International Baccalaureate, go to www.ibo.org and use College Code 00832. All students are encouraged to take these tests and to submit their scores for evaluation.
Students may also qualify for advanced placement and course credit by taking departmental tests in their areas of extensive specialization. Based upon these test results, the amount and nature of the credit granted is determined by the committee on academic policies and procedures and the pertinent department of instruction.

Test scores submitted from these testing programs will remain valid for only ten years.

Readmission

Students who have withdrawn in good standing from the University or who have been suspended for academic deficiencies or for other reasons and who have less than 15 semester hours of transfer work taken since leaving Appalachian should submit their requests for readmission to the dean of the college in which they are to be enrolled if they have declared their major or to the Director of General Studies if they have not. Consideration of requests for readmission of students who have been suspended for any reason will be made in light of the applicant’s ability, evidence of growth and maturity, good citizenship record, credits earned at another institution, and time elapsed since leaving Appalachian. Those returning students with at least 15 semester hours of transfer coursework taken since leaving Appalachian must reapply through the Office of Admissions.

International Student Admission

A student wishing to apply for undergraduate admission as an international student should first make arrangements through the American consulate in her/his own country to take the Test of English as a Foreign Language (TOEFL Test) or the Scholastic Assessment Test (SAT). A student whose native language is not English may not be approved for entry as an undergraduate student (even if she/he meets other requirements) until sufficient evidence of English abilities is received.

Funds for financial assistance to international students are limited. Therefore, following a student’s acceptance, she/he must complete an affidavit of support (Form I-134) in order to show sufficient financial resources before a Form I-20 may be issued. All international students must register with the foreign student advisor upon their arrival on the campus. International students are considered out-of-state students and pay tuition and fees based upon out-of-state rates.

The Registrar’s Office

Don Rankins, Registrar

The Registrar’s Office serves as the official depository for all academic records, undergraduate and graduate. In maintaining the academic record, the Office seeks to insure accuracy, completeness, and confidentiality. The specific responsibilities of the Registrar’s Office are to plan and implement registration for classes, to compile and maintain the academic record, to provide transcripts of the academic record to appropriate persons, to certify enrollment status, to process withdrawals from the University, to evaluate coursework taken at other collegiate institutions by Appalachian students, to assist in the audit of graduation requirements, to assist in the planning and coordination of commencement ceremonies, and to interpret the various academic policies and procedures of the University.

General Studies

Don Rankins, Registrar

The Office of General Studies is committed to ensuring that every student transitions successfully to the academic challenges of college life. This office is the academic home for all entering students and assists them in acquiring the skills and competencies for entrance into a degree-granting college, for success in their courses of study, and for persistence in college.

Most incoming freshmen enroll and remain in General Studies until they have successfully completed at least 30 semester hours of coursework and meet the specific criteria for entering a degree-granting college or school (Arts and Sciences, Business, Education, Fine and Applied Arts, or the School of Music) to pursue their major course of study. Students who transfer from a community college under the N.C. Comprehensive Articulation Agreement, who have an Associate of Arts or an Associate of Science degree, or who have completed the Core Curriculum, are admitted directly to the College of their major, pending any special admissions criteria (e.g., art portfolio, music audition, etc.). Other transfer students will enroll in General Studies until they meet the criteria for declaration of their major. In General Studies, students develop a fuller understanding of their own purposes and goals as well as those of the University. The program office is located in Room 107, D.D. Dougherty Hall.

General Studies sponsors a variety of programs and support services which can assist students in adjusting successfully to Appalachian’s new academic environment.

Orientation Programs

Orientation programs at Appalachian are designed to welcome all new students to campus and to introduce them to all areas of University life. Orientation services for students are provided in two phases, with a Parent Orientation that runs concurrently with Orientation, Phase 1.
Orientation, Phase 1
Michele Early, Director
Nikki Crees, Assistant Director

Phase 1 is coordinated by General Studies and emphasizes academic information, placement testing, advice on course scheduling, University policies and procedures, and registration for classes. The two day program for all entering students takes place throughout the summer, at the beginning of each semester, and at the beginning of each summer school session. **Phase 1 orientation is required for all new undergraduate degree-seeking students. Orientation should be completed before the first day of classes but must be completed no later than the end of the specified drop/add period. New students may not confirm their class schedule without attending Phase 1 Orientation.**

Two other orientation programs are sponsored by the Division of Student Development.

Orientation, Phase 2
Jim Street, Associate Director of the Center for Student Involvement and Leadership

Phase 2 is coordinated by the Center for Student Involvement and Leadership in the Division of Student Development. This program for all freshmen focuses on co-curricular activities, residence life, survival skills, goal setting, and adjusting to changing life styles. It takes place at the beginning of fall semester only.

Parent Orientation
Judy Haas, Director

Parent Orientation is coordinated by the Division of Student Development and is held concurrently with Phase 1 summer orientation for freshmen. This program is designed not only to introduce parents to the services and activities available to students, but also to discuss changes parents might expect as their son or daughter enters the young adult world of college.

Summer Reading Program
Emory Maiden, Director

The Summer Reading Program is an integral part of Appalachian’s orientation for new students. The program’s purposes are to provide a common intellectual experience for all first year students, to develop a sense of community among students, faculty, and staff, and to introduce students to collegiate academic life.

Students receive a book at Phase 1 Summer Orientation along with study guide materials and are asked to read the book, using the supplementary materials, before they return in August. During Phase 2 Orientation, students participate in a book discussion led by faculty and staff that simulates the manner in which many University discussion classes are conducted. In addition, the book and its themes are integrated into students’ classes and in other programs and activities throughout the year.

Student Advising
Appalachian views advising students as one of its highest responsibilities and priorities. It seeks to provide every student with assistance in identifying academic and career interests, developing a realistic and successful academic program, planning an effective career strategy, and addressing personal and social areas of concern. Faculty, administrators, and staff are committed to a comprehensive advising system that addresses students needs at each stage in their University education.

Academic Advising Center
Martha Stephenson, Director
Lynne Waugh, Associate Director

General Studies Academic Advising serves all students in their first semesters. Faculty advisors from the academic departments, and professional staff advisors educate students regarding University requirements and policies. They assist with academic planning, interpreting University policies, and developing academic majors and career strategies. Advising for undeclared freshmen, first semester transfers, students whose GPA is below a 2.0 and high risk students in General Studies is mandatory. The Center is located in 101 D.D. Dougherty Hall, (828) 262-2167.

Advising in the Colleges/School. When students complete 30 semester hours, meet freshman English requirements, and attain at least a 2.00 grade-point average, they may declare a major. In this case, their academic records are forwarded from General Studies to the appropriate degree-granting college (Arts and Sciences, Business, Education, Fine and Applied Arts, and the School of Music). In some cases, additional requirements must be met to be formally accepted into a college/school. Personnel are available in the dean’s office of each degree-granting college or the School of Music to answer general questions about University graduation requirements, interpret University policy, and review a student’s official record.
Enrollment Services

Advising in the Departments. Since advising policies vary at the upper division level, students who have declared a major should contact their major department for advising information. As the primary source of advising for the major, the departmental advisor helps students in developing realistic and successful academic programs, exploring career opportunities, and staying informed about University and departmental policies and activities.

Faculty members maintain weekly office hours for routine conferences with students. Many faculty will be able to answer general questions about University regulations and requirements, but others will refer students to departmental, college/school, or University advisors for both general and specialized advising. When students have personal and social problems, faculty members assist if possible and, if the need is apparent, make necessary referrals to one of the special counseling services on campus.

Advising Responsibilities. In order for academic advising to be constructive and beneficial, it is important that both the student and the University advisor recognize respective responsibilities. The advisor is committed and prepared to provide appropriate, accurate, and timely information at every stage of the student’s career. The student, on the other hand, must be willing to accept advice, realizing that the ultimate responsibility for understanding University regulations and for meeting graduation requirements resides with the student. Advising is a shared responsibility between the student and the advisor.

Freshman Learning Communities

All first-semester freshmen are advised to participate in a learning community during their first semester at Appalachian in order to ensure a strong academic start. There are a variety of freshman learning community options including Freshman Learning Communities in General Studies, Summer Preview, Watauga Residential College, Army ROTC, Student Support Services, Honors, Plemons Fellows, and North Carolina Teaching Fellows. If you have not identified a learning community prior to Phase I Orientation in the summer, an academic advisor can assist you in selecting one during your academic planning session.

Freshman Learning Communities in General Studies (FLC)  
www.flc.appstate.edu or www.firstconnections.appstate.edu
Carter Hammett-McGarry, Interim Director

Many freshmen entering Appalachian in the fall semester will participate in Freshman Learning Communities (FLC).* This program provides a way for students who share similar academic interests or career aspirations to take classes together during the first semester of their freshman year. An FLC is a group of 15-25 students who are enrolled in one to three fall semester classes that are organized around a common theme, skill, or career direction. An academic success team works with each FLC and can consist of the course faculty members, an academic advisor, and a peer mentor (resident assistant, peer leader, or tutor). All course work in an FLC receives graduation credit and does not restrict a student’s choice of majors. In this program, students can more easily form study groups and integrate class material while making friends, exploring majors, and discovering potential career choices. Different FLCs are offered each year and have included such topics as: Applications in Design, Communication, Forensic Science, Exploring Majors, Health Professions, Accounting, Education, and many more. A complete list of current offerings will be made available during Phase 1 Orientation in the summer. Student enrollment in the appropriate course selections is confirmed during Phase 1 Orientation in the summer.

*Students who enroll in the Watauga Residential College, or Summer Preview Programs will be members of those communities and would not be eligible to participate in Freshman Seminar based learning communities or Honors Residential Programs.

Learning Assistance Program  
www.gstudies.appstate.edu

Joy Clawson, Director
Jean Roberts, Assistant Director

The Learning Assistance Program is an academic support program designed to assist students in achieving their educational goals. The program provides services to students which include tutoring in Core Curriculum courses, supplemental instruction for courses that are extremely demanding and have complex reading requirements, and learning skills courses and workshops. Special populations of students are provided a comprehensive system of support which may include tutoring, academic advising, disability services, counseling, orientation, instruction, and study skills to enable them to be successful in their academic work. Following are descriptions of the components of the Learning Assistance Program. The program is located on the second floor of D.D. Dougherty Hall, (828) 262-2291.

Learning Skills Services  
www.lss.appstate.edu

Cama Duke, Director

Students can sign up for individual appointments with a learning skills advisor to discuss learning skills strategies such as note-taking methods, time management, effective reading and study methods, test-taking skills, test anxiety, organization, as well as study tips for Praxis I and the GRE. Also available are one credit hour elective courses in time management, study skills, power reading skills, and exploring majors. Workshops can be arranged by request. For more information, contact the director of Learning Skills.
Supplemental Instruction (SI) is designed to help students master course concepts and increase competency in reading, reasoning, and study skills. “Model students” such as graduate or upperclass students serve as SI leaders. In this role, SI leaders attend course lectures, take notes and complete assigned readings in order to lead weekly review sessions for students enrolled in these courses.

University Tutorial Services assists students who are having difficulty in their courses and/or want to improve their chances of success in their coursework. The program provides free tutorial assistance in Core Curriculum courses through group and individual tutoring. Tutoring is available Monday-Thursday 8 a.m.–9 p.m. and Friday 8 a.m.–5 p.m. in Room 208 of D.D. Dougherty Hall, (828) 262-3060.

Academic Services for Student-Athletes
Jean Roberts, Director
Kim Sherrill, Assistant Director
Eric Hart, Assistant Director
Appalachian values academic excellence as well as athletic achievement. The student-athlete is provided a comprehensive academic support system through academic advising, counseling, tutoring, assistance with registration, orientation and eligibility, and placement in developmental courses, if necessary. A required study hall is maintained for some student-athletes.

Office of Disability Services
Suzanne Wehner, Director
Maranda Maxey, Assistant Director
The Office of Disability Services assists eligible students with documented disabilities to achieve their goal of becoming graduates of Appalachian State University. Consistent with Section 504 of the Rehabilitation Act of 1973 and with the Americans with Disabilities Act of 1990, it is the policy of Appalachian State University that “no otherwise qualified handicapped individual in the United States shall, solely on the basis of her/his handicap, be excluded from participation or be denied benefits of or be subjected to discrimination under any program or activity receiving federal financial assistance.”

It is the responsibility of the student to provide the Office of Disability Services with current, comprehensive documentation to support her/his request for accommodations. Due to the confidential nature of such documentation, the student is responsible for showing the instructor a copy of their individual Academic Accommodation Plan and explaining the impact of the requested accommodation(s) within the University classroom, program, and campus-wide activities.

It is the responsibility of the Office of Disability Services to determine eligibility, meet with the student, and create an individual Academic Accommodation Plan which reflects reasonable academic accommodations.

It is the responsibility of each instructor to provide the reasonable accommodations stated on the Academic Accommodation Plan. Accommodations may include (not all exclusive): closed captioned videos, interpreters, extended-time on test in a distraction-reduced environment, scribes, and assistive technology.

The Office of Disability Services may be reached at (828) 262-3053 or (828) 262-3056, Monday through Friday, from 8:00 a.m. until 5:00 p.m.

Student Support Services
Cathia Silver, Director
Teresa Smith, Assistant Director
Student Support Services, funded and supported by the U.S. Department of Education and Appalachian State University, is designed to assist students enrolled at Appalachian who have potential for success in college but who may experience some academic difficulties. Students selected for the program must be in need of financial assistance and/or be a first generation college student (neither parent has a bachelor’s degree). The program offers academic advising; personal, career, financial counseling; tutoring; learning community; mentor program; developmental courses and special sections of regular University courses.

CONTINUED
College Awareness and Preparation Programs

Chuck Bowling, Director

**Upward Bound** is funded by the U.S. Department of Education and is designed to assist financially eligible high school students in preparing academically and personally for post-secondary education. The students selected for the project meet specific financial and educational guidelines and receive academic support services, personal and cultural development opportunities and participate in a six-week summer residential component. The project recruits and selects participants from four area high schools -Ashe County High School, Avery County High School, Watauga County High School, and West Wilkes High School. Participants in the project submit application materials as 9th or 10th graders, and once selected take part in year-round programming opportunities until graduation from high school. Upon graduation, participants who meet regular admissions requirements attend summer school at Appalachian and earn six credit hours towards a college degree. Upward Bound provides an opportunity for Appalachian students to serve as mentors and as tutors to youth in this region.

**GEAR UP (Gaining Early Awareness and Readiness for Undergraduate Programs)** provides services to Alleghany, Avery and Burke County Schools, and Hickory Public Schools. Begun in 1999, GEAR UP is a college preparation program for all middle and high school students, parents, and educators in target school districts. GEAR UP is a federally funded partnership between Appalachian State University, the school districts, local, educational and community organizations. The goals of GEAR UP are to improve student writing, reading and mathematics at all grade levels; to provide comprehensive professional development opportunities for educators that focus on improving student learning; to help students and families understand the importance of being prepared and informed about attending college; to increase school attendance; to increase volunteers in the schools; and to provide new college scholarships for participants. GEAR UP provides an opportunity for Appalachian State University students to serve as mentors and tutors to youth in this rural mountain region.
Academic Regulations

The Instructional Program
The instructional program at Appalachian State University is diversified, attempting to meet the needs of many types of students. In addition to the course offerings listed under each instructional department, students may elect to do independent study under the direction of selected faculty members, to participate in an internship, or to participate in the University honors program. Detailed information on each of these options is given in appropriate sections of this Undergraduate Bulletin.

The Undergraduate Bulletin is issued annually; and, while course offerings are fairly continuous from year to year, the faculty reserves the right to make changes in curricula, degree requirements, and academic policies. The information in any given catalog/bulletin is, therefore, usually valid only for the one-year period of its issue, and is superseded by subsequent issues. Any interested person should consult the most recent issue of the Undergraduate Bulletin for current information about the instructional program.

Any changes in degree requirements do not, however, affect a student already enrolled in a degree program. In those rare cases where specific required courses are no longer available, the dean’s office will identify suitable substitutes which do not increase the overall credit requirements. All students may elect to graduate in accordance with the degree requirements as recorded in the catalog/bulletin that is current at the time of their first registration or any subsequent edition (provided the student is enrolled during a period in which the catalog/bulletin is in force) except that any catalog/bulletin chosen must not be more than six years old. Students electing to graduate under a new catalog/bulletin must meet all requirements of the catalog/bulletin under which they wish to graduate subject to the exception noted above for those cases when specific courses are no longer available. In order to change the catalog/bulletin under which they intend to graduate, students must notify the office of the dean of the college/school in which they are enrolled, or the Director of General Studies if they have not declared a major.

A student returning to Appalachian under a University “Forgiveness Policy” must graduate under the Undergraduate Bulletin in force at the time they re-enter (subsequent catalogs are, of course, acceptable.)

Changes in academic policies become effective for all students on the date approved for implementation.

Registration at Appalachian indicates the student’s willingness to accept both published academic regulations and rules found in official announcements of the University.

In the interest of all its students, Appalachian reserves the right to decline admission, to suspend, or to require the withdrawal of a student when such action is, by due process, deemed in the interest of the University.

Policies and Procedures Concerning the Release of Student Information

I. Purpose and scope of the statement:
A. Purpose—This statement establishes updated guidelines for the University on the matter of confidentiality of student records. It has been developed in the light of legislation concerning access to and release of information maintained in student records in institutions of higher learning (the Family Educational Rights and Privacy Act of 1974). Any questions on these policies should be referred to the University Registrar.

B. Scope—These policies encompass all student records maintained by the University. They apply to all students, current or former, at Appalachian State University.

II. University policy regarding confidentiality of student information:
A. In response to inquiries from the general public, such as prospective employers, credit investigators, etc., only the following directory information is released without the student’s permission:

“the student’s name; local telephone listing; University post office box number; E-mail address; academic classification; enrollment status during a particular academic term (i.e., full-time or part-time); field(s) of study; dates of attendance; degrees, honors and awards received; participation in officially recognized activities and sports; weight, height, athletic statistics and photographic representations of members of athletic teams.”

Any student who wishes to request that directory information not be released should contact the Registrar’s Office.

B. Transcripts are released only upon the written request of the student. Transcripts will not be released if the student is financially indebted to the University.

C. A student has the right to inspect the contents of her/his educational records with the exception of documents submitted to the University in confidence prior to January 1, 1975. Transcripts on file from other institutions are property of Appalachian and will not be returned to the student or sent elsewhere at her/his request.

D. If parents or guardians request academic or personal information other than that specified in statement II.A., the request will not be honored without the student’s written permission unless the parent can present evidence of the student’s being dependent upon the parent for support as defined by the Federal Internal Revenue code.
Students’ Education Records at The University of North Carolina General Administration

Certain personally identifiable information about students ("education records") may be maintained at The University of North Carolina General Administration, which serves the Board of Governors of the University system. This student information may be the same as, or derivative of, information maintained by a constituent institution of the University; or it may be additional information. Whatever their origins, education records maintained at The University of North Carolina General Administration are subject to the federal Family Educational Rights and Privacy Act of 1974 (FERPA).

FERPA provides that a student may inspect her or his education records. If the student finds the records to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights, the student may request amendment to the record. FERPA also provides that a student's personally identifiable information may not be released to someone else unless (1) the student has given a proper consent for disclosure or (2) provisions of FERPA or federal regulations issued pursuant to FERPA permit the information to be released without the student's consent.

A student may file with the U.S. Department of Education a complaint concerning failure of The University of North Carolina General Administration or an institution to comply with FERPA.

The policies of The University of North Carolina General Administration concerning FERPA may be inspected in the office at each constituent institution designated to maintain the FERPA policies of the institution. Policies of The UNC General Administration may also be accessed in the Office of the Secretary of The University of North Carolina, General Administration, 910 Raleigh Road, Chapel Hill, North Carolina.

Further details about FERPA and FERPA procedures are to be found at The UNC General Administration in the referenced policies. Questions about the policies may be directed to the Legal Affairs Division, The University of North Carolina, General Administration, 910 Raleigh Road, Chapel Hill, North Carolina. (Mailing address: P.O. Box 2688, Chapel Hill, NC 27515-2688; Tel: 919-962-4588).

Degree Requirements

Students should refer to the requirements of their respective colleges/school for information about their courses of study and confer with their advisors whenever problems arise.

Students should pursue required courses in the suggested sequence. Failure to do so may lead to scheduling difficulties and students may find that the subjects for which they wish to enroll are either not available or closed to students with advanced standing.

Statement Concerning the Normal Number of Hours and Length of Time Required to Attain the Baccalaureate Degree

A baccalaureate degree at Appalachian typically requires 122-128 semester hours of course work. Students who satisfactorily complete an average of 15-16 hours per semester can complete the degree in four years (eight semesters). Factors that may increase the length of time for an individual student to complete a degree include: (1) taking less than the hours advised or averaging fewer than 15-16 credit hours per semester; (2) changing majors frequently; (3) dropping, failing, and repeating courses; (4) failing to meet course prerequisites; (5) taking unnecessary or inappropriate courses; (6) transferring from one institution to another; (7) adding a second academic concentration or a second minor; (8) delaying entry into academic programs; (9) withdrawing from school; and (10) entering the institution with an incomplete or inadequate secondary school background requiring some additional compensatory, developmental, or prerequisite courses. As mandated by the North Carolina General Assembly, students enrolling in more than 140 semester hours for the first baccalaureate degree will be assessed a 25% tuition surcharge on the excess hours.

Students are encouraged to take full advantage of the University’s advising and support services to ensure continuous progress toward graduation. Effective career decision-making, long-range semester-by-semester planning of courses, and careful selection of extracurricular commitments can provide direction and motivation necessary for effective use of time to graduation. Additional factors that may assure a student’s continuous progress toward graduation include good academic performance in freshman and basic prerequisite courses, advanced placement credit for introductory courses, and enrollment in summer sessions.

Courses Of Instruction

Course Numbering. Courses are listed in numerical order within each academic discipline. Courses numbered 0001-0999 are developmental; 1000-1999 are normally for freshmen; 2000-2999 are normally for sophomores; 3000-3999 are normally for juniors; 4000-4999 are normally for seniors; and those numbered 5000 and above are only for graduate students. NOTE: With the exception of graduate classes, the numbering system does not preclude the possibility of students taking courses above or below the level of their classification, provided that they meet course prerequisites and/or any special requirements of the degree-granting college/school.

The figure in parentheses after the course title tells the credit in semester hours; for example, the figure (3) means three semester hours.
**Academic Regulations**

Semesters of the year in which the course is offered are represented by symbols: "F" for Fall semester, "S" for Spring semester and "SS" for a Summer Session.

A hyphen in the course number, credit, and semesters of the year in which the course is offered indicates that the course extends through more than one semester and that the preceding semester must be completed before the following semester can be taken.

The comma in the course number, credit, and semesters indicates that the course is continuous but that one semester may be taken independently of another.

The semicolon in the semesters offered indicates that the course is a one-semester course and is repeated in a subsequent semester. If the course is a two-semester sequence, the semicolon in the semester offered indicates that all courses listed are normally taught in the semesters indicated. Special requirements for admission to a course are stated after the word prerequisite.

**Cross-Listed Courses.** Certain courses are cross-listed with multiple departments using the same course number and covering the same content (e.g. ANT 3305/CJ 3305). Students enroll for the course through their major department in order to fulfill specific discipline requirements for their program. Cross-listed courses are noted in the course descriptions as follows: (Same as ANT 3305.) or (Same as CJ 3305.)

**Dual-Listed Courses.** Selected courses are noted as being dual-listed. Each undergraduate dual-listed course has a concurrent graduate equivalent and students in the two courses meet in one classroom. Graduate students who are enrolled in a dual-listed course are expected to complete extra assignments above and beyond those that are assigned to the undergraduates in the class. Dual-listed courses are noted in the course descriptions as follows: [Dual-listed with CI 5740.] or [Dual-listed with CI 4740.]

The University reserves the right to cancel any course for which there is insufficient enrollment.
Standards of Scholarship
In all work for a degree, scholarly performance is expected. The student is expected to demonstrate academic competence, intellectual honesty and responsibility, a willingness to do more than the minimum required, and the ability to think critically and constructively.

State statutes concerning standards of scholarship are as follows:
14-118.2. Assisting, etc., in obtaining academic credit by fraudulent means.
(a) It shall be unlawful for any person, firm, corporation or association to assist any student, or advertise, offer or attempt to assist any student, in obtaining or in attempting to obtain, by fraudulent means, any academic credit, or any diploma, certificate or other instrument purporting to confer any literary, scientific, professional, technical or other degree in any course of study in any university, college, academy or other educational institution. The activity prohibited by this subsection includes, but is not limited to, preparing or advertising, offering, or attempting to prepare a term paper, thesis, or dissertation for another and impersonating or advertising, offering or attempting to impersonate another in taking or attempting to take an examination.

(b) Any person, firm, corporation or association violating any of the provisions of this section shall be guilty of a misdemeanor punishable by a fine of not to exceed five hundred dollars ($500.00), imprisonment for not more than six months, or both. Provided, however, the provisions of this section shall not apply to the acts of one student in assisting another student as herein defined if the former is duly registered in an educational institution and is subject to the disciplinary authority thereof.
(1963, c.781; 1969, c. 1224, s.7.)

Registration
The majority of students entering the University do so at established semester periods. To provide for the orderly processing of these registrations, specific times have been set by the Registrar’s Office as the “beginning” and “ending” of the registration period. Students are expected to register at the time specified by the Registrar’s Office. Registration schedules are announced and registration materials are made available by the Registrar’s Office.

Academic Load
An undergraduate student usually takes from 15 to 18 hours a semester. In special situations, an undergraduate student may take more than 18 hours a semester. To do this, the student must have prior approval of the dean of the college in which she/he is enrolled or the Director of General Studies if she/he has not declared a major. Registration for less than 12 hours places the student on part-time status.

An undergraduate student must take 12 semester hours during a regular semester (and if in summer school, six semester hours each session) in order to be classified as full-time.

The maximum course load for graduate students during the regular academic year is 15 hours per semester for students without assistantships, and 9-12 hours for those holding assistantships. For the summer session, the course load is six semester hours. Graduate degree candidates may not earn more than 12 hours for the entire summer.

Credits
Appalachian operates on the semester system with the year divided into two semesters and a summer session, which is divided into terms of varying lengths. The unit of credit is the semester hour, and the number of semester hours credit for each course offered by the University is given in the sections of this Undergraduate Bulletin where courses of instruction are listed.

Academic Regulations

Grades and Grade-Point Average

The grade-point average (GPA) is a general measure of the student’s academic achievement while at Appalachian. The GPA is determined by dividing the total number of quality points earned by the total number of quality hours attempted (“quality points” and “quality hours” are derived from courses graded A–F or WF). The GPA is computed only on the basis of coursework taken at Appalachian. Undergraduate grades and grade points are given as follows:

<table>
<thead>
<tr>
<th>Grade</th>

<tr>
<td>I</td>
<td>Incomplete, assigned only because of sickness or some other unavoidable cause. An “I” becomes an “F” or “U” if not removed within the time designated by the instructor, not to exceed one semester, except that all incompletes must be removed at the time of graduation. An Incomplete is not given merely because assignments were not completed during the semester.</td>
<td></td>
</tr>
</tbody>
</table>

Grade-Point Average and Repeat Policy

The grade-point average (GPA) is a general measure of the student’s academic achievement while at Appalachian. The GPA is determined by dividing the total number of quality points earned by the total number of quality hours attempted (“quality points” and “quality hours” are derived from courses graded A–B–C–D–F or WF). The GPA is computed only on the basis of coursework taken at Appalachian.

Students may, for a variety of reasons, elect to repeat a course. If a student so elects, the following policies will govern the awarding of credit and the computation of her or his GPA:

1. Credit hours earned in a particular course will not be awarded more than one time; i.e., if a course in which credit hours have been earned is repeated with a passing grade, additional credit hours will not be awarded. If, however, a course in which credit hours have been earned is repeated with a grade of “F,” “@F,” “U,” or “WF,” the hours earned initially will be subtracted from the student’s total.
2. When a course is repeated, the grade earned in the initial attempt can be excluded from computation in the student’s GPA for a maximum of four (4) courses. (Note: If a grade is excluded from GPA computation when repeated, it remains on the academic transcript.)
3. The student must indicate to the Registrar’s Office, in writing, which courses are to be excluded from GPA computation under this policy. A repeat form must be submitted to the Registrar’s Office no later than the last day of the final exam period during the term in which the course is repeated.
4. A course may not be repeated if the content has changed substantially, or if the number of credit hours has been reduced.
5. If neither the number nor the title of a course has changed but the content has changed substantially, it will be the responsibility of the chair of the department in which the course is offered to notify the Registrar that a student who took the course prior to the change in content may not repeat the course for credit.

Pass-Fail Grading Option
Any undergraduate student who is: 1) full-time (registered for 12 or more hours); 2) has attained at least sophomore standing (earned at least 30 hours); and 3) has a minimum grade-point average of 1.75, may elect to take one course each semester under the pass-fail grading system, not to exceed a maximum of six (6) pass-fail courses while enrolled at the University. Any undergraduate course may be chosen under this option, except those courses used to comprise the total hour requirements of the student's major, minor, core curriculum, and foreign language requirements. In essence, the pass-fail grading system is intended only for "free elective" credit. It is the responsibility of the student to make sure that she/he does not violate this limitation. Graduate students may not elect the pass-fail option. If a course taken under the A-B-C-D-F grading system is repeated, it must be repeated under the A-B-C-D-F system.

A student who elects the pass-fail option will be allowed to drop the option through the first nine weeks of a fall or spring term, and thus receive the letter grade (A-F) earned at the end of the term. However, once the pass-fail option is elected for a given course, a change to another course may not be made. Because of the length of the summer terms, there are no provisions for removing the pass-fail option after it has been selected for a course.

A grade of "P" means that the student's grade was equal to a "D" or above on a conventional grading scale. The hours earned will count toward graduation but the grade will not be computed in his/her grade-point average. A grade of "F" means that the student failed the course. No credit is earned, but the grade of "F" is computed in the student's grade-point average as an "F".

Students should also be aware of the disadvantages which could result from using the pass-fail option (e.g., many graduate schools will not accept transcripts containing a "P" notation.)

In order to choose the pass-fail option in a course, the student must obtain a special pass-fail form from the Registrar's Office. It must be completed and turned in to the Registrar's Office prior to the close of the period during which a course may be added.

Residency Requirements
With some exceptions, coursework is defined as "in residence" when registration is through the University. The physical location at which the course is delivered, whether in Boone or through a field-based program, does not affect this definition. The following types of courses, however, are not considered "in residence": transfer credit, credit by examination, credit for life experience, credit for military experience, credit while enrolled in a non-degree status, and "institutional" credit.

All baccalaureate degrees granted by Appalachian require the completion of a minimum of 60 semester hours at a senior college or university. (Note that credit awarded for credit by exam, military service, or "Life Experience" does not count as part of the required 60 hours.)

To graduate from Appalachian, an undergraduate student must complete, as a minimum, the final thirty (30) semester hours in residence. (Students who study abroad on an Appalachian-approved exchange or study abroad program are excluded from this provision.)

To graduate from Appalachian, an undergraduate student must complete in residence a minimum of eighteen (18) semester hours in the major and (if applicable) nine (9) semester hours in the minor.

Individual academic programs may specify particular courses that must be taken in residence. A student who intends to transfer coursework from other collegiate institutions should consult the portion of the Undergraduate Bulletin that describes her or his intended degree program.

College of Business majors must complete in residence at least fifty percent of the business coursework required for the BSBA degree.

A minimum cumulative grade-point average of 2.00 must be earned in major courses taken at Appalachian.

Questions about residence requirements should be directed to the Dean of the College/School under whom the degree program is offered. Exceptions to residence requirements must be approved by the Dean of the College/School under whom the degree program is offered.

Credit Limitations
1. A maximum of 20 semester hours of correspondence work from recognized institutions may be credited toward meeting the requirements for graduation. Some correspondence courses are offered by the University. Before registering at another accredited institution for a correspondence course to be transferred to Appalachian, students must have the written permission
of the dean of their college/school or their academic advisor if they have not declared a major. In order to obtain this permission, the student must first secure the proper form from the Registrar’s Office. The combined load of residence courses and correspondence courses may not exceed the maximum load allowed.

2. Except for physical education majors, no more than six hours in physical education activity courses (limited to courses numbered PE 1000-1099) may be included within the number of hours required for graduation.

3. A candidate for the Bachelor of Arts degree may count no more than a total of 40 hours above core curriculum requirements in any one discipline.

4. Validation of credits earned more than 10 years prior to the date of graduation may be required if and when they are submitted to fulfill baccalaureate degree requirements.

5. All baccalaureate degrees granted by Appalachian require the completion of a minimum of 60 semester hours at a senior college or university. (Note that credit awarded for credit by exam, military service, or "Life Experience" does not count as part of the required 60 hours.)

6. Transfer of Coursework: Once an undergraduate student has enrolled as a degree-seeking student at Appalachian, she or he should NOT enroll as a visiting student at another collegiate institution unless prior approval has been received from Appalachian. A student who wishes to attend another collegiate institution should contact the Registrar’s Office at Appalachian to: 1) secure the proper application form, and 2) determine whether the intended transfer courses are acceptable. (Students who wish to study abroad should contact the Office of International Programs to secure the proper application and determine whether the intended courses from abroad are acceptable.) The intended coursework, once evaluated, will be forwarded to the appropriate Appalachian college or to the Office of General Studies for approval. Failure to obtain prior approval may result in the coursework being deemed unacceptable for transfer to Appalachian.

7. Seniors with a grade-point average of 3.00 or above, may with written permission from the course instructor, the chair of the department offering the course, and the graduate dean, be permitted to take one or more graduate courses for undergraduate credit. Credit earned in this manner will be used to meet baccalaureate degree requirements and may not be applied toward a graduate degree.

Seniors with a grade-point average of 3.00 or above desiring to enroll in graduate level courses to be applied to a graduate degree may do so provided they have: (1) made application for admission to the Graduate School; (2) made application to take the GRE or GMAT; and (3) obtained written permission from the course instructor, chair of the department offering the course, and the graduate dean.

8. If a student has received a bachelor’s degree from Appalachian, a second (or subsequent) bachelor’s degree can be earned by completing all catalog/bulletin requirements stipulated for the second (or subsequent) degree. If a student wishes to earn two (or more) undergraduate degrees at Appalachian concurrently, she or he must complete all catalog/bulletin requirements stipulated for the respective degrees.

A second (or subsequent) bachelor’s degree must differ in type from any degree previously awarded by the University. The University will not, for example, award a second Bachelor of Arts (B.A.) degree: it will, however, award both a Bachelor of Arts and a Bachelor of Science (B.S.) degree, either simultaneously or in sequence.

9. An undergraduate student may include a maximum of 3 semester hours credit under the Instructional Assistance Program toward meeting graduation requirements.

Absences from Class and Class Attendance

General attendance policy

1. It is the policy of Appalachian State University that class attendance is an important part of a student’s educational experience. Students are expected to attend every meeting of their classes and are responsible for class attendance. Regardless of what reasons there may be for absence, students are accountable for all academic activities, and faculty may require special work or tests to make up for the missed class or classes. In addition, faculty members are encouraged to make reasonable accommodations for students requesting to miss class due to the observance of religious holidays.

Faculty, at their discretion, may include class attendance as a criterion in determining a student’s final grade in the course. On the first day of class, faculty must inform students of their class attendance policy and the effect of that policy on their final grade; both policies must be clearly stated in the class syllabus.

A student who does not attend a class during one of its first two meetings may, at the discretion of the academic department, lose her or his seat in that class. Further, if a class meets only one time per week—e.g., a laboratory or an evening class—the student must attend the first meeting of that class or risk losing her or his seat.

2. A syllabus is to be prepared for each course and distributed at the first of the semester. The syllabus should include the following: an explanation of course goals and objectives, the name of the text and any other materials required of each student, the instructor’s office hours, an explanation of how the grade is to be determined, and an explanation of any additional reading, papers, projects and examinations which the instructor expects to give or assign.
Academic Regulations

3. Syllabi for courses taught in the present and previous semester should be on file in the departmental offices and should be made available to students who request them. These syllabi would indicate the structure of courses as they are being or have been taught.

4. If a student does not regularly attend an audited course, the instructor may request an administrative withdrawal grade to be assigned. The instructor should provide documentation to the Registrar’s Office with the recommendation.

5. The Student Health Services does not write medical excuses for students who miss a class for illness or injury. However, faculty may call Health Services at (262-3100) to verify the day and time the student was seen. The nature of the student’s illness or problem will not be divulged unless the student has signed the appropriate release of medical information.

6. Classes prior to a university break or state holiday end with the student’s last meeting time for the day preceding the break or holiday.

Attendance policy relating to participation in University-sponsored activities

As an integral part of the academic program at Appalachian State University, the University sponsors and otherwise supports co-curricular programs, athletic programs, and other out-of-class activities such as field trips. Participation in such activities occasionally requires a student to miss one or more class meetings.

A student who expects to miss one or more class meetings because of participation in a University-sponsored activity has several responsibilities: the student (in person) will notify the instructor in advance of any absence; the student is expected to complete all work missed by making up the work in advance or by completing any compensatory assignment that may be required by the instructor; the student is expected to maintain satisfactory progress in the course; and the student (otherwise) is expected to maintain satisfactory attendance in the class if so required. In the event that a student anticipates that participation in a University-sponsored activity will require missing more than 10% of the class meetings, the student is required to discuss this matter with her or his instructor at the beginning of the semester and may be advised to drop the course.

If the above responsibilities are met, it is expected that the instructor will excuse the absence and permit the student to make up missed work in whatever manner the instructor deems appropriate.

Emergency absences

When a student is out of town and unable to return to campus due to hospitalization, death in the family, or other extenuating circumstances, the student or the student’s parents may contact the Office of Student Development to request that professors be notified as to the reason for the absence. This notification is conveyed to the appropriate departmental office as a matter of information only and does not serve as an official excuse for class absence. Only individual faculty members make this determination, and documentation may be requested by the faculty members. The Office of Student Development does not provide this service when notification is received after the absence has occurred. Also, if a student is in town, that student is responsible for notifying the individual faculty members that she/he will be missing class.

Inclement Weather Policy

Appalachian State University reserves the right to cancel or delay classes during severe weather conditions. In determining whether to do so, the Chancellor consults with the Provost, Vice Chancellors, and other appropriate personnel. Only the Governor of North Carolina has the authority to close the institution due to adverse weather conditions.

The Office of Public Affairs, or its designee, has the responsibility for publicizing the Chancellor’s decision to cancel or delay classes. Every effort will be made to reach such a decision by 6:30 a.m. of the affected day. The information will be disseminated via the ASU home page and AppalNET, and to local radio and regional TV stations able to report the university’s status in sufficient detail (e.g., the expectations for staff members or the time until which classes are being delayed). Locally, those stations are: WATA 1450 AM, WECR FM 102.3, Mtn Charter Cable Channel 18, WBTV Charter Channel 3, WCYB Charter Channel 5, WJHL Charter Channel 11, WGHP Channel 8. Also, a recorded telephone message announcing any change in normal operations is available at (828) 262-SNOW. Faculty are reminded that media do not announce individual class cancellations.

Staff employees (SPA) should follow the State’s adverse weather policy as distributed on the Human Resource Services web page: www.hrs.appstate.edu/leave/adverse.htm. Information concerning any cancellations or delays of ASU classes offered at off-campus sites will be accessible at www.ext-dl.appstate.edu.

“Classes are cancelled” means that no classes will be held on the day or night indicated, and such notices will state the expectations for staff employees. Announcements of class delays will specify the point during the day at which classes will resume meeting at their regularly scheduled times. “The University is closed” means that all classes and other activities are cancelled and that only essential personnel who can reach campus safely are expected to report.

Though it is impossible to describe precisely the conditions that may warrant interrupting normal operations, the people involved in such determinations will consider both the University’s educational responsibilities and the physical welfare of all members of its community. The assessment of the situation will also take into account, as one factor, the status of the AppalCart bus system.
Academic Regulations

Because weather and road conditions often vary significantly within this area, the decision whether to travel must rest with the individual. When there has been no general cancellation of classes, individual faculty who are unable to meet their classes but have access to e-mail should send students timely notice that they will not meet. Faculty must also notify their departmental chair by e-mail or telephone. The University encourages faculty to make reasonable accommodation, including the opportunity to make up any missed assignments or examinations, for students who live at a distance from campus and have been absent from class because of dangerous weather or road conditions.

Change of Course

Students may add courses or change sections through the published "drop-add" period without academic or financial penalty. **After the drop-add period, a course must be dropped by the end of the ninth week of the fall or spring academic term. An undergraduate student will be allowed to drop a cumulative total of four courses after the close of the "drop-add" period.** There is no refund or adjustment of charges if a course is dropped after the "drop-add" period of classes. A student who holds a tuition remission or award must pay back the entire remission or award if that student withdraws from courses.

Any drops approved for exceptional circumstances will not be used in computing the grade-point average and will not be recorded on the permanent record.

During the "drop-add" period, a course may be changed from credit to audit with no academic penalty. To accomplish this, the student must obtain the necessary form from the Registrar's Office. Permission of the instructor is required for a student to change a course from credit to audit.

Failure to complete a course that has not been officially dropped will automatically result in a grade of "F", which will be computed in the student's grade-point average.

Withdrawal from the University

A student is allowed to officially withdraw (i.e., cease enrollment in all courses) **without academic penalty** during the first nine weeks of a fall or spring semester. In order to officially withdraw, the student must formally contact the Registrar's Office.

A grade of "W" (Withdrawal) will be assigned to each course if the student withdraws during the first nine weeks of a fall or spring semester. In order to officially withdraw, the student must formally contact the Registrar's Office. Permission of the instructor is required for a student to change a course from credit to audit.

Students may add courses or change sections through the published "drop-add" period without academic or financial penalty. **After the schedule for examinations has been made (i.e., after the schedule has been officially announced in the Schedule of Classes),** an instructor may consider the reasons for the withdrawal and grades may be assigned on a course-by-course basis, as deemed appropriate.

A student who officially withdraws **after** the first nine weeks of a fall or spring semester will receive a grade of "WF" (Withdrawal/Failing) or "WU" (Withdrawal/Unsatisfactory) for each course in which she or he is enrolled at the time of withdrawal. The following are two exceptions to this policy:

1. A student can petition for withdrawal without academic penalty for compelling medical or psychological reasons. Students seeking a medical withdrawal must contact Student Health Services; those seeking a withdrawal for psychological reasons must contact the Counseling and Psychological Services Center. Supporting documentation will be required. If a medical or psychological withdrawal is approved, the student will receive a grade of "W" in each course for which she or he is enrolled.

2. A student can petition for withdrawal without academic penalty for extenuating reasons (i.e., other than medical or psychological). The student must formally notify the Registrar's Office. The reasons for the withdrawal should be clearly stated, and supporting documentation may be required. Consideration will be given to the reasons for the withdrawal and grades may be assigned on a course-by-course basis, as deemed appropriate.

If a student does not regularly attend an audited course, the instructor may request an administrative withdrawal grade to be assigned. The instructor should provide documentation to the Registrar's Office with the recommendation.

A student who ceases to attend all classes prior to the end of an academic term, and does not officially withdraw by notifying the Registrar's Office, will automatically receive a "Failing" grade on each enrolled course.

Distance Learning students enrolled in an extension program should initiate withdrawals in the Office of Extension and Distance Education.

A student who officially withdraws from the University will receive a refund based on the date of notification. The refund percentage is published in the Schedule of Classes for each semester. The term refund should be understood to mean either: a) the repayment of money received by the University for tuition and fees, or b) a reduction of charges if tuition and fees have not yet been paid.

Course Examinations

All scheduled examination periods will be met at the assigned time. A final examination period is provided at the end of each semester. After the schedule for examinations has been made (i.e., after the schedule has been officially announced in the Schedule of Classes for a given semester), an instructor may **not** change the date or time of an examination without permission of the departmental
Academic Regulations

chair and dean. A class which meets at an hour not provided for in the Final Examination Schedule must arrange for an examination during the examination period at an hour convenient to members of the class and the instructor, and with the approval of the departmental chair. Instructors determine how they will use the assigned period, but all scheduled examination periods will be met at the assigned time. A student may take an examination outside of the scheduled time only by permission of the instructor of the course. Permission is granted only in case of emergency.

A student who is absent from a final examination because of an emergency takes the make-up examination at the convenience of the instructor.

Major Tests and Assignments Prior to Exams
It is strongly recommended that only tests and major assignments included on the syllabus be required during the five class days prior to the final exam period. This recommendation, however, does not include "make-up" tests.

Additional Assignments During Last Week of Classes
Instructors are requested to not make additional graded assignments, including tests, projects, or papers, not included on the syllabus within a seven calendar day period before Reading Day. Laboratory assignments do not fall into this category.

Students are expected to curtail their social activities and club sponsored activities during this seven calendar day period. Club sponsored activities are not allowed during this seven calendar day period.

Grade Submission
Final semester grades are reported to the Registrar’s Office no later than 1:00 P.M. on the day following the Faculty Grading period. At the end of each semester, the student’s grades are available via AppalNET or the Telephone Registration System. (Note, however, that North Carolina law prohibits the release of grades, transcripts or diplomas to students with unpaid accounts.)

Faculty members who cannot meet the final grade submission deadline should contact the Registrar’s Office for an extension of time for reporting grades.

Classification
At the end of each semester students are classified on the basis of semester hours.

Students admitted as degree-seeking and who have earned less than 30 semester hours are classified as freshmen.

Students who have earned at least 30 semester hours are classified as sophomores.

Students who have earned at least 60 semester hours are classified as juniors.

Students who have earned 90 semester hours are classified as seniors.

Academic Standing (Probation and Suspension Policy)
To continue at Appalachian in good academic standing, a student must earn, as a minimum, the following cumulative grade-point average (GPA) at the end of the period indicated:

<table>
<thead>
<tr>
<th>Cumulative GPA</th>
</tr>
</thead>
<tbody>
<tr>
<td>After 0-15 Attempted Hours:</td>
</tr>
<tr>
<td>After 16-30 Attempted Hours:</td>
</tr>
<tr>
<td>After 31-45 Attempted Hours (and thereafter):</td>
</tr>
</tbody>
</table>

NOTE: For the purpose of academic standing, a student who enters Appalachian as an undergraduate transfer will have the credit hours accepted from other collegiate institutions converted to semesters in residence at Appalachian. The conversion ratio is fifteen to one: i.e., fifteen semester hours of transfer credit is equivalent to one semester in residence.

Failure to earn a grade-point average indicated above will automatically place the student on academic probation during the semester that follows. (The grade-point average at Appalachian is computed only on the basis of coursework taken at Appalachian; i.e., grades earned on coursework taken at other collegiate institutions or by correspondence will not be computed in or allowed to affect the grade-point average at Appalachian.)

While on probation, however, a student will, within the limits prescribed below, be allowed to continue:

1. An undergraduate, whether admitted as a freshman, a transfer, or a special (non-degree seeking) student, will be allowed to enroll for a maximum of two (2) academic terms while on probation.
2. The dean of a college or school or the Director of General Studies can attach specific requirements before enrollment on probation is approved. These requirements may include special advising sessions, a limitation on the number of hours for which the student may enroll, the requirement that certain courses be repeated, enrollment in developmental courses, etc.

If a student uses the two terms of academic probation mentioned above, but again fails to earn a cumulative grade-point average sufficient to place her or him in good academic standing, that student will be automatically suspended from further enrollment at Appalachian.
Academic Regulations

Appalachian. At that point, the student’s only recourse is to enroll during the University’s summer terms until such time that the grade-point average places her or him in good academic standing. (A summer term does not count as a semester in residence for the purpose of computing academic eligibility. Undergraduate students in academic difficulty—probation or suspension—may always attend Appalachian during the summer.)

Students may apply for readmission under specific “Forgiveness Policies.”

Field-Based Option
In fulfilling its obligation as a regional university, Appalachian State University provides an opportunity for persons seeking a degree to pursue the degree in field-based programs established by special arrangement. Designed primarily for other than full-time students, the field-based degree program provides the opportunity for such persons to extend or update their academic credentials. For details regarding these degree programs, contact the Office of Extension and Distance Education at (828) 262-3113.

Independent Study
Independent study is the term applied to the study of a subject not listed in the regular curricular offerings. Under the independent study program, a student designs a project and then individually pursues the study under the auspices of an instructional staff member who serves as a consultant for the student during the course of the study. The student must be either degree seeking, working toward teacher licensure or have special permission from the dean. In all cases, permission from the departmental chair (in which the course is offered) will need to be secured. The vehicles for this are course numbers 2500, 3500, 4500, 5500, 6500 and 7500 depending on the level of the student. For information on independent study, students should consult the chair of the department in which the independent study is to be done.

Individual Study
Individual study is the pursuit of a regularly listed course by a student without attending classes on a regular basis. The student must be either degree seeking, working toward teacher licensure or have special permission from the dean. In all cases, permission from the departmental chair (in which the course is offered) will need to be secured. If the departmental chair approves, then she or he will suggest one or more faculty members in the department who might supervise the student in the course. If the faculty member agrees to supervise the student, the student and faculty member will work out the method of study. The grade for the course will be submitted to the Registrar in the regular way at the end of the semester in which the project is completed.

Institutional Credit
Courses numbered less than 1000 (excluding applied music courses, major-principal, MUS 0401-0499) are taken for “institutional credit” only. These courses do not count for graduation, but are computed in the student’s GPA (the hours count toward full-time student eligibility, but do not count as hours earned for graduation). Institutional credit courses will not be used in determining eligibility for honors.

Instructional Assistance Program
The instructional assistance program is designed for students interested in participating, for academic credit, in supervised experiences in the instructional process on the University level through direct participation in classroom situations. Students with junior or senior standing are eligible to participate in this program. An undergraduate student may include a maximum of 3 semester hours credit under the Instructional Assistance Program toward meeting graduation requirements. For further information, the student should contact the chair of the department in which she/he wishes to engage in instructional assistance.

Internship
Anyone seeking to pursue an internship must be either degree seeking, working toward teacher licensure or have special permission from the dean.

All internships are to be graded on an S/U basis. To register for an internship, a "Special Course Form" must be completed with departmental signatures before obtaining the Dean’s signature.

Most, if not all, internship hosts require professional liability insurance prior to a student’s participation in an internship or practicum. Appalachian State University requires coverage for all students enrolled in internship or practicum courses, except student teaching. When registered for an internship, a fee is applied to the student’s account for instatement of professional liability insurance coverage.

The following administrative policy governs internships:
1. An applicant for an internship must be working within a reasonable distance of the University.
2. The number of registrants for the internship is limited.
3. The intern must work under a fully licensed supervisor.
4. The supervisor must express a willingness to supervise the work and provide the experience necessary for the intern.

Credit by Examination
Not all courses are amenable to credit by examination, but many are. Students who wish to challenge a regularly listed course should consult with the appropriate departmental chair. If arrangements can be made, a fee of $50.00 is charged for each examination and a receipt from the Student Accounts Office must be shown to the departmental chair before final approval can be given. If the examination is passed, credit without grade will be noted on the student's transcript. The departmental chair will notify the Registrar's Office, in writing, to enter the credit on the permanent record and notify the cashier, in writing, to reimburse the faculty member who administered the examination. If the examination is not passed, no notation is made on the transcript. In the case of freshmen who take placement examinations during the freshman orientation period, the fee is waived.

Anyone seeking credit by examination must be either degree seeking or taking courses for teacher licensure. Credit by examination cannot be used to repeat a course, nor can it be used to meet the University's residency requirements for graduation.

Credit for Life Experience
Persons interested should see the Coordinator of Credit for Life Experience in the Orientation and Academic Advising Center.

In exceptional cases, credit can be awarded for prior non-college-based learning if the credit sought is related to the student's degree program (i.e. core curriculum, major or licensure requirements). Assessment of prior learning can commence only after a student has been admitted to the University and has declared a major.

The student will first meet with the designated General Studies representative who will help in defining the areas or disciplines in which appropriate creditable learning may have occurred. Actual assessment is conducted by a faculty member in the appropriate academic area. A $100.00 fee for each area of assessment will be charged. Payment is made to the Student Accounts Office.

Note: Anyone seeking credit for life experience must be either a candidate for an undergraduate degree at Appalachian or taking courses for teacher licensure. Credit for life experience cannot be used to repeat a course, nor can it be used to meet the University’s residency requirements for graduation.

Veterans’ Academic Credit
Appalachian grants eight semester hours of academic credit to most veterans including six semester hours in military science (ROTC) and two hours in physical education. The University may grant specific course credit for completion of certain types of military schools and for some USAFI and CLEP work. Information on veterans’ academic credit is available at the Registrar's Office.

Honors
To encourage scholarship, the University officially recognizes students who distinguish themselves in academic pursuits. Honors day is observed for all students qualifying for scholastic honors, and each honor student is awarded a certificate.

The Gamma Beta Phi Society is a national honor and service organization for students who have earned at least 14 semester hours with a cumulative 3.25 grade-point average.

Alpha Chi, a national scholastic fraternity, is open to not more than the top ten percent of the junior and senior classes who have a grade-point average of not less than 3.50. Phi Kappa Phi, a national scholastic fraternity, honors outstanding scholarship among graduating seniors in each of the colleges who have attained at least a 3.70 grade point average. Occasionally, Phi Kappa Phi taps several outstanding junior scholars for membership.

Only those courses earning credit toward graduation will be used in determining eligibility for honors.

Chancellor's List
The Chancellor's list was created to provide higher recognition to those full-time students who receive a grade-point average of 3.85 or higher in any semester.

An undergraduate student who carries 12 semester hours or more of coursework on which grade points are computed and who attains a grade-point average of 3.85 or better is placed on the chancellor's list of honor students for that semester.

Only those courses earning credit toward graduation will be used in determining eligibility for honors.

Dean's List
An undergraduate student who carries 12–14 semester hours of coursework on which grade points are computed and who attains a grade-point average of 3.45 or better is placed on the dean's list of honor students for that semester.

An undergraduate student who carries 15 semester hours or more of coursework on which grade points are computed and who att-
Academic Regulations

A student who shows exceptional initiative, scholarship, and excellence in student teaching may be designated and recognized as an honor teacher. The honor will be entered on the student’s official record.

Graduation

Degrees are conferred and diplomas are mailed at the close of each academic term (fall, spring, summer). Formal graduation ceremonies, however, are held only at the close of fall and spring terms.

Candidates for the baccalaureate degree and/or North Carolina teacher licensure must file an application with the Registrar’s Office at the beginning of the term in which graduation requirements will be completed. At the beginning of each term, the Registrar’s Office will notify all seniors ostensibly eligible to graduate (i.e., those currently enrolled for a sufficient number of hours to meet the University requirement) of the required procedure and deadline date. Exceptions to the deadline date will be made ONLY by the Registrar’s Office.

Graduation with Degree Honors

To be eligible for graduation with honors, an undergraduate student must complete, in residence at Appalachian, a minimum of either four semesters in full-time attendance (defined as twelve or more credit hours per semester), or a total of 58 semester hours. (Note: Credit for which a grade is not awarded will not be used in the determination of honors—e.g., APP, CLEP, credit by examination, credit for military service, credit for prior learning, etc.) A minimum grade-point average of 3.45 is required for graduating cum laude; a minimum grade-point average of 3.65 is required for graduating magna cum laude; and a minimum grade-point average of 3.85 is required for graduating summa cum laude.

Graduation with Honors for Undergraduate Students Seeking Second Degree

In determining qualification for graduation with honors for Appalachian State University students seeking two degrees or a second degree, all work taken at Appalachian must be considered in the calculation of their grade-point average (GPA).

Students who have completed one degree at another institution and are seeking a second degree at Appalachian must complete, in residence at Appalachian, a minimum of either four semesters in full-time attendance or a total of 58 semester hours to be eligible to graduate with honors from Appalachian State University.

Transcripts

Transcripts must be requested in writing from the Registrar’s Office. Transcripts will not be issued to students having unpaid accounts with the University.
The Undergraduate Curriculum

Appalachian State University’s undergraduate program seeks to educate men and women for the twenty-first century. It introduces students to Appalachian’s broad vision of University study, its unique academic community and its commitment to knowledge, truth and excellence. At the same time, it seeks to stimulate student growth and development by equipping graduates with the intellectual skills and essential knowledge needed to meet the challenges of the future. The undergraduate curriculum also offers students the opportunity to prepare for productive careers or advanced studies.

Stated below are the educational goals for every baccalaureate level graduate of Appalachian State University:

1. Breadth of knowledge through the study of the arts, the humanities, mathematics, the natural sciences and the social sciences
2. Depth of knowledge in at least one area of study
3. Effective communications skills
4. An enhanced capacity for logical and creative thinking, analysis, synthesis and evaluation
5. The ability to apply methods of inquiry
6. Computational skills and the ability to interpret numerical data
7. An understanding of the interrelatedness of knowledge
8. An awareness of the world’s diversity of cultural and national experiences, identities and values
9. An understanding of the issues and problems facing the contemporary world
10. An understanding of, and respect for, diverse opinions and ideas
11. An awareness of ethical issues and ethical behavior
12. A commitment to learning as a lifelong process

In support of the goals, Appalachian State University will provide:

13. An intellectually and aesthetically stimulating atmosphere throughout the University
14. An environment that encourages interaction among members of the University community
15. A variety of learning experiences, both within and outside the classroom
16. Experiences that promote personal growth and development
17. An environment that fosters a commitment to public responsibility and community service
18. Opportunities to develop career goals and to prepare for specific careers

The full curriculum for all degrees is comprised of the core curriculum, the major, the minor and/or electives.

A. The Major

Designed and supervised by instructional departments, the major requires detailed study in a discipline or interdisciplinary field with a designated number of hours of coursework in the discipline or field beyond the Core Curriculum. It will also advance Appalachian’s Core Curriculum goals by requiring at least two courses designated as writing “W” and one speaking “S”, provide evidence of proficiency in communications, offer opportunities to use computers and apply computational skills where appropriate. The major will also support the University’s educational goals by encouraging awareness of cultural diversity, pointing out issues and problems facing the contemporary world, introducing students to the methods of inquiry utilized in the discipline, fostering an understanding of and respect for diverse opinions and ideas, encouraging a commitment to lifelong learning, informing students about the ethical issues and ethical behavior expected from them in their academic life and future careers, and providing information about suitable careers.

Appalachian State University offers the following degree programs at the undergraduate level. Appalachian’s internal major codes, the CIP codes, and the concentration codes are shown in parentheses after each degree and concentration. For specific degree requirements, see the appropriate college/school/department in this Undergraduate Bulletin.

College of Arts and Sciences

Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with concentrations in Anthropology (291B)[T], Economics (291C)[T], Geography (291D)[T], History (291E)[T], Political Science (291F)[T], and Sociology (291G)[T]

DEPARTMENT OF ANTHROPOLOGY

Bachelor of Arts degree in Anthropology (202*/45.0201) with concentrations in Applied Anthropology (202B), Archeology (202D), and General Anthropology (202C)

Bachelor of Science degree in Anthropology (201A/45.0201)

Bachelor of Science degree in Anthropology (201*/45.0201) with a concentration in Sustainable Development (201B)
DEPARTMENT OF BIOLOGY
Bachelor of Arts degree in Biology (208A/26.0101)
Bachelor of Science degree in Biology/Ecology & Environmental Biology (205*/26.1301) with concentrations in Basic Science (205B), Business (205E), Geography and Landscape Ecology (205C), and Sustainable Development (205D)
Bachelor of Science degree in Biology, Pre-Professional (203A/26.0101)
Bachelor of Science degree in Biology, Secondary Education (209A/13.1322)[T]
Bachelor of Science degree in Clinical Laboratory Sciences (221A/51.1005)

DEPARTMENT OF CHEMISTRY
Bachelor of Arts degree in Chemistry (216A/40.0501)
Bachelor of Science degree in Chemistry (214*/40.0501) with concentrations in Certified Chemist (214B), Environmental (214G), Forensic Science (214H), Individually Designed (214F), Marketing and Business (214D), and Preprofessional and Paramedical (214E)
Bachelor of Science degree in Chemistry, Secondary Education (215A/13.1323)[T]

DEPARTMENT OF COMPUTER SCIENCE
Bachelor of Science degree in Computer Science (219A/11.0701)

DEPARTMENT OF ECONOMICS
Bachelor of Arts degree in Economics (107*/45.0601) with concentrations in Environmental Economics and Policy (107B), General Economics (107C), International Economics (107D), and Regional Economic Development (107E)

DEPARTMENT OF ENGLISH
Bachelor of Arts degree in English (233A/23.0101)
Bachelor of Arts degree in English (233*/23.0101) with concentrations in Creative Writing (233B), Film Studies (233D), and Professional Writing (233C)
Bachelor of Science degree in English, Secondary Education (234A/13.1305)[T]

DEPARTMENT OF FOREIGN LANGUAGES AND LITERATURES
Bachelor of Arts degree in French (238A/16.0901)
Bachelor of Science degree in French, Education (236A/13.1325)[T]
Bachelor of Arts degree in Spanish (286A/16.0905)
Bachelor of Science degree in Spanish, Education (298A/13.1330)[T]

DEPARTMENT OF GEOGRAPHY AND PLANNING
Bachelor of Science degree in Community and Regional Planning (218A/04.0301)
Bachelor of Arts degree in Geography (242A/45.0701)
Bachelor of Science degree in Geography (241*/45.0701) with concentrations in General Geography (241C) and Geographic Information Systems (241D)

DEPARTMENT OF GEOLOGY
 Bachelor of Arts and Bachelor of Science degrees in Geology (244A/40.0601)
Bachelor of Science degree in Geology (259*/40.0601) with concentrations in Environmental Geology (259C) and Paleontology (259D)
Bachelor of Science degree in Geology, Secondary Education (243A/13.1399)[T]

DEPARTMENT OF HISTORY
Bachelor of Arts degree in History (254A/54.0101)
Bachelor of Science degree in History (246*/54.0101) with concentrations in Applied and Public History (246B) and Multidisciplinary (246C)
Bachelor of Science degree in History, Secondary Education (247A/13.1328)[T]
The Undergraduate Curriculum

DEPARTMENT OF INTERDISCIPLINARY STUDIES
Bachelor of Arts degree in Interdisciplinary Studies (250*/24.0101) with concentrations in American Studies (250B), Appalachian Studies (250C), Environmental Policy and Planning (250D), Individually Designed (250E), International Studies: Asia (250F), International Studies: East European/Russian/Central Asian Studies (250Q), International Studies: Germany (250P), International Studies: Latin America (250G), International Studies: Modern Europe (250H), International Studies: Third World (250J), Internet Studies (250Q), Labor Studies (250S), Liberal Studies: Modern Period (250L), Sustainable Development (250R), and Women’s Studies (250N)

DEPARTMENT OF MATHEMATICAL SCIENCES
Bachelor of Science degree in Actuarial Sciences (106A/52.1304)
Bachelor of Arts degree in Mathematics (261A/27.0101)
Bachelor of Science degree in Mathematics (260*/27.0101) with concentrations in Applied Mathematics (260C) and General Mathematics (260B)
Bachelor of Science degree in Mathematics, Secondary Education (262A/13.1311)[T]
Bachelor of Science degree in Statistics (289A/27.0501)

DEPARTMENT OF PHILOSOPHY AND RELIGION
Bachelor of Arts degree in Philosophy (101A/38.0101)
Bachelor of Arts degree in Religious Studies (102A/38.0201)

DEPARTMENT OF PHYSICS AND ASTRONOMY
Bachelor of Arts degree in Physics (269A/40.0801)
Bachelor of Science degree in Physics (270*/40.0801) with a concentration in Applied Physics (270B)
Bachelor of Science degree in Physics, Secondary Education (266A/13.1329)[T]

DEPARTMENT OF POLITICAL SCIENCE/CRIMINAL JUSTICE
Bachelor of Science in Criminal Justice degree (220A/43.0104)
Bachelor of Arts degree in Political Science (271A/45.1001)
Bachelor of Science degree in Political Science (272*/45.1001) with concentrations in American Politics (272C), International and Comparative Politics (272D), Media, Politics and Campaigns (272E), Pre-Professional Legal Studies (272J), Public Management (272H), Public Policy (272G), and Town, City and County Management (272I)

DEPARTMENT OF PSYCHOLOGY
Bachelor of Arts degree in Psychology (251A/42.0101)
Bachelor of Science degree in Psychology (252*/42.0101) with concentrations in Business (252D), Health Studies (252E), Human Services (252F), Natural Science (252C), and Social Science (252G)

DEPARTMENT OF SOCIOLOGY AND SOCIAL WORK
Bachelor of Social Work degree (281A/44.0701)
Bachelor of Arts degree in Sociology (290A/45.1101)
Bachelor of Science degree in Sociology (284*/45.1101) with concentrations in Applied Research Methods (284D), Criminology and Social Control (284E), Family Development (284F), Gerontology (284G), Individually Designed (284I), Legal Studies (284H), and Social Inequalities (284K)

Walker College of Business
Bachelor of Science in Business Administration degree in International Business (337A/52.1101)

DEPARTMENT OF ACCOUNTING
Bachelor of Science in Business Administration degree in Accounting (301A/52.0301)

DEPARTMENT OF COMPUTER INFORMATION SYSTEMS
Bachelor of Science in Business Administration degree in Computer Information Systems (310A/52.1201)
DEPARTMENT OF ECONOMICS
Bachelor of Science in Business Administration degree in Economics (316A/45.0601)

DEPARTMENT OF FINANCE, BANKING AND INSURANCE
Bachelor of Science in Business Administration degree in Finance and Banking (326A/52.0801)
Bachelor of Science in Business Administration degree in Risk Management and Insurance (380A/52.1701)

DEPARTMENT OF MANAGEMENT
Bachelor of Science in Business Administration degree in Health Care Management (328A/51.0701)
Bachelor of Science in Business Administration degree in Hospitality and Tourism Management (371A/52.0901)
Bachelor of Science in Business Administration degree in Management (355*/52.0201) with concentrations in entrepreneurship (355B), general Management (355C), and Human Resource Management (355D)

DEPARTMENT OF MARKETING
Bachelor of Science in Business Administration degree in Marketing (352A/52.1401)

Reich College of Education

DEPARTMENT OF CURRICULUM AND INSTRUCTION
Bachelor of Science degree in Business Education (407*/13.1303)[T] with concentrations in Business Education (407B)[T], and Business and Marketing Education (407C)[T]
Bachelor of Science degree in Elementary Education (441A/13.1202)[T]
Bachelor of Science degree in Health Education, Secondary Education (403A/13.1307)[T]
Bachelor of Science degree in Middle Grades Education (470*/13.1203)[T] with concentrations in Language Arts (470B)[T], Mathematics (470C)[T], Science (470D)[T], and Social Studies (470E)[T]

DEPARTMENT OF LANGUAGE, READING AND EXCEPTIONALITIES
Bachelor of Science degree in Communication Disorders (494A/51.0201)
Bachelor of Science degree in Special Education (478*/13.1011)[T] with concentrations in Adapted Curriculum K-12 (478C)[T] and General Curriculum K-12 (478B)[T]

College of Fine and Applied Arts

DEPARTMENT OF ART
Bachelor of Arts degree in Art (504*/50.0701) with concentrations in Art History (504B), Interdisciplinary Art (504D), and Studio Art (504C)
Bachelor of Science degree in Art Education (K-12) (502A/13.1302)[T]
Bachelor of Science degree in Art Management (523A/50.0704)
Bachelor of Fine Arts degree in Graphic Design (511A/50.0409)
Bachelor of Fine Arts degree in Studio Art (513A/50.0702)

DEPARTMENT OF COMMUNICATION
Bachelor of Science degree in Communication, Advertising (507A/09.0903)
Bachelor of Science degree in Communication, Electronic Media/Broadcasting (525A/09.0701)
Bachelor of Science degree in Communication, Journalism (517A/09.0401)
Bachelor of Science degree in Communication, Public Relations (521A/09.0902)
Bachelor of Science degree in Communication Studies (585A/09.0101)

DEPARTMENT OF FAMILY AND CONSUMER SCIENCES
Bachelor of Science degree in Apparel and Textiles (500A/19.0901)
The Undergraduate Curriculum

Bachelor of Science degree in Child Development (510*/19.0706) with concentrations in Family and Consumer Sciences (510F) and Psychology (510D)

Bachelor of Science degree in Child Development: Birth Through Kindergarten (524A/13.1209)[T]

Bachelor of Science degree in Family and Consumer Sciences, Secondary Education (526*/13.1308)[T] with a concentration in Consumer Education (526D)[T]

Bachelor of Science degree in Foods and Nutrition (520*/19.0501) with concentrations in Foods and Nutrition, General (520C), and Foodsystems Management (520B)

DEPARTMENT OF HEALTH, LEISURE AND EXERCISE SCIENCE
Bachelor of Science degree in Athletic Training (565A/51.0913)

Bachelor of Science degree in Exercise Science (567*/31.0505) with concentrations in Pre-Professional (567B), Strength and Conditioning (567D), and Wellness/Cardiac Rehabilitation (567C)

Bachelor of Science degree in Health Promotion (509A/51.2207)

Bachelor of Science degree in Physical Education Teacher Education, K-12 (564A/13.1314)[T]

Bachelor of Science degree in Recreation Management (574*/31.0301) with concentrations in Commercial Recreation and Tourism Management (574G), Outdoor Experiential Education (574F), and Recreation and Park Management (574E)

DEPARTMENT OF NURSING
Bachelor of Science degree in Nursing (RN to BSN) (563A/51.1601)

DEPARTMENT OF TECHNOLOGY
Bachelor of Science degree in Appropriate Technology (578A/15.0505)

Bachelor of Science degree in Building Sciences (577B/52.2001) with concentrations in Architectural Technology and Design (577B) and Construction Management (577C)

Bachelor of Science degree in Graphic Arts and Imaging Technology (572A/50.0409)

Bachelor of Science degree in Industrial Design (576*/50.0404) with concentrations in Furniture Design (576B) and Product Design (576C)

Bachelor of Science degree in Interior Design (550A/50.0408)

Bachelor of Science degree in Technical Photography (579A/50.0406)

Bachelor of Science degree in Technology Education (545*/13.1309)[T] with concentrations in Technology Education, Secondary Education (545B)[T] and Trade and Industry (545C)[T]

DEPARTMENT OF THEATRE AND DANCE
Bachelor of Arts degree in Dance Studies (581A/50.0301)

Bachelor of Science degree in Teaching Theatre Arts, K-12 (589A/13.1324)[T]

Bachelor of Arts degree in Theatre Arts (591*/50.0501) with concentrations in General Theatre (591B), Performance (591C), and Theatre Design/Technology (591D)

Hayes School of Music

Bachelor of Music degree in Music Education (552*/13.1312)[T] with concentrations in General Music Education (K-12) (552B)[T] and Instrumental Music Education (K-12) (552C)[T]

Bachelor of Science degree in Music Industry Studies (557A/50.0909)

Bachelor of Music degree in Performance (554*/50.0903) with concentrations in Composition and Theory (554C), Sacred Music (554B), Instrument/Bassoon (554E), Instrument/Cello (554F), Instrument/Clarinet (554G), Instrument/Flute (554H), Instrument/French Horn (554I), Instrument/Guitar (554K), Instrument/Harp (554L), Instrument/Oboe (554M), Instrument/Organ (554N), Instrument/Percussion (554O), Instrument/Piano (554P), Instrument/Saxophone (554Q), Instrument/String Bass (554R), Instrument/Trombone (554T), Instrument/Trumpet (554U), Instrument/Tuba (554V), Instrument/Viola (554W), Instrument/Violin (554X), Instrument/Voice (554Y), and Instrument/Euphonium (554Z)

Bachelor of Music degree in Music Therapy (553A/51.2305)
B. The Core Curriculum

The Core Curriculum provides a foundation for the liberal education of every undergraduate at Appalachian. It also serves as a framework for students to engage in common and unifying learning experiences within the diversity of the University. Core Curriculum courses are intended for the non-specialist/non-major and are designed to broaden awareness, cultivate the intellect and develop lifelong learning skills. Each Core Curriculum requirement advances the objectives of one or more of Appalachian’s educational goals. The ultimate aim of the Core Curriculum is to enable our students to make informed, creative and responsible contributions to our changing world.

The Core Curriculum has two parts. First is a set of core courses required in all undergraduate degrees which are listed in #1 below. Second are additional requirements called special designator courses which are described and listed in #2 below.

1. Core Courses (44 semester hours)

Minimum Criteria for Core Curriculum Courses

All Core Curriculum courses shall:
— introduce students to a major body of knowledge in one or more disciplines
— explore the major concepts, methodologies, sources of evidence and critical reasoning skills utilized in these fields of knowledge
— explain the importance of the subject to liberal arts education and the student's future
— cultivate learning skills that can be utilized throughout a university career and after

The following are required:

a. English (6 semester hours)

ENG 1000(W)–ENG 1100(W) required.

English Honors ENG 1510(W) substitutes for ENG 1100(W).

While the majority of freshmen will enroll in ENG 1000, selected categories of students will be required to take an English placement test during Orientation. Based on the results of this test, students will be placed in either ENG 0900 (a developmental course), ENG 1000, or ENG 1100.

Transfer students who have not completed the equivalent of ENG 1000 will be required to take an English placement test during orientation. Based on the results of this test, the student will be placed into either ENG 0900 (a developmental course), ENG 1000 or ENG 1100.

Until these requirements are met, students may not take any other "W" designated course.

b. Humanities (12 semester hours)

Four courses must be selected from at least three areas listed below. One of the courses must be literature and one must be from the fine arts (ART, DANCE, MUSIC or THEATRE). COURSES APPROVED FOR LITERATURE ARE MARKED WITH AN ASTERISK.

[See the NOTE below (at the end of this section) regarding the Foreign Language Placement Exam requirement.]

Appalachian Studies: AS 2016, AS 2410(W,MC,CD)
Art: ART 2011, ART 2013(W,MC,CD), ART 2030(MC), ART 2130(W,MC)
Chinese: CHN 1040(MC), CHN 1050(MC)
Dance: DAN 2014(MC), DAN 3430(W,MC)

ENG 2170 (counts as a separate area; does not fulfill literature)

Foreign Languages and Literatures: FL 2010*(MC), FL 2025*(MC), FL 2510*(MC)
French: FRE 1040(MC), FRE 1050(MC), FRE 1060(MC), FRE 3030*(W,MC), FRE 3040(W,MC)
German: GER 1040(MC), GER 1050(MC), GER 1060(MC), GER 3015*(W,MC), GER 3025*(W,MC), GER 3050(MC), GER 3055(W,MC), GER 3550(W,MC)
Honors: HON 1515(W,S,MC,CD,ND,C), HON 2515(W,S,MC,CD,ND,C), HON 3515(W,S,MC,CD,ND,C). (Those designated as humanities; see instructor. Designators approved on a semester-by-semester basis.)

Interdisciplinary Studies: IDS 1101, IDS 1103; IDS 1102, IDS 1104; IDS 2201-IDS 2206 (W,S,MC,CD) (PRIORITY ENROLLMENT GIVEN TO WATAUGA RESIDENTIAL COLLEGE STUDENTS); (Designators approved on a semester-by-semester basis.); IDS 2410(W,MC,CD), IDS 2420(W,MC,CD)
Japanese: JPN 1040(MC), JPN 1050(MC)
Latin: LAT 1040(MC), LAT 1050(MC), LAT 3010*(MC), LAT 3020(MC)
The Undergraduate Curriculum

FOR MUSIC MAJORS ONLY: MUS 1611(W,MC), MUS 2611(MC,CD), MUS 2612(W,MC,CD), MUS 3611(W,MC,CD)

Philosophy: PHL 1000, PHL 1040(W), PHL 1100, PHL 2000, PHL 2013(W,MC,CD and counts as Humanities/Fine Arts), PHL 2015(W,MC,CD), PHL 3013(W,CD), PHL 3600(W)

Russian: RSN 1040(MC), RSN 1050(MC)

Spanish: SNH 1040(MC), SNH 1050(MC), SNH 1060(MC), SNH 3015*(W,MC), SNH 3025*(W,MC), SNH 3050(W,MC), SNH 3055(W,MC)

Theatre: THR 2011, THR 2015(MC,CD), THR 2610(W,S), THR 3640(S), THR 3730(W,MC,CD), THR 3733(W,MC,CD), THR 3735(W,MC,CD)

Foreign Language Placement Exam Requirement: In French, German, Latin, and Spanish, and in other languages where available, a language placement exam is required of all entering students and all upper-level students who have not previously taken the placement test before enrolling in their first language course at Appalachian. The placement exam score remains valid for two years and then must be retaken before a student may enroll in a first foreign language course at Appalachian.

Students are expected to enroll in the course indicated by the results of their exam. When warranted, a student's placement level may be adjusted after consultation with the foreign language advisor.

A student who enrolls in a course lower than the placement level indicated will not be granted credit for the course. Courses taken below the placement level count as credit toward course load and full-time student eligibility, but do not count toward hours required for graduation and will not be calculated as part of the GPA.

Placement credit will be awarded to students ONLY if they successfully complete (with a "C" or better) the course they score into. Placement credit will be awarded in the following manner:

- Students placing into and successfully completing 1020 receive placement credit for 1010.
- Students placing into and successfully completing 1040 receive placement credit for 1010 and 1020.
- Students placing into and successfully completing 1050 receive placement credit for 1020 and 1040.
- Students placing into the 2000 level (advanced) may choose any 2000 level class as a validation course. Successfully completing the 2000 level class would gain placement credit for 1040 and 1050.

Transfer students with college credit in a foreign language who wish to continue in the same language are not required to take the placement test. However, transfer students are encouraged to consult with the faculty advisor for that language.

c. Social Sciences (12 semester hours)

Students may fulfill the SOCIAL SCIENCES core requirement in one of the following two ways:

(1) History: HIS 1101(MC)–HIS 1102(MC) required. HIS 1510(W,MC)–HIS 1515(W,MC) will substitute for HIS 1101-HIS 1102. In addition, two courses must be selected from the list below. The courses must be from different areas.

or

(2) Students who received a grade of "A" in their high school World Civilization/World History course may opt to take HIS 1103(MC) instead of HIS 1101(MC)–HIS 1102(MC). Honors students who received a grade of "A" in their high school World Civilization/World History course may fulfill the World Civilization requirement with HIS 1510(W,MC) or HIS 1515(W,MC). In addition, THREE courses must be selected from the list below. The courses must be from at least two different areas.

Anthropology: ANT 1215(MC), ANT 1220, ANT 2335(MC), ANT 2420(MC)

Appalachian Studies: AS 2411(W,MC,CD)

Economics: ECO 1010, ECO 2030

Family and Consumer Sciences: FCS 2103(C) (Students are allowed to take either FCS 2103 or SOC 1110, but not both to meet core curriculum social science requirements.)

Geography: GHY 1010 or GHY 1510, GHY 1020(MC) or GHY 1515(MC), GHY 1040(MC); Planning: PLN 2410(CD) or PLN 2510

Honors: HON 1515(W,S,MC,CD,ND,C), HON 2515(W,S,MC,CD,ND,C), HON 3515(W,S,MC,CD,ND,C) (Those designated as social sciences; see instructor. Designators approved on a semester-by-semester basis.)

Interdisciplinary Studies: IDS 1101, IDS 1103; IDS 1102, IDS 1104; IDS 2201-IDS 2206(W,S,MC,CD) (PRIORITY ENROLLMENT GIVEN TO WATAUGA RESIDENTIAL COLLEGE STUDENTS); (Designators approved on a semester-by-semester basis.); IDS 2411(W,MC,CD), IDS 2421(MC,CD)

Political Science: PS 1000(MC), PS 1100, PS 1200, PS 1201(S), PS 2120(MC), PS 2130, PS 2240(MC)

Psychology: PSY 1200

Recreation Management: RM 2400(CD)

Social Work: SW 2020

Sociology: SOC 1000, SOC 1100, SOC 1110, SOC 2700, SOC 2850(W) (Students are allowed to take either FCS 2103 or SOC...
The Undergraduate Curriculum

1110, but not both to meet core curriculum social science requirements.)
Technology: TEC 2029(W,MC,CD)

d. Natural Sciences (8 semester hours)
The science requirement may be met by taking a minimum of eight semester hours of the same science or by completing the eight semester hour mini-course sequence. (However, six semester hours is often accepted for transfer students.) Selections will be from one of the sequences listed below, or from eight semester hours approved by the appropriate departmental chair. [NOTE: FOR MUSIC THERAPY MAJORS ONLY: Completion of BIO 1101 (4 s.h.) AND ES 2000 (5 s.h.) will fulfill the science sequence requirement in the core curriculum.]
Astronomy: AST 1001(ND) - AST 1002(ND)
Biology: BIO 1101(ND) - BIO 1102(ND)
Chemistry: CHE 1101(ND), CHE 1110 and CHE 1102(ND), CHE 1120
Geology: GYL 1101(ND) - GYL 1102(CD,ND); GYL 1101(ND) - GYL 1103(ND); GYL 1510(W,ND) - GYL 1511(W,ND)
Physics: PHY 1101(ND) - PHY 1102(ND); PHY 1103(ND) - PHY 1104(ND); PHY 1150(ND) - PHY 1151(ND)

Mini-Course Sequence: (NOTE: This sequence consists of four parts taught over two semesters. All four parts in sequence must be completed to meet the science requirement): General Science Physics GSP 1010(ND) OR General Science Astronomy GSA 1010(ND) AND General Science Chemistry GSC 1020(ND), followed by General Science Geology GSG 1030(ND) AND General Science Biology GSB 1040(ND).
e. Mathematics (4 semester hours)
Mathematics: MAT 1010(CD,ND,C), MAT 1020(ND), MAT 1025(ND), MAT 1030(ND,C), MAT 1110(ND), MAT 1120(ND)

Students WITHOUT equivalent math credit and SATM scores less than 520 or ACT Math scores less than 22 are required to take the math placement test. Before taking any numerical data “ND” special designator courses, students must do one of the following:
— Pass the placement test
— Pass MAT 0010
— Transfer equivalent math credit
— Score 520 or better on the SATM or 22 or better on the ACT Math

f. Physical Activity/Wellness (2 semester hours)
Dance: DAN 1400, DAN 1410, DAN 1420, DAN 2400, DAN 2410, DAN 2420, DAN 3480, DAN 3580
Family and Consumer Sciences: FCS 2202
Health Promotion: HP 1105
Military Science and Leadership: MSL 1101, MSL 1102
Music: MUS 1100
Physical Education Activity courses, numbered PE 1000 - PE 1049, PE 1057, PE 1071- PE 1080
FOR PHYSICAL EDUCATION TEACHER EDUCATION MAJORS ONLY: PE 3008

2. Special Designator Requirements
In addition to Core Curriculum courses, students must also complete a number of specially designated courses distributed throughout the curriculum. Some introduce students to essential skills and knowledge in Core Curriculum courses, while others in the major and advanced courses reinforce and expand upon the skills and knowledge acquired at the introductory level.

Summary of Special Designator Requirements
6 W (Writing) courses (includes ENG 1000 & ENG 1100; two courses must be in the major)
4 MC (Multi-Cultural) courses (HIS 1101, HIS 1102 and two additional MC courses)
2 ND (Numerical Data) courses
   (ND Prerequisite: passing the math placement test or successful completion of MAT 0010)
2 C (Computer) courses
1 S (Speaking) course (must be taken in the major)
1 CD (Cross-Disciplinary) course
CPC (Certified Proficiency in Communications) within major department

Note: With the exceptions indicated above, courses that meet designator requirements can come from the Core Curriculum, the major, the minor, and/or electives. For those required “in the major,” major is defined as any course specified as a requirement within that particular program of study whether inside or outside the major department. If a course is assigned a special designator, all sections of the course will carry that designator.
The Undergraduate Curriculum

**a. Communications Skills**

The ability to write and speak clearly and effectively is a mark of an educated person. These skills must be practiced throughout the curriculum. Appalachian students are required to complete six writing intensive courses, two of which must be ENG 1000–ENG 1100, and two of which must be in the major. These courses must contain substantial writing that is evaluated not only on the basis of content, but also on clarity, effectiveness and mechanical correctness. Each writing intensive course will be designated “W” (Writing).

All students will also take one course that requires formal speaking. Designated with an “S” (Speaking), this course must require oral presentations of a formal nature that are evaluated not only on content, but also on quality of presentation. The speaking course must be taken in the major, though not necessarily within the major department.

As a graduation requirement, each department is responsible for certifying proficiency in writing and speaking for each of its majors. Students seeking a major must contact their major department for requirements for certification.

**b. Computational Skills**

It is increasingly important for students to understand, use, and interpret numerical data and be familiar with computers. The centrality of numbers and computers in almost every profession or career, as well as in daily life, makes it essential for students to become familiar with the application of mathematical principles and computers.

To achieve a practical understanding of numerical data, all students will be required to take two courses that include, for example, substantial use and interpretations of statistics and graphs. Such courses will be designated “ND”. (Prerequisite: Students will be required to pass the math placement test or successful completion of MAT 0010 before taking an “ND” special designator course.)

To strengthen computer skills, all students are required to take at least two courses that require substantial use of computers. Such courses will be designated “C” courses. Computer use in “C” courses must be integral to course content. Computer tasks may include, but are not limited to:

- use of discipline-specific software and services
- design and implementation of computer programs
- study of computer systems, networks, or architectural concepts
- development of skills in using computers as learning tools

Because of advances in computing technology, the “C” designator will be reviewed periodically.

**c. International and Multi-Cultural Awareness**

The diversity of our nation’s populations and the growing recognition of global interdependence make it imperative that students develop an understanding of the identities, values and histories of other cultures and nations. To achieve this goal, all students are required to complete four multi-cultural courses including HIS 1101 and HIS 1102. In order for a course to receive the “MC” designation, it must focus significant attention on cultural patterns beyond the American mainstream. Courses involving substantial study-abroad experience will automatically receive the “MC” designation.

**d. Cross-Disciplinary Courses**

Departments are encouraged to develop cross-disciplinary "CD" designator courses throughout the undergraduate curriculum. Students are required to take one “CD” course in meeting the cross-disciplinary requirements. Cross disciplinary courses shall:

- explore topics from the perspective of two or more disciplines
- incorporate readings, analyses and evaluation measures that ensure a cross-disciplinary perspective
- include faculty from two or more disciplines when team taught
- utilize selected topics course numbers when not accommodated by the regular curriculum. Unlike other selected topics courses, these must be given the same consideration as other Core Curriculum courses, i.e. be approved by the Core Curriculum Committee and the Academic Policies and Procedures Committee.

PLEASE CHECK EACH SEMESTER'S SCHEDULE OF CLASSES FOR AN UPDATED LIST OF APPROVED SPECIAL DESIGNATOR COURSES; AND/OR REFER TO THE FOLLOWING WEB SITE: www.appstate.edu/www_docs/depart/facstaff/app/designator.html

**C. Requirements for Transfer Students Regarding Core Curriculum and Special Designators**

1. Transfer students must meet the University’s core curriculum and special designator requirements by completing coursework at either Appalachian or other approved collegiate institutions.
2. A transfer course accepted as equivalent to an Appalachian course will be assigned the appropriate University course number and will, as such, meet all applicable core curriculum and special designator requirements.
3. Transfer students who have not completed the equivalent of ENG 1000 will be required to take a placement test during their first semester. Based on the score received, the student will be placed into either ENG 0900 (a developmental course), ENG 1000, or ENG 1100.
The Undergraduate Curriculum

4. Transfer students WITHOUT equivalent math transfer credit and no SATM or ACT Math scores are required to take the math placement test. Before taking any numerical data “ND” special designator courses, students must do one of the following:
   — pass the placement test
   — pass MAT 0010
   — transfer equivalent math credit
   — score 520 or better on the SATM or 22 or better on the ACT Math

5. The University’s assignment of transfer credit to meet core curriculum and/or special designator requirements can be appealed. Students who wish to appeal should contact the Office of General Studies.

D. Special Programs

Academic Support

Learning Assistance Program
www.gstudies.appstate.edu

The Learning Assistance Program is an academic support program designed to assist students in achieving their educational goals. The program provides services to students that include tutoring in Core Curriculum courses, supplemental instruction for courses that are extremely demanding and have complex reading requirements, and learning skills courses and workshops. Special populations of students are provided a comprehensive system of support which may include tutoring, academic advising, disability services, counseling, orientation, instruction, and study skills to enable them to be successful in their academic work. See GENERAL STUDIES for descriptions of the components of the Learning Assistance Program. The program is located on the second floor of D.D. Dougherty Hall, (828) 262-2291.

Learning Communities
www.flc.appstate.edu or www.firstconnections.appstate.edu

Learning communities are groups of faculty, staff and students who join together to discuss, explore, and learn about a shared academic interest or common topic. Some learning communities are designed so that individuals live together in the same residence hall and take classes with one another. Other learning communities enroll small groups of students in 2 or 3 classes that are coordinated around a specific theme, academic major or discipline. The purpose of these communities is to make it easier for students to form study groups and integrate class materials while making friends, exploring majors and discovering potential career choices.

All first-semester freshmen are advised to participate in a learning community during their first semester at Appalachian in order to ensure a strong academic start. There are a variety of freshman learning community options including Freshman Learning Communities in General Studies, Summer Preview, Watauga Residential College, Army ROTC, Student Support Services, Honors, Plemons Fellows, and North Carolina Teaching Fellows. If you have not identified a learning community prior to Phase I Orientation in the summer, an academic advisor can assist you in selecting one during your academic planning session.

Freshman Learning Communities in General Studies (FLC)
www.flc.appstate.edu or www.firstconnections.appstate.edu

Carter Hammet-McGarry, Interim Director

Many freshmen entering Appalachian in the fall semester will participate in Freshman Learning Communities (FLC).* This program provides a way for students who share similar academic interests or career aspirations to take classes together during the first semester of their freshman year. An FLC is a group of 15-25 students who are enrolled in one to three fall semester classes that are organized around a common theme, skill, or career direction. An academic success team works with each FLC and can consist of the course faculty members, an academic advisor, and a peer mentor (resident assistant, peer leader, or tutor). All course work in an FLC receives graduation credit and does not restrict a student’s choice of majors. In this program, students can more easily form study groups and integrate class material while making friends, exploring majors, and discovering potential career choices. Different FLCs are offered each year and have included such topics as: Applications in Design, Communication, Forensic Science, Exploring Majors, Health Professions, Accounting, Education, and many more. A complete list of current offerings will be made available during Phase 1 Orientation in the summer. Student enrollment in the appropriate course selections is confirmed during Phase 1 Orientation in the summer.

* Students who enroll in the Watauga Residential College, or Summer Preview Programs will be members of those communities and would not be eligible to participate in Freshman Seminar based learning communities or Honors Residential Programs.

Freshman Seminar
www.freshmanseminar.appstate.edu

Dan Friedman, Director
Elizabeth Glass Marsh, Assistant Director

Freshman Seminar is a three (3) credit hour graded elective designed to assist first-semester freshmen with the transition to the University. The course helps students discover the resources offered by Appalachian, strengthen skills, broaden individual horizons, and move toward intellectual and individual independence. It supports academic success by actively involving students in the learning process, developing academic strategies, building active learning communities, and encouraging responsible adjustment to college
The Undergraduate Curriculum

life. Students learn new classroom and computing skills, practice time management, discover their preferred learning styles, explore University support services, participate in campus cultural life, and search for what it means to be an educated person.

Each Freshman Seminar class is linked with at least one other Core Curriculum or major specific course as part of Freshman Learning Communities.

See the course description (US 1150) under the University Studies course listings.

Army ROTC/Military Science and Leadership
LTC Douglas G. Jett, Professor of Military Science

ROTC offers an academic experience that will help prepare students for a career in the civilian work force or in the military.

Military Science and Leadership MSL 1001 (for freshmen) instruction includes:

— Leadership Skills and Team Development
— Oral/ Written Presentation Skills
— Army Mission and Organization
— Rank Structure
— Time Management

Military Science and Leadership (MSL) labs and extracurricular activities include:

— Rappelling
— Land Navigation
— Marksmanship
— Field Training Exercises
— Airborne (Parachute) School
— 3 ROTC Clubs and 1 Varsity Sport

Students can take Military Science and Leadership (MSL) classes (as an elective) for two years without making any obligation to the Army. Those who complete the four year program will receive a minor in Military Science and Leadership and begin their career in the Army as Second Lieutenants upon graduation. There are several types of scholarships and financial assistance available.

Student Support Services
Cathia Silver, Director
Teresa Smith, Assistant Director

The Student Support Services Program at Appalachian State University provides supportive services to moderate income and/or first generation college students. Services include long-term academic advising, early assessment of academic progress, learning community, one-on-one and small group tutoring, cultural programming, supportive mentor program for freshmen, as well as help with course selection, financial aid planning, and career decision-making. Student Support Services is designed to help students become successful college graduates. Students who believe they qualify for these services are encouraged to contact the program coordinator.

Summer Preview
Dan Friedman, Director

Summer Preview is a five-week residential program that provides accepted Appalachian students the opportunity to start college early and earn six semester hours of graded academic credit in the inviting atmosphere of summer school. Summer Preview students enroll in Freshman Seminar (US 1150) and one other academic course. All Summer Preview students live in the same residence hall during the second summer session and participate in vibrant cultural events and outdoor programs activities. This program offers students a chance to gain an important head start to their college career.

North Carolina Teaching Fellows
Pamela W. Schram, Director

The North Carolina Teaching Fellows Program provides a $26,000 four-year scholarship to outstanding high school seniors who agree to teach four years in North Carolina’s public schools following graduation from college. It is funded by the North Carolina General Assembly. The program develops a sense of camaraderie among students seeking a career in teaching in North Carolina’s public schools. There are 500 scholarships awarded state-wide each year and 45 of the recipients attend Appalachian.

Appalachian’s Teaching Fellows participate in special classes, seminars, field trips, and service activities that improve their readiness to teach. Participants experience schools, teachers, and learning in an intellectually invigorating environment and develop leadership skills that will enhance their career.
The Undergraduate Curriculum

Students should contact their high school guidance counselors in August (senior year of high school) for applications and information regarding the program. Teaching Fellows is limited to North Carolina residents. This program is available only to those students selected through the statewide competition at the high school level.

**Watauga Residential College**  
David Huntley, Director

Watauga Residential College is an interdisciplinary, internationally-focused program of general education located in the Living Learning Center (LLC). The Watauga curriculum requires students first to make meaningful connections between their own lives and their academic work and then to begin understanding the connections between local and global issues.

Students take a portion of their total coursework in Watauga, blending these courses with Appalachian's general education requirements and courses in their major. Watauga classes fit a variety of formats: large lecture sections, smaller discussion sections, and even smaller project groups. Students must be active participants in all phases of learning-listening, discussing, researching, and collaborating together on projects.

All Watauga freshmen live in the Living Learning Center, sharing this space with North Carolina Teaching Fellows and international exchange and degree-seeking students, as well as some upper class students from all three programs. Because of the proximity of faculty offices, classrooms, kitchens, lounges, a music room and library, all residents of the LLC become members of a comprehensive learning community.

The Watauga program consists of a diverse group of students from a variety of ethnic, political, religious, and geographic backgrounds. Computer enthusiasts and creative writers, artists and scientists, actors and activists, entrepreneurs and missionaries have all felt equally at home in Watauga Residential College.

Enrollment is limited to 100 freshmen.

**Honors at Appalachian**

Honors at Appalachian invites the top 10% of the entering freshman class to embark on a series of specially designed courses and educational experiences during their academic career. The Honors Coordinator will inform students of their eligibility for honors as they are admitted to the University. Minimum requirements include strong SAT scores and an excellent high school record. Students enrolled in honors courses are eligible to live in honors on-campus housing.

**University Honors and Departmental Honors**

Lynn Moss Sanders, Coordinator

The University Honors programs offer promising and highly motivated students a special opportunity to broaden and enrich their academic experience by providing honors courses in anthropology, art, business, chemistry, communication, computer science, English, foreign languages and literatures, geography and planning, geology, history, mathematical sciences, philosophy, physics and astronomy, political science/criminal justice; psychology, religious studies, sociology and social work, and general honors. Honors courses at the lower division level are designed to fulfill core curriculum requirements.

Several disciplines offer departmental honors for their majors. Check for requirements and procedures in the catalog section for specific departments. Most departmental honors programs will require at least nine hours in departmental honors courses, including a three hour senior honors project.

Honors courses are frequently conducted as seminars where students meet in small groups to discuss readings, exchange ideas, debate, and share results of individual study and research. The emphasis in honors is on independent and creative thinking with a great deal of student participation expected.

Students may take part in more than one honors program at a time. Honors courses are usually offered by invitation only; but students interested in enrolling may make application to the departmental directors of honors in the areas of interest. Each department establishes its own criteria for admitting students into honors, especially at the upper division level.

Support facilities, including classrooms, study rooms, special programs, and residence space (for which the coordinator maintains a waiting list), are available to honors students in East Residence Hall.

The designation, "Heltzer Honors Program Graduate," is offered to honors students who meet the following criteria:

1. Have completed at least 9 semester hours of University Honors courses, including HON 1515, HON 2515, and HON 3515
2. Have completed 9 additional semester hours of honors courses from any area
3. Have completed at least 3 semester hours of honors courses in the major
4. Have fulfilled the honors program International Education requirement
5. Maintain a 3.45 GPA in honors courses; and a 3.45 overall GPA
The Undergraduate Curriculum

6. Complete a 3-hour senior honors project or thesis, to be examined and approved by an advisor in the student's major field and an advisor from another department; making a total of 24 semester hours in Honors. Prior approval, further information, and application materials must be obtained from the Coordinator of Heltzer Honors Program.

Within guidelines approved by the University Honors Council, certain courses in the standard curriculum may be taken by qualified students for honors credit. Copies of the guidelines and Honors contract application materials may be obtained from the Honors Office.

Heltzer Honors Program
Lynn Moss Sanders, Coordinator

The University Honors curriculum meets the needs of high-ability students through honors general education (small, team-taught cross-disciplinary courses as well as introductory courses in many majors); international and community service experiences; and a required senior thesis/project. It offers an introductory Freshman Honors Seminar, and two additional interdisciplinary courses designed to serve as replacements for Core Curriculum requirements in the humanities and social sciences areas. Classes include approximately twenty invited participants, and they are conducted under the guidance of two faculty members who represent diverse academic areas. The courses are interdisciplinary in nature and are intended to exhibit ways in which two or more fields of study bear upon the subject matter. Honors faculty members are selected on the basis of demonstrated excellence in teaching and scholarship.

Courses of Instruction in Honors (Hon)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.) Students are advised to check the Honors Program web site for more information on courses and instructors.

HONORS (HON)

HON 1515. Freshman Honors Seminar (3).F;S.
An interdisciplinary special topics course taught by a professor and an undergraduate honors peer instructor. This course fulfills the same function for honors students as US 1150 (Freshman Seminar) fulfills for non-honors students. Some sections require living in honors housing and participating in the freshman honors living-learning community. Students may not receive credit for both US 1150 and HON 1515. Instructors and content to vary; may be repeated for credit when content does not duplicate. (CROSS-DISCIPLINARY) (WRITING; SPEAKING; MULTI-CULTURAL; NUMERICAL DATA; and/or COMPUTER: approved subject to semester-by-semester recommendation by the Core Curriculum Committee chair and review by the Committee.) (CORE: HUMANITIES/SOCIAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

HON 2500. Independent Study (1-3).F;S.

HON 2515. Sophomore Honors Seminar (3).F;S.
A cross-disciplinary special topics course team-taught by two professors from different disciplines. Instructors and content to vary; may be repeated for credit when content does not duplicate. (CROSS-DISCIPLINARY) (WRITING; SPEAKING; MULTI-CULTURAL; NUMERICAL DATA; and/or COMPUTER: approved subject to semester-by-semester recommendation by the Core Curriculum Committee chair and review by the Committee.) (CORE: HUMANITIES/SOCIAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

HON 3500. Independent Study (1-3).F;S.

HON 3510. Washington Experience (3).F;S;SS.
A seminar-style, variable topics course, to be taught in Washington, D.C. as part of the UNC in Washington Program. The course will explore the role of a national capital in the determination of public policy and national culture in a diverse democracy using Washington, D.C. as text. Enrollment is limited to students currently participating in the UNC in Washington program.

HON 3515. Junior/Senior Honors Seminar (3).F;S.
A special topics course with a disciplinary focus (science, social science, arts and humanities) taught by two professors from similar disciplines with an emphasis on students’ development of research skills. Instructors and content to vary; may be repeated for credit when content does not duplicate. (CROSS-DISCIPLINARY) (WRITING; SPEAKING; MULTI-CULTURAL; NUMERICAL DATA; and/or COMPUTER: approved subject to semester-by-semester recommendation by the Core Curriculum Committee chair and review by the Committee.) (CORE: HUMANITIES/SOCIAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
The Undergraduate Curriculum

HON 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

HON 3530-3549. Selected Topics (1-4).F;S. On Demand.

HON 4010. Senior Honors Thesis/Project (1-3).F;S.
Independent study and research for an interdisciplinary thesis or project. Directed and graded by a member of the student’s major department and a member of another department. May be taken concurrently for credit in a student’s major department, if applicable. Prerequisite: completion of an approved honors sequence. (By invitation or application only.)

Courses of Instruction in University Studies (US)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.) Courses listed below are sponsored by the General Studies Program.

UNIVERSITY STUDIES (US)

US 1020. Learning Skills (2).F;S.
A survey of skills and techniques instrumental for classroom learning. Emphasis is placed on note-taking styles, test-taking skills, textbook reading techniques and organizational structures. Enrollment limited to freshmen and sophomores.

US 1150. Freshman Seminar (3).F;S.
Designed especially for first semester freshmen, this course acquaints the student with the opportunities and demands of higher education and supports students in their transition to the University. The course involves students in the Appalachian community through a mix of activities, lectures, discussions and participation in cultural events. In small classes, students build learning skills, practice time management and other life skills, examine the purpose and value of higher education and learn to set goals for this semester and beyond. (WRITING; CROSS-DISCIPLINARY; COMPUTER)

US 2500. Independent Study (1-4).F;S.
US 3500. Independent Study (1-4).F;S.
US 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the University level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

US 3800. International Study (12).F;S.
A course title for Appalachian students studying abroad within an approved exchange program. Course title is restricted to students approved by the Director of International Programs. Students will complete courses overseas and transfer work into appropriate Appalachian credits within one semester upon return. May be repeated once. (MULTI-CULTURAL)

US 4559. Wilderness Education Practicum (4).F;S.
Through wilderness challenges supervised by an Outward Bound School or the Wilderness Center at the University, the student will have the opportunity to learn such skills as bicycle touring and rock climbing or ski mountaineering and primitive caving. The goals of this course will be centered around encouraging self-awareness and personal responsibility, developing a sense of conscience and competence, stimulating awareness of nature and human relationships and integrating all aspects of one's personal life. Graded on an S/U basis.
The College of Arts and Sciences

Robert D. Lyman, Dean
Rainer H. Goetz, Associate Dean
Dru A. Henson, Assistant Dean

The College of Arts and Sciences connects Appalachian State University to the tradition of the liberal arts. Faculty and staff in sixteen academic departments spanning the Humanities, Mathematical, Natural and Social Sciences, and in two units dedicated to learning about the Appalachian region, provide instruction and research essential to the University’s mission. The breadth and depth of learning provided by the College are necessary for productive citizenship in a free society.

The College of Arts and Sciences serves all undergraduate students through general education courses; it also offers disciplinary and interdisciplinary programs at the undergraduate and graduate levels, combining liberal arts and professional education, with a special commitment to teacher education. Through innovative instruction, creative and collaborative scholarship, and engagement in professional activities, the faculty and staff foster the development of knowledge and skills essential to continued learning, success in careers and the attainment of advanced degrees.

The College encourages study in diverse local, regional, national, and international communities and seeks to cultivate the habits of inquiry, learning, and service among all of its constituents.

Departments
The College of Arts and Sciences consists of the following academic units:

<table>
<thead>
<tr>
<th>Anthropology</th>
<th>Foreign Languages and Literatures</th>
<th>Philosophy and Religion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Center for Appalachian Studies</td>
<td>Geography and Planning</td>
<td>Political Science/Criminal Justice</td>
</tr>
<tr>
<td>Biology</td>
<td>Geology</td>
<td>Psychology</td>
</tr>
<tr>
<td>Chemistry</td>
<td>History</td>
<td></td>
</tr>
<tr>
<td>Computer Science</td>
<td>Interdisciplinary Studies</td>
<td>Sociology and Social Work</td>
</tr>
<tr>
<td>English</td>
<td>Mathematical Sciences</td>
<td></td>
</tr>
</tbody>
</table>

In cooperation with the Department of Economics, the College of Arts and Sciences offers the Bachelor of Arts degree in Economics; the Economics Department is administratively housed within the Walker College of Business.

NOTE: Although the requirement for most degree programs at Appalachian can be met within the minimum of 122 semester hours, the student should be aware that certain programs of study require additional hours. Students are advised to check with the department of their intended major early in their studies. Meeting graduation requirements is the student’s responsibility.

Degrees Offered
The College of Arts and Sciences offers the Bachelor of Arts, the Bachelor of Science, the Bachelor of Science in Criminal Justice and Bachelor of Social Work degrees. In cooperation with the Reich College of Education, it offers the Bachelor of Science degree with teacher licensure in English; French; history; mathematics; Spanish; biology, chemistry, geology, and physics (leading to science education licensure); and social science education with concentrations in anthropology, economics, geography, history, political science, and sociology.

To be admitted to the College of Arts and Sciences, a student must meet the requirements to officially declare a major as follows:

1. Completion of at least 30 semester hours
2. A grade-point average of at least 2.0
3. Completion of ENG 1000, ENG 1100

A student who is a candidate for teacher licensure must meet the specified requirements for admission to the Reich College of Education.

Bachelor of Arts Degree
To earn the Bachelor of Arts degree in the College of Arts and Sciences, a student must meet the following requirements:

1. Completion of at least 122 semester hours (128 for biology) with a minimum cumulative grade-point average of 2.0 and a minimum major grade-point average of 2.0
2. Completion of core curriculum requirements
3. Completion of six semester hours of intermediate or higher level foreign language

CONTINUED
4. Completion of major requirements from one of the program areas listed below:

- Anthropology
- Biology
- Chemistry
- Economics
- English
- French
- Geography
- Geology
- History
- Interdisciplinary Studies
- Mathematical Sciences
- Philosophy
- Physics
- Political Science
- Religion
- Sociology
- Spanish
- Computer Science
- Geography and Planning
- Geology
- History
- Interdisciplinary Studies
- Mathematical Sciences
- Psychology
- Sociology

Specific requirements for each department major preface the list of courses offered by the department. A candidate for the Bachelor of Arts degree may count no more than 40 hours above the core curriculum requirements in any one discipline for the degree.

5. Completion of a minor. Students seeking a minor in the Departments of Leadership and Educational Studies; or Language, Reading and Exceptionalities must receive prior permission from the Dean of the College of Arts and Sciences.

6. Electives to complete 122 semester hours (128 for biology). A minimum of two semester hours of electives must be outside the major discipline.

7. Completion of residence requirements

8. Compliance with regulations concerning settlement of all accounts

Meeting graduation requirements is the responsibility of the student.

Students pursuing the B.A. degree are advised to refer to the section entitled "Credit Limitations" which apply to that particular degree.

A candidate for the Bachelor of Arts degree may qualify for a teaching license by admission to professional education courses through the chair of the Department of Curriculum and Instruction and by completing all academic and professional education requirements for licensure.

Bachelor of Science Degree (without teacher licensure)

To earn the Bachelor of Science degree in the College of Arts and Sciences, a student must meet the following requirements:

1. Completion of at least 122 semester hours (128 for biology) with a minimum cumulative grade-point average of 2.0 and a minimum major grade-point average of 2.0
2. Completion of the core curriculum requirements.
3. Completion of major requirements from one of the program areas listed below:

- Anthropology
- Biology
- Chemistry
- Economics
- English
- Computer Science
- Geography and Planning
- Geology
- History
- Interdisciplinary Studies
- Mathematical Sciences
- Physics
- Political Science
- Psychology
- Sociology
- Social Sciences

Specific requirements for each department major preface the list of courses offered by the department.

4. Electives to complete 122 semester hours (128 for biology). A minimum of two semester hours of electives must be outside the major discipline.

5. Completion of residence requirements

6. Compliance with regulations concerning settlement of all accounts

Meeting graduation requirements is the responsibility of the student.

Bachelor of Science Degree (with teacher licensure)

To earn the Bachelor of Science degree with teacher licensure in the College of Arts and Sciences, a student must meet the following requirements:

1. Completion of at least 122 semester hours (123 for social sciences education, 128 for biology) with a minimum cumulative grade-point average of 2.5 and a minimum major grade-point average of 2.0
2. Completion of the core curriculum requirements
3. Completion of major requirements from one of the program areas listed below:

- Biology
- Chemistry
- Economics
- English
- Foreign Languages (French, Spanish)
- Geography
- Geology
- History
- Interdisciplinary Studies
- Mathematical Sciences
- Political Science
- Sociology
- Social Sciences

NOTE: Social sciences licensure requires 123 semester hours to include the social sciences licensure core courses plus a concentration in one of the following areas: (See the list of specific courses under the appropriate department.)

Anthropology
Economics

4. Admission to the Reich College of Education and completion of all professional education requirements

5. Electives to complete the required number of hours (122-128) for the degree. A minimum of two semester hours of electives must be outside the major discipline.
Meeting graduation requirements is the responsibility of the student.

Bachelor of Science in Criminal Justice Degree
To earn the Bachelor of Science in Criminal Justice (BSCJ) degree (220A/43.0104), the student must meet the following requirements:
1. Completion of at least 122 semester hours with a minimum cumulative grade-point average of 2.0 and a minimum major grade-point average of 2.0
2. Completion of core curriculum requirements
3. Completion of a major consisting of 61 semester hours as specified and STT 1810. See the Department of Political Science/Criminal Justice.
4. Electives to complete 122 semester hours. A minimum of two semester hours of electives must be outside the major discipline.
5. Completion of residence requirements
6. Compliance with regulations concerning settlement of all accounts

Meeting graduation requirements is the responsibility of the student.

Bachelor of Social Work Degree
The following requirements must be met in order for a student to earn the Bachelor of Social Work (BSW) degree (281A/44.0701) in the College of Arts and Sciences:
1. Completion of a minimum of 122 semester hours with a cumulative grade-point average of at least 2.0 and a major grade-point average of at least 2.0
2. Completion of the core curriculum requirements
3. Completion of the requirements of the social work major which consists of 45 semester hours of professional courses and 29 semester hours of cognate courses as specified. See the Department of Sociology and Social Work.
4. Students must have at least a 2.0 grade in EACH course in the social work curriculum at Appalachian.
5. Electives to complete 122 semester hours. A minimum of two semester hours of electives must be outside the major discipline.
6. Completion of residence requirements
7. Compliance with regulations concerning settlement of all accounts

Meeting graduation requirements is the responsibility of the student.

Academic Advising
Academic advising for students in the College of Arts and Sciences is available in each of the departments in the college. Advising is required prior to each registration and encouraged at other times. The Academic Services unit of the Dean's Office (100 I.G. Greer) certifies students for graduation; provides senior academic audits; assists students with special course processing, dropping and adding classes; and responds to general inquiries regarding students’ academic programs.

Grade-Point Average Requirements for Graduation
To graduate, a minimum cumulative grade-point average of 2.0 is required (except for teacher licensure programs, which require 2.5). A minimum grade-point average of 2.0 is also required in the major. Included in the calculation of the major grade-point average are all courses taken in the major department, all courses in the approved program of study/contract/concentration, and all cognate courses. A "C" is required in each professional education course; however, the professional education courses are not included in the calculation of the major grade-point average.

Internship Programs
The internships offered in the College of Arts and Sciences provide students with opportunities to learn outside of the regular classroom and to formulate career plans based on their experiences. Student interns earn academic credit toward their degrees. Internships offer realistic on-the-job experience and personal contacts with employers.

Agency or industry personnel, in close cooperation with faculty in the student’s major department, provide internship instruction. The student’s career interests are considered in arranging internship assignments and placements. In many majors and career-oriented concentrations, an internship is required in the course of study; in others, the internship is available as an elective.

Students seeking further information should contact their major advisor or their departmental chair.
Preprofessional Programs
Appalachian State University provides students with preparation for professional training in other institutions. Some preprofessional programs (law, medicine, dentistry and theology) are four year programs and lead to a Bachelor of Arts or a Bachelor of Science degree from Appalachian; others (engineering, forestry, and pharmacy) are one or two year programs and prepare students for pursuit of a degree to be granted by the professional school.

Whatever program students select, they are urged to consult professional school catalogs and to work closely with the appropriate advisors at Appalachian.

Law
Law schools require a bachelor’s degree (B.A. or B.S.) but, in most cases, no specific selection of courses. Advisors can help students plan a curriculum most likely to prepare them for the study of law. Usually students do not specialize during a regular law school program, but are expected to establish a solid foundation of legal knowledge upon which they may build a special practice. Academic areas with materials especially relevant to the study of law are business, communication, criminal justice, economics, English, history, philosophy, political science, psychology and sociology. Pre-law students are encouraged to participate in the forensics program as part of their extracurricular activity. Advisor: Dr. Kathy Simon, Department of Political Science/Criminal Justice.

Theology
Most seminaries now require a bachelor's degree (B.A. or B.S.), but in most cases they do not require specific course work. In working with their advisor at Appalachian, students can develop a curriculum suited to the seminary and specialty of their choice. Pre-theological students should be aware of the increasing variety of church-related professions available to them.

In general, the pre-theological student is advised not to overload in religion courses but rather seek to understand the phenomenon of humanity from as many perspectives as possible. This may mean developing a general studies degree curriculum although a number of traditional majors offer a solid background for seminary. Advisors: Dr. Rodney K. Duke, Department of Philosophy and Religion; Dr. Larry Bond, Department of History.

Medicine and Dentistry
All medical and dental schools require at least three years of satisfactory undergraduate work and most give preference to candidates holding a bachelor’s degree. The catalog from the school selected should be consulted and an individual program designed with the help of an advisor to prepare the student for both specific admission requirements and the Medical School Admission Test. In general, solid work in the humanities plus a core of courses such as the following are recommended:
- BIO 1110, BIO 2001, BIO 3301, BIO 3306, BIO 3307, BIO 3308, BIO 3800, and BIO 4100
- CHE 1101, CHE 1110 and CHE 1102, CHE 1120; CHE 2201, CHE 2203 and CHE 2202, CHE 2204; CHE 4580
- MAT 1025, MAT 1110, MAT 1120; STT 2810
- PHY 1103-PHY 1104 or PHY 1150-PHY 1151
- PSY 1200

Students should begin taking chemistry during the freshman year. Medical and dental schools will look at the overall quality of performance, not just achievement in science. Interested students should contact Ms. Celeste Crowe, Director of the Health Professions Advising Office.

Engineering
The Department of Physics and Astronomy offers two separate pre-engineering programs and advises students interested in engineering. In addition, the department offers dual-degree programs with Auburn University and Clemson University.

The North Carolina University System Pre-Engineering Program
The North Carolina System Pre-Engineering Program has been approved by the Subcommittee on Engineering Transfer for transfer to the engineering programs at North Carolina A & T State University, North Carolina State University, and the University of North Carolina at Charlotte. Pre-engineering students in this program take the following courses:
- MAT 1110, MAT 1120, MAT 2130, MAT 3130
- PHY 1150-PHY 1151
- CHE 1101, CHE 1110
- CS 1400 or CS 1440
- IND 1001
- ENG 1000, ENG 1100

CONTINUED
Other recommended courses (certain of these may be required for some engineering disciplines) include:

- PHY 2010–PHY 2020
- CHE 1102, CHE 1120
- ECO 2030
- PHL 3600

The Clemson University Pre-Engineering Program

The second pre-engineering program is with Clemson University. Pre-engineering students in this program take the following courses:

- MAT 1110, MAT 1120, MAT 2130, MAT 3130
- PHY 1150–PHY 1151, PHY 2010
- CHE 1101, CHE 1110 and CHE 1102, CHE 1120
- CS 1400
- ECO 2030
- ENG 1000, ENG 1100, ENG 2010, ENG 2020 or ENG 2030, ENG 2040 or ENG 2310, ENG 2320, ENG 3700
- HIS 1101 or HIS 1102

Different courses are required depending on the particular engineering discipline. After completing two semesters of courses, students will complete the form “Intention to Transfer to Engineering at Clemson University” and mail it to the College of Engineering, Clemson University. This form is available from the Department of Physics and Astronomy.

Students who plan to enter either pre-engineering program or who desire to develop a pre-engineering program for another university are strongly urged to consult with an advisor in the Department of Physics and Astronomy.

Dual-degree Engineering Programs with Auburn University and Clemson University

Dual-degree programs are now offered in cooperation with Auburn University and Clemson University which permit students to attend Appalachian for three years and either Auburn or Clemson University for approximately two years. After finishing one of the programs, students will receive two degrees.

Study during the first three years includes coursework in mathematics and the sciences and also courses chosen to meet Appalachian’s core curriculum requirements. These courses plus two semesters of courses taken at Auburn or Clemson will be counted towards fulfilling the requirements for a baccalaureate degree from Appalachian.

Upon completion of this dual-degree program, the graduate is awarded a baccalaureate degree from Appalachian and an engineering bachelor’s degree from either Auburn University or Clemson University.

Dual-degree candidates from Appalachian are eligible to seek a bachelor’s degree from Auburn University in aerospace engineering, aviation management, chemical engineering, civil engineering, electrical engineering, industrial engineering, materials engineering, mechanical engineering, textile chemistry, textile engineering and textile management.

Dual-degree candidates from Appalachian are eligible to seek a bachelor’s degree from Clemson University in ceramic engineering, civil engineering, engineering analysis, electrical engineering, industrial engineering and mechanical engineering.

For additional information, contact Dr. Tom Rokuske or Dr. Tony Calamai, Department of Physics and Astronomy, through the College of Arts and Sciences web site: www.cas.appstate.edu.

Clinical Laboratory Sciences

The Bachelor of Science degree in Clinical Laboratory Sciences (221A/51.1005) consists of a minimum of 96 semester hours of work at Appalachian and 32 semester hours of work at an affiliated medical technology school. The 96 semester hours at Appalachian include 44 semester hours in general studies; 31 semester hours in biology, including BIO 1110, BIO 2000, BIO 2001, BIO 3301, BIO 3306, BIO 3308, BIO 3800 and BIO 4568; 16 semester hours in chemistry, CHE 1101, CHE 1110 and CHE 1102, CHE 1120; CHE 2201, CHE 2203 and CHE 2202, CHE 2204; and MAT 1110 and STT 2810. Courses taken at an affiliated medical technology school include clinical chemistry (nine semester hours), clinical microbiology (ten semester hours), clinical microscopy (nine semester hours), and blood banking (four semester hours). Appalachian has affiliations with schools of medical technology at Baptist Hospital and Bowman Gray School of Medicine in Winston-Salem, N.C., and with Carolina Medical Center in Charlotte, N.C., and Moses Cone Hospital in Greensboro, N.C. Only a limited number of qualified applicants are accepted into the clinical year of this program and the competition is keen. Applicants are selected on the basis of grade-point average, course selection and work experience. Advisor: Dr. Jeffrey A. Butts, Department of Biology.

Forest Resources

Students who are interested in forest resources can complete many of the prerequisite courses at Appalachian and then transfer
to North Carolina State University or to another university offering the degree. Students should make early contact with schools in which they are interested to obtain the requirements for admission to a specific program or concentration. In general, students might expect to take the following courses (requirements vary depending upon the program):

- ENG 1000, ENG 1100
- MAT 1025, MAT 1110, MAT 1120
- CHE 1101, CHE 1110 and CHE 1102, CHE 1120
- BIO 1110 and/or BIO 2000
- PHY 1103–PHY 1104
- COM 2101
- ECO 1010 or ECO 2040 PE (four hours)
- Humanities and social sciences (12 hours)
- Electives (six hours)

For additional information, contact Dr. Steve Seagle, Department of Biology.

**Pharmacy**

Students who wish to pursue a career in pharmacy may complete the pre-pharmacy requirements at Appalachian; students may then seek admission to a school of pharmacy (in North Carolina, two schools offer pharmacy degrees: UNC-Chapel Hill and Campbell University). The requirements of the traditional two year pre-pharmacy program will normally include four courses in chemistry (including two semesters of organic chemistry), one or two courses in mathematics including calculus, two courses in biology (with at least one course beyond the introductory level), two courses in physics, and core curriculum courses, including two English courses and a history course. (UNC-Chapel Hill also requires completion of three semesters of college-level foreign language). Each School of Pharmacy has its own specific requirements and a student considering pharmacy must make early contact with the Schools of Pharmacy in which they are interested to obtain current pre-pharmacy requirements for admission into their programs.

The pre-pharmacy advisor maintains information on the requirements for various Schools of Pharmacy in the state and region, and the Pharmacy College Admissions Test (PCAT) scores are requested by most pharmacy schools as part of the admission application. Because of the variety of course requirements, admission procedures and rigorous admission standards, early contact with the pre-pharmacy advisor is strongly recommended. Advisor: Dr. Claudia Cartaya- Marin, Department of Chemistry.

**Interdisciplinary Minors**

**Minor in Appalachian Music: Roots and Influences** (100/05.0199)

A student may earn an undergraduate minor in Appalachian Music: Roots and Influences by successful completion of an interdisciplinary program of 18 semester hours as follows:

1. Required: (3 semester hours)
   - AS 2016/MUS 2016 Appalachian Music (3 s.h.)
2. Select five courses (15 semester hours) from the following:
   - AS 2025 Appalachian Strings (3 s.h.) OR IDS 2202 Interdisciplinary Studies in Humanities and Social Sciences - "Tangents: Appalachian String Music" (3 s.h.)
   - AS 4015 Old Time Music Traditions (3 s.h.)
   - AS 4030 Bluegrass Traditions (3 s.h.)
   - ENG 3050 Studies in Folklore (3 s.h.)
   - HIS 3530-3549 Selected Topics - Trucks, Trains, and Mama: Country Music and American Culture (3 s.h.)
   - MUS 2014 Jazz Music in American Society (3 s.h.)
   - MUS 2015 History of Rock Music (3 s.h.)
   - MUS 3530-3549 Selected Topics - Writing About Popular and Folk Music (3 s.h.)
   - MUS 3530-3549 Selected Topics - History of Country Music (3 s.h.)

**Minor in Appalachian Studies** (204/05.0199)

The Appalachian Studies minor is offered for the student who wishes to explore Appalachian regional concerns, and to understand Appalachian social, cultural, and environmental issues in the appropriate interdisciplinary context.

Curriculum offerings, projects, and research relating to the Appalachian region are coordinated by the director of the Center for Appalachian Studies. The Center facilitates individual research projects and will direct the student toward involvement with research or project activities.

*Courses cannot be used for the minor if fulfilling core curriculum requirements.*
A student may earn an undergraduate minor in Appalachian Studies by successful completion of an interdisciplinary program of 18 semester hours as follows:

1. Required: (3 semester hours)
   - AS 2410/IDS 2410 Introduction to Appalachian Studies, Humanities OR AS 2411/IDS 2411 Introduction to Appalachian Studies, Social Sciences

2. Core: Select three courses from the following: (9 semester hours)
   - ANT 4120 Appalachian Culture
   - AS 2016/MUS 2016 Appalachian Music
   - ENG 4720 Appalachian Literature
   - GHY 3320 Environmental Issues in Appalachia
   - HIS 3726 History of the Appalachian Region
   - PS 3630 Appalachian Politics
   - REL 3530–3549 Selected Topics: Southern Appalachian Religion

3. Electives: Choose two courses from the following: (6 semester hours)
   - Courses listed in the core above
   - BIO 5512 Local Flora (with permission) OR BIO 4550 Nature Study
   - ENG 3050 Studies in Folklore
   - ENG 4810 Advanced Folklore
   - FDN 4810 Education in Appalachian America
   - HIS 4575 Introduction to Public History
   - HIS 4660 Topics in Public and Applied History
   - REL 3110 Religion in America
   - Selected topics courses (3530-3549) with Appalachia as the subject (with the consent of an Appalachian Studies advisor).

**Minor in Gerontology** (253/30.1101)

*Ed Folts, Director*

A student may earn a minor in Gerontology by successful completion of an interdisciplinary program of 15-18 hours.

1. Required courses:
   - SOC 3100 Gerontology (3 s.h.)
   - BIO 4563 Biology of Aging (3 s.h.)
   - PSY 4562 Psychology of Adulthood and Aging (3 s.h.)

2. Electives:
   - FCS 4551 Families in Later Life (3 s.h.)
   - SW 4555 Death, Dying, and Living (3 s.h.)
   - RM 4560 Leisure and Aging (3 s.h.)

3. Other electives will be added. Students choosing this minor will need to check with the coordinator in order to receive more information.
The Department of Anthropology is committed to a comparative and holistic approach to the study of the human experience. The anthropological perspective provides a broad understanding of the origins as well as the meaning of physical and cultural diversity in the world—past, present, and future. As such, the program in anthropology offers the opportunity for understanding world affairs and problems within the total context of the human experience and for constructing solutions to world problems which are firmly grounded in that context. Specifically, the department offers: (1) students of all disciplines the opportunity to deepen and broaden their knowledge of humankind and of themselves; (2) a strong preparation for graduate study in anthropology; and (3) an academic and practical background for those who wish to apply the anthropological perspective in a wide range of professional careers, such as social services, education, and archeology.

All majors in anthropology require a minimum of 122 semester hours for the degree. Social Science teaching licensure with an anthropology concentration requires 123 semester hours. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

The Bachelor of Arts degree in Anthropology (202*/45.0201) with a concentration in Applied Anthropology (202B) consists of 36 semester hours including ANT 1215, ANT 1230, ANT 3550, ANT 4425, ANT 4550, ANT 4900; a choice of ANT 1220, ANT 2235, or ANT 2335; a choice of ANT 3405 or ANT 3410; other optional courses relevant to the internship experience selected in consultation with a faculty mentor and approved by the departmental chair, and the remaining semester hours in electives. In addition, STT 2810 is strongly recommended. MAT 1010 should be the course taken to fulfill the core curriculum mathematics requirement. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in anthropology.

The Bachelor of Arts degree in Anthropology (202*/45.0201) with a concentration in Archeology (202D) consists of 36 semester hours including ANT 1215, ANT 1220, ANT 1230, ANT 3120, ANT 4402, ANT 4550; a choice of ANT 2220, ANT 2235, ANT 2335, ANT 4110, or an approved selected topics 3530; a choice of ANT 3250, ANT 3200, or an approved selected topics 3530; and the remaining semester hours in electives. In addition, STT 2810 and ANT 3405 are strongly recommended. A minor, preferably in biology, chemistry, geography, geology, history, or physics, is required. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in anthropology.

The Bachelor of Arts degree in Anthropology (202*45.0201) with a concentration in General Anthropology (202C) consists of 36 semester hours including ANT 1215, ANT 1230, ANT 4425, ANT 4550; a choice of ANT 1220, ANT 2235 or ANT 2335; a choice of ANT 3405 or ANT 3410; and 18 semester hours of electives. In addition, STT 2810 is strongly recommended. MAT 1010 should be the course taken to fulfill the core curriculum mathematics requirement. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in anthropology.

The Bachelor of Science degree in Anthropology (non-teaching) (201A/45.0201) with an anthropology career orientation consists of a minimum of 60 semester hours. This includes:

1. Core courses in anthropology consisting of ANT 1215, ANT 1230, ANT 4550; a choice of ANT 1220, ANT 2235, or ANT 2335; a choice of ANT 3120, ANT 3405, ANT 3410, or ANT 4210; a choice of ANT 4402, ANT 4425, or ANT 4570; and 12 semester hours of electives in anthropology.
2. A minimum of 30 semester hours in a career-oriented group of courses selected from several departments and disciplines. Core courses will be specified for each group with electives chosen with the consent of the advisor. Some suggested groups are public/historical archeology and applied cultural anthropology. STT 2810 is required.

Students must have written permission from the departmental chair prior to declaring this major.

The Bachelor of Science degree in Anthropology (non-teaching) (201*/45.0201) with a concentration in Sustainable Development (201B) consists of a minimum of 69 semester hours. This includes:

1. Core courses in anthropology consisting of ANT 1215, ANT 1230, ANT 4550, ANT 4570, ANT 4900; a choice of ANT 1220, ANT 2235, or ANT 2335; a choice of ANT 3405 or ANT 3410; and 12-15 semester hours of electives in anthropology.
2. A minimum of 30 semester hours including:
   (a) Six semester hours from the following: CS 1410, GHY 2310, GHY 2812/PLN 2812, PLN 2410, SOC 3885, TEC 4608, TEC 4618, TEC 4628, TEC 4638, or a course substitution with an advisor's permission;
   (b) Six semester hours of science, three semester hours of which must include one of the following: BIO 3302 or BIO 3312; and the remaining three semester hours of science must be above core curriculum requirements.
(c) Nine semester hours in a geographic/cultural area emphasis chosen in consultation with an advisor; and
(d) Nine semester hours of electives chosen in consultation with an advisor.

3. STT 2810 is required.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Anthropology (291B)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(MC) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A student majoring in social sciences education should select MAT 1010(CD,ND,C) to satisfy the core curriculum mathematics requirement. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

The concentration in Anthropology (291B)[T] for the social sciences education degree requires ANT 1220, ANT 1230, ANT 4425(MC,W) and six semester hours of electives in anthropology.

A minor in Anthropology (201/45.0201) consists of 18 semester hours in anthropology selected in consultation with the department advisor.

Honors Program in Anthropology
The Department of Anthropology offers honors courses at all levels (ANT 1510, ANT 2510, ANT 3510, ANT 4510) which are open to all students who have distinguished themselves. Students who successfully complete six hours of honors courses and have earned at least a 3.45 GPA in anthropology are eligible to take ANT 4510, Senior Honors Thesis. Students who complete nine hours of honors work, including ANT 4510, with a B average or better will graduate with "honors in anthropology."

Courses of Instruction in Anthropology (ANT)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

ANTHROPOLOGY HONORS (ANT)

ANT 1510. Freshman Honors Colloquium (3).F;S.
Study of selected topics in general anthropology. Enrollment by invitation of the department or by application.

ANT 2510. Sophomore Honors Colloquium (3). On Demand.
Study of selected topic(s) in anthropology, encouraging independent scholarship through reading, writing and discussion. Enrollment is by invitation or application.

ANT 3510. Juniors Honors Colloquium (3). On Demand.
Seminar on a selected topic in anthropology. Enrollment is by invitation of the department, or by application.

ANT 4510. Senior Honors Thesis (3).F;S.
Independent study and research, directed by a Department of Anthropology faculty member and evaluated by a department committee. Prerequisites: successful completion of 6 hours Anthropology honors courses, a 3.45 GPA in Anthropology and approval of thesis topic by departmental honors committee.

ANTHROPOLOGY (ANT)

ANT 1215. Cultural Anthropology (3).F;S.
A cross-cultural study of the variety of human cultures, past and present, including the interrelationships between social, economic, political, and religious systems. The course is designed to develop an understanding of cultural differences so that the student may develop a deeper understanding of his or her own life, of the contemporary world, and of the applicability of cultural understanding to the solution of human and social problems. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

ANT 1220. Introduction to Archeology (3).F;S.
The scientific study of the unwritten record of the human past. Archeological theory, methods, and techniques are introduced to illustrate why and how archeologists paint a picture of past human life and behavior and explain past human cultural variation. (CORE: SOCIAL SCIENCES)
ANT 1230. Biological Anthropology (3).F;S.
Introduction to the study of humans as biological organisms including biological diversity, evolutionary relationships to other organisms, and origins. Students are provided with an understanding of biological evolution and its mechanisms (natural selection and heredity), the classification and behavior of the living and fossil primates, and an examination of the evolutionary history of Homo sapiens.
(EFFECTIVE: SPRING, 2008)

ANT 1530-1549. Selected Topics (1-4). On Demand.
An opportunity to study a special topic or a combination of topics not otherwise provided for in the anthropology curriculum. May be repeated for credit when content does not duplicate.

ANT 2220. Prehistory of the Southern Appalachians (3).S.
An overview of what is currently known about the prehistory of the southern Appalachian region from its initial human occupation in the Late Pleistocene epoch to the time of Spanish contact in the 16th Century. The focus is on temporal variations in prehistoric Native American adaptations and interactions within the region as revealed through archaeological research.

A general survey of lifeways in North America before white contact as known through archeological information. Basic archeological concepts and a brief discussion of the history of North American archeology will be presented. Topical emphases include the prehistory of Alaska, the Northwest Coast, the Southwest, Plains, Great Basin, Mid-west, and the Eastern United States. This course logically precedes ANT 2400, North American Indians. (WRITING)

ANT 2335. World Prehistory (3).S.
A comparative study of human biological and cultural evolution from the emergence of the genus Homo through early civilization. The course emphasizes Old World cultures. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

ANT 2400. North American Indians (3).F;S.
An ethnographic survey of the American Indian cultures from northern Mexico to the Arctic. Also the modern Indian condition is considered. (MULTI-CULTURAL)

ANT 2420. Gender, Race and Class (3).F;S.
A cross-cultural and historical study of gender and race as cultural categories with a variety of meanings. The origins and development of gender and racial categories, and their elaboration as systems of inequality within class-based societies are explored. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

ANT 2435. Stone Age Stereotypes (3).F.
Addresses stereotypes about human prehistory ("cave people") as portrayed in art, literature, and especially television and film. Reviews scientific evidence of human physical and cultural evolution in Europe and the Middle East between 1,000,000 and 10,000 years ago. Involves viewing and critically evaluating various media portrayals which provide and reinforce popular interpretations of human prehistory and evolution.

ANT 2500. Independent Study (1-4).F;S.
(EFFECTIVE: SPRING, 2008)

ANT 2530-2549. Selected Topics (1-4). On Demand.
An opportunity to study a special topic or a combination of topics not otherwise provided for in the anthropology curriculum. May be repeated for credit when content does not duplicate.

ANT 2600. Southwest Field Experience (3).S.
Southwest Field Experience includes an eleven day field trip to study the anthropology of the southwestern United States. This includes visiting the Hopi, Zuni and Navaho reservations where we observe the living Indian people. Also we visit several important archeological sites which represent the ancestors of the above tribes. A minimum of six weeks of three hour preparatory classes are required prior to the trip. (MULTI-CULTURAL)

ANT 2700. South Asia Through Ethnography (3).S.
This course explores human life in South Asia (India, Pakistan, Bangladesh, Nepal, Sri Lanka) through ethnographic and culture-historical accounts by anthropologists and others. Attending to both similarities and differences among South Asian peoples, the course offers breadth through a survey of general topics (family, religion, caste, gender, colonialism, politics, etc.) as it also scrutinizes in depth a specific topic of contemporary concern, such as untouchability, ethnic strife, religious nationalism, postcolonialism, the South Asian diaspora, or globalization. (WRITING; MULTI-CULTURAL)
ANT 3120. Field Archeology (3-6). SS.
An introduction to methods and techniques of archeological site survey, mapping, and excavation. Students participate in fieldwork on one or more actual archeological sites. Prerequisite: ANT 1220 or permission of the instructor. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ANT 3150. Human Ecology of the Southern Appalachians (3). F; S.
A study of the present-day environmental challenges in the southern Appalachians in the cross-cultural, cross-temporal perspective of human ecology. Examines how Native American and modern mountain cultures have related to their environment in the context of human ecology theory and practice in anthropology. Includes a first-hand community view of such regional issues as air pollution's effects on mountain ecosystems, and strip mining's effects on mountain communities in the modern political system. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

ANT 3200. Zooarcheology (3). S.
Trains students in the identification and analysis of animal remains (primarily bone and shell) recovered from archeological sites. Students are provided the opportunity to learn the major bones of vertebrates and the hard anatomy of invertebrates and how to identify several species by their distinctive bones or shells. Various approaches to the quantification and analysis of archeofaunal data are explored. Lecture two hours, laboratory two hours. Prerequisite: ANT 1220 or permission of the instructor. (NUMERICAL DATA; CROSS-DISCIPLINARY; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ANT 3250. Archeological Laboratory Methods (3). F.
Trains students in the processing and analysis of materials recovered from archeological sites such as artifacts, ecofacts, and sediment samples. Numerical data are produced and analyzed using computer data base systems. Lecture two hours, laboratory two hours. Prerequisite: ANT 1220. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ANT 3305. Forensic Anthropology (3). F.
Forensic anthropology is the application of anthropological techniques to solving criminal cases. Instruction will be given in the application of archeological techniques to crime scene investigation and removal of physical evidence from that scene. The major thrust of the course, however, is the study of human physical remains in order to provide a positive identification of the victim. This includes determination of the sex, age, race, stature, and other identifying characteristics of the subject. The class will consist of thirty hours of lecture and thirty hours of laboratory instruction for the semester. (Same as CJ 3305.) (CROSS-DISCIPLINARY)

ANT 3405. Quantitative Methods in Anthropology (3). F.
An introduction to how computers, quantitative methods, and anthropological data are used to address anthropological questions. The course focuses on hands-on learning in: basic personal computer operations, the Internet, probability theory, data base management, sampling, research design, categorical analysis, linear regression, correlation, and exploratory data analysis. Students will work with original archeological, bioanthropological, and cultural data on personal computers. Prerequisites: 6 s.h. in anthropology and STT 2810. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ANT 3410. Qualitative Methods in Anthropology (3). S.
An introduction to standard ethnographic methods used by anthropologists, including participant observation and interviewing. Research design, proposal writing, and research ethics are given special attention. (WRITING)

ANT 3420. Women and Gender in Anthropology (3). On Demand.
Examination of feminist theoretical issues concerning women and gender cross-culturally, such as feminist perspectives on the cultural construction of gender, relations of production and of reproduction, and gender as a central analytic category. Based in ethnographic information from foraging, tribal, and state societies. (WRITING; MULTI-CULTURAL)

ANT 3430. Magic, Witchcraft and Religion (3). F; S.
A cross-cultural study of the nature and functions of belief systems. Emphasis is placed on understanding the belief systems of non-Western cultures in order to provide a means through which our own beliefs can be better understood. A variety of anthropological and psychological approaches to the study of belief systems are utilized. (MULTI-CULTURAL)

ANT 3500. Independent Study (1-4). F; S.

ANT 3520. Instructional Assistance (1). F; S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.
ANT 3530–3549. Selected Topics (1-4). On Demand. An opportunity to study a special topic or combination of topics not otherwise provided for in the anthropology curriculum. May be repeated for credit when content does not duplicate.

ANT 3550. Applied Anthropology (3).S. This course provides an understanding of the way in which anthropological methods and knowledge can assist in solving human problems. Reviews the subfields of applied anthropology, the major forms of anthropological intervention and methodologies used in policy science, and ethical guidelines for practitioners. Mini-internships in local agencies will be incorporated as part of the course. (WRITING)

ANT 3800. Ethnographic Writing and Video (3).S. The general purpose of this course is to explore the nature of ethnographic representation and alternative approaches to writing. In order to accomplish this, the course will focus on three main activities: (1) reading of some current critiques and analyses of ethnographic representation; (2) reading different forms of ethnographic writing by others, including realist, confessional and impressionist tales and viewing and critiquing select ethnographic videos; and (3) writing different forms of ethnographic writing. (WRITING; SPEAKING)

ANT 4110. Meso American Archeology (3). On Demand. Alternate years. The prehistory of Mexico, Guatemala and Honduras is covered from the earliest Paleo Indian up to the conquest of Mexico by the Spaniards in the 16th Century. Emphasis is placed on the continuity of cultures from the Teotihuacanos to the Aztecs in central Mexico and from the Olmec to the Mayans in the southern and eastern portions of the area. (MULTI-CULTURAL)

ANT 4120. Appalachian Culture (3).F. A cultural survey of rural and urban Appalachia. A brief history of the region is followed by a discussion of the contemporary social, economic, political, and cultural characteristics of the people. The impact of processes of change, including migration, urbanization, industrialization, and resource exploitation, are explored. (WRITING; CROSS-DISCIPLINARY)

ANT 4130. Meso American Ethnology (3). On Demand. An integrated study of society and culture in Meso America (Mexico, Guatemala, Honduras), including prehistorical and historical background and an analysis of contemporary values, social structure, economic forms, politics, and religion. Contemporary issues which face this region and bear on its relationship to the world are discussed.

ANT 4210. Ethnographic Field School (2-6). On Demand. Students will be immersed in a particular cultural context and learn to use standard ethnographic techniques to analyze and interpret the culture. Each student will live in a local community, participating in its daily activities. There will be instruction in the use of qualitative methods, such as observation, mapping, genealogies and life histories, formal interviewing, and cultural domain analysis. A research paper on a topic selected in consultation with the instructor will be required. Prerequisite: ANT 1215 or permission of the instructor. (MULTI-CULTURAL; WRITING)

ANT 4220. Globalization (3).S. Alternate years. Examines the interactions of politics, economic trends and business actions as they create patterns of international stability, crisis, and change. (Same as PS 4220.)

ANT 4310. Human Osteology (3). Alternate years. Introduction to human skeletal and dental anatomy emphasizing the application of that knowledge to the analysis of human remains from archaeological contexts. Applications include determination of sex, age at death, stature, and population affiliation. Techniques for reconstructing populations, interpreting disease experience and examining microevolution will be covered. Lecture two hours, laboratory two hours. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ANT 4402. Archeological Theory (3).F. Explores the history of archeological thought since the eighteenth century (including evolution, cultural history, and processualism) and concludes with contemporary theory (postprocessualism and feminism). Participation in Internet archeological activities will supplement coursework and readings. Prerequisites: ANT 1220; and ANT 2220 or ANT 2235 or ANT 2335. (WRITING)

ANT 4425. History of Anthropological Ideas (3).F. A critical examination of the most influential ideas and theories in anthropology from the 19th century to contemporary theoretical schools, viewed in historical context. Changing conceptions of research strategies, research questions, and modes of explanation, as they relate to developing ideas about the nature of anthropology and human culture are explored. (MULTI-CULTURAL; WRITING)
ANT 4550. Senior Seminar in Anthropology (3). F; S.
An opportunity for upper level students to reflect upon the anthropological perspective and to contemplate and articulate their own image of anthropology. Diverse issues ranging from the consideration of ethics to the examination of career opportunities to reflections upon the overall meaning of anthropology will be discussed. Designed as a final on-campus opportunity for students to systematically reflect upon their vision of the anthropological enterprise and to integrate their experience in anthropology in relationship to their future goals. Ideally should be taken during the final semester of on-campus study. Required for majors. Prerequisite: ANT 4402, ANT 4425 or ANT 4570 or approval of the instructor. (SPEAKING; WRITING)

ANT 4565. Agrarian Studies and Rural Development (3). On Demand.
Descriptive and theoretical analysis of peasantry in the context of world economic and political systems in the face of globalization. Explores the political economy of rural development and prospects for sustainable development from a comparative perspective. (MULTI-CULTURAL) [Dual-listed with ANT 5565.]

ANT 4568. Language and Culture (3). On Demand.
An overview of the complex relations between language, culture, and society as conceived by linguists and anthropologists. The course takes both an historical and an ethnographic approach to language, and involves close readings of theoretical works on language as well as comparative, cross-cultural readings in the ethnography of speaking. [Dual-listed with ANT 5568.]

ANT 4570. Sustainable Development in the Modern World System (3). F; S.
This course examines the political economy and cultural ecology of global economic development. It assesses the differing social and material impacts for the peoples of core and peripheral world regions. Students design or assess a sustainable development program in a selected local-regional setting. Required for the sustainable development minor. (MULTI-CULTURAL; WRITING; CROSS-DISCIPLINARY)

ANT 4600. Medical Anthropology (3). F.
An examination of health, illness, and the treatment of disease from a cross-cultural perspective. Includes discussion of various theories of illness, types of healers, and the empirical basis for folk medicine and alternative forms of therapy. (MULTI-CULTURAL; WRITING; CROSS-DISCIPLINARY) [Dual-listed with ANT 5600.]

ANT 4700. Historical Archaeology (3). On Demand. Alternate years.
The study of America since the late 16th century as known through its material culture. This course focuses on the different types of sites (domestic, military, industrial) and how they have been studied by archaeologists in order to create a more complete picture of past American lifeways. Also emphasized is the identification, analysis, and preservation of artifacts plus issues such as Native American contact, ethnicity, adaptive strategies and socio-economic status recognition.

ANT 4750. Archeological Site Reporting (3). On Demand.
Students will utilize their experience and knowledge gained in other archaeology courses to analyze and interpret an excavated site. Each student will author a section of the site report which will normally be published. Prerequisites: ANT 3250 and ANT 3120. (WRITING)

Graded on an S/U basis.

Bruce E. Stewart, History
Gary L. Walker, Biology
Charles A. Watkins, Appalachian Cultural Museum
Thomas R. Whyte, Anthropology
Wayne E. Williams, Health, Leisure and Exercise Science

The Center for Appalachian Studies coordinates curriculum offerings, projects, and research relating to the Appalachian region.

The southern Appalachian region’s unique mix of scenic beauty, distinctive cultures and communities, and wealth in natural resources inspires an enduring search for a balanced regional future, a future which will preserve Appalachia’s environment, cultural and historical character, while permitting its people full participation in the advantages of American life. The Appalachian Studies program contributes to the rich harvest of scholarship in the humanities and social sciences, practice in the folk and fine arts, and service to regional communities and organizations.

The search for Appalachia’s future takes place in a global context, for the environmental, economic, and cultural challenges which the region confronts are also faced by other mountain and “peripheral” regions throughout the nation and the world. Appalachian Studies links the local and national, the regional and global, providing both a framework and a training ground for addressing both local and global concerns.

The Center for Appalachian Studies coordinates the following degree options:

A Bachelor of Arts degree in Interdisciplinary Studies (250*/24.0101) with a concentration in Appalachian Studies (250C) (See the Department of Interdisciplinary Studies for a complete listing of requirements.)

An undergraduate minor in Appalachian Music: Roots and Influences (100/05.0199) (See “Interdisciplinary Minors” under the College of Arts and Sciences for a complete listing of requirements.)

An undergraduate minor in Appalachian Studies (204/05.0199) (See “Interdisciplinary Minors” under the College of Arts and Sciences for a complete listing of requirements.)

The Center for Appalachian Studies also offers a Graduate Certificate program in Appalachian Studies (200A/05.0199). For more information, contact the certificate program director at (828) 262-4089 or visit www.appstudies.appstate.edu. Consult the Graduate Bulletin for further information.

A Master of Arts degree in Appalachian Studies (204*/05.0199) with three interdisciplinary concentrations:

1. Appalachian Culture Area concentration (204B) focuses on scholarship and research in the social sciences, humanities, and fine and applied arts, seeking to deepen understanding of the Appalachian socio-cultural and historical experience.

2. Appalachian Music: Roots and Influences concentration (204D) provides instruction and opportunities for scholarship on the varieties of traditional music traditions that intersect in the southern Appalachian region.

3. Sustainable Development concentration (204C) is based on applied research and interdisciplinary course work spanning the social and natural sciences as well as the humanities. It provides a foundation for those students who seek to develop the means for meeting the legitimate needs of present generations without compromising the ability of future generations to meet their needs. For students interested in Appalachian and other highland and rural peoples, as well as other peoples threatened by the results of unsustainable practices and patterns, this course of study provides the background in the search for sustainable solutions. Consult the Graduate Bulletin for further information.

A graduate minor in Appalachian Studies (203/05.0199) (Consult the Graduate Bulletin.)

Courses of Instruction in Appalachian Studies (AS)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)
APPalachian Studies

APPALACHIAN STUDIES (AS)

AS 2016. Appalachian Music (3).F;S.
A survey of Appalachian music including both instrumental and vocal styles, older traditions and newer regional forms. Students will have opportunities to develop musical skills through hands-on class projects and activities. Lecture three hours. (Same as MUS 2016.) (CORE: HUMANITIES)

AS 2025. Appalachian Strings (3).F;S.
Introductory instruction in stringed instruments and styles commonly heard in old-time, old-time country, and bluegrass music, including basic music theory. Lecture and demonstration three hours.

AS 2410. Introduction to Appalachian Studies, Humanities (3). On Demand.
This course will explore the Appalachian region from a cross-disciplinary perspective, with readings on Appalachia drawn primarily from the humanities. Both historical and contemporary issues will be examined, focusing upon national and international as well as local and regional contexts. This course will provide an introduction to the Interdisciplinary Studies concentration and the Arts and Sciences minor in Appalachian Studies. Students who take AS 2410/IDS 2410 cannot take AS 2411/IDS 2411 for credit. (Same as IDS 2410.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

AS 2411. Introduction to Appalachian Studies, Social Sciences (3). On Demand.
This course will explore the Appalachian region from a cross-disciplinary perspective, with readings on Appalachia drawn primarily from the social sciences. Both historical and contemporary issues will be examined, focusing upon national and international as well as local and regional contexts. This course will provide an introduction to the Interdisciplinary Studies concentration and the Arts and Sciences minor in Appalachian Studies. Students who take AS 2411/IDS 2411 cannot take AS 2410/IDS 2410 for credit. (Same as IDS 2411.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

AS 3500. Independent Study (1-3).F;S.

AS 4015. Old Time Music Traditions (3).F. Alternate years.
A multi-cultural study of old time music and its roots, with interdisciplinary approaches from the humanities and social sciences. Lecture three hours. (MULTI-CULTURAL; CROSS-DISCIPLINARY) [Dual-listed with AS 5015.]

AS 4030. Bluegrass Traditions (3).F. Alternate years.
The genesis of bluegrass music from its beginnings to its major redefinition in the mid-1970s. Lecture three hours. (CROSS-DISCIPLINARY) [Dual-listed with AS 5030.]

Graded on an S/U basis.
The primary mission of the Department of Biology is to provide the student with a well-balanced background in the life sciences. A student majoring in biology will examine the characteristics of life at all levels, from the workings of a single cell to the dynamics of an ecosystem. In addition to providing the student with a broad understanding of and appreciation for life and its processes, the curriculum is designed to prepare students for careers in biology or for studies at the graduate level. To meet these objectives the department has established the degree concentrations listed below, each with a somewhat different focus within the discipline.

All majors in biology require a minimum of 128 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

All biology majors are required to take the core curriculum. Additionally, they must complete the set of courses indicated below in the degree they select as the one most suited to their educational needs.

**Biology Core**
The Biology core consists of Bio 1110, Bio 2000, and Bio 2001. Students who complete Bio 1101 and Bio 1102 with a grade of "C" or better in each course may substitute this series for Bio 1110. It is required that students complete the core prior to beginning the degree.

**The Bachelor of Arts Degree in Biology (208A/26.0101)**
This is the most flexible program in the Department of Biology. It is designed for highly directed students who wish to focus on disciplines not addressed by the other degree concentrations.

In addition to the biology core (Bio 1110, Bio 2000, and Bio 2001), students pursuing the B.A. degree must complete Bio 3306 and 19 s.h. in biology. It is required that at least one course be selected from each of the following areas: a) cellular or subcellular biology, b) anatomy or physiology, c) evolution or ecology, and d) systematic or field biology. The following cognate courses are also required: CHE 1101 & CHE 1110; CHE 1102 & CHE 1120; CHE 2201 & CHE 2203; CHE 2202 & CHE 2204; PHY 1103 & PHY 1104; MAT 1110; STT 2810. Students pursuing a B.A. degree must also select a minor and complete foreign language requirements as listed elsewhere in the Undergraduate Bulletin. Students will complete 128 s.h. for this degree. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in biology.

**The Bachelor of Science Degree in Biology/Ecology and Environmental Biology (205*/26.1301) with concentrations in Basic Science (205B), Business (205E), Geography and Landscape Ecology (205C), and Sustainable Development (205D)**
requires 128 s.h. including the biology core (Bio 1110, Bio 2000, and Bio 2001); and completion of the following: BIO 3302; BIO 3306; BIO 3436; BIO 3301 or BIO 3308 or BIO 3800 or BIO 4100 or BIO 4555; any four from among BIO 3304, BIO 3310, BIO 3314, BIO 3456, BIO 4551, BIO 4552, BIO 4556, BIO 4557, BIO 4559, BIO 4560, BIO 4601 (must include one plant biology course); additional elective hours in biology to reach a minimum of 34 s.h.; CHE 1101 & CHE 1110; CHE 1102 & CHE 1120; CHE 2101 & CHE 2203,* or CHE 2210 and CHE 2211; CHE 2101 & CHE 2203,* or CHE 2210 and CHE 2211; CHE 2101 & CHE 2203,* or CHE 2210 and CHE 2211; MAT 1110; STT 2810. *[Note: The sequence of CHE 2201/CHE 2203 AND CHE 2202/CHE 2204 can substitute for CHE 2101/CHE 2203.] Students must also complete requirements for one of the following concentrations:

1. **Basic Science concentration (205B)**
   (Option A) Complete 13 semester hours with at least one course from each area:
   ECO 2030; GLY 1101, GLY 1102, GLY 1103; GHY 1010, GHY 3100
   (Option B) CHE 2202 and CHE 2204; PHY 1103 and PHY 1104

2. **Business concentration (205E)**
   ECO 2030 and 9 s.h. from among ACC 1100, MGT 3010, MKT 3050, FIN 3010

3. **Geography and Landscape Ecology concentration (205C)**
4. Sustainable Development concentration (205D)
   Complete 12 s.h. in three different disciplines from among IDS 3200; PLN 2410, PLN 3431, PLN 3730, PLN 4700; GHY 1020; GLY 1103; ANT 4570; TEC 2029, TEC 4608, TEC 4618, TEC 4628

In all options, students are encouraged to complete a minor by selection of one or two additional courses (consult with academic advisor).

The Bachelor of Science degree in Biology, Pre-Professional (203A/26.0101)
In addition to the general objectives of the department, this degree is designed to prepare students for successful admission into professional schools or to continue their studies in graduate and health-care programs.

The Bachelor of Science degree in Biology, Pre-Professional requires 128 s.h. including the biology core (BIO 1110, BIO 2000, and BIO 2001); and completion of the following: BIO 3306, BIO 3307, BIO 3800, BIO 3301 or BIO 4555, BIO 3302 or BIO 3312 or BIO 3436, BIO 3309 or BIO 3314 or BIO 4569; any two from among BIO 3308, BIO 4100, BIO 4568, or BIO 4570; and at least one field course; CHE 1101 & CHE 1110; CHE 1102 & CHE 1120; CHE 2201 & CHE 2203; CHE 2202 & CHE 2204; CHE 4580; PHY 1103 & PHY 1104; MAT 1110; STT 2810; 6 s.h. of electives in the natural sciences; and 7 s.h. of electives outside of the sciences.

The Bachelor of Science degree in Biology, Secondary Education (209A/13.1322)[T] (Teaching)
In addition to the general objectives of the department, this degree is designed for students intending to pursue careers in teaching. Students successfully completing this degree will meet the North Carolina Department of Public Instruction requirements to teach biology full-time in grades 9-12 and will be eligible for a North Carolina Secondary General Science teaching license.

The Bachelor of Science degree in Biology, Secondary education (Teaching) requires 128 s.h. including the biology core (BIO 1110, BIO 2000, and BIO 2001); and completion of the following: BIO 3301 or BIO 4555; BIO 3306; BIO 3307; BIO 3312; BIO 3436; BIO 3521; BIO 3800; one organismal biology course (3 s.h. minimum); CHE 1101, CHE 1110; CHE 1102, CHE 1120; CHE 2101, CHE 2203; MAT 1110; STT 2810; PHY 1103 and PHY 1104; GLY 1101; GS 4403 and RE 4630 (minimum grade of "C" required in GS 4403 and RE 4630); plus course work required by the Reich College of Education for teacher licensure. The student should consult the requirements for licensure listed under the Department of Curriculum and Instruction.

The Bachelor of Science degree in Clinical Laboratory Sciences (221A/51.1005)
In addition to the general objectives of the department, this degree is designed to prepare students for affiliated programs in medical technology.

The Bachelor of Science degree in Clinical Laboratory Sciences requires 128 semester hours including the biology core (BIO 1110, BIO 2000, and BIO 2001); and completion of the following: BIO 3301; BIO 3306; BIO 3308; BIO 3800; BIO 4568; CHE 1101 and CHE 1110; CHE 1102 and CHE 1120; CHE 2201 and CHE 2203; CHE 2202 and CHE 2204; MAT 1110; STT 2810; and 32 semester hours in the clinical phase of the program which will be provided at an affiliated school of medical technology. The student should secure catalogs from these schools for descriptions of their programs.

Biology Minor (208/26.0101)
A minor in Biology consists of a minimum of 14 semester hours taken in courses numbered 2000 and above.

The Department of Biology offers a Master of Science degree in Biology and a Master of Arts degree in Biology, Education. Persons interested in any of these degree programs should consult the Graduate Bulletin for further information.

Courses of Instruction in Biology and General Science (BIO, GS)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

BIOLOGY (BIO)

BIO 1101. Introduction to Life Sciences I (4).F;S.
First course in a two semester sequence. An examination of the principles of life with a focus on the chemistry of living organisms, cell structure and function, genetics, and evolutionary processes. Lecture three hours, laboratory two hours. (CORE: NATURAL SCIENCES) (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 1102. Introduction to Life Sciences II (4).F;S.
Second course in a two semester sequence. An examination of the origins of life, the diversity of living organisms, ecological principles, and plant and animal structure and function. Lecture three hours, laboratory two hours. Prerequisite: BIO 1101 or BIO
1110. (CORE: NATURAL SCIENCES) (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

STUDENTS WHO COMPLETE BIO 1101 AND BIO 1102 WITH A GRADE OF "C" OR BETTER IN EACH COURSE MAY SUBSTITUTE THIS SERIES FOR BIO 1110.

BIO 1110. Concepts of Biology (4).F;S. Important concepts of modern biological science. Designed for Science majors. First course for biology majors. Prerequisite: one year of high school biology. Lecture three hours, laboratory three hours.

UNLESS NOTED, BIO 1110 IS PREREQUISITE FOR ALL COURSES NUMBERED 2000 AND ABOVE.

BIO 2000. Introduction to Botany (4).F;S. Survey of the major topics in plant biology including physiology, morphology, ecology, evolution, aspects of plant diversity and water relations in plants. Lecture three hours, laboratory three hours.

BIO 2001. Introduction to Zoology (4).F;S. Integrated and phylogenetic study of the animal kingdom. The basic biological problems facing animals will be considered in the context of morphology and evolutionary history. Lecture three hours, laboratory three hours.

ALL BIOLOGY MAJORS MUST COMPLETE BIO 1110, BIO 2000, AND BIO 2001 BEFORE TAKING ANY OTHER BIOLOGY COURSE FOR THE MAJOR.

BIO 2500. Independent Study (1-4).F;S.

BIO 2700. Human Genetics (3).F;S. This course examines the principles of genetics from a human perspective. The history of genetic thought will be discussed, as well as pedigree analysis, genetics of human disease, human population genetics, and selected topics on the Human Genome project, behavior and multifactorial traits. This course may not substitute for the genetics requirement for Biology majors (BIO 3306). Prerequisites: BIO 1101, CHE 1102, and MAT 1025.

BIO 2800. Biotechnology and Society (3).S. Alternate years. A look at how the recent advances in biotechnology affect society and individuals. Special emphasis is placed on the possibilities that biotechnology brings and the decisions it forces on society. Topics include reproductive technology, population problems, extending life, considerations of the ever-changing definition of death, genetic testing and screening, ecological problems, and others as new technological advances develop. Prerequisite: at least one course in biology, sociology, or ethics. (WRITING; SPEAKING)

BIO 3301. Animal Physiology (4).F;S. A study of the fundamental principles of animal physiology with an emphasis on function. Pre- or corequisite: one semester of organic chemistry. Lecture three hours, laboratory three hours. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 3302. Ecology (4).F;S. A study of the interaction of organisms with their environment. Principles discussed will include natural selection and adaptation, population growth and regulation, interspecific interactions, including competition, predation, parasite-host relationships and mutualism, the structure and function of communities and ecosystems, geographical ecology, and human impacts on the biosphere. STT 2810 recommended. Lecture three hours, laboratory three hours. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 3304. Systematic Botany (3).F. The general principles of the taxonomy of the vascular plants utilizing elements of the local flora as laboratory material in the consideration of identification, nomenclature, classification, and evolutionary mechanism. Lecture two hours, laboratory two hours. Prerequisite: BIO 2000.

BIO 3306. Genetics (3).F;S. This course will cover aspects of transmission genetics, cytogenticis, molecular genetics and the importance of genetics to an understanding of evolution and population dynamics. The genetics of viruses, procaryotes, and euukaryotes will be studied. Prerequisites: BIO 2000 and BIO 2001. Prerequisite or corequisite: CHE 2201 and CHE 2203. Lecture three hours. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
BIO 3307. Genetics Laboratory (1).S.
Laboratory investigations of genetic systems in plants and animals. Prerequisite or corequisite: BIO 3306. Laboratory three hours.
(WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 3308. Microbiology (4).F;S.
Introduction to the biology of microorganisms, including phylogeny and diversity, growth, metabolism, and genetics. A main objective is to gain appreciation and understanding of diversity and ubiquity of microorganisms. The course also considers the role of microorganisms in human's lives, from ways in which they have shaped our environment to direct microbe-human interactions. The laboratory introduces basic techniques of pure culture work, enrichments and isolation, and experimentation with microorganisms. Prerequisites: CHE 1101, CHE 1110, and CHE 1102, CHE 1120. Lecture three hours, laboratory three hours.

BIO 3309. Developmental Biology (4).S.
A study of the fundamental patterns and principles of animal growth and development at the molecular, cellular, and organismal levels. The laboratory will examine the development of selected invertebrates and vertebrates and will include experimental manipulations of developing systems. Lecture three hours, laboratory three hours.

Introduction to the more common marine organisms, including morphology, physiology, taxonomy, ecology, and economic aspects. Lecture two hours, laboratory two hours. (WRITING)

BIO 3312. Environmental Studies (3).F;S.
An in-depth study of environmental problems from a systems/ecological perspective, with emphasis on the scientific basis of the problems and possible solutions. Topics to be covered include population growth; mineral, water and wildlife resources; energy resources; waste and pollution. Lecture three hours. (WRITING; SPEAKING)

BIO 3314. Comparative Vertebrate Zoology (4).S.
The origin, evolution, anatomy, physiology, taxonomy, and natural history of the vertebrates. Lecture three hours, laboratory three hours.

BIO 3318. Outdoor Recreation: An Ecological and Behavioral Approach (2).S.
This course is designed to teach the recreation manager how to better understand the complex interactions between the recreation resource and the human user. Recreation is described and studied as need-fulfilling behavior which can be enhanced by an understanding of the biological entities (flora and fauna) and their ecological relationship. Prerequisite: none required.
(EFFECTIVE: SPRING, 2008)

BIO 3320. Air Pollution Effects on Plants and People (3).S.
An in-depth study of the causes and consequences of air pollution throughout the world, including acidic deposition, particulates, visibility problems, and gaseous pollutants such as oxides of nitrogen and sulfur, fluorides, ozone, PAN, and carbon dioxide. The sources of these pollutants and their biological effects will be discussed, as well as their interactions with global climate change. Lecture three hours; will include field trips to experimental sites. Prerequisites: BIO 1101 and BIO 1102, and junior level standing. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 3436. Introduction to Evolutionary Biology (3).F;S.
An introduction to the study of evolution including a summary of the stratigraphic record, an historical summary of the earth and its major floral and faunal groups, a review of major contributions to evolutionary theory, and a summary of the factors thought to cause evolutionary change. Lecture three hours. (WRITING; SPEAKING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 3500. Independent Study (1-4).F;S.

BIO 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process at the University level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

BIO 3521. Secondary Science Field Experience (1).F;S.
A supervised experience in the instructional process at the secondary school level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Required of all teacher-licensure candidates in biology.

BIO 3530–3549. Selected Topics (1-4). On Demand.
BIO 3800. Molecular Biology (4).F:S.
A study of the basic molecular processes and critical recombinant DNA technologies. This includes: structure and general features of the biological information molecules DNA, RNA and proteins; DNA replication and repair processes; RNA synthesis and processing; protein synthesis and regulations; and basic recombinant DNA technology. The laboratory will include: DNA isolation techniques; restriction analysis; construction of a recombinant DNA molecule and transformation of a bacterial system; DNA-DNA hybridization; in vitro translation and gel analysis of a protein; DNA amplification using PCR; and DNA sequencing and analysis. Lecture three hours, laboratory three hours. Prerequisite: one semester of organic chemistry. (WRITING; NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 4100. Cell Biology (4).S.
This course provides a detailed description of the components, structures, and functions of the eukaryotic cell. The lecture material includes biomolecules, gene expression, organelle functioning, cellular communication, and interrelation of cell systems. The laboratory is designed to allow students to learn experimental cell biology procedures through the measurement of some of the central components and functions of the cell. Lecture three hours, laboratory three hours.

Study of common plants and animals with emphasis on ecology, collecting techniques and identification. Designed for students with limited biology backgrounds. Not open to biology majors for credit. [Dual-listed with Bio 5505.]

BIO 4551. Ornithology (3).S.
The morphology, physiology, behavior, ecology and identification of birds. Early morning field trips are required. Extended field trips to a variety of habitats will be arranged. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5551.]

BIO 4552. Entomology (3).F.
A comparative study of the insects and related arthropods with an emphasis on morphology and systematics. Methods of collection and preservation are covered. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5552.]

BIO 4555. Plant Physiology (4).F.
A study of the basic principles of plant physiology and fundamental processes such as cell properties, water relations, growth, photosynthesis, respiration, and mineral nutrition. Prerequisites: CHE 1101, CHE 1110 and CHE 1102, CHE 1120, CHE 2201 and CHE 2203 are strongly recommended. Lecture three hours, laboratory three hours. (WRITING; NUMERICAL DATA; COMPUTER) [Dual-listed with Bio 5555.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 4556. Mycology (4).F.
An investigation of the fungi with particular reference to the techniques of working with these organisms. Lecture three hours, laboratory three hours. [Dual-listed with Bio 5556.]

BIO 4557. Ichthyology (3).F.
Ecology, distribution, taxonomy and economic importance of fishes. Freshwater fishes will be emphasized. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5557.]

An in-depth study of the fleshy fungi (mushrooms [agarics], chanterelles, hydnums, polyposes, and corals) with an emphasis on morphology, systematics, and ecology. Methods of collection, macroscopic and microscopic dissection, identification, and preservation are covered. Field trips are required. Lecture two hours, and laboratory three hours. [Dual-listed with Bio 5558.]

BIO 4559. Mammalogy (3).S.
The natural history, distribution, adaptations, taxonomy and economic importance of mammals. Field trips and visits to zoos will be arranged. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5559.]

BIO 4560. Herpetology (3).F.
The morphology, taxonomy, physiology, and distribution of amphibians and reptiles. Methods of collecting and preserving specimens as well as behavioral aspects of species in their natural habitats will be covered. Field trips will be required. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5560.]

BIO 4563. Biology of Aging (3).F.
General study of biological/physiological changes over time in the structure and function of the systems of organisms with emphasis on the human body. Lecture three hours. [Dual-listed with Bio 5563.]
BIO 4564. Microscopy (4).F.
A study of the principles and techniques of biological microscopy. Lectures include discussions on preparative techniques for various types of bioimaging, the optical theories behind the imaging technologies, and the structure and function of cellular organelles. Laboratories examine practical techniques of tissue preparation for various kinds of microscopy, the effective use of various types of microscopes, and the interpretation of data obtained from various imaging systems. Lecture three hours, laboratory three hours. [Dual-listed with BIO 5564.]

BIO 4567. Lichenology (3). On Demand.
A study of the morphology, diversity, evolution, ecology, physiology, and chemistry of lichens as well as their significance as biological indicators. Field trips are required. Lecture two hours, and laboratory three hours. [Dual-listed with Bio 5567.]

BIO 4568. Immunology (4).S.
A study of the immune system with emphasis on cellular interactions involved in the generation of humoral and cell-mediated immune responses. Lecture includes discussions on inflammation, antibody diversity, tissue transplantation, and immunopathologies. Laboratories examine lymphoid tissue organization, lymphocyte function, and antibody-antigen reactions with emphasis on clinical application. Prerequisite or corequisite: BIO 3306. Lecture three hours, laboratory three hours. [Dual-listed with BIO 5568.]

BIO 4569. Invertebrate Zoology (4).F.
Students will be introduced to the 34 extant major and minor invertebrate phyla which make up 99% of the Earth’s named animal species and virtually 100% of those animals yet undiscovered. The intriguing natural history, symmetry and development, mode of locomotion, nutrition, reproduction, and primary environments of the invertebrates will be discussed. Labs will emphasize invertebrate habitats, field collection, phylogenetic relationships as well as ecological and physiological adaptations and examination of major morphological characteristics. Lecture three hours, laboratory three hours with required field trips. [Dual-listed with BIO 5569.]

BIO 4570. Parasitology (3).F.
A survey of protozoan, helminthic and arthropod parasites with emphasis on causation and prevention of disease. Lecture two hours, laboratory two hours. [Dual-listed with Bio 5570.]

A study of the associations between insects and plants, using lecture, class discussions and laboratory exercises. Lecture topics include constraints imposed by plants on herbivorous insects and the strategies insects use to overcome them, pollination biology and ecology and the interplay between biotic and abiotic factors in determining interactions. Laboratory exercises are field-based mini-experiments leading to the development of an individual project with experimentation and paper presentation. Lecture three hours, laboratory three hours. [Dual-listed with BIO 5571.]

BIO 4580. Field Biology of Continental U.S.A. (5).SS.
Ecological investigations of major habitats in the U.S. Prerequisites: 16 semester hours in biology and consent of the instructor. [Dual-listed with BIO 5580.]

BIO 4601. Animal Behavior-Ethology (3).S.
Basic principles of animal behavior are approached from an evolutionary perspective. Topics such as instinct, learning, biological clocks, sociobiology, communication and physiological mechanisms of behavior are stressed. Laboratory emphasizes techniques of observing, recording, and analyzing behavior using a research project format. Lecture two hours, laboratory two hours. (WRITING; SPEAKING; NUMERICAL DATA) [Dual-listed with BIO 5601.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

BIO 4900. Internships in Biology (1-6).F;S.
Practical biological experiences in federal, state, and local agencies. Graded on an S/U basis. [Dual-listed with BIO 5900.]

GENERAL SCIENCE (GS)

GSP 1010. Contemporary Physics (2).F;S.
A course in a series of four science mini-courses for the non-science major. (EACH MINI-COURSE LASTS FOR ONE-HALF SEMESTER. STUDENTS SHOULD BE ADVISED TO REGISTER FOR TWO MINI-COURSES IN ONE SEMESTER TO TOTAL FOUR SEMESTER HOURS.) The course presents a broad view of important areas of contemporary physics. Concepts of modern physics are studied at an introductory level with the necessary classical physics background needed for their comprehension. Co- or prerequisite: a college-level mathematics course. Corequisite: GSC 1020. Contemporary Chemistry. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
GSA 1010. Contemporary Astronomy (2). On Demand.
A course in a series of four science mini-courses for the non-science major. (Each mini-course lasts for one-half semester. Students should be advised to register for two mini-courses in one semester to total four semester hours.) The course presents a view of how modern astronomers study the universe. The concepts and techniques of modern astronomy are studied at an introductory level with the necessary physics background needed for their comprehension. Co- or prerequisite: a college-level mathematics course. Corequisite: GSC 1020. Contemporary Chemistry. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (Numerical Data) (Core: Natural Sciences) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GSC 1020. Contemporary Chemistry (2). F;S.
A course in a sequential series of four science mini courses. (Each mini-course lasts for one-half semester. Students should be advised to register for two mini-courses in one semester to total four semester hours.) The course will introduce students to selected fundamental principles and concepts of chemistry discussed and developed in the context of science topics of concern or interest in modern society. Co- or prerequisite: college-level mathematics course. Corequisite: GSC 1010. Contemporary Physics or GSA 1010. Contemporary Astronomy. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (Numerical Data) (Core: Natural Sciences) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GSG 1030. Contemporary Geology (2). F;S.
A course in a sequential series of four science mini-courses. (Each mini-course lasts for one-half semester. Students should be advised to register for two mini-courses in one semester to total four semester hours.) The course will introduce students to selected fundamental principles and concepts of geology discussed and developed in the context of science topics of concern or interest in modern society. Prerequisite: GSP 1010 or GSA 1010 and GSC 1020. Corequisite: GSB 1040. Contemporary Biology. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (Numerical Data) (Core: Natural Sciences) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GSB 1040. Contemporary Biology (2). F;S.
A course in a sequential series of four science mini-courses. (Each mini-course lasts for one-half semester. Students should be advised to register for two mini-courses in one semester to total four semester hours.) The course will introduce students to selected fundamental principles and concepts of biology discussed and developed in the context of science topics of concern or interest in modern society. Prerequisites: GSP 1010 or GSA 1010; and GSC 1020. Corequisite: GSG 1030. Contemporary Geology. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (Numerical Data) (Core: Natural Sciences) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GS 3500. Independent Study (1-4). On Demand.

GS 3530–3549. Selected Topics (1-4). On Demand.

GS 4401. Science and Science Teaching in the Elementary School (3). F;S.
A survey of scientific principles, concepts and national curricula taught in elementary schools. Emphasis is placed on the development of materials, demonstrations and "hands on" experiments appropriate for integration into the total curriculum. Lecture two hours, laboratory two hours.

GS 4403. Teaching Science in Middle and High Schools (3). F;S.
This course is for the prospective middle/high school teacher and focuses on effective instructional strategies for teaching principles associated with the major science disciplines. Emphasis is placed on planning, science process skills, inquiry instruction, hands-on/minds-on activities, improvising materials, demonstrations, and assessment techniques. Special emphasis is also placed on the North Carolina Standard Course of Study and national curriculum standards. Secondary education majors will have at least 15 hours of teamed experience in public school classrooms in addition to class. It is STRONGLY ADVISED that all other requirements for licensure (except student teaching) be completed prior to this course. Lecture two hours, laboratory two hours. (Writing; Speaking; Computer)

The objectives of the A.R. Smith Department of Chemistry are to prepare students in chemistry for careers in industry, government service, high school and junior college level teaching and for continuing study in chemistry and related areas at the graduate or professional school level. The department also strives to provide a basic understanding of the principles of chemistry and physical science related to all areas of scientific study and to provide the student with an appreciation for the impact of science and technology in today’s society.

All majors in chemistry require a minimum of 122 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

The Bachelor of Arts degree in Chemistry (216A/40.0501) consists of 32 semester hours above the 1000 level. The required courses are: CHE 2201 and CHE 2203, CHE 2202 and CHE 2204, CHE 2210 and CHE 2211, CHE 3000, CHE 3301-CHE 3302, CHE 3303, CHE 3304, CHE 3404, CHE 3405, CHE 4000, CHE 4400 and five semester hours elected from other chemistry courses. CHE 3520 and CHE 4610 are not accepted. The chemistry major must take PHY 1150-PHY 1151; an additional six to eight hours in either astronomy, geology, biology, or physics (courses at the 1000 level and PHY 3350 are not accepted); and MAT 1110 and MAT 1120. CHE 3560, CHE 3561, Instrumental Methods of Analysis, and CHE 4580, Biochemistry I, are strongly recommended. If CHE 3560, CHE 3561 and CHE 4580 are chosen, this degree is approved by the American Chemical Society’s Committee on Professional Training. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in Chemistry.

The Bachelor of Arts degree as described in the preceding paragraph has been approved by the American Chemical Society’s Committee on Professional Training.

The Bachelor of Science degree in Chemistry (214*/40.0501) consists of at least 23 semester hours above the freshman level. The required courses are CHE 2201 and CHE 2203, CHE 2210 and CHE 2211, CHE 3000, CHE 3301, CHE 3303, CHE 3404, and seven hours selected from other chemistry courses. The chemistry major must take PHY 1150-PHY 1151; an additional six to eight hours in either astronomy, biology, geology, or physics (courses at the 1000 level and PHY 3350 are not accepted); and MAT 1110 and MAT 1120.

The student must also select a concentration in a career support area. This concentration must be approved by the department upon entering the Bachelor of Science degree in Chemistry. The concentrations currently available are listed below:

Certified Chemist Concentration (214B). The required courses, in addition to those listed above, are CHE 2202, CHE 2204, CHE 3302, CHE 3304, CHE 3405, CHE 4000, CHE 4400 or CHE 4510, CHE 3560, CHE 3561 and CHE 4580. CHE 3520 and CHE 4610 are not accepted. A course(s) in computer programming is strongly recommended. This degree has been approved by the American Chemical Society’s Committee on Professional Training.

Environmental Concentration (214G). CHE 2202, CHE 2204 and CHE 3560, CHE 3561 must be selected for the chemistry core and BIO 1110 and GLY 1101 will fulfill the “other sciences” requirement. Other courses required for the concentration are: CHE 4620, BIO 3302, GLY 1103, PHY 3140, STT 2810, ECO 3620, GHY 1010, and PS 2130. The following course is recommended: PS 3280. Recommended electives are PHL 1100, GHY 3100, GHY 3110, GHY 3310, GHY 3320, GHY 3820, GHY 4820, GLY 4620, CHE 3302, CHE 3304, and CS 1440.

Forensic Science Concentration (214H). The required courses are CHE 2202, CHE 2204, CHE 3560, CHE 3561, CHE 4580, CHE 4581; CJ 1100, CJ 3400, CJ 3405, CJ 3551, CJ 3552; BIO 1110, BIO 3800; and STT 2810.

Individually Designed Concentrations (214F). Additional concentrations to prepare the chemistry major to pursue other career opportunities may be developed in consultation with the chair of the Department of Chemistry and must be individually approved.

Marketing and Business Concentration (214D). Additional required chemistry courses are: CHE 2202 and CHE 2204. Required marketing and business courses: ACC 1100, ECO 2030, MKT 3050, MKT 3220, MKT 3230, MKT 3900. Recommended electives: ACC 2110, ECO 2040, ECO 2100, LAW 2150, MKT 4620. Completing the required marketing courses listed above with an overall GPA of at least 2.00 qualifies a student to minor in Marketing.
Preprofessional and Paramedical Concentration (214E). CHE 2202 and CHE 2204, and CHE 4580 must be selected. The required biology courses are: BIO 1110, BIO 2001, BIO 3301, BIO 3306, BIO 3307, BIO 3308, and BIO 3309; BIO 3314 and BIO 3800 are recommended. (Appropriate substitutions may be made with the approval of the departmental chair.)

The Bachelor of Science degree in Chemistry, Secondary Education (215A/13.1323) with teacher licensure consists of at least 24 semester hours above the freshman level. The required courses are either CHE 2101 and CHE 2203; or CHE 2201 and CHE 2203, and CHE 2202 and CHE 2204; CHE 2210 and CHE 2211, CHE 3000, CHE 3301, CHE 3303, CHE 3404, CHE 3521, and additional hours selected from other chemistry courses to make a total of at least 24 semester hours. CHE 4580, Biochemistry I, is recommended. Experience as a tutor through the Learning Assistance Program or the Supplemental Instruction Program is strongly recommended. The chemistry major must take PHY 1150-PHY 1151; BIO 1110 and GLY 1101; MAT 1110 and MAT 1120; and GS 4403 and RE 4630 (minimum grade of “C” required in GS 4403 and RE 4630). This program also provides an endorsement in physical science. In order to obtain a secondary science endorsement, a total of at least twelve semester hours must be taken in either biology or geology or physics. Each additional science endorsement requires at least twelve semester hours of coursework in a specific science area. For information on the professional education requirements for secondary education licensure, see the Department of Curriculum and Instruction.

All junior and senior students majoring in chemistry are expected to participate in weekly seminar discussion periods each semester in residence.

A minor in Chemistry (214/40.0501) consists of at least 20 semester hours: CHE 1101, CHE 1110 and CHE 1102, CHE 1120 (or equivalent) and twelve to fourteen semester hours of chemistry in two or more areas of chemistry from the following: analytical, biochemistry, inorganic, organic, and physical. The twelve to fourteen hours must include laboratory experiences in at least two different areas.

Honors Program in Chemistry
The A.R. Smith Department of Chemistry offers an honors program in chemistry. Admissions to the honors program requires completion of CHE 1101 and CHE 1102 (Introductory Chemistry I and II), CHE 2201 (Organic Chemistry I) or CHE 2101 (Fundamentals of Organic Chemistry) and a minimum grade-point average, both overall and in the major, of 3.20. To graduate with “honors in chemistry,” a student must have a minimum grade point average of 3.45, overall and in chemistry, and must take nine semester hours of chemistry honors credits with a “B” average or better, including CHE 4000 (Chemistry Seminar with honors) and CHE 4510 (Chemistry Honors Thesis). Students may arrange to take specific chemistry courses on an honors basis by negotiating an honors contract with the course instructor before class begins. The honors contract, which was developed by the Department of Chemistry Honors Committee, allows the student to receive honors credit for a regular course in chemistry by specifying the additional assignments that the student should perform in order to receive honors credit. The departmental honors committee must approve the honors contract.

Courses of Instruction in Chemistry (GSC, CHE)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

**GENERAL SCIENCE CHEMISTRY (GSC)**

**GSC 1020. Contemporary Chemistry (2).F;S.**
A course in a sequential series of four science mini-courses. (EACH MINI-COURSE LASTS FOR ONE-HALF SEMESTER. STUDENTS SHOULD BE ADVISED TO REGISTER FOR TWO MINI-COURSES IN ONE SEMESTER TO TOTAL FOUR SEMESTER HOURS.) The course will introduce students to selected fundamental principles and concepts of chemistry discussed and developed in the context of science topics of concern or interest in modern society. Co- or prerequisite: college-level mathematics course. Corequisite: GSP 1010. Contemporary Physics or GSA 1010. Contemporary Astronomy. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**CHEMISTRY (CHE)**

**CHE 1101. Introductory Chemistry I (3).F;S.**
A study of the fundamental principles of chemistry emphasizing modern atomic theory, the structure and behavior of atoms, the properties and states of matter, energy relations, periodicity and mole concepts. Lecture three hours. Corequisite or prerequisite: CHE 1110. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
CHE 1102. Introductory Chemistry II (3).F;S.
A study of properties of solutions, acid-base concepts, equilibria, elementary thermodynamics, elementary kinetics, electrochemistry. Lecture three hours. Prerequisites: CHE 1101 and CHE 1110; corequisite or prerequisite: CHE 1120. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

CHE 1110. Introductory Chemistry Laboratory I (1).F;S.
Laboratory experiments to supplement the study of the topics listed under CHE 1101. Laboratory three hours. Corequisite or prerequisite: CHE 1101. (CORE: NATURAL SCIENCES)

CHE 1120. Introductory Chemistry Laboratory II (1).F;S.
Laboratory experiments to supplement the study of the topics listed under CHE 1102. Laboratory three hours. Corequisite or prerequisite: CORE: NATURAL SCIENCES

CHE 2101. Fundamentals of Organic Chemistry (3).F;S.
A study of the fundamental concepts and basic physical and chemical properties of the major classes of the compounds of carbon. Emphasis is placed upon the importance of these groups in living systems and in everyday life. Lecture three hours. Prerequisites: CHE 1102 and CHE 1120; prerequisite or corequisite: CHE 2203. This course is not an appropriate prerequisite for CHE 2202.

CHE 2201. Organic Chemistry I (3).F;S.
First course of a two-semester sequence in organic chemistry. An in-depth study of structure, bonding, properties and stereochemistry of carbon compounds. Introduction to classes of organic compounds and their nomenclature, reaction mechanisms and organic synthesis will also be introduced. Lecture three hours. Prerequisites: CHE 1102 and CHE 1120; prerequisite or corequisite: CHE 2203.

CHE 2202. Organic Chemistry II (3).F;S.
Second course of a two-semester sequence in organic chemistry. Continuing coverage of the classes of organic compounds. Detailed coverage of spectroscopy, carbonyl compounds (aldehydes, ketones, carboxylic acids and derivatives), and amines. Amino acids, carbohydrates and proteins will also be introduced. Reaction mechanisms, organic synthesis and spectroscopy will be emphasized. Lecture three hours. Prerequisites: CHE 2201 with a minimum grade of “C-” and CHE 2203; corequisite or prerequisite: CHE 2204.

CHE 2203. Organic Chemistry Laboratory I (1).F;S.
Laboratory practice in the synthesis of organic compounds and the use of common laboratory techniques. Laboratory three hours. Prerequisites: CHE 1102, CHE 1120; corequisite or prerequisite: CHE 2101 or CHE 2201.

CHE 2204. Organic Chemistry Laboratory II (1).F;S.
Laboratory practice in synthesis, separations, practical spectroscopy, and determination of unknowns. Laboratory three hours. Prerequisites: CHE 2201 and CHE 2203 (with a minimum grade of “C-” in each). Corequisite or prerequisite: CHE 2202. (WRITING)

CHE 2210. Quantitative Analysis (2).F;S.
An introduction to analytical chemistry, including a rigorous examination of facets of homogeneous and heterogeneous equilibrium; electrochemical, spectrophotometric, gravimetric, and chromatographic analysis; and evaluation of data. Lecture two hours. Prerequisites: CHE 1102 and CHE 1120. Corequisite or prerequisite: CHE 2211.

CHE 2211. Quantitative Analysis Laboratory (2).F;S.
An introduction to analytical chemistry techniques of volumetric, gravimetric, potentiometric, chromatographic, and spectroscopic analysis. The basic methods of quantitative analysis are introduced and practiced with laboratory unknowns. Laboratory six hours. Corequisite or prerequisite: CHE 2210. (WRITING)

(EFFECTIVE: SPRING, 2008)

CHE 2400. Introduction to Forensic Chemistry and Criminalistics (3).F.
Introduction to forensic chemistry, including utilization of physical evidence in law enforcement, processing a crime scene, the application of chemistry techniques in the identification and analysis of physical evidence (drugs, blood, fire residues, glass, soil, ink, etc.), forensic toxicology, forensic microscopy, and forensic aspects of arson. Techniques such as chromatography, ultraviolet-visible and infrared spectroscopy, refractive index measurements, breath-analyzers, DNA fingerprinting, and blood-typing will be discussed. Prerequisites: CHE 1102 and CHE 1120. (CROSS-DISCIPLINARY)

CHE 2500. Independent Study (1-4).F;S.

CHE 2530–2549. Selected Topics (1-4). On Demand.
CHE 2550. Introduction to Environmental Chemistry (3).F.
An introduction to environmental issues as seen through a chemical perspective. A broad survey of the biosphere, hydrosphere, lithosphere, atmosphere, and energy will be conducted. Specific topics include toxic organic compounds, pesticides, environmental endocrine disruptors, metal pollution, natural water chemistry, water pollution and purification, soil chemistry, soil contamination and remediation, the ozone hole, smog, global warming, alternative fuels, and renewable energy. A combination of lecture and lab which meets once per week for three hours. Prerequisites: CHE 1101 and CHE 1110. (CROSS-DISCIPLINARY)

CHE 3000. Introduction to Chemical Research (1).F;S.
An introduction to the techniques and methodology of chemical research. Topics include survey of the chemical literature; information retrieval services; making effective oral presentations, and ethics and safety in the chemical laboratory. This course requires formal speaking. Prerequisites: CHE 2101 or CHE 2202 and CHE 2210. (SPEAKING)

CHE 3301–3302. Physical Chemistry I–II (3-3).F-S.
Physical Chemistry is built upon four major theoretical principles; thermodynamics, kinetics, quantum mechanics, and statistical mechanics. Physical Chemistry I covers an introduction to thermodynamics and kinetics. Physical Chemistry II covers an introduction to quantum mechanics and statistical mechanics. Prerequisites: CHE 2210, MAT 1120, and a year of physics. Lecture three hours. (COMPUTER)

CHE 3303–3304. Physical Chemistry Laboratory (1-1).F-S.
Experimental investigations which supplement the study of the topics in physical chemistry. Applications of computer techniques for data reduction and manipulation will be introduced and utilized. CHE 3301 is corequisite or prerequisite for CHE 3303 and CHE 3302 is corequisite or prerequisite for CHE 3304. (WRITING)

CHE 3404. Inorganic Chemistry (3).S.
The fundamentals of atomic theory and valence bond, ligand field and molecular orbital theories for interpretation of chemical bonding are considered in detail. Applications of these theories to the magnetic and spectral properties, structure, stability, and reaction mechanisms of inorganic compounds are examined, with emphasis on the transition metals. Symmetry and group theory are used to describe the fundamentals of X-ray crystallography. The role of metal atoms in organometallic and bioinorganic molecular systems is considered. Prerequisite: CHE 3301. Lecture three hours.

CHE 3405. Inorganic Chemistry Laboratory (1).S.
Experimental investigations which supplement the study of inorganic chemistry, involving reactions in inert atmospheres, vacuum systems and hot tubes. Corequisite or prerequisite: CHE 3404. Laboratory three hours.

CHE 3500. Independent Study (1–4).F;S.

CHE 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process at the University level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

CHE 3521. Secondary Science Field Experience (1).F;S.
A supervised experience in the instructional process at the secondary school level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Required of all teacher-licensure candidates in chemistry.

CHE 3530–3549. Selected Topics (1-4). On Demand.

CHE 3560. Instrumental Methods of Analysis (3).S.
A study of some of the modern instrumental methods of analysis including electrochemistry, atomic and molecular spectroscopy, magnetic resonance spectrometry, mass spectrometry and gas chromatography. Lecture three hours. Prerequisite: CHE 3301. Corequisite or prerequisite: CHE 3561.

CHE 3561. Instrumental Methods of Analysis Laboratory (1).S.
Experimental investigations involving spectroscopic, electrochemical, and chromatographic measurements to enhance the understanding of sampling, sample preparation, data reduction, use of analytical instrumentation and data interpretation. Computational techniques for data reduction and modeling will be required. Laboratory three hours. Corequisite or prerequisite: CHE 3560. (WRITING)

CHE 4000. Chemistry Seminar (1).F;S.
The presentation and discussion of current chemical topics. Oral and written reports are required. Prerequisite: CHE 3000.
CHE 4400. Senior Research (1).F;S.
A laboratory research project under the supervision of a faculty member. An oral report of the work in progress will be made at the regular seminar and a written report of the results is to be submitted to the chemistry faculty upon completion. Laboratory four hours (minimum). Prerequisites: CHE 3405 and CHE 4000 or permission of the instructor. May be repeated once for credit. (SPEAKING)

CHE 4510. Chemistry Honors Thesis (1).F;S.
Independent study and research for an honors thesis directed by a faculty member of the A.R. Smith Department of Chemistry. Prerequisite: completion of seven honors credit hours in chemistry (including CHE 4000 with honors) and a minimum grade point average of 3.45 overall and in chemistry. All honors students must earn credit in this course in two different semesters. To complete the honors thesis requirements, a written thesis must be submitted to and approved by the Department of Chemistry Honors Committee.

CHE 4580. Biochemistry I (3).F;S.
This course covers the properties of amino acids, proteins, carbohydrates, lipids and nucleic acids and presents a brief introduction to enzymology. Major emphasis is on the chemistry of biological compounds. An introduction to intermediary metabolism is also presented. Prerequisite: CHE 2101 or CHE 2202. Lecture three hours. [Dual-listed with CHE 5580.]

CHE 4581. Biochemistry I Laboratory (1).F;S.
Experimental investigations which supplement the study of the topics in biochemistry. Prerequisite: CHE 2203 (or equivalent); co- or prerequisite: CHE 4580 or CHE 5580 (or equivalent). Laboratory three hours. (WRITING) [Dual-listed with CHE 5581.]

CHE 4582. Biochemistry II (3).S.
This course will cover the intermediary metabolism of amino acids, nucleic acids, carbohydrates and lipids. Metabolic pathways and their associated enzymes are emphasized. Prerequisite: CHE 4580 with CHE 3301 recommended but not required. Lecture three hours. [Dual-listed with CHE 5582.]

CHE 4590. Spectral Interpretations (2).F.
A study of the use of spectral data for the identification of organic compounds. Techniques will include UV, IR, NMR, MS, ORD and CD in the identification process. Prerequisites: CHE 2202 and CHE 2204. Lecture two hours.

CHE 4595. NMR Spectroscopy (2).S.
The lecture portion of the course will cover basic nuclear magnetic resonance spectroscopy theory and practice, with particular attention given to the instrumentation available in the department. The laboratory portion of the course will focus on learning to utilize the NMR instrumentation available in the department. Prerequisite: CHE 4560 or CHE 4590. Lecture one hour, laboratory three hours.

CHE 4600. Selected Topics (1–4). On Demand.
An opportunity to study a special topic or combination of topics not otherwise provided for in the chemistry curriculum. May be repeated for credit when content does not duplicate. Prerequisite: upper-division status or departmental permission.

CHE 4610. History of Chemistry (3).S.
A study of the development of chemistry as a science with emphasis on the development of basic concepts, ideas and theories. Prerequisite: a year of introductory chemistry. Lecture three hours.

CHE 4620. Environmental Chemistry (4).S.
A capstone course for students pursuing a concentration in Environmental Chemistry, this course will focus the wide diversity of subject matter required by this major. The course will involve discussions and applications of air, water and soil chemistry while giving the student an appreciation of the scientific, legal, political and economic issues inherent in Environmental Chemistry. Prerequisites: CHE 3301, CHE 4560, STT 2810. Lecture three hours, laboratory three hours.

CHE 4900. Internship in Chemistry (1-12).F;S.
Independent, supervised work in applied chemistry at an approved industrial, quality control, analysis, or production facility. Appropriate entities include, but are not limited to, commercial businesses and governmental agencies. May be taken for a maximum of 12 semester hours, with a maximum of 6 semester hours credit per summer session. Only three of those hours will count toward major requirements. Graded on an S/U basis.
Computer Science

Department of Computer Science (CS)

James T. Wilkes, Chair

E. Frank Barry  Barry L. Kurtz  Dolores A. Parks
Jay B. Fenwick, Jr.  Alice A. McRae  C. Ray Russell
Kenneth H. Jacker  Cindy A. Norris  Rahman Tashakkori

Computer science is a rapidly evolving discipline that ranges from theoretical studies of algorithms to practical problems of design and implementation of efficient, reliable software and hardware systems. Computer science intermingles theoretical concepts with modern practical applications of the science.

The Computing Accreditation Commission lists computing theory, algorithms and data structures, programming methodology and languages, computer elements and architecture as the crucial areas of computer science. Other areas include software engineering, artificial intelligence, database systems, computer networking, parallel and distributed systems, computer-human interaction, computer graphics, operating systems, and numerical and symbolic computation.

Graduates in computer science are prepared for graduate study in computer science or work in the computing industry. Open positions in industry continually outpace the number of computer science graduates. This shortage of computer scientists has created outstanding career opportunities for computer science graduates.

Every computer science major is assigned an advisor. Degree candidates should seek approval of their program of study as early as possible in their career, but no later than three semesters before they intend to graduate. For additional information, contact the chairperson of the Department of Computer Science.

The Bachelor of Science degree in Computer Science requires a minimum of 122 semester hours for the degree. In addition to the core curriculum and major requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Science degree in Computer Science (219A/11.0701)

This program is accredited by the Computing Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012 — Telephone: (410) 347-7700.

1. CS 1100, CS 1440, CS 2440, CS 2450, CS 2490, CS 3460, CS 3481, CS 3482, CS 3490, CS 4100, and CS 4667.
2. MAT 1110, MAT 1120, MAT 2240, and STT 3850.
3. At least eleven hours of electives in computer science. These courses must be selected from CS courses numbered above 2000 (excluding 3520) and may include MAT 4310. No more than three hours of CS 3470 may be included in the eleven hours.
4. Take one of the following science sequences: PHY 1150–PHY 1151, CHE 1101, CHE 1110 and CHE 1102, CHE 1120.
5. Select additional courses from the list below to complete a minimum of twelve hours of science course work, subject to the restriction that if PHY 1150-PHY 1151 is taken to satisfy #4, PHY 1103-PHY 1104 may not be taken, and that prerequisites must be observed.
   - BIO 1110, BIO 2000, BIO 2001
   - CHE 1101, CHE 1110 and CHE 1102, CHE 1120; CHE 2201, CHE 2203 and CHE 2202, CHE 2204; CHE 2210 and CHE 2211, CHE 3301, CHE 3302
   - GLY 1101-GLY 1102-GLY 1103, GLY 1510-GLY 1511
   - AST 1001-AST 1002
   - PHY 1150-PHY 1151, PHY 1103-PHY 1104, PHY 2010-PHY 2020

Certificate Program in Computer Science (219A/11.0701)

The Department of Computer Science offers a certification program in computer science for students who have received a bachelor's degree in another area and wish to undertake a study of computer science. Students who gain certification through the program are well suited for professional opportunities available in the computing industry. In addition, the certification process is designed to allow interested students to prepare for graduate study in computer science.

A student with limited college mathematics experience must take the Mathematics Placement Test before entering the program. Students wishing to enter the certificate program should contact the chairperson of the Department of Computer Science.

To gain the Certificate in Computer Science, a student is required to earn a minimum of 33 credits in computer science and mathematics (excluding CS 1410 and math courses with numbers lower than MAT 1110). Credits toward certification can be transferred from course work completed before or after receiving the bachelor's degree. Included among the 33 credits must be the following:

1. At least 21 credits must be courses in computer science or mathematics at the 2000 level or higher at Appalachian after the student has received a bachelor's degree.
2. Of the 21 credits listed in part A, at least 15 credits must be in computer science; CS 3460, Data Structures, is required.
3. At least 9 credits must be approved math elective courses. A discrete mathematics course and calculus course must be included among these credits.

Upon successfully completing all courses in the program within a 5-year period with a grade point average of 2.5 or better in the program, the student will be awarded the Certificate in Computer Science. Successful completion of the certificate program does not guarantee admission to the Master's Degree Program in Computer Science.

**Minor in Computer Science (219/11.0701)**

A minor in Computer Science consists of 12 hours in computer science at the 2000 level or higher, excluding CS 3470 and CS 3520.

**M.S. in Computer Science**

The Department of Computer Science offers a Master of Science degree in Computer Science. Persons interested in this program should consult the Graduate Bulletin for further information.

**Courses of Instruction in Computer Science (CS)**

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

**COMPUTER SCIENCE (CS)**

**CS 1100. Discrete Mathematics** (3).F;S.

A study of discrete mathematics with special emphasis on topics applicable to computer science. Concepts covered in the course include number systems, models, combinatorics, graphs, recursion, networks, and analysis of algorithms. Prerequisite: MAT 1020 or MAT 1025 or equivalent with a grade of "C-" or higher.

**CS 1400. FORTRAN Programming** (3).F;S.

A first course in FORTRAN programming intended for any student having a need for computer assistance. The course uses flowcharts and FORTRAN IV language for a set of programs introducing commonly encountered applications. (COMPUTER)

**CS 1410. Introduction to Computer Applications** (2).F;S.

This course does not fulfill requirements for Computer Science Majors. Students in the course use both microcomputers and the University's central computing facility. Topics include e-mail, editing, wordprocessing, spreadsheets, an overview of computer hardware, and an introduction to operating system use. A variety of packages and utilities will be used. Prerequisite: must pass mathematics placement test or MAT 0010. (COMPUTER)

**CS 1425. Overview of Computer Science** (3).F;S.

This course will provide an overview of the entire computing milieu. Topics include algorithms, digital circuits, assembly language, high-level programming languages, system software, data organization, applications of computing, and social issues. Corequisite: MAT 1020, MAT 1025 or equivalent. (COMPUTER)

**CS 1440. Computer Science I** (4).F;S.

This course will provide an introduction to problem solving and programming using a modern computer language. It is the first required course for computer majors. Topics include data types, expressions, conditional statements, loops, classes and instantiation, file I/O, arrays and strings. Lecture three hours, laboratory two hours. Prerequisite: MAT 1020 or MAT 1025 or equivalent with a grade of "C-" or higher. Students with doubts about their mathematics and computing background should consider taking CS 1425 first. (COMPUTER)

**CS 1530–1531. Selected Topics** (1–4). On Demand.

**CS 2440. Computer Science II** (4).F;S.

This course follows CS 1440. This course will introduce students to some advanced programming topics including classes, templates, pointers, dynamic memory allocation and inheritance. Various software engineering topics related to writing larger programs (up to 1000 lines of code), like style, design, and testing, will be emphasized in programming assignments. The course will place emphasis on the implementation of various algorithms and data structures. Also, the course will discuss the social implications of computing. Lecture three hours, laboratory two hours. Prerequisite: CS 1440 with a grade of "C-" or better. Corequisite: CS 1100. (COMPUTER)

**CS 2450. Assembly Language and Machine Operation** (3).F;S.

This course includes data representation in the computer, computer logic, and a brief look at circuits, hexadecimal and binary numerals and arithmetic with emphasis on the study and practice of assembly language programming. Prerequisite: CS 2440. (COMPUTER)
CS 2490. Introduction to Theoretical Computer Science (3).F;S.
Introduction to such topics as Boolean algebra, digital logic, coding theory, finite-state machines, Turing machines, and formal languages. Prerequisite: CS 2440.

CS 3430. Introduction to Database Systems (3).F.
A study of current database systems. Topics include data modeling, relational databases, queries, normal forms, and database system development. Prerequisite: CS 2490. (COMPUTER)

CS 3440. Graphical User Interfaces (3).F. Odd–numbered years.
A study of the construction and manipulation of graphical user interfaces using object-oriented techniques. Topics include class libraries, graphics, graphical controls, event handling, exception handling, multithreading, multimedia and networking. A major individual project is required. Corequisite: CS 3460. (COMPUTER)

CS 3460. Data Structures (3).F;S.
The use and implementation of various information structures are studied, including arrays, records, stacks, queues, linked lists, and trees. Prerequisite: CS 2440. (COMPUTER)

CS 3463. Simulation (3).F. Even–numbered years.
Digital simulation of discrete systems. Simulation design. Statistical analysis and interpretation of simulation output. Simulation of computer and physical systems. Simulation languages. Prerequisites: CS 3460 and either STT 2810 or STT 4250. (COMPUTER)

Work experience which contributes to the student's background in the computing field, such as working as a programmer for a faculty member engaged in research or working in a computer installation for a period of time. The responsibility for arranging such work rests with the student with final approval given by the departmental chair. Graded on an S/U basis.

CS 3481. Computer Systems I (3).F;S.
The hardware and software components of computer systems are studied. Included are processors, memories, input/output devices, interrupts, microprogramming, suitable description languages, and the elements and structures of multiprogrammed operating systems. Significant projects are undertaken by each student. Lecture two hours, laboratory three hours. Prerequisites: CS 2450 and CS 2490. Corequisite: CS 3460. (WRITING; COMPUTER)

CS 3482. Computer Systems II (3).F;S.
Continuation of CS 3481. Lecture two hours, laboratory three hours. Prerequisites: CS 3481 and CS 3460. Corequisite: CS 3490. (COMPUTER)

CS 3490. Programming Languages (3).F;S.
Comparison of user and implementation aspects of several programming languages, e.g., ALGOL 60, SNOBOL, list processing languages and extensible languages. The concept of metalanguage is included. Prerequisites: CS 2490 and CS 3460. (COMPUTER)

CS 3500. Independent Study in Computer Science (1-3). On Demand.
This course helps the student advance, through study under the direction of a faculty member, in the area(s) of special interest in computer science. It may be taken only after a minor in computer science is completed.

CS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

CS 3570. Applied Neural Networks (3). On Demand.
This project-oriented course provides an opportunity for students to learn and apply neural networks techniques to solve a variety of problems from different disciplines, applying such techniques in pattern recognition, time series prediction, data mining, and optimization problems. Focus is on some applications of artificial neural networks in the real world. Prerequisites: CS 1440 and MAT 2240.

CS 4100. Senior Seminar in Computer Science (1).F;S.
An examination of various current topics in computer science. Research skills and oral and written presentation of research results are emphasized. Prerequisite: senior standing in computer science or permission of the instructor. (WRITING; SPEAKING)
CS 4440. Artificial Intelligence (3).S.
Includes artificial intelligence goals; problem solving; representations, manipulations, and storage of knowledge; knowledge representation in contrast to natural language and mathematical notation; heuristic programming; significant techniques such as expert systems. Prerequisite: CS 3460. (COMPUTER)

Introduction to data transmission concepts and techniques; channel characteristics; encoding methods; line control and error detection/correction protocols; circuit, message, and packet switching; layered network architectures and protocols; addressing, routing and flow control strategies; access methods; performance criteria and tradeoffs. Prerequisite: CS 3481. (COMPUTER)

Fundamental concepts of computer graphics. Topics include hardware and software systems, scan conversion of graphics primitives, color and color perception, modeling of curves and surfaces, clipping, antialiasing, model-view and projection transformations, light and shading, and hidden surface removal. Prerequisites: CS 3460 and MAt 2240. (COMPUTER)

An in-depth study of the design and implementation of operating systems including device drivers, process management, memory management, and security issues. Lecture three hours, laboratory three hours. Prerequisite: CS 3482. (COMPUTER) [Dual-listed with CS 5520.]

An advanced database course covering topics related to database implementation. Topics include disk organization, file structures, file indexing structures such as B-trees, query operations and optimization, transaction processing, concurrency control, recovery techniques, and security. Prerequisites: CS 3430 and CS 3460. (COMPUTER) [Dual-listed with CS 5525.]

CS 4550. Theoretical Computer Science (3).S. Even–numbered years.
A rigorous treatment of theoretical aspects of computer science, including formal definition of the notion of an algorithm, abstract machines, and formal grammars. Prerequisite: CS 2490. [Dual-listed with CS 5550.]

CS 4570. Human-Computer Interfaces (3).S. Even–numbered years.
This course covers topics from psychology and computer science related to the design and evaluation of human-computer interfaces (HCI). Topics include: understanding the user audience, HCI architectures, design issues related to various interface components, measuring HCI usability, incorporating HCI design into system development, and social issues. Students are required to complete a group project in HCI presented in written form and orally to the class. Prerequisite: permission of the instructor. (CROSS-DISCIPLINARY) [Dual-listed with CS 5569.]

Real-time hardware and software. Analog and digital data acquisition and reduction. Real-time algorithms and data structures. Advanced programming concepts including double buffering, interrupts, signal handlers, processes and threads, inter-process communication, synchronization, and the operating system kernel. Lecture three hours, laboratory three hours. Prerequisite: CS 3482. (COMPUTER) [Dual-listed with CS 5620.]

CS 4667. Software Engineering (3).F;S.
Methodical development of large software systems. Topics include: models, project life cycle, requirements and specification, structure charts and design criteria, incremental implementation, software metrics. Use of module and source code management, symbolic debugging, and project planning software. Students will participate in the realization of both group and individual software systems. Prerequisite: CS 3481. (COMPUTER) [Dual-listed with CS 5666.]

This course provides an opportunity for students to learn digital image processing techniques. Students apply these techniques to images from different fields of science, engineering, and medicine. The course covers image acquisition and display, properties of the human visual system, sampling and quantization, color image representations, image enhancement, image transformations, image compression, and image restoration. Prerequisites: CS 1440 and MAT 2240. [Dual-listed with CS 5740.]

Methods for solving systems of linear equations with an emphasis on large, sparse systems. LU factorization including storage schemes, graph theory, ordering algorithms, and block factorization. Iterative methods including Jacobi, SOR, and conjugate gradient. Eigenvalue methods including power method, QR factorization, and Lanczos methods. Parallel matrix computations. Prerequisite: MAT 4310. (Same as MAT 4990/MAT 5390.) [Dual-listed with CS 5990.]
The objectives of the Department of Economics are:

1. To provide the basic institutional and theoretical knowledge required for the understanding of the functioning of the American economy and the world economy and for the understanding and analysis of current economic issues and problems.
2. To develop the institutional and theoretical knowledge and analytical abilities necessary to prepare students for careers in business and government as managers and researchers on social and business problems.
3. To prepare students who seek to become professional economists and/or economic educators for graduate school.

The Bachelor of Arts degree in Economics (107*/45.0601) (with concentrations in Environmental Economics and Policy (107B), General Economics (107C), International Economics (107D), and Regional Economic Development (107E))

The Bachelor of Arts degree in Economics is offered in the College of Arts and Sciences in cooperation with the Department of Economics. Students may earn a Bachelor of Arts degree in Economics by completing the following requirements in addition to the requirements of the College of Arts and Sciences:

1. Core Curriculum ............................................................................................................................. 44 semester hours
   [MAT 1030, Calculus with Business Applications (4 s.h.) is the core curriculum mathematics requirement. MAT 1110 is an acceptable substitute.]
2. Foreign Language .......................................................................................................................... 6 semester hours
   (Completion of 6 s.h. at the intermediate level, or higher)
3. Foundation Courses ....................................................................................................................... 15 semester hours
   ECO 2030 Principles of Economics – Price Theory (3 s.h.)
   ECO 2040 Principles of Economics – Macroeconomics (3 s.h.)
   ECO 2100 Business and Economic Statistics I (3 s.h.)
   ECO 3010 Intermediate Price Theory (3 s.h.)
   ECO 3020 Macroeconomic Analysis (3 s.h.)
4. Capstone/Applied Research Course ............................................................................................. 3 semester hours
   ECO 4810 Seminar in Economics (3 s.h.)
5. Economics Electives (3000 level or above) .................................................................................. 9 semester hours
6. Students must select one of the following concentrations:

   **Environmental Economics and Policy concentration (107B)**
   Area Core Required Courses: (6 s.h.)
   - ECO 3620 Environmental and Resource Economics (3 s.h.)
   - ECO 3660 Benefit-Cost Analysis (3 s.h.)
   Minor Requirements (14-20 s.h.) One of the following undergraduate minors is required: Natural Sciences (Biology, Chemistry, Geology, or Physics); Anthropology; Appropriate Technology; Geography; or Sustainable Development. (Other minors may be accepted with permission of the departmental chair.)

   **General Economics concentration (107C)**
   Area Core Requirements (6 s.h.)
   - Economics electives (3000 level or above)
   Minor Requirements (12-20 s.h.)

   **International Economics concentration (107D)**
   Area Core Required Courses: (6 s.h.)
   - ECO 3410 International Economics (3 s.h.)
   - ECO 4640 International Economics Policy (3 s.h.)
   Minor Requirements (15 s.h.) One of the following undergraduate minors is required: Foreign Languages (Chinese, French, German, or Spanish); Asian Studies; East European, Russian and Central Asian Studies; International Business; or Latin American Studies. (Other minors may be accepted with permission of the departmental chair.)

   **Regional Economic Development concentration (107E)**
   Area Core Required Courses: (6 s.h.)
   - ECO 3660 Benefit–Cost Analysis (3 s.h.)
   - ECO 3800 Urban and Regional Economics (3 s.h.)
B.A. in Economics

Minor Requirements (18-20 s.h.) One of the following undergraduate minors is required: Appalachian Studies; Community and Regional Planning; General Business; Geography; or Political Science. (Other minor may be accepted with permission of the departmental chair.)

7. Electives (taken to total 122 semester hours for the degree) .............................................................. 19–27 semester hours
   Two semester hours of free electives must be taken outside the major discipline.
   TOTAL ............................................................................................................................................ 122 semester hours

A candidate for the Bachelor of Arts degree may NOT count more than a total of 40 semester hours above the core curriculum requirements in Economics.

122 semester hours are required for the degree. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Economics (291C)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(Mc) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in Economics (291C)[T] for the social sciences education degree requires ECO 3010, ECO 3020, and nine additional semester hours in economics numbered 3000 or above. MAT 1030(ND,C) is recommended.

International Economics and Business Options
International economics and business options are available for students pursuing a Bachelor of Arts or a Bachelor of Science in Business Administration with a major in economics. The program is jointly administered by the Department of Economics and the Department of Foreign Languages and Literatures. Students participating in the program have an advisor in each department.

The program combines a major in economics and a major or minor in a foreign language. Students are also advised to pursue a minor in international business. A minimum overall GPA of 2.0 is required for the courses included in the minor.

The various options are as follows:
   - Bachelor of Arts with a double major in economics and one foreign language (French or Spanish)
   - Bachelor of Arts in economics with a minor in French, German or Spanish
   - Bachelor of Science in Business Administration with a major in economics and a minor in French, Spanish or German

Under all three options, the student is expected to demonstrate proficiency (reading and speaking) in the language selected. At least 15 hours of courses in the language, civilization and culture of the chosen country or area is recommended beyond the 1050 level. Also students are expected to participate, if possible, in any one or more of the following programs:
   1. Pursue a minor in international business (15 semester hours)
   2. Complete a semester or summer session of business study abroad in the country of their choice
   3. Complete an internship abroad (usually 6 semester hours)

For further information, students should consult both the chairperson of the Department of Economics and the chairperson of the Department of Foreign Languages and Literatures.

Minor in Economics (316/45.0601) (for non-business majors only)
A minor in Economics consists of ECO 2030, ECO 2040, and nine semester hours of economics electives numbered 3000 or above.

A minimum overall GPA of 2.0 is required for the courses included in the minor.

Courses of Instruction in Economics (ECO)
For the Economics (ECO) course descriptions, see the Department of Economics section under the Walker College of Business.
The Bachelor of Arts degree in English (233*/23.0101) consists of 36 elective hours in English above the freshman level, six of which may be applied toward satisfying the core curriculum humanities requirement. At least 24 semester hours must be at the 3000-level or above. The 36 semester hours must include three 2000-level survey courses (9 s.h.), one in British literature (ENG 2100, ENG 2105, or an appropriate offering of ENG 2510 or ENG 2515), one in American literature (ENG 2310, ENG 2320, or an appropriate offering of ENG 2510 or ENG 2515), and one in World literature (ENG 2030, ENG 2040, or an appropriate offering of ENG 2510 or ENG 2515), and four courses, (12 s.h.), at the 4000-level, at least two of which must be literature courses. Six hours of a foreign language above the elementary course level are required. Upon acceptance as a major, the student must consult an English advisor for help in planning a program of study appropriate to the student’s particular needs and objectives. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in English.

All majors in English require a minimum of 122 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

The Bachelor of Arts degree in English (233A/23.0101) [T] consists of 43 semester hours in English above the freshman level, six of which may be applied toward satisfying the core curriculum humanities requirement, with course selection subject to departmental guidelines for teacher education.

Since teacher licensure in English requires a balanced preparation in several areas, each student will be provided information indicating courses appropriate to current state and professional guideline requirements. Required also for the teaching degree are six hours of a foreign language beyond the elementary course level, as well as the professional education courses and other criteria specified by the Reich College of Education. For the requirements in teacher education, refer to the Department of Curriculum and Instruction.
Instruction in this catalog.

To receive further information, the student should report to the Department of English during the first semester of the sophomore year or, for transfer students, during the first semester at Appalachian. The student is expected to work closely with the English education advisor in fulfilling the degree requirements.

A minor in English (233/23.0101) consists of 18 elective hours in English above the freshman level, six of which may be applied toward satisfying the core curriculum humanities requirement.

Honors Program in English
The Department of English offers an honors program on the freshman, sophomore, junior, and senior levels. In order to remain in the program students must maintain at least a "B" average in honors work. Invited English majors meeting the requirements of the junior-senior honors program (ENG 3510, ENG 3515, and ENG 4510) with a grade of "B" or better and a 3.45 average in all English course work will graduate with "honors" in English. Those meeting the requirements with a grade of "A" and a 3.65 average in all English course work will graduate with "high honors" in English. Those meeting the requirements with a grade of "A" and a 3.85 average in all English course work will graduate with "highest honors" in English.

The Department of English offers the academic Master of Arts in English, and the Master of Arts in English with teacher preparation, allowing concentrations in community, junior and technical college teaching and in secondary school teaching. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information.

Overseas Study Program
In keeping with the University's belief that studies and travel abroad contribute to its role as an institution of higher learning, the Department of English each summer offers students an opportunity to study either in England or on the continent, or in some instances a combination of both. The programs are directed by regular faculty members and offer opportunities for both supervised group study and individual investigation. Information is available each fall concerning the specific programs to be offered for undergraduate and graduate credit. Students interested in the possibility of such study should make inquiry at the English office early in the school year.

The University Writing Center
The Writing Center offers its services to all members of the University community. The center's staff is specially trained to help in the completion of virtually any academic writing project and in the solution of most writing problems. Users of the center should make appointments for its services or may drop in to see if one of the staff is available. The center is conveniently located in the Carol Grotnes Belk Library and Information Commons. For more information, go to www.writingcenter.appstate.edu.

Courses of Instruction in English (ENG)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

ENGLISH HONORS (ENG)

ENG 1510. Freshman Honors Seminar (3).F;S.
Development of individual research and original critical thought; composition. Collateral reading in English, American, or world literature. Members selected by the Department of English. (WRITING) (CORE: ENGLISH)

ENG 2510. Sophomore Honors Seminar in English, American, or World Literature (3).F.
A study of major works, authors, genres, or literary movements in English, American, or world literature. By invitation or application. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 2515. Sophomore Honors Seminar in English, American, or World Literature (3).S.
A study of major works, authors, genres, or literary movements in English, American, or world literature. By invitation or application. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 3510. Junior/Senior Honors Seminar (3).F.
An intensive study of major American authors, genres, or literary movements. By invitation or application.

ENG 3515. Junior/Senior Honors Seminar (3).S.
An intensive study of major world authors, genres, or literary movements. By invitation or application.
ENG 4510. Senior Honors Thesis (3).F;S.
Independent study and research. Honors thesis directed by a member of the Department of English and graded by a departmental committee. Oral presentation. Prerequisite: completion of ENG 3510 and ENG 3515 with at least a “B” average.

ENGLISH (ENG)

ENG 0900. Basic Writing (3).F;S.
Review of writing process (planning, writing, rewriting) with emphasis on preparing drafts of different kinds of writing. Writing and instruction to improve fluency, clarity and correctness. Graded on an S/U basis. Course counts as three hours credit toward course load and full- time student eligibility but does not count toward hours required for graduation (See “Institutional Credit”). Prerequisite for ENG 1000 for designated students.

ENG 1000. Expository Writing (3).F;S.
An introduction to the various types of expository essays. A grade of “C” or higher in this course fulfills the English proficiency requirement for students entering the Reich College of Education or the Walker College of Business. (WRITING) (CORE: ENGLISH)

ENG 1100. Introduction to Literature (3).F;S.
Interpretation of fiction, poetry and drama. Continued emphasis on writing through literary essays. Prerequisite: ENG 1000. (WRITING) (CORE: ENGLISH)

ENG 1000 AND ENG 1100 ARE PREREQUISITES FOR ALL COURSES THAT FOLLOW:

ENG 2000. Writing for Proficiency (1).F;S.
Review of the principles of writing for designated transfer students. Requires writing essays in acceptable college prose. Graded on an S/U basis.

ENG 2010. English Literature (3).F;S.
A study of major writers from the beginning of British literature through the eighteenth century. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 2020. English Literature (3).F;S.
A study of major British writers from the Romantics through the present. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 2030. World Literature (3).F.
World literature in translation from its beginnings to the seventeenth century. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

ENG 2040. World Literature (3).S.
World literature from the seventeenth century to the present, read in English. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

ENG 2100. Modern Studies (3).F;S.
A study of recent literature. Course content will vary and may concentrate on poetry, fiction, drama, or a combination. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 2120. African-American Literature (3).F;S.
A critical study of the work of outstanding African-American writers. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

ENG 2130. Ethnic American Literature (3).F;S.
A study of major ethnic American literature, with a particular focus on Latino American, Asian American, and/or American Indian writers. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

ENG 2170. Introduction to Film (3).F;S.
A critical examination of notable examples of the filmmaker’s art from silent movies up to the modern era, including a variety of film genres and including both American and foreign films. (CORE: HUMANITIES)

ENG 2310. American Literature (3).F;S.
A study of major writers from the beginning of American literature through the Romantics. (WRITING) (CORE: HUMANITIES/LITERATURE)
ENG 2320. American Literature (3).F;S.
A study of major American writers from the beginning of realism through the present. (WRITING) (CORE: HUMANITIES/LITERATURE)

ENG 2410. Literature and Law I (3).F.
An examination of images of the law and lawyers in literature before the twentieth century. (WRITING)

ENG 2420. Literature and Law II (3).S.
An examination of images of the law and lawyers in literature from the twentieth century to the present. (WRITING)

ENG 2500. Independent Study (1–3).F;S.
Independent research on a topic not offered in a scheduled course. Prior to registration, independent studies must be approved by the directing professor, the departmental chair, and the dean of the College of Arts and Sciences.

Content to vary; may be repeated for credit when content does not duplicate.
(EFFECTIVE: SPRING, 2008)

ENG 3000. Approaches to Literary Studies (3).F;S.
An introduction to the discipline of literary studies, with an emphasis on theoretical approaches, literary research, and critical writing. (WRITING)

ENG 3050. Studies in Folklore (3).F;S.
A survey of the forms and functions of folk expressive culture, which may include explorations of traditional narratives, speech, music, history, beliefs, customs, or rituals. This course draws upon methodologies utilized in literary studies, anthropology, sociology, and psychology. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

ENG 3090. Introduction to Professional Writing (3).F;S.
A study of the history, theories, concepts and practices of professional writing. Topics: audience analysis, language, professional writing situations, ethics and communication, workplace culture, research methods, data collection strategies and analysis. (WRITING; SPEAKING)

ENG 3100. Business Writing (3).F;S.
Emphasis on advanced applied business writing genres: specialized letters and memoranda, resumes, proposals, analytical and fact-finding reports, and other essential forms of professional communication and research. ENG 3090 is recommended as preparation for ENG 3100. (WRITING; SPEAKING)

ENG 3120. Writing and Law (3).F.
A practice in the art of persuasive writing, using the law and legal methods to emphasize both the economy and clarity of reading and writing skills. (WRITING)

ENG 3160. Law and Justice in Film (3).S.
An examination of films that convey powerful messages about the law, lawyers, and law-related media events. (WRITING)

ENG 3170. Advanced Studies in Film (3).S.
An examination of the work of a particular film artist, a select group of filmmakers or a specific film genre. A basic knowledge of film history and techniques is expected of students taking the class. Prerequisite: ENG 2170 or permission of the instructor.

ENG 3171. Survey of World Cinema I (3).F.
An advanced study of world cinematic art and its major movements, from the beginnings of the silent era to about 1945. Content and approach may vary. (WRITING; MULTI-CULTURAL)

ENG 3172. Survey of World Cinema II (3).S.
An advanced study of world cinematic art and its major movements from about 1945 to the present. Content and approach may vary. (WRITING; MULTI-CULTURAL)

ENG 3240. World Literature for Children (3).F;S.
Students will read and analyze translations and other children’s books in English from countries around the world. Literary analysis of the books will form the basis for comparing and contrasting cultures, historical periods, and differing national worldviews of childhood. Other issues such as racism and sexism will also be examined. (Same as RE 3240.) (WRITING; MULTI-CULTURAL)
ENG 3300. Applied Grammar (3).F;S.
A study of the syntax of English as described by traditional grammarians with some attention to usage, the development of proof-reading skills, and the descriptive principles of transformational grammar.

ENG 3400. Advanced Expository Writing (3).F;S.
Practice in expository writing, with emphasis on effective style, sound structure, and correct mechanics. It is recommended that ENG 3300 be taken prior to this course. (WRITING)

ENG 3450. Writing Center Theory and Practice (3).F.
Training and practical experience in the teaching of writing. Students will explore texts on writing center theory and practice to gain insight into the writing process and the practice of assisting writers in one-to-one conferencing. After an initial training period, each student will work as a consultant in the University Writing Center. Prerequisite: permission of the instructor is required. (WRITING)

ENG 3500. Independent Study (1-3).F;S.
Directed, concentrated study of a special topic developed by the student.

ENG 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Required for teaching majors.

Content to vary; may be repeated for credit when content does not duplicate.

ENG 3580. Teaching Composition: Theory, Practice, and Pedagogy (3).F;S.
Theory, practice, and pedagogy in the teaching of writing at the secondary level. Prerequisite: ENG 3300. (WRITING)

ENG 3590. Theory and Practice in the Teaching of High School English (3).F;S.
This course gives preservice teachers an opportunity to think about and explore pedagogy and curriculum for Secondary English through reading, discussion, planning, projects, and presentations. Participants will also be asked to consider institutional issues and conditions that impact teaching, as well as needs and concerns of adolescents, societal influences on schools, and conceptions of what constitutes good teaching and learning. This course should be taken the semester prior to student teaching. (Same as CI 3590). (WRITING; SPEAKING)

ENG 3610. Studies in the Principles of Language (3).F;S.
An introduction to theories of language structure, language acquisition, and the functions of language within a cultural setting, with particular emphasis on semantics.

ENG 3651. Creative Writing: Poetry (3).F;S.
An introductory course in the writing of poetry, with emphasis on techniques. This course serves as a prerequisite for ENG 3661, ENG 3662, ENG 3663, and ENG 4550. (WRITING)

ENG 3652. Creative Writing: Prose (Fiction) (3).F;S.
An introductory course in the writing of fiction and memoir, specifically the short story, with emphasis on techniques. This course serves as a prerequisite for ENG 3662, ENG 3663, and ENG 4550. (WRITING)

ENG 3661. Advanced Poetry (3).F;S.
An advanced course in the writing of poetry, with emphasis on workshops of students’ work and discussion of poems by contemporary poets. May be repeated for credit when content does not duplicate. Prerequisite: ENG 3651.

ENG 3662. Advanced Fiction (3).F;S.
An advanced course in writing fiction, with emphasis on experimentation and technique in the short story. May be repeated for credit when content does not duplicate. Prerequisite: ENG 3651, ENG 3652, or ENG 3670/THR 3670.

ENG 3663. Advanced Creative Non-Fiction (3).S.
An advanced course in the writing of creative non-fiction, with emphasis on workshops of students’ essays and study of published works. May be repeated for credit when content does not duplicate. Prerequisite: ENG 3651, ENG 3652, or ENG 3670/THR 3670.

ENG 3670. Playwriting (3).F;S.
A study of the art and craft of writing for performance. Readings will include plays, performance theory, and performance reviews.
The course will be run as a workshop in which every student must be an active participant in evaluating her or his own work and that of others. Assignments will include written work, oral presentations, workshop evaluations, and performances. May be repeated for credit when context does not duplicate. This course serves as a prerequisite for ENG 3662, ENG 3663, and ENG 4550. (Same as THR 3670.)

ENG 3679. Screenwriting (3).S.
The purpose of this course is to provide the opportunity to establish a solid foundation in screenplay writing. Strong emphasis will be placed on structure, style and naturalized dialogue, as well as the fundamental importance of thinking and writing visually and simply. Focus will be on the motion picture medium, though other forms such as sitcoms, industrial A/V and soaps will be covered briefly. (Same as THR 3679.)

ENG 3700. Technical Writing (3).F;S.
Emphasis on applied technical writing genres: abstracts, instructions, process descriptions, definitions, technical reports, hypertext and other electronic media, web development. ENG 3090 is recommended as preparation for ENG 3700. (WRITING; SPEAKING)

ENG 3710. Studies in Women and Literature (3).F.
A study of the work of outstanding women writers; course content may vary and may concentrate on poetry, fiction, drama, or non-fiction prose, and associated criticism and theory. (WRITING; MULTI-CULTURAL)

ENG 3720. Studies in the Short Story (3).F. (WRITING; SPEAKING)

ENG 3740. Studies in Poetry (3).F. (WRITING; SPEAKING)

ENG 3750. Studies in Drama (3).S. (WRITING; SPEAKING)

ENG 3900. Internship in Secondary Schools (1).F;S.
A supervised experience in the English instructional process on the secondary level through direct participation in a classroom situation. May be repeated for a total credit of three semester hours. Students should enroll in ENG 3900 the semester before student teaching. Graded on an S/U basis.

ENG 4100. Documentation (3).F.
This course introduces students to a variety of computer writing genres: tutorials, user’s guides, reference guides, troubleshooting manuals, online help, online instructional material, life cycle documents, reference cards, and training videos. Prerequisite: ENG 3090. (WRITING; SPEAKING; COMPUTER)

ENG 4170. Film Theory and Criticism (3).S.
An in-depth study of the historical development of film criticism and an examination of contemporary film theory and technique. Prerequisite: ENG 2170.

ENG 4200. Editing (3).S.
This course introduces students to selected concepts and methods of editing, basic editing skills, comprehensive editing processes and principles, and various management and production methods. Prerequisite: ENG 3090 or permission of the instructor. (WRITING; SPEAKING)

ENG 4300. Seminar in Professional Writing (3).F.
A capstone experience. Emphasis on strengthening and revising student examples of professional writing and presentation options, including the creation of an interactive professional writing portfolio. Intense study of the current state of the profession. Prerequisite: ENG 3090, plus six semester hours of credit in the professional writing concentration. (WRITING; SPEAKING)

ENG 4550. Senior Seminar in Creative Writing (3).F;S.
Content to vary, but may include experimental fiction writing, dramatic writing, poetic forms, and advanced workshops in revision. May be repeated for credit when context does not duplicate. Prerequisite: ENG 3651, ENG 3652, or ENG 3670/THR 3670. (ENG 3661, ENG 3662, or ENG 3663 is a suggested prerequisite, but students may also enroll in the seminar with the permission of the instructor.)

ENG 4560. Adolescent Literature (3).F;S.
This course introduces students to the varied and multi-cultural field of adolescent literature. Students focus on various genres, including realistic fiction, romance and adventure, science fiction/fantasy, autobiography, and poetry. Content includes pertinent criticism, important bibliographies, research studies, historical analysis, and increasingly sophisticated pedagogical resources. Students will use the works they read, current research, and web-based resources to create curricula appropriate for adolescent readers. (WRITING;
MULTI-CULTURAL) [Dual-listed with ENG 5560.]

ENG 4570. Studies in American Indian Literature (3).F. Alternate years.
A study of major American Indian writers from oral traditions through the present. (WRITING; MULTI-CULTURAL) [Dual-listed with ENG 5570.]

ENG 4580. Studies in African-American Literature (3).S.
A close examination of major African/American writers, with emphasis on twentieth century novelists and poets. Prerequisite: ENG 2120 or permission of the instructor.

ENG 4585. Studies in Ethnic American Literature (3).F. Alternate years.
An in-depth and multi-cultural examination of major ethnic American writers. (WRITING; MULTI-CULTURAL) [Dual-listed with ENG 5585.]

ENG 4590. World Literature (3).F;S.
A study of literary content, theories, and problems of a specific world-epoch.

An examination of the syntactic structures of English as described by structural and transformational grammarians.

ENG 4660. History of the English Language (3).F;S.
A study of national, regional, and social varieties of English with particular attention to phonological, morphological, and cultural development.

ENG 4710. Advanced Studies in Women and Literature (3).S.
An examination of the work of a particular woman writer, a select group of related women writers, or a specific topic or genre. Prerequisite: ENG 3710 or permission of the instructor.

ENG 4720. Appalachian Literature (3).F.
A study of major regional movements, genres, writers in the Appalachian mountains, from settlement to the present. Content and approach may vary. [Dual-listed with ENG 5720.]

ENG 4730. The Novel (3).S.
A study of selected novels from English, American and world literature.

ENG 4760. Literary Criticism (3).S.
Studies of the classical critics in translation and of the contemporary critics, with emphasis on specific techniques.

ENG 4770. Early American Literature (3).F.
Studies in the works of the founders of American political, religious, and literary culture as reflective of trends in intellectual history.

ENG 4780. Nineteenth Century American Literature (3).S.
Examination of the major authors under whose leadership American literature achieved world prominence.

ENG 4790. Twentieth Century American Literature: 1900-1945 (3).F.
A study of poetic and prose works most characteristic of American literature and thought during the first half of the twentieth century. Emphasis on major writers.

ENG 4795. Twentieth Century American Literature: 1945-Present (3).S.
A study of poetic and prose works most characteristic of postmodern and contemporary American literature and thought. Emphasis on diversity of expression.

Content to vary; may be repeated for credit when content does not duplicate.

ENG 4810. Advanced Folklore (3).S.
An in-depth and multi-cultural study of one or more folklore genres in cultural context with interdisciplinary approaches from the humanities and social sciences. It is recommended that ENG 3050, Studies in Folklore, be taken prior to this course. (MULTI-CULTURAL; CROSS-DISCIPLINARY) [Dual-listed with ENG 5710.]
ENG 4820. Early English Literature (3).F.
An introductory study of medieval English literature and Middle English.

ENG 4830. Shakespeare I (3).F.
A study of Shakespeare's comedies and histories.

ENG 4840. Shakespeare II (3).S.
A study of Shakespeare's tragedies.

ENG 4850. Renaissance Literature (3).S.
A study of literature written in England from 1500 to 1660, with each offering limited to selected works. (WRITING)

ENG 4860. Restoration and Eighteenth Century Literature (3).S.
A study of the literature written in England during the years 1660-1800. Each offering is limited to selected works and authors of the period.

ENG 4870. The English Romantic Movement (3).F.
A study of selected works of Blake, Wordsworth, Coleridge, Southey, Scott and Byron, Shelley, Keats, with some attention to essayists and minor poets of the Romantic Movement.

ENG 4880. Literature of the Victorian Period (3).F.
A study of selected major English poets, novelists, and essayists of the latter part of the nineteenth century.

ENG 4890. Twentieth Century British Literature: 1900-1945 (3).F.
A study of major themes and literary techniques found in the British literature of the first half of the twentieth century.

ENG 4895. Twentieth Century British Literature: 1945-Present (3).S.
A study of major themes and literary techniques found in the British literature of the second half of the twentieth century.

ENG 4900. Internship in Writing/Editing/ (1-12).F;S.
On-the-job work experience individually tailored to students’ career orientation. Prerequisite: permission from the Director of the Professional Writing Program is required. Graded on an S/U basis.
Department of Foreign Languages and Literatures (FLL)

Alexandra Sterling-Hellenbrand (German), Chair

Zhiyuan Chen (Spanish)  Rainer H. Goetz (Spanish)  Richard G. McGarry (Linguistics and ESL)
Victoria K. Cox (Spanish)  Josette C. Hollenbeck (French)  Beverly A. Moser (German)
Benito del Pliego (Spanish)  Li Jin (Chinese)  Maria Patricia Napiorski (Spanish)
Catherine A. Fountain (Spanish)  Kevin G. Kennedy (German)  Richard A. Spencer (Latin)
Martial Frindéthié (French)  Michael E. Lane (French)

The curriculum of the Department of Foreign Languages and Literatures includes courses in French, Spanish, German, Latin, Russian, Japanese, Chinese, and ESL. The major objective of the department is to enable students to gain linguistic and cultural competency through the study and practice (reading, writing, speaking) of the languages we offer. Further studies in the culture and literature of the target languages are designed to give students a better understanding of the traditions, achievements and lifestyles of the countries and areas where the languages are spoken. In teaching culture through literature and language, we seek to educate students with the intercultural and linguistic proficiency to become active members of a diverse global community.

Foreign Language Placement Exam Requirement: In French, German, Latin, and Spanish, and in other languages where available, a language placement exam is required of all entering students and all upper-level students who have not previously taken the placement test before enrolling in their first language course at ASU. The placement exam score remains valid for two years and then must be retaken before a student may enroll in a first foreign language course at ASU. Students are expected to enroll in the course indicated by the results of their exam. When warranted, a student’s placement level may be adjusted after consultation with the foreign language advisor.

Placement credit will be awarded to students only if they successfully complete (with a "C" or better) the course they score into. Placement credit will be awarded in the following manner:

- Students placing into and successfully completing 1020 receive placement credit for 1010.
- Students placing into and successfully completing 1040 receive placement credit for 1010 and 1020.
- Students placing into and successfully completing 1050 receive placement credit for 1020 and 1040.
- Students placing into the 2000 level (advanced) may choose any 2000 level class as a validation course. Successfully completing the 2000 level class would gain placement credit for 1040 and 1050.

Transfer students with college credit in a foreign language who wish to continue in the same language are not required to take the placement test. However, transfer students are encouraged to consult with the faculty advisor for that language.

All students who wish to enroll in courses on the level of 2000 or above must take proficiency tests or complete course work through the intermediate level of that language (1050). All classes in the Department, except those designated as Foreign language (FL) courses, are taught in the target language. FL courses are offered in English and may count towards the major only under special circumstances and with the consent of the advisor and departmental chair.

All majors in the Department of Foreign Languages and Literatures require a minimum of 122 semester hours for the degree. A minor is required for the Bachelor of Arts degree. In addition to the core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

The Bachelor of Arts degree in French (238A/16.0901) consists of 30 semester hours at the 2000 level or above, including FRE 2005, FRE 2010, FRE 2025, FRE 2035, FRE 3080, FRE 4075, and twelve semester hours of electives, including one culture/civilization course and one literature course. (FRE 2025 does not satisfy the literature requirement.)

The Bachelor of Arts degree in Spanish (286A/16.0905) consists of 30 semester hours at the 2000 level or above, including SNH 2005, SNH 2010, SNH 2025, SNH 3035, SNH 3080, SNH 4075, and twelve semester hours of electives, including one culture/civilization course and one literature course. (SNH 2025 does not satisfy the literature requirement.)

A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in French or Spanish.

The Bachelor of Science degree in French, Education (236A/13.1325)[T] with K-12 teacher licensure, consists of 36 semester hours at the 2000 level or above, including FRE 2005, FRE 2010, FRE 2025, FRE 2035, FRE 3040, FRE 3080, FRE 4075, and FL 3120/CI 3120 (6 s.h.), and nine semester hours of electives in the major field, including one literature course. (FRE 2025 does not satisfy the literature requirement.)
Foreign Languages and Literatures

The Bachelor of Science degree in Spanish, Education (298A/13.1330)[T] with K-12 teacher licensure, consists of 36 semester hours at the 2000 level or above, including SNH 2005, SNH 2010, SNH 2025, SNH 3035, SNH 3080, SNH 4075, and FL 3120/CI 3120 (6 s.h.), and twelve semester hours of electives in the major field, including one culture/civilization course and one literature course. (SNH 2025 does not satisfy the literature requirement.)

The department recommends that students majoring in French or Spanish use electives to build up a teaching competence in a related field. For the requirements in teacher education, see the Department of Curriculum and Instruction.

Minors

A minor in Chinese (227/16.9999) consists of 15 semester hours at the 2000 level or above including CHN 2001 and CHN 2003. International Business majors with a minor in Chinese are required to take CHN 3090, Business Chinese.

A minor in French (238/16.0901) consists of 15 semester hours including FRE 2005, FRE 2010, and FRE 2035; and six semester hours of electives in the major field at the 2000 level or above, but excluding FRE 3520, Instructional Assistance. A minimum overall grade point average of 2.0 is required for the courses included in the minor(s).

A minor in German (245/16.0501) consists of 15 semester hours including GER 2010 and GER 2015; and nine semester hours of electives in German at the 2000 level or above, but excluding GER 3520, Instructional Assistance. A minimum overall grade point average of 2.0 is required for the courses included in the minor.

A minor in Spanish (286/16.0905) consists of 15 semester hours including SNH 2005 and SNH 2010; and nine semester hours of electives in the major field at the 2000 level or above, but excluding SNH 3520, Instructional Assistance. A minimum overall grade point average of 2.0 is required for the courses included in the minor.

A minor in TESL/Applied Linguistics (TESL: Teaching English as a Second Language) (288/16.0102) consists of 18 semester hours of required course work as follows: FL 2050, FL 3010, FL 3020, FL 4550, FL 4551 and FL 4555.

This minor may also be used by those students who hold, are eligible to hold, or are working toward a teaching license to fulfill the North Carolina Department of Public Instruction's requirements for an add-on “A” level license in English as a Second Language. Students interested in this add-on license should contact the Department of Foreign Languages and Literatures prior to taking any courses in the minor.

Honors Program in French and Spanish

The Department of Foreign Languages and Literatures maintains an honors program in French and in Spanish to provide qualified students with an opportunity for advanced research in a seminar atmosphere. At the freshman level, the Department of Foreign Languages and Literatures participates in the campus wide honors program for eligible new students, offering honors sections of a variety of introductory courses on a rotating basis.

Honors courses are available in the department for students at the sophomore, junior and senior level. These courses are open to students who have distinguished themselves. Junior and senior level honors courses carry full credit toward the majors in French and Spanish, or for non-majors full elective credit. The sophomore honors course (FL 2510) carries core curriculum: humanities/literature credit with a multi-cultural designator. In order to remain in the departmental program, students must maintain at least a “B” average in honors work.

To graduate with honors in French, a student must take 9 semester hours of honors courses in the department, including FL 2510, FRE 3510 and FRE 4510.

To graduate with honors in Spanish, a student must take 9 semester hours of honors courses in the department, including FL 2510, SNH 3510 and SNH 4510.

French majors meeting the requirements of the honors program (FL 2510, FRE 3510, FRE 4510) with a grade of “B” or better and a 3.45 GPA in all departmental course work will graduate with “honors” in French. Those meeting the requirements with a grade of “A” and a 3.65 GPA in all French course work will graduate with “high honors” in French. Those meeting the requirements with a grade of “A” and a 3.85 GPA in all French course work will graduate with “highest honors” in French.

Spanish majors meeting the requirements of the honors program (FL 2510, SNH 3510, SNH 4510) with a grade of “B” or better and a 3.45 GPA in all departmental course work will graduate with “honors” in Spanish. Those meeting the requirements with a grade of “A” and a 3.65 GPA in all Spanish course work will graduate with “high honors” in Spanish. Those meeting the requirements with a grade of “A” and a 3.85 GPA in all Spanish course work will graduate with “highest honors” in Spanish.

Qualified University honors students who are minoring in a language (Chinese, French, German, Spanish, TESL/Applied Linguistics) or minoring in an Area Studies program (e.g., Asian Studies; East European, Russian and Central Asian Studies) may arrange to have a language faculty member as the second reader of the senior honors thesis, with the approval of the thesis advisor from the
International Economics and Business Options
Areas of study in international economics and business are available for students pursuing a Bachelor of Arts or a Bachelor of Science in Business Administration with a major in economics. The program is jointly administered by the Department of Economics and the Department of Foreign Languages and Literatures. Students participating in the program have an advisor in each department.

The program combines a major in Economics and a major or minor in a foreign language. Students are also advised to pursue a minor in international business.

The various options are as follows:
- Bachelor of Arts with a double major in economics and one foreign language (French or Spanish)
- Bachelor of Arts in economics with a minor in French, German or Spanish
- Bachelor of Science in Business Administration with a major in economics and a minor in French, Spanish or German

Under all three options, the student is expected to demonstrate proficiency in reading and speaking the language selected. At least 15 hours of courses in the language, civilization, and culture of the chosen country or area are recommended at the 2000 level of above. Also students are expected to participate, if possible, in any one or more of the following:
1. Pursue a minor in international business (15 semester hours)
2. Complete a semester or summer session of business study abroad in the country of their choice
3. Complete an internship abroad (usually 6 semester hours)

Foreign Language Computer Lab
The Department of Foreign Languages and Literatures supports a 22 station walk-in computer laboratory located in the department. Along with the standard Internet browsers, Microsoft Office, and iTunes, a range of foreign language proprietary software and online services is available to enrolled language students. Computer assistance is available in the lab during all hours of operation.

The Foreign Language Computer Lab maintains two electronic multi-media classrooms. Both offer computer data projection with Smart Technology (SmartBoards), DVD, VCR, and cable TV connection. Remaining departmental classrooms are equipped with TVs and VCRs. Video viewing activity and media to enrich the classroom experience are also supported by the lab.

The Department of Foreign Languages and Literatures offers a Master of Arts degree in Romance Languages with concentrations in French and Spanish. Persons interested in this degree are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Foreign Languages and Literatures (CHN, FL, FRE, GER, JPN, LAT, RSN, SNH)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.
(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

CHINESE (CHN)

CHN 1010. Beginning Chinese I (3).F.
Introduction to basic skills necessary for understanding, speaking, reading and writing Chinese, with emphasis on the use of functional, communicative language. Open to students with no previous experience in Chinese. Laboratory work required.

CHN 1020. Beginning Chinese II (3).S.
Continuation of skills development in understanding, speaking, reading, and writing Chinese with emphasis on the use of functional, communicative language. Prerequisite: CHN 1010 or consent of the instructor. Laboratory work required.

CHN 1040. Intermediate Chinese I (3).F.
Focus on various aspects of culture, society, literature, traditions, and daily preoccupations through continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: CHN 1020 or consent of the instructor. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

CHN 1050. Intermediate Chinese II (3).S.
A continuation of CHN 1040. Focus on various aspects of culture, society, literature, traditions, and daily preoccupations with continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: CHN 1040 or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)
### CHN 2001. Advanced Chinese I (3).F.
Focuses on acquiring additional proficiency in speaking, listening, reading and writing. Prerequisite: CHN 1050 or its equivalent. Laboratory work required.

### CHN 2003. Advanced Chinese II (3).S.
Focuses on acquiring proficiency in speaking, listening, reading and writing. Prerequisite: CHN 2001 or its equivalent. Laboratory work required.

Focus is on the practice of various aspects of basic Chinese grammar patterns and language structures. Prerequisite: CHN 2003 or its equivalent. Laboratory work required.

This course is designed for those with intermediate language proficiency who wish to focus on oral language skills. Prerequisite: CHN 2003 or its equivalent. Laboratory work required.

This course is designed for those with intermediate language proficiency who wish to focus on oral language skills. Prerequisite: CHN 2003 or CHN 2010 or permission of the instructor. Laboratory work required.

### CHN 2500. Independent Study (1–3). On Demand.

### CHN 3090. Business Chinese (3). On Demand.
Focuses on oral and written business expressions common in business communications. Prerequisite: CHN 2003 or its equivalent. Laboratory work required.

### CHN 3500. Independent Study (1–3). On Demand.

### CHN 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: Junior or senior standing. May be repeated for a total credit of three semester hours.

### CHN 3530–3549. Selected Topics (1–4). On Demand.

## FOREIGN LANGUAGES AND LITERATURES (FL)

Courses offered in English

### FL 0100. TOEFL Preparation for International Students (3). On Demand.
Introduction to the TOEFL: Test of English as a Foreign Language as well as an in-depth concentration in each of the three areas of the test: listening comprehension, structure, and reading comprehension. Students will have the opportunity to learn important test-taking strategies to improve their TOEFL scores. Course counts as three hours credit toward course load and full-time student eligibility, but does not count toward hours required for graduation (see "Institutional Credit").

### FL 1000. English for International Students (3).F.
Listening, speaking, reading and writing English for advanced students whose first language is not English. Emphasis on communication in a variety of academic and social settings. This course is self-paced to enable the student to concentrate on individual needs and problem areas. In addition to class meetings, students will be assigned a tutor to assist them with assignments.

### FL 1530–1549. Selected Topics (1–4). On Demand.
Can be used for elective credit only.

### FL 2010. Mythology (3). On Demand.
Examination of the chief Graeco-Roman myths, their influence on artists and writers of western culture, and their place as examples of human mythopoeic tendencies. Open to all students. No prior knowledge of Latin required for enrollment. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

### FL 2025. Literature in Translation (3).F;S.
A study of various literatures in translation, from the medieval through the modern period, focusing on the language and culture areas featured in departmental offerings. Course content will vary and may concentrate on poetry, fiction, drama, or a combination. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)
FL 2050. Linguistics & Language Learning (3).F. Alternate years.
A survey of sounds/intonation, word formation, syntax, semantics and pragmatics and their application to learning a second language. Different theoretical approaches to these issues will be explained. Students will apply linguistic concepts to problems in a variety of languages. The course will also show how linguistics analyzes dialects and resolves problems of language learning and teaching. Prerequisite: a year of foreign language or permission of the instructor.

FL 2510. Sophomore Honors Seminar in Literature in Translation (3).F;S.
A study of various literatures in translation, from the medieval through the modern period, focusing on the language and culture areas featured in departmental offerings. Course content will vary and may concentrate on poetry, fiction, drama, or a combination of genres. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

FL 3010. Second Language Acquisition (3).S. Alternate years.
A survey of the leading theories of language acquisition ( experiential, cognitive, linguistic-theoretical) and their application to ESL pedagogy. The fundamental questions addressed in the course will be: how learners acquire a second language; similarities between first and second language acquisition; and, ramifications of second language acquisition for classroom instruction. Prerequisites: two years of foreign language and FL 2050.

FL 3020. Language, Society and the Teaching of ESL (3).S. Alternate years.
This course examines the interaction of language in society and investigates the practices, tendencies and the associated difficulties of persons identified with one culture seeking to communicate with persons of another culture. The course emphasizes the effects of cross-cultural communication on second language teaching. Prerequisites: two years of foreign language and FL 2050.

FL 3120. Teaching Foreign Languages (6).F.
A study of methods, instructional strategies, organization and administration for teaching second languages in the K-12 curriculum, designed to allow students to meet Standards for Second Language Teachers as defined by the NC State Board of Education. Experiences will include development of unit and lesson plans, classroom observations, and micro-teaching. It is strongly advised that other requirements for licensure (except student teaching) be completed prior to taking this course. (Same as CI 3120.) Required for B.S. degree with K-12 teacher licensure.

FL 3500. Independent Study (1–3).F;S.

FL 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

To examine works of representative masters in various genres from the beginning to early twentieth century, by studying the translation of the works. Class is conducted in English. Prerequisite: ENG 1100.

FL 4010. Afro-Hispanic Literature (3). On Demand.
A survey of Afro-Hispanic contributions to Spanish and Spanish American Literature in works written by Afro-Hispanic authors. An examination of literary themes on the life and culture of Blacks in Spanish-speaking America in the texts of representative Latin American authors underscoring outstanding historical facts and sociological concepts.

FL 4020. European Languages and Culture Through Films (3). On Demand.
Comprehensive analysis of European cultures through films, with special emphasis on the historical, political, social, and philosophical representations of life in selected foreign countries in recent decades. Content will vary.

This course will investigate the structure of the English language from the viewpoint of modern linguistics. Focus will be placed on the role of grammar in the second language classroom and methods of teaching grammar in a communicative context. Prerequisites: two years of foreign language and FL 2050. [Dual-listed with FL 5550.]

A survey of various methods and materials to teach English to speakers of other languages. Discussion will focus on factors affecting how curricula are developed to most effectively teach speaking, listening, reading, writing, and culture to ESL students. Central to this course will be: an emphasis on various methods used to teach ESL holistically and in the context of a particular content; assessment; materials and resources; and the growth and development of the field of ESL. Prerequisite: two years of foreign language and FL
2050. [Dual-listed with FL 5551.]

This course provides future ESL teachers with experience teaching English to speakers of other languages in a supervised setting. As a part of this course, students complete a project/portfolio for use in future instruction. Prerequisites: two years of foreign language and FL 2050, FL 3010, FL 3020, FL 4550. May be taken concurrently with FL 4551. [Dual-listed with FL 5555.]

FRENCH (FRE)

FRE 1010. Beginning French I (3).F.
Introduction to basic skills necessary for understanding, speaking, reading, and writing French, with emphasis on the use of functional, communicative language. Open to students with no previous experience in French or whose French placement test score indicates deficiency. Laboratory work required.

FRE 1020. Beginning French II (3).S.
Continuation of skills development in understanding, speaking, reading, and writing French with emphasis on the use of functional, communicative language. Prerequisite: FRE 1010 or consent of the advisor. Laboratory work required.

Combines FRE 1010 and FRE 1020. Open to students with no previous experience in French or whose French placement score indicates deficiency. Meets daily for a total of 300 minutes per week. Laboratory work required.

FRE 1040. Intermediate French I (3).F.
Focus on various aspects of culture, society, literature, traditions, and daily preoccupations through continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: adequate score on the placement test or FRE 1020, or FRE 1030, or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

FRE 1050. Intermediate French II (3).S.
Focus on various aspects and perspectives of selected French-speaking cultures outside of France, including francophone peoples of Canada, the Caribbean, and/or the African continent. Continued development of communicative language skills through contact with authentic materials, readings, and films. Prerequisite: FRE 1040 or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

Combines FRE 1040 and FRE 1050. Prerequisite: FRE 1020 or the equivalent. Class meets daily for a total of 300 minutes per week. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

IN ORDER TO REGISTER FOR COURSES TAUGHT IN FRENCH ON THE 2000 LEVEL OR ABOVE, STUDENTS MUST COMPLETE FRE 1050 OR FRE 1060 OR MAKE AN ADEQUATE SCORE ON THE PLACEMENT TEST.

Comprehensive review for thorough understanding of the elements of the French language necessary for students wishing to pursue further studies in French. Prerequisite: FRE 1050 or FRE 1060, or the equivalent, or an adequate score on the placement test. Laboratory work required. Required for minors and majors.

FRE 2006. French Sound and Script (3).F.
A study of the sound system in French, the phonetic alphabet and its use. Oral practice aimed at improving pronunciation and orthography. Prerequisite: FRE 1050 or FRE 1060 or consent of the instructor. Laboratory work required.

FRE 2010. Spoken French (3).F;S.
Study of French sounds, vocabulary, and structures targeting listening comprehension and oral self-expression in French. Practice aimed at improving pronunciation, idiomatic usage, discursive and presentational modes of the language. Prerequisite: FRE 1050 or FRE 1060 or consent of the instructor. Laboratory work required. Required for minors and majors. (SPEAKING)

FRE 2025. Introduction to Literature and Writing (3).S.
Focus is on the development of skills necessary for critical reading of and writing about literature (examination of genres, concepts of literary structure, language use, and critical theories) through examination of selected works. The course also aims at improving the student’s ability to write in French with grammatical correctness. Prerequisite: FRE 2005. Required for majors. (WRITING)
FRE 2035. The French Speaking World (3).F.
Initiation to French-speaking cultures of the world, including Europe, West and Central Africa, Quebec, and the Antilles. Continued practice of language skills through various readings, discussions, presentations, and written assignments in French. Prerequisite: FRE 2005 or consent of the instructor. Required for majors.

FRE 2500. Independent Study (1–3). On Demand.

FRE 3030. Masterworks of French Literature (3).F.
A study of selected works of French literature from the Medieval to the Modern period. Content will vary by semester. Prerequisite: FRE 2025 or consent of the instructor. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

FRE 3040. French Culture and Civilization (3).S.
A study of the culture of France and the Francophone world as seen through social and political development, institutions and the arts, from the Medieval to the Modern period. Content will vary by semester. Prerequisites: FRE 2005 and FRE 2010 or consent of the instructor. Required of BS teaching majors in French. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)

FRE 3045. Translation Techniques (3).F.
Introduction to practical translation techniques to prepare students of French to produce French-English and English-French translations. Prerequisites: FRE 2005 and FRE 2025. (WRITING)

FRE 3065. Francophone Culture Through Film (3).F.
An in-depth study of selected films that reveal traditional and contemporary aspects of Francophone culture with focus on such issues as immigration and past colonization, nationalism, religion, freedom, education, parenthood, marriage, and aging. Special consideration of films produced in France, Africa, Canada, Belgium, and Switzerland. Laboratory work required. Prerequisites: Junior or senior standing and FRE 3080. (MULTI-CULTURAL)

FRE 3080. Advanced Grammar and Composition (3).F.
Intensive study of the various types of expository writing with emphasis on the morphology and idiomatic expressions of French. Prerequisites: FRE 2005 and FRE 2010 or consent of the instructor. Required for majors. (WRITING)

Focus on various types of business correspondence, with emphasis on current, specialized vocabulary pertinent to international trade and business, and ability to write and communicate via business letters, ads, memos, etc. Students must keep a “business portfolio.” Prerequisites: Junior or senior standing and FRE 2005 or consent of the instructor.

FRE 3500. Independent Study (1–3).F;S. On Demand.

FRE 3510. Junior/Senior Honors Seminar in French (3). On Demand.
A study of major works, authors, genres, or literary movements in literature of the Francophone world (European, West African, or Caribbean). Enrollment is by invitation of the department, or by application.

FRE 3520. Instructional Assistance (1).F;S. On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: Junior or senior standing. May be repeated for a total credit of three semester hours.

FRE 4010. Aspects of Francophone Culture (3).S.
An in-depth study of French literature outside of France. Special consideration will be given to the themes and style of representative works from Africa, the Antilles, Madagascar, and Canada. Content will vary. Prerequisite: FRE 2025 or consent of the instructor. (WRITING)

An overview of present-day France and Francophone nations through a thematic approach to such topics as geography, demography, national festivals, lifestyles and cultural patterns. Examination of the influences of France and Francophone nations on the world and particularly on the U.S. Prerequisites: Junior or senior standing and FRE 2010.

FRE 4075. Advanced Conversation (3).S.
Development of skills necessary to express ideas fluently on contemporary cultural, literary, and professional issues. Prerequisites: junior or senior standing and FRE 2010 or consent of the instructor. Required of majors.
FRE 4510. Senior Honors Thesis (3).F;S.
Independent study and research. Honors thesis directed by a member of the French faculty in the Department of Foreign Languages and Literatures and graded by a departmental committee. Oral presentation. Prerequisites: completion of FL 2510 and FRE 3510 with at least a “B” average.

FRE 4565. Advanced French Expression (3).F.
Students will have the opportunity to advance their oral and written proficiencies by examining and using different registers of contemporary spoken French as well as analyzing different written genres. Their oral work will be based on reading and discussing current articles from newspapers and periodicals; their written work will be modeled on selected literary and cultural narratives written by experienced French writers. Prerequisites: senior or graduate standing and FRE 3080, or consent of the instructor. (WRITING) [Dual-listed with FRE 5565.]

GERMAN (GER)

GER 1000. Beginning Conversational German (1-3). On Demand.
Elementary conversational patterns for students without previous knowledge of German. The course is designed to allow students to acquire elementary speaking skills in the German language in preparation for more advanced study in the summer sessions on campus and abroad.

GER 1010. Beginning German I (3).F.
Introduction to basic skills necessary for understanding, speaking, reading, and writing German, with emphasis on the use of functional, communicative language. Open to students with no previous experience in German or whose German placement test score indicates deficiency. Laboratory work required.

GER 1020. Beginning German II (3).S.
Continuation of skills development in understanding, speaking, reading, and writing German with emphasis on the use of functional, communicative language. Prerequisite: GER 1010 or consent of the advisor. Laboratory work required.

Combines GER 1010 and GER 1020. Open to students with no previous experience in German or whose German placement score indicates deficiency. Meets daily for a total of 300 minutes per week. Laboratory work required.

GER 1040. Intermediate German I (3).F.
Focus on various aspects of culture, society, literature, traditions, and daily preoccupations through continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: adequate score on the placement test or GER 1010, or GER 1030, or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

GER 1050. Intermediate German II (3).S.
A continuation of GER 1040. Focus on various aspects of culture, society, literature, traditions, and daily preoccupations with continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: GER 1030 or GER 1040, or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

Combines GER 1040 and GER 1050. Prerequisite: GER 1020 or GER 1030, or the equivalent. Class meets daily for a total of 300 minutes per week. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

IN ORDER TO REGISTER FOR COURSES TAUGHT IN GERMAN ON THE 2000 LEVEL OR ABOVE, STUDENTS MUST COMPLETE GER 1050 OR GER 1060 OR MAKE AN ADEQUATE SCORE ON THE PLACEMENT TEST.

Comprehensive review for thorough understanding of the elements of the German language necessary for students wishing to pursue further studies in German. Prerequisite: GER 1050 or GER 1060, or the equivalent, or an adequate score on the placement test. Laboratory work required.

GER 2010. Conversation and Composition I (3).F.
Emphasis on acquisition of a practical vocabulary and active use of the language. Shorter readings on contemporary German life provide subject matter for in-class discussion and regular written compositions. Prerequisite: GER 1050 or GER 1060, or the equivalent, or an adequate score on the placement test. Laboratory work required. Required for minors. (SPEAKING)
GER 2015. Conversation and Composition II (3). S.
Continues the goals of GER 2010, but with added emphasis on stylistic improvement in speaking and writing. Prerequisite: GER 2010 or consent of the advisor. Required for minors.

GER 2025. Introduction to Literature (3). F; S. On Demand.
Development of skills necessary for understanding of genre, concepts of literary structure, language, and criticism through examination of selected works. Prerequisite: GER 2010.

GER 2500. Independent Study (1–3). F; S. On Demand.

GER 3015. Selections of German Literature I (3). F.
A study of the works of representative German authors from the 8th to the 18th century. Prerequisite: GER 2010 and GER 2015 or consent of the advisor. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES/LITERATURE)

GER 3025. Selections of German Literature II (3). S.
A study of the works of representative German authors of the 19th and 20th centuries. Prerequisite: GER 2010 and GER 2015 or consent of the advisor. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES/LITERATURE)

GER 3030. German Phonetics and Diction (3). S. On Demand.
A thorough study of the sound system in German. Oral practice and laboratory. The goal is to achieve a near native pronunciation. Prerequisites: GER 2010 and GER 2015 or consent of the advisor.

GER 3050. Culture and Civilization of Germany (3). F.
Study of German institutions, philosophy, literature, and art prior to World War II. Prerequisites: GER 2010 and GER 2015 or consent of the advisor. (MULTI-CULTURAL) (CORE: HUMANITIES)

GER 3055. Culture and Civilization of Modern Germany (3). S.
A study of the major cultural and literary changes in Germany after World War II, including changes in the social, economic, and educational systems. Prerequisites: GER 2010 and GER 2015 or consent of the advisor. (MULTI-CULTURAL;WRITING) (CORE: HUMANITIES)

GER 3075. Advanced Conversation (3). S.
Review of the more difficult structures of the language. Introduction of additional vocabulary and idiomatic expressions which will allow the student to express complex ideas on contemporary and professional issues with fluency and an acceptable pronunciation. Prerequisites: GER 2010 and GER 2015 or consent of the advisor.

GER 3080. Advanced Grammar and Composition (3). F.
Development of skills necessary to express fluently, and in depth, ideas on contemporary, cultural, literary, and professional issues. Prerequisites: Junior or senior standing, GER 2010 and GER 2015 or consent of the advisor.

GER 3090. Business German (3). F; S. On Demand.
This course provides an insight into the current German business world. Acquisition of the specialized language of social security, international finance, marketing, import and export trade, and trade unions. Prerequisites: GER 2010 and GER 2015, or consent of the advisor.

GER 3500. Independent Study (1–3). F; S. On Demand.

GER 3520. Instructional Assistance (1). F; S. On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: Junior or senior standing. May be repeated for a total credit of three semester hours.

GER 3550. German Customs and Folklore (3). SS.
Taught in Germany for study abroad students only. Study of the German “way of life,” the traditions, festivities, and the spirit of the people. Free informational materials made available by the German government serve as study guides. Prerequisites: GER 2010 and GER 2015 or consent of the advisor. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES)

</table>
LAT 3500. Independent Study (1–3). On Demand.

LAT 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

LAT 4010. Roman Satire (3). On Demand.
Selections from Horace and from Juvenal will be read. Discussions will include each poet’s specific characteristics and his influence on western culture.

LAT 4020. Roman Comedy (3). On Demand.
Selections from the comedies of Plautus and Terence will be read. Discussions will include the practice of contamination and the playwright’s influence on western culture.

RUSSIAN (RSN)

RSN 1010. Beginning Russian I (3).F.
Introduction to basic skills necessary for understanding, speaking, reading, and writing Russian, with emphasis on the use of functional, communicative language. Open to students with no previous experience in Russian. Laboratory work required.

RSN 1020. Beginning Russian II (3).S.
Continuation of skills development in understanding, speaking, reading, and writing Russian with emphasis on the use of functional, communicative language. Prerequisite: RSN 1010 or consent of the instructor. Laboratory work required.

RSN 1040. Intermediate Russian I (3).F.
Focus on various aspects of culture, society, literature, traditions, and daily preoccupations through continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: RSN 1020 or consent of the instructor. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

RSN 1050. Intermediate Russian II (3).S.
A continuation of RSN 1040. Focus on various aspects of culture, society, literature, traditions, and daily preoccupations with continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: RSN 1040 or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

RSN 2500. Independent Study (1–3). On Demand.

RSN 3500. Independent Study (1–3). On Demand.

RSN 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

SPANISH (SNH)

SNH 1010. Beginning Spanish I (3).F.
Introduction to basic skills necessary for understanding, speaking, reading, and writing Spanish, with emphasis on the use of functional, communicative language. Open to students with no previous experience in Spanish or who Spanish placement test score indicates deficiency. Laboratory work required.

SNH 1020. Beginning Spanish II (3).S.
Continuation of skills development in understanding, speaking, reading, and writing Spanish with emphasis on the use of functional, communicative language. Prerequisite: SNH 1010 or consent of the advisor. Laboratory work required.

Combines SNH 1010 and SNH 1020. Open to students with no previous experience in Spanish or whose Spanish placement score
indicates deficiency. Meets daily for a total of 300 minutes per week. Laboratory work required.

**SNH 1040. Intermediate Spanish I** (3).F.
Focus on various aspects of culture, society, literature, traditions, and daily preoccupations through continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: adequate score on the placement test or SNH 1020, or SNH 1030, or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

**SNH 1050. Intermediate Spanish II** (3).S.
A continuation of SNH 1040. Focus on various aspects of culture, society, literature, traditions, and daily preoccupations with continued development of communicative language skills. Reinforcement, expansion, and synthesis of concepts of language and culture through contact with authentic materials. Prerequisite: SNH 1030 or SNH 1040, or the equivalent. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

Combines SNH 1040 and SNH 1050. Prerequisite: SNH 1020 or SNH 1030, or the equivalent. Class meets daily for a total of 300 minutes per week. Laboratory work required. (MULTI-CULTURAL) (CORE: HUMANITIES)

IN ORDER TO REGISTER FOR COURSES TAUGHT IN SPANISH ON THE 2000 LEVEL OR ABOVE, STUDENTS MUST COMPLETE SNH 1050 OR SNH 1060 OR MAKE AN ADEQUATE SCORE ON THE PLACEMENT TEST.

Comprehensive review for thorough understanding of the elements of the Spanish language necessary for students wishing to pursue further studies in Spanish. Prerequisite: SNH 1050 or SNH 1060, or the equivalent, or an adequate score on the placement test. Laboratory work required. Required for minors and majors.

**SNH 2010. Conversational Spanish** (3).F;S.
Emphasis on the acquisition of a practical vocabulary and active use of the language. Prerequisite: SNH 1050 or SNH 1060 or the equivalent, or an adequate score on the placement test. Laboratory work required. Required for minors and majors.

**SNH 2025. Introduction to Literature** (3).S.
Development of skills necessary for understanding of genre, concepts of literary structure, language, and criticism through examination of selected works. Prerequisite: SNH 2005. Required for majors.

**SNH 2500. Independent Study** (1–3).F;S. On Demand.

**SNH 3015. Selections of Spanish Literature I** (3).F.
A study of the works of representative Spanish authors from the Middle Ages to the present. Prerequisite: SNH 2025. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

**SNH 3025. Selections of Spanish American Literature** (3).S.
A study of the works of representative Spanish American authors from the Precolumbian period to the present. Prerequisite: SNH 2025. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES/LITERATURE)

**SNH 3035. Spanish Phonetics and Diction** (3).S.
A study of the sound system in Spanish, the phonetic alphabet and its use. Oral practice. Prerequisite: SNH 2010 or consent of the advisor. Laboratory work required. Required for majors.

**SNH 3050. Culture and Civilization of Spain** (3).F.
A description of historical events, currents of thought, and artistic trends which have significantly contributed to the shaping of a Spanish vision and practice of life. Prerequisites: SNH 2005 and SNH 2010, or consent of the advisor. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES)

**SNH 3055. Culture and Civilization of Spanish America** (3).S.
A description of historical events, currents of thought, artistic trends, aboriginal and European inheritance, and other factors which significantly contributed to the shaping of a Spanish-American vision and practice of life. Prerequisites: SNH 2005 and SNH 2010, or consent of the advisor. (MULTI-CULTURAL; WRITING) (CORE: HUMANITIES)

**SNH 3080. Advanced Grammar and Composition** (3).F.
Intensive study of the various types of expository writing with emphasis on the morphology and idiomatic expressions of Spanish. Prerequisites: SNH 2005 and SNH 2010, or consent of the advisor. Required for majors. (WRITING)
SNH 3500. Independent Study (1–3).F;S. On Demand.

A study of major works, authors, genres, or literary movements in literature of the Spanish-speaking world (Iberian, Latin American, South American, or US Hispanic). Enrollment is by invitation of the department, or by application.

SNH 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

SNH 4001. Hispanic Children's and Adolescent Literature (3).F.
Critical readings of literary works in different genres written for children and adolescents. Study of the evolution and theory of children's and adolescent literature in Latin America and Spain. Special focus on the cultural background, cross-cultural ties, and pedagogy of children's and adolescent literature. Prerequisites: senior standing and SNH 3080, or consent of the instructor. [Dual-listed with SNH 5001.]

SNH 4003. Hispanic Short Fiction (3).S.
A study of the short story in Hispanic literature, which will examine the genre from a cultural and literary perspective. Readings and commentary of selected short stories, especially by women and ethnic authors, will trace the history of the genre and explore its main themes. Primary sources will be complemented by literary historical and critical readings. Prerequisites: senior standing and SNH 3080, or consent of the instructor. [Dual-listed with SNH 5003.]

SNH 4063. Hispanic Life-Ways (3).F.
An overview of present-day Spain and Spanish America through a thematic approach to such topics as geography, demography, national festivals, lifestyles and cultural patterns. Examination of the contributions of Spain and Spanish America and their influence on the United States. Prerequisites: junior or senior standing and SNH 2010. (MULTI-CULTURAL; WRITING)

SNH 4075. Advanced Conversation (3).S.
Development of skills necessary to express ideas fluently on contemporary, cultural, literary, and professional issues. Prerequisites: junior or senior standing and SNH 2010 or consent of the advisor. Required for majors. (SPEAKING)

Focus on various types of business correspondence, with emphasis on current, specialized vocabulary pertinent to trade and business. Prerequisites: junior or senior standing and SNH 2010 or consent of the advisor.

SNH 4510. Senior Honors Thesis (3).F;S.
Independent study and research. Honors thesis directed by a member of the Spanish faculty in the Department of Foreign Languages and Literatures and graded by a departmental committee. Oral presentation. Prerequisites: completion of FL 2510 and SNH 3510 with at least a "B" average.

SNH 4555. History of the Spanish Language (3).S.
Study of the evolution of the Spanish language, with particular emphasis on the history of standardized Spanish and the development of regional variations of spoken Spanish. The approach takes into account the social, cultural, and political factors that have contributed to linguistic change and have shaped the complex fabric of historical and contemporary varieties of Spanish. Prerequisites: senior standing and SNH 3035, or consent of the instructor. [Dual-listed with SNH 5555.]

An advanced language course where students will have the opportunity to perfect their mastery of the spoken and written language. Students will explore different writing genres and model their work on the literary and cultural narratives written by experienced Spanish writers, and will be provided with the necessary tools to develop their oral language skills. Prerequisites: senior or graduate standing and SNH 3080, or consent of the instructor. (WRITING) [Dual-listed with SNH 5565.]
The major objectives of the Department of Geography and Planning are to:

1. Promote the understanding of the spatial dimensions of human behavior within the physical and cultural systems of the earth and the role of planning in achieving improvement in those systems
2. Offer a well-balanced curriculum which will aid students in finding productive places in society
3. Maintain a faculty and staff dedicated to teaching, scientific research, and community and regional service

All majors in the Department of Geography and Planning require a minimum of 122 semester hours for the degree. Social Science teaching licensure with a geography concentration requires 123 semester hours. A minor is required for the Bachelor of Arts degree.

In addition to the core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in Geography (242A/45.0701) requires GHY 1010 and GHY 1020 or GHY 1040 as prerequisites. The degree consists of 42 semester hours of geography and planning above the 1999 level. Required courses include GHY 2310, GHY 2812, GHY 3800, GHY 4830, plus PLN 2410; and 27 s.h. of geography electives including 3 s.h. each from geographic methods, physical geography, human geography, and regional geography, plus 15 s.h. of geographic electives which must include a minimum of 9 s.h. in 3000 or 4000 level geography courses; a maximum of 6 s.h. in 3000 or 4000 level planning courses may be applied to the geographic electives. An appropriate foreign language is also required. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in geography.

The Bachelor of Science degree in Geography (without teacher licensure) (241*/45.0701) requires GHY 1010 and GHY 1020 or GHY 1040 as prerequisites. Required courses include GHY 2310, GHY 2812, GHY 3800, GHY 4830, and PLN 2410.

One of the following concentrations is also required:

1. General Geography concentration (241C) requires 27 semester hours of geography electives including 3 s.h. each from geographic methods, physical geography, human geography, and regional geography. The additional 15 s.h. of geographic electives must include a minimum of 9 s.h. in 3000 or 4000 level geography courses; a maximum of 6 s.h. in 3000 or 4000 level planning courses may be applied to the geographic electives. In addition, the student must take 5-6 s.h. of approved courses in statistics and/or computer applications and a minimum of 15 s.h. in approved ancillary courses.

2. Geographic Information Systems (GIS) concentration (241D) requires an additional 21 semester hours of courses including GHY 3310, GHY 3812, GHY 4810, GHY 4812, GHY 4814, and GHY 4900 (6 s.h.). Students take 24 s.h. of geographic electives including 3 s.h. each from physical geography, human geography, and regional geography. The additional 15 s.h. of geographic electives must include a minimum of 9 s.h. in 3000 or 4000 level geography courses; a maximum of 6 s.h. in 3000 or 4000 level planning courses may be applied to the geographic electives. In addition, the student must take 3 s.h. of approved courses in computer applications.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Geography (291D)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see the Reich College of Education), and electives (if needed) to reach the required minimum of 123 semester hours. The required Social Science core courses are ANT 1215(MC) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A student majoring in social sciences education should select MAT 1010(CD,ND,C) to satisfy the core curriculum mathematics requirement. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in Geography (291D)[T] for the social sciences education degree requires six semester hours of regional geography courses and nine additional hours of geography chosen in consultation with the geography advisor.

The Bachelor of Science degree in Community and Regional Planning (218A/04.0301) requires GHY 1010 and GHY 1020 or GHY 1040 as prerequisites. The degree consists of a minimum of 59 semester hours. Required courses include GHY 2310, GHY 3310; PLN 2410, PLN 2812, PLN 3431, PLN 3730, PLN 3800, PLN 4700, PLN 4830, and PLN 4900 (6 s.h.); plus 21 s.h. of approved interdisciplinary and elective courses.
A minor in Geography (242/45.0701) consists of 18 semester hours, including any geography courses used as core curriculum requirements and at least three hours in regional courses.

A minor in Community and Regional Planning (218/04.0301) consists of 20 semester hours including PLN 2410, PLN 3431 and PLN 3730, and nine hours chosen from among the non-planning courses listed as required or electives within the major of the planning program or other appropriate courses selected with the approval of the advisor of the planning program.

Honors Program in Geography
The Department of Geography and Planning offers honors courses on all undergraduate levels, which are open to students who have distinguished themselves. Honors courses carry full credit toward the majors in geography and planning, or for non-majors full elective credit. Subject to the recommendations of the departmental honors committee, a student will be considered for graduation with “honors in geography” upon successful completion of at least one semester of honors work in a designated freshman/sophomore level honors course (GHY 1510, GHY 1515, and PLN 2510); one junior level honors course (GHY 3510) which may be taken twice, earning repetitive credit; and the Senior Honors Thesis (GHY 4510). Those students meeting these requirements with the grade of "A" will be considered for graduation with “highest honors in geography.”

Undergraduate Certificate in Geographic Information Systems (GIS) (140A/45.0701)
The undergraduate certificate in Geographic Information Systems (GIS) requires the following 12 semester hours: GHY 2812, GHY 3812, GHY 4812, and GHY 4814. (A cumulative GPA of 2.5 or higher in those four courses is required for the undergraduate certificate.) If a student has proficiency in one of the required courses, and is exempted by the geography advisor, one of the following courses may be substituted to satisfy the course requirements for the GIS undergraduate certificate: GHY 2310, GHY 3310, GHY 3820, GHY 4810, or GHY 4900.

The Department of Geography and Planning offers a Master of Arts degree in geography. Persons interested in this degree program are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Geography and Planning (GHY, PLN)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

GEOGRAPHY HONORS (GHY)

GHY 1510. Freshman Honors Physical Geography (3).F.
A comprehensive study of our physical earth emphasizing the distributional patterns and inter-relatedness of its land, soils, natural vegetation and habitat, and weather and climate. Examinations of environmental issues including hazardous waste, acid rains, deforestation, and air and water pollution. (CORE: SOCIAL SCIENCES). Enrollment by invitation or prior honors standing.
For enrollees, this course will substitute for GHY 1010.

GHY 1515. Freshman Honors World Regional Geography (3).S.
The study of our contemporary world as defined by its major regions. Examination of major global issues including population problems, technology and cultural change, rural versus urban development, local/global development tendencies, political integrity, and internal/international conflict. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES). Enrollment by invitation or prior honors standing.
For enrollees, this course substitute for GHY 1020.

GHY 3510. Advanced Honors Seminar in Geography (3).S.
Seminar on selected geographic topics. Enrollment by invitation of the Department or by application. Barring repetitive content, qualified students may repeat course once. For enrollees, this course may substitute for the appropriate Geography elective.

GHY 4510. Senior Honors Thesis (1-4).F;S.
Independent study and research for an end product, the honors thesis; directed by a member of the geography department, supported by two additional faculty/readers, in all constituting the senior thesis committee. Prerequisite: completion of an approved honors sequence, including GHY 3510. Enrollment by qualified applicants only. For enrollees, this course may substitute for a Geography & Planning free elective or other course as agreed upon by the Geography & Planning Honors Advisor.

GEOGRAPHY (GHY)

GHY 1010. Introduction to Physical Geography (3).F;S.
A comprehensive study of our physical earth emphasizing the distributional patterns and inter-relatedness of its land, soils, natural vegetation and habitat, and weather and climate. Examinations of environmental issues including hazardous wastes, acid rains,
floods, droughts, deforestation and air pollution. (CORE: SOCIAL SCIENCES)

**GHY 1020. World Regional Geography** (3).F;S.
The study of our contemporary world divided into the regions of North America, Central and South America, Africa, the Middle East, Europe, the Russian Realm, and South, East and Southeast Asia. Examination of global issues including population problems, technology and culture change, rural versus urban development, resource exportation and international trade, political identity and international conflict. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

**GHY 1040. Introduction to Human Geography** (3).F.
This course examines the spatial patterns of human society. By focusing on the description and analysis of the spatial dimensions of human language, economy, religion and government, this course is a celebration of human diversity. Lectures, readings, films, slides, writing exercises, map quizzes and class discussions will help the student to understand and appreciate the geography of the human mosaic. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

**GHY 2310. Cartographic Design and Analysis** (3).F;S.
An introduction to the relevance of maps, techniques of map interpretation, and map construction. Students will develop a knowledge of basic computer operations, cartographic communication theory, map use, data selection and processing, map design, and computerized map production techniques. Lecture two hours, laboratory two hours. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**GHY 2500. Independent Study** (1–4).F;S.

**GHY 2812. Geospatial Data and Technology** (3).F;S.
An introduction to geospatial data and technology used by geographers, planners and others. This includes the collection, management and output of geospatial data. Topics include computing fundamentals, Geographic Information Systems (GIS), Global Positioning System (GPS), remote sensing, and database management systems. Lecture two hours, laboratory two hours. (Same as PLN 2812.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**GHY 3011. Europe and the Russian Realm** (3).S.
A study of this region’s contemporary geographic condition. Emphasis on resource development, superregional cooperation, environmental problems, industrial shifts, marketing and international trade, relations with the United States, and the potential for internal and international political stress. (MULTI-CULTURAL; WRITING)

**GHY 3012. U.S. and Canada** (3).S.
A survey of the physical, demographic, economic, and political patterns in the United States and Canada, with a focus on characteristics of regions. Students will examine historical and contemporary factors contributing to the geographic diversity and interdependence of the two countries. (WRITING)

**GHY 3013. North Carolina** (3).S.
The study of contemporary conditions and problems of land and people in a southern state. Topics include: economic development and potential for change, population mobility, urbanization, and the impact of development in rural and environmentally fragile areas, regional impact of changing life styles, national and international interdependence. Recommended for future North Carolina teachers, public administrators and business leaders.

**GHY 3014. Geography of Latin America** (3).F.
This course stresses the diversity of physical environments, cultural traditions, and economic activities within Latin America and places special emphasis on the unique approaches that geographers bring to the study of this region. This course develops understanding of spatial patterns in Latin America through current readings, class discussions, lectures, slides, and videos. (MULTI-CULTURAL)

**GHY 3015. The Geography of Asia** (3).F.
An introductory survey of the region. Emphasis is placed on the geographical patterns and the similarities and differences in physical and cultural environments, population growth, mobility and urbanization; natural resource location and exploitation; economic growth and international linkages; the environmental implications of development; and political stability and change. (MULTI-CULTURAL; WRITING)

**GHY 3100. Weather and Climate** (3).S.
This course focuses on the basic principles, elements, and controls of meteorology and climatology. The primary objectives are to familiarize the student with major components of the earth’s atmosphere, to enhance the student’s understanding of the spatial distribution of meteorological elements, and to demonstrate the interactions between human activities and atmospheric elements. Prerequisite: GHY 1010 or permission of the instructor.
GHY 3110. Vegetation, Soils, and Landforms (3).F.
A systematic analysis of the spatial characteristics of vegetation, soils, and landforms especially as they interact in the North American realm. Consideration is given to the processes affecting the ecosystem and their relation to people's activities. Lecture two hours, laboratory two hours. Several extensive field trips are taken. Prerequisite: GHY 1010, or permission of the instructor.

GHY 3130. Geography of Biodiversity (3).S.
The study of past and present geographic patterns of biodiversity. The course focuses on the living environment, emphasizing the physical and ecological conditions and processes that influence the distributions of organisms, communities, and ecosystems. Topics include past climates and continental configurations, dispersal and invasion, patterns of speciation and extinction, biodiversity, and application of biogeographic concepts of environmental conservation.

GHY 3200. Geographic Perspectives on Human Behavior (3).S.
An approach to understanding the ways in which people perceive, behave in and structure their geographical environment. The course emphasizes variations in spatial behavior such as the uses of personal spaces and social territories, choosing locations for social activities, migration, and diffusion of ideas and innovations across geographical space and regional organization. Solutions to contemporary problems are stressed.

GHY 3210. Economic Geography (3).S.
The geographic analysis of world economic systems, regions and patterns, as affected by interrelationships between both human and physical variables. Emphasis will be equally divided between theoretical and real-world patterns. Specific subjects of study include agriculture, manufacturing, services, transportation, urban/rural relationships, international markets and trade, and cultural differences in economic patterns. Recommended for business majors and required for geography majors. Prerequisite: one introductory course in either geography or economics. (MULTI-CULTURAL; WRITING)

GHY 3310. Environmental Remote Sensing (3).S.
An introduction to remote sensing technologies used for environmental and geographic analysis. Topics include aerial photo interpretation, satellite sensors, analysis of satellite imagery, thermal and radar sensors, and applications of remote sensing technology for vegetation, hydrology, landform, settlement, and economic development studies. Lecture two hours, laboratory two hours.

GHY 3320. Environmental Issues in Appalachia (3).F. Alternate years.
This course offers a systematic study of the physical and cultural setting of Appalachia. Topics include weather and climate, landforms, soils, vegetation, population, settlement and resource use. Emphasis is placed on the various interactions between people and their environment (e.g. air and water pollution, accelerated erosion, landslides). Field trips will be taken. (SPEAKING)

GHY 3500. Independent Study (1–4).F;S.

GHY 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

GHY 3800. Introduction to Quantitative Methods (3).F;S.
This course will introduce students to a suite of statistical methods used to address research and applied problems in the fields of geography and planning. The course will include discussions of geographic data, sampling techniques, probability theory, parametric/non-parametric techniques in hypothesis testing, and introductory spatial statistics. Classes will address conceptual and theoretical aspects of each technique in conjunction with manual and software-based analyses of geographic data. (Same as PLN 3800.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GHY 3812. Introduction to GIS (3).F;S.
Theory, process and application of computer assisted cartography and geographic information systems. Emphasis on project work to maximize experience with computer mapping principles, hardware and software. Lecture two hours, laboratory two hours. Prerequisites: GHY 2310 and GHY 2812 or their equivalents. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GHY 3820. GIS for the Environmental and Social Sciences (3).F.
The application of geographic information science (GIS) to the environmental and social sciences. Topics include geospatial data, coordinate systems, cartographic design, remote sensing, and spatial analysis. Lab exercises complement classroom lecture and discussion. An independent project will allow students to apply GIS concepts and skills to a research topic in their discipline. (COMPUTER)
**GHY 4200. Urban Geography** (3).F.
Spatial organization of human activity focusing on the evolution and organization of city systems, the internal structure of urban areas, and urban problems, policies and planning with emphasis on problem solving and field work. The course is applied in nature and recommended for majors in social studies, business, and planning.

**GHY 4230. Political Geography** (3). On Demand.
Spatial aspects of territoriality, boundaries, voting patterns, government programs, formation of political units, political development and integration, and environmental policy.

**GHY 4240. Transportation Geography and Planning** (3).F.
This course examines the link between land use and the way people travel. Students will have the opportunity to study metropolitan evolution, historical trends in transportation, and the combined effect of the two. Additional study explores the many facets of travel (foot, bike, transit, automobile) and specific land use planning practices that attempt to offer more choices for transportation and land use. (Same as PLN 4240.) [Dual-listed with GHY 5240.]

**GHY 4620. Synoptic and Regional Climatology** (3).F. Alternate years.
This course focuses on atmospheric controls and processes at the synoptic scale. Basic meteorological elements and concepts such as jet streams, long-range forecasting, cyclogenesis, and vorticity are discussed. Local and regional climatic patterns and anomalies are examined with respect to the dynamics of the large-scale circulation features of the atmosphere. Prerequisite: GHY 3100 or permission of the instructor. [Dual-listed with GHY 5620.]

**GHY 4810. Digital Image Processing** (3).F.
Course focuses on acquisition of digital images, image processing, image enhancement techniques for interpretation, and applications of remote sensing technology. Lecture two hours, laboratory two hours. Prerequisites: GHY 2812, GHY 3310 or permission of the instructor. (NUMERICAL DATA; COMPUTER) [Dual-listed with GHY 5810.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**GHY 4812. Advanced GIS** (3).F;S.
GIS is a wide ranging topic encompassing five distinct functions within a total system context. These functions are: 1) data input, 2) data storage, 3) data management, 4) data manipulation and analysis, and 5) data output. Emphasis will be placed on the applications frequently found in geography and planning. This course is project oriented to give the student maximum experience in each of the functions of a GIS and to allow the student to associate the technical areas of GIS with real-world scenarios. Lecture two hours, laboratory two hours. Prerequisite: GHY 3812 or equivalent experience required. (NUMERICAL DATA; COMPUTER) [Dual-listed with GHY 5812.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**GHY 4814. Principles of GeoComputation** (3).S.
GeoComputation is spatial analysis with or without a geographic information system (GIS). The increasing power of computational environments enables the creation of new methods for analyzing geographic data. This course will include principles of GeoComputations, GIS programming, and linking GIS with environmental models. Lecture two hours, laboratory two hours. Prerequisite: GHY 3812 or permission of the instructor. [Dual-listed with GHY 5814.]

**GHY 4820. Geographical Hydrology** (3).S.
The study of the occurrence and movement of water on the earth, with a focus on applications of surface hydrology. Water movement through the hydrologic cycle, flood analysis, and water use/water policy are emphasized. Prerequisites: GHY 1010, GHY 3100, GHY 3110 or with permission of the instructor. [Dual-listed with GHY 5820.]

**GHY 4830. Senior Seminar** (3).F;S.
This course provides a capstone experience, bringing together a variety of geography and planning skills, abilities and knowledge. It integrates academic concepts with real-world experience and helps the student advance from the undergraduate academic environment to a geography career and/or to graduate study. (Same as PLN 4830.) (WRITING; SPEAKING)

**GHY 4900. Internship in Geography and Planning** (3–12).F;S.
The internship emphasizes field work in the areas of locational analysis, environmental assessment and impact, and/or land use planning and is conducted jointly with an appropriate public or private agency. The type of internship, location of field experience, and sponsoring agency must be satisfactory to the student and to the department. A research paper is required. Graded on an S/U basis.
PLN 2510. Sophomore Honors Town, City and Regional Planning (3).F.
This course provides an introduction to community and regional planning both as method, and as a topic of theoretical inquiry. Discussions include the planning process; social, political, economic, legal, and administrative perspectives related to planning; the relationship between planning and interactions of human occupants with the physical environment; and processes, concepts and theories that help to interpret cultural and physical patterns on the landscape. An important part of this course describes how planning as a discipline helps to build a variety of cross-disciplinary bridges that address contemporary urban and regional problems and issues in America. Field trips are expected. (CORE: SOCIAL SCIENCES). Enrollment by invitation or prior honors standing. For enrollees, this course will substitute for PLN 2410.

PLN 2410. Town, City and Regional Planning (3).F;S.
Introduction to the principles, philosophies, processes, and theories of planning. Emphasis is placed on planning approaches to the solution of contemporary regional, urban, and environmental problems. Students may choose to participate in field trips. (CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

PLN 2500. Independent Study (1–4).F;S.

PLN 2812. Geospatial Data and Technology (3).F;S.
An introduction to geospatial data and technology used by geographers, planners and others. This includes the collection, management and output of geospatial data. Topics include computing fundamentals, Geographic Information Systems (GIS), Global Positioning System (GPS), remote sensing, and database management systems. Lecture two hours, laboratory two hours. (Same as GHY 2812.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PLN 3431. Planning Techniques (5).F.
The student gains insight into the research phase of the planning process, becomes acquainted with a variety of planning applications and has opportunities to develop skills and abilities relating to the preparation of planning studies and community plans. Students may participate in field trips. Lecture two hours, laboratory six hours. (NUMERICAL DATA; COMPUTER; SPEAKING; WRITING) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PLN 3500. Independent Study (1–4).F;S.

PLN 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

PLN 3730. Land Use Regulations (3).S.
The study of zoning, subdivision, and other land use controls with particular reference to North Carolina applications. Also includes the role of planners in the implementation phase of the planning process, planning ethics, public meetings, and the legal framework of land use controls.

PLN 3800. Introduction to Quantitative Methods (3).F;S.
This course will introduce students to a suite of statistical methods used to address research and applied problems in the fields of geography and planning. The course will include discussions of geographic data, sampling techniques, probability theory, parametric/non-parametric techniques in hypothesis testing, and introductory spatial statistics. Classes will address conceptual and theoretical aspects of each technique in conjunction with manual and software-based analyses of geographic data. (Same as GHY 3800.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PLN 4240. Transportation Geography and Planning (3).F.
This course examines the link between land use and the way people travel. Students will have the opportunity to study metropolitan evolution, historical trends in transportation, and the combined effect of the two. Additional study explores the many facets of travel (foot, bike, transit, automobile) and specific land use planning practices that attempt to offer more choices for transportation and land use. (Same as GHY 4240.)

PLN 4425. Task-Oriented Group Facilitation Methods (3).S.
Develop leadership and group facilitation skills through hands-on instruction that demonstrates how to conduct focused conversations,
lead workshops, and accomplish action planning. Application opportunities using these skills include community development, organizational planning, education, government, and other occasions when people want to actively participate in the creation of their own futures. (Same as COM 4425.) (SPEAKING)

**PLN 4450. Planning for Sustainable Communities (3).S**
This course familiarizes students with the opportunities and challenges of sustainable development in the context of community experience and civic life in the U.S. Emphasis is placed on linking collective behaviors; the social, ecological, and economic impacts of those behaviors; and strategies for increasing sustainability at the community scale. [Dual-listed with PLN 5450.]

**PLN 4460. Environmental Policy and Planning (3).SS. On Demand.**
This course familiarizes students with the philosophical, legal, and institutional foundations of environmental policy and planning in the United States. Students will have the opportunity to study policies and planning tools for federal, state, and local agencies. [Dual-listed with PLN 5460.]

**PLN 4470. Community Development (3).F.**
This course introduces students to conventional and alternative approaches to community development. Students will have the opportunity to study aims and strategies employed by community development professionals, activists, and community members in urban and rural settings. Topics for reading and discussion include: poverty and race, affordable housing, economic revitalization, environmental justice, and public participation in planning. [Dual-listed with PLN 5470.]

**PLN 4700. Project Management (3).S.**
Simulated experiences involving complex procedures and methods pertinent to planning projects. The student will have opportunities to develop and utilize various project management skills and abilities, to include preparation of a community development proposal for external funding. Open to geography, planning, political science, real estate and leisure studies majors; others by permission of the instructor. Lecture two hours, laboratory two hours. (SPEAKING; WRITING) [Dual-listed with PLN 5700.]

**PLN 4830. Senior Seminar (3).S.**
This course provides a capstone experience, bringing together a variety of planning and geography skills, abilities and knowledge. It integrates academic concepts with real-world experience and helps the student advance from the undergraduate academic environment to a planning career and/or to graduate study. (Same as GHY 4830.) (WRITING; SPEAKING)

**PLN 4900. Internship in Geography and Planning (3–12).F;S.**
The internship emphasizes field work in the areas of locational analysis, environmental assessment and impact, and/or land use planning and is conducted jointly with an appropriate public or private agency. The type of internship, location of field experience, and sponsoring agency must be satisfactory to the student and to the department. A research paper is required. Graded on an S/U basis.
The fundamental purpose of the Department of Geology is to promote a scientific understanding of earth systems - an awareness essential to an environmentally sound and sustainable future for the human race. The specific purposes of the Department of Geology are:

1. To provide all students with the opportunity to learn about the nature of science and basic scientific principles through the study of geology
2. To introduce students to the many ways in which geology is interwoven into the fabric of modern civilization
3. To provide students with an understanding of the interrelationships of the basic parts of Earth Systems
4. To provide students who seek a career in geology with the sound background for productive work in the profession and in graduate studies
5. To provide present and future teachers with the knowledge and methods necessary for competent instruction in the earth and environmental sciences
6. To provide members of the public with the opportunity to gain a better understanding of the Earth Systems of which they are a part

All majors in geology require a minimum of 122 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

A major in geology leading to either the Bachelor of Arts degree or the Bachelor of Science (non-teaching) degree is appropriate for those students who intend to pursue graduate studies in Geology. The Bachelor of Science (non-teaching) degree is recommended for students who seek a career at the Bachelor degree level. The programs consist of the following, in addition to general requirements for B.A. and B.S. (non-teaching) degrees in this college as stated elsewhere in this catalog.

The Bachelor of Arts Degree in Geology (244A/40.0601)

Students pursuing the B.A. degree in Geology (non-teaching) must complete a minimum of 34 semester hours of geology courses above the 1000 level. Required courses include GLY 2215, GLY 2735, GLY 3150, GLY 3215, GLY 3715, GLY 3800, GLY 4024, GLY 4210, and GLY 4620 or GLY 4703, or both GLY 4501 and GLY 4510, and an approved six semester hour geology summer field course. In addition, students must complete the following cognate courses: MAT 1110, MAT 1120; CHE 1101, CHE 1110, CHE 1110, CHE 1120, CHE 1120; PHY 1150 and PHY 1151. Additional courses include another course in mathematics or computer science, six semester hours of a foreign language at the intermediate or higher level, and enough courses (12-20 s.h.) to satisfy requirements in a minor.

A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in geology.

During the senior year, the B.A. in Geology student must take and achieve a satisfactory score on a comprehensive examination covering theoretical and practical aspects of areas of geology. Students who are unsuccessful on any portion or all of the examination may retake the appropriate portion(s) up to two additional times before graduation.

The Bachelor of Science Degree in Geology (244A/40.0601)

Students pursuing the B.S. degree in Geology (non-teaching) must complete a minimum of 34 semester hours of geology courses above the 1000 level. Required courses include GLY 2215, GLY 2735, GLY 3150, GLY 3215, GLY 3715, GLY 3800, GLY 4024, GLY 4210, and GLY 4620 or GLY 4703, or both GLY 4501 and GLY 4510, and an approved six semester hour geology summer field course. In addition, students must complete the following cognate courses: MAT 1110, MAT 1120; CHE 1101, CHE 1110, CHE 1110, CHE 1120, CHE 1120; PHY 1150 and PHY 1151. Additional courses include another course in mathematics or computer science, six semester hours of a foreign language at the intermediate or higher level, and enough courses (12-20 s.h.) to satisfy requirements in a minor.

During the senior year, the B.S. in Geology student must take and achieve a satisfactory score on a comprehensive examination covering theoretical and practical aspects of areas of geology. Students who are unsuccessful on any portion or all of the examination may retake the appropriate portion(s) up to two additional times before graduation.

The Bachelor of Science degree in Geology (non-teaching) (259*/40.0601) with a concentration in Environmental Geology (259C) will provide a background for students who seek a career or graduate work in which they apply geological principles to the solution of environmental problems. This 122 semester hour degree consists of a minimum of 35 semester hours of geology courses, and supporting courses in biology, chemistry, geography, mathematics, physics, social sciences, and business. Required
courses include: GLY 1101 (or GLY 1510), GLY 1102 (or GLY 1511), GLY 2215, GLY 2735, GLY 3150, GLY 3703, GLY 4620, GLY 4703; six semester hours of electives to be selected from GLY 3215, GLY 3333, GLY 3480, GLY 3715, and GLY 3800; and also the required courses, MAT 1110; BIO 1110; CS 1440 and a three s.h. advisor-approved, computer-intensive course; CHE 1101, CHE 1110 and CHE 1102, CHE 1120; PHY 1103; ECO 2030; LAW 2150; GHY 3100 and GHY 4820; PS 2130; STT 2810; either GHY 2310 and GHY 3812 or FIN 3010 and MGT 3010; and three hours of non-geology environmental electives. General requirements for the B.S. (non-teaching) degree in this college, as stated elsewhere in this catalog, must also be met.

During the senior year, the B.S. in Geology with an Environmental Geology concentration student must take and achieve a satisfactory score on a comprehensive examination covering theoretical and practical aspects of areas of geology. Students who are unsuccessful on any portion or all of the examination may retake the appropriate portion(s) up to two additional times before graduation.

The Bachelor of Science degree in Geology (non-teaching) (259*/40.0601) with a concentration in Paleontology (259D) will provide a background for students who seek graduate work in various fields of paleontology, paleobiology or the oil and gas industry. Students pursuing this concentration must complete a minimum of 33 semester hours of geology courses above the 1000 level. Required courses include: GLY 1101 (or GLY 1510), GLY 1102 (or GLY 1511), GLY 2215, GLY 2735, GLY 3150, GLY 3215, GLY 3800, GLY 4024, GLY 4210, and an approved six semester hour geology summer field course. The biological component of this degree program consists of 18 semester hours of biology courses including BIO 1110, and either BIO 2000 or BIO 2001, plus an additional 10 s.h. of biology courses at the 2000-4000 level. The student will work with an advisor to determine the courses taken, but the following BIO courses are specifically not allowed: BIO 2800, BIO 3318, BIO 3520, BIO 4550 and BIO 4563. In addition, students must complete the following cognate courses: MAT 1110, MAT 1120; CHE 1101, CHE 1110, CHE 1102, CHE 1120; PHY 1103 and PHY 1104. Additional courses (as specified on the degree check sheet) include six semester hours of computer science, GIS or statistics.

During the senior, the B.S. in Geology with a Paleontology concentration student must take and achieve a satisfactory grade on a comprehensive examination covering theoretical and practical aspects of geology. Students who are unsuccessful on any portion or all of the examination may retake the appropriate portion(s) up to two additional times before graduation.

The Bachelor of Science degree in Geology, Secondary Education (243A/13.1399) [T] (with teacher licensure) requires GLY 1101 (or GLY 1510), GLY 1102 (or GLY 1511), GLY 1103, GLY 2215, GLY 3333, GLY 3480, three semester hours of geology electives, two semester hours of GLY 3520 (one hour of instructional assistance in two of the following: GLY 1101, GLY 1102, GLY 1103 and one semester hour of GLY 3521). Also required are GHY 3100; BIO 1110 or BIO 1101 and BIO 1102; AST 1001 and AST 1002; MAT 1110; at least 12 semester hours selected from CHE 1101, CHE 1110 and CHE 1102, CHE 1120, PHY 1103 and PHY 1104; and GS 4403; RE 4630 (minimum grade of “C” required in GS 4403 and RE 4630). This program also provides an endorsement in physical science. In order to obtain a secondary science endorsement, a total of at least 12 semester hours must be taken in either physics or chemistry or biology. Each additional science endorsement requires at least 12 semester hours of course work in a specific science area. For information on the professional education requirements for secondary education licensures, see the Department of Curriculum and Instruction.

During the senior year, the B.S. in Geology Teaching Licensure degree student must take the Praxis II subject area exam: Earth/Space Science (#0570) portion. The score should be reported to Appalachian State University.

A minor in Geology (244/40.0601) will consist of 17 semester hours of geology, including GLY 1101 and GLY 1102. In addition, GLY 2215 is required, plus six semester hours of additional geology courses at the 2000-level or above (excluding GLY 3520).

Courses of Instruction in Geology (GSG, GLY)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.
(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

GENERAL SCIENCE GEOLOGY (GSG)

GSG 1030. Contemporary Geology (2). F: S.
A course in a sequential series of four science mini-courses. (EACH MINI-COURSE LASTS FOR ONE- HALF SEMESTER. STUDENTS SHOULD BE ADVISED TO REGISTER FOR TWO MINI-COURSES IN ONE SEMESTER TO TOTAL FOUR SEMESTER HOURS.) The course will introduce students to selected fundamental principles and concepts of geology discussed and developed in the context of science topics of concern or interest in modern society. Prerequisites: GSP 1010 or GSA 1010 and GSC 1020. Corequisite: GSB 1040. Contemporary Biology. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
GEOLOGY (GLY)

GLY 1101. Introduction to Physical Geology (4).F;S.
Introduction to the composition, origin, and modification of Earth materials through the study of the Earth's interacting dynamic systems; study and application of the scientific method with reference to the principles of geology as demonstrated through use of case histories and laboratory material. This course, plus either GLY 1102 or GLY 1103 or GLY 1511 will fulfill the core curriculum natural science requirement. Lecture three hours, laboratory two hours. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 1102. Introduction to Historical Geology (4).S.
A study of the historical and biological aspects of the science of Geology -- tectonic models for understanding earth structure and lithospheric history, the physical and paleontological bases for understanding geologic time and dating rocks, biological principles relating to the evolution of organisms revealed in the fossil record, facts and theories of biological evolution, survey of the evolution of organisms through time, the geologic history of North America, and discussion of the scientific aspects of the scientific-religious controversy of Evolution vs. Creationism. Lecture three hours, laboratory two hours. Prerequisite: GLY 1101 (or GLY 1510). (NUMERICAL DATA; Crossover-Disciplinary) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 1103. Introduction to Environmental and Applied Geology (4).S.
A survey of the chemical and physical processes that change the Earth’s crust and surface creating geologic hazards and environmental problems for people; human perturbations of the environment that directly and indirectly affect geological change and human life, such as mining, waste disposal, and agricultural practices; and the principles of origin, distribution, availability, environmental consequences of use, and exploration of the Earth’s mineral and water resources. Lecture three hours, laboratory two hours. Prerequisite: GLY 1101 (or GLY 1510) or consent of the instructor. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

The origin, composition, and modification of the Earth and Earth materials through geologic time. Physical and chemical principles are used to evaluate Earth processes. This course, plus GLY 1511 will fulfill the one year general education natural science requirement. Prerequisite: MAT 1020 or high school equivalent. Enrollment by invitation of the department or by application. Lecture three hours, laboratory two hours. (NUMERICAL DATA; WRITING) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

Geochronology, based on biological and physical principles, and the biological principle of evolution and genetics are used in conjunction with geologic principles to evaluate Earth history and the history of life. Prerequisite: GLY 1510. Enrollment by invitation of the department or by application. Lecture three hours, laboratory two hours. (NUMERICAL DATA; WRITING) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 2215. Earth Materials (4).F.
Earth Materials is designed to introduce the student to both the basic materials that constitute the bulk of the solid earth and the origins of these materials. Topics to be covered include minerals and their properties; mineral identification and classification; ore minerals and their origins; rock identification and classification; the formation of igneous, sedimentary, and metamorphic rocks; and weathering and soil formation as they relate to the origins of sedimentary rocks. A brief discussion of the role of fluids in some earth material processes will be included. Prerequisite: GLY 1101 or GLY 1090. Lecture three hours, laboratory three hours.

GLY 2500. Independent Study (1-4).F;S.

GLY 2735. Preparation of Geologic Reports (3).S.
This course provides instruction in various aspects of data collection and analysis, and the preparation and presentation of oral and written geologic reports. Data collection and mapping in the field is a major component of the course and vigorous hiking is required. Prerequisites: GLY 1101 (or GLY 1510), GLY 1102 (or GLY 1511); and GLY 2215. Open only to Geology majors and minors. Lecture two hours, laboratory three hours. (WRITING; SPEAKING; COMPUTER)

GLY 3150. Principles of Structural Geology and Tectonics (3).F.
The nature, classification, genesis, and quantification of microscopic and mesoscopic geologic structures, plus the history and fundamentals of tectonic theory, are the subjects of this course. Prerequisites: GLY 2215 and GLY 2735. Lecture two hours, laboratory three hours. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
GLY 3215. Introduction to Crystal Chemistry and Optical Mineralogy (3).F.
The course focuses on (1) fundamentals of crystal chemistry as applied to minerals, and (2) theory and use of the transmitted light polarizing microscope in the identification and characterization of minerals. Prerequisites: GLY 2215 or consent of the instructor. Lecture two hours, laboratory three hours. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 3333. Geomorphology (3).F.
This course includes a study of the nature of landforms. Qualitative and quantitative aspects of landform analysis in the field and laboratory using maps and aerial photographs are introduced. Prerequisites: at least six hours of geology courses or consent of the instructor. Lecture two hours, laboratory three hours. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 3480. Introduction to Oceanography (3).F.
A study of physical, chemical, biological, and geological oceanography and their interrelationships. Lecture three hours. Prerequisites: a one year sequence in natural science, e.g., BIO 1101 and BIO 1102, GLY 1080-GLY 1090, GLY 1101-GLY 1102, PHY 1103-PHY 1104, or GSP 1010-GSC 1020- GSG 1030-GSB 1040. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 3500. Independent Study (1–4).F;S.

GLY 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the University level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. (SPEAKING)

GLY 3521. Secondary Science Field Experience (1).F;S.
A supervised experience in the instructional process at the secondary school level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Required of all teacher-licensure candidates in geology.

GLY 3703. Issues in Environmental Geology (3).S.
An in-depth study of critical issues in environmental geology on a regional and global scale. Topics to be covered include: natural hazards, water, mineral and energy resources, and related waste disposal problems under pressures of increasing human population and changing climate. This course will make use of case studies to illustrate specific examples. Lecture three hours. Prerequisite: one year sequence in natural science, e.g., BIO 1101 and BIO 1102; GLY 1101-GLY 1102; PHY 1103-PHY 1104; CHE 1101, CHE 1110 and CHE 1102, CHE 1120; or GSP 1010-GSC 1020-GSG 1030-GSB 1040.

GLY 3715. Petrology and Petrography (3).S.
This course includes a study of the microscopic, mesoscopic, and macroscopic features; the mineralogy, and the chemistry of rocks; and the study of petrogenetic theory. Prerequisites: CHE 1101 and CHE 1110; GLY 2215, GLY 273S, and GLY 3215. Lecture two hours, laboratory three hours. (WRITING)

GLY 3800. Introduction to Stratigraphy and Sedimentology (3).S.
Properties, classification, and depositional models of sedimentary rocks. Principles of collection and interpretation of stratigraphic data; emphasis on field relationships. Prerequisites: GLY 1102 and GLY 2215. Lecture two hours, laboratory three hours.

GLY 4024. Paleontology and Historical Geology (4).F.
Morphology, phylogeny, temporal distribution, and paleoecology of fossils, with emphasis on invertebrates; interaction of tectonics, sedimentary regimes, and organic evolution in the history of the Earth. Prerequisites: GLY 1102 or GLY 1080, and GLY 3800. Lecture three hours, laboratory three hours. (NUMERICAL DATA; WRITING; CROSS-DISCIPLINARY) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GLY 4210. Geology Seminar (1).S.
Presentation and discussion of current topics, with emphasis on student projects, petrology, and surficial processes. Prerequisite: senior standing geology major.

GLY 4501. Senior Research (1).F.
Initiation of a laboratory or field research project under supervision of a geology faculty member. At least one semester prior to the start of the research project, the student must formally confer with a thesis advisor, submit and have approved a formal research
proposel. Prerequisite: open only to senior geology majors with a minimum GPA of 3.25 in geology courses.

**GLY 4510. Senior Honors Thesis** (3).S.  
Work, under supervision of a geology faculty member, on the project begun in GLY 4501. An oral report on the project will be presented in the spring geology seminar. Minimum of five hours laboratory or field work per week. A written thesis will be presented to the department. A student who completes the thesis with a grade of "B" or better and who graduates with a GPA of 3.5 in geology courses will be graduated with "honors" in geology; with a grade of "A" and a geology GPA of at least 3.7, the student will be graduated with "highest honors" in geology. Prerequisite: GLY 4501; senior geology majors with minimum of 3.25 GPA in geology courses. (WRITING)

The occurrence of groundwater resources; factors governing groundwater movement through aquifers; and an analysis of techniques for measuring a water resource are the focus of this course. Groundwater contamination and remediation methods will be introduced. Prerequisites: at least junior standing and a minimum of six semester hours of geology courses above the 1000 level or permission of the instructor. Lecture three hours, laboratory three hours. (NUMERICAL DATA) [Dual-listed with GLY 5620.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**GLY 4703. Advanced Environmental and Engineering Geology** (4).S.  
Field and laboratory analysis of problems arising from interactions between humans and Earth and application of geologic knowledge to the mitigation of these problems. Prerequisites: GLY 1103, GLY 2215, and GLY 3150. Lecture two hours, field practicum six hours. [Dual-listed with GLY 5703.]

**GLY 4835. Summer Field Geology** (6).SS.  
An intensive five to six week practicum in making geologic maps, measuring sections, and using other field techniques. Prerequisites: GLY 3150, GLY 3715, and GLY 3800. [Dual-listed with GLY 5835.]
The study of history is an essential part of a liberal arts education and provides valuable skills for careers in a wide range of professions, including law, journalism, public service, and business. Embracing a range of topics as broad as the human experience (economics, politics, culture, society, business, war, race and gender), history examines change over time through a series of investigative, analytical and expository techniques that comprise the historical method. The teaching of history focuses on research in sources, analysis and synthesis of evidence, problem solving, critical thinking, and understanding social processes. Accordingly, the skills embodied in historical method have wide application in the world of professional work.

The History Department teaches core curriculum, undergraduate, and graduate courses. The World Civilization sequence provides a basic understanding of human societies for all Appalachian students. In addition, the department offers a broad curriculum in local, national, regional, and world history. It has particular strengths in American, European, Asian, Latin American, and public history. The diversity of offerings discourages parochialism and encourages the history major to develop a sophisticated, comparative approach to human problems. Specialization within the major promotes an appreciation of the depth and complexity of human history. Finally, the discipline of history provides an intellectual challenge as well as a stimulus to the imagination and to analytical thinking.

Undergraduate Advisement Office
Information about history department programs can be obtained from the Undergraduate Advising Coordinator. Please contact the Department of History to find out when the Coordinator is available to assist students with academic scheduling, explain departmental and University requirements, and provide descriptions of new and existing courses and information on career development.

All majors in history require a minimum of 122 semester hours for the degree. Social Science teaching licensure with a history concentration requires 123 semester hours. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in History (254A/54.0101) consists of 36 semester hours in history beyond the core curriculum history requirement, including 33 semester hours of general course work and HIS 4100 (Senior Seminar). The 33 semester hours must be distributed among three geographic areas of study: (1) European history; (2) United States history; (3) non-Western history, including Africa, Asia, Latin America, and the Middle East. Majors are required to take a minimum of 15 semester hours in one of the areas, and a minimum of nine hours in each of the two remaining areas. No more than a total of 15 semester hours from the 2000 level may be included to fulfill these requirements.

History majors seeking the BA degree are also required to acquire proficiency in a foreign language equivalent to courses 1010 through 1050, and to complete a minor in a related discipline. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in history.

The Bachelor of Science degree in History (non-teaching) (246*/54.0101) with a concentration in Applied and Public History (246B) is available to students who seek career preparation in public service fields such as cultural resources management, historic site interpretation, architectural preservation, planning, and cultural journalism. Careers in public history require a thorough grounding in local, social, and cultural history; an understanding of public policy; and performance skills in areas such as planning, preservation and conservation techniques, records management, historic interpretation, and grantsmanship. Students in the Applied and Public History concentration are required to take HIS 4575 (Introduction to Public History). Non-history courses appropriate for this concentration are listed on the Applied and Public History checksheet available in the history department undergraduate advisement office.

The Bachelor of Science degree in History (non-teaching) (246*/54.0101) with a Multidisciplinary concentration (246C) in a history-related career area, consists of an acceptable program of 63 semester hours, including a minimum of 36 semester hours in
History

history, as described for the Bachelor of Arts degree, and a minimum of 27 semester hours in a career-oriented concentration, with courses drawn from various departments and disciplines. Examples of general areas of career-orientation, around one of which the student may design a program, are: business, government service, public history, and other fields related to specific career interests. Career concentrations are designed by students in consultation with a faculty advisor and must be approved by the undergraduate advisement committee.

The Bachelor of Science degree in History, Secondary Education (247A/13.1328) [T] (with teacher licensure) consists of 30 semester hours in history beyond the core curriculum history requirement. In addition to six hours in United States history (HIS 2201, HIS 2204), this degree requires 21 hours of general course work and HIS 4100 (Senior Seminar). The 21 hours of general course work must be distributed among the same geographic areas as described for the BA and BS-non-teaching degrees. Majors are required to take a minimum of nine hours in one area and six hours in two areas. This degree also requires professional education courses, and 21 hours in related social science disciplines. In addition, CI 3100 and RE 4630 are required. Licensure is in both history and social science. For the requirements in teacher education, refer to the Department of Curriculum & Instruction in this catalog.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in History (291E)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(MC) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A student majoring in social sciences education should select MAT 1010(CD,ND,C) to satisfy the core curriculum mathematics requirement. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in History (291E)[T] for the social sciences education degree requires HIS 4100(W,S), plus twelve semester hours in history, at least six semester hours of which must be 3000 level or above.

All BS programs are to be planned in consultation with the undergraduate advisor in the Department of History and are subject to the advisor’s approval. Students are urged to plan their programs as early as possible in their academic careers, but not later than three semesters before anticipated graduation.

Academic Concentration in History
For programs mandating a second academic concentration, the academic concentration in history will consist of 24 hours distributed as follows: HIS 1101, HIS 1102, HIS 2201, HIS 2204, HIS 3728, 6 hours of electives in African, Asian, Latin American, or Middle Eastern History, and 3 hours of electives in United States or European History at the 3000 or 4000 level. Students should consult their academic advisor.

Minor in History (246/54.0101)
The History minor consists of 18 hours beyond the core curriculum requirements; no more than nine of these hours may be from 2000 level courses. Students must take at least one course in each of three areas: Europe, the United States, and the non-western world (Asia, Africa, and Latin America). Consultation with a history advisor is recommended.

Honors Program in History
The department offers honors courses on all undergraduate levels which are open to students who have distinguished themselves. Honors courses carry full credit toward the major or, for non-majors, full elective credit. Subject to the recommendation of the departmental honors committee, a student will be considered for graduation with “honors in history” upon successful completion of at least one semester of honors work in world civilization or American civilization, one junior honors seminar, a senior honors thesis, and an examination. Those meeting these requirements with the grade “A” will be considered for graduation with “highest honors in history.”

Master of Arts Degrees in History
The Department of History offers a Master of Arts degree in History; a Master of Arts degree in History, Education with a concentration in Secondary School Teaching; and a Master of Arts degree in Public History. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in History (HIS)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)
HISTORY HONORS (HIS)

HIS 1510. Freshman Honors World Civilization I (3).F.
Study of topics in world history to 1650. Enrollment by invitation of the department or by application. Substitutes for HIS 1101.
(MULTI-CULTURAL; WRITING) (CORE: SOCIAL SCIENCES)

HIS 1515. Freshman Honors World Civilization II (3).S.
Study of topics in world history since 1650. Enrollment by invitation of the department or by application. Substitutes for HIS 1102.
(MULTI-CULTURAL; WRITING) (CORE: SOCIAL SCIENCES)

HIS 2510. Sophomore Honors Topics in American Civilization to 1876 (3).F.
A study of topics in American history through post Civil War reconstruction. Enrollment by invitation of the department or application. (Major may substitute for HIS 2201.) (WRITING)

HIS 2515. Sophomore Honors Topics in American Civilization Since 1876 (3).S.
A study of topics in American history from the Gilded Age to the contemporary era. Enrollment by invitation of the department or application. (Major may substitute for HIS 2204.) (WRITING)

HIS 3510. Advanced Honors Seminar (3).F;S.
Seminar on a selected historical topic. Enrollment is by invitation of the department, or by application. (WRITING)

HIS 4510. Senior Honors Thesis (1-4).F;S.
Independent study and research for an honors thesis; directed by a member of the history department. Prerequisite: completion of an approved honors sequence, including HIS 3510. Enrollment by qualified applicants only.

HISTORY (HIS)

HIS 1101. World Civilization I (3).F;S.
An introduction to the development of world civilizations from ancient times to 1500. The unique patterns of political, intellectual, economic, and social development of Europe, Asia, and Africa are examined. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

HIS 1102. World Civilization II (3).F;S.
An introduction to the development of world civilizations from 1500 to the present. The development of an increasingly interdependent political, intellectual, economic, and social world is examined. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

HIS 1103. Topics in World Civilization (3).F;S.
Variable content. An examination of selected political and cultural themes in world civilization such as gender and family, war, environment, ethnic identity, and the evolution of global society. Emphasis on analytical skills and comparative history. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

HIS 2101. The World since 1945 (3).F.
A survey of global developments since 1945 in an historical context, including political changes such as the Cold War and the changing balance of power, decolonization and economic dependency in the non-western world; militarism and terrorism; environmental issues such as resource depletion and pollution; and the internationalization of the world.

HIS 2201. Survey of American Civilization to 1876 (3).F;S.
An examination of United States history to 1876, tracing the American experience from the colonial era through the Civil War and Reconstruction.

HIS 2204. Survey of American Civilization since 1876 (3).F;S.
An examination of United States history since 1876 tracing the American experience from the Gilded Age down to the contemporary era.

HIS 2301. History of Colonial Latin America (3).F.
A survey of Latin America from the ancient Indian civilizations to the wars for independence. Topics include the ancient Maya, Aztec, and Inca Indians; the European discovery, conquest, and colonization of the New World; the colonial administration and exploitation of the Americas; and the independence movements which usher in the national period. (MULTI-CULTURAL)

HIS 2302. History of Modern Latin America (3).S.
A survey of Latin America from independence to the present. Topics include the legacy of independence; the rise of the great dictators;
causes of instability and social change; twentieth-century revolutions; and the effects of United States policy in the region. (MULTI-CULTURAL)

HIS 2322. History of Traditional China (3).S. Alternate years.
The main topics of Chinese civilization from its origins up to early modern times are the focus of this course. Topics include, but are not limited to, Confucianism and the tradition of the scholar-bureaucrat; family, ancestors, and agrarian traditions; “civilized” China and “barbarian” neighbors; science and technology. Alternate years with HIS 3326. (MULTI-CULTURAL)

HIS 2334. History of the Classical Islamic World (3).F. Alternate years.
An examination of the historical aspects of culture, religion, technology and politics of the Islamic World from its formation to approximately 1800 AD. Concentrating on the central Islamic lands from Egypt to Iran, the course investigates the development of the fundamental components of Islamic civilization before its encounter with the Western World. Alternate years with HIS 3336. (MULTI-CULTURAL)

HIS 2421. History of Africa to 1850 (3).F.
A survey of pre-colonial Africa, examining such topics as geographical influences, neolithic development, structures of belief, ancient North Africa, Islamic influence, trade, African kingdoms and stateless societies, Bantu and other migrations, the slave trade, and early nineteenth-century changes in several parts of Africa. (MULTI-CULTURAL)

HIS 2422. History of Africa since 1850 (3).S.
A survey which examines such topics as tradition and change in African cultures, the European partition and the African response, colonial systems, the Pan-African movement, the road to independence, and contemporary issues confronting independent Africa. (MULTI-CULTURAL)

HIS 2500. Independent Study (1–3).F;S.

HIS 3122. Ancient Greece (3).F. Alternate years.
A survey of ancient Greek society, culture and learning from the dawn of its beginnings to the achievement of Alexander. Alternate years with HIS 3124.

HIS 3124. Ancient Rome (3).F. Alternate years.
A study of Roman historical, religious, and cultural practices covering the development and decline of the Republic, and the establishment and autocratic character of the Empire. Alternate years with HIS 3122.

HIS 3126. The Middle Ages (3).F.
An examination of selected topics in the development of medieval civilization including such themes as the shape of feudal society, the age of Gregorian reform, the flowering of the 12th century, the 13th century synthesis, and crisis and transition in the 14th century.

HIS 3128. Renaissance and Reformation (3).S.
The meaning of the Renaissance is investigated in terms of humanism and the arts in the fifteenth and sixteenth centuries; the emergence of the Lutheran and Calvinist movements is then studied against this background.

HIS 3130. Early Modern Europe, 1600-1815 (3).F.
This course will focus on the growth of royal and republican governments, the formulation of scientific methodology, the flowering of Baroque and Enlightenment cultures, the major wars and revolutions and the Napoleonic era and its impact.

HIS 3132. Nineteenth Century Europe (3).F. Alternate years.
A survey of Europe, 1815-1914, which examines such themes as romanticism, the industrial revolution, socialism and Marxism, national unification movements, European expansion, the origins of World War I, and major cultural and intellectual developments. Alternate years with HIS 3150. (WRITING)

HIS 3134. Twentieth Century Europe (3).S. Alternate years.
A study of contemporary Europe which examines the impact of total war upon society, modern totalitarian movements such as Fascism and Nazism, European socialism and the Cold War, peace movements and peacemaking, the emergence of a European community, and cultural and social trends, all of which shape a modern European perspective. Alternate years with HIS 3152.

HIS 3138. England and the Angevin Dominions (3).S. Alternate years.
A critical examination of the personalities and events surrounding the making and dissolution of the twelfth century Angevin empire. This course focuses upon the tempestuous Plantagenet family, their lands, their subjects, and their struggles as seen through the
History

eyes of contemporaries and modern scholars. (WRITING)

**HIS 3140. Tudor-Stuart Britain, 1485-1715 (3).F.**
An examination of selected themes and problems beginning with the War of the Roses and extending through the Glorious Revolution of 1688-89. While the focus will be on major personalities--Henry VIII, Mary, Elizabeth I, James I, Charles I, Oliver Cromwell, William & Mary--attention will also be given to social and cultural developments as introduction for the literature of the period. (WRITING)

**HIS 3142. Britain Since 1850: Imperial and Post-Imperial Culture (3).S.**
A survey of modern British history that studies through various historical and literary texts themes that are part of industrial and imperial experience: class structures, gender and racial relations, decline of economic & political power, war as social agent of change, ideas about society, constitutional evolution, distribution of political power. (WRITING)

**HIS 3150. Germany in Europe, 1848-1918 (3).F. Alternate years.**
A study of German history, stressing themes such as Germany’s similarities and differences with its European neighbors; its international diplomatic position, especially its war record; and socioeconomic and cultural developments that have shaped its role, both as actor and object of action by other states. Alternate years with HIS 3132. (WRITING; MULTI-CULTURAL)

**HIS 3152. Germany in Europe, 1918-present (3).S. Alternate years.**
A study of Germany in the twentieth century, stressing the impact of war, National Socialism, Cold War division, and reunification, Socioeconomic changes, cultural developments, and Germany’s role in European and world affairs will also be examined. Alternate years with HIS 3134. (WRITING; MULTI-CULTURAL)

**HIS 3222. Colonial and Revolutionary America (3).F.**
An examination of the formation of American values and institutions through the interaction of european traditions and the American environment; social mobility, economic opportunity, and political democracy; the role of religion; Indian relations; slavery; the causes and consequences of the American Revolution; the Articles of Confederation; the Constitution.

**HIS 3224. Jeffersonian and Jacksonian America (3).S.**
A study of the United States from 1789 to 1845. Topics include the political, social, economic, and ideological divisions of the 1790’s; the triumph of the Jeffersonian party; the War of 1812 and the rise of American nationalism; the meaning of Jacksonian democracy; slavery and race relations; Indian removal; religion and reform; urbanization; the westward movement.

**HIS 3226. Civil War and Reconstruction (3).F.**
A study of the era of national transformation, with emphasis on the sectional conflict and causes of the Civil War, its political and military conduct, its international impact, the abolition of slavery, and the principal political, social and economic aspects of its Reconstruction aftermath.

**HIS 3228. The Gilded Age and Progressive Era (3).F.**
An analysis of the responses of the American people to the rise of the urban-industrial nation. Problems associated with the growth of the city, capital-labor confrontations, social mobility, black-white relations, reform movements, cultural and intellectual affairs, American imperialism, and representative biography are examined.

**HIS 3230. Recent United States History (3).S.**
American history since 1920, with emphasis on domestic social and political developments in the post-1945 period. Organized around the theme of the rise and relative decline of the middle class, major topics include the Cold War, the Civil Rights Movement, the Baby Boom, suburbanization, the rise of rock’n’roll, the Vietnam War, the Counterculture, Watergate, the Energy Crisis, and Reaganism. Course features music and films as well as lectures.

**HIS 3301. Twentieth Century South America (3).F.**
Using a comparative perspective, the course analyzes multiple components of nation-building within individual South American countries in order to explain their relative successes or failures in joining the developed world. Topics include industrial development, immigration, labor organization, democratization, and the role of the state. Emphasis on cultural and economic ties between South America, Europe, and the United States as they relate to imperialism, dependency theory, and the world economy.

**HIS 3303. History of Mexico (3).S.**
Traces the evolution of Mexican society from pre- Columbian times to the present. Topics include the Maya and Aztec civilizations; the Spanish colonial heritage; the nation’s struggle for independence; the tumultuous Mexican Revolution; and problems of economic development in the twentieth century. (WRITING; MULTI-CULTURAL)
HIS 3322. History of Modern China (3).F. Alternate years.
Traces the course of man's longest and largest continuous government and the development of Chinese culture and nationalism which has culminated in the founding of the People's Republic of China, a nation that constitutes one-fourth of the human race. Alternate years with HIS 3324. (WRITING; SPEAKING; MULTI-CULTURAL)

HIS 3324. History of Modern Japan (3).F. Alternate years.
A survey of Japan's political, social and economic development from the late 18th century until the present. Emphasis on how Japan became a modern industrial power in the late 19th and early 20th centuries and how it retained and reinforced its economic position in the post-World War II era. Alternate years with HIS 3322. (MULTI-CULTURAL; WRITING)

HIS 3326. Modern East Asia (3).S. Alternate years.
Examines the history of 19th and 20th century East Asia in a comparative context, addressing how and why Japan quickly changed to accommodate the changing world of Western Imperialism and why China did not; it also examines the positions of Korea, Hong Kong and Taiwan in the context of questions such as imperialism, development and persistent underdevelopment in the second half of the 20th century. Alternate years with HIS 2322. (MULTI-CULTURAL)

HIS 3332. History of Modern India (3).S. Alternate years.
The social and political evolution of India from the achievement of British power in India, Indian reaction in the 18th and 19th centuries, the founding of the Indian nationalist movement, and Gandhi's leadership toward Indian independence in 1947. Alternate years with HIS 3334. (MULTI-CULTURAL; WRITING)

HIS 3334. History of the Modern Middle East (3).S. Alternate years.
The history of the modern Middle East from the late 18th century to the present. Topics and issues examined include attempts at reform in the Ottoman empire and Qajar Iran; intrusion of the west; the effects of World War One; the development of nationalism; the Arab/Israeli dilemma; modernization and social change; and the Middle East's geopolitical role in the contemporary world. Alternate years with HIS 3332. (WRITING; MULTI-CULTURAL)

HIS 3336. The Revolutionary Middle East (3).F. Alternate years.
This course examines, in depth, one or more of the significant political, social, religious, or economic changes which have taken place in the 20th century Middle East. Topics investigated may include, but are not limited to changes associated with: the Palestinian dilemma, the Iranian Revolution, Nasser's Egypt, Islamic Fundamentalism, Middle Eastern Women, Ataturk's Turkey and/or Saddam Hussein and Iraq. Alternate years with HIS 2334. (MULTI-CULTURAL)

HIS 3422. Women in History (3).F.
An examination of the role of women in history, both in traditional political and economic institutions, and in the family, work, and female organizations and movements. The course assumes a view of women as an essential force in history.

HIS 3500. Independent Study (1–3).F;S.

HIS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

HIS 3526. History of American Business (3).S.
This course will study American business history from the colonial period to the recent past. It will examine the conceptual and ideological framework in a democratic society and the evolving role of government. The course will also study the entrepreneurial function and the role of dominant personalities in American business. (WRITING)

HIS 3720. History of the Old South (3).F.
An examination of the development of America's major regional subculture; a study of significant trends in the social, intellectual, economic, and political evolution of the region from the seventeenth century to the beginning of the Civil War.

HIS 3722. Post-Civil War South (3).S. Alternate years.
An examination of the development of America's major regional subculture. A study of significant trends in the social, intellectual, economic, and political evolution of the region since the end of the American Civil War.

HIS 3726. History of the Appalachian Region (3).S.
A survey of the history of the Appalachian region from the period of exploration and settlement to the present. (WRITING)
HIS 3728. History of North Carolina (3).F;S.
This course will examine the major social, economic, and political factors in the development of North Carolina from its settlement to the present. Consideration will be given to the relationship of the State to the Southern region and the nation. (WRITING)

HIS 3820. United States Foreign Policy (3).F.
Major episodes in the history of United States foreign policy during the twentieth century are explored, with special consideration being given to the ideas, ideals, domestic and international conditions, and personalities that have played important roles in determining relations with the rest of the world.

HIS 3824. American Urban History (3).S.
A study of the process of urbanization in America from colonial times to the present, with attention to the causes and nature of urban expansion, institutional development, class structure and mobility, problems of the city, reform, the image of the city in popular thought, and the impact of urbanization on national life. (WRITING)

HIS 3828. American Church History (3).S. Alternate years.
A study of major Protestant, Catholic, and Jewish organizations in the United States from the colonial period to the present. The course also traces the rise of popular religious culture through an examination of religious use of literature, education, politics, theater, music, and the electronic media. (WRITING)

HIS 3922. The Western Intellectual Tradition (3).S.
Studies in western intellectual history which examine the interaction of historically important ideas and their social milieu, with emphasis on selected individuals and concepts that have shaped and exemplified western thought.

HIS 4100. Senior Seminar (3).F;S.
Variable content. An opportunity to examine in detail a particular field or topic in history in a seminar atmosphere. Emphasis is placed on critical reading, research, writing, and speaking. A minimum grade of "C" in the HIS 4100 seminar is required to complete the history major. Prerequisite: History major with senior standing, or permission of the instructor. (SPEAKING; WRITING)

HIS 4550. Tsarist Russia (3).F.
This course is a survey that stretches from the Kievan Rus to the Revolution of 1917; the emphasis is on the period since the establishment of Muscovy. Major topics under consideration are leadership and succession, outside influences, efforts at reform, (especially in the 18th and 19th centuries), agriculture, religion, and the arts. Within these topics, the role of key figures such as Ivan the Terrible, Peter I, Catherine II, Alexander I, and Alexander II are highlighted. (WRITING)

HIS 4552. The Soviet Union and Russia (3).S.
This broad survey begins with the antecedents to the 1917 Revolution, takes up the principal phases of Soviet History, including the Civil War, the beginning of Stalin’s dictatorship, World War II, the post-war readjustment, the Kruschev era, Brezhnev, and Gorbachev’s perestroika. It concludes with the collapse of the Soviet Union and the establishment of independent republics, principally Russia. The discussion highlights issues of leadership, terror, centrifugal forces, planning, agriculture, warfare, minorities, democratization, literature, and the arts. (WRITING)

HIS 4564. History of Canada (3).S. Even–numbered years.
A survey of Canadian history since 1760 which stresses understanding of a unique Canadian identity by emphasizing Canada’s evolution into an independent state, its bi-cultural and bi-lingual nature, its federal-provincial structures, its relationship to the United States and the British Empire-Commonwealth, its role in the modern era of superpowers, and selected aspects of its cultural and economic development. May be counted as American history.

HIS 4575. Introduction to Public History (3).F.
An introduction to the interdisciplinary skills and techniques employed by historians and other professionals in historical agencies, museums, restoration, policy research, archives, cultural resources management, and the National Park Service. Topics include historical archeology, family and community history, oral history, material culture, architecture, preservation techniques, site interpretation and administration, and historic district planning and management. Required hands-on public history fieldwork. Additional reading and writing requirements for graduate students. (CROSS-DISCIPLINARY) [Dual-listed with HIS 5575.]

HIS 4610. Management of Museums (3).F.
This course surveys the history of museum development internationally, and components of modern museum operation. Major topics include the world history of museums, the development of core management documents, and finance. [Dual-listed with HIS 5610.]
HIS 4640. Interpretation in Museums (3).S.
This course surveys the manner by which museums create and present exhibits and other programs intended for the public. Topics include the philosophy of exhibits, methods of exhibit design, model making, label writing, development of non-exhibit programming and evaluation. [Dual-listed with HIS 5640.]

HIS 4660. Topics in Public and Applied History (3).F;S. On Demand.
Variable content. A systematic examination of field in public and applied history such as museum studies, archival management, historic preservation, or the history of architecture. Barring duplication of content, a student may repeat the course. [Dual-listed with HIS 5660.]

An on-the-job work experience individually tailored to the students' career orientation. Students may be required to reside off-campus for periods of from six weeks to a full semester. Graded on an S/U basis.
The mission of the Department of Interdisciplinary Studies directs us to foster awareness of the interrelatedness of existing forms of knowledge and to create new interrelated knowledge while recognizing that knowledge is partial and is shaped by historical, social, cultural and personal contexts.

Interdisciplinary Studies pursues its mission in two curricula: the Bachelor of Arts in Interdisciplinary Studies, encompassing fourteen concentrations connected by a common core, and Watauge College, a living learning program offering an interdisciplinary general education core for freshmen and sophomores. The Department is committed to experimentation and innovation in curriculum, teaching, research, and creative activity.

Interdisciplinary Studies offers courses that bridge academic disciplines, involve knowledge generated in multiple disciplines, and make connections between academic knowledge and knowledge generated outside academics. Interdisciplinary methodologies take root in the complexity of the opportunities and problems we encounter in the twenty-first century; they offer responses that connect, rather than fragment, the elements of experience. Rather than stressing the uniqueness of separate disciplines, interdisciplinary inquiry leads students towards syntheses, and thus towards an appreciation of the interconnectedness of the world.

Interdisciplinary pedagogy emphasizes low teacher-student ratios that enable highly interactive discussion-oriented classes, seminars, team-teaching, self-directed inquiry, and experiential education. Experimentation and innovation in teaching and learning styles lead to a flexible, progressive, and integrated curriculum. Interdisciplinary Studies encourages students and faculty to develop a sense of the world that is both broad and deep, to embark upon a practice that allows one to learn, teach, create and research across the boundaries that separate academic disciplines and that separate academic from other forms of knowing.

The Department of Interdisciplinary Studies is on the web at www.ids.appstate.edu and available by telephone at (828) 262-3177.

Watauga Residential College
David Huntley, Director

Watauga Residential College is an interdisciplinary, internationally-focused program of general education located in the Living Learning Center (LLC). The Watauga curriculum requires students first to make meaningful connections between their own lives and their academic work and then to begin understanding the connections between local and global issues.

Students take a portion of their total coursework in Watauga, blending these courses with Appalachian’s general education requirements and courses in their major. Watauga classes fit a variety of formats: large lecture sections, smaller discussion sections, and even smaller project groups. Students must be active participants in all phases of learning-listening, discussing, researching, and collaborating together on projects.

All Watauga freshmen live in the Living Learning Center, sharing this space with North Carolina Teaching Fellows and international exchange and degree-seeking students, as well as some upper class students from all three programs. Because of the proximity of faculty offices, classrooms, kitchens, lounges, a music room and library, all residents of the LLC become members of a comprehensive learning community.

The Watauga program consists of a diverse group of students from a variety of ethnic, political, religious, and geographic backgrounds. Computer enthusiasts and creative writers, artists and scientists, actors and activists, entrepreneurs and missionaries have all felt equally at home in Watauga Residential College.

Enrollment is limited to 100 freshmen.

Interdisciplinary Selected Topics Courses
Each semester, the Department of Interdisciplinary Studies offers selected topics courses open to students from all departments. The emphasis is on relevant, experimental, and imaginative subject matters and pedagogies that require interdisciplinary approaches. While some courses may be taught more than one semester, their topical character ensures variety and change. Recent courses include: "Introduction to Sustainable Development," "Death, Dying and Living," "Women’s Realities," "The Many Faces of Poverty," "Non-Western Spiritual Landscapes," "Marx for Beginners," "Introduction to Agroecology," "Women and Leadership," "Farmworkers," "Shakespeare and Film," "Mountain Ecology," "Mountain Geography," "Roots of Chinese Culture," and "Latin America Through Film." They typify the ethos and spirit of the program.
Interdisciplinary Majors

The general features of the Bachelor of Arts degree in Interdisciplinary Studies (250*/24.0101) are: (1) a series of core courses which give all IDS majors a firm grounding in interdisciplinary perspectives and methods, and link them with the student’s study in their concentration; and (2) a set of fifteen concentrations.

All majors in interdisciplinary studies require a minimum of 122 semester hours for the degree. A minor is required. In addition to core curriculum, major, and minor requirements, electives must be taken to meet the total required minimum hours.

1. The interdisciplinary core courses are as follows (15 semester hours):
   - IDS 3000, Histories of Knowledges (3 s.h.)
   - IDS 3150, Interdisciplinary Praxis (3 s.h.)
   - IDS 3300, Seminar I (3 s.h.)
   - IDS 3700, Seminar II (3 s.h.)
   - IDS 4550, Senior Seminar (3 s.h.)

2. The concentrations: Students are required to take one of the following concentrations and to meet the requirements of the concentrations as stated. In all concentrations, students may select other courses with the consent of an IDS advisor. Courses taken for core curriculum credit may not be counted toward the major.

American Studies Concentration (250B) Focus on the U.S. and/or Western Hemisphere. The American cultural matrix will be studied through a conscious application of interdisciplinary methods to an analysis of the interrelationships among historical, economic, political, artistic, literary, geographic and other factors which define the American experience. The goal will be both theoretical and practical understanding of American culture.

1. Intermediate proficiency in a foreign language: Spanish is recommended.
2. Required courses:
   - a. ANT 2400 North American Indians
   - b. ENG 2310 American Literature
   or
   - ENG 2320 American Literature
   - GHY 3012 U.S. and Canada
   - HIS 2201 Survey of American Civilization to 1876
   - HIS 2204 Survey of American Civilization since 1876
   - PS 4710 American Political Thought

3. Select 6 or more hours from the following: ANT 2235, ANT 2420, ANT 2600, ANT 4120; ART 3730; ECO 2040, ECO 3551; ENG 2120, ENG 3710, ENG 4580, ENG 4710, ENG 4720, ENG 4770, ENG 4780, ENG 4790, ENG 4795, ENG 4810; FDN 3800; GHY 3320; any history course in American history (including South and Central America, and Canada); IDS 2420 or IDS 2421; MUS 2014, MUS 2015; any political science course in American Politics (esp. PS 3130, PS 3230, PS 3330); REL 3110; SOC 2040, SOC 4560.

Appalachian Studies Concentration (250C) A study of the Appalachian Region through a conscious application of interdisciplinary methods. The student will consider the perspectives of history, folklore, economics, politics, ethnography, religion and literature to develop a theoretical and practical understanding of the culture, needs and potentials of this region.

1. Required course: (3 s.h.)
   - AS 2410/IDS 2410 Introduction to Appalachian Studies, Humanities
   or
   - AS 2411/IDS 2411 Introduction to Appalachian Studies, Social Sciences
2. Concentration core: select 3 courses from the following: (9 semester hours)
   - ANT 4120 Appalachian Culture
   - AS 2016/MUS 2016 Appalachian Music
   - ENG 4720 Appalachian Literature
   - GHY 3320 Environmental Issues in Appalachia
   - HIS 3726 History of the Appalachian Region
   - PHL 4549 Seminar (Southern Appalachian Religion)
   - PS 3630 Appalachian Politics

3. Electives: select 4 courses from the following: (12 semester hours)
   - Courses listed in the concentration core above beyond the 3 required may be included.
   - BIO 5512 Local Flora (with permission) or BIO 4550 Nature Study
   - ENG 3050 Studies in Folklore
   - ENG 4810 Advanced Folklore
   - FDN 4810 Education in Appalachian America
Interdisciplinary Studies

HIS 4575 Introduction to Public History
HIS 4660 Topics in Public and Applied History
REL 3110 Religion in America
Selected topics courses (3530–3549) with Appalachia as the subject (with consent of an IDS advisor).

Environmental Policy and Planning Concentration (250D) By combining a background in science with the perspectives of economics, planning, and political science, students will have the opportunity to consider public responses to ecological issues. They will learn to formulate and implement creative but practical public policy and procedures regarding the environment.
1. Students choosing this concentration must complete a minor in biology, chemistry, or geology. The minor in Biology must include BIO 3302 and BIO 3312. For the minor in Geology, it is recommended that GLY 1103 be taken and either GLY 3333 and GLY 4620 or GLY 2735, GLY 3150, GLY 4620, and GLY 4703 (Advanced Environmental and Engineering Geology).
2. Required Planning Core:
   PLN 2410 Town, City and Regional Planning
   PLN 3431 Planning Techniques
   PLN 3730 Land Use Regulations
3. Select 13 or more hours from the following courses: (Select at least two courses from each area).
   AREA I: Economics/Anthropology
   ECO 2030 Principles of Economics–Price Theory
   ECO 3800 Urban and Regional Economics
   ANT 3150 Human Ecology of the Southern Appalachians
   ANT 4565 Agrarian Studies and Rural Development
   ANT 4570 Sustainable Development in the Modern World System
   AREA II: Philosophy/Political Science
   PHL 2000 Philosophy, Society, and Ethics
   PHL 4300 Ethical Theory
   P S 2130 State and Local Government
   P S 3280 Public Policy Analysis
   P S 4175 Public Opinion
4. Recommended cognates: with a minor in biology, CHE 1101, CHE 1110, CHE 1102, CHE 1120, CHE 2201, CHE 2203; GLY 1101, GLY 1103. With a minor in chemistry, BIO 1101 and BIO 1102, OR BIO 1110, BIO 3302, BIO 3312; GLY 1101, GLY 1103. With a minor in geology, BIO 1101 and BIO 1102, OR BIO 1110, BIO 3302, BIO 3312; CHE 1101, CHE 1110, CHE 1102, CHE 1120, CHE 2201, CHE 2203.

Individually Designed Concentration (250E) This concentration allows students to tailor a major to their particular academic and career goals. Students selecting this concentration must design a clear, defensible statement of goals explaining why such goals can best be met through interdisciplinary means. Additionally, the student must complete a "Program of Study Contract" consisting of a minimum of 24 semester hours selected from two or more disciplines with at least 12 semester hours at the 3000 level or above. The contract must be approved by an IDS advisor; the contract may be changed, but only with the approval of the IDS advisor and the IDS chair. A copy of the contract must be on file in the office of the dean of the College of Arts and Sciences.

International Studies: Asia Concentration (250F) The Asian cultural matrix will be studied through a conscious application of interdisciplinary methods to an analysis of the relationships among historical, economic, political, artistic, literary, geographic and other perspectives which define the Asian experience. The goal will be both theoretical and practical understanding of Asian cultures.
1. Intermediate proficiency in a foreign language appropriate to an Asian area of study (e.g., Chinese).
2. Required Asian courses:
   GHY 3015 The Geography of Asia
   REL 2040 Asian Religious Literature
   A sequence of two of the following courses is required. Students may choose either two Islamic/Middle East history courses, or two East Asia/China history courses to fulfill this requirement. Additional courses may be taken from this list to fulfill any two of the 12 hour Asian electives requirements. HIS 2334 History of the Classical Islamic World and HIS 3336 The Revolutionary Middle East
   HIS 2334 History of the Classical Islamic World and HIS 3334 History of the Modern Middle East
   HIS 2322 History of Traditional China and HIS 3322 History of Modern China
   HIS 2322 History of Traditional China and HIS 3326 Modern East Asia
3. Select 12 hours from the following courses:
   China – HIS 3322
   India – HIS 3332; ANT 2700
International Studies: East European, Russian and Central Asian Studies Concentration (2500) The East European, Russian and Central Asian cultural formations will be studied through a conscious application of interdisciplinary methods to an analysis of the relationships among historical, economic, political, artistic, literary, geographic and other perspectives which define the Eastern European, Russian and Central Asian experience. The goal will be both theoretical and practical understanding of this complex geo-political area.

1. Intermediate proficiency in a foreign language must be met by Russian or another appropriate East European language.

2. Required courses:
   - GHY 3011 Europe and the Russian Realm
   - HIS 4550 Tsarist Russia
   - HIS 4552 The Soviet Union and Russia

3. Select 12 hours from the following courses:
   - ECO 3530-49* (Selected Topics); ECO 4640*; FL 3530-49*; HIS 3530-49* (Selected Topics); PS 3530-49* (Selected Topics).
   *Courses on East European, Russian, or Central Asian topics only

International Studies: Germany Concentration (250P) Those who pursue this concentration will have the opportunity to experience a richly varied understanding of the German language, history, political economy, and culture. The continuity of German and European cultural history—as well as their discontinuity—will be examined, in an attempt to assess the evolving position of the Germans in a uniting Europe. In this as in other IDS concentrations, the student will have the opportunity to learn to bring into useful dialogue the analytic languages, methodologies and preoccupations of a variety of disciplines.

1. Intermediate proficiency in a foreign language: German is required for this concentration.

2. Required courses (unless exempted by permission of FL&L):
   - GER 2010 Conversation and Composition I
   - GER 2015 Conversation and Composition II
   - GER 3050 Culture and Civilization of Germany
   - or GER 3055 Culture and Civilization of Modern Germany

Select two courses from: (for a total of six hours)
   - GER 2025 Introduction to Literature
   - GER 3015 Selections of German Literature I
   - GER 3025 Selections of German Literature II
   - GER 3075 Advanced Conversation
   - GER 3080 Advanced Grammar and Composition
   - GER 3090 Business German
   - GER 3530–49 Selected Topics
   - GER 3550 German Customs and Folklore

3. Select 9 hours from the following courses (choose from at least two different areas):
   - ECO 3410, ECO 4640; GHY 3011; HIS 3130, HIS 3132, HIS 3134, HIS 3150, HIS 3152, HIS 3922; MGT 3800; MKT 4550;
   - PHL 3200, PHL 3300; PS 2120, PS 2240, PS 3210, PS 4270, PS 4540, PS 4741.

4. German Studies concentrators may not minor in German unless they take an additional minor besides German.

International Studies: Latin America Concentration (250G) The Latin American cultural matrix will be studied through a conscious application of interdisciplinary methods to an analysis of the relationships among historical, economic, political, artistic, literary, geographic and other perspectives which define the Latin American experience. The goal will be both theoretical and practical understanding of Latin American cultures.

1. Intermediate proficiency in a foreign language: Spanish is required for this concentration.

2. Required courses:
   - HIS 2301 History of Colonial Latin American
   - HIS 2302 History of Modern Latin America

3. Select 18 hours from the following:
   - ANT 4110 Meso American Archeology
   - ANT 4130 Meso American Ethnology
   - ANT 4565 Agrarian Studies and Rural Development
   - ANT 4570 Sustainable Development in the Modern World System
   - FL 4010 Afro-Hispanic Literature
   - GHY 3014 Geography of Latin America
   - HIS 3301 Twentieth Century South America
Interdisciplinary Studies

HIS 3303 History of Mexico
IDS 2430 Introduction to Latin American Studies
PS 4748 Latin American Politics
SNH 2025 Introduction to Literature
SNH 3025 Selections of Spanish American Literature
SNH 3055 Culture and Civilization of Spanish America
SNH 4063 Hispanic Life-Ways

4. A student may substitute a seminar or appropriate research project for one of the courses above with the written approval of the Latin American Studies Committee. Credit toward meeting the above requirements also may be earned by attending one of the several ASU study abroad programs in Latin America with the written approval of the Latin American Studies Committee.

International Studies: Modern Europe Concentration (250H) The European cultural matrix will be studied through a conscious application of interdisciplinary methods to an analysis of the relationships among historical, economic, political, artistic, literary, geographic and other perspectives which define the modern European experience. The goal will be both theoretical and practical understanding of modern European cultures.

1. Intermediate proficiency in a foreign language is required, particularly any of the languages of modern Europe.

2. Required courses:
   GHY 3011 Europe and the Russian Realm
   Select one of the following history series:
   HIS 3130–HIS 3132 Early Modern Europe, 1600–1815/Nineteenth Century Europe
   HIS 3132–HIS 3134 Nineteenth Century Europe/Twentieth Century Europe
   Select one of the following philosophy or political science courses:
   PHL 3200 Modern Philosophy
   PS 4540 Selected Topics: Studies in Regional Political Patterns: Government and Politics of Western Europe
   PS 4741 European Governments and Politics

3. Select 12 hours from the following courses (select at least one course from at least two of the following areas).
   Area I: anthropology/economics/political science
   ANT 4220; ECO 2040, ECO 3410, ECO 4630, ECO 4640; PS 3320, PS 4220, PS 4721
   Area II: history
   HIS 3128, HIS 3142
   Area III: language/literature/culture
   ART 2013/MUS 2013/PHL 2013; ART 2130; ENG 2020, ENG 3171, ENG 3172, ENG 3710, ENG 4830, ENG 4840, ENG 4850, ENG 4860, ENG 4870, ENG 4880, ENG 4895; MUS 2611, MUS 2612, MUS 3611; PHL 3300; REL 2120; THR 3735;
   all courses in French, German or Spanish at the 1000 level or above (courses taken to fulfill B.A. language requirement in foreign languages may not count toward the major).

International Studies: Third World Concentration (250J) The cultural matrix of the Third World will be studied through a conscious application of interdisciplinary methods to an analysis of the relationships among historical, economic, political, artistic, literary, geographic and other perspectives which define the Third World experience. The goal will be both theoretical and practical understanding of the Third World.

1. Intermediate proficiency in a foreign language must be met by a language appropriate to the study of Third World societies. Colonial languages such as French and Spanish would qualify.

2. Required courses: select 24 hours from the following courses (Select at least one course from each area).
   Area I: anthropology/interdisciplinary studies
   ANT 1215, ANT 2420, ANT 2700, ANT 3420, ANT 3430, ANT 4130, ANT 4220, ANT 4565, ANT 4570, ANT 4600; IDS 2430
   Area II: geography/technology
   GHY 1020 (required if not taken for core curriculum credit), GHY 3014, GHY 3015, GHY 3210; TEC 4638.
   Area III: history (Select one of the following sets)
   HIS 2301–HIS 2302
   HIS 2421–HIS 2422
   HIS 2334 & HIS 3336
   HIS 2334 & HIS 3334
   HIS 2322 & HIS 3322
   HIS 2322 & HIS 3326
   Area IV: history/political science
   HIS 2302, HIS 2422, HIS 3303, HIS 3322, HIS 3326, HIS 3332, HIS 3334, HIS 3336; PS 2120, PS 2240, PS 3320, PS
Internet Studies Concentration (250Q) The interdisciplinary concentration in Internet Studies provides students with the opportunity to study and explore the social, political, technical, cultural, and artistic dimensions of the Internet. The goal is to help students gain an understanding of the impacts this emerging technology is having on our world, as well as provide practical experience in Internet technologies. The concentration consists of 24 semester hours, with at least 12 semester hours at the 3000 level or above. Students must take a minimum of 9 s.h. from the list of Technical/Design courses; a minimum of 9 s.h. from the list of Culture/Politics courses; IDS 3250, Internet Studies (3 s.h.), a required seminar for this concentration; plus an additional 3 s.h. from either list. A minor is also required for this concentration.

1. Technical/Design courses: (Select a minimum of 9 semester hours from the following list of courses.)
   - ART 1011 Design Fundamentals I
   - ART 1012 Design Fundamentals II
   - CI 4810 Introduction to Sight and Sound
   - CI 4840 Beginning Video Production
   - Either CIS 2025 Personal Computing Effectiveness, or CS 1410 Introduction to Computer Applications, but not both.
   - CIS 3050 Fundamentals of Management Information Systems
   - CS 1425 Overview of Computer Science
   - CS 1440 Computer Science I
   - CS 2440 Computer Science II
   - CS 4570 Human-Computer Interfaces
   - GRA 3102 Electronic Imaging
   - TEC 1017 Communications Technology
   - Approved Selected Topics courses as available.

2. Culture/Politics courses: (Select a minimum of 9 semester hours from the following list of courses.)
   - ANT 2420 Gender, Race and Class
   - ANT 4220 Globalization
   - ANT 4570 Sustainable Development in the Modern World System
   - ART 2230 History of Graphic Design
   - ART 3800 Art Since 1945
   - CI 4830 Media Literacy
   - COM 3200 Internet Communication
   - COM 3300 Mass Media and Society
   - PHL 3400 Contemporary Continental Philosophy
   - PHL 3600 Philosophy of Science
   - PS 4220 Globalization
   - SOC 2040 Popular Culture
   - TEC 2029 Society and Technology
   - Approved Selected Topics courses as available.

3. Required: IDS 3250, Internet Studies (a required seminar for this concentration); plus an additional 3 s.h. from either the list of Technical/Design courses or the list of Culture/Politics courses noted above.

4. A minor is required. Students choosing this concentration must also complete a minor (12-20 semester hours credit). A minimum of 9 s.h. of courses taken to fulfill the minor requirements must be courses offered by Appalachian.

Labor Studies Concentration (250S) The Labor Studies concentration under the B.A. degree in Interdisciplinary Studies provides academic leadership to the Appalachian State University community on historical, theoretical, and contemporary issues of labor. Leadership in the classroom is expressed through a progressive curriculum that encourages integration of theory and practice. Work is a major life activity, indeed a defining activity of adulthood. The study of work and workers, from the perspective of the liberal arts, brings together a variety of social science and humanities disciplines including anthropology, economics, English, history, management, philosophy, political science, psychology, and sociology. Outside the classroom, leadership is expressed through a variety of venues. On campus, we serve as a reservoir of expertise and support on issues pertaining to labor. Off campus, our outreach efforts open opportunities for integrating classroom work with practical experience in the labor community.

1. Required courses: (9 semester hours)
   - MGT 4630 Labor Relations
   - PSY 3207 Organizational Psychology
The concentration in sustainable development under the B.A. degree in Interdisciplinary Studies grows from the United Nations definition of sustainable development—"meeting the needs of the present without compromising the ability of future generations to meet theirs"—adding, "sustainable development is a participatory process of meeting basic human needs. It is a socio-economic process that does not undermine the community (and culture) of a people or the environments in which they live." The program connects courses in environmental science, ethics, agroecology, social science, and technology with others specifically addressing sustainable development to assist students to understand the potential for and the obstacles to sustainable development. We welcome students of all academic interests including the humanities, arts, and liberal arts, as well as bio-physical and social science.

1. Required courses:
   - ANT 4570 Sustainable Development in the Modern World System
   - IDS 2440 Introduction to Sustainable Development

2. Select twelve hours from the list of courses provided below. At least three hours (one course) must be from each category (Environmental Science, Social Science, Technology). Course substitutions may be accepted with the approval of the Director.
of Sustainable Development. Students majoring with a concentration in Sustainable Development must have their minors approved by their advisors.

Environmental Science:
- BIO 3302 Ecology
- BIO 3312 Environmental Studies
- CHE 4620 Environmental Chemistry
- GLY 1103 Introduction to Environmental and Applied Geology

Social Science:
- ANT 2420 Gender, Race and Class
- ANT 3550 Applied Anthropology
- ANT 4220/PS 4220 Globalization
- ANT 4565 Agrarian Studies and Rural Development
- ECO 3620 Environmental Economics
- GHY 3200 Geographic Perspectives on Human Behavior
- GHY 3210 Economic Geography

Technology:
- TEC 2029 Society and Technology
- TEC 4608 Photovoltaic System Design and Construction
- TEC 4618 Sustainable Building Design and Construction
- TEC 4628 Solar Thermal Energy Technology

Other courses may be substituted with the approval of the Director of Sustainable Development. In particular, several departments, including those listed above, regularly offer “Selected Topics” courses of direct relevance to the study of sustainable development.

**Women’s Studies Concentration (250N)**

The Women’s Studies Program (www.ws.appstate.edu) provides academic leadership to the Appalachian State University community for the study of women, women’s and gender issues, and gender/feminist/womanist theories. This leadership finds expression both in the classroom as well as in a variety of other venues. In order to accomplish this mission, the program offers:

- a new approach to traditional academic disciplines by incorporating the study and contributions of women
- an interdisciplinary model of scholarship constructed around women’s and gender issues as well as gender/feminist/womanist theories
- an open atmosphere for the exchange of ideas and expressions of concern over a wide range of women’s and gender issues on our campus and in our society

By means of a woman-centered interdisciplinary and cross-cultural analysis, this concentration seeks to rectify the omission of women from traditional university curricula. The goal is to broaden student knowledge about women in history, society, literature and culture. Both historic and contemporary materials are used, and a variety of methodologies—both theoretical and practical—are employed.

1. Required courses:
   a. Select one of the following:
      SOC 2850, or IDS 2420 Introduction to Women’s Studies, Humanities
      IDS 2421 Introduction to Women’s Studies, Social Sciences
   b. Select one feminist theory course:
      IDS/PHL/PS 3530 Selected Topics: Feminist Theory
      PHL 3030 Feminist Philosophy
      PHL 3532 Selected Topics: Queer Theory.
   c. Select one women’s history course:
      HIS 3422 Women in History
      HIS 3530* Selected Topics: Topics in Women’s History
      Or another women’s history course

2. Select 15 semester hours from the following courses (at least one course must be humanities and one course must be social science).

   Humanities courses:
   - ART 2011 Art Introduction, with Women’s Studies emphasis
   - ART 3530* Selected Topics: Women Artists; The Politics of the Image; Art, Media, Politics; etc.
   - ENG 3710 Studies in Women and Literature
   - ENG 4710 Advanced Studies in Women and Literature
   - IDS 3530* Selected Topics: women’s studies courses designated as humanities credit, e.g., Women and Film;
     Women and Spirituality; Womanist Theory and Literature; Introduction to Gay and Lesbian Studies; etc.
PHL/REL 3530* Selected Topics: Philosophy, Religion and Sexuality; Feminist Philosophy; etc.
REL 3030 Women in the Biblical Tradition

Social science courses:
ANT 2420 Gender, Race and Class
ANT 3420 Women and Gender in Anthropology
HED 3530* Selected Topics: Women’s Health, for example
IDS 3530* Selected Topics: women’s studies courses designated as social science credit, e.g., Women and Work; Women and Sports; Women and Development; Women and the Law; etc.
PS 3530* Selected Topics: Feminist Political Theory, for example PSY 2305 Psychology of Gender
PSY 3530* Selected Topics: The Psychology of Sex Differences, for example SOC 3530* Selected Topics: Women, Crime, and Criminal Justice, for example
SOC 4650 Women in the Justice System
*Selected topics—as available

Interdisciplinary Minors
Area Studies

Minor in Asian Studies (206/45.0201) A student may earn an undergraduate minor in Asian Studies by successful completion of an interdisciplinary program of 18 semester hours. Requirements include:
1. Core requirement: (a) A sequence of HIS 2334 & HIS 3336, HIS 2334 & HIS 3334, HIS 2322 & HIS 3322, or HIS 2322 & HIS 3326; OR (b) GHY 3015 and REL 2040. Any of the above courses not taken to fulfill the core requirement may be used as electives.
2. Electives: 12 semester hours of Asian studies courses chosen from at least two department offerings,
3. Foreign Language: the B.A. student should choose a foreign language appropriate to the area of study; the student earning the B.S. degree should have a beginning level ability in a foreign language appropriate to the area of study, chosen in consultation with the Asian studies curriculum coordinator.

Students may select courses with a goal of breadth of understanding of issues in Asia, or may choose to focus on one area or research issue.

Current catalog listings from which courses can be chosen are listed below. Other appropriate courses such as independent study courses, may be chosen with approval of the Asian studies curriculum coordinator.

Courses cannot be used for the minor if fulfilling core curriculum requirements.

Elective courses:
ANT 2700 South Asia Through Ethnography
CHN 1010 Beginning Chinese I
CHN 1020 Beginning Chinese II
CHN 1040 Intermediate Chinese I
CHN 1050 Intermediate Chinese II
GHY 3015 The Geography of Asia
HIS 3322 History of Modern China
HIS 3324 History of Modern Japan
HIS 3332 History of Modern India
HIS 3334 History of the Modern Middle East
JPN 1010 Beginning Japanese I
JPN 1020 Beginning Japanese II
JPN 1040 Intermediate Japanese I
JPN 1050 Intermediate Japanese II
PS 4540 Selected Topics: Studies in Regional Political Patterns (Middle East)
PS 4744 Middle East Politics
REL 2110 Judaism
REL 2130 Islamic Religion and Culture
REL 3130 Zen Buddhism

Minor in Black Studies (212/05.0201) The Black Studies minor is offered as a start in meeting the needs of black students who seek to explore their heritage and non-black students who want to understand something of the black experience. The curriculum draws on a holding of nearly 2,000 books and periodicals in Belk Library and presently includes 28 semester hours of offerings. The minor will consist of 16 semester hours chosen from among the 28. Other courses deemed relevant by the student may count toward
Interdisciplinary Studies

the minor upon approval from Dr. Bruce Dick, Department of English.

Courses approved for the minor include: ANT 3530 Selected Topics; ENG 2120 African-American Literature; HIS 2421–HIS 2422 History of Africa; HIS 3230 Recent U.S. History; HIS 3720 History of the Old South; PS 4540 Selected Topics: Regional Political Patterns: Government and Politics of Africa South of the Sahara; REL 2130 Islamic Religion and Culture; SOC 4560 Race and Minority Relations; Independent Study (up to four hours for credit toward minor).

Minor in East European, Russian and Central Asian Studies (221/45.0899) The minor in East European, Russian and Central Asian Studies is offered to students who wish to explore the full context of the past and present concerns of Eastern Europe, Russia, and Central Asia.

Curriculum offerings, projects, and research relating to the region are coordinated by the coordinator of the East European, Russian and Central Asian Studies minor. Students are advised to contact the coordinator early in their studies.

A student may earn an undergraduate minor in East European, Russian and Central Asian studies by successfully completing an interdisciplinary program of 18–21 hours. Each student must take 12 semester hours from the core (including six in Russian languages) and six from the approved elective hours. Courses cannot be used for the minor if fulfilling core curriculum requirements.

1. Core: (12 semester hours)
   - GHY 3011 Europe and the Russian Realm (3 s.h.)
   - HIS 4550 Tsarist Russia or HIS 4552 The Soviet Union and Russia (3 s.h.)
   - RSN 1010 Beginning Russian I (3 s.h.)
   - RSN 1020 Beginning Russian II (3 s.h.)
   - RSN 1040 Intermediate Russian I (3 s.h.)
   - RSN 1050 Intermediate Russian II (3 s.h.)

2. Electives: (6 semester hours)
   - The remaining six hours of this minor must be approved by the coordinator. These courses may be taken in the colleges of Arts and Sciences, Business, Fine and Applied Arts, and Education. Possibilities include, but are not limited to, any remaining core courses and
   - HIS 3530 Selected Topics: Soviet-Chinese Borders and/or World at War (3 s.h.)
   - Pertinent courses in Russian/Eastern European literature (selected topics, and/or honors) (as available) (3 s.h.)

Minor in Interdisciplinary Studies (112/24.0101) The minor in Interdisciplinary Studies consists of 18 semester hours. Of these, twelve are required, and six are elective. The twelve required hours correspond to the core of the IDS major program and provide a comprehensive introduction to the central practical and conceptual concerns of interdisciplinary studies.

1. Required IDS minor core: (12 semester hours)
   - IDS 3000, Histories of Knowledges (3 s.h.)
   - IDS 3150, Interdisciplinary Praxis (3 s.h.)
   - IDS 3300, Seminar I (3 s.h.)
   - IDS 3700, Seminar II (3 s.h.)
   (Note: IDS 3000 and IDS 3150 are prerequisites for IDS 3300 and IDS 3700.)

2. Elective courses: (6 s.h.)
   - Two IDS courses numbered 2000 or above, one of which must be at the 3000 or 4000 level.

Minor in Internet Studies (250/24.0101) The minor in Internet Studies is offered to students wishing to supplement their major with an interdisciplinary exploration of the Internet. The minor consists of 18 semester hours. Students must take a minimum of 6 s.h. from the list of Technical/Design courses; a minimum of 6 s.h. from the list of Culture/Politics courses; IDS 3250, Internet Studies (3 s.h.), a required seminar for this minor; plus an additional 3 s.h. from either list.

1. Technical/Design courses: (Select a minimum of 6 semester hours from the following list of courses.)
   - ART 1011 Design Fundamentals I
   - ART 1012 Design Fundamentals II
   - CI 4810 Introduction to Sight and Sound
   - CI 4840 Beginning Video Production
   - Either CIS 2025 Personal Computing Effectiveness or CS 1410 Introduction to Computer Applications but not both
   - CIS 3050 Fundamentals of Management Information Systems
   - CS 1425 Overview of Computer Science
   - CS 1440 Computer Science I
   - CS 2440 Computer Science II
   - CS 4570 Human-Computer Interfaces
   - GRA 3102 Electronic Imaging
   - TEC 1017 Communications Technology
Interdisciplinary Studies

Approved Selected Topics courses as available.

2. Culture/Politics courses: (Select a minimum of 6 s.h. from the following list of courses.)
   ANT 2420 Gender, Race and Class
   ANT 4220 Globalization
   ANT 4570 Sustainable Development in the Modern World System
   ART 2230 History of Graphic Design
   CI 4830 Media Literacy
   COM 3200 Internet Communication
   COM 3300 Mass Media and Society
   PHL 3400 Contemporary Continental Philosophy
   PHL 3600 Philosophy of Science
   PS 4220 Globalization
   SOC 2040 Popular Culture
   TEC 2029 Society and Technology
   Approved Selected Topics courses as available.

Minor in Labor Studies (249/24.0101) The minor in Labor Studies is offered for students who wish to supplement their major course of study with an interdisciplinary exploration of labor issues. The minor consists of 18 semester hours.

1. Required courses: (9 semester hours)
   MGT 4630 Labor Relations
   PSY 3207 Organizational Psychology
   SOC 3550 Sociology of Work and Organizations

2. Choose one: (3 semester hours)
   ANT 4570 Sustainable Development in the Modern World System
   IDS 2440 Introduction to Sustainable Development

3. Electives: (6 semester hours.)
   ANT 4220 Globalization (Same as PS 4220)
   ANT 4565 Agrarian Studies and Rural Development
   ANT 4570 Sustainable Development in the Modern World System
   ECO 3720 Economics of Personnel
   ENG 3120 Writing and Law
   HIS 3526 History of American Business
   IDS 2421 Introduction to Women’s Studies, Social Sciences
   MGT 3620 Human Resource Management
   MGT 4570 Compensation and Human Resource Management Systems
   PHL 3400 Contemporary Continental Philosophy
   PS 3410 Marxism
   PS 4220 Globalization (Same as ANT 4220)
   PSY 4206 Industrial Psychology
   SOC 4750 Social Stratification
   SOC 4850 Globalization and Population

Minor in Latin American Studies (252/05.0107) A student may earn an undergraduate minor in Latin American Studies by successful completion of an interdisciplinary program which must include:

1. Intermediate proficiency in Spanish or the equivalent;

2. At least 18 semester hours, chosen from the following:
   ANT 4110 Meso American Archeology
   ANT 4130 Meso American Ethnology
   ANT 4565 Agrarian Studies and Rural Development
   ANT 4570 Sustainable Development in the Modern World System
   FL 4010 Afro-Hispanic Literature
   GHY 3014 Geography of Latin America
   HIS 2301 History of Colonial Latin America
   HIS 2302 History of Modern Latin America
   HIS 3301 Twentieth Century South America
   HIS 3303 History of Mexico
   IDS 2430 Introduction to Latin American Studies
   PS 4748 Latin American Politics
Interdisciplinary Studies

SNH 2025 Introduction to Literature
SNH 3025 Selections of Spanish American Literature
SNH 3055 Culture and Civilization of Spanish America
SNH 4063 Hispanic Life-Ways

3. A student may substitute a seminar or appropriate research project for one of the courses above with the written approval of the Latin American Studies Committee. Credit toward meeting the above requirements also may be earned by attending one of the several ASU study abroad programs in Latin America with the written approval of the Latin American Studies Committee.

Courses cannot be used for the minor if fulfilling core curriculum requirements. No more than six hours of courses which a student elects to count toward this minor can also be included in a major.

Minor in Sustainable Development (294/05.0199) A minor in sustainable development consists of 18 semester hours. Of these, nine are required and nine are elective courses. The required courses are TEC 2029, Society and Technology; ANT 4570, Sustainable Development in the Modern World System; and one approved practical course. The elective courses are to be chosen in consultation with a member of the Sustainable Development faculty (as listed on the web site www.ids.appstate.edu/sustainable/).

Minor in Women’s Studies (175/05.0207) A student earns an undergraduate minor in women’s studies by successful completion of an interdisciplinary program of 15 semester hours. Each student is required to take a women’s history course and one interdisciplinary women’s studies course, preferably “Introduction to Women’s Studies” (IDS 2420 or IDS 2421), as well as nine additional hours, selected from those listed. Substitutions may be made with the approval of the director; for example, “The American Woman: A Social and Cultural History” may be substituted for “Women in the Western World.” All courses counting toward the minor must be at the 2000 level or above.

1. Required courses (6 semester hours)
   a. HIS 3530* Selected Topics: Topics in Women’s History
      or
      HIS 3422 Women in History
      Or another women’s history course (3 s.h.)
   b. One interdisciplinary studies course:
      IDS 2420 Introduction to Women’s Studies, Humanities
      or
      IDS 2421 Introduction to Women’s Studies, Social Sciences
      IDS 3530* Selected Topics (recent offerings: Women and Film; Appalachian Women; Womanist Theory and Literature; Women and Spirituality; Introduction to Gay and Lesbian Studies; Feminist Theories; Women and Leadership; Women’s Health; Notorious Women; etc.)

2. Electives (9 semester hours)
   a. ANT 2420 Gender, Race and Class
      ANT 3420 Women and Gender in Anthropology
   b. ART 2011 Art Introduction (with women’s studies emphasis) ART 3530* Selected Topics: Women Artist, etc.
   c. ENG 3710 Studies in Women and Literature
      ENG 4710 Advanced Studies in Women and Literature
      ENG 5650 Gender Studies (with permission)
   d. HED 3530* Selected Topics: Women’s Health, etc.
   e. HIS 5530* Selected Topics: Historiography of the Woman Question (with permission)
   f. HPC 5130 Women’s Issues in Counseling (with permission)
   g. IDS 3530* Selected Topics: women’s studies courses
   h. PHL 3530* Selected Topics: Feminist Philosophy, etc.
   i. PS 3530* Selected Topics: Feminist Political Theory, etc.
   j. PSY 2305 Psychology of Gender
   k. REL 3030 Women in the Biblical Tradition
   l. SOC 2850 Gender and Society
      SOC 4650 Women in the Justice System
      *Selected topics - as available.

3. Other electives will be added as the program develops.

Courses of Instruction in Interdisciplinary Studies (IDS)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)
Interdisciplinary Studies

INTERDISCIPLINARY STUDIES (IDS)

IDS 1101, IDS 1103; IDS 1102, IDS 1104. Interdisciplinary Studies in Humanities and Social Sciences (10, 6; 10, 6) F,F;S,S. Priority Enrollment Given to Watauga Residential College Students.
A multidisciplinary study in the humanities and social sciences in which basic problems of civilization will be considered: problems of subsistence and survival; problems of living together; problems of ideology and aesthetic satisfaction. The courses count as core curriculum credit in English, social sciences, and the humanities. Students may receive credit for either IDS 1101 or IDS 1103, but not both, for either IDS 1102 or IDS 1104, but not for both. (MULTI-CULTURAL; SPEAKING; WRITING; CROSS-DISCIPLINARY: approved subject to semester-by-semester recommendation by the Core Curriculum Council chairperson and review by the Council.) (CORE: HUMANITIES/SOCIAL SCIENCES)

IDS 2201, IDS 2202, IDS 2203, IDS 2204, IDS 2205, IDS 2206. Interdisciplinary Studies in Humanities and Social Sciences (6, 3, 1, 6, 3, 1). F, F;S, F; S, F; S, S. Priority Enrollment Given to Watauga Residential College Students.
A multidisciplinary study in the humanities and social sciences in which basic problems of civilization are considered. The courses are the six-hour, three-hour or one-hour equivalents of the IDS 1101 and IDS 1102 blocks. The courses count as core curriculum credit in social science and the humanities. (MULTI-CULTURAL; SPEAKING; WRITING; CROSS-DISCIPLINARY: approved subject to semester-by-semester recommendation by the Core Curriculum Council chairperson and review by the Council.) (CORE: HUMANITIES/SOCIAL SCIENCES)

IDS 2410. Introduction to Appalachian Studies, Humanities (3). On Demand.
This course will explore the Appalachian region from a cross-disciplinary perspective, with readings on Appalachia drawn primarily from the humanities. Both historical and contemporary issues will be examined, focusing upon national and international as well as local and regional contexts. This course will provide an introduction to the Interdisciplinary Studies concentration and the Arts and Sciences minor in Appalachian Studies. Students who take IDS 2410/AS 2410 cannot take IDS 2411/AS 2411 for credit. (Same as AS 2410.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

IDS 2411. Introduction to Appalachian Studies, Social Sciences (3). On Demand.
This course will explore the Appalachian region from a cross-disciplinary perspective, with readings on Appalachia drawn primarily from the social sciences. Both historical and contemporary issues will be examined, focusing upon national and international as well as local and regional contexts. This course will provide an introduction to the Interdisciplinary Studies concentration and the Arts and Sciences minor in Appalachian Studies. Students who take IDS 2411/AS 2411 cannot take IDS 2410/AS 2410 for credit. (Same as AS 2411.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

IDS 2420. Introduction to Women’s Studies, Humanities (3). On Demand.
This course will provide an introduction to the study of women--both historic and contemporary, using a variety of methodologies and materials drawn primarily from the humanities. It will also serve as an introduction to the interdisciplinary discipline of Women's Studies for the Interdisciplinary Studies concentration and the minor in Women's Studies. Students who take IDS 2420 cannot take IDS 2421 for credit. (MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

IDS 2421. Introduction to Women’s Studies, Social Sciences (3). On Demand.
This course will provide an introduction to the study of women--both historic and contemporary, using a variety of methodologies and materials drawn primarily from the social sciences. It will also serve as an introduction to the interdisciplinary discipline of Women's Studies for the Interdisciplinary Studies concentration and the minor in Women's Studies. Students who take IDS 2421 cannot take IDS 2420 for credit. (MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

This interdisciplinary course will introduce students to the study of Latin America through discussion of the region's geography, history, politics, economics and culture. Readings emphasize the social sciences and will address topics such as indigenous civilization, colonialism and contemporary conflicts over the process of development. The course will also serve as an introduction to the Interdisciplinary Studies concentration in International Studies: Latin America and the interdisciplinary minor in Latin American Studies. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

IDS 2440. Introduction to Sustainable Development (3). F;S.
This course is the foundation course for students interested in pursuing a minor or major concentration in Sustainable Development. The course will introduce students to the concepts and history of 'development,' the origins of concerns about 'sustainability,' and the marriage of these two ideas in the contested notion of 'sustainable development' (SD). From that basis, the course will then examine the understanding and use of SD principles in and from various disciplinary and multi/interdisciplinary perspectives. (CROSS-DISCIPLINARY)
IDS 2450. Introduction to Not-for-Profit Organizations (3).F. On Demand.
This course will explore many facets of nonprofit organizations including organizational structure, laws, and regulations in nonprofit, employment and working conditions, entry methods into nonprofit careers, and segments of the nonprofit world of work. This course will also explore guiding principles, philosophy and the mission of nonprofit organizations from an interdisciplinary approach, studying them from a societal, historical, political, legislative, and economic point of view. (CROSS-DISCIPLINARY)

IDS 2460. Savannah, Georgia (3).F.
This course, which involves travel to Savannah over Fall Break, will introduce students to the history, architecture, religious/spiritual heritage, folklore (based in art, music, cuisine, folk culture), and some community organization efforts of Savannah, Georgia. Students will have the opportunity to engage in reading and discussion prior to the Fall Break trip during which they will begin to develop projects that apply their reading to their experience. (SPEAKING; CROSS-DISCIPLINARY)

IDS 2500. Independent Study (1–4).F;S.

IDS 3000. Histories of Knowledges (3).F;S.
This course introduces central concerns of interdisciplinary studies through analyses of histories of knowledge production, definition, and categorization, cultural derivations and influences on what we know, the significance of paradigms and media, and the importance of perspective and situation in shaping what we define as knowledge. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY)

IDS 3150. Interdisciplinary Praxis (3).F;S.
This course provides an overview of interdisciplinary praxis by means of selected readings in theories and philosophies of interdisciplinarity and in interdisciplinary practices. It moves from broad investigations to students’ application of them to both their concentrations and the portfolio each IDS major must complete for graduation. The course will introduce the concepts and requirements for the portfolio and assist students in preparing a plan to satisfy the portfolio requirement. (WRITING; CROSS-DISCIPLINARY)

IDS 3250. Internet Studies (3). On Demand.
This seminar explores the emerging interdisciplinary field of Internet Studies. Topics covered may include the digital divide, virtual communities, race and gender in cyberspace, and topics in cyberculture. These and other issues may be explored for their social, political, psychological, economic, cultural, ethical, and artistic implications. This seminar will also help students develop their critical reading and writing skills in connection with the World Wide Web, explore Internet research methodologies, and introduce students to some of the technical and editorial issues involved in Web page design and publication. This course is required for the concentration in Internet Studies under the B.A. degree in Interdisciplinary Studies; and it is also a required course for the undergraduate minor in Internet Studies. There are no prerequisites. (WRITING; CROSS-DISCIPLINARY; COMPUTER)

IDS 3251. Principles of Agroecology (4).F.
This course will focus attention on agricultural systems from an ecological perspective, and how such systems can contribute to a more sustainable society. Topics covered in the class will include basic ecological concepts (i.e., the biological, chemical and physical factors and their interactions) and their application to agricultural systems, production and consumption aspects of food systems, and address ways to facilitate the promotion of sustainable agriculture. The lab, required to be taken in conjunction with this course, provides an opportunity to practice the agroecological principles discussed in the lectures in hands-on activities. Lab activities include (but are not limited to) growing fruits and vegetables, keeping farm records, and gathering biophysical, ecological data necessary to start and run a garden based on sustainable principles. Working both individually and in small groups, students will learn various gardening as well as gathering techniques and methods. Field trips to area farms may be included as part of the lab.

IDS 3300. Seminar I (3).F;S.
This course is designed as an intensive investigation of a question, theme, problem, theory, process, or analytic framework, the study of which requires interdisciplinary, transdisciplinary, and/or multi-disciplinary approaches to understanding. Method and other techniques of knowledge production will be explicitly addressed and applied in the context of the course topic. The topic of this course will vary, and barring duplication of subject matter, a student may repeat the course for credit. Prerequisites (required for IDS majors only): IDS 3000 (Histories of Knowledges) and IDS 3150 (Interdisciplinary Praxis). (SPEAKING; CROSS-DISCIPLINARY)

IDS 3500. Independent Study (1–4).F;S.

IDS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

IDS 3650. Marx’s Capital (3).S.
This course provides an introduction to Karl Marx as well as an in-depth study of his major theoretical work, Capital, Volume I. The transdisciplinary uses of Marxian theory in illuminating a wide variety of issues across disciplinary boundaries will be explored. Students will be asked to make connections between Marx’s writings and their own areas of study. (WRITING; CROSS-DISCIPLINARY)

IDS 3700. Seminar II (3).F;S.
This course is designed as an intensive investigation of a question, theme, problem, theory, process, or analytic framework, the study of which requires interdisciplinary, transdisciplinary, and/or multi-disciplinary approaches to understanding. One or more transdisciplinarity will be explicitly defined and applied in the context of the course topic. The topic of this course will vary, and barring duplication of subject matter, a student may repeat the course for credit. Prerequisites (required for IDS majors only): IDS 3000 (Histories of Knowledges) and IDS 3150 (Interdisciplinary Praxis). (WRITING; CROSS-DISCIPLINARY)

IDS 3900. Internship (3-12).F;S.
Supervised work in an appropriate field experience. Student must get approval from the advisor of the B.A. in interdisciplinary studies program prior to enrolling. Graded on an S/U basis.

IDS 4200. Interdisciplinary Thinkers and Thinking (3). On Demand.
This course will critically explore one or more of the following: (1) the interdisciplinary aspects of such thinkers as Aristotle, Marx, William Irwin Thompson, Gregory Bateson or Gerda Lerner; (2) integrative systems such as general systems theory, social ecology or comparative civilizations; or, (3) contemporary theoretical issues such as the relation between literary post-modernism and constructive post-modernism. The goal will be to illustrate the methods and contributions of interdisciplinarity. (WRITING; CROSS-DISCIPLINARY)

This course will explore (1) the ethical and philosophical roots of conventional and alternative agriculture, and (2) the biological, economic and social aspects of different agricultural systems and practices developed in response to perceived shortcomings of conventional modern agriculture. Alternative practices and systems to be compared and contrasted in this course include nature farming, permaculture, biodynamic agriculture, bio-intensive gardening, and agroforestry (additional systems and practices may be added or substituted based on class interest and consensus). In laboratories, students will have the opportunity to (1) learn about, and gather basic data on the biophysical, ecological and social aspects of the Sustainable Development Teaching and Research farm that are necessary to start and operate a garden based on sustainable principles; and (2) learn about vegetable and fruit growing and/or small animal production through hands-on experience. Lecture three hours, laboratory three hours. [Dual-listed with IDS 5251.]

IDS 4550. Senior Seminar (3).F;S.
In this class, students will have the opportunity to draw together the diverse strands of their interdisciplinary studies, reflect on the connections among these strands, and produce an in-depth senior project focusing on their concentration within the major. Students will have the opportunity to reflect on methodology - how one brings together data, methods and practices from diverse disciplines, both academic and non-academic. Students will be asked to present and discuss aspects of projects in class and present their final projects in a public forum to students and faculty. The final portfolio is to be turned in to the student's Senior Seminar professor before the end of the student's last semester. Prerequisites: senior standing and IDS 3000 and IDS 3150. Corequisite or prerequisite: IDS 3300 or IDS 3700, or consent of the instructor. (WRITING; SPEAKING; CROSS-DISCIPLINARY; COMPUTER)
Department of Mathematical Sciences (MAT/STT)

Mark C. Ginn, Chair
Alan T. Arnholt, Assistant Chair

Through its faculty and curriculum, the Department of Mathematical Sciences provides undergraduate and graduate programs of study which are designed to complement other areas of study in the university and to prepare students for careers in business, industry, and government, as well as in teaching at the elementary; secondary; and community, junior and technical college levels.

The Bachelor of Science degrees in the mathematical sciences offer a flexible curriculum to meet the professional objectives of the individual. By combining a strong background in the mathematical sciences with appropriately chosen study in related disciplines, the programs allow the student, with professional guidance, to prepare for desired career objectives.

Typical examples include: probability and statistics combined with courses in business and economics related to actuarial science; applied mathematics combined with physical or natural science; statistics combined with social science; applied mathematics and statistics combined with economics.

The department has Bachelor of Science advisory committees to review and approve individual programs of study, and each student is assigned an advisor. Degree candidates should seek approval of their program of study as early as possible in their career, but no later than three semesters before intending to graduate. For additional information, contact the chairperson of the Department of Mathematical Sciences.

All majors in the Department of Mathematical Sciences require a minimum of 122 semester hours for the degree. A minor is required for the Bachelor of Arts degree. In addition to the core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are required.

Course requirements for the Bachelor of Science degrees (without teacher licensure) in the Department of Mathematical Sciences require an approved program of study and must include at least 65 semester hours but no more than 80, with a minimum of 34 semester hours in the Department of Mathematical Sciences (at least 5 semester hours from the 4000 level).

The Bachelor of Science degree in Actuarial Sciences (106A/52.1304)

1. MAT 1110, MAT 1120, MAT 2130, MAT 2240, MAT 3330, MAT 4330
2. STT 3830, STT 3850, STT 4860, STT 4865
3. ACC 1100, ECO 2030, ECO 2040, ECO 3730, FIN 3071, FIN 3072, FIN 3680, FIN 3690, FIN 3890, FIN 4770, LAW 2150
4. Three (3) semester hours of approved electives in Mathematical Sciences or Business (no more than three additional elective hours can be taken in Business).**

** Must be approved by advisory committee.

The Bachelor of Science degree in Mathematics (260*/27.0101) with concentrations in Applied Mathematics (260C) and General Mathematics (260B)

1. MAT 1110, MAT 1120, MAT 2130, MAT 2240.
2. Completion of one of the following concentrations:
   Applied Mathematics concentration (260C) – MAT 3130, MAT 3310, MAT 4310; CS 1440, CS 2440; one of STT 4250 or STT 4860 or STT 3850; plus 6 semester hours of electives** in mathematical sciences (at least 5 hours at 4000 level) with 6 hours of related* coursework.
   or
   General Mathematics concentration (260B) – MAT 3110, MAT 3220 plus 13 semester hours of electives** in mathematical sciences (at least 5 hours at 4000 level) plus 10 hours of related* coursework.
3. A career support emphasis of at least 18 semester hours from disciplines outside mathematical sciences.**

*Related coursework may be outside mathematical sciences but must be approved by advisory committee.

**Must be approved by advisory committee.
The Bachelor of Science degree in Mathematics, Secondary Education (262A/13.1311)
1. MAt 1110, MAt 1120, MAt 2130, MAt 2240, MAt 3110, MAt 3220, MAt 3520, MAt 3610, MAt 4015.
2. Elective courses must include computer science and statistics (either STT 2810 or STT 4250).
3. All programs of study must include at least five semester hours of 4000 level mathematics (excluding MAT 4015).
4. PHY 1150-PHY 1151, CI 3080 and RE 4630 (minimum grade of "C" required in CI 3080 and RE 4630).

This degree also requires professional education courses. For the requirements in teacher education, refer to the Department of Curriculum and Instruction in this catalog.

The Bachelor of Science degree in Statistics (289A/27.0501)
1. MAt 1110, MAt 1120, MAt 2130, MAt 2240.
2. STT 3820, STT 3830, STT 4830, STT 4860, STT 4865, STT 4870; select either STT 3840 or STT 4820; plus six hours of approved electives in mathematical sciences**; and six hours of related* coursework.
3. A career support emphasis of at least 18 semester hours from disciplines outside mathematical sciences.

*Related coursework may be outside mathematical sciences but must be approved by advisory committee.

**Must be approved by advisory committee.

The Bachelor of Arts degree in Mathematics (261A/27.0101)

The Bachelor of Arts degree in Mathematics consists of 34 semester hours in the Department of Mathematical Sciences including MAt 1110, MAt 1120, MAt 2130, MAt 2240, MAt 3110, MAt 3220 plus 14 hours of electives in mathematical sciences numbered 2000 or above (at least five hours from the 4000 level). A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in mathematics.

Students must also meet the requirements for the Bachelor of Arts degree listed under the College of Arts & Sciences.

The Department of Mathematical Sciences encourages multiple majors. To obtain a second major within the department there must be a significant difference in the program content for that major compared to the first major. Approval by all involved departmental advisory committees is required.

Two undergraduate minors are offered within the Department of Mathematical Sciences:

A minor in Mathematics (260/27.0101) consists of MAt 1120 plus nine semester hours in mathematics courses numbered above 2000 excluding MAt 3520.

A minor in Statistics (289/27.0501) consists of any 12 semester hours in statistics.

Honors Program in Mathematical Sciences

The department offers honors courses which are offered to all students who have exhibited to the faculty outstanding ability and interest in mathematics. Students who successfully complete MAt 3510 with at least a grade of "B" and have earned at least a 3.45 GPA in mathematics courses are eligible for MAt 4510, Honors Thesis. Students who earn at least a "B" in MAt 4510 and complete a total of at least nine hours of honors work in mathematics will graduate with "honors" in mathematics. Those meeting these requirements with grades of "A" in the honors course and earning a 3.65 GPA in mathematics will graduate with "highest honors" in mathematics. Honors courses carry full credit toward the major or, for non-majors, full elective credit.

The Department of Mathematical Sciences offers a Master of Arts degree in Mathematics, Education with a concentration in Secondary School Teaching, and a general Master of Arts degree in Mathematics with a concentration in College Teaching (non-teaching). Persons interested in any of these degree programs are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Mathematics and Statistics (MAT, STT)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)
MAT 3510. Junior Honors Seminar (3).F;S.
Development of selected concepts related to modern algebra, analysis, differential equations, and/or probability/statistics not generally found in the traditional curriculum. Enrollment by invitation of departmental honors committee. Prerequisites: calculus sequence, modern algebra, linear algebra. May be repeated for credit when content is not duplicated. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 4510. Senior Honors Thesis (3).F;S.
Independent study and research. Thesis directed by a member of the Department of Mathematical Sciences. Prerequisites: completion of MAT 3510 and a 3.45 GPA in mathematics. Enrollment by invitation of the departmental honors committee. (WRITING)

MATHEMATICS (MAT)

MAT 0010. Developmental Mathematics (3).F;S.
This course is intended for those persons who have had previous exposure to Algebra but who still have deficiencies and are not prepared for MAT 1010 or MAT 1020. It is mandatory for students whose scores on the mathematics placement test indicate a deficiency. The course content is elementary algebra. Self-development and study skills are emphasized. The course meets five days per week, and counts as three hours credit toward course load and full-time student eligibility, but does not count toward hours required for graduation (see “Institutional Credit”).

MAT 1010. Introduction to Mathematics (4).F;S.
This course is an introduction to mathematical problem solving for the non-technical student. Emphasis is on the development of conceptual understanding rather than on computational drill. Using appropriate computational tools including computers is fundamental to the course. Problems are chosen from personal finance, consumer statistics, and other disciplines in which mathematics is applied. Lecture three hours, laboratory two hours. Not open to students with credit for MAT 1020, MAT 1025, MAT 1030, or MAT 1110. Prerequisite: must pass the placement test or MAT 0010. (CROSS-DISCIPLINARY; NUMERICAL DATA; COMPUTER) (CORE: MATHEMATICS)

MAT 1020. College Algebra with Applications (4).F;S.
A study of the algebraic concepts and their applications. Topics include algebraic relations and functions, equations, exponents and logarithms, inequalities, linear programming, and elementary probability. Problem solving will be emphasized throughout. Not open to students who have credit for MAT 1025, MAT 1030 or MAT 1110. Not appropriate preparation for MAT 1110. Prerequisite: must pass placement test or MAT 0010. (NUMERICAL DATA) (CORE: MATHEMATICS) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 1025. Algebra and Elementary Functions (4).F;S.
An overview of algebraic concepts and a thorough treatment of functions such as rational, logarithmic, exponential, and trigonometric. Included will be a rigorous treatment of analytic geometry. Recommended for students with less than four units of high school mathematics who plan to take MAT 1110. Students may not receive credit for MAT 1020 after receiving credit for MAT 1025. Not open to students who have credit for MAT 1110. Prerequisite: must pass placement test or MAT 0010. (NUMERICAL DATA) (CORE: MATHEMATICS) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 1030. Calculus With Business Applications (4).F;S.
An introduction to the concepts of differentiation and integration with particular emphasis upon their applications to solving problems that arise in business and economics. This course is designed primarily for business and economics majors and is not open to mathematics majors or students with credit for MAT 1110. Prerequisite: MAT 1020 or MAT 1025 or equivalent. (NUMERICAL DATA; COMPUTER) (CORE: MATHEMATICS) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 1110. Calculus With Analytic Geometry I (4).F;S.
A study of limits, continuity, differentiation, applications of the derivative, the differential, the definite integral, the fundamental theorem, and applications of the definite integral. Prerequisite: MAT 1025 (with a grade of "C-" or higher) or equivalent. (NUMERICAL DATA) (CORE: MATHEMATICS) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 1120. Calculus With Analytic Geometry II (4).F;S.
A study of the logarithmic and exponential functions, circular functions and their inverses, techniques of integration, improper integrals, infinite series, Taylor polynomial and power series. Prerequisite: MAT 1110 (with a grade of "C-" or higher). (NUMERICAL DATA) (CORE: MATHEMATICS) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
MAT 2030. Mathematics for the Elementary School Teacher (3).F;S.
This course is an introduction to mathematical concepts, processes, and reasoning for the prospective elementary school teacher. Topics include patterns, relationships, functions, data, probability, and statistics. Not open to mathematics majors or minors. Prerequisite: MAT 1010 or permission of the instructor. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 2110. Techniques of Proof (3).F.
A study of methods of proof used in mathematics. Topics include propositional calculus, predicate calculus, and several first order theories. Prerequisite: MAT 1110 or permission of the instructor. (WRITING)

MAT 2130. Calculus With Analytic Geometry III (4).F;S.
A study of parametric equations, vectors, vector-valued functions, function of several variables, double and triple integrals, and vector analysis. Prerequisite: MAT 1120 (with a grade of "C-" or higher). (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 2240. Introduction to Linear Algebra (3).F;S.
A study of vectors, matrices and linear transformations, principally in two and three dimensions, including treatments of systems of linear equations, determinants, and eigenvalues. Prerequisite: MAT 1120 or permission of the instructor. (COMPUTER)

MAT 2500. Independent Study (1–3).F;S.

MAT 3010. History of Mathematics (2). On Demand.
A study of the development of mathematical thought, mathematics and culture, and the persons who have made significant contributions to these.

MAT 3030. Investigating Mathematics and Learning (3).F;S.
A study of mathematics and learning related to K-6 students and prospective teachers. Topics include the content strand number and operations and process strands connections, communication, problem solving, reasoning and proof, and representation. Selected instructional activities will be designed for implementation with elementary students during field placement experiences (CI 3000/SPE 3000). Prerequisite: MAT 2030. (Same as CI 3030.)

MAT 3110. Introduction to Modern Algebra (3).F;S.
Topics covered include sets, functions, equivalence relations, groups, rings, integral domains, fields and homomorphisms of these structures. Prerequisite: MAT 2240 or permission of the instructor. (WRITING)

MAT 3130. Introduction to Differential Equations (3).F;S.
A theory of ordinary differential equations with applications and classical methods for their solutions including series and Laplace transform techniques. Some numerical methods and differential equations software might be introduced. Prerequisite: MAT 2130, with MAT 2240 recommended.

MAT 3220. Introduction to Real Analysis I (3).F.
A treatment of the calculus of real valued functions of real variables including sequences, limits of function, continuity and differentiation. Prerequisite: MAT 2130 or permission of the instructor. (WRITING)

MAT 3250. A Study of the Integers (2).S.
A study of the integers beginning with the Peano postulates and including the Fundamental Theorem of Arithmetic, Diophantine equations, congruences, Fermat’s and Wilson’s theorems, perfect numbers, Euler’s theorem. Fermat’s conjecture and the Goldbach conjecture. Emphasis will be on the historical as well as the theoretical development of the subject. Prerequisite: MAT 3110 or permission of the instructor.

MAT 3310. Applications of Mathematics (3).F.
A survey of problems in the physical, engineering, biological and management sciences in which undergraduate level mathematics is applied in the formulation and solution. The course offers an opportunity for students to bring all of their mathematical background to bear on some specific real-world problems. Prerequisites: MAT 2130 and MAT 2240 or permission of the instructor. (WRITING; SPEAKING; NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 3330. Financial Mathematics (3).F.
The objective of this course is to help students learn about the theory of interest as covered on the Casualty Actuarial Society (CAS)/Society of Actuaries (SOA) Course 2 examination. Topics include mathematical theory of compound interest, force of interest, annuities,
equations of value, yield rates, amortization, sinking funds, bonds, depreciation, and other topics in finance. The concepts and models that will be discussed are a key part of modern actuarial science. Prerequisite: MAT 1120 or permission of the instructor.

MAT 3500. Independent Study (1–3).F;S.

MAT 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

MAT 3540. Computer Algebra for Learning Mathematics (2).S.
An introduction to computer algebra systems such as Derive, Maple V, and Mathematica. The course will emphasize the use of symbolic algebra as a tool in learning and doing mathematics through the interplay of numeric, graphic, and symbolic calculations. Prerequisite: junior or senior standing or permission of the instructor. (NUMERICAL DATA; COMPUTER) (ND prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 4010. Undergraduate Seminar (1–3). On Demand.
Permission to register must be given by the departmental chair. (WRITING)

MAT 4015. Senior Seminar for Mathematics Majors in Education (3).F;S.
The course will address mathematics content and pedagogy issues of importance to secondary mathematics teachers. Class discussions, group activities, written assignments, and oral presentations will be integral parts of the course. The course will use a problem-solving approach to real world applications of a number of mathematics concepts commonly found in the high school mathematics curriculum. Open to seniors the semester prior to student teaching and to juniors by permission of the instructor. (WRITING; SPEAKING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

An introductory course in the differential geometry of curves and surfaces in space, presenting both theoretical and computational components, intrinsic and extrinsic viewpoints, and numerous applications. The geometry of space-time will also be considered. Prerequisite: MAT 2130.

MAT 4220. Introduction to Real Analysis II (3).S.
A continuation of MAT 3220, including the Riemann integral, infinite series, and sequences and series of functions. Prerequisite: MAT 3220. (SPEAKING)

MAT 4310. Numerical Methods (3).S.
Development and application of numerical methods. Topics covered include computer arithmetic and error, interpolation and approximation, roots of nonlinear equations, and numerical integration. Also covered: solution techniques for either linear systems of equations or ordinary differential equations. Prerequisite: CS 1440 or equivalent; MAT 2130. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

MAT 4330. Senior Seminar in Actuarial Sciences (2).S.
A course designed to provide majors in Actuarial Sciences the opportunity to study actuarial problems from a variety of sources. The emphasis will be on the oral and written presentation of results. The course should prepare the student for making the transition from
academic courses to actuarial practice. Students taking this course should have completed most of the Actuarial Sciences curriculum. Students are also encouraged to register for at least one Society of Actuaries professional exam during this course. Prerequisite: MAT 3330. Corequisite: STT 4865. (WRITING)

**MAT 4340. Introduction to Operations Research** (3). On Demand.
A thorough study of linear programming including duality theory and sensitivity analysis. At least two other topics related to mathematical applications in the management sciences queuing theory, Markov processes, game theory, decision analysis, network analysis, etc. will be covered. Prerequisites: MAT 2240 and either STT 3850 or STT 4250. [Dual-listed with MAT 5340.]

**MAT 4400. Senior Research** (1–3). F; S.
A research project under the supervision of a mathematics faculty mentor. Written updates of progress will be completed every five weeks. A formal, typeset technical report of the results is to be submitted to the faculty upon completion of the project. Students cannot receive credit for both MAT 4510 and MAT 4400. Prerequisite: one 4000-level mathematics course. (WRITING)

**MAT 4410. Fractals and Chaos** (3). S.
An introduction to fractal geometry and chaos theory. Topics include fractal definition, self-similarity, dimension, generation of fractals, iteration of functions, dynamical systems, chaos definition, and attractors. Prerequisite: MAT 2130 or MAT 2240.

**MAT 4560. Methods of Applied Mathematics** (3). On Demand.
The content may vary depending on the instructor. Suggested topics are: Fourier series; Sturm-Liouville problems; special functions and transforms; partial differential and nonlinear differential equations with applications; numerical methods. Prerequisites: MAT 3130 with MAT 3220 recommended. Knowledge of computers might be helpful. [Dual-listed with MAT 5360.]

Usual topics include: power series solutions; special functions; methods and theory of systems; existence and uniqueness theorems and continuations of solutions; Sturm theory; nonlinear differential equations; numerical methods. Prerequisites: MAT 2240, MAT 3130, with MAT 3220 recommended. [Dual-listed with MAT 5370.]

Topics include: classification and properties of elliptic, hyperbolic, and parabolic equations; separation of variables; Laplace and Fourier transforms; initial and boundary value problems; eigenfunction expansions; solution of Laplace, wave and heat equations; and solitons. Prerequisite: MAT 3130. MAT 3220 recommended. [Dual-listed with MAT 5380.]

**MAT 4610. Foundations of Geometry** (2). SS.
A treatment of projective geometry including both the synthetic and the analytic approach. Also to be considered is a study of the relation of Euclidean, affine and hyperbolic geometrics to projective geometry. Prerequisites: MAT 2240 and MAT 3610. [Dual-listed with MAT 5961.]

**MAT 4710. Introduction to Topology** (3). F.
A study of the basic concepts of general topological space including such topics as compactness, connectedness, product spaces, metric spaces, and continuous functions. Prerequisite: MAT 3110. (SPEAKING) [Dual-listed with MAT 5710.]

**MAT 4720. Abstract Algebra** (3). F.
A study of group theory including quotient groups, the fundamental theorem of finite Abelian groups, and the Sylow theorems. Includes an introduction to rings with emphasis on Euclidean rings and other principal ideal domains. Prerequisite: MAT 3110 or permission of the instructor. (SPEAKING) [Dual-listed with MAT 5210.]

**MAT 4910. Informal Geometry** (3). F.
An informal treatment of all aspects of geometry. The topics considered include congruence, measure of segments and angles, constructions, parallels and parallelograms, similarity, space geometry, areas and volumes, and measurements related to circles. Prerequisite: MAT 3910 or MAT 3920 or permission of the instructor. (SPEAKING) [Dual-listed with MAT 5965.]

This course examines the concepts underlying the elementary and middle school curriculum in probability and statistics. Probability models will be studied using both mathematical approaches and simulations. Statistics will be presented as a problem solving process involving question formulation, data collection, data analysis and the interpretation of results. Prerequisite: MAT 3910 or MAT 3920 or permission of the instructor. [Dual-listed with MAT 5935.]

**MAT 4990. Numerical Linear Algebra** (3). On Demand.
Methods for solving systems of linear equations with an emphasis on large, sparse systems. LU factorization including storage
schemes, graph theory, ordering algorithms, and block factorization. Iterative methods including Jacobi, SOR, and conjugate gradient. Eigenvalue methods including power method, QR factorization, and Lanczos methods. Parallel matrix computations. Prerequisite: MAT 4310. (Same as CS 4990/CS 5990.) [Dual-listed with MAT 5390.]

**STATISTICS (STT)**

**STT 1810. Basic Statistics** (3).F;S.
An introduction to statistical problem solving. Topics include organization and presentation of data; measures of location, variation, and association; the normal distribution, sampling distributions, and statistical inference. Emphasis will be on conceptual understanding and interpretation of results rather than theoretical development. Statistical software will be utilized in the analysis of data and in the development of statistical and probabilistic concepts. Not open to students with credit for STT 2810 or STT 3850. Prerequisite: MAT 1010 or equivalent. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**STT 2810. Introduction to Statistics** (3).F;S.
An introduction to statistical problem solving and methodology. Topics include tabulation and graphical representations of univariate and bivariate data; probability, statistical distributions, confidence intervals and hypothesis testing. Emphasis will be on conceptual understanding and interpretation of results rather than theoretical development. Statistical software will be utilized in the analysis of data and in the development of statistical and probabilistic concepts. Not open to students with credit for STT 1810 or STT 3850. Prerequisite: MAT 1010 or equivalent. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**STT 3500. Independent Study** (1–4).F;S.

**STT 3520. Instructional Assistance** (1).F;
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

**STT 3530-3549. Selected Topics** (1–4). On Demand.

**STT 3820. Statistical Methods I** (3).F.
A continuation of STT 2810. A study of both parametric and non-parametric statistical methods and inferential procedures. Topics include: robust procedures for single parameter inference; techniques for comparing two distributions; inference in the simple regression model based on least squares analysis; robust alternatives to least squares line fitting; error rates and power. Emphasis is on a non-theoretical development of statistical techniques and on the interpretation of statistical results. Statistical software will be utilized in the analysis of data. Prerequisite: STT 2810 or equivalent. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**STT 3830. Statistical Methods II** (3).F.
A continuation of STT 3820. A study of both parametric and non-parametric statistical methods and inferential procedures. Topics include: contingency table analysis; analysis of variance; experimental design; selected topics from multiple regression; error rates and power. Emphasis is on a non-theoretical development of statistical techniques and on the interpretation of statistical results. Statistical software will be utilized in the analysis of data. Prerequisite: STT 3820 or equivalent. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**STT 3840. Elementary Probability and Survey Sampling** (3).S.
The course begins with an introduction to discrete probabilities and related applications. In particular, the application of probability to sampling is studied in detail. The remainder of the course is devoted to the theory of sampling and sampling techniques. Applications are highlighted through examples and illustrated problems. Prerequisite: STT 2810 or permission of the instructor. (WRITING)

**STT 3850. Statistical Data Analysis** (4).F;S.
This course provides an overview of modern statistical data analysis. Programming with data, including simulations and bootstrapping, will be an integral part of the course. Techniques for parsing univariate and multivariate data sets will be examined. Coverage of probability, random variables, standard probability distributions and statistical sampling distributions will be sufficient to prepare the student for statistical inference. Inferential topics will include parameter estimation, hypothesis testing for proportions, means and medians, goodness of fit tests, and tests for independence. Standard and computationally intensive regression techniques will also be covered. Prerequisite: MAT 1110. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
STT 4250. Probability Modeling with Applications (3). On Demand.
An introduction to probability modeling. Topics include a study of sample spaces, counting rules, conditional probability and independence, random variables and their properties, and applications. Prerequisite: MAT 1120.

STT 4811. Statistical Concepts and Applications I (3).F.
This course introduces students at the post-calculus level to statistical concepts, applications, and theory. Topics include: comparisons with categorical and numerical data, statistical significance, sampling and sampling distributions, and randomized experiments. Statistical concepts will be developed through simulations, and applications will focus on statistical problem-solving. The course will introduce prospective teachers to the content and pedagogy recommended by the National Council of Teachers of Mathematics’ Standards and the American Statistical Association’s Guidelines with regard to statistics and probability at the introductory level. Prerequisite: MAT 1120. (NUMERICAL DATA; COMPUTER) [Dual-listed with STT 5811.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

This course is a continuation of STT 4811. Topics include: exploring and modeling relationships, comparing several populations, combinatorial analysis, axiomatic probability, and conditional probability. Statistical concepts will be developed through simulations, and applications will focus on statistical problem-solving. The mathematical foundations of probability will be developed and explored through simulations. The course will prepare prospective teachers to implement the National Council of Teachers of Mathematics’ Standards and the American Statistical Association’s Guidelines with regard to statistics and probability at an intermediate level. Prerequisite: STT 4811. (NUMERICAL DATA; COMPUTER) [Dual-listed with STT 5812.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

STT 4820. Design and Analysis of Experiments (3).F. Odd–numbered years.
The course begins with a review of sampling, sampling distributions, and simple comparative experiments. Single factor experiments with both fixed and random effects are considered. Designs illustrated include randomized blocks, latin squares and factorial experiments. Mixed models and rules for expected mean square are presented. Model adequacy, sample size considerations, power determinations and restrictions on randomization procedures are discussed. The use of statistical software packages is integrated throughout the course. Prerequisite: STT 3820, or permission of the instructor. (WRITING) [Dual-listed with STT 5820.]

STT 4830. Linear Regression Models (3).F.
An introduction to least squares estimation in simple and multiple regression models. The matrix approach is used in the more general multiple regression model. Considerable attention is given to the analysis of variance, aptness of the model tests, residual analysis, the effects of multicollinearity, and variable selection procedures. Prerequisites: MAT 2240 and STT 3830. (WRITING; NUMERICAL DATA; COMPUTER) [Dual-listed with STT 5830.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

A development of the mathematical foundations of probability and statistical inference. Topics include data collection and organization, counting techniques, axiomatic probability, discrete probability distributions, continuous probability distributions, sampling distributions, point and interval estimation, and tests of hypotheses on a single parameter. Prerequisite: MAT 2130. [Dual-listed with STT 5860.]

STT 4865. Statistical Inference II (3). On Demand.
A continuation in the development of the mathematical foundations of statistical inference. Topics include estimation and tests of hypotheses based on two samples, analysis of variance, simple linear regression and correlation, the analysis of categorical data, and distribution free procedures. Prerequisite: STT 4860/STT 5860. [Dual-listed with STT 5865.]

STT 4870. Senior Seminar in Statistics (2). On Demand.
A course designed to provide majors in statistics and other related fields the opportunity to study statistics problems from a variety of sources and to examine their statistical analyses. The emphasis will be on the oral and written presentations of statistical results. The course should prepare the student for making the transition from academic courses to statistical practice. Students taking this course should have completed most of the courses offered in the statistics curriculum. Prerequisite: permission of the instructor. (WRITING; SPEAKING)
Philosophy and Religion

Department of Philosophy and Religion (PHI/REL)
Conrad E. Ostwalt, Jr., Chair

The objectives of the Department of Philosophy and Religion are to provide students with a critical study of historical and contemporary figures and ideas in philosophy and religious studies; to promote critical examination of and reflective discourse about important ideas, institutions, and practices that have shaped and continue to shape our world; and to cultivate the skills necessary for advancing knowledge in the disciplines of philosophy and religion.

In keeping with these objectives, the department offers two undergraduate majors and minors: a major and minor in Philosophy, and a major and minor in Religious Studies. For participants in the graduate program, a limited amount of graduate work is available, including a graduate minor in Philosophy, and one in Religious Studies. The graduate minors are designed for students on an individual basis. For further information, contact the departmental chair.

Philosophy provides an opportunity to study and critically engage with ideas that have grounded historical and contemporary understanding of the nature of knowledge, truth, power, reality, beauty, mind, body, identity, experience, justice, and morality. A degree in Philosophy prepares students to clarify complex issues; to reason clearly, critically, and persuasively; and to analyze and solve problems.

Religious Studies provides an opportunity to study and critically engage religious beliefs, practices, and institutions that have shaped our world. A degree in Religious Studies prepares students to participate in the academic study of religion; to understand and interrogate ideas informing diverse religions in the world; and to engage in clear and critical discussion of religious issues.

Honors Program in Philosophy and Religious Studies
The Department of Philosophy and Religion offers an honors program comprised of courses at the introductory, intermediate, and advanced levels. Special honors sections in philosophy will be designated from the following courses: PHL 1000, PHL 1100, PHL 2000. Special honors sections in religious studies will be designated from the following courses: REL 1110, REL 2010, REL 2020. The Senior Honors Thesis courses, PHL 4510 or REL 4510, are offered exclusively as honors courses. Invitation to enrollment in honors courses may be extended to any qualified student. However, to graduate with "honors in philosophy" or "honors in religious studies," a student must be a Philosophy major or a Religious Studies major who has completed at least 9 semester hours of work in departmental honors courses with a cumulative GPA of 3.4 or above in those courses. Three of the hours taken must be either PHL 4510 or REL 4510, Senior Honors Thesis. For additional details regarding honors in philosophy and honors in religious studies, contact the Director of Departmental Honors, Dr. Sandie Gravett.

Internship Program
The department offers an internship program to augment the academic program of majors and minors who will be seeking employment upon graduation. Internship programs are devised on an individual basis. For more information, contact Dr. Bill Hutchins, Director of the department’s Internship Program.

Philosophy
The Bachelor of Arts degree in Philosophy requires a minimum of 122 semester hours for the degree. A minor is also required. In addition to the core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are also required.

To earn the Bachelor of Arts degree, a student must complete six semester hours of the second year of a foreign language or higher.

The Bachelor of Arts degree in Philosophy (101A/38.0101) consists of 37 semester hours, including PHL 1000, PHL 1100, PHL 2800, PHL 3000, PHL 3200, either PHL 3300 or PHL 3400, PHL 4300, PHL 4549, and PHL 4700. The remaining 12 semester hours are electives in Philosophy. A candidate for the Bachelor of Arts degree may count NOT more than 40 hours above core curriculum requirements in Philosophy.

Required courses (25 semester hours):
- PHL 1000 Introduction to Philosophy (3 s.h.)
- PHL 1100 Logic I (3 s.h.)
- PHL 2800 Library and Information Research in Philosophy (1 s.h.)
Philosophy and Religion

PHL 3000 Ancient Philosophy (3 s.h.)
PHL 3200 Modern Philosophy (3 s.h.)
PHL 3300 Recent Anglo/American Philosophy (3 s.h.) or PHL 3400 Contemporary Continental Philosophy (3 s.h.)
PHL 4300 Ethical Theory (3 s.h.)
PHL 4549 Seminar (3 s.h.)
PHL 4700 Senior Research: Philosophy (3 s.h.)
Plus, four electives in Philosophy (12 s.h.)

Minor in Philosophy (266/38.0101)
A minor in Philosophy consists of 18 semester hours, including PHL 1000, PHL 1100, one PHL course at the 2000 level, one PHL course at the 3000 level, one PHL course at the 4000 level, and one PHL elective above the 1000 level.

Religious Studies
The Bachelor of Arts degree in Religious Studies requires a minimum of 122 semester hours for the degree. A minor is also required. In addition to the core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives OUTSIDE the major discipline are also required.

To earn the Bachelor of Arts degree, a student must complete six semester hours of the second year of a foreign language or higher.

The Bachelor of Arts degree in Religious Studies (102A/38.0201) consists of 36 semester hours, 18 of which must be at the 3000 level or above. A candidate for the Bachelor of Arts degree may count NOT more than 40 hours above core curriculum requirements in Religious Studies.

Students may choose and combine courses from either of the following two focus areas in Religious Studies: Religion and Literature or Religion and Culture. All Religious Studies majors must complete REL 1010 or REL 1110; and REL 3700 and REL 4700.

Religion and Literature Focus Area
REL 1010 Introduction to Religion and Literature (3 s.h.)
REL 2010 Biblical Literature: The Hebrew Scriptures (3 s.h.)
REL 2020 Biblical Literature: The New Testament (3 s.h.)
REL 2030 Islamic Literature (3 s.h.)
REL 2040 Asian Religious Literature (3 s.h.)
REL 3010 Prophecy in Ancient Israelite Literature (3 s.h.)
REL 3020 The Life and Letters of Paul (3 s.h.)
REL 3030 Women in the Biblical Tradition (3 s.h.)
REL 3700 Research and Methods in Religious Studies (3 s.h.)
REL 4015 Biblical Interpretation (3 s.h.)
REL 4700 Senior Seminar (Literature) (3 s.h.)

Religion and Culture Focus Area
REL 1110 Religions of the World (3 s.h.)
REL 2110 Judaism (3 s.h.)
REL 2120 Christianity (3 s.h.)
REL 2130 Islamic Religion and Culture (3 s.h.)
REL 2140 Hinduism (3 s.h.)
REL 2150 Buddhism (3 s.h.)
REL 3000 Minds, Brain, and Religion (3 s.h.)
REL 3110 Religion in America (3 s.h.)
REL 3120 African Thought (3 s.h.)
REL 3130 Zen Buddhism (3 s.h.)
REL 3700 Research and Methods in Religious Studies (3 s.h.)
REL 3720 Study Tour Abroad (3 s.h.)
REL 4115 Religion and Cultural Forms (3 s.h.)
REL 4700 Senior Seminar (Culture) (3 s.h.)

A STUDENT MAJORING OR MINORING IN RELIGIOUS STUDIES MUST OBTAIN CREDIT FOR ONE COURSE IN LITERATURE OUTSIDE THE DEPARTMENT. If a student has satisfied the core curriculum requirement of one course in literature by taking one or more courses in religious studies counting towards this requirement, she or he will be allowed to count them toward the major, but must obtain additional credit in literature equal to that counted toward the major.
Minor in Religious Studies (103/38.0201)
A minor in Religious Studies consists of 18 semester hours. Students must take either REL 1010, Introduction to Religion and Literature ((3 s.h.)); or REL 1110, Religions of the World ((3 s.h.)). A minimum of two ((3 s.h.)) courses must be at the 3000 level or above, at least one of which must be REL 4700, Senior Seminar. The remaining nine semester hours may be chosen from REL electives at any level. A student minoring in Religious Studies must also have a literature course outside the department (which is not included in the required 18 s.h. for the minor).

Courses of Instruction in Philosophy and Religious Studies (PHL, REL)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

PHILOSOPHY (PHL)

PHL 1000. Introduction to Philosophy (3).F;S.
A general introduction to the basic patterns and methods of philosophy as presented through representative thinkers. (CORE: HUMANITIES)

PHL 1040. Critical Thinking Skills (3).F;S.
An introduction to the art of critical thinking, including identifying problems, locating assumptions and analyzing their impact on the products of thought, assessing causal claims, learning problem solving strategies, and examining creativity. (WRITING) (CORE: HUMANITIES)

PHL 1100. Logic I (3).F;S.
This course is an introduction to logical reasoning. It will include the study of truth-functions, translations of English sentences into logical notation, truth-tables, deductions, and some fallacy identification. The concepts of validity, consistency, tautology, contradiction, and logical equivalence are introduced. Additional topics, such as category syllogisms, inductive reasoning, and quantification may be included at the discretion of the instructor. (CORE: HUMANITIES)

PHL 2000. Philosophy, Society, and Ethics (3).F;S.
An introduction to ethical reasoning and an examination of moral problems in contemporary social issues. (CORE: HUMANITIES)

PHL 2013. Humanities: Arts & Ideas (3).F.
A course which concentrates on the interplay of art and philosophy in the ancient through contemporary cultures. Lecture three hours. (Same as ART 2013/MUS 2013.) (WRITING: MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

PHL 2015. Environmental Ethics (3).F.
This course is an introduction to the ethical dimensions of environmental issues. Students will have the opportunity to study theoretical perspectives such as deep ecology, ecofeminism, Native American views of the land, and social ecology. The course will also consider environmental ethical issues such as the moral status of nature, pesticide use, environmental racism, the treatment of animals, deforestation, world population growth, and what it means to live an ecologically responsible life. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

PHL 2100. Logic II (3).S.
A study of some major systems of logic, including a formal study of truth functions and quantification. The notions of proof, theorem and axiom are defined and some theory of logic is included. At the discretion of the instructor, additional topics may be included (for example, the logic of relations, boolean algebra systems, modal logic, the logic of probability or inductive logic). Prerequisite: PHL 1100 or permission of the instructor.

PHL 2500. Independent Study (1–4).F;S.

PHL 2800. Library and Information Research in Philosophy (1).F.
This course focuses on developing skills in information-finding and other research techniques. These skills will be used to conduct research and to build a foundation for life-long learning. Students will become familiar with the scholarly and professional resources for philosophical research, both traditional and electronic. (COMPUTER)
### Philosophy and Religion

**PHL 3000. Ancient Philosophy** (3).F.
A study of the major philosophers of Greece and Rome including the pre-Socratics, Socrates, Plato, Aristotle, the Stoics, the Epicureans, and the skeptics. Prerequisite: one course in philosophy or consent of the instructor. (WRITING; MULTI-CULTURAL)

**PHL 3013. Philosophy of Art and Beauty** (3).S.
A study of the nature and value of beauty, uniqueness, and creativity in art, nature and human affairs. Prerequisite: PHL 2013/ART 2013/MUS 2013 or consent of the instructor. (WRITING; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

**PHL 3030. Feminist Philosophy** (3).S.
This course examines conceptual and normative issues in contemporary feminist theory. Issues to be discussed include power and the production of knowledge, resistance, violence against women, sex and gender, the interrelatedness of gender, race, class, and sexuality, body image, the personal as political, and the relation between feminist theory and activism. The class also considers western and non-western feminist discussion of these themes. The goal is for each student to gain an appreciation of the diversity and complexity of feminist thought, as well as insight concerning the relation between women’s experiences and feminist theorizing. (WRITING; MULTI-CULTURAL)

**PHL 3200. Modern Philosophy** (3).S.
A study of views of eminent philosophers of the seventeenth and eighteenth centuries, including Descartes, Hume, and Kant. Prerequisite: one course in philosophy or consent of the instructor. (WRITING; MULTI-CULTURAL)

**PHL 3300. Recent Anglo/American Philosophy** (3).S.
This course is a study of recent American Philosophical Thought beginning with recent Anglo/European Philosophical movements which have led to American Philosophical movements including: pragmatism, philosophical analysis, behaviorism, scientific realism, and relativism. Philosophical writing may be drawn from such philosophers as: Carnap, Russell, Wittgenstein, Moore, Ayer, Ryle, Austin, Dewey, James, Quine, Goodman, Putnam, and Rorty. (WRITING)

**PHL 3400. Contemporary Continental Philosophy** (3).F.
This course examines some important philosophers and movements in continental philosophy. Philosophical movements such as Phenomenology, Existentialism, Critical Theory, Feminism, Postcolonial Theory, and Poststructuralism will be discussed. (WRITING; MULTI-CULTURAL)

**PHL 3500. Independent Study** (1–4).F;S.

**PHL 3520. Instructional Assistance** (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

**PHL 3530–3549. Selected Topics** (1–4). On Demand.

**PHL 3550. Philosophy of Mind** (3).S.
This course will examine some fundamental questions that arise in the philosophy of mind: What does it mean to say that a person has a mind? Are mental states (such as beliefs and desires) nothing but brain states, or are they states of a different kind? Do robots or animals have minds? The course will also provide a historical survey of various philosophical theories of mind, including substance dualism, philosophical and methodological behaviorism, identity theories, functionalism and connectionism. (WRITING; CROSS-DISCIPLINARY)

**PHL 3600. Philosophy of Science** (3).S.
An investigation of the foundations, structure, actual attainments, and ideals of the sciences. Prerequisite: one course in science or science education or philosophy or consent of the instructor. (WRITING) (CORE: HUMANITIES)

**PHL 4000. Nature of Knowledge** (3).S.
A study of the traditional problems of the origin, nature, and limitations of knowledge. What do we know and how do we know it? Prerequisites: PHL 2800 and one additional course in philosophy or consent of the instructor. (WRITING)

**PHL 4300. Ethical Theory** (3).F.
An examination of some major ethical theories and issues raised in relation to epistemology and language, such as the status of knowledge in ethics and the function of ethical language. Prerequisites: PHL 1000, PHL 2000, and PHL 2800, or consent of the instructor. (WRITING)
PHL 4510. Senior Honors Thesis (3). On Demand.
Independent study and research, directed by a member of the Philosophy faculty in the Department of Philosophy and Religion and a member of another department appropriate to the topic selected by the student. Prerequisites: PHL 2800 and completion of six semester hours of Honors work below the 4000 level. (WRITING)

PHL 4549. Seminar (3).F.
An intensive study of special problems, topics, or issues related to the study of philosophy. The subject matter of this course will vary and barring duplication of subject matter, a student may repeat the course for credit. Prerequisites: PHL 2800 and one additional course in philosophy or consent of the instructor. (WRITING; SPEAKING) [Dual-listed with PHL 5649.]

PHL 4700. Senior Research: Philosophy (3).S.
Designed for majors in Philosophy. Development and completion of an independent research project in the context of a seminar in which the student's ideas, drafts and thesis are questioned and defended. In addition to the discussion of each student's work, issues regarding the nature of philosophy will be discussed. This course provides an opportunity to utilize philosophical skills in a systematic analysis of a philosophical problem. Each student will develop a thesis to be presented and defended in a public forum. Prerequisites: PHL 2800 and one additional course in philosophy. (WRITING; SPEAKING)

PHL 4900. Internship (3-6). On Demand.
Field work in applied philosophy. Proposal must be approved by the philosophy faculty. Graded on an S/U basis. Prerequisite: PHL 2800.

REL 1010. Introduction to Religion and Literature (3).F.
This course introduces the sacred texts and other writings of religious significance that contribute to the major religions of the world. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

REL 1110. Religions of the World (3).F;S.
This course introduces the major living religions of the world. (MULTI-CULTURAL) (CORE: HUMANITIES)

REL 1530-1549. Selected Topics (1–4). On Demand.

An analysis of Old Testament literature as the product of the life of the Hebrew people, students will have the opportunity to examine selected documents in terms of their literary structure, historical context, and religious perspective. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

An analysis of early Christian literature as the product of the lives of the first followers of Jesus Christ. Students will have the opportunity to examine selected documents in terms of their literary structure, audience, historical context, religious perspective, and their relation to the broader Christian community and Western culture. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

REL 2030. Islamic Literature (3).S.
An exploration of the Qur’an and of works that have shaped, illustrated, or supplemented Islamic beliefs and practices. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

REL 2040. Asian Religious Literature (3).F.
A study of some of the great writings from the Hindu, Buddhist, Confucianist, Daoist, and some select other Asian Religions from the ancient time until the present. (MULTI-CULTURAL) (CORE: HUMANITIES/LITERATURE)

REL 2110. Judaism (3).F.
An examination of the history, literature, and faith of post-exilic Judaism, with concentration on selected topics and periods. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)

REL 2120. Christianity (3).S.
An exploration of Christianity from the early period through the Enlightenment and rise of contemporary Christian movements, students will explore the history of the church, its doctrinal emphases, and its practice in a variety of locations and time periods. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)
REL 2130. Islamic Religion and Culture (3).F.
A selective survey of the religion and its expression in Islamic civilization from the time of the prophet Muhammad to the contemporary Islamic revival. (MULTI-CULTURAL) (CORE: HUMANITIES)

REL 2140. Hinduism (3).F.
An interdisciplinary examination of complex Hindu religious and philosophical traditions from Vedic culture to the contemporary period, covering such topics as deity, guru, cosmos, body, ritual, karma, dharma, and yoga. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)

REL 2150. Buddhism (3).S.
An interdisciplinary examination of the Theravada, Mahayana, and Vajrayana systems of Buddhist thought and practice, charting their development on the South Asian subcontinent and eventual emergence as a religio-cultural force in East Asia, Europe, and North America. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)

REL 2500. Independent Study (1–4).F;S.

REL 3000. Minds, Brain, and Religion (3).S.
An introduction to the psychological study of religious belief, experience, and behavior through a survey of various sub-disciplines within psychology: e.g., Freudian psychoanalysis, existential psychology, object relations theory, attachment theory, cognitive psychology, and evolutionary psychology. Prerequisite: REL 1110 or permission of the instructor. (CROSS-DISCIPLINARY)

REL 3010. Prophecy in Ancient Israelite Literature (3).S.
A study of the prophetic movement and its literature in the Hebrew Scriptures. Prerequisite: REL 2010 or permission of the instructor. (WRITING; MULTI-CULTURAL)

REL 3020. The Life and Letters of Paul (3).F.
A study of Paul’s life and his role in shaping early Christianity. Prerequisite: REL 2020 or permission of the instructor. (WRITING; MULTI-CULTURAL)

REL 3030. Women in the Biblical Tradition (3).F.
This course provides an extensive inquiry into women’s stories and images in the Hebrew Bible, New Testament and Apocrypha. Feminist biblical criticism will be emphasized along with a careful study of what we can know about the lives of women in the periods in which these texts were composed. Prerequisite: REL 2010 or REL 2020 or permission of the instructor. (WRITING; CROSS-DISCIPLINARY)

REL 3110. Religion in America (3).F.
An examination of religious beliefs and practice in the United States. Prerequisite: REL 1110 or permission of the instructor. (WRITING)

REL 3120. African Thought (3).S.
A selective survey of insights, systems of thought, and cosmologies of traditional folk religions, of African versions of global religions and of contemporary intellectuals. Prerequisite: REL 1110 or permission of the instructor. (MULTI-CULTURAL)

REL 3130. Zen Buddhism (3).S.
An exploration of the impact of Zen Buddhism upon Western cultures through materials drawn from Zen literatures, Western writings about Zen, and paintings. Prerequisite: REL 2040 or REL 2140 or permission of the instructor. (WRITING; MULTI-CULTURAL)

REL 3500. Independent Study (1–4).F;S.

REL 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

REL 3700. Research and Methods in Religious Studies (3).S.
An introduction to major issues and the methods employed in the academic study of religion. Students will focus on acquiring the skills necessary to accomplish research in the field of religious studies. Prerequisite: REL 1010 or REL 1110. (WRITING)
Philosophy and Religion

REL 3720. Study Tour Abroad (3-6). S; SS. On Demand.
An intensive course exploring religious ideas and expression at a remote site. Locations have included, but are not limited to, Israel, Jordan, Greece, France, and Italy.

REL 4015. Biblical Interpretation (3). S.
An intensive examination of methods and issues in biblical interpretation, with extensive experience in the interpretation of specific biblical texts from both testaments. Major issues in the history of interpretation will be discussed, with emphasis on contemporary methods. Prerequisites: REL 2010 or REL 2020 and junior or senior status, or permission of the instructor. (WRTING)

REL 4115. Religion and Cultural Forms (3). S.
An examination of the way religious themes and issues have found expression in various types of cultural forms such as literature, art, myth, ritual, etc. (WRTING; CROSS-DISCIPLINARY)

REL 4510. Senior Honors Thesis (3). On Demand.
Independent study and research. Honors thesis directed by a faculty member in Religious Studies and a member of an affiliated department appropriate to the topic selected by the student. Prerequisite: completion of six semester hours of Honors work below the 4000 level. (WRTING)

REL 4700. Senior Seminar (3). F; S.
An intensive study of special problems, topics, or issues related to the study of religion. The subject matter of this course will vary with the topic selected being focused on literature in the fall and culture in the spring. Prerequisite: completion of at least six semester hours of religious studies (REL) course work on the 3000 or 4000 level including REL 3700. (WRTING; SPEAKING)

REL 4900. Internship (3-6). On Demand.
Graded on an S/U basis.
The objectives of the Department of Physics and Astronomy are:
1. To prepare students for a variety of careers which require a technical background or for studies at the graduate level
2. To provide service courses at appropriate levels for students in many disciplines

The versatility of physicists is a result of a basic education which emphasizes fundamental phenomena in nature. Understanding these fundamentals allows a physicist to attack a wide range of problems in many different fields, from energy resources and the environment to transportation and communications.

By taking appropriate physics courses, one can simultaneously learn about the physical side of nature in a most general way, acquire useful specific knowledge, and satisfy core curriculum science requirements.

In keeping with these objectives, three undergraduate degrees and an M.S. degree in Applied Physics are offered. Minors are offered for both the undergraduate and the graduate student.

A pre-engineering curriculum (see the College of Arts and Sciences section of this catalog) provides preparation necessary for transfer into engineering programs both in North Carolina and elsewhere.

All majors in Physics and Astronomy require a minimum of 122 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum and major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in Physics (269A/40.0801) consists of a minimum of 36 semester hours in physics including PHY 1150-1151 or PHY 1103-1104; PHY 2010-2020, PHY 2210, PHY 3010-3020, PHY 4210 and seven to nine semester hours of physics electives. Also required are CHE 1101, CHE 1110 and CHE 1102, CHE 1120 and MAT 1110, MAT 1120, MAT 2130, and MAT 3130. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in physics.

The Bachelor of Science degree in Physics (without teacher licensure) (270*/40.0801) with a concentration in Applied Physics (270B) consists of a minimum of 32 semester hours in physics including PHY 1150-1151 or PHY 1103-1104; PHY 2010-2020, PHY 2210, PHY 3210, PHY 4210; MAT 1110, MAT 1120, MAT 2130; and at least 18 semester hours in an emphasis area. A committee consisting of two faculty members from physics must advise each student individually and approve a program of study and any subsequent modifications. Some suggested core emphasis areas are: astrophysics, geophysics, environmental physics, engineering electronics, radiation safety physics, medical physics, technical management, industrial physics, computational physics, mathematical physics, and technical writing. The technical management emphasis includes all those core courses that are prerequisite to the Master of Business Administration (MBA) degree in the Walker College of Business. (See the Graduate Bulletin for details regarding the MBA). Many other combinations for emphasis areas are possible and will be developed in consultation with the departmental chair and the faculty advisory committee.

The Bachelor of Science degree in Physics, Secondary Education (266A/13.1329)[T] with teacher licensure requires a minimum of 32 semester hours in physics (including PHY 1103-PHY 1104 or PHY 1150-PHY 1151, PHY 2010-PHY 2020, PHY 2210, PHY 3210, PHY 3521, PHY 4210, and five to seven semester hours of physics electives (PHY 3400, and either AST 1001, PHY 4730 or PHY 4330 being recommended), plus BIO 1100, GLY 1101, CHE 1101, CHE 1110 and CHE 1102, CHE 1120, MAT 1110, MAT 1120, MAT 2130, CHE 1102, MAT 3130, and GS 4403 and GE 4630 (minimum grade of “C” required in GS 4403 and GE 4630). Graduates of this program have North Carolina secondary science licensure (Grades 9-12) and are licensed to teach both physics and physical science.

A person with teacher licensure in physics may obtain an endorsement (Grades 9-12) in chemistry or biology or geology by taking a minimum of 12 semester hours in one of those areas. An endorsement in mathematics may be obtained by taking a minimum of 18 semester hours of mathematics courses.

A person licensed in another science may obtain a physics endorsement by taking a minimum of 12 semester hours of physics courses. For those licensed in other fields, a minimum of 18 semester hours in physics is required for the physics endorsement. A teacher with an endorsement may teach up to one-half of her/his course load in the endorsed area.

For information on the professional education requirements for secondary education licensure, see Department of Curriculum and Instruction.
An undergraduate minor in Physics (270/40.0801) (16–18 semester hours) consists of PHY 1103-PHY 1104 or PHY 1150-PHY 1151 and any eight semester hours of electives in physics numbered 2000 and above.

An undergraduate minor in Astronomy (207/40.0801) (22–24 semester hours) consists of AST 1001-AST 1002 and either PHY 1103-PHY 1104 or PHY 1150-PHY 1151. Also required are six semester hours of electives in astronomy at the 2000 level and above.

Honors Program in Physics and Astronomy
The Department of Physics and Astronomy offers an honors program which culminates in a senior honors research and thesis course (PHY 4510 or AST 4510) open to majors in physics and astronomy with an outstanding undergraduate record. In order to graduate with "honors in physics and astronomy," a student must have a minimum GPA of 3.45, overall and in physics and astronomy and must take nine semester hours of honors credits, including PHY 3560 or AST 3560, PHY 4002, and PHY 4510 or AST 4510 (with a grade of "B" or higher). In order to graduate with "highest honors in physics and astronomy," a student must have a minimum GPA of 3.65 overall and in the major and must successfully complete PHY 4510 or AST 4510 (with a grade of "A"). Students may arrange to take specific additional physics and astronomy courses on an honors basis by negotiating an honors contract with the course instructor before class begins. The honors contract, which must be approved by the Department of Physics and Astronomy Honors Committee, allows the student to receive honors credit for a regular course in physics or astronomy by specifying the additional assignments that the student must perform in order to receive honors credit. Additional information may be obtained from the departmental honors director or the departmental chair.

Master of Science degree in Applied Physics
The Department of Physics and Astronomy offers an M.S. degree in Applied Physics. Students interested in this degree are requested to consult the Graduate Bulletin for further information.

A graduate minor in Physics consists of 8–12 semester hours selected from physics offerings numbered 4500 and above.

Courses of Instruction in Physics and Astronomy (GSP, GSA, PHY, AST)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

GENERAL SCIENCE PHYSICS (GSP)

GSP 1010. Contemporary Physics (2).F;S.
A course in a series of four science mini-courses for the non-science major. (EACH MINI-COURSE LASTS FOR ONE-HALF SEMESTER. STUDENTS SHOULD BE ADVISED TO REGISTER FOR TWO MINI-COURSES IN ONE SEMESTER TO TOTAL FOUR SEMESTER HOURS.) The course presents a broad view of important areas of contemporary physics. Concepts of modern physics are studied at an introductory level with the necessary classical physics background needed for their comprehension. Co- or prerequisite: a college-level mathematics course. Corequisite: GSC 1020. Contemporary Chemistry. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

GENERAL SCIENCE ASTRONOMY (GSA)

GSA 1010. Contemporary Astronomy (2).On Demand.
A course in a series of four science mini-courses for the non-science major. (EACH MINI-COURSE LASTS FOR ONE-HALF SEMESTER. STUDENTS SHOULD BE ADVISED TO REGISTER FOR TWO MINI-COURSES IN ONE SEMESTER TO TOTAL FOUR SEMESTER HOURS.) The course presents a view of how modern astronomers study the universe. The concepts and techniques of modern astronomy are studied at an introductory level with the necessary physics background needed for their comprehension. Co- or prerequisite: a college-level mathematics course. Corequisite: GSC 1020. Contemporary Chemistry. Lecture three hours, laboratory two hours. This course will not satisfy program requirements for students majoring in biology, chemistry, computer science, geology, or physics. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PHYSICS (PHY)

PHY 1101. Conceptual Physics I (4).F.
An introductory survey of ideas of mechanics, electricity, magnetism, relativity, and quantum physics. Lecture three hours, laboratory two hours. Corequisite: MAT 1010 or MAT 1020 or MAT 1025. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
**PHY 1102. Conceptual Physics II** (4).S.
An introductory survey of ideas of wave motion, sound, light, and color. Lecture three hours, laboratory two hours. Prerequisite: PHY 1101. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**PHY 1103-PHY 1104. General Physics I-II** (4-4).F;S.-F;S.
A study of the basic principles of physics including mechanics, thermodynamics, sound, electricity and magnetism, optics, and modern physics. Corequisite for PHY 1103: MAT 1020 or MAT 1025 or the equivalent. Prerequisite for PHY 1104: PHY 1103 or the equivalent. Lecture three hours, laboratory two hours. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND prerequisite: passing the math placement test or successful completion of MAT 0010.)

**PHY 1150-PHY 1151. Analytical Physics I-II** (5-5).F;S.-F;S.
An analytical and quantitative treatment of physics at a somewhat more advanced level than the PHY 1103-PHY 1104 sequence using calculus. Intended primarily for students majoring in the natural sciences, mathematical sciences, and pre-engineering. Topics covered include mechanics, heat, light, sound, electricity, magnetism, and quantum phenomena. Corequisite for PHY 1151: MAT 1110. Corequisite for PHY 1151: MAT 1120. Lecture four hours, laboratory three hours. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND prerequisite: passing the math placement test or successful completion of MAT 0010.)

A study of basic formulations and concepts in classical physics including mechanics, static and dynamic electricity, and magnetism. Calculus and vector methods are used. Intended primarily for students majoring or minoring in physics. Prerequisites: PHY 1104 or PHY 1151, and for PHY 2010: MAT 1120; for PHY 2020: MAT 2130. Lecture four hours.

**PHY 2210. Physics Laboratory Techniques and Data Analysis** (2).S.
A course designed for physics majors emphasizing experimental techniques, measurements, data and error analysis, experimental planning and evaluation, and report writing. Intermediate classical experiments with both oral and written reports. Lecture one hour, laboratory two hours. Corequisite: PHY 2020. (WRITING)

**PHY 2500. Independent Study** (1–4).F;S.

An introduction to the basic principles of computer interfacing and machine language programming. Topics to be covered include analog to digital, digital to analog, voltage to frequency conversion, data transmissions, and applications of these topics using departmental microcomputers. Prerequisite: PHY 1104 or PHY 1151.

**PHY 3010. Classical Mechanics** (3).F.

A continuation of PHY 3010, Classical Mechanics. This course covers advanced applications of Lagrange's equations, Hamilton's equations, an introduction to the mechanics of continuous media, elementary tensor algebra, and the rotation of a rigid body in space. Prerequisites: PHY 3010, MAT 3130 and permission of the instructor.

**PHY 3020. Electromagnetic Fields and Waves** (3).S.
A study of electromagnetic theory, including the solution of electrostatics problems using Laplace's equation, fields in dielectric media, magnetic fields of steady and varying currents, and the development and application of Maxwell's equations. Prerequisites: PHY 2020, MAT 3130.

**PHY 3021. Electromagnetic Fields and Waves II** (3). On Demand.
A continuation of PHY 3020, Electromagnetic Fields and Waves. This course covers applications of Maxwell's Equations, including the propagation of plane electromagnetic waves in free space and other media; the general principles of guided waves; and the radiation of electromagnetic waves, including a discussion of the electric dipole antenna. Prerequisites: PHY 3020 and permission of the instructor.

**PHY 3140. Environmental Physics** (3).F.
A study of the physical principles underlying current environmental problems and issues such as global climate change and ozone depletion, and an examination of possible mitigating technologies. Other topics include the interaction of electromagnetic radiation and planetary atmospheres, radiative forcing, the greenhouse effect and the increased concentration of greenhouse gases in the earth’s atmosphere, the paleoclimate of the earth and global climate change, alternative energy sources, and the viability of nuclear...
Physics and Astronomy

An introductory survey of the principles of atmospheric science. Included are physical properties of the atmosphere, extra-tropical synoptic scale disturbances, cloud microphysical processes, precipitation, clouds, thunderstorms, hurricanes, radiative transfer and global energy balance. Air pollution meteorology, weather forecasting models and climatic modeling. Lecture two hours, laboratory two hours. Prerequisite: one college course in chemistry, physics, or weather and climate.

An introduction to the theories and experiments of 20th-century physics: special relativity; wave–particle duality; atomic structure; and natural and artificial radioactivity. Elementary results from quantum theory will be applied to the solid state and the nucleus. Descriptive treatment of frontier topics such as particle physics, accelerators, and superconductivity. Prerequisite: PHY 1151 or corequisite PHY 2010. Lecture three hours.

PHY 3230. Thermal Physics (3).S.
A study of the laws of thermodynamics and their applications. An introduction to kinetic theory and statistical mechanics is included. Prerequisites: PHY 1104 or PHY 1151, and MAT 2130. Lecture three hours.

A course primarily for elementary education majors who choose their academic concentration in science. Simple demonstrations and laboratory experiments will emphasize a conceptual approach to the physical ideas usually introduced in the elementary science curriculum. Lecture two hours, laboratory two hours.

PHY 3400. Physics Instruction Practicum (3).F.
An introduction to the practical aspects of teaching high school physics. Some of the topics covered include current educational issues, resources required for laboratories, construction and presentation of physics demonstrations, classroom presentations, and the use of computers in the classroom. The course includes guest speakers, field trips, projects (individual and group), and classroom presentations. Lecture two hours, laboratory two hours. Prerequisite: PHY 1104 or PHY 1151 or consent of the instructor.

PHY 3500. Independent Study (1–4).F;S.

PHY 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process at the University level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

PHY 3521. Secondary Science Field Experience (1).F;S.
A supervised experience in the instructional process at the secondary school level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Required of all teacher-licensure candidates in physics.

For example: Energy (2), a survey course designed to provide an understanding of energy options on personal, national, and global levels. The course explores fossil and nuclear fuel reserves, electric power production, and various energy alternatives, particularly solar energy. No prerequisite.

The student will participate in on-going faculty-directed research. This will include involvement in the solution of a theoretical problem or in experimental work such as the design of an experiment or experimental apparatus, acquisition of data, and/or data reduction and analysis. This course is required for students planning to graduate with departmental honors. For honors credit, the work must also include presentation of the results in a scholarly publication or at a professional meeting. Course may be repeated for a total credit of four semester hours. Graded on an S/U basis.

PHY 3850. Environucleonics (3). On Demand.
A study of how atomic and nuclear radiation interact with humans and their environment—with special emphasis on the technology of measurement and criteria for evaluation. Discussions of basic radiation properties and radiation detection as well as special analysis techniques such as neutron activation and X-ray fluorescence will be integral to the course. Prerequisite: PHY 1104 or PHY 1151. Lecture three hours.

PHY 3851. Environucleonics Laboratory (1). On Demand.
Laboratory investigation and skills development aligned with the methods of PHY 3850. Basic detection involving GM, gas flow and
PHY 4002. Applied Physics Literature (1).F.
An introduction to technical and research journals in the areas of physics, electronics, and astronomy. Methods and references for use in literature searches, including computer methods, and the preparation of technical papers will be examined. Required for students seeking departmental honors.

PHY 4020. Computational Methods in Physics and Engineering (3).F.
A course designed to introduce the student to modern techniques and algorithms in computational physics, involving solutions of real physical systems using techniques from interpolation, optimization, non-linear least squares, the numerical integration of ordinary and partial differential equations, Monte Carlo methods, Fourier analysis and stability analysis. Applications of these techniques will be selected from the areas of mechanics, optics, modern physics, astrophysics, engineering, signal processing, and electromagnetism. Programming will be carried out in a computer language such as ‘C’ or Fortran. Prerequisites: PHY 2010, MAT 2130, or permission of the instructor. Lecture two hours, laboratory two hours. (COMPUTER) [Dual-listed with PHY 5020.]

PHY 4210. Methods of Experimental Physics (3).F.
Measurement theory, analysis, interpretation and evaluation of data, experiment design and scientific report writing. A limited number of advanced laboratory experiments will be performed which illustrate important concepts and methods. Literature searches, written reports and some oral reports will be required. Lecture two hours, laboratory two hours. Prerequisite: PHY 2210. (WRITING; SPEAKING)

PHY 4330. Digital Electronics (3).F.
This course provides an introduction to digital electronics, with an emphasis on the study of components that are building blocks for digital devices and equipment, especially microcomputers. Emphasis will be placed on the design of combinatorial, sequential, and state machine (ASM) circuits, including simplification by Boolean algebra, Karnaugh maps, and computer-aided tools. Hardware description languages will be used to implement designs on programmable logic devices (PLD). Topics to be covered include: number systems, Boolean algebra, logic families, gates, flip-flops, medium scale integration devices, combinatorial and sequential circuits, ASM, PLD, arithmetic logic units, memory, input-output, D/A, A/D, and a generic CPU. The industry-oriented, hands-on labs involve circuit construction, testing and trouble-shooting using modern test equipment. Lecture two hours, laboratory three hours. [Dual-listed with PHY 5330.]

PHY 4510. Senior Honors Research and Thesis (1-3). On Demand.
Independent in-depth research and preparation of a thesis on a significant topic in physics, directed by a member of the Department of Physics and Astronomy faculty. A thesis is presented orally and in writing to the department. The course grade is determined by the thesis advisor and the departmental honors committee. Required for graduation with honors in physics. Prerequisites: PHY 3560 and PHY 4002 or equivalent, GPA of at least 3.45 overall and in physics and astronomy courses, approval of proposed research topic and methods by the departmental honors committee, and assignment of research thesis advisor during the semester prior to enrollment in this course.

PHY 4620. Optics (4).S.
A study of classical and modern optical phenomena including geometrical, Fresnel, and Fourier optics; lasers; fiber optics; and optoelectronic devices. Lecture three hours, laboratory three hours. Prerequisite: MAT 3130. Corequisite: PHY 3020. [Dual-listed with PHY 5620.]

PHY 4635. Advanced Microprocessor Interfacing and Robotics (4).S.
A study of the architecture, programming, and interfacing of Intel microprocessors and microcomputers. Topics to be covered include: Intel microprocessor architectures, support chips, decoding memory and I/O, microcomputer architecture and interfacing, microcomputer busses (such as PCI, PCIX, USB, Firewire, wireless), digital I/O, D/A, A/D, and robotics. Most labs will involve interfacing microprocessors to an assortment of transducers such as switches, sensors, LEDs, 7-segment displays, solid state relays, stepper motor, five-axis robotic arm, etc. Assembly language, high-level language, and/or commercial software (e.g., Lab View) will be used in lab. Lecture three hours, laboratory three hours. Prerequisite: PHY 4330. [Dual-listed with PHY 5635.]

PHY 4640. Quantum Mechanics (3).S.
A study of the Schrödinger equation and its solutions for various common potentials. Prerequisites: PHY 3010, PHY 3210, and MAT 3130. [Dual-listed with PHY 5640.]

PHY 4730. Analog Systems (3).F.
The theory and operation of DC and AC circuits with discrete passive and active components. Included are resistors, capacitors,
Physics and Astronomy

inductors, diodes, bipolar transistors, field effect transistors, and operational amplifiers. An in-depth analysis of circuit theorems, phasors, differential equations, and simulations predicting the behavior of systems of analog devices will be explored in lecture and laboratory. The use and limitations of common electronics instrumentation such as multimeters, oscilloscopes, function generators, modulators/demodulators, lock-in amplifiers, and phase detection will also be explored. Lecture two hours, laboratory three hours. Corequisite: PHY 3210 or consent of the instructor. [Dual-listed with PHY 5730.]

PHY 4735. Microcontrollers (3).S.
An in-depth study of the architecture, programming and interfacing of microcontrollers. Topics to be covered include: introduction to microcontrollers, architectures, internal hardware (such as timers, serial ports, A/Ds, D/As, I2C), instruction sets, assembly language programming, interrupt-driven code, and interfacing. Both stand-alone microcontrollers and single board computers will be used in lab. Most labs will involve interfacing microcontrollers to devices such as switches, LEDs, keypads, 7-segment displays, LCD displays, motors, sensors, etc. Microcontroller simulators and in-circuit-emulators (ICE) will be used for debugging. Lecture two hours, laboratory three hours. Prerequisite: PHY 4330 or the equivalent. (COMPUTER) [Dual-listed with PHY 5735.]

PHY 4740. Physics of Transducers (4).F.
A study of various sensors and transducers commonly employed in instrumentation. Topics include piezoelectric, photoelectric, thermoelectric, electro-optical transducers and Micro-Electro-Mechanical Systems. Use of transducers for the measurement of pressure, temperature, light intensity, electrical conductivity, radiation level, and acceleration are discussed. Lecture three hours, laboratory three hours. Prerequisite: PHY 4730.

PHY 4820. Medical Physics (3).S.
A study of the application of the basic principles of physics to a selection of medical topics involving human body characteristics and functions and to instrumentation used to diagnose and treat illness and injury. Prerequisite: PHY 1104 or PHY 1151. Lecture three hours. [Dual-listed with PHY 5820.]

PHY 4880. Special Topics in Physics (3). On Demand.
A course devoted to a single topic.

PHY 4900. Internship (3–12).F;S.
Supervised work in applied physics in an industrial or other laboratory setting. Students must obtain approval of the departmental internship coordinator prior to enrolling. Graded on an S/U basis.

ASTRONOMY (AST)

Topics to be covered include constellations, telescopes, the sun and moon, planets, asteroids, comets, the origin of the solar system and the search for extra-terrestrial life. The laboratory includes visual observations and electronic imaging of astronomical objects as well as a field trip to Appalachian’s Dark Sky Observatory. Lecture three hours, laboratory two hours. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

AST 1002. Introductory Astronomy II – Stars and Galaxies (4).S.
A study of astronomical objects located beyond our solar system. Topics to be covered include the structure and evolution of the stars, pulsars, black holes, gaseous nebulae, star clusters, galaxies, quasars and the structure of evolution of the Universe. Night observations of these types of objects will be made. Lecture three hours, laboratory two hours. Prerequisite: AST 1001. (NUMERICAL DATA) (CORE: NATURAL SCIENCES) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

AST 2001. Observational Astronomy (3).F.
An introduction to the operation of astronomical instruments and to the acquisition and analysis of astronomical data. Topics to be covered will include, among others, astronomical coordinates and time systems, planning of observational programs, telescope and instrumentation operation and basic digital image analysis. Observations will be conducted at the campus observatory, emphasizing the use of the techniques studied in the lecture. Lecture two hours, laboratory two hours. Prerequisite: AST 1002.

AST 3001. Techniques in Astronomical Photometry (3).S. Even–numbered years.
A study of advanced techniques of modern astronomical photometry. Lecture topics include solid state (CCD) imaging hardware, image processing software and techniques, filters and color systems, and CCD aperture photometry. Observations will be conducted at the campus observatory, emphasizing the use of the techniques studied in the lecture. Lecture two hours, laboratory two hours. Prerequisite: AST 2001.
A study of advanced techniques of modern astronomical spectroscopy. Lecture topics include basic and advanced stellar spectrograph designs, stellar spectral classification, and applications of spectroscopic data to the determination of radial velocities and chemical abundances. Observations will be conducted at the campus observatory, emphasizing the use of the techniques studied in the lecture. Lecture two hours, laboratory two hours. Prerequisite: AST 2001.

AST 3100. Astrophysics (3). S. Even-numbered years.
A study of the astrophysical processes which occur in stars, nebulae, and the interstellar medium. Topics to be covered include energy generation and transfer in stars, spectral line formation and stellar structure and evolution. Prerequisites: AST 1002, PHY 1151, MAT 1120.

AST 3200. Astromechanics (2). On Demand.
An introduction to classical and modern techniques in the study of orbiting celestial bodies. Lecture topics will include the solution of the 2-body problem with applications to comet orbits, the restricted 3-body problem, and solutions to the n-body problem. Prerequisites: PHY 1103 or PHY 1150; and MAT 1120. Lecture two hours.

AST 3530-3549. Selected Topics (1–4). On Demand.
Selected topics courses may be taught on any of a number of special and current topics in astronomy. For instance, Robotic Exploration of the Solar System; Supernovae; Neutron Stars and Black Holes. Prerequisites: AST 1001 and AST 1002.

AST 3560. Undergraduate Research (1–3). On Demand.
The student will participate in on-going faculty-directed research. This will include involvement in the solution of a theoretical problem or in experimental work such as the design of an experiment or experimental apparatus, acquisition of data, and/or data reduction and analysis. This course is required for students planning to graduate with departmental honors. For honors credit, the work must also include presentation of the results in a scholarly publication or at a professional meeting. Course may be repeated for a total credit of four semester hours. Graded on an S/U basis.

Independent in-depth research and preparation of a thesis on a significant topic in astronomy, directed by a member of the Department of Physics and Astronomy faculty. A thesis is presented orally and in writing to the department. The course grade is determined by the thesis advisor and the departmental honors committee. Required for graduation with honors in physics. Prerequisites: AST 3560 and PHY 4002 or equivalent, GPA of at least 3.45 overall and in physics and astronomy courses, approval of proposed research topic and methods by the departmental honors committee, and assignment of research thesis advisor during the semester prior to enrollment in this course.
Department of Political Science/Criminal Justice (PS/CJ/PA)

Brian A. Ellison, Chair
Kathleen M. Simon, Assistant Chair

The purposes of the Department of Political Science/Criminal Justice are to prepare students to critically observe, analyze, and understand the complex political world in which they live; to prepare students to recognize and address the problems of our society which affect our governmental and criminal justice systems; and to encourage students to become knowledgeable, active citizens who play a role in the political processes of the nation and the world.

All majors in political science/criminal justice require a minimum of 122 semester hours for the degree. Social Science teaching licensure with a political science concentration requires 123 semester hours. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in Political Science (271A/45.1001) consists of 34 semester hours including PS 1000, PS 1100, PS 3115, and at least one course in four of the following areas: (1) Theory and Methodology; (2) International Relations; (3) American Politics and Government; (4) Comparative Government; (5) Public Law and Judicial Behavior; (6) Public Administration; (7) Political Behavior; (8) Public Policy. The area in which any particular course may be credited is indicated by the third digit of the course number. For example, PS 3660 is credited to area (6) Public Administration. The remaining 12 hours are elective. To earn the Bachelor of Arts degree a student must complete six hours of the second year of a foreign language. Normally, an internship will not be offered for students seeking a Bachelor of Arts degree. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in political science. Statistics, STT 1810, is required.

The Bachelor of Science degree in Political Science (non-teaching) (272*/45.1001) with a specified concentration consists of a minimum of 61 semester hours in a chosen area. This includes:

1. Selection of one of the following seven concentrations: American Politics (272C); International and Comparative Politics (272D); Media, Politics and Campaigns (272E); Pre-Professional Legal Studies (272J); Public Management (272H); Public Policy (272G); and Town, City, County Management (272I)
2. Thirty-one semester hours of core courses and electives in political science. Each concentration has specific required core courses in political science. The Town, City, County Management concentration requires an internship. [To be eligible for an internship in the Bachelor of Science degree in Political Science, students must have Senior standing (or 90 semester hours of coursework).]
3. A minimum of 30 semester hours in a career-oriented area with courses selected from several departments and disciplines. Courses will be chosen with the consent of the advisor.

Statistics, STT 1810 is required.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Political Science (291F)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(MC) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A student majoring in social sciences education should select MAT 1010(CD,ND,C) to satisfy the core curriculum mathematics requirement. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in Political Science (291F)[T] for the social sciences education degree requires PS 2120(MC), and either PS 2240(MC) or PS 4722(W,S); and nine semester hours in political science chosen in consultation with department advisor.
The Bachelor of Science in Criminal Justice (BSCJ) degree (220A/43.0104) consists of 64 semester hours including completion of CJ 1100, CJ 2120, CJ 2150, CJ 2430, CJ 3115, CJ 3400, CJ 3551, CJ 4900; PS 1100; PSY 1200, PSY 2401; SOC 1000 OR SOC 1100, SOC 2020; STT 1810; and 12 semester hours of electives to be taken from a group of specified courses and approved by the advisor.

To earn a Bachelor of Science in Criminal Justice degree, a field experience in the form of an internship for 12 semester hours is required. [To be eligible for an internship in the BSCJ degree, students must have Senior standing (or 90 semester hours of coursework.)] This may be waived if the student has more than one year of successful work experience in a criminal justice agency. If it is waived, the student will complete 12 semester hours of approved criminal justice electives as a substitute.

A minor in Criminal Justice (220/43.0104) shall consist of eighteen semester hours including CJ 1100, CJ 2120, CJ 2430, CJ 3551, and six hours of electives in criminal justice.

A minor in Political Science (271/45.1001) consists of 18 hours including PS 1000 or PS 1100. The remaining 15 semester hours are elective but the courses must come from at least three of the areas of political science, as outlined above, and nine of the 15 elective hours must be taken at the 3000-4000 level.

Honors Program in Political Science
The Department of Political Science/Criminal Justice maintains an honors program in political science to provide qualified students with an opportunity for advanced research in a seminar atmosphere. At the freshman level, the Department of Political Science/Criminal Justice participates in the campus wide honors program for eligible new students, offering honors sections of a variety of introductory courses on a rotating basis.

Honors courses at the junior and senior level will be open to majors with a 3.0 GPA or above in their junior year or by invitation of the instructor or the honors committee. To graduate with honors, a student must take 9 semester hours of honors courses in political science, including PS 4510. To graduate with an honors designation, honors students must earn a grade of "A-" or higher in PS 4510 (Senior Honors Thesis). A student completing 9 semester hours of honors courses with an overall "B" average and with a 3.45 GPA in all political science courses will graduate with "honors in political science." A student with an overall "A" average in the honors courses and a 3.56 GPA in all political science courses will graduate with "highest honors in political science." Honors courses count toward the hours requirements for majors, and courses will satisfy one of the area distribution requirements for majors. For invited non-majors, honors courses carry full elective credit.

The Department of Political Science/Criminal Justice offers the Master of Arts in Political Science, the Master of Public Administration, and the Master of Science in Criminal Justice and Criminology degrees. The department also provides concentrations in community college/criminal justice and community college/political science, or secondary school teaching (political science) for those majors in social science, education seeking a Master of Arts degree. Persons interested in these degrees are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Political Science, Criminal Justice, and Public Administration (PS, CJ, PA)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

POLITICAL SCIENCE HONORS (PS)

PS 3510. Junior/Senior Honors Seminar (3).F;S.
An intensive study of a selected topic in political science. Course content will be determined by the instructor. The course will satisfy one of the area requirements for political science majors. Enrollment by invitation of the honors committee. Course may be repeated for credit.

PS 4510. Senior Honors Thesis (3).F;S.
An opportunity for undergraduates to perform independent research on a topic of their choosing, with the approval of the honors committee. Work will be supervised by a member of the political science faculty. Feedback will be provided as the honors thesis develops. Enrollment limited to qualified political science majors. (WRITING)

POLITICAL SCIENCE (PS)

PS 1000. Introduction to Political Science (3).F;S.
A study of political science as a discipline; the course is divided into two parts. The first part familiarizes the student with the scope and content of politics and introduces the main approaches used to study political phenomena. The second part applies the general knowledge acquired in the first part to the study of a selected number of actual political systems. (MULTI-CULTURAL) (CORE: SOCIAL
PS 1100. American National Government and Politics (3).F;S.
A study of the development and operation of the American national government, its powers, organization and policies. (CORE: SOCIAL SCIENCES)

PS 1200. Current Political Issues (3).F;S.
A study of the current political issues and problems facing the national government. Problems in such areas as labor, education, the economy, agriculture, equal rights, foreign relations and national security will be analyzed. Not open to students with credit for PS 1201. (CORE: SOCIAL SCIENCES)

PS 1201. Contemporary Political Controversies (3).F;S.
An examination of some leading controversies in politics from the perspective of the conflicting arguments, designed to foster understanding of the issues and to enhance critical thinking and speaking skills. Intended primarily for students majoring or minoring in political science. Not open to students with credit for PS 1200. (SPEAKING) (CORE: SOCIAL SCIENCES)

PS 2120. International Politics and Foreign Policy (3).F.
An introduction to the study of international politics and foreign policy. Students will be introduced to a variety of analytical approaches to the study of global relations, including the participant, the systemic, the perceptual, and the instrumental frameworks. Students will be exposed to the complexities of international affairs and global relations which are the result of the confluence of historical, geographical, economic, cultural, and political factors. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

PS 2130. State and Local Government (3).F;S.
An examination of the organization, problems and powers of state and local governments in the United States, focusing upon the responses of states, counties, and municipalities to needs caused by poverty, growth, and social change. (CORE: SOCIAL SCIENCES)

PS 2160. Introduction to Public Administration (3).F;S.
A general survey course aimed at introducing the student to the theory and practice of public administration. The course includes an introduction to organization theory, personnel and financial administration, and administrative responsibility. The principal focus is on American public administration, but some comparisons and illustrations from other administrative systems are included.

PS 2240. Comparative Politics (3).F;S.
An examination of political system challenges and development patterns, with comparative reference to a number of systems including the Former Soviet Union, Britain, France, and selected African, Asian, and Latin American countries. (MULTI-CULTURAL) (CORE: SOCIAL SCIENCES)

PS 2500. Independent Study (1–3).F;S.

PS 3110. Political Theory Through Sixteenth Century (3).F. Alternate even–numbered years.
An examination of political theory from approximately 300 B.C. through the sixteenth century. The political philosophers studied include Plato, Aristotle, Cicero, St. Augustine, St. Thomas Aquinas, Machiavelli, Luther, Calvin, and Jean Bodin. Emphasis is placed on historical development of political philosophy. (CROSS-DISCIPLINARY)

PS 3115. Research Methods (4).F;S.
An introduction to the logic and techniques of social science research with computer applications, examination of the structure of scientific inquiry, methods utilized to analyze information, with emphasis placed upon the interpretation of that information. Lecture three hours, laboratory two hours. Required of all PS and CJ majors. Prerequisite: STT 1810 or the equivalent. (Same as CJ 3115.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PS 3121. International Terrorism (3).S.
This course introduces the student to the characteristics of international terrorism, the causes of terrorism, and the control of terrorism. Throughout, students are presented key concepts to which they can refer for analyzing the future of international terrorism. (Same as CJ 3121.)

PS 3130. American Political Parties and Interest Groups (3).F.
A study of the organization, tactics and functions of political parties and interest groups. A comparison of goals and methods of influencing public policy ranging from the normal to the revolutionary. Campaigning techniques discussed.
PS 3150. Constitutional Law (3).F.
This course is designed to introduce students to the role of the courts (particularly the U.S. Supreme Court) as instruments of change in the United States. The course will examine the powers of the judiciary and the limitations placed on the exercise of the courts’ powers. The courts and their role as interpreters of the Constitution will be seen primarily through an examination of Supreme Court decisions. (WRITING)

PS 3210. Political Theory From the Seventeenth Century to the Present (3).S.
A study of political thought from the seventeenth century to the present. Political philosophers studied include Hobbes, Locke, Rousseau, Burke, Hegel, Bentham, Marx, and Lenin. Emphasis is placed on the development of nationalism, capitalism, communism, socialism, and fascism. (CROSS-DISCIPLINARY)

PS 3230. American Legislative Politics (3).S.
An examination of the structure, functions and behavior of Congress and state legislatures, with emphasis on how composition, leadership, constituency role orientations and interest groups actively influence public policy. The legislative institutions are also viewed in relationship to larger environments and inclusive political systems.

PS 3280. Public Policy Analysis (3).F.
A study of the policy-making process, with special attention to the various factors that influence policy choices in the American government and an examination of the procedures for evaluating actual and alternative public policy programs. (WRITING)

PS 3310. Political Ideologies (3). On Demand.
A survey of the central ideas of various philosophers from the early Enlightenment to the late Twentieth Century. Special emphasis will be given to a breadth of political ideas and ideologies, stressing the direct relationship between concepts and political life. (SPEAKING; MULTI-CULTURAL)

PS 3320. Global Conflict and Mediation: The UN (3).F.
This course introduces students to the United Nations and its role in global conflict and mediation. Topics include basic facts about the United Nations institutions and functions, as well as the competing positions of various countries within the United Nations on specific issues. (WRITING; SPEAKING; MULTI-CULTURAL)

PS 3330. Urban Politics (3).S.
A focus upon politics in urban areas. Topics include the problems of urban government, politics within metropolitan areas, community power structures, and decision-making structures.

PS 3410. Marxism (3). On Demand.
Explores the basic principles and features found within Marxist thought. This includes some discussions of Marx’s immediate predecessors such as Hegel and Feuerbach in post-Marxist socialist and communist literature. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

PS 3500. Independent Study (1–3).F;S.

PS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

PS 3530-3549. Selected Topics (1–4). On Demand.

PS 3630. Appalachian Politics (3). On Demand.
An examination of the fundamental political problems and possibilities for the people in the Appalachian Region. The interrelationships of Appalachia with the larger American political system, political culture, and economy will also be studied.

PS 3660. Administrative Law (3).F.
A study of the administrative powers and procedures in the United States and of the relevant experiences of some other democracies such as Britain, France with special attention to the legal and administrative methods of achieving a responsible bureaucracy and of balancing public interest with private rights.

PS 3888. Diversity in Justice and Public Affairs (3).F.
Critically examines race/ethnicity, gender, religion, sexual orientation, physical or mental ability and other diversity issues within criminal justice, and public affairs. This includes perspectives analyzing human rights, biological diversity, philosophical ethics, linguistic diversity, cultural diversity, and other relevant differences. (Same as CJ 3888.) (MULTI-CULTURAL)
PS 4175. Public Opinion (3).F.
An examination of attitude and opinion formation within and among publics; the role and impact of government secrecy on opinion; and a study of media as influence mechanisms.

PS 4220. Globalization (3).S. Alternate years.
Examines the interactions of politics, economic trends and business actions as they create patterns of international stability, crisis, and change. (Same as ANT 4220.)

PS 4225. International Security (3).S.
This course examines the diverse theoretical perspectives within international relations and security studies. The class analyzes each of these perspectives critically, to evaluate their strengths and weaknesses, and to help students formulate their own understanding and explanation of the dynamics of global politics and international security.

PS 4230. The Presidency and the Executive Branch (3).F.
An examination of the central role of the American presidency in the political process. Emphasis is given to contemporary responsibilities of the President and of the major agencies supporting the President. (WRITING)

PS 4270. Political Socialization (3).S.
Focuses upon the process by which political behavior is learned; analyzes the role of socialization agencies throughout the life cycle; examines political elites and masses; discusses countercultural trends.

An intensive examination of selected topics.

PS 4550. Law and Society (3).S.
An examination of the relationship between the values and culture of a society and the laws which it adopts and how law interacts with and responds to change in social values as seen by the courts through selected cases. Prerequisite: junior or senior standing, or permission of the instructor. (Same as CJ 4550.) (WRITING; SPEAKING) [Dual-listed with PS 5550/CJ 5550.]

PS 4640. Studies in Regional Political Patterns (1–3). On Demand.
An examination of selected regions of the world which have common historical and cultural patterns influencing their political styles and capabilities. Topics may vary from semester to semester. Prerequisite: junior or senior standing, or permission of the instructor. [Dual-listed with PS 5640.]

PS 4661. Court Administration (3). On Demand.
This course is designed to familiarize students with the need for, and approaches to, more effective management of federal and state courts. Topics include court reform, court unification, caseload management, alternative dispute resolution, personnel management and training, and audio-visual applications in the courts, among others. Prerequisite: junior or senior standing, or permission of the instructor. (Same as CJ 4661.) (SPEAKING) [Dual-listed with PS 5661/CJ 5661.]

PS 4670. Environmental Politics (3).S.
This course will examine the role that politics and government play in dealing with environmental issues. Its focus is primarily on the U.S. approach to environmental protection, but some attention will be devoted to international environmental relationships such as the Kyoto Protocol. The course will cover the history of environmental policy, the legal and institutional arrangements for environmental protection, major environmental policy actors, current environmental controversies, and global environmental concerns.

This course will provide an examination and analysis of views on the phenomena of organized crime and efforts to control it. Attention will be paid to criminal organizations in the United States, their beginnings in other cultural and ethnic backgrounds and their relations with criminal organizations around the world. In today's world, criminal organizations in other countries and their activities have a major impact on crime in the United States. Therefore, a comparative approach to the subject must be used. Prerequisite: junior or senior standing, or permission of the instructor. (Same as CJ 4680.) [Dual-listed with PS 5680/CJ 5680.]

PS 4710. American Political Thought (3). On Demand.
A survey of the diverse political ideas represented in the American state from the colonial period to the present. Special emphasis is given to the political problems that emerge with the process of industrialization and the movement into a postindustrial economy. Prerequisite: junior or senior standing, or permission of the instructor. (CROSS-DISCIPLINARY) [Dual-listed with PS 5710.]

The course surveys the major literature in the field of international human rights. It investigates the questions of ethics, morality
Political Science/Criminal Justice

and the practice of human rights globally and attempts to address why the issue of international human rights has come to the fore in international politics. [Dual-listed with PS 5721.]

PS 4722. U.S. Foreign Policy (3).F. Alternate years.
Investigates U.S. foreign policy from differing perspectives, focusing in on the historical record and contemporary issues. Prerequisite: junior or senior standing, or permission of the instructor. (WRITING; SPEAKING) [Dual-listed with PS 5722.]

PS 4723. International Political Economy (3).F. Alternate years.
An examination of the relationship between political and economic activity, the way actors use one to manipulate the other, and the normative choices involved in doing so. Prerequisite: junior or senior standing, or permission of the instructor. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) [Dual-listed with PS 5723.]

PS 4741. European Governments and Politics (3).S. Alternate years.
The emergence of the European Union is one of the major events in European history. The course explores the genesis and evolution of the idea of European integration and chronicles its organizational development in the post WWII era. Emphasis is placed on the politics of integration and the emergence of the Union as a major participant in world events. (WRITING; MULTI-CULTURAL) [Dual-listed with PS 5741.]

Focuses on the efforts of a majority of the world’s governments to meet the twin challenges of participatory politics and of the Global market economy. Prerequisite: junior or senior standing, or permission of the instructor. [Dual-listed with PS 5742.]

PS 4743. The European Union (3).S. Alternate years.
The examination of patterns of governmental organization and socioeconomic policy outcomes in the democracies of Europe as a basis for comparative analysis. Major issues confronting the democracies will be studies for possible options and comparisons of policy. Prerequisite: junior or senior standing, or permission of the instructor. [Dual-listed with PS 5743.]

PS 4744. Middle East Politics (3).S.
An examination of the political, cultural, economic and social patterns of the Middle East. Prerequisite: junior or senior standing, or permission of the instructor. [Dual-listed with PS 5744.]

The course begins with the historical context of African politics. Then, it explores the problems of governance following independence and discusses the contemporary debate between two contending schools of thought in African politics and development: Afro-optimism and Afro-pessimism. It examines Africa’s relations with developing and developed countries as well. [Dual-listed with PS 5745.]

PS 4748. Latin American Politics (3).S. Alternate years.
Examines Latin American politics in detail covering historical context, political actors, and current issues in Latin America. Prerequisite: junior or senior standing, or permission of the instructor. (WRITING; SPEAKING; MULTI-CULTURAL) [Dual-listed with PS 5748.]

PS 4900. Internship in Public Affairs (3-12).F;S.
Field work in government, community, professional offices and agencies and involvement in problem solving in these offices and agencies. Graded on an S/U basis. Prerequisite: senior standing (or 90 semester hours of coursework). (WRITING)

CRIMINAL JUSTICE (CJ)

CJ 1100. Introduction to Criminal Justice (3).F;S.
A study of the development and operation of the criminal justice system in the United States. Included will be an examination of the components which make up the criminal justice system, their roles and responsibilities as a part of the system. Prerequisite for CJ 2120, CJ 2150 and CJ 2430, or consent of the instructor.

CJ 2120. Police Process (3).F;S.
An examination of social and historical settings of the police; police role and career; police discretion; police values and culture; organization and control. Prerequisite: CJ 1100 or consent of the instructor.

CJ 2150. The Judicial Process (3).F;S.
An examination of the preadjudication and adjudication stages of the criminal process, the persons involved in the process, and the forces that influence the actions of the decision makers. Prerequisite: CJ 1100 or consent of the instructor. (WRITING)
CJ 2430. Corrections (3).F;S.
The course provides a comprehensive overview of the origins of correctional systems in the United States and abroad and an introduction to the philosophical ideas with which specific correctional approaches are associated. Includes an assessment of organization and theory of correctional systems, institutional operations, management of inmates and staff, programmatic possibilities, alternatives to incarceration, and current and future issues. Prerequisite: CJ 1100 or permission of the instructor.

CJ 2500. Independent Study (1–3).F;S.

CJ 3050. American Legal Systems (3).S.
An overview of the development of law and law as an instrument of social control; an examination of the different types of law and the nature of each; the framework within which the American legal systems operate; an examination of the basic terminology of law and legal concepts; how to use library resources and apply legal research techniques dealing with the study of case, legislative and administrative law. This course is designed especially for students with pre-law or paralegal interests and complements the upper division substantive law courses. (WRITING)

CJ 3110. Crime and Culture (3).S.
This course examines the images of crime and the criminal justice system as depicted through film, music, and literature.

CJ 3115. Research Methods (4).F;S.
An introduction to the logic and techniques of social science research with computer applications, examination of the structure of scientific inquiry, methods utilized to analyze information, with emphasis placed upon the interpretation of that information. Lecture three hours, laboratory two hours. Required of all PS and CJ majors. Prerequisite: STT 1810 or the equivalent. (Same as PS 3115.) (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

CJ 3121. International Terrorism (3).S.
This course introduces the student to the characteristics of international terrorism, the causes of terrorism, and the control of terrorism. Throughout, students are presented key concepts to which they can refer for analyzing the future of international terrorism. (Same as PS 3121.)

CJ 3250. Juvenile Justice (3).F.
Legal and philosophical basis for a separate juvenile justice system, with a focus on juvenile rights and will include such topics as the police role in delinquency, due process, venue, adjudication and disposition hearings, and confidentiality in the juvenile process.

CJ 3305. Forensic Anthropology (3).F.
Forensic anthropology is the application of anthropological techniques to solving criminal cases. Instruction will be given in the application of archeological techniques to crime scene investigation and removal of physical evidence from that scene. The major thrust of the course, however is the study of human physical remains in order to provide a positive identification of the victim. This includes determination of the sex, age, race, stature, and other identifying characteristics of the subject. The class will consist of thirty hours of lecture and thirty hours of laboratory instruction for the semester. (Same as ANT 3305.) (CROSS-DISCIPLINARY)

CJ 3400. Theories of Crime and Justice (3).F;S.
The course considers the underlying causes of crime and the social responses of justice, two constructs which transcend the boundaries of any one discipline or field of study. The course approaches the subject matter from a cross-disciplinary perspective. Explanations of crime causation from the perspectives of biology, psychology, sociology, political science, economics, and anthropology are presented, discussed, and evaluated. (CROSS-DISCIPLINARY)

CJ 3405. Forensic Investigation (3).S.
Principles and techniques involved in the investigation of crimes; interview of victims and witnesses; questioning of suspects; organization and procedure in the investigation of crime scenes; the use of scientific aids within investigations.

CJ 3500. Independent Study (1–4).F;S.

CJ 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

An opportunity to study a special topic or combination of topics not otherwise provided for in the criminal justice curriculum. May be repeated for credit when content does not duplicate.
CJ 3551. Criminal Law (3).F;S.
An introduction to the basic concepts of criminal law, definition of crime and defenses, function and purposes of substantive criminal law, limits of the criminal law, case study approach.

CJ 3552. Criminal Procedure (3).S.
An analysis of constitutional limitations from arrest to release in the administration of criminal justice, including arrest, search and seizure, interrogation, identification procedures, and post conviction relief, case study approach.

CJ 3888. Diversity in Justice and Public Affairs (3).F.
Critically examines race/ethnicity, gender, religion, sexual orientation, physical or mental ability and other diversity issues within criminal justice, and public affairs. This includes perspectives analyzing human rights, biological diversity, philosophical ethics, linguistic diversity, cultural diversity, and other relevant differences. (Same as PS 3888.) (MULTI-CULTURAL)

An intensive examination of selected topics.

CJ 4550. Law and Society (3).S.
An examination of the relationship between the values and culture of a society and the laws which it adopts and how law interacts with and responds to change in social values as seen by the courts through selected cases. Prerequisite: junior or senior standing, or permission of the instructor. (Same as PS 4550.) (WRITING; SPEAKING) [Dual-listed with CJ 5550/PS 5550.]

An examination of current social, legal, and organizational issues in contemporary law enforcement. Prerequisite: junior or senior standing, or permission of the instructor.

CJ 4661. Court Administration (3). On Demand.
This course is designed to familiarize students with the need for, and approaches to, more effective management of federal and state courts. Topics include court reform, court unification, caseload management, alternative dispute resolution, personnel management and training, and audio-visual applications in the courts, among others. Prerequisite: junior or senior standing, or permission of the instructor. (Same as PS 4661.) (SPEAKING) [Dual-listed with CJ 5661/PS 5661.]

This course will provide an examination and analysis of views on the phenomena of organized crime and efforts to control it. Attention will be paid to criminal organizations in the United States, their beginnings in other cultural and ethnic backgrounds and their relations with criminal organizations around the world. In today's world, criminal organizations in other countries and their activities have a major impact on crime in the United States. Therefore, a comparative approach to the subject must be used. Prerequisite: junior or senior standing, or permission of the instructor. (Same as PS 4680.) [Dual-listed with CJ 5680/PS 5680.]

CJ 4900. Internship in Criminal Justice (3–12).F;S.
Field work in a criminal justice agency, office or institution and involvement in problem solving in these agencies and offices. Graded on an S/U basis. Prerequisite: senior standing (or 90 semester hours of coursework). (WRITING; SPEAKING)

PUBLIC ADMINISTRATION (PA)

PA 4560. Local Government Administration (3).S.
Administrative process, management, personnel, budget and finance, and intergovernmental relations in local government. Prerequisite: junior or senior standing, or permission of the instructor. [Dual-listed with PA 5560.]

PA 4665. Public Management (3).S.
A study of the organization and operation of government agencies and their role in policy making and implementation and an examination of the various concepts and theories pertaining to administrative behavior and to the performance of the basic tasks of management. Prerequisite: junior or senior standing, or permission of the instructor. (WRITING; SPEAKING) [Dual-listed with PA 5665.]
The Wiley F. Smith Department of Psychology is the sole agency at Appalachian State University charged with the responsibility for developing, maintaining, and delivering undergraduate and graduate curricula in psychology. The Department is dedicated to the ideal that an understanding of psychological science contributes to a liberal education and forms the foundation for careers in psychology and for other endeavors. Departmental faculty promote intellectual curiosity, critical thinking, and a culture of learning through meaningful educational, scholarly, and service experiences. In support of this mission, the faculty of the Department provide mentoring and collaborative educational experiences, engage in scholarship, and serve the discipline, the university, and the community.

The faculty of the Department of Psychology value:
1. An array of high quality experiences that provide learners with depth and breadth in their education
2. Mentoring students in the discovery of psychological science within the traditional classroom context, the laboratory, and the greater community
3. Scientifically-informed applied experiences
4. Collaborative and interdependent relationships among students, faculty, staff, administration, alumni, and the community, both within psychology and across disciplines
5. Diverse contributions to the Department’s mission

All majors in psychology require a minimum of 122 semester hours for the degree. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in Psychology (251A/42.0101) consists of 41 semester hours including PSY 1200, PSY 2200, PSY 3100; STT 2810; at least two courses from Group A (PSY 2301, PSY 2400, PSY 2401, PSY 2402); at least two courses from Group B (PSY 3202, PSY 3203, PSY 3204, PSY 3205); at least two courses from Group C (PSY 4655, PSY 4658, PSY 4660); and 12 hours of PSY electives. A candidate for the Bachelor of Arts degree may count NOT more than a total of 40 hours above core curriculum requirements in psychology.

The Bachelor of Science degree in Psychology (252*/42.0101) consists of 41 semester hours including PSY 1200, PSY 2200, PSY 3100; STT 2810; at least two courses from Group A (PSY 2301, PSY 2400, PSY 2401, PSY 2402); at least two courses from Group B (PSY 3202, PSY 3203, PSY 3204, PSY 3205); at least two courses from Group C (PSY 4655, PSY 4658, PSY 4660); and 12 hours of PSY electives. Students must also complete the requirements for one of the following five concentrations:

1. **Business concentration (252D):** Of the 24 semester hours required, at least 3 semester hours (up to a maximum of 9 credit hours) must come from one of the following academic areas: Biology, Chemistry, Mathematics, Statistics, Physics. The additional credit hours (up to a maximum of 21 credit hours) must come from at least two of the following academic areas: Accounting, Business, Computer Information Systems, Economics, Finance, Management, Marketing, Health Care Management, Political Science.

2. **Health Studies concentration (252E):** Of the 24 semester hours required, at least 3 semester hours (up to a maximum of 9 credit hours) must come from one of the following academic areas: Biology, Chemistry, Mathematics, Statistics, Physics. The additional credit hours (up to a maximum of 21 credit hours) must come from Exercise Science, Health Promotion, Biology.

3. **Human Services concentration (252F):** Of the 24 semester hours required, at least 3 semester hours (up to a maximum of 9 credit hours) must come from one of the following academic areas: Biology, Chemistry, Mathematics, Statistics, Physics. The additional credit hours (up to a maximum of 21 credit hours) must come from at least two of the following academic areas: Human Development and Psychological Counseling, Communication Disorders, Social Work, Sociology, Special Education, Criminal Justice.

4. **Natural Science concentration (252C):** 24 semester hours must be selected from at least two of the following academic areas: Biology, Mathematics, Chemistry, Statistics, Physics and Astronomy, and Geology.
5. Social Science concentration (252G): Of the 24 semester hours required, at least 3 semester hours (up to a maximum of 9 credit hours) must come from one of the following academic areas: Biology, Chemistry, Mathematics, Statistics, Physics. The additional credit hours (up to a maximum of 21 credit hours) must come from at least two of the following academic areas: Anthropology, Criminal Justice, Geography and Planning, Political Science, Sociology.

For all concentration options, STT 2810, MAT 0010 and MAT 1010 cannot count toward satisfying concentration hours. Any course used to satisfy a core requirement cannot be used to satisfy a concentration requirement.

Minor in Psychology (275/42.0101)
The minor in Psychology consists of 18 semester hours in psychology, including PSY 1200.

Honors Program in Psychology
The Department of Psychology offers honors courses on the undergraduate level to students who have distinguished academic records and/or are nominated by a faculty member, and are invited by the Honors Committee. Credit earned in honors courses may be applied toward the major, the minor, or the electives required for graduation. To graduate with “honors in psychology,” a student must be recommended by the departmental honors committee and meet the criteria for such consideration: a minimum overall GPA of 3.45; a minimum GPA of 3.5 in psychology courses; and successful completion of the honors sequence. The honors sequence consists of nine semester hours of honors courses, with at least a grade of "B" in each. Six semester hours may be selected from the following: PSY 1200 (honors), PSY 3511, PSY 3512. A student may substitute one of the following courses for a course in the honors sequence by satisfactorily completing an honors contract (made between the student and the professor teaching the course): PSY 3202, PSY 3203, PSY 3204, PSY 3205, PSY 3207, PSY 4200, PSY 4201, PSY 4202, PSY 4206, PSY 4658, and PSY 4660. Three semester hours are senior honors thesis courses, PSY 4511 and PSY 4512 to be taken over two semesters. The honors program requires a minimum of three semesters to complete. Honors courses are not offered during summer sessions.

The Bachelor of Science degree in Child Development (510*/19.0706)
The Departments of Family and Consumer Sciences, and Psychology cooperate to offer the Bachelor of Science degree in Child Development (510*/19.0706) with concentrations in Family and consumer Sciences (510F) and Psychology (510D). This multidisciplinary degree, conferred by the Department of Family and Consumer Sciences, requires 20 semester hours of core courses (FCS 2201, FCS 3101, FCS 3102, FCS 3106, FCS 4102, FCS 4610; PSY 4202; and courses in one of the two areas of concentration: Psychology or Family and Consumer Sciences. Students will be advised in their department of concentration.

Master of Arts degrees in Psychology
The Department of Psychology offers a Master of Arts in general experimental psychology, which requires 31 semester hours and a thesis; a Master of Arts degree in industrial-organizational psychology and human resource management, which requires 46 semester hours; and a Master of Arts degree in clinical health psychology, which requires a thesis and 52 semester hours. The Master of Arts/Specialist in School Psychology requires 72 semester hours. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Psychology (PSY)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

PSYCHOLOGY HONORS (PSY)

PSY 1200. General Psychology Honors (3).F;S.
An honors section of PSY 1200, General Psychology. Survey of basic principles and selected topics in psychology. Students will have the opportunity to develop original critical thought in writing and discussion. Enrollment by invitation of the department or by application. (CORE: SOCIAL SCIENCES)

PSY 3511. Honors Colloquium (3).F.
In depth study of selected topic(s) in psychology, encouraging independent scholarship in writing and discussion. Enrollment is by invitation of the department or by application. May be taken twice if course content is significantly different. (WRITING)

PSY 3512. Honors Colloquium (3).S.
In depth study of selected topic(s) in psychology, encouraging independent scholarship in writing and discussion. Enrollment is by invitation of the department or by application. May be taken twice if course content is significantly different. (WRITING)

PSY 4511. Senior Honors Thesis I (1). On Demand.
Independent study and research leading to proposal of an honors thesis; directed by a member of the psychology department. The
student will register for this course during the semester prior to the final semester as an undergraduate. Enrollment by qualified applicants only. Prerequisite: successful completion of at least one honors course. (WRITING)

**PSY 4512. Senior Honors Thesis II (2). On Demand.**
Independent study and research leading to completion of an honors thesis; directed by a member of the psychology department. The student will register for this course during the final semester as an undergraduate. Enrollment by qualified applicants only. Prerequisite: successful completion of PSY 4511. (WRITING)

**PSYCHOLOGY (PSY)**

**PSY 1100. Psychology of Parenting (3).F;S.**
The study of social, multi-cultural, cognitive and behavioral principles in psychology as applied to the theory and practice of parenting. Will not count as psychology elective for majors.

**PSY 1200. General Psychology (3).F;S.**
Introduces the student to the study of human and animal behavior, with emphasis upon basic principles and research. Core areas include historical overview, methodology, biological foundations, learning, sensation and perception. Other areas are sampled. (CORE: SOCIAL SCIENCES)

**PSY 1200 IS PREREQUISITE TO ALL PSYCHOLOGY COURSES EXCEPT AS NOTED UNDER PSY 3000 BELOW.**

**PSY 2200. Careers in Psychology (1).F;S.**
An overview of the various career options in the field of psychology and the educational and training experiences required to pursue these options. Graded on an S/U basis.

**PSY 2301. Psychology of Human Growth and Development (3).F;S.**
The study of research and theory of human physical, cognitive, social and emotional development from conception through maturity. Topics include descriptions of typical human development and application of the principles of developmental psychology.

**PSY 2305. Psychology of Gender (3). On Demand.**
An examination of selected psychological theories and research of the effects of gender. Emphasis is placed on the cognitive, biological and sociocultural explanations of gender similarities and differences.

**PSY 2400. Psychology of Personality (3).F;S.**
Basic principles of personality structure, dynamics, development, assessment, and theory are discussed. Consideration is given to environmental and biological determinants of personality.

**PSY 2401. Abnormal Psychology (3).F;S.**
An overview of the major forms of psychological disorders in children and adults. Emphasis is placed on theory and research related to the classification, description, etiology, and treatment of maladaptive behaviors and psychological disorders.

**PSY 2402. Social Psychology (3).F;S.**
The study of the influence of the social environment and the presence of others on the thoughts, feelings, and behaviors of individuals. Theory and research related to social perception, group influence, and interpersonal relations are considered.

**PSY 2500. Independent Study (1–3).F;S.**

**PSY 2700. Behavior Change (3).F;S.**
An introduction to behavior change principles and procedures employed in the helping professions. Instructional and practical experiences focus on the acquisition of communication and problem-solving skills used to manage problem behaviors.

**PSY 3000. Educational Psychology (3).F;S.**
Educational Psychology consists of an overview of the development of the student and an analysis of the principles of classroom learning. Applicable theories of child and adolescent development and major concepts, theories, and research in the acquisition of knowledge and interpersonal social skills are emphasized. Special attention is given to the educational application of these principles. Prospective education majors are strongly encouraged to take PSY 3000 and CI 2800/ SPE 2800 concurrently. Prerequisite: PSY 1200 or CI 2800/SPE 2800, or current enrollment in CI 2800/SPE 2800 with a clinical experience. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

**PSY 3100. Research Methods in Psychology (4).F;S.**
Basic research/design concepts such as variables, confounding, causation, levels of measurement, observational research strategies,
experimental design and control procedures, and use of descriptive, correlational and inferential statistics will be introduced. Students will have the opportunity to develop competence in conducting literature reviews, report writing in APA style, data collection and analysis. Prerequisite: STT 2810 (with a grade of "C" or better). (WRITING; NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**PSY 3202. Principles of Learning (3).F;S.**
A survey of the basic principles, mechanisms, and theories of learned behaviors. Emphasis is placed on basic learning processes associated with Pavlovian and operant conditioning discovered through research with nonhuman animals. Prerequisite/Corequisite: PSY 3100 or permission of the instructor.

**PSY 3203. Perception (3).F;S.**
A survey of classical and contemporary theories of perception. Visual and auditory perceptual systems are emphasized. Prerequisite/Corequisite: PSY 3100 or permission of the instructor.

**PSY 3204. Cognitive Processes (3).F;S.**
A survey of classical and modern theories of human thought processes as they relate to performance in memory tasks, concept learning, and problem solving. Prerequisite/Corequisite: PSY 3100 or permission of the instructor.

**PSY 3205. Biological Psychology (3).F;S.**
A survey of the physiological, anatomical, and chemical correlates of behavior. Topics will include basic processes associated with these course components as well as discussion of how these processes are related to various neurological disorders. Prerequisite/Corequisite: PSY 3100 or permission of the instructor. (CROSS-DISCIPLINARY)

**PSY 3207. Organizational Psychology (3).F;S.**
A survey of organizational psychology based on classical and contemporary research. Emphasis is placed on the practical application of principles to problems at the micro (individual, interpersonal, and group) and macro (environmental) levels. (CROSS-DISCIPLINARY)

**PSY 3500. Independent Study (1–4).F;S.**

**PSY 3520. Instructional Assistance (1).F;S.**
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: psychology major; junior or senior standing. May be repeated for a total credit of three semester hours.

**PSY 3530–3549. Selected Topics (1–4). On Demand.**
In depth examination of specialized areas of psychology. Topics vary from year to year depending upon the interests of students and faculty.

**PSY 4001. Research Assistant (1–3).F;S.**
A supervised experience in which the student does psychological research on a faculty member's project under the direction of a faculty member. Graded on an S/U basis. Prerequisite: psychology major. May be repeated for a total credit of six semester hours.

**PSY 4002. Supervised Research (1–3).F;S.**
A supervised experience in which the student does psychological research under the direction of a faculty member. The project will be developed by the student in consultation with their supervisor and should be considered the student's project. Prerequisite: PSY 3100; psychology major. May be repeated for a total of six semester hours credit. (WRITING)

**PSY 4200. Advanced Research Methods (3).F.**
This course presents an advanced review of behavioral research methodology and associated statistical applications. Discussion will focus on both the practical and theoretical principles that underlie the design and analysis of behavioral data. A written project is required. Prerequisite: PSY 3100. (WRITING; SPEAKING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**PSY 4201. Advanced Social and Personality Psychology (3).S.**
This course will provide an in-depth consideration of contemporary issues and topics from the disciplines of social and/or personality psychology. Areas of inquiry will vary from year to year according to the discretion of the instructor. PSY 4201 is intended for students interested in developing research skills in social and/or personality psychology, specifically students contemplating graduate work in these fields. Prerequisites: PSY 2400, PSY 2402, and PSY 3100 or permission of the instructor. (WRITING)
PSY 4202. Child and Adolescent Psychology (3).F;S.
This course will provide an in-depth consideration of contemporary issues and topics from child and adolescent psychology. Areas of inquiry will vary from year to year according to the discretion of the instructor. PSY 4202 is intended for students interested in developing research skills in child and adolescent psychology, specifically students contemplating graduate work in these fields. Prerequisite: PSY 3100 or permission of the instructor. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY)

PSY 4206. Industrial Psychology (3).F;S.
A survey of the field of human resource management based on fundamental psychological principles and psychometric theory. Topics considered include job analysis and evaluation, performance appraisal, and personnel selection. Prerequisite: PSY 3100 or permission of the instructor. (CROSS-DISCIPLINARY)

PSY 4562. Psychology of Adulthood and Aging (3).F;S.
A study of the physical cognitive, social, and emotional development of adults. The psychological changes associated with the process of aging will be emphasized, with particular focus on cognitive and personality factors. Graduate students will be expected to become involved in an area of research. Prerequisite: PSY 3100 or permission of the instructor. (WRITING) [Dual-listed with PSY 5562.]

In depth analysis and evaluation of a contemporary research issue in psychology. Topics vary from year to year depending upon the interests of students and faculty. Prerequisite: PSY 3100, a major or minor in psychology, or permission of the instructor. (WRITING)

PSY 4653. Health Psychology (3).F;S.
This course includes a survey of major physical disabilities including cardiovascular disease, diabetes, AIDS, cancer, pain, obesity, eating disorders, and injury using a behavioral medicine orientation. Behavioral medicine represents a multidimensional approach to integrating behavioral and biomedical information in determining disease etiology and in prescribing comprehensive treatment. Prerequisite: PSY 3100 or permission of the instructor. (WRITING) [Dual-listed with PSY 5653.]

PSY 4655. Advanced General Psychology (3).F;S.
An examination of selected contemporary topics in psychology and a review of the major areas of psychology. Prerequisite: PSY 3100 or permission of the instructor. (WRITING; SPEAKING) [Dual-listed with PSY 5655.]

PSY 4658. History and Systems of Psychology (3).F;S.
An analysis of the philosophical and empirical antecedents of modern psychology and the contemporary systems which emerge from these. Prerequisite: PSY 3100 or permission of the instructor. (WRITING; SPEAKING)

PSY 4660. Psychological Tests and Measurements (3).F;S.
An overview of the basic concepts of psychological measurements, strategies used to develop psychological tests, important legal and ethical issues in testing and measurement, as well as relevant historical and theoretical perspectives. Students will be introduced to the uses of psychological tests and measurements in various types of settings, such as clinical, educational, and industrial/organizational. Prerequisites: STT 2810, PSY 3100 or permission of the instructor. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

PSY 4700. Applied Behavior Management (3).S.
An advanced study of the philosophy, principles and procedures of applied behavior analysis and a review of selected research. Practical, ethical, and legal constraints on behavioral interventions are considered. Research conducted in institutional, educational and home settings is emphasized. Prerequisite: PSY 3100 or permission of the instructor. (WRITING) [Dual-listed with PSY 5800.]

PSY 4900. Internship: Field Work in Applied Psychology (1-6).F;S.
Supervised placement in a setting that provides appropriate opportunity for observing and practicing psychological skills. Among the settings in which such skills could be practiced are mental health centers, hospitals, rehabilitation centers, and departments in which personnel services are coordinated. Students must seek approval of the undergraduate internship coordinator before enrolling. Graded on an S/U basis. Prerequisites: psychology major and approval of the undergraduate internship coordinator.
The mission of the Department of Sociology and Social Work is to provide a rich and broad foundation of knowledge about social life and appreciation of the diversity of cultural and social arrangements within the United States and around the world. Utilizing a variety of theoretical perspectives within the liberal arts, sociology, social work, and gerontological traditions, the faculty strives to explore the social causes as well as the social consequences of human behavior. Through teaching, scholarly activities, and service, the faculty provides an educational experience that encourages students to clarify their personal values and goals and that presents a holistic conception of individuals, families, groups, organizations, communities, and societies. Through the study of social structures and processes, and through the practical application of these studies, students are given an opportunity to identify and understand the social forces at work in any society, to appreciate the complexity and interconnectedness of the diverse elements in modern societies, and to participate more knowledgeably and skillfully in their chosen careers and in society.

All majors in sociology and social work require a minimum of 122 semester hours for the degree. Social Science teaching licensure with a sociology concentration requires 123 semester hours. The Bachelor of Arts degree requires a minor. In addition to core curriculum, major and minor requirements, electives must be taken to meet the total required minimum hours. Two semester hours of free electives outside the major discipline are required.

**Sociology**

The department offers a Bachelor of Arts degree and a Bachelor of Science degree. In addition to specific degree (B.A., B.S.) requirements, each sociology major must successfully fulfill the following condition: complete the following courses with a grade of "C" (2.0) or better: Soc 1000, Soc 3885, Soc 3895, Soc 3950, Soc 3960 and Soc 4450.

The Bachelor of Arts degree in Sociology (290A/45.1101) consists of 36 semester hours, including SOC 1000, SOC 3885, SOC 3895, SOC 3950, SOC 3960, and SOC 4450; one other sociology course numbered between 4560-4850; and 15 hours of electives in sociology. MAT 1010 should be taken to fulfill the mathematics requirement in the core curriculum. A candidate for the Bachelor of Arts degree may count not more than a total of 40 hours above core curriculum requirements in sociology.

The Bachelor of Science degree in Sociology (non-teaching) (284*/45.1101) consists of a minimum of 30 semester hours of sociology and 30 semester hours in a career-oriented concentration.

A. A minimum of 30 semester hours, including SOC 1000, SOC 3885, SOC 3895, SOC 3950, SOC 3960, and SOC 4450. MAT 1010 should be taken to fulfill the mathematics requirement in the core curriculum.

B. A minimum of 30 semester hours in a career-oriented concentration includes courses selected from several departments and disciplines. Courses are specified for each area of emphasis and chosen with the consent of the advisor. All concentrations also require completion of SOC 4390 and SOC 4900.

The seven areas of concentration are:
1. Applied Research Methods (284D)
2. Criminology and Social Control (284E)
3. Family Development (284F)
4. Gerontology (284G)
5. Individually Designed (284I)
6. Legal Studies (284H)
7. Social Inequalities (284K)

NOTE: Students must petition the department using departmental guidelines to utilize the individually designed concentration.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Sociology (291G)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(Mc) and ANT 2400(Mc); ECO 2030 and ECO...
2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of "C" is required in CI 3100 and RE 4630 and all professional education courses. A student majoring in social sciences education should select MAT 1010(CD,ND,C) to satisfy the core curriculum mathematics requirement. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in Sociology (291G)[T] for the social sciences education degree requires 15 semester hours from the following:
SOC 1110, SOC 2850(W), SOC 3340, SOC 3885(W), SOC 3895(ND,C), SOC 3950, SOC 4560(MC), SOC 4750. All courses are three semester hours credit.

A minor in Sociology (290/45.1101) consists of 18 semester hours, including SOC 1000 and 15 hours of electives in sociology.

For the minor in Gerontology (253/30.1101), refer to the College of Arts and Sciences section of this catalog.

Honors Program in Sociology

The Department of Sociology and Social Work offers an honors program composed of nine semester hours of disciplinary honors work including a three semester hour honors thesis. Disciplinary honors courses will be drawn from designated honors courses offered at the introductory, intermediate and advanced course levels in the department. Enrollment in sociology honors courses is by permission of the departmental honors coordinator. However, to graduate with “honors in sociology,” a student must be a major, have maintained an overall grade-point average of 3.4 and an overall sociology and social work grade point average of 3.4, have no grade less than "B" in any honors-designated course, and have completed a departmental honors thesis.

Social Work

The Bachelor of Social Work (B.S.W.) degree (281A/44.0701) prepares students for the entry level of professional practice in a variety of public and private social service agencies, organizations, and programs designed to enrich the quality of life and to improve the social functioning of individuals, families, groups, and communities served. Study includes the social, economic, and political processes involved in the development and change of social service institutions, the dynamics of human behavior, and the interventive methods and their applications to a wide variety of situations and clients. Forty-five hours of class and field instruction in social work and twenty-nine semester hours of specified courses in the social sciences, the humanities, and natural sciences (biology) are required. (See specific requirements for the B.S.W. degree as listed in the College of Arts & Sciences section of this bulletin.)

Degree requirements for a Bachelor of Social Work (B.S.W.) are: SW 2010, SW 2020, SW 2630, SW 3000, SW 3330, SW 3615, SW 3850, SW 3860, SW 4000, SW 4110, SW 4650, SW 4690 and one social work elective chosen from SW 3635, SW 3650, SW 4358, SW 4365 or SOC 4551/SW 4551. Majors must earn at least a 2.0 ("C") grade in each required social work course. Curriculum credit cannot be given for life experience or work experience. SW 3330, SW 4000, and SW 4110 may be used to satisfy major requirements for special designator writing (W) courses. SW 3615 will satisfy requirements for a special designator MULTI-Cultural (MC) course. SW 3850 and SW 3860 will satisfy requirements for special designator numerical data (ND) courses, and SW 3850 will satisfy requirements for special designator computer (C) courses. SOC 4551/SW 4551 will satisfy requirements for a special designator cross-disciplinary (CD) course, and SW 4690 for a special designator speaking (S) course.

Cognate courses required for the degree are: BIO 1101 and BIO 1102 or equivalent; ANT 1215; PS 1100; PHL 1100 or PHL 2000; SOC 1000, SOC 1100; PSY 1200; PSY 2401 or SOC 3330. MAT 1010 should be taken to fulfill the mathematics requirement in the core curriculum.

Graduates have full professional status and may be granted advanced standing in two-year master's degree programs in social work.

The social work program is accredited by the Council on Social Work Education.

A minor in Social Work (281/44.0701) requires 18 semester hours: SW 2010, SW 2020, SW 2630, SW 3000, SW 3330, and one social work elective chosen from SW 3635, SW 3650, SW 4358, SW 4365 or SOC 4551/SW 4551. The plan for the minor should be approved by the social work program director.

The primary purpose of the minor in Social Work is to complement a student's major. It does not prepare the student for social work practice.

Graduate Degrees

The Department of Sociology and Social Work offers a Master of Arts degree in Gerontology; and a Master of Social Work degree. Students interested in either of these degree programs should consult the Graduate Bulletin for further information.

CONTINUED
Courses of Instruction in Sociology and Social Work (SOC, SW)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SOCIOLOGY (SOC)

SOC 1000. Introduction to Sociology (3). F; S.
An introduction to the field of sociology and the sociological perspective. Gives students a basis for understanding how society operates. Topics include, groups, family, bureaucracies, social class, power, deviance, minority relations, community and social change. Required for majors and minors. (CORE: SOCIAL SCIENCES)

SOC 1100. Social Problems in American Society (3). F; S.
A survey course which examines the major social problems in America today, such as poverty, racism, sexism, aging, militarism and war, environmental abuse, crime, mental illness, drug abuse and alcoholism. (CORE: SOCIAL SCIENCES)

SOC 1110. Marriage and Family Relations (3). F; S.
Sociological perspectives and knowledge concerning intimate relationships, marriage, and family life in American society. General topics include marriage and marital relations; the family as a social institution; intimacy and love; sex, sexuality, and sexual relations; gender relations; singlehood; family dynamics; parenthood and child rearing; family crisis, conflict, and change; and marital separation, divorce, and remarriage. (CORE: SOCIAL SCIENCES)

SOC 1530–1531. Selected Topics (1–4). On Demand.
This course cannot be applied to the sociology major or minor or applied to core curriculum requirements.

SOC 2020. Social Deviance (3). F; S.
This course explores the social construction of deviance and the social causes of and explanations for deviant behavior. The course emphasizes theoretical explanations of social deviation illustrated with substantive examples as they occur in a social context.

SOC 2040. Popular Culture (3). S. Alternate years.
Examines the nature and use of popular culture, and the popular forms of everyday life in America, including popular beliefs, popular images of objects and people, popular events and rituals, and the popular arts. Among topics considered are soap operas, sports, rock and popular music, movies, plays, art, comics, fashions, popular literature, and other forms of mass-mediated culture.

SOC 2060. Religion and Society (3). F. Alternate years.
A general introduction to a sociological perspective on religion. Examines the social meaning and consequences of religion in both its religious and secular roles in modern society.

SOC 2500. Independent Study (1–4). F; S.

SOC 2700. Sociology of Sport (3). S.
This course examines the social significance of sport. Attention will focus on sport as an institution, social process, and its relation to social organization, race, gender, class, and major institutions such as family, education, mass media, government and economics. Students will be provided with an understanding of the impact of sport on culture and vice versa. (CORE: SOCIAL SCIENCES)

SOC 2850. Gender and Society (3). F; S.
Sociological introduction to the effects of gender on social relations and contemporary social issues. Major topics include socialization, women as a minority group, work and family, interpersonal power, and law. Historical and cross-cultural analyses also are included. Other topics may be added at the request of the student or the initiative of the instructor. (WRITING) (CORE: SOCIAL SCIENCES)

SOC 3100. Gerontology (3). F; S.
This course will provide a broad overview of the physical, psychological, social, and cultural aspects of aging. Major concepts, issues, and current research on aging will be analyzed, and current and proposed federal, state, and local programs impinging on the aged will be examined.

SOC 3320. Sociology of Conflict Resolution (3). F.
Social conflict is an everyday experience for most people. How we deal with conflict often determines our life outcomes. This class investigates the causes of conflict, the conditions under which conflict leads to violence and the techniques of conflict resolution on both societal and interpersonal levels. This course is designed to help students put sociological theory to practical use.
SOC 3340. Criminology (3).F;S.
Study of origins and purposes of criminal law; survey of the various theoretical approaches to the study of crime causation; examination of various categories of criminal behavior including violent crime, occupational crime, political crime, criminal sexuality; and an overview of the criminal justice system which seeks to deter, convict and punish offenders.

SOC 3350. Corrections (3).F;S.
A study of the history and development of the adult correctional system as part of the larger adult criminal justice system. Includes overview of the criminal justice system, a review and analysis of theories of punishment, a study of institutional treatment in a total institution and the roles of inmates and staff, and a study of alternatives to incarceration such as parole and probation. Prerequisite: SOC 3340 or SOC 3360 or permission of the instructor.

SOC 3360. Juvenile Delinquency (3).S.
A study of the history and development of the juvenile correctional system as part of the larger juvenile justice system. Includes definitions of delinquency, a survey of various theoretical approaches to delinquency causation and punishment, a comparison of the juvenile and adult systems of correction and an overview of the special problems of juvenile offenders.

SOC 3370. Sexual Deviance and Violence (3).S.
Examines the cultural and historical contexts of sexual attitudes and behavior, the definition of deviance, theories of deviance, and specific forms of sexually deviant behavior. Treatment strategies are considered. (WRITING)

SOC 3500. Independent Study (1–4).F;S.

SOC 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

An opportunity to study a special topic or combination of topics not otherwise provided for in the sociology curriculum. May be repeated for credit when content does not duplicate.

SOC 3550. Sociology of Work and Organizations (3).F.
An examination of the social context of work and related organizations, including issues pertaining to job satisfaction, organizational structure and dynamics, managerial strategies and leadership, and the nature of occupations and professions. The impact of contemporary social transformations such as labor force diversity, technological development, and economic globalization are also analyzed. (CROSS-DISCIPLINARY)

SOC 3600. Medical Sociology (3).F.
A study of health care, medical settings, and the medical professions. Includes the creation and epidemiology of disease and illness, the structure of the health care industry, doctor-patient interaction, and major health care problems. (WRITING)

SOC 3750. Propaganda, Media and Society (3).F.
This course will focus on the processes and effects of mass media in the United States from a sociological perspective. It will analyze the effect of the media on human groups and behavior and how media interacts with social organizations such as family, education, and government. The historical development of the media as it relates to socialization patterns and racial and sexual diversity will be explored and the media's function as a means of propaganda in the U.S. will be analyzed.

SOC 3800. Sociology of War (3).F.
A study of the sociological effects of war on individuals, families, and communities. Topics that are covered include military conscription and the draft, the role of minorities in the military, pro-war and anti-war movements, readjustment problems of veterans, war crimes, the portrayal of war in film and music, ethnocentrism and cultural differences, general causes of war and conflict resolution.

SOC 3885. Research Methods I (3).F;S.
Relationship of theory to research; research design, sampling procedures, application of research methodologies. Required of majors. Prerequisite: six semester hours in sociology, including SOC 1000. (WRITING)

SOC 3890. Research Assistance (1). On Demand.
Supervised involvement in faculty research project. May be repeated for a total credit of three semester hours. Graded on an S/U basis.
SOC 3895. Research Methods II (3).F;S.
Data preparation and analysis, computer applications, presentation and interpretation of findings. Required of majors. Prerequisite: SOC 3885 or permission of the instructor. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

SOC 3950. Sociological Theory I (3).F;S.
This course examines the major theories that have contributed the most to our understanding of social behavior and human relationships. The course covers the early history of sociology. Required of majors. Prerequisite: six semester hours in sociology, including SOC 1000.

SOC 3960. Sociological Theory II (3).F;S.
This course examines the major theories that have contributed the most to our understanding of social behavior and human relationships. The course covers contemporary theories and recent trends. Required of majors. Prerequisites: SOC 1000 and SOC 3950.

SOC 4150. Sociology of Law (3).F.
This course is an introduction to the sociology of law. The primary focus of this course is the sociological perspective on laws and their application in the modern world. Special emphasis will be placed on the interplay between laws and social institutions and on laws contributing to the distinctive characteristics of the modern world.

SOC 4250. Collective Behavior and Social Change (3).F. Alternate years.
A study of the forces that impact upon society and the delivery of services by governments either through revolution or orderly directed change; the study of the strategy, tactics and effects of change and who affects change.

SOC 4390. Applied Sociology Seminar (3).F;S.
This course is REQUIRED prior to taking SOC 4900 (Internship). Topics include: (1) an introduction to applied sociology, (2) the history, value and rationale of experiential learning, (3) personal values discovery and skills assessment, (4) exploring career options requiring sociological skills, (5) developing job seeking skills and preparing for an internship, (6) learning to turn academic education into job transferable skills, and (7) applying sociological skills in the work environment. Prerequisite: six semester hours in sociology, including SOC 1000.

SOC 4450. Senior Seminar (3).F;S.
Synthesis, application, and evaluation of sociological perspectives to enhance the understanding of sociology, social behavior, and social issues. Consideration of major theoretical and methodological approaches in sociology and application of the sociological imagination, principles, and concepts to everyday life. Emphasis on the development of critical and analytical thinking skills. Required of majors. Prerequisites: SOC 3885, SOC 3895, SOC 3950, and SOC 3960. (SPEAKING; WRITING)

SOC 4510. Senior Honors Thesis (3). On Demand.
Independent study and research. Honors thesis directed by a member of the Department of Sociology and Social Work. Prerequisites: completion of six semester hours of departmental honors work and permission of the departmental honors coordinator.

SOC 4530–4549. Selected Topics (1–4). On Demand.
An opportunity to study a special topic or combination of topics not otherwise provided in the sociology curriculum. May be repeated for credit when content does not duplicate.

SOC 4560. Race and Minority Relations (3).F.
Examination of intergroup relations, including racial, ethnic, and women’s issues; the bases of conflict, accommodation, and assimilation; the nature and consequences of prejudice and discrimination; evaluation of proposals for reduction or elimination of prejudice and discrimination. (MULTI-CULTURAL) [Dual-listed with SOC 5560.]

SOC 4570. The Addictive Process (3).F;S.
An examination of sociological and psychological contributants to alcohol and drug addiction and abuse in our society. The addictive process and its impact on the individual and society are described, as well as treatment and prevention program efforts. Students will also examine their own feelings and attitudes about alcohol and drug use and abuse. (Same as HPC 4570/HPC 5560.) [Dual-listed with SOC 5570.]

SOC 4600. Political Sociology (3).S. Alternate years.
An analysis of the social influences on political behavior, the relationship between political and other institutions, the uses and abuses of political power. [Dual-listed with SOC 5600.]
Sociology and Social Work

SOC 4630. Programs and Services for Older Adults (3).F.
This course focuses on both policy and practice issues related to services for older adults. Drawing on research from both sociology and social work, the long-term impact of an aging society on social institutions as well as relevant modes of practice in addressing the needs of the older population are emphasized. Prerequisites for social work majors: SW 2020; SW 2630; SW 3330; or consent of the instructor. Prerequisites for sociology majors: none. (CROSS-DISCIPLINARY) (Same as SW 4630.) [Dual-listed with SOC 5630/SW 5630.]

SOC 4650. Women in the Justice System (3).S.
This course will explore issues related to women in the criminal justice system. It will examine the types of crime committed by women, treatment of women by police, courts, and the correctional system, women's victimization by battering, rape, and harassment, and women in non-traditional criminal justice occupations. [Dual-listed with SOC 5650.]

SOC 4710. Rural and Urban Communities (3).S. Alternate years.
Analysis of the structure and functioning of rural and urban communities; social organization and change within and among communities. [Dual-listed with SOC 5710.]

SOC 4750. Social Stratification (3).F.
A study of the distribution of wealth, power, privilege, and prestige. The course examines conservative, liberal, and radical explanations of human inequality. Cross-cultural and comparative analysis is used to focus on various problems of inequality and their consequences. (MULTI-CULTURAL) [Dual-listed with SOC 5750.]

SOC 4800. Sociology of the Family (3).S.
The origin and development of the family as a social institution; the contemporary family in various cultures; the relationship of the family to the economic, political, religious, and educational institutions in American society. Prerequisite (for undergraduates): SOC 1110. [Dual-listed with SOC 5800.]

This course examines how worldwide changes have given rise to global organizations, global inequities and some environmental degradation. Special emphasis is placed on how the population dynamics of fertility, mortality and migration underlie many global issues and create new conflicts. [Dual-listed with SOC 5950.]

SOC 4900. Internship (3-12).F;S.
Supervised placement in a setting which provides an opportunity for students to observe and practice sociological skills. Graded on an S/U basis. Prerequisites: SOC 4390 and completion of 90 hours of coursework, including 18 hours of sociology coursework, with a minimum overall grade point average of 2.0.

SOCIAL WORK (SW)

SW 2010. Professional Social Work in Contemporary Society (3).F;S.
Provides the student with the opportunity to learn about social work as a major helping profession and social work practice in a changing society. Focus is on characteristics of the helping professions; underserved populations in the U.S.; and the wide variety of settings in which professional social workers practice. Entry level course for social work majors. Prerequisite: at least second semester freshman standing.

SW 2020. The American Social Welfare System (3).F;S.
An introduction to social welfare as a concept and as a social institution: overview of the public and private network of social programs and services intended to help fulfill basic human needs. Analysis of major social issues, problems, and values which shape social policy and the distribution of resources in the U.S., with attention to several other nations. Visit to human service agency required. (CORE: SOCIAL SCIENCES)

SW 2500. Independent Study (1–4).F;S.

SW 2630. Human Behavior and the Social Environment (3).F;S.
Provides the student with the opportunity to become skilled at assessing human functioning in varied social contexts. The ecosystems approach is applied to stages of the life cycle, providing organizing concepts for the course. Review and application of relevant social science and social work theory, concepts, and research which provide the bases for developing strategies for social work intervention. Prerequisites: SOC 1000; PSY 1200; and BIO 1102 or its equivalent.

SW 3000. Basic Skills for the Social Professions (3).F;S.
Introduces students to topics and skills considered basic to beginning social work practice. Experiential learning is stressed. The course
is designed to teach effective relationship, communication, interviewing and recording skills, based on ethical and professional values. A 40-hour volunteer experience is required, providing students opportunities to test out their knowledge and skills in a professional setting. Prerequisites: SOC 1000 and PSY 1200 or consent of the instructor.

SW 3330. Social Welfare Policies, Programs, and Issues (3).F;S.
Examines policies and issues associated with existing social service delivery systems, emphasizes policy formulation and assessment of alternative strategies for establishing and meeting social goals. Influence of social work principles, values, and practice on social welfare policies and issues. Prerequisites: SW 2010, SW 2020, SW 2630, and PS 1100. (WRITING)

SW 3500. Independent Study (1–4).F;S.

SW 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

SW 3530–3549. Selected Topics (1–4). On Demand.
Such topics as social work in health and mental health and social work practice with disabilities provide opportunities for attention to special areas of practice and specific populations.

SW 3615. Foundations of Social Work Practice (3).F;S.
This course offers an opportunity for students to examine both personal and professional issues related to social work practice. Focus is on sensitivity to, understanding of, and appreciation for people from diverse cultural backgrounds. Study of vulnerable, underserved groups in the United States and examination of culture and social class within the context of non-discriminatory delivery of social services to these groups. Prerequisite: admission to the practice sequence. (MULTI-CULTURAL)

Study of the role and competencies of the school social worker as a member of the pupil personnel team in the U.S. educational system. Social work practice in the school setting with students, their families and communities, will be examined. Focus on addictions, disabilities, pregnancy, poverty, serious behavioral difficulties. Discussion of current issues and reforms in education. Prerequisites or corequisites: SW 4000 and SW 4110 or the equivalent.

SW 3650. Social Services with the Developmentally Disabled (3). On Demand.
A systematic study of social work practice with the developmentally disabled. Course content covers diagnostic terms and definitions, the etiology of disabilities, prevention and intervention services, relevant social policies, legal and ethical issues. Prerequisites: SW 2020, SW 2630, and SW 3330 or consent of the instructor.

SW 3850. Social Work Research Methods (3).F;S.
An introduction to the scientific approach to building social work knowledge and skills. Topics include social work theory and research, formulation of hypotheses, defining and identifying variables, research design, sampling, research methodologies, and the collection, processing, analysis and reporting of data. Emphasis is upon the use of research to enhance professional social work practice. Required of majors. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

SW 3860. Evaluating Social Work Practice (3).F;S.
The application of research concepts, methods, and data in the planning and evaluation of social work practice. Builds upon key research concepts as the context for the study of measuring the effects of social work practice on individuals, families, groups and communities. Topics include the use of single subject designs and methods of assessing the performance of service programs. Required of majors. Prerequisite: SW 3850. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

SW 4000. Social Work Practice I (3).F;S.
This course provides the opportunity for students to learn a beginning base of practice theory with individuals and families, utilizing an ecological, holistic perspective. Focus is on basic values, concepts and processes essential to generalist social work practice. Attention is given to assessment, goal setting, contracting, evaluation and differential intervention planning. Prerequisite: SW 3615. Prerequisite or corequisite: PSY 2401 or SOC 2020. SW 4110 may be taken concurrently. (WRITING)

SW 4110. Social Work Practice II (3).F;S.
Applications of social work knowledge and skills to intervention with meso and macro systems. Focus on group purposes, composition, and development, and techniques for working with groups. Discussion of models and common elements of macro practice. Prerequisite or corequisite: SW 4000. (WRITING)
SW 4358. Social Services With Children and Youth (3).S.
An introduction to the field of child welfare and an overview of related social welfare services, this course will deal specifically with the role of the social worker in service delivery, and will examine relevant social policies and their effect on practice. Generalist knowledge, values and skills applied to child welfare programs and services. Prerequisites: SW 2020, SW 2630, and SW 3330 or consent of the instructor.

SW 4365. Social Services With Troubled Families (3).F.
An introduction to contemporary theories, methods and techniques employed by social workers to help troubled families cope with a wide range of problems including divorce, poverty, drugs and alcohol abuse, psychological and physical violence, and parent-child difficulties. Focus on relevant social policies and services, and building on the strengths of families and utilization of formal and informal helping networks. Prerequisites: SW 2020, SW 2630, and SW 3330 or consent of the instructor.

SW 4555. Death, Dying, and Living (3).F.
An examination of how dying, death, and grief are experienced, including how support can be given through helping relationships to those who are dying or experiencing bereavement. Consideration will be given to the issues of euthanasia, suicide, body disposition, living wills, and the relationship of death to life. Students will have the opportunity to explore personally the meaning of death, other experiences of loss, and the quality of life. [Dual-listed with SW 5555.]

SW 4565. Human Sexuality and Family Living (3).S.
Information and concepts of human sexuality including physiological, social, psychological, and moral aspects will be studied. Such topics as dating, marriage, prenatal and postnatal care and intrafamily relationships leading to reduction of stress on family members are also to be included. Emphasis will be placed on communication skills-building. [Dual-listed with SW 5565.]

SW 4630. Programs and Services for Older Adults (3).F.
This course focuses on both policy and practice issues related to services for older adults. Drawing on research from both sociology and social work, the long-term impact of an aging society on social institutions as well as relevant modes of practice in addressing the needs of the older population are emphasized. Prerequisites for social work majors: SW 2020; SW 2630; SW 3330; or consent of the instructor. Prerequisites for sociology majors: none. (CROSS-DISCIPLINARY) (Same as SOC 4630.) [Dual-listed with SW 5630/SOC 5630.]

SW 4650. Social Work Field Instruction (9).F;S.
Supervised placement in selected human services agencies to integrate theory with practice and prepare for professional responsibilities. Approximately 475 hours required in social agency setting. Graded on an S/U basis. Prerequisites: admission to the practice sequence and all cognates and social work required courses except SW 4110.

SW 4690. Senior Seminar: Issues and Ethics for Field and Profession (3).F;S.
This seminar integrates academic concepts and theory with the realities of social work practice that students experience in field settings, and explores and synthesizes contemporary professional issues. Corequisite: SW 4650. (SPEAKING)
The Walker College of Business

The John A. Walker College of Business

Randal K. Edwards, Dean
Don R. Cox, Associate Dean for Accreditation
Heather M. Hulburt, Assistant Dean for Instructional Programs
Philip R. Witmer, Assistant Dean for Graduate and International Programs

Mission
The Walker College of Business offers undergraduate and masters level business programs at Appalachian State University, a public, comprehensive university in the University of North Carolina system of higher education.

The mission of the John A. Walker College of Business is to offer high quality educational experiences preparing our students for life-long learning and leadership responsibilities in a dynamic, global environment. To accomplish this, our focus is on instructional excellence, complemented by diverse research and service activities that contribute to progress in the business discipline and the broader community.

Vision
The Walker College of Business aspires to have nationally recognized undergraduate business programs and select graduate programs with strong regional reputations.

Values
In fulfilling our mission and pursuing our vision, the college will:
— support a commitment to honesty, integrity, and ethical behavior
— seek quality, innovation, and efficiency in our efforts
— cultivate meaningful student–faculty relationships so that each can learn, grow, and be fulfilled in their work
— provide opportunities for multicultural learning and experiences
— maintain a supportive, collegial learning environment that respects individuals and their uniqueness, preserves academic freedom, and promotes interdisciplinary efforts

Departments
The College of Business consists of the following six departments:

<table>
<thead>
<tr>
<th>Accounting</th>
<th>Finance, Banking and Insurance</th>
</tr>
</thead>
<tbody>
<tr>
<td>Computer Information Systems</td>
<td>Management</td>
</tr>
<tr>
<td>Economics</td>
<td>Marketing</td>
</tr>
</tbody>
</table>

NOTE: Although the requirement for most degree programs at Appalachian can be met within the minimum of 122 semester hours, the student should be aware that certain programs of study require additional hours. Students are advised to check with the department of their intended major early in their studies. Meeting graduation requirements is the student’s responsibility.

Degrees Offered
Through the College of Business, students can obtain the following degrees:

1. Bachelor of Science in Business Administration (BSBA), with majors in Accounting; Computer Information Systems; Economics; Finance and Banking; Health Care Management; Hospitality and Tourism Management; International Business; Management; Marketing; Risk and Insurance
2. A Master of Business Administration (MBA)
3. A Master of Science in Accounting

The Department of Economics offers the following degrees through the College of Arts and Sciences:
1. Bachelor of Arts in Economics
2. Bachelor of Science in Social Sciences, Education (with teaching licensure) with a concentration in Economics

Academic Advising Services
Academic Advising for declared business majors is available through the College of Business Undergraduate Advising Office to assist students with academic planning. Students should come by the College of Business Undergraduate Advising Office to make arrangements to meet with an advisor once their records have been transferred to the College of Business.

Students are not assigned a specific advisor but rather may sign up to see any available advisor; however, neither advisement by a representative of the College of Business nor transference of records to the College constitutes admission to the College.

Although academic advising is provided for all students, the final responsibility for meeting requirements for graduation remains with the student. Students should arrange to have a graduation audit with the College of Business Undergraduate Advising Office.
semester before expected graduation (or the semester prior to the last semester of course work for students planning an internship or study abroad during their last semester). Applications for graduation should be completed in the Registrar’s Office at the beginning of the term in which graduation requirements will be met.

To transfer records to the College of Business, a student must:
1. Obtain credit for at least 30 semester hours
2. Obtain a cumulative grade-point average of at least 2.0
3. Obtain credit for ENG 1000 and ENG 1100
4. Contact the Office of General Studies (or the College of Business Undergraduate Advising Office if enrolled in a degree-granting college)

To be admitted to the College of Business, a student must:
1. Obtain credit for at least 60 semester hours
2. Obtain a cumulative grade-point average of at least 2.5 based on at least twelve graded semester hours at Appalachian State University
3. Remove all grades of "I" (incomplete) from her/his academic record. Students with outstanding grades of "I" will NOT be admitted to the College of Business.
4. Obtain credit for: ENG 1000 with a minimum grade of "C," ENG 1100, MAT 1030
5. Obtain credit for the following College of Business lower level core courses with an overall grade-point average of at least 2.0: ACC 1100, ACC 2110, ECO 2030, ECO 2040, ECO 2100, LAW 2150
6. Pass a College of Business basic Computer Skills Test*
7. Pass a College of Business basic Writing Skills Test

* Students who do not pass the basic Computer Skills Proficiency Test will be required to pass CIS 2025 to satisfy the basic Computer Skills Proficiency Test admission requirement. (Students will be given no more than two opportunities to pass the basic Computer Skills Proficiency Test before being required to take CIS 2025; however, students will not be required to retest before taking this course.)

Special Note About Enrollment in Upper Level Business Classes
Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

Bachelor of Science in Business Administration (BSBA)
In order for a student to earn the Bachelor of Science in Business Administration degree, the following requirements must be met:
1. Complete a minimum of 122 semester hours (128 s.h. for the BSBA degree in International Business).
2. Meet the following grade-point average requirement:
   — All majors are required to obtain a cumulative grade-point average of at least 2.5 in order to be admitted to the College of Business
   — All majors are required to obtain an overall cumulative grade-point average of at least 2.0 in order to graduate.
   — All majors are required to obtain a grade-point average of at least 2.0 in all work attempted in the College of Business in order to graduate.
   — Marketing majors are required to obtain a 2.0 grade-point average in the 18 semester hours of required marketing courses above MKT 3050 in order to graduate.
   — Accounting majors are required to obtain a 2.0 grade-point average in the 27 semester hours of required accounting courses above the sophomore level in order to graduate.
   — Computer Information Systems majors are required to obtain a 2.5 grade-point average in the 27 semester hours of required computer information systems courses above the sophomore level in order to graduate.
   — International Business majors are required to obtain a 2.0 grade-point average in the 15 semester hours of foreign language required in the BSBA degree in International Business in order to graduate.
3. Obtain credit for the University-wide core curriculum and special designator requirements outlined in the Core Curriculum section. Students should include ECO 2030 and MAT 1030 to meet the core curriculum requirements.
4. Obtain credit for the following 18 semester hours of lower level core courses required for college admission with a 2.0 grade-point average: ACC 1100, ACC 2110, ECO 2030, ECO 2040, ECO 2100, LAW 2150
5. Pass a Basic Computer Skills Proficiency Test administered by the College of Business and pass a Basic Writing Skills Proficiency Test administered by the English Department
6. Obtain credit for the following 24 semester hours of additional core courses: ECO 2200, ENG 3100 or BE 3340, CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, MGT 4750 (or MGT 4760 for International Business majors)
7. Obtain credit for 27-39 semester hours of major requirements including business electives which are described in detail in each departmental section of this bulletin
8. Obtain credit for 6-12 semester hours of electives (Hospitality and Tourism Management requires 6 semester hours; Accounting, Computer Information Systems and International Business require 9 semester hours; all other business majors require 12 semester hours). Electives must include the following:
   — Six semester hours of 3000-4000 level courses for all majors except Accounting and Computer Information Systems, which require three, and Hospitality and Tourism Management, and International Business which require none
   — Six semester hours of courses taken outside the College of Business for all majors
9. No minor is required for the BSBA degree (except International Business, which requires a minor in an approved foreign language). However, a minor in International Business is available for all business majors (except International Business majors). Also, a minor can be completed outside the College of Business.
10. Completion of all University residency requirements. At least 50 percent of the business credit hours required for the BSBA degree must be completed IN RESIDENCE at Appalachian
11. Compliance with regulations concerning the settlement of all expense accounts
12. Recommendation of the faculty

Sample Program of Study for the B.S.B.A.
(Majors in Accounting, Computer Information Systems, Health Care Management, Hospitality and Tourism Management, and International Business will have a somewhat different order of courses in the junior and senior years.)

Total 122 semester hours

**(Junior and Senior years) International Business majors will not follow this plan. International Business majors should meet with a College of Business advisor early in order to outline academic plans beyond the sophomore year.

Bachelor of Arts Degree

In cooperation with the Department of Economics, the College of Arts and Sciences offers the Bachelor of Arts degree in Economics. The requirements for this degree can be found in the College of Arts and Sciences in this Undergraduate Bulletin.

Transfer Policy

Courses substantially equivalent to those numbered 1000-2999 in the College of Business at Appalachian may be acceptable for equivalent transfer from an accredited institution. Transfer of 3000 level or above courses may be accepted for equivalent credit only upon approval of the departmental chair. The College of Business will regularly review such factors as the content of courses and student performance in determining course equivalency.

Honors Program in The Walker College of Business

The Walker College of Business offers an upper level honors program for selected students who have distinguished themselves during the freshman and sophomore years with a minimum cumulative grade-point average of 3.4. The program consists of a minimum of 15 semester hours of upper division core courses and an honors project during the senior year. Its purpose is to provide honors students with a more intellectually stimulating and broader range of academic experiences in a small classroom setting than can be provided in a traditional academic program.

International Business Studies

The Walker College of Business has an extensive program of study in international business which includes specialized courses, study abroad opportunities, and international internships. It is designed to assist students in developing skills needed to compete in world markets and to contribute to their preparation for careers in export marketing and export sales management, global sourcing, international finance and banking, international economics, international accounting and management of the multinational firm.

International Business Major

The BSBA degree in International Business is available to students interested in pursuing a more intensive, internationally focused curriculum that includes developing foreign language competency with the completion of a language minor, heightened cultural awareness and multi-disciplinary business training with an international focus.

The Bachelor of Science in Business Administration degree in International Business (337A/52.1101) may be obtained by completing 128 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.
2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business.
4. The following 15 semester hours of required courses for the international business major:

**Required courses** (6 semester hours)
- ECO 3410 International Economics
- FIN 3350 International Business Transactions

**Business electives in International Business** (9 semester hours)—select three of the following:
- ACC 4730 Accounting and International Business
- CIS 3620 Global Information Technologies
- ECO 4640 International Economic Policy
- FIN 4750 International Business Finance
- MGT 3800 International Management
- MKT 4550 International Marketing
- Other approved selected topics

**Approved electives** (9 semester hours)
- A student will select 9 semester hours of electives with the approval of the College in support of the student's international business training. Typically, the courses which will meet the approval of the College are in the following categories:
  a) Additional 3000/4000 level business classes
  b) Additional foreign language classes at the 3000/4000 level (not used in required language minor)
  c) Internship
  d) Selected non-business electives in the areas of anthropology, geography, history, or political science

5. A minor in one of the following languages: Chinese, French, German or Spanish. All language course work must be at or above the 2000 level with an average GPA of at least 2.0. International Business majors must select the course work for the foreign language minor in consultation with a business adviser and a foreign language adviser. All students enrolling in courses on the 2000 level or above must pass proficiency tests or complete course work through the intermediate level of the chosen language (1050). Please note that this can require as much as 12 s.h. of 1000 level course work.

6. A student must participate in an international experience approved by the College in a country whose native language is the same as the language chosen by the student to fulfill the language requirement above. The experience must have a duration of at least 10 weeks. Generally, this will be satisfied through an international internship or semester abroad.

7. Six semester hours of free electives, all of which must be outside of the COB. Students who must take the beginning courses in the foreign language (1010 and 1020) to prepare for the minor can count these courses here.

8. Completion of all GPA and residency requirements for graduation

---

**Undergraduate Minor in International Business (337/52.1101)**

The International Business minor is available to all majors, except International Business majors. The minor provides multidisciplinary business training designed to complement the student's major. This allows students the opportunity to develop their functional skills while utilizing their elective hours to study the international aspects of business. A minimum GPA of 2.0 (overall) is required for the courses included in the international business minor. Students pursuing an international business minor must select courses as outlined below:

**Required courses** (6 semester hours)
- ECO 3410 International Economics (Prereq: ECO 2030, ECO 2040)
- FIN 3350 International Business Transactions (Prereq: LAW 2150)

**Required elective** (select 3 semester hours)
- Business Study Abroad (3 s.h.)
- If 6 s.h. course—3 s.h. can count here and 3 s.h. can count as other electives
- CHN/FRE/GER/JPN/RSN/SNH 1050 or above (Prereq: 1010, 1020, 1040)
- Non Business Study Abroad (3 s.h.)

**Other electives** (select 6 semester hours)
- ACC 4730 Accounting and International Business (Prereq: ACC 2110 with a minimum grade of "C-"
- Business Study Abroad (3 s.h.) (If 6 s.h. course—3 s.h. can count here and 3 s.h. can count as required electives)
- CIS 3620 Global Information Technologies
- ECO 4640 International Economic Policy (Prereq: ECO 3410)
- FIN 4750 International Business Finance (Prereq: FIN 3680)
- MGT 3800 International Management (Prereq: MGT 3630)
- MGT 4760 International Strategic Management (Prereq: all COB core courses and completion of at least two international business courses)
- MKT 4550 International Marketing (Prereq: MKT 3050 with a minimum grade of "C")
- Approved selected topics courses (3-6 s.h.)
- Selected approved courses in the areas of anthropology, geography, history, or political science (only available for students
who did the business study abroad course for the required elective)

Students may choose to enter a program jointly administered by the Departments of Economics, and Foreign Languages & Literatures. This program combines a major in economics and a major or minor in a foreign language. Interested students should consult with these academic departments.

Business Study Abroad Programs
The interdependence of the U.S. economy with economies of other nations has made today’s business environment global. Changes in worldwide communications and distribution technologies have made the delivery of products and services from virtually any place in the world competitive on a time and cost basis with local businesses. Consequently, business leaders must incorporate an international dimension in their decision-making to be successful in this rapidly changing world. Therefore, the Walker College of Business strongly encourages its students to broaden their global vision through study abroad programs.

Students may complete one or two sessions of summer school in business study abroad. The College offers programs on a demand basis in Australia, China, England, France, Germany, Italy, Japan, Mexico, Russia, and Scandinavia. Before departure, students meet regularly to study the country’s geography, economic, demographic and political trends, cultural differences and, where required, to learn simple expressions in a foreign language. While overseas, students have the opportunity of visiting foreign firms, government agencies and international banking, insurance and commercial centers besides cultural and historical attractions.

The College promotes interdisciplinary study abroad programs and has conducted programs in partnership with foreign languages and art. More important, the College’s study abroad programs are dynamic. We are constantly exploring and developing new opportunities for studying in other countries or jointly with other disciplines.

Since international study produces students with greater flexibility and adaptability in meeting the challenges of today’s economic environment, the College wants to make available this opportunity to as many students as possible. Therefore, the business study abroad programs are designed to be affordable alternatives to summer school for Appalachian students and the College provides a limited number of scholarships to help students participate in these programs.

William R. Holland Fellows Program for Business Study in Asia
Established in 1997, the Holland Fellows Program provides a once-in-a-lifetime opportunity for Walker College of Business students to join students from Fudan University (Shanghai, PRC), in classes and on project assignments, as a way of learning about Chinese business practices and culture. Twelve students are selected in October and, after intensive study during the spring semester, travel to China in May.

Undergraduate Minor in General Business (324/52.0101) (for non-business majors)
Students not majoring in the College of Business may earn a General Business minor by completion of the following 18 s.h. of coursework with a minimum overall GPA of 2.0:

- ACC 1100 Principles of Accounting I ........................................3 s.h.
- ECO 2030 Principles of Economics-Price Theory ........................3 s.h.
- CIS 3050 Fundamentals of Management Information Systems ...3 s.h.
- MGT 3010 Survey of Management............................................3 s.h.
- MKT 3050 Principles of Marketing ...........................................3 s.h.
- FIN 3010 Survey of Finance ......................................................3 s.h.
  (or FIN 3680, Introduction to Finance, 3 s.h.)

TOTAL ..................................................................................18 s.h.

All 1000 and 2000-level courses should be taken prior to the 3000-level courses in the minor. ECO 2030 can also be used as a social science credit for the core curriculum education requirements.

Minors for non-business majors are also available in accounting, computer information systems, economics, health care management, and marketing. No more than one business minor can be declared. These minors are described in the appropriate departmental sections of this bulletin. For a more specialized minor or additional information, see the appropriate departmental chair.

Graduate Degrees
The College of Business offers two master’s degrees: the Master of Business Administration (MBA) and the Master of Science in Accounting. In addition, the College participates in a program leading to the Master of Arts degree in Industrial-Organizational Psychology and Human Resource Management.

Students interested in graduate work in the College of Business are encouraged to talk with the MBA Director or the MS in Accounting Director. Specific requirements for these degree programs are found in the Graduate Bulletin.
The Walker College of Business

Scholarships
The Walker College of Business offers several scholarships to entering freshmen business students. For all renewable business scholarships with a value of $1000 per year or greater, a student must maintain a 3.25 grade-point average to retain the scholarship. In addition to the freshmen awards, other annual scholarships are available to upperclassmen.

The College of Business scholarship committee considers factors such as the SAT score, high school grade-point average, class rank, extracurricular activities, interest in a business career and evidence of leadership and maturity in making its selection for each of the freshmen scholarships. Freshmen finalists will be invited to campus for an interview.

Information about these scholarships may be obtained from the Walker College of Business scholarship coordinator.

Internship Programs
The College of Business offers internship opportunities for juniors and seniors admitted to the College of Business. Internships are designed in the areas of accounting, computer information systems, economics, finance and banking, health care management, hospitality and tourism management, insurance (actuarial science), management, and marketing, and must be approved by the department advisor and internship coordinator. An internship is required for students majoring in health care management, and hospitality and tourism management. Students participating in the internship program must register for an internship course (see courses listed as 3900) and pay registration and tuition fees.

Executive-in-Residence Program
An executive with a business firm serves as instructor in the College of Business for a semester or shorter period of time. Through special classes and seminars, students can interact with these business leaders to gain valuable insight into the “real world” of business.

Harlan E. Boyles Distinguished CEO Lecture Series
Each October and April, a chief executive officer from a corporation with a strong presence in North Carolina is invited to present a lecture to faculty, administrators, and students. During the reception which follows the lecture, students have the opportunity to interact with some of North Carolina’s leading business leaders in an informal setting.

Business Advisory Council
The Council is composed of a group of business men and women who meet twice a year to advise college administrators on matters relating to the needs of the business community. The businesses represented by the members are diverse and include major accounting, manufacturing, retail, financial, legal and medical firms. Council members are given opportunities to meet with students in small focus groups.

Beta Gamma Sigma
Membership in Beta Gamma Sigma is the highest national recognition a student can receive in an undergraduate or master’s program in business or management accredited by AACSB International - The Association to Advance Collegiate Schools of Business.

This national honorary society for business administration students was founded in 1913. The Appalachian chapter was established in 1977. Membership is limited to outstanding students who rank in the upper seven percent of the junior class, upper ten percent of the senior class, or upper twenty percent of their graduate class. Detailed information can be obtained from the College of Business Dean’s office.

Clubs and Organizations
Twenty professional organizations and honor societies are represented in the College of Business. Membership offers students the opportunity to join with other students in their specific areas of interest.

Dean’s Council of Student Advisors
The Dean’s Council is comprised of the president and vice president of each of the student organizations within the College. The Council members meet twice a semester to advise the Dean of their organization’s activities, to express student concerns and to be apprized of upcoming events within the College. Members are also invited to participate in activities involving the business community and the College’s Business Advisory Council.
Courses of Instruction in Business (BUS)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

BUSINESS (BUS)

BUS 1050. Introduction to Business (3).F;S.
The focus of this course is to familiarize students with a general understanding of business, the importance of the consumer and the interrelatedness of business functional areas. (Writing; Cross-disciplinary)

BUS 3010. Business Study in Great Britain (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Great Britain. Comparative British business practices are emphasized through research activities, visits to British firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3020. Business Study in Scandinavia (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Denmark, Norway and Sweden. Comparative Scandinavian business practices are emphasized through research activities, visits to Scandinavian firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3030. Business Study in Germany (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Germany. Comparative German business practices are emphasized through research activities, visits to German firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3040. Business Study in Australia (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Australia. Comparative Australian business practices are emphasized through research activities, visits to Australian firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3050. Business Study in France (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in France. Comparative French business practices are emphasized through research activities, visits to French firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3060. Business Study in Italy (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Italy. Comparative Italian business practices are emphasized through research activities, visits to Italian firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.
The Walker College of Business

BUS 3070. Business Study in Russia (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Russia. Comparative Russian business practices are emphasized through research activities, visits to Russian firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

BUS 3080. Business Study in Japan (6).SS.
This course provides students with an opportunity to study business practices, trade and economic policies, and culture in Japan. Comparative Japanese practices are emphasized through research activities, visits to Japanese firms and educational institutions, and through cultural and historical site visits. Students are required to attend pre-travel seminars during the spring semester. Graded on an S/U basis.

Accounting

THE WALKER COLLEGE OF BUSINESS

Department of Accounting (ACC)
Timothy B. Forsyth, Chair

William M. Baker          Rachel Keller          F. Douglas Roberts
Kennard S. Brackney       Claudia L. Kelley    Susie E. Sheffield
C. Keith Buchanan         Tamara K. Kowalczyk  H. Lynn Stallworth
Gerald K. DeBusk          Ronald E. Marden     Philip R. Witmer
Randal K. Edwards         Alvaro Martinelli    Janet L. Woods
Mary Ann Hofmann          Kenneth E. Peacock
Rebecca Kaenzig           William B. Pollard

Accounting students are encouraged to acquire a sound liberal education. They are expected to understand the broader purposes of business. Accounting courses in the curriculum are designed to develop strong professional capabilities which enable students to succeed in their chosen career paths in public accounting, managerial accounting and accounting for not-for-profit institutions such as hospitals or governmental entities.

Students are encouraged to consider planning a program of six to seven semesters and/or summer sessions of study beyond the sophomore level in order to:
1. Earn both the Bachelor of Science in Business Administration and the Master of Science degrees in accounting
2. Spend one-half or one semester as an intern (with pay) in accounting with a CPA firm, business firm, governmental entity, or not-for-profit private institution. Internships are optional.
3. Study in a selected area of accounting (for example, auditing or taxation) or a complementary discipline
4. Spend a summer session abroad to gain perspective on the international aspects of accounting/business

Students majoring in accounting may earn the BSBA degree in four to five semesters and/or summer sessions of study beyond the sophomore level. Credit toward the BSBA is given for approved internships. Prior to an internship the student must consult with the departmental chair or internship coordinator regarding courses that should be taken following the internship. A special option for accounting majors is a ten-week winter internship for six semester hours of credit. Students completing the special winter internships return to campus in mid-March and attend special "spring minimester" accounting courses to earn an additional six semester hours of credit, making a total of 12 hours of credit for the entire spring semester. The 10 week winter internships and spring "minimester" courses were offered first in North Carolina at Appalachian.

The Bachelor of Science in Business Administration degree in Accounting (301A/52.0301) may be obtained by completing 122 semester hours as follows:
1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). As part of the Core Curriculum, accounting majors are encouraged to take PHL 1040, PHL 1100 or PHL 2000 as one of their humanities requirements.
2. All College of Business core courses:
   — A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   — The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business.
4. A 2.0 GPA in the following 27 s.h. of required accounting courses:
   ACC 3100 Intermediate Accounting I
   ACC 3110 Intermediate Accounting II
   ACC 3200 Cost Accounting
   ACC 3570 Accounting Systems and Internal Control
   ACC 3580 Individual Income Taxation
   ACC 4550 Intermediate Accounting III
   ACC 4560 Introduction to Auditing or ACC 4760 Internal Auditing
   ACC Elective
   ACC Elective
   (Accounting electives above 3000 level except internships; ACC 3560 and ACC 4580 recommended for CPA track)
5. Three semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010
6. Nine semester hours of free electives, six of which must be outside of the COB and three of which must be 3000/4000 level in or out of the COB. It is recommended that CPA review courses, internships, or study abroad courses be used to complete the upper level elective requirement.
7. Completion of all GPA and residency requirements for graduation.
Students intending to qualify for one of the professional examinations in accounting should include the following courses in their curriculum as part of the requirements, electives or extra hours:

- **CPA Examination:** ACC 3560, ACC 4580, ACC 5640, ACC 5660, ACC 5990
- **CMA Examination:** ACC 4580, ACC 5660, ACC 5990, ECO 3020, FIN 3690

The certifying agency should be contacted for specific examination requirements.

**Minor in Accounting (301/52.0301)**

For non-business majors, a minor in Accounting may be obtained by the completion of 15 semester hours, consisting of ACC 1100, ACC 2110 and nine additional semester hours of electives in accounting. A minimum overall GPA of 2.0 is required for the courses included in the minor.

A Master of Science in Accounting consisting of 30 semester hours is available. For more information, refer to the description of the Master of Science in Accounting program in the *Graduate Bulletin*.

Accounting students are encouraged to purchase a current computer for use during their education. As a minimum, this computer should include the latest releases of spreadsheet and word processing software packages.

**Courses of Instruction in Accounting (ACC)**

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

**SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES:** Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3050, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

**ACCOUNTING (ACC)**

**ACC 1100. Principles of Accounting I (3).** F; S.

The initial course in the theory and practice of financial accounting. Topics emphasized include the preparation, reporting, and analysis of financial data. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**ACC 1530–1549. Selected Topics (1–4).** On Demand.

**ACC 2110. Principles of Accounting II (3).** F; S.

A course dealing with the concepts and development of accounting data for decision making. Topics emphasized include manufacturing cost systems, cost-volume-profit analysis, and budgeting concepts. Prerequisite: ACC 1100 with a minimum grade of "C-". (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**ACC 2500. Independent Study (1–4).** F; S.

**ACC 2530–2549. Selected Topics (1–4).** On Demand.

**ACC 3100. Intermediate Accounting I (3).** F; S.

The financial accounting environment and development of accounting theory. Integration of the conceptual and computational aspects of income measurement, valuation, and reporting problems associated with the accounting cycle, statement preparation and asset accounting. Prerequisite: a minimum grade of "C-" in ACC 2110. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**ACC 3110. Intermediate Accounting II (3).** F; S.

A continuation of ACC 3100. Integration of the conceptual and computational aspects of asset, liability and stockholders’ equity accounting. Prerequisite: a minimum grade of "C-" in ACC 3100. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)
A study of the concepts and current methods used to prepare financial statements. Important off-balance sheet items are examined. This course also examines several methods of analysis of financial statements. Computer applications are covered. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 3160. Introduction to Individual Taxation (1). On Demand.
Preparation of state and federal income tax returns. Topics emphasized include gross income, adjusted gross income, deductions and exemptions, capital gains and losses, computation of tax liability, audit of tax returns, tax questions, the IRS and the courts. Prerequisite: none. Not available to accounting majors.

ACC 3200. Cost Accounting (3).F;S.
Introduction to cost accounting, definitions and objectives. Topics emphasized include cost-volume-profit relationships, job-order accounting, budgeting, systems design and human motivation, flexible budgets, standard costs, contribution approach to decisions, cost allocation, joint product and by-product costing, process costing. Prerequisite: ACC 2110 with a minimum grade of "C-". (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 3500. Independent Study (1–4).F;S.

ACC 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

ACC 3560. Accounting for Non-Profit Organizations (3).F;S.
Application of principles of accounting, budgetary control, and financial management to nonprofit organizations. Discussion and cases will be drawn from municipal and county governmental units, universities, hospitals, and other nonprofit organizations. Prerequisite: ACC 2110 with a minimum grade of "C-". (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 3570. Accounting Systems and Internal Control (3).F;S.
An in-depth treatment of internal control and related accounting procedures; authorization and documentation; flowcharting, data flow diagrams, and scheduling. Design of information systems that process financial transactions for financial and management accounting, and to meet legal requirements for adequacy of accounting records and internal controls. Development of skills and expertise required for the study of contemporary accounting systems and internal auditing. Knowledge of a computer programming language is desirable but not essential. Prerequisite: ACC 3100 with a minimum grade of "C-". (COMPUTER)

ACC 3580. Individual Income Taxation (3).F;S.
Concepts and methods of determining federal income tax liability for individuals. Topics emphasized include personal deductions, tax credits, capital gain and loss provisions and accounting methods. Emphasis is also placed on research methodology and individual tax planning. Prerequisite: ACC 2110 with a minimum grade of "C-". (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 3900. Internship (6 or 9).F;S.
A full-time work situation for accounting majors providing an in-depth exposure in accounting practices. Nine hours granted for 15-week internship, six hours granted for 10-week summer internship or the special senior internship scheduled during a mini-session of the spring term. The student must report on her/his experiences and will participate in individual conferences and/or seminars related to the experience. Prerequisites: admission to the Walker College of Business and permission of the departmental internship coordinator. Graded on an S/U basis.

ACC 4500. Independent Study (1–4).F;S.

ACC 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

ACC 4550. Intermediate Accounting III (3).F;S.
Integration of the conceptual and computational aspects of income determination, financial statement analysis and preparation, special topics, and current pronouncements in financial accounting. Prerequisite: a minimum grade of “C-” in ACC 3110, senior standing. (WRITING; SPEAKING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 4560. Introduction to Auditing (3).F;S.
The first course in the auditing sequence introducing the student to selected auditing topics, including selected auditing standards, types of services, analysis of reports, legal responsibility, ethics, and internal control considerations. Prerequisite: ACC 3110 with a minimum grade of “C-”.

ACC 4580. Income Taxation of Corporations (3).F;S.
Concepts and methods of determining federal tax liability of corporations. Topics include ordinary income, capital gains and losses, net operating loss, reorganizations, contemporary problems in corporate taxation and tax research. The student will also be introduced to estate, gift and partnership taxation. Prerequisite: ACC 3580 with a minimum grade of “C-”. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.) [Dual-listed with ACC 5080.]

ACC 4590. Advanced Accounting (3). On Demand.
An examination of the special problems in accounting for business combinations and consolidated entities, and foreign currency translation. A critical comparison of SEC accounting report requirements and generally accepted accounting principles. Accounting issues in partnership formation, reporting and liquidation. Prerequisite: ACC 3110 with a minimum grade of “C-”.

Advanced cost analysis and cost management with emphasis on modern performance measurement. Cost accounting for world class manufacturing; quality cost accounting and TQM; activity-based accounting systems; theory of constraints, life cycle costing, and target costing. Revenue variances, transfer pricing, and quantitative methods are examined. Other topics are derived from modern applications of cost accumulation systems in the United States and other countries. Prerequisite: ACC 3200 with a minimum grade of “C-”. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ACC 4730. Accounting and International Business (3). On Demand.
A study of selected issues in accounting for and taxation of international business and related effects on organizational and operating decisions. Subjects include DISCs and foreign sales corporations; dual taxation and tax treaties; impact of alternative taxing methods on international competition; international accounting standards; foreign current translations; Foreign Corrupt Practices Act. Prerequisite: ACC 2110, or ACC 5190, or equivalent, with a minimum grade of “C-”.

ACC 4760. Internal Auditing (3).S.
An introduction to selected internal auditing topics, including types of services, an overview of the internal audit process, preparation and analysis of reports, internal auditing standards, professional responsibilities, and the code of ethics. Prerequisite: ACC 3110 with a minimum grade of “C-”.
Computer Information Systems

Department of Computer Information Systems (CIS)
B. Dawn Medlin, Interim Chair

Donald L. Amoroso  Dinesh S. Dave  Douglas B. May
Timothy H. Burwell  Antonina Durfee  Michael Murray
Joseph Cazier  Albert L. Harris  Carol Pollard
Chien-Hung Chen  Scott Hunsinger  Scott Schneberger
Richard E. Crandall  Michael Knight

The Department of Computer Information Systems offers coursework in the areas of computer information systems, production/operations management, and quantitative methods. Students in computer information systems are encouraged to acquire a broad liberal education in order to understand the interface between the technical and non-technical aspects of business. A major in computer information systems is offered by this department and is designed to develop professional skills/capabilities which enable students to pursue careers in computerized information systems areas in either the public or private sectors of our economy. With the computer information systems major, students will be able to pursue careers in a variety of positions requiring a knowledge of computers and information systems. Students majoring in computer information systems will have the opportunity to work in areas of security, e-business, project management, systems analysis, data management, networking, and programming.

The Bachelor of Science in Business Administration degree in Computer Information Systems (310A/52.1201) may be obtained by completing 122 semester hours as follows:
1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core)
2. All College of Business core courses:
   — A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   — The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business
4. A 2.5 GPA in the following 27 semester hours of required computer information systems courses:
   - CIS 3250 Building Information Systems
   - CIS 3580 Managing IT Infrastructures
   - CIS 3750 Managing Corporate Data
   - CIS 3870 Using Internet Technologies
   - CIS 4680 Developing Software Solutions
   - CIS 4850 Information System Project
   - CIS 4000 level elective
   - CIS 4000 level elective
   - CIS 4000 level elective (excluding CIS 3520)
5. Three semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010. This can be in any area of business.
6. Nine semester hours of free electives, six of which must be outside of the COB and three of which must be 3000/4000 level in or out of the COB. Students are encouraged to take their free electives in related disciplines such as computer science, marketing, or statistics, for example.
7. Completion of all GPA and residency requirements for graduation

An internship may be elected to provide practical experience, with academic credit, in the computer information systems field. Students are encouraged to take their free electives in related disciplines such as computer science, marketing, or statistics, for example.

Undergraduate Minor in Computer Information Systems (310/52.1201) (for non-business majors only)
A minor in Computer Information Systems (CIS) may be obtained by completing 15 semester hours taken as follows:

Computer Information Systems Core Requirements (12 semester hours):
- CIS 3050 Fundamentals of Management Information Systems
- CIS 3250 Building Information Systems
- CIS 3750 Managing Corporate Data
- CIS 4680 Developing Software Solutions

Electives (3 semester hours required):
Three semester hours of CIS courses at the 3000 level or above will constitute an elective class in the minor (cannot include CIS 3520).

A minimum overall GPA of 2.5 is required in the 15 semester hours of CIS courses to obtain an undergraduate minor in Computer Information Systems.
Information Systems.

A Master of Business Administration (MBA) degree is available. For more information, refer to the Graduate Bulletin.

Courses of Instruction in Computer Information Systems and Production/Operations Management (CIS, POM)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

COMPUTER INFORMATION SYSTEMS (CIS)

CIS 2025. Personal Computing Effectiveness (3). F; S.
This hands-on course provides students with the opportunity to understand the role of information technology to enhance the use of computer-based applications to achieve personal and professional goals. Upon successful completion of this course, students should be able to use application software such as Microsoft Excel, Word, Access, PowerPoint, FrontPage, and Outlook to make better decisions and improve their individual skills, to conduct online research, and to study e-commerce. Other topics covered include the use of communication tools, emerging technologies and digital media, and security issues. This course is designed for the user with little experience using microcomputer software. (COMPUTER)

CIS 2500. Independent Study (1–4). F; S.

CIS 3050. Fundamentals of Management Information Systems (3). F; S.
This course is designed to expose students to the fundamentals of Management Information Systems (MIS). MIS success is based on an understanding of the integration of information systems and technology within functional areas of business and industry. Students will study concepts relating to the underlying design, implementation, control, evaluation, and strategic use of modern, computer-based information systems for business data processing, office automation, information reporting, and decision-making. The major emphasis is on the managerial and strategic aspects of information technology and its ability to support the functional areas. Skill-based learning occurs in the areas of systems concepts and use. (WRITING; COMPUTER)

CIS 3250. Building Information Systems (3). F; S.
This course provides a comprehensive introduction to the strategies and technologies for building information systems in organizations. Course includes planning and discovery, fact finding analysis using techniques such as joint application development (JAD), information systems modeling, use of CASE technologies and current development methods including prototyping, rapid application development and agile development. Project management tools will be used to create work plans and coordinate activities to achieve desired results for the design of a system. Corequisite: CIS 3050. (WRITING; COMPUTER)

The development of business applications using event-driven programming technology. Visual BASIC is used to develop systems in the Windows environment. Prerequisite: CIS 2025 or equivalent. (COMPUTER)

CIS 3500. Independent Study (1–4). F; S.

CIS 3520. Instructional Assistance (1). F; S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

CIS 3580. Managing IT Infrastructures (3).F;S.
This course introduces students to the processes of selecting, modeling, configuring, and maintaining the components of a company’s IT infrastructure. The newest hardware components, networking devices, and security issues will be examined through both individual and group projects. Corequisite: CIS 3050. (COMPUTER)

CIS 3610. Project Management (3). On Demand.
The course is introductory in that it will prepare the student for the practice of professional project management. Students will plan and manage projects through the use of case studies and computer-based project management tools. Throughout the projects, student teams will address many important issues such as: estimation, scheduling, budgeting, version control, progress tracking, change, risk and crisis management, resource management, motivation, and leadership. (COMPUTER)

This course presents students with the concepts and issues inherent in global information technology. The course examines the issues associated with using technology in a global environment, how global systems are developed, how culture, language, etc. impact systems and their development, outsourcing, strategies for global systems development and use, and issues facing Far East, European, Latin America, and Third World countries. (SPEAKING; MULTI-CULTURAL)

CIS 3710. Emerging Technologies (3).F;S.
This class is designed for students with an interest in technology and its various applications not only in the business realm, but also in society at large. Topics of study will range from technologies that are highly specialized to certain industries or segments of the population to those that are highly mainstream. Students will evaluate the validity of new technologies, the “shelf-life” of these technologies and impacts on industry and society. The student will use mobile technologies and learn to program mobile devices.

CIS 3750. Managing Corporate Data (3).F;S.
This course focuses on using data to stay competitive in a changing business environment. Topics include building, modeling and administering a database, data warehousing, data mining, XML and data integration, data security, as well as ethical and legal issues surrounding the use of data in our modern society. Corequisite: CIS 3050. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

CIS 3820. Ethics and Privacy (3). On Demand.
This course will examine how information systems impact both individuals and organizations. Cultural, ethical, moral, human interaction, privacy, security, and relationship issues will be analyzed and discussed through the use of case studies and papers. The focus of this course will be on the ethical and privacy issues related to security enhancement and the growing use of the Internet.

CIS 3840. Managing Security (3).F;S.
This course is designed as a broad overview of important security topics that are relevant to people and businesses. Relevant areas of security that will be studied include: the need for security on a personal and business level; the management practices surrounding security issues; network security strategies; human factors; access; firewalls; disaster recovery plans; personal security issues; and, personal and business forensics issues. Prerequisite: CIS 3050.

CIS 3870. Using Internet Technologies (3).F;S.
This course focuses on the technology that every leading organization needs to build effective Internet sites, promote Internet presence, secure sites and data, interface with other corporate applications, perform online business transactions, and compete in e-commerce. Current and emerging Internet technologies will be covered. Students will create Web sites and link them to other applications (databases), and will learn how to protect sites and transactional data from theft or privacy intrusions. Students will also understand the basic principles of e-commerce and how technology can promote online competitive advantage. Prerequisites: CIS 3580 and CIS 3750.

CIS 3900. Internship (6 or 9).F;S.
A full-time work experience in business. Nine semester hours of credit are granted for a normal 15-week internship with six semester hours granted for a 10-week internship. Students are encouraged to do internships during the summer between their junior and senior years of study. Prerequisites: full admission to the Walker College of Business, and permission of the departmental chair and the internship coordinator. Graded on an S/U basis.

CIS 4500. Independent Study (1–4).F;S.

CIS 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and
advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

CIS 4585. Advanced Data Communications and Networking (3). On Demand. This course is a continuation of CIS 3580 and explores advanced topics in data communications and networking. Topics include, but are not limited to, communications middleware, LAN application software, network design, internetworking technologies and design, and network security policy. Prerequisite: CIS 3580.

CIS 4620. IS Strategy and Ethics (3).F;S. This course examines how to effectively lead an information systems organization. Chief Information Officers are tasked to take part in determining corporate strategy based on information technology and its potential role in corporate objectives—while determining the IS (Information System) strategy to most effectively implement the corporate strategy in terms of information technology, IS personnel, data, and telecommunications. That IS strategy focus of this course will be on the ethical and privacy issues related to security enhancement and the growing use of the Internet. IS governance will include personnel issues, legal and financial obligations, data privacy and security, vendor relations, and business unit liaison. This course will also examine how information systems impact both individuals and organizations. Cultural, ethical, moral, human interaction, privacy, security, and relationship issues will be analyzed; ethical and privacy issues related to security enhancement and the growing use of the Internet will be examined. Prerequisite: CIS 3050.

CIS 4630. Advanced Data Management with Oracle (3).F;S. Students will have the opportunity to learn database development techniques using Oracle products including database, designer and developer. Data mining is a broad area dealing with the analysis of large volumes of data that integrates techniques from several fields including machine learning, statistics, pattern recognition, artificial intelligence, and database systems. Data mining is a rapidly growing field that supports decision-making by detecting patterns, devising rules, identifying new decision alternatives and making predictions about the future. The course objective is to present the leading data management techniques using Oracle and their applications to real-world problems. The course is organized around a number of well-defined data mining tasks such as description, classifications, estimation, predictions, and affinity grouping and clustering. The topics covered include: introduction to knowledge discovery in the databases (KDD), statistical methods, emerging modeling techniques such as neural networks, and others. Prerequisite: CIS 3750.

CIS 4680. Developing Software Solutions (3).F;S. This course focuses on the building of software systems including programming, logic, managing operating systems, and configuring large information systems, such as enterprise resource planning (ERP) systems. In this course, students will use a popular software package to build a working programming interface to solve business problems. Prerequisites: CIS 3250 and CIS 3750.

CIS 4685. Object-Oriented Programming with Java (3). On Demand. This course will introduce the student to object-oriented (OO) methodologies including modeling using OO CASE tools, encapsulation, polymorphism, and inheritance. Students will have the opportunity to learn programming techniques in Java, program documentation, classes and methods, loops, arrays, streams, exception handling, file I/O, dynamic data structures, recursion and building applets. Prerequisite: CIS 4680.

CIS 4710. e-Business Systems (3). On Demand. This seminar course discusses e-business issues that are current, applicable, relevant, and interesting. Students are expected to develop and execute a team project throughout the course. Relevant areas of e-business studied will include: electronic commerce, personalization management systems, content management systems, customer relations management systems, and community systems. This course ties together concepts from different areas of management and the economic, behavioral, functional and technical aspects of information systems. Prerequisite: CIS 3050.

CIS 4720. Internet and Supply Chain Technologies (3).F;S. In this course, students will have the opportunity to learn the technologies that are commonly used to develop e-business. These enabling technologies include ASP.NET, VB Script, Java2EE, XML, Web Service, XHTML, DHTML, Java Script, JSP, among others. Among the technologies that this course covers are supply chain and distribution channels, including enterprise resource planning (ERP) systems. This course concentrates on the skills to use these technologies and the business processes that drive Internet development. Prerequisites: CIS 3050 and CIS 3750.

CIS 4790. Current Topics in Information Systems (3). On Demand. Advanced topics in the field of information systems will be studied. These topics may include but are not limited to advanced topics...
in data communications and networking, distributed processing systems, 4th generation languages, CASE tools, DSS and expert systems, and/or managing information technology. Prerequisite: CIS 3250 (CIS 3250 can be taken concurrently).

CIS 4810. Seminar (3). On Demand.

CIS 4840. Advanced Security (3). On Demand. This course is designed to cover the main common body of knowledge topics identified by the Certified Information Systems Security Professional (CISSP) certification program. Topics include security management practices, access control, security models and architecture, physical security, telecommunications and networking security, cryptography, disaster recovery and business continuity, law, investigation, ethics, applications and systems development, computer forensics, and operations security. Prerequisite: CIS 3840.

CIS 4850. Information System Project (3).F;S. Using a team concept, students will analyze, design, create, and implement a working information system for a public or private organization. Emphasis will be placed on project management, rapid application development, and the development of quality systems for clients. Prerequisites: CIS 3870 and CIS 4680. (SPEAKING; COMPUTER)

PRODUCTION/OPERATIONS MANAGEMENT (POM)

POM 2500. Independent Study (1–4).F;S.

POM 3500. Independent Study (1–4).F;S.

POM 3520. Instructional Assistance (1).F;S. A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

POM 3650. Production and Operations Management (3).F;S. An introduction to the basic functions and concepts involved in managing the production and operations function of an organization. Topics in operations system design and analysis at the introductory level are included.

POM 3900. Internship (6 or 9).F;S. A full-time work experience in business. Nine semester hours of credit are granted for a normal 15-week internship with six semester hours granted for a 10-week internship. Students are encouraged to do internships during the summer between their junior and senior years of study. Prerequisites: full admission to the Walker College of Business, and permission of the departmental chair and the internship coordinator. Graded on an S/U basis.

POM 4500. Independent Study (1–4).F;S.

POM 4510. Senior Honors Thesis (3). On Demand. Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

POM 4564. Total Quality Management (3).S. Total quality management is an integrative management concept for continuously improving the total quality of goods and services through the participation of all levels and functions of the organization. TQM incorporates several dimensions: the design of products/services to meet customers’ needs, control of processes to ensure their ability to meet design requirements, and continued enhancement of quality. The course will cover topics such as quality systems, the management system for quality, quality of conformance, human resource management for quality, statistical quality control, quality assurance, measurements, and reliability. Prerequisite: POM 3650 or admission to M.B.A. program.

POM 4810. Seminar (3). On Demand.
The objectives of the Department of Economics are:
1. To provide the basic institutional and theoretical knowledge required for the understanding of the functioning of the American economy and the world economy and for the understanding and analysis of current economic issues and problems.
2. To develop the institutional and theoretical knowledge and analytical abilities necessary to prepare students for careers in business and government as managers and researchers on social and business problems.
3. To prepare students who seek to become professional economists and/or economic educators for graduate school.

The Bachelor of Science in Business Administration degree in Economics (316A/45.0601) may be obtained by completing 122 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.
2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business.
4. The following 15 semester hours of required economics courses:
   - Foundation Courses (6 semester hours):
     - ECO 3010 Intermediate Price Theory
     - ECO 3020 Macroeconomic Analysis
   - Capstone/Applied Research Course (3 semester hours):
     - ECO 4810 Seminar in Economics
   - Economics electives at the 3000/4000 level (6 semester hours):
     - Students must take six semester hours of economics course work at the 3000/4000 level.
5. Twelve semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010
6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level in or out of the COB. Students are encouraged to take their free electives in related disciplines such as computer science, marketing, or statistics, for example.
7. Completion of all GPA and residency requirements for graduation.

BSBA double major in economics and a functional area of business requires careful selection of elective courses so as to satisfy the requirements of both majors.

The Bachelor of Arts degree in Economics (107*/45.0601) with concentrations in Environmental Economics and Policy (107B), General Economics (107C), International Economics (107D), and Regional Economic Development (107E) is offered in the College of Arts and Sciences in cooperation with the Department of Economics. The requirements for this degree can be found in the College of Arts and Sciences section of this Undergraduate Bulletin.

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with a concentration in Economics (291C)[T] (with teacher licensure) requires 123 semester hours consisting of the core curriculum, the Social Sciences education core, a concentration, professional education requirements (see Reich College of Education), and electives (if needed) to reach the required minimum of 123 hours. The required Social Science core courses are ANT 1215(Mc) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) or ECO 2100(ND). A minimum grade of “C” is required in CI 3100 and RE 4630 and all professional education courses. A concentration is required in one of the social sciences (anthropology, economics, geography, history, political science, or sociology).

A concentration in Economics (291C)[T] for the social sciences education degree requires ECO 3010, ECO 3020, and nine additional semester hours in economics numbered 3000 or above. MAT 1030(ND,C) is recommended.
International Economics and Business Options
International economics and business options are available for students pursuing a Bachelor of Arts or a Bachelor of Science in Business Administration with a major in economics. The program is jointly administered by the Department of Economics and the Department of Foreign Languages and Literatures. Students participating in the program have an advisor in each department.

The program combines a major in economics and a major or minor in a foreign language. Students are also advised to pursue a minor in international business. A minimum overall GPA of 2.0 is required for the courses included in the minor.

The various options are as follows:
- Bachelor of Arts with a double major in economics and one foreign language (French or Spanish)
- Bachelor of Arts in economics with a minor in French, German or Spanish.
- Bachelor of Science in Business Administration with a major in economics and a minor in French, Spanish or German.

Under all three options, the student is expected to demonstrate proficiency (reading and speaking) in the language selected. At least 15 hours of courses in the language, civilization and culture of the chosen country or area is recommended beyond the 1050 level. Also students are expected to participate, if possible, in any one or more of the following programs:
1. Pursue a minor in international business (15 semester hours)
2. Complete a semester or summer session of business study abroad in the country of their choice
3. Complete an internship abroad (usually 6 semester hours)

For further information, students should consult both the chair of the Department of Economics and the chair of the Department of Foreign Languages and Literatures.

Minor in Economics (316/45.0601) (for non-business majors only)
A minor in Economics consists of ECO 2030, ECO 2040, and nine semester hours of economics electives numbered 3000 or above.

A minimum overall GPA of 2.0 is required for the courses included in the minor.

Courses of Instruction in Economics (ECO)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.
(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Undergraduate students seeking a B.A. in Economics may take any 3000 or 4000 level economics course without restriction under the following condition: the student has completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

ECONOMICS (ECO)

ECO 1010. Survey of Current Economic Issues (3).F;S.
Application of basic economic concepts in the analysis of current issues such as: unemployment, inflation, energy, pollution, poverty, government regulation, etc. Prerequisite: none. (CORE: SOCIAL SCIENCES)

ECO 2030. Principles of Economics—Price Theory (3).F;S.
A brief introduction to the study of economics followed by an in-depth analysis of microeconomics, including: the price mechanism and supply and demand analysis; consumer choice; cost and revenue analysis of the firm; market structures; factor markets and income distribution; market failure and the role of government; and current economic problems such as pollution, poverty and discrimination. (CORE: SOCIAL SCIENCES)
ECO 2040. Principles of Economics—Macro (3).F;S.
An in-depth analysis of macroeconomics including: aggregate economic measures; aggregate supply and demand analysis; economic fluctuations and growth; money, banking and credit; stabilization policy; problems such as unemployment, inflation and budget and trade deficits; and international trade and finance. Prerequisite: ECO 2030. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ECO 2100. Business and Economic Statistics I (3).F;S.
A study of statistical tools used to analyze business and economic problems. The major subject matter includes descriptive statistics, the concepts of probability, confidence intervals and hypothetical testing, and statistical comparisons of production and marketing methods. Prerequisite: MAT 1030 or MAT 1020. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ECO 2200. Business and Economic Statistics II (3).F;S.
Applications of statistical tools to a variety of business and economic situations. These tools include survey sampling methods, hypothesis testing using analysis of variance, regression and time-series analysis, and non-parametric statistics. Computer applications using current industry-standard statistical software programs are emphasized. Writing statistical reports is also emphasized. Prerequisites: ECO 2030 and ECO 2100. (NUMERICAL DATA; COMPUTER) (ND prerequisite: passing the math placement test or successful completion of MAT 0010.)

ECO 2500. Independent Study (1–4).F;S.

ECO 3010. Intermediate Price Theory (3).F;S.
An intermediate course in economic theory with emphasis on the theory of consumer behavior, price theory and resource allocation. Prerequisites: ECO 2030 and ECO 2040.

ECO 3020. Macroeconomic Analysis (3).F;S.
An intermediate course in economic theory with emphasis on the analysis of the determinants of the nation’s income, output, employment, and general price level. Prerequisite: ECO 3010 or permission of the instructor.

ECO 3070. Money and Banking (3).S.
An institutional and theoretical study of the structure and functioning of the central and commercial banking systems in the United States, money and monetary theory, the money and capital markets and financial intermediaries, and monetary policy. Prerequisites: ECO 2030 and ECO 2040.

ECO 3210. Economics of Sports (3).F.
Application of the techniques of microeconomic theory to the sports industry. These employ the tools of three core microeconomic fields - industrial organization, public finance, and labor economics - to the examination of professional and college sports. Topics studied include, but are not limited to, the prevalence of monopoly power in the sports industry, financing of stadiums and teams, growth of union power, salary determination, and the incidence of racial discrimination. Prerequisite: ECO 2030.

ECO 3410. International Economics (3).F;S.
A survey of the theory, development, and practice of the international trade and payments system. Special attention is given to the basic concepts and different mechanisms which have been and are used in international economic affairs, as well as to governmental policies and domestic and international institutions regulating them. Prerequisites: ECO 2030 and ECO 2040. (WRITING; MULTICULTURAL)

ECO 3500. Independent Study (1–4).F;S.

ECO 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

Topics covered have ranged from mathematical economics to economics of the law. Prerequisite: permission of the instructor.

Economics analysis of government revenues and expenditures, impact of the government budget, shifting and incidence of taxation, public debt, fiscal policies. Prerequisites: ECO 2030 and ECO 2040.
ECO 3551. American Economic History (3).F.
Evolution of the American economy from colonial times through World War II. Emphasis is upon (1) the integration of African European and Native American economic activities into an interdependent system, (2) the spatial integration of diverse geographic regions into an integrated national economy, (3) the transition from a predominantly rural and agricultural economy into a mainly urban, industrial and commercial economy, (4) the Great Depression and the growth of government intervention in economic activity, (5) the changing balance between domestic and foreign commerce and (6) the role of war in American economic development. The methods of economic geography are combined with those of economic analysis to understand American history. Prerequisite: ECO 1010 or ECO 2030. (SPEAKING; MULTI-CULTURAL; CROSS-DISCIPLINARY)

ECO 3610. Economics of Health Care (3).S.
Economic theory is applied to the health care industry. Included is an overall perspective of the health care industry, identification of the factors influencing the demand for and the supply of health care; identification of some costs and benefits of health programs, hospital organization and efficiency, and a consideration of alternative methods of financing health care. Prerequisites: ECO 2030, ECO 2040 and ECO 2100. (WRITING)

ECO 3620. Environmental and Resource Economics (3).F.
The course explores the efficient allocation of environmental and natural resources and examines the continuing conflict between economic activity and environmental quality and the conservation of natural resources. The course applies economic theory to local, regional, national, and international environmental issues.

A study of the structure of firms and markets and of their interactions. It first considers the basics of competition, monopoly, oligopoly, and monopolistic competition. It then considers the “new industrial organization” which includes topics such as strategic behavior, price discrimination, nonlinear pricing, vertical integration and vertical restrictions, information, advertising, and government policies and their effects. Prerequisites: ECO 2030, ECO 2040 and MAT 1030 or equivalent. (WRITING)

ECO 3660. Benefit–Cost Analysis (3).F.
The study of the evaluation of competing public policy alternatives. The purpose of benefit-cost analysis is to inform government decision-making and facilitate the more efficient allocation of scarce resources. This course introduces the basic theory and principles of benefit-cost analysis and examines applications of the methodology. Prerequisite: ECO 2030.

ECO 3710. Managerial Economics (3).S.
Use of statistical and mathematical concepts and techniques in solving problems in economics. Microeconomic theory is reviewed and optimizing techniques are used in decision making. Prerequisites: ECO 2030, ECO 2040 and ECO 2100 or equivalent.

ECO 3720. Economics of Personnel (3).S.
Application of economic analysis to personnel issues. Topics include hiring, training, the method of pay, and motivation and evaluation of workers. Prerequisites: ECO 2030 and ECO 2040. (WRITING)

ECO 3730. Econometrics (3).F.
The course studies the use of statistical methods to estimate and test models in economics, business, and the social sciences. The focus of the course is on multiple regression models and their estimation with computer software. Additional topics covered may include panel data, limited dependent variables, instrumental variables, and time series models. Prerequisites: ECO 2030, ECO 2040, and ECO 2200, or permission of the instructor. (COMPUTER)

ECO 3740. Forecasting and Time Series Models (3).S.
An examination of time series models for purposes of forecasting and performing time series regressions in economics, business, and the social sciences. Topics covered may include ARIMA, VAR, Granger causality, unit roots, and spurious regressions. Computer software will be utilized in applications. Prerequisite: ECO 3730 or permission of the instructor. (WRITING; NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ECO 3800. Urban and Regional Economics (3). On Demand.
An examination of the institutional background necessary for urban and regional growth. An introduction to theoretical models of growth. Prerequisites: ECO 2030 and ECO 2040. (CROSS-DISCIPLINARY)

ECO 3900. Internship (6 or 9).F;S.
A full-time work experience in business. Nine semester hours of credit are granted for a normal 15-week internship with six semester hours granted for a 10-week internship. Students are encouraged to do internships during the summer between their junior and senior years of study. Prerequisites: full admission to the Walker College of Business or the College of Arts and Sciences, and permission
of the departmental chair and the internship coordinator. Graded on an S/U basis.

**ECO 4500. Independent Study** (1–4). F; S.

**ECO 4510. Senior Honors Thesis** (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

**ECO 4630. History of Economic Thought** (3). S.
Origin, development, and analysis of the major trends, contributions, and conflicts in the development of modern economic philosophy, analysis, and theory. Prerequisite: ECO 2030 and ECO 2040. (WRITING)

**ECO 4640. International Economic Policy** (3). S.
A seminar in foreign economic policy issues. Issues such as balance of payment disequilibrium and adjustment, tariff and trade policy, the exchange rate, trade and aid in developing countries, East-West trade restrictions, regulation of multinational corporations, are presented through the most current readings in professional and practitioner’s journals. Prerequisite: ECO 3410 or permission of the instructor. (SPEAKING; WRITING)

**ECO 4810. Seminar in Economics** (3). F; S.
In-depth research and analysis of selected economic issues and problems. Required of all seniors majoring in economics or banking. Students participate in discussions of significant economic problems, theories and policies. Preparation of empirical papers that apply theoretical models and quantitative methods is required. These papers will be presented orally and in writing to the seminar participants. Prerequisites: ECO 3010, ECO 3020 and senior standing. (SPEAKING; WRITING)
Finance, Banking and Insurance

The Department of Finance, Banking and Insurance (FIN) houses the North Carolina Bankers Association Chair, the Alfred T. Adams Distinguished Chair of Banking, the Richard S. Brantley Risk and Insurance Center, and the Joseph F. Freeman Distinguished Professorship of Risk Management and Insurance.

The Bachelor of Science in Business Administration degree in Finance and Banking (326A/52.0801) may be obtained by completing 122 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.

2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030, ECO 2100 and LAW 2150
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750

3. Completion of all COB admission requirements as outlined in the general information section of the College of Business

4. The following 24 semester hours of required courses for the finance and banking major:

   **Core Courses** (9 semester hours)
   - FIN 3690 Financial Management
   - FIN 3790 Banking and Financial Markets
   - FIN 3890 Survey of Investments

   **Elective Set I** (6 semester hours)—choose two of the following:
   - FIN 4580 Financial Planning
   - FIN 4610 Commercial Bank Management
   - FIN 4620 Investment Management I (must take FIN 4622 the following semester)
   - FIN 4660 Financial Decision Making and Statement Analysis FIN 4750 International Business Finance

   **Elective Set II** (9 semester hours)—choose three of the following:
   - (Courses listed in Elective Set I not taken as part of Elective Set I may be used to meet the requirements in Elective Set II.)
   - FIN 3071 Principles of Risk Management and Insurance
   - FIN 3780 Estate Planning
   - FIN 3850 Real Estate Principles and Practices
   - FIN 3880 Retirement and Employee Benefit Planning
   - FIN 3900 Internship (This is a 6-9 s.h. course, but only 3 of these semester hours may apply to meeting the requirements for the major.)
   - FIN 4622 Investment Management II
   - FIN 4710 Issues in Bank Management
   - FIN 4770 Derivatives and Financial Risk Management
   - ACC 3100 Intermediate Accounting I
   - ACC 3110 Intermediate Accounting II
   - ACC 3200 Cost Accounting
ACC 3580 Individual Income Taxation
ECO 3020 Macroeconomic Analysis
5. Three semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010. 
   *Finance and Banking majors are advised to use their elective hours in areas such as accounting, computer information systems, economics, insurance, law, and real estate.*
6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level in or out of the COB. Students are encouraged to take their free electives in related disciplines such as computer science, marketing, or statistics, for example.
7. Completion of all GPA and residency requirements for graduation

The Bachelor of Science in Business Administration degree in Risk Management and Insurance (380A/52.1701) may be obtained by completing 122 semester hours as follows:
1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.
2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business
4. The following 18 semester hours of required courses for risk management and insurance major:

   **Required Courses** (15 semester hours)
   - FIN 3071 Principles of Risk Management and Insurance
   - FIN 3072 Personal Insurance
   - FIN 3073 Commercial Insurance
   - FIN 3690 Financial Management
   - FIN 4570 Risk Management

   **Sub-area** (3 semester hours)—select one of the following:
   - FIN 3890 Survey of Investments
   - FIN 3900* Internship
   - FIN 4580 Financial Planning
   - FIN 4770 Derivatives and Financial Risk Management
   - ACC 3580 Individual Income Taxation
   - LAW 3960 Insurance Law
   - MKT 3052 Professional Selling
   (*FIN 3900 Internship is a 6 or 9 s.h. course, but only 3 of these semester hours may apply to meeting the requirements for the major.)

5. Nine semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010. If FIN 3900 is selected in the sub-area, the extra hours not used in the sub-area can be used for COB electives.
6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level in or out of the COB
7. Completion of all GPA and residency requirements for graduation

Risk management and insurance majors are advised to use their elective hours in areas such as accounting, economics, finance, management, mathematical sciences, law, real estate and additional risk and insurance courses. An internship may be elected to provide practical experience, with academic credit, in the field of specialization.

The Richard S. Brantley Risk and Insurance Center, housed in the Department of Finance, Banking and Insurance, has the mission of developing the strongest possible degree program in risk management and insurance. The Brantley Center supports the Risk Management and Insurance major by sponsoring the Gamma Iota Sigma insurance fraternity, scholarships, internships, executive-in-residence appointments, and the placement of graduates in the insurance industry.

**Certificate Program in Financial Planning**
Students successfully completing the following six courses (18 s.h.) with a minimum grade of “C-” in each course will be awarded a Certificate in Financial Planning. The certificate will qualify the students to apply for the Certified Financial Planner (CFP copyright) certification exam.

   - FIN 3071 Principles of Risk Management and Insurance
Finance, Banking and Insurance

FIN 3780 Estate Planning
FIN 3880 Retirement and Employee Benefit Planning
FIN 3890 Survey of Investments
FIN 4580 Financial Planning
ACC 3580 Individual Income Taxation

Courses of Instruction in Finance, Banking And Insurance (FIN, LAW)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

FINANCE, BANKING AND INSURANCE (FIN)

FIN 2500. Independent Study (1–4).F;S.

FIN 2860. Personal Finance (3). On Demand.

A study of the key concepts, tools, and techniques of personal financial management. Focus is placed on the financial statements of the individual. The balance sheet model includes a discussion of personal assets - both financial and non-financial, personal liabilities including all types of loans, and personal net worth. The implications of the current financial environment (i.e., changing tax laws, savings instruments, interest rates, etc.) is also considered from the standpoint of the individual.

FIN 3010. Survey of Finance (3).F. (Writing) This course is not open to business majors for credit. An introduction to the field of finance in the private sector. The student is introduced to financial management in the business firm to the principles of investment and valuation, and to financial markets and prices.

FIN 3071. Principles of Risk Management and Insurance (3).F;S.

An introductory study of the risk management process and the importance of insurance as a method of handling risk. This course is designed to generate an awareness of the nature of risk, its effects on individual and business decisions, and the methods available for treating risk. Course content includes property insurance, auto insurance, life and health insurance, workers compensation and employee benefits. Relationships between risk management and other functional areas of business are also considered.

FIN 3072. Personal Insurance (3).F;S.

Provides a comprehensive examination of the personal risk management and financial planning uses of personal property and liability insurance, and life and health insurance. Discussion includes homeowners policies and other residential insurance coverages, small business needs for property and liability insurance, life insurance, and health insurance. Also considered are retirement planning, estate planning, and business continuation planning. Prerequisite: FIN 3071. (WRITING)

FIN 3073. Commercial Insurance (3).F;S.

Provides a comprehensive examination of commercial property and liability insurance including commercial property and commercial liability risk management; the legal environment of property and liability insurance; and property and liability insurance function, practices and issues. Prerequisite: FIN 3071.

FIN 3350. International Business Transactions (3).F;S.

The mechanics of international trade involving private and public law are the essentials for study. Emphasis is on providing the exporter/importer with legal knowledge to facilitate international trade and its related activities. Basic international agreements for
Finance, Banking and Insurance

trade will be examined, including GATT and its implications for U.S. importers under American law. Legal problems of multinational corporations, technology transfer, and business ethics are also studied. Prerequisite: LAW 2150 or permission of the instructor.

FIN 3500. Independent Study (1–4).F;S.

FIN 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in the classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

FIN 3680. Introduction to Finance (3).F;S.
An introduction to the field of finance in the private sector. The student is introduced to financial management in the business firm to the principles of investment and valuation, and to financial markets and prices. Prerequisites: ACC 1100, and MAT 1030 or MAT 1110.

FIN 3690. Financial Management (3).F;S.
Study of financial functions of a business enterprise conducted from the standpoint of the financial manager. Emphasis on analysis, planning, and control; working capital management; capital budgeting; long-term financing; financial structure and valuation; and required return. Prerequisite: FIN 3680.

FIN 3780. Estate Planning (3). On Demand.
This course covers the basic concepts and constraints of estate and gift tax planning as the primary method of orderly and intentional wealth transfer. Students will be exposed to the major strategies employed by practitioners when developing estate plans. Topics covered include wills, trusts, estates, risk management, insurance, retirement planning, and taxation. Prerequisites: FIN 3071 and FIN 3680.

FIN 3790. Banking and Financial Markets (3).F;S.
A study of the theory and practice of the flow of funds from savers to borrowers through the financial markets. It includes the study of banks and other financial institutions through which funds flow, and of the financial instruments such as stocks, bonds, T-bills, etc. used in the transfer of funds from savers to borrowers. The focus is on the supply and demand for short-term and long-term funds in the financial markets, the resulting yields, and the overall effects of financial market conditions on the functioning of the economy. Prerequisite: FIN 3680. (WRITING)

FIN 3850. Real Estate Principles and Practices (3).F;S.
A comprehensive introduction to real estate, with emphasis on finance, investment, law, appraisal, brokerage, and property management applications.

FIN 3880. Retirement and Employee Benefit Planning (3). On Demand.
This course covers the concepts involved in developing retirement and employee benefit plans from both the employer and employee perspectives. Participants will study the legislation that impacts plan design and the tax advantages and disadvantages of various qualified and non-qualified plans including IRAs and pension and profit sharing plans. Federal Social Security, Medicare, and business applications will also be addressed. Prerequisite: FIN 3071. Corequisite: FIN 3890.

FIN 3890. Survey of Investments (3).F;S.
A survey of investment instruments and investment goals. The course provides an overview of basic techniques used to analyze, evaluate, and manage investments. Investment instruments examined include money market instruments, common stocks, bonds, options, futures, and investment companies. Prerequisite: FIN 3680. (SPEAKING)

FIN 3900. Internship (6–9).F;S.
A full-time work experience in business. Nine semester hours of credit are granted for a normal 15-week internship. Six semester hours are granted for a 10-week internship which is generally during the summer only. Prerequisite: admission to the Walker College of Business and permission of the departmental chair. Graded on an S/U basis.

FIN 4500. Independent Study (1–4).F;S.

FIN 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

FIN 4570. Risk Management (3).F;S.
Study of risk recognition, risk control, and risk financing techniques used to achieve basic organizational goals such as profit maximization, earnings stability, and growth. Case studies are used to provide insight to the risk management process. Prerequisite: FIN 3071. (SPEAKING)

FIN 4580. Financial Planning (3).S.
This course provides a comprehensive examination of the financial planning process that is necessary to reach individuals’ goals relating to retirement planning, college planning and estate planning. Students will be given an opportunity to explore how insurance products and investments are utilized to meet long-term goals. Prerequisites: FIN 3780 and FIN 3880.

FIN 4610. Commercial Bank Management (3).F;S.
A study of the management decisions needed in order to successfully operate a commercial bank as a part of the financial services industry. The competitive structure of the industry and problems of banks and other financial institutions are considered. Emphasis is given to asset/liability management. Prerequisites: FIN 3690, and either FIN 3790 or ECO 3070.

FIN 4620. Investment Management I (3).F.
An introduction to security analysis and investment management. Topics covered include using investment information resources, evaluation of overall economic and market conditions, and stock selection and evaluation methods. Particular emphasis is placed on the practical application of stock valuation techniques and other security analysis tools. Detailed stock analysis projects are completed and presented. Students receive hands-on investment experience through the management of the Elbert V. Bowden Student Managed Investment Fund. Students taking this course MUST also take FIN 4622/FIN 5622 (Investment Management II) and will not receive a grade in this course until FIN 4622/FIN 5622 is completed. Prerequisite: permission of the instructor. Corequisites: FIN 3690 and FIN 3890.

FIN 4622. Investment Management II (3).S.
A continuation of the study of security analysis and investment management. More advanced topics and techniques are covered, including portfolio theory, market efficiency, and portfolio risk/return measurement and evaluation. Additional stock analysis projects are completed and presented. An annual report for the Elbert V. Bowden Student Managed Investment Fund must be prepared and presented. Students receive hands-on investment experience through the management of the Student Managed Investment Fund. Prerequisite: FIN 4620/FIN 5620.

FIN 4660. Financial Decision Making and Statement Analysis (3).F;S.
A corporate finance course that focuses on applied financial analysis and financial decision making. Emphasis is placed on financial statement analysis and forecasting. Course coverage also includes analysis of risk and return and working capital management. Computer applications are required. Students are required to make presentations to the class. Prerequisite: FIN 3690. Corequisite: FIN 3890.

FIN 4710. Issues in Bank Management (3). On Demand.
This course focuses on the real world, day-to-day operation of commercial banks and the rapidly changing legal, regulatory, and competitive environment in the banking/financial services industry. Important topics covered include commercial and consumer lending, trust functions and services, mergers and acquisitions, funds management and investments, international banking activities, and others. Students are required to do a research project involving interviews with bankers, and focusing on a current topic of interest to bankers. Prerequisites: FIN 4610 and permission of the instructor.

FIN 4750. International Business Finance (3).F;S.
A study of international markets and the financial operations that take place in those markets. The financial aspects and operations of multinational corporations are highlighted. Key topics covered include exchange rate behavior and risk management, financing of international trade and operations, and international capital budgeting. Prerequisite: FIN 3680. (MULTI-CULTURAL)

This course provides a theoretical and practical analysis of the following derivative instruments: forwards, futures, options, options on futures, and swaps. Topics include speculative and hedging strategies, with additional emphasis placed on arbitrage pricing and the mathematics of security valuation. Prerequisite: FIN 3890.

LAW (LAW)

LAW 2150. Legal Environment of Business (3).F;S.
An introduction to the legal environment in which business must operate. Selected areas of the law are investigated as well as the historical, political, cultural, ethical and technical context in which law exists and operates. Ethical issues are integrated throughout the course. Current legal topics that impact business are analyzed and discussed.

A study of selected areas of the law that affect the commercial community. Includes the law of contracts, sales, commercial paper, agency and other legal topic areas. Common law concepts are investigated as well as the impact of the Uniform Commercial Code on commercial transactions. The course is designed to give students an awareness of legal problems that may exist in commercial transactions, and to develop the analytical skills necessary to recognize and seek assistance for such problems. Prerequisite: LAW 2150 or equivalent.

Laws applicable to ownership and operation of hotels, restaurants and resorts. Consideration of contracts, real property, ownership forms, torts, liabilities, duties and administrative agency regulations. Prerequisites: HOS 2000.

LAW 3960. Insurance Law (3). On Demand.
A study of the legal issues that affect licensing, regulation, sales and claims in the insurance industry. Common law and statutory schemes are investigated as well as the ethical responsibility of all involved parties. This course is designed for insurance majors that seek an in-depth understanding into the legal framework of the insurance process. Prerequisite: LAW 2150.

LAW 4910. Health Law (3).S.
This course is designed to provide students with a background in law as applied to health care organizations and health professionals. Particular emphasis is placed on the basis of liability of public and private hospitals, other health care service organizations, and health care personnel. Other topics include contracts, torts, duties, and administrative agency regulations unique to health care services organizations. Prerequisite: HCM 3110 or permission of the instructor. (Same as HCM 4910.)
Management

THE WALKER COLLEGE OF BUSINESS

Department of Management (MGT/HCM/HOS)
Degree Programs in Management, Health Care Management, and Hospitality and Tourism Management

Stella E. Anderson, Chair

Jacqueline Zilno Bergman  Robert D. Goddard, III  Rachel S. Shinnar
Robin T. Byerly  Hugh D. Hindman  Bryan C. Toney
J. Dana Clark  Luis Perez-Batres  Peter D. Villanova
Betty S. Coffey  Richard W. Pouder  Jim Westerman
Joseph P. Daly  Mark W. Pruett  David R. Williams
Michael R. Evans  Susan D. Roggenkamp
Jeremy B. Fox  Lyle F. Schoenfeldt

The objective of the Department of Management is to develop responsible and successful leaders of organizations by providing quality undergraduate and graduate education.

The Bachelor of Science in Business Administration degree in Management (355*/52.0201) with concentrations in Entrepreneurship (355B), General Management (355C), and Human Resource Management (355D) may be obtained by completing 122 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.

2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.

3. Completion of all COB admission requirements as outlined in the general information section of the College of Business

4. The following 24 semester hours of required courses for the management major:
   - Core courses (6 semester hours)—required of all management majors
     MGT 3620 Human Resource Management
     MGT 4770 Social Responsibilities of Management
   - One of the following concentrations (18 semester hours):
     a. Entrepreneurship Concentration (355B)
        MGT 3060 Understanding Entrepreneurship
        MGT 4650 New Venture Creation
        And twelve semester hours of management electives from the following list:
        MGT 3170 Fostering and Managing Creativity
        MGT 3190 International Entrepreneurship
        MGT 3660 Negotiations and Conflict Resolution
        MGT 3900 Internship
        (only 3 s.h. of MGT 3900 can count towards management electives. The other hours can count towards COB electives or free electives.)
        MGT 4680 Entrepreneurship Practicum
        MGT 4700 Contemporary Issues in Management and Leadership
        MKT 3220 Sales Management
        MKT 4610 Consumer Behavior
        MKT 4620 Marketing Research
        Other electives may be approved by the Departmental Chair
     b. General Management Concentration (355C)
        MGT 3060 Understanding Entrepreneurship
        MGT 3800 International Management
        MGT 4700 Contemporary Issues in Management and Leadership
        And nine semester hours of management course work at the 3000/4000 level excluding MGT 3010 and MGT 3520.
        Only three semester hours of MGT 3900 can count towards management electives. The other hours can count towards COB electives or free electives.
     c. Human Resource Management Concentration (355D)
        MGT 4640 Integrative Cases in Human Resource Management
        And fifteen semester hours of management electives from the following list:
Management

MGT 3640 Staffing Organizations
MGT 3660 Negotiation and Conflict Resolution
MGT 3670 International Human Resource Management
MGT 3900* Internship

*(only 3 s.h. of MGT 3900 can count towards management electives. The other hours can count towards COB electives or free electives).

MGT 4570 Compensation and Human Resource Management Systems
MGT 4630 Labor Relations
MGT 4700 Contemporary Issues in Management and Leadership
ECO 3720 Economics of Personnel

Other electives may be approved by the departmental chair.

5. Three semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010
6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level in or out of the COB
7. Completion of all GPA and residency requirements for graduation

A Master of Business Administration (MBA) degree is available. For more information, refer to the Graduate Bulletin.

Courses of Instruction in Management (MGT)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.

(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

MANAGEMENT (MGT)

MGT 2500. Independent Study (1–4). F;S.

MGT 3010. Survey of Management (3). F;S. This course is not open to business majors for credit.

An introduction to traditional and contemporary functions and concerns of management, including the history of management; planning, organizing, and controlling; decision-making fundamentals; information systems; motivation, communication, and leadership; international management; and social responsibilities of management.

MGT 3060. Understanding Entrepreneurship (3). F;S.

A survey of the opportunities and challenges associated with the creation and management of entrepreneurial organizations. The course focuses on the unique issues associated with starting and managing a new venture including business planning, human resource management, marketing, legal issues, location selection, funding, buying a business, and exit strategies.

MGT 3170. Fostering and Managing Creativity (3). F.

Fostering and managing creativity can affect all aspects of a business, from strategy to maintenance to interacting with customers, suppliers and competitors. The purpose of this course is for students to learn how to develop and manage creativity in organizations. Students will have the opportunity to study the nature and significance of creativity, develop a more creative mindset, and learn about the principles, practices and tools to foster and use creativity. Students will demonstrate understanding of course concepts and skills through written papers, participation, and a project.

The objective of this course is to provide students with an opportunity to learn about entrepreneurship in an international context.
by working with students from another country. Using a combination of lectures, company visits and group business plan projects, students will gain extensive knowledge of similarities and differences in cultures and business practices. The course may be offered as a regular semester course or as a short-term study abroad. Students will be required to travel overseas for approximately ten days and may be required to attend pre-travel seminars and pay trip fees in the prior semester. (MULTI-CULTURAL)

MGT 3500. Independent Study (1–4).F;S.

MGT 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process of the university level through direct participation in the classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

MGT 3620. Human Resource Management (3).F;S.
A study of basic personnel policies, practices, objectives, functions and the organization of personnel programs. Emphasis is placed on recruiting, selection, placement, training and development, employee evaluation, compensation, accident prevention, and union management relations in a modern business corporation. Prerequisite: admission to the Walker College of Business. (WRITING)

MGT 3630. Introduction to Organizational Behavior (3).F;S.
A study of individual and small group behavior in a work setting with focus on how this knowledge is reflected in current management theories. Emphasis is placed on understanding why employees behave the way they do and how to use this understanding to either maintain or change this behavior. Management majors are encouraged to take this course before or concurrently with MGT 3620. (CROSS-DISCIPLINARY)

MGT 3640. Staffing Organizations (3).S.
This course reviews concepts and methods involved in the design of employee selection systems. It will attempt to strike a balance between theoretical and practical issues while addressing legal issues in recruitment and selection, methods or recruitment, tests and measurements, decision-making in personnel selection, and job placement. Prerequisite: MGT 3620.

MGT 3660. Negotiation and Conflict Resolution (3).F.
A study of negotiation in a variety of settings that business and professional people are likely to encounter. Negotiation is both a science and an art. Students will have the opportunity to learn about the science of negotiation through readings, lectures, and discussions; and will practice the art of negotiation through a variety of exercises or dynamic cases. The course is designed to complement the diagnostic and technical skills that students typically learn in other courses. While managers need analytical skills to determine the optimal solutions to problems, negotiation skills are often necessary to see those solutions implemented.

MGT 3670. International Human Resource Management (3).F.
A study of human resource management with emphasis on the global economy. Topics will include human resource practices of multinational firms involved in international strategic alliances, joint ventures, and cross-border mergers and acquisitions. Attention will be given to managing expatriate assignments in terms of selection, preparation, retention, and inter-cultural adjustment. Additional topics will include managing host country nationals on their own soil and immigrant workers on U.S. domestic soil. Prerequisite: MGT 3620. (MULTI-CULTURAL)

MGT 3800. International Management (3).F;S.
International management studies management as practiced in different nations and cultures. The influences of differences in the political, economic, social, legal, and technological environments on the management functions (planning, organizing, motivating, and controlling) and management effectiveness are examined. The requirements and problems of adapting the American approach to management in foreign cultures, and conversely, adapting foreign approaches to American business will be basic to the course. Also included will be an investigation of management practices world-wide as well as an examination of current issues and special topics. Prerequisite: MGT 3010 or MGT 3630. (MULTI-CULTURAL; WRITING)

MGT 3900. Internship (6).SS.
A management internship is designed to provide a full-time work experience for a minimum of ten weeks in a meaningful and challenging position in a structured office, manufacturing, or similar organizational setting and completion of an approved job related project. These internships are conducted during the summer between the junior and senior years. Prerequisites: admission to the Walker College of Business, completion of at least 80 semester hours of credit but no more than 107, and permission of the internship coordinator. Graded on an S/U basis.

MGT 4500. Independent Study (1–4).F;S.
Management

MGT 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

This course presents practical tools, methods, and a systems perspective to help advance students’ understanding of human resource management. The course covers compensation, benefits and related human resource functions such as performance appraisal, job analysis and selection practices. Prerequisite: MGT 3620. [Dual-listed with MGT 5570.]

MGT 4630. Labor Relations (3).F;S.
A study of labor-management relations with emphasis on management’s relations with organized labor. Lecture, discussion and cases are used to study the reasons employees join unions, the laws that apply, and the process of working out a labor contract after it is negotiated. Prerequisite: MGT 3620 or permission of the instructor. [Dual-listed with MGT 5630.]

MGT 4640. Integrative Cases in Human Resource Management (3).F;S.
The course is intended as the senior level integrative course in the Human Resource Management concentration under the B.S.B.A. degree in Management. It is designed to expose those enrolled to the “big picture,” the intersection of human resource management, business policy, and competitive strategy. It is about human resource management from a strategic perspective. The goal will be to introduce young professionals to the core competency areas that will be needed to be successful managers of human capital, whether within the human resource function, some support area, or as a line manager. Prerequisite: MGT 3620.

MGT 4650. New Venture Creation (3).F;S.
The course focuses on the development of original business plans for new ventures. Topics addressed will include idea generation, feasibility analysis, marketing research, management team development, cash flow forecasting, growth management and entrepreneurial finance. Working in teams, students will be required to develop complete business plans and make presentations to an outside group of professional experts at the end of the semester. Prerequisite: MGT 3060.

MGT 4680. Entrepreneurship Practicum (3).S.
The purpose of this course is for students to put into practice what they have learned about entrepreneurship through consulting engagement with practicing entrepreneurs. Students will have the opportunity to gain new insights into entrepreneurship and develop their entrepreneurial skills through real world experiences with actual entrepreneurs. Working in the field, each team will be assigned to an entrepreneurial organization on a specific project. Projects will address complex problems and will be closely supervised by the instructor and entrepreneur. Prerequisites: MGT 3060 and MGT 4650 (which may be taken concurrently).

MGT 4700. Contemporary Issues in Management and Leadership (3).F;S.
This course is designed to explore theories and practical applications of management and leadership in organizational settings. The major emphasis is on building the managerial and leadership skills necessary to diagnose and provide remedies for organizational level problems. Subjects covered include: management, leadership, strategic vision, organizational culture and values, motivation and empowerment, teams, leading diversity, and leading organizational change. Prerequisite: MGT 3630 or MGT 3010. [Dual-listed with MGT 5700.]

MGT 4750. Strategic Management (3).F;S.
Integrates and draws upon knowledge gained in the core business disciplines to develop a holistic perspective of organizations competing in dynamic external environments. The course engages students in understanding how organizations identify and create new opportunities to sustain a competitive advantage. Emphasis on acquiring and demonstrating analytical skills needed to implement successful strategies. Prerequisites: all College of Business core courses and final semester senior status. (This course may not be taken on an individual study basis.) (WRITING; SPEAKING; CROSS-DISCIPLINARY)

MGT 4760. International Strategic Management (3).F;S.*
A study of the corporation as an integrated system within a global context through the use of a text, readings, and cases to develop integrative global decision skills. Prerequisites: all College of Business core courses along with a major or minor in International Business, final semester senior status, and completion of at least two (2) International Business courses. (WRITING; SPEAKING; CROSS-DISCIPLINARY) (*Note: This course is NOT offered in the Summer terms. Students who will complete all requirements for graduation in the Summer need to take this course in the preceding Spring term.)

MGT 4770. Social Responsibilities of Management (3).F;S.
A study of the economic, legal, political, and social environment within which business process takes place; how such environment...
Management

affects the decisions managers must make. Prerequisite: MGT 3630 or MGT 3010. (SPEAKING) [Dual-listed with MGT 5770.]

Health Care Management (HCM)

Susan D. Roggenkamp, Director

The Bachelor of Science in Business Administration degree in Health Care Management (328A/51.0701) may be obtained by completing 122 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.

2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.

3. Completion of all COB admission requirements as outlined in the general information section of the College of Business

4. The following 24 semester hours of required courses for the health care management major:

   Required Courses (24 semester hours)
   - HCM 3110 Health Care Organization and Administration
   - HCM 3130 Managing Health Care Organizations
   - HCM 3580 Health Services Program Evaluation and Research
   - HCM 3900 Internship in Health Care Management
   - HCM 4570 Health Care Financing
   - HCM 4910/LAW 4910 Health Law
   - HCM 4950 Seminar in Health Care Management

5. Three semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010. Suggested electives include, but are not limited to the following courses in the Department of Management:
   - MGT 3060 Understanding Entrepreneurship
   - MGT 3620 Human Resource Management
   - MGT 4700 Contemporary Issues in Management and Leadership
   - MGT 4770 Social Responsibilities of Management
   - HCM 4550 Health Care Policy
   - HCM 4560 Managed Care

6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level or out of the COB. Other academic departments outside the College of Business offer courses that closely complement the health care management major and are appropriate for elective courses. These are found especially in the Departments of Sociology and Social Work; Health, Leisure and Exercise Science; Psychology; and Biology.

7. Completion of all GPA and residency requirements for graduation

Undergraduate Minor in Health Care Management (328/51.0701)

A minor in Health Care Management (HCM) for non-business majors may be obtained by completing 18 semester hours of coursework from the following list. A minimum GPA of 2.0 is required for all coursework completed.

- ACC 1100 Principles of Accounting I ...............................................3 s.h.
- ECO 2030 Principles of Economics—Price Theory ........................3 s.h.
- HCM 3110 Health Care Organization and Administration...............3 s.h.
- HCM 3130 Managing Health Care Organizations ............................3 s.h.

Electives (6 semester hours):
- One HCM course at the 3000/4000 level* .....................................3 s.h.
- One approved COB course at the 3000/4000 level ..........................3 s.h.

*HCM 3900 (Internship) is a 6 s.h. course, but only 3 of these semester hours may be applied to the HCM minor. An additional HCM course may be taken for the COB elective.

It is strongly recommended that ACC 1100 and ECO 2030 be completed during the sophomore year. ECO 2030 may also be used as a social science credit for the core curriculum requirements. Courses at the 3000 and 4000 level should be taken in the junior and senior years after the student has been admitted to one of the degree-granting colleges. It is strongly recommended that students choosing an HCM minor receive advising assistance from HCM faculty in selecting elective courses.
Courses of Instruction in Health Care Management (HCM)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

HEALTH CARE MANAGEMENT (HCM)

HCM 3110. Health Care Organization & Administration (3). F; S.
This course shall focus on the organization and administration of health care services in the U.S. with occasional reference to foreign service systems. The course will examine health system structure and administration at the Federal, state and local level and will also differentiate between public and private sector health care efforts. The course, in addition, is designed to provide an elementary understanding of the various forces which shape the health care system and those issues of relevance to the future of health care.

HCM 3130. Managing Health Care Organizations (3). F
This course shall focus on the structure and function of various health care organizations that make up the US health care system. Specific attention is paid to the unique environmental, financial and ethical challenges faced by health care managers, in addition to the unique aspect of managing various health care professionals. The course instructs students on the attributes of key health delivery organizations, namely hospitals and integrated delivery systems; ambulatory care; managed care organizations; and, other health delivery and support organizations. Prerequisite: HCM 3110 or concurrent with HCM 3110, or permission of the instructor.

HCM 3500. Independent Study (1–4). F; S.

HCM 3520. Instructional Assistance (1). F; S.
A supervised experience in the instructional process on the university level through direct participation in the classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

HCM 3580. Health Services Program Evaluation and Research (3). S.
This course shall involve an overview of the fundamentals of health services program evaluation and research. Included are the techniques of program evaluation and an overview of the wide variety of methodological approaches currently being taken within the field of health services research to study and understand fundamental health care issues and problems. Prerequisites: ECO 2200 and HCM 3110 or permission of the instructor. (WRITING)

HCM 3900. Internship (6). SS.
A full-time work experience in health care management and limited to College of Business majors. Six semester hours are granted for a 10-week internship during the summer in a health care facility, service or program. Prerequisite: admission to the Walker College of Business and permission of the departmental chair and the internship coordinator. Additional prerequisites for health care management majors include: HCM 3110 and HCM 3130. Graded on an S/U basis.

HCM 4500. Independent Study (1–4). F; S.

HCM 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.
HCM 4530-4549. Selected Topics (1-4). On Demand.
Prerequisite: HCM 3110, or permission of the instructor. [Dual-listed with HCM 5530-5549.]

The course will examine the process by which health care policy is proposed, formulated, implemented and modified. The political
process and the role of constituencies to the health policy-making process will be examined. Specific examples of major health policy
issues will be drawn from federal and state sectors and will focus on personnel, financing and health care program development.
Specific critical policy issues will be examined through case studies. Prerequisite: HCM 3110 or permission of the instructor. [Dual-
listed with HCM 5550.]

HCM 4560. Managed Care (3). On Demand.
This course describes the basic concepts and incentives of risk as applied to health insurance. The principles of third party payment
and health insurance in the form of managed care are explained in detail. The course emphasizes how health care managers interact
with managed care organizations to include contract negotiations, utilization review and reimbursement management. Prerequisite:
HCM 3110 or permission of the instructor. [Dual-listed with HCM 5560.]

HCM 4570. Health Care Financing (3).F.
This course focuses on a variety of public and private third party mechanisms for financing health care services. A review shall be
made of the various trends and constraints associated with each mechanism. Particular attention shall be paid to the role of private
health insurance and government reimbursement mechanisms for health services. Prerequisites: HCM 3110, HCM 3130, FIN 3680,
or permission of the instructor. [Dual-listed with HCM 5570.]

HCM 4910. Health Law (3).S.
This course is designed to provide students with a background in law as applied to health care organizations and health professionals.
Particular emphasis is placed on the basis of liability of public and private hospitals, other health care service organizations, and
health care personnel. Other topics include contracts, torts, duties, and administrative agency regulations unique to health care
services organizations. Prerequisite: HCM 3110 or permission of the instructor. (Same as LAW 4910.)

HCM 4950. Seminar in Health Care Management (3).F;S.
This is a capstone course that integrates all COB core and HCM course material through case and scenario analyses. The course will
require students to apply concepts of accounting, financial management, marketing, business planning, operations management and
strategic management specifically to the unique environmental, regulatory, legal, ethical and professional demands of the health
care industry. Prerequisites: HCM 3110, HCM 3130 and final semester senior status, or permission of the instructor. (WRITING;
SPEAKING) [Dual-listed with HCM 5950.]

Hospitality and Tourism Management (HOS)
Michael R. Evans, Director

The Bachelor of Science in Business Administration degree in Hospitality and Tourism Management (371A/52.0901) may
be obtained by completing 122 semester hours as follows:
1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum
   section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math
course and ECO 2030 should be selected as one of the social sciences.
2. All College of Business core courses:
   -- A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts
     as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   -- The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT
     3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business
4. The following 24 semester hours of required courses for the hospitality and tourism management major:
   Required Courses (24 semester hours)
   HOS 2000 Survey of the Hospitality and Tourism Industry
   MGT 3620 Human Resource Management
   HOS 3700 Hospitality Management Operations I
   HOS 3800 Hospitality Management Operations II
   HOS 3900 Hospitality Management Internship
   HOS 4040 Destination Management
   HOS 4050 Meeting & Convention Management
Major Electives (6 semester hours)—choose two of the following:
- FCS 1202* Basic Food Science
- FCS 2204* Quantity Food Production
- RM 4450** Seminar in Tourism Development
- Mkt 3220** Sales Management
- Mkt 3240** Integrated Marketing Communications
- Mgt 3060** Understanding Entrepreneurship

*Suggested for hospitality industry career focus: FCS 1202, FCS 2204, or MGT 3060.

**Suggested for tourism industry career focus: RM 4450, Mkt 3220, or Mkt 3240.

5. Three semester hours of COB electives at the 3000/4000 level excluding Mgt 3010 and Fin 3010
6. Six semester hours of free electives, all of which must be outside of the COB (any level)
7. Completion of all GPA and residency requirements for graduation

Courses of Instruction in Hospitality Management (HOS)
This catalog reflects fall and spring semester offerings. Go to [www.summerschool.appstate.edu](http://www.summerschool.appstate.edu) for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

HOSPITALITY MANAGEMENT (HOS)

HOS 1530-1549. Selected Topics (1–4). On Demand.

HOS 2000. Survey of the Hospitality and Tourism Industry (3).F;S.
A survey of the history, trends, organizational structure, and economic impact of the hospitality and tourism industry on the national economy. Some study of the problems originating in the operation and management of various segments of the hospitality industry will be introduced.

HOS 3500. Independent Study (1–3).F;S.
HOS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in the classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

HOS 3700. Hospitality Management Operations I (3).F.
This course involves the concepts and applications of management in food and beverage operations in various types of hospitality firms. Topics such as menu development, beverage management, catering, service, sanitation, foodservice design, and cost controls will be presented. Management approaches will be developed to provide quality products and services. Prerequisite: HOS 2000.

HOS 3800. Hospitality Management Operations II (3).S.
This course is designed to provide the student with knowledge of lodging operations, which include hotels, cruise ships, and resorts. Lodging operations will be analyzed from a systems perspective, with particular focus on operational standards, and technology. Case studies will be presented to illustrate issues and problems of operations and functional areas of properties such as marketing, rooms division, engineering, accounting, computer applications, and guest security. Prerequisite: HOS 2000. (WRITING)

HOS 3900. Hospitality Management Internship (6).F;S.
A structured learning experience in a service corporation, designed to prepare the student intern for a professional management career. Ten weeks full-time employment (400 hours) are required. No additional courses may be scheduled while completing an
internship. Should be taken during the summer term between the junior and senior years and not during the final semester term of study. Students desiring to take internships must obtain approval in advance from the faculty advisor. A research or topical paper related to the company will be required. Each student will be evaluated on her/his completion of goals previously set by the student, faculty advisor, and company field supervisor. Prerequisites: HOS 2000 and permission of faculty advisors, and a minimum of 9 hours completed in the major. Graded on an S/U basis.

**HOS 4040. Destination Management** (3).S.
The course will introduce the various issues associated with the management of a convention visitors bureau (CVB). The course will analyze the mission, structure, and business activities of organizations that develop and promote a complex tourism destination. This includes the management functions of membership services, visitor services, financial and marketing concerns, research activities, and the strategic planning and evaluation of these efforts. Topics covered will include developing the following consumer segments; meetings/conventions, pleasure/tours, and festivals/special events. Students will be required to give two class presentations during the semester on the above topics.

**HOS 4050. Meeting & Convention Management** (3).F.
A course dealing with the many issues impacting the management of large convention and exposition centers. The course is taught from an organizational marketing base. Topics include meeting site selection, program planning and budgeting, legal issues and insurance problems, housing, food and beverage arrangements, transportation, exposition management, and audio-visual services. (SPEAKING)

**HOS 4500. Independent Study** (1–4).F;S.

**HOS 4510. Senior Honors Thesis** (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

**HOS 4530–4549. Selected Topics** (1–4). On Demand.
The objective of the Department of Marketing is to develop responsible and successful business leaders by providing undergraduate and graduate education in the field of marketing.

The Bachelor of Science in Business Administration degree in Marketing (352A/52.1401) may be obtained by completing 122 semester hours as follows:

1. Completion of the University Core Curriculum Requirements and special designator requirements outlined in the Core Curriculum section (44 semester hours, 3 of which also count in the lower level business core). MAT 1030 should be selected as the math course and ECO 2030 should be selected as one of the social sciences.
2. All College of Business core courses:
   - A 2.0 GPA in the 18 semester hours of lower level core courses which includes ACC 1100 and ACC 2110, ECO 2030 (counts as a social science in the Core Curriculum), ECO 2040 and ECO 2100 and LAW 2150.
   - The 24 semester hours of additional core courses includes ENG 3100 or BE 3340, CIS 3050, ECO 2200, FIN 3680, MGT 3630, MKT 3050, POM 3650 and MGT 4750.
3. Completion of all COB admission requirements as outlined in the general information section of the College of Business
4. A 2.0 GPA in the following 18 semester hours of required marketing courses:

   **Required Courses** (15 semester hours)
   - MKT 3220 Sales Management
   - MKT 3240 Integrated Marketing Communications
   - MKT 3260 Managing Distribution Channels
   - MKT 4610 Consumer Behavior
   - MKT 4620 Marketing Research

   **Marketing Elective** (3 semester hours)—select one of the following:
   - MKT 3052 Professional Selling
   - MKT 3210 Retail Management
   - MKT 3230 Business-to-Business Marketing
   - MKT 3530–3549 Selected Topics
   - MKT 3900* Internship
   - MKT 4100 Marketing Management
   - MKT 4530–4549 Selected topics
   - MKT 4550 International Marketing

5. Nine semester hours of COB electives at the 3000/4000 level excluding MGT 3010 and FIN 3010
   *If MKT 3900 is selected as the marketing elective, the extra hour can be used to cover some of the hours required for the COB electives.
6. Twelve semester hours of free electives, six of which must be outside of the COB and six of which must be 3000/4000 level in or out of the COB
7. Completion of all GPA and residency requirements for graduation

Undergraduate Minor in Marketing (352/52.1401)
A minor in Marketing for non-business majors may be obtained by completing the following 18 hours of requirements with a minimum overall GPA of 2.0 over the courses used to meet minor requirements:

1. Required courses:
   - ECO 2030 Principles of Economics—Price Theory .................................................................................................................. 3 s.h.
   - ACC 1100 Principles of Accounting I ................................................................................................................................... 3 s.h.
   - MKT 3050 Principles of Marketing ....................................................................................................................................... 3 s.h.
2. Three marketing elective courses taken from the following: (9 semester hours)
   - MKT 3052 Professional Selling
   - MKT 3210 Retail Management
   - MKT 3220 Sales Management
   - MKT 3230 Business-to-Business Marketing
   - MKT 3240 Integrated Marketing Communications
   - MKT 3260 Managing Distribution Channels
Marketing

MKT 3530–4549 Selected Topics
MKT 3900 Internship*
MKT 4530–4549 Selected Topics
MKT 4550 International Marketing
MKT 4610 Consumer Behavior
MKT 4620 Marketing Research

Total hours for the minor in marketing 18 s.h.

*MKT 3900 Internship is a 6 s.h. course, but only 3 of these semester hours may apply to meeting the requirements for the minor.

It should be noted that ECO 2030, Principles of Economics—Price Theory can also count for social science credit in core curriculum requirements. It is strongly recommended that the 2000 level courses be completed in the sophomore year. The courses at the 3000 and 4000 level should be taken in the junior or senior year after the student has been admitted to one of the degree-granting colleges.

Courses of Instruction in Marketing (MKT)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

SPECIAL NOTE ABOUT ENROLLMENT IN UPPER LEVEL BUSINESS CLASSES: Enrollment by undergraduates in 3000 and 4000 level courses in the College of Business is limited to students admitted to the College of Business, except for the following courses: CIS 3050, FIN 3680, MGT 3630, MKT 3050, POM 3650, and, for non-business majors only, FIN 3010 and MGT 3010.

Non-business majors will be allowed to enroll in other 3000 and 4000 level College of Business courses that are required by their non-business major, a required concentration, or a required minor. Non-business majors can request permits for required business courses not listed above in the College of Business Advising Center in 2126 Raley Hall.

To enroll in any 3000 or 4000 level course in the College of Business, including those listed above, students must have a cumulative GPA of at least 2.0 and must have completed all course prerequisites. Only juniors or seniors may enroll in 3000 level courses and only seniors may enroll in 4000 level courses.

MARKETING (MKT)

MKT 2500. Independent Study (1–4). F; S.

MKT 3050. Principles of Marketing (3). F; S.
An introductory study of the marketing process in advanced market economies. Consideration of psychological theories and determinants of buyer behavior. A background in the elements of the marketing mix; the product distribution structure, the price system, and promotional activities. Survey of marketing in special fields. Planning and evaluating the marketing effort. Using computers to analyze marketing data; quantitative aspects of the marketing function. Prerequisite: ECO 2030.

MKT 3052. Professional Selling (3). F; S.
Focus is on the development of selling skills, from prospecting for new customers to making a sales presentation, closing the sale and following up, as well as the development of an understanding of the economic and psychological buying motivations affecting the sales of industrial and consumer goods and services. The course will also include the application of a sales force automation software to facilitate the selling process, and to increase retention of existing customers. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (SPEAKING)

MKT 3210. Retail Management (3). F; S. On Demand.
Focus is on operational problems, retail store organization, location analysis, buying, selling, sales promotion, service, and merchandise handling. Case analysis of managerial problems in retailing establishments. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0).

MKT 3220. Sales Management (3). F; S.
Management of sales force. Quantitative techniques and behavioral research applied to planning, organizing, directing, and controlling
field sales effort. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (SPEAKING)

A study of the distinguishing features of the business marketing environment including the major types of customers, the nature of the procurement function, and forces that drive buying decisions in organizations. Other topics include customer relationship management strategies for business markets, E-commerce strategies for business markets, supply chain management and global business marketing strategies. In addition, techniques for assessing business market opportunities, market segmentation, demand analysis and sales forecasting will be reviewed. Also included will be the planning, implementation and control of the business marketing function. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0).

MKT 3240. Integrated Marketing Communications (3).F;S.
Intensive investigation of the field of advertising to include a review of the history and the economics of advertising, research, copy, layout, production, budgeting, and advertising organization. Theory and application are stressed. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (WRITING)

MKT 3260. Managing Distribution Channels (3).F;S.
The study of distribution as a strategic tool in the marketing mix. The course focuses on the relationship dimensions of channel structure, evaluation and selection of channel participants, behavioral processes, design challenges, functions of leadership, formulation of channel roles, marketing logistics and electronic channels. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (WRITING)

MKT 3500. Independent Study (1–4).F;S.

MKT 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in the classroom situation. Graded on an S/U basis. May be repeated for a total credit of three semester hours.

Prerequisite: MKT 3050 with a minimum grade of “C” (2.0).

MKT 3900. Internship (6).SS.
A full-time work experience in business normally done in the summer. Six semester hours are granted. Prerequisite: admission to a degree granting college; MKT 3050 with a minimum grade of “C” (2.0), and permission of the departmental chair and the internship coordinator. Graded on an S/U basis.

MKT 4100. Marketing Management (3).F;S. On Demand.
An integrated course in marketing, systematically oriented with emphasis on the marketing mix, the formulation of competitive strategies, and special attention to market analysis, marketing information, and sales forecasting. Case analysis is stressed. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0).

MKT 4500. Independent Study (1–4).F;S.

MKT 4510. Senior Honors Thesis (3). On Demand.
Independent study and research project directed by departmental faculty advisor on a topic of mutual interest to both student and advisor. The thesis should be completed during the senior year as a final requirement for graduation with honors in business and includes a formal presentation to the college faculty.

MKT 4550. International Marketing (3).F;S.
An analysis of cultural, legal, political, and economic factors affecting marketing in world markets. Emphasis is placed upon the differences in life styles, beliefs, attitudes, behaviors, and their influence upon the marketing decisions of the foreign firm. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (MULTI-CULTURAL)

MKT 4610. Consumer Behavior (3).F;S.
An examination of the psychological, sociological, and economic theories of buyer behavior. This is followed by analysis of the major current and classical empirical research studies designed to test the different theories of buyer behavior. Prerequisite: MKT 3050 with a minimum grade of “C” (2.0). (MULTI-CULTURAL; CROSS-DISCIPLINARY)

MKT 4620. Marketing Research (3).F;S.
Techniques involved in the specification, collection, analysis, and reporting of marketing information. The analysis will include
experimental design, analysis of variance, and other univariate and multivariate analyses. Prerequisites: MKT 3050 with a minimum grade of “C” (2.0), ECO 2200, and senior standing. (WRITING; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

The Reich College of Education

Charles R. Duke, Dean
Doris M. Jenkins, Associate Dean
Roma B. Angel, Interim Assistant Dean

The Reich College of Education exists to prepare its students (traditional and non-traditional) to assume positions as educational and human services personnel in both school and non-school settings. The various professions represented include teachers, school administrators and other human service personnel. At the core of their preparation is a strong practitioner orientation that complements their theoretical and research based learning experiences.

To accomplish its mission, the College offers a broad range of comprehensive degree programs at the Baccalaureate, Masters, Specialist, and Doctoral levels, as well as programs leading to particular licenses. The Reich College of Education seeks to provide a well-balanced program of classroom and clinical experiences.

The Reich College of Education seeks to maintain a cooperative, forward-thinking posture, with emphasis on:

1. Providing programs of rigor and excellence that challenge its faculty and students to do their best
2. Creating bold initiatives that recognize emerging societal needs with new programs, teaching strategies, and technologies that will keep it on the frontiers of knowledge
3. Supporting the integration of multi-cultural and global orientations in all program areas
4. Seeking to further define and deliver a comprehensive body of knowledge suitable for each of its majors
5. Engaging in an active program of exchange and interchange with its varied publics
6. Continuing to develop a faculty that seeks excellence in its teaching, breadth in its service, and creativity in its scholarship and research

The Reich College of Education has primary responsibility for the preparation of child development B-K, elementary, middle grades and secondary teachers, as well as teachers in special subject areas, library media coordinators, reading teachers, special educators, speech pathologists, supervisors, instructional technology specialists, counselors, teachers of higher education, administrators for the public schools and institutions of higher education, and related human development specialists for community agencies. One goal of the college is to provide an efficient delivery system of preservice and inservice preparation to individuals pursuing a career in any of the above listed areas. Additionally, the college houses a national resource center for developmental educators.

Title II reporting requirements mandate that institutions report the performance of their teacher education undergraduates. Information about the annual performance of ASU teacher education students can be found at www.ced.appstate.edu.

National Center for Developmental Education

Hunter Reed Boylan, Director

The National Center for Developmental Education offers a variety of resources and services to college and university personnel throughout the United States who are concerned with the educational needs of academically underprepared college students.

The center resources include a specialized library and a computerized network linking persons from across the nation knowledgeable in the ways of teaching, counseling and motivating underprepared students. The center offers conferences, workshops and seminars for practitioners in the field; conducts research, and works closely with the Department of Leadership and Educational Studies in the implementation of the graduate programs in developmental education. The center also sponsors the Kellogg Institute for the Training and Certification of Developmental Educators, which provides advanced training to selected professionals from across the United States. In addition, the center publishes the leading periodical in the field, the Journal of Developmental Education, as well as a bi-monthly newsletter, Research in Developmental Education. The center also provides consultation and technical assistance to colleges and universities seeking to improve their programs and services to students with academic deficiencies.

Departments

The Reich College of Education consists of the following departments:

- Curriculum and Instruction
- Human Development and Psychological Counseling
- Language, Reading and Exceptionalities
- Leadership and Educational Studies

NOTE: Although the requirement for most degree programs at Appalachian can be met within the minimum of 122 semester hours, the student should be aware that certain programs of study require additional hours. Students are advised to check with the department of their intended major early in their studies. Meeting graduation requirements is the student’s responsibility.
The Reich College of Education

Degrees
The College of Education offers the Bachelor of Science degree leading to teacher licensure in the fields of child development: birth through kindergarten; elementary education (K-6); middle grades education (6-9); K-12 licensure in health education, secondary education; and special education (with concentrations in general curriculum K-12, and adapted curriculum K-12); and 9-12 licensure in business education with concentrations in business education, or business and marketing education. The Bachelor of Music degree with K-12 teacher licensure is available in music education. The Bachelor of Science degree with teacher licensure (9-12) may also be earned in: English, secondary education; history, secondary education; family and consumer sciences, secondary education; technology education with concentrations in secondary education, or trade and industry; mathematics, secondary education; biology, secondary education; chemistry, secondary education; geology, secondary education; or physics, secondary education; and social sciences, education with concentrations in anthropology, economics, geography, history, political science or sociology. The Bachelor of Science degree with K-12 teacher licensure may also be earned in art education (K-12); French, education (K-12); physical education teacher education (K-12), Spanish, education (K-12); and teaching theatre arts (K-12).

Professional Core Curriculum Goals
Goals of the Reich College of Education's Undergraduate Professional Core Curriculum are to develop prospective teachers who:
1. Have the ability and desire to reason soundly, to communicate clearly, and to demonstrate critical reading, listening, and viewing skills
2. Understand the organizational structure of knowledge about teaching and who can access that knowledge with current and emerging technologies
3. Are reflective, professional decision makers
4. Help students develop an integrated view of knowledge and reject narrow specialization and fragmentation
5. Help students develop a concept of ethics and justice, and a desire to work towards eliminating injustices in schools and society
6. Help students acquire respect for learning and compassion for people, especially students in their schools
7. Are creative, reform minded individuals who possess the leadership ability and courage to have a direct impact on students and the school/community
8. Obtain knowledge of learning theories
9. Obtain knowledge of national and state programs and standards that will affect them as teachers in the twentieth century
10. Understand childhood and the processes of social, cognitive, and physical development
11. Understand the issues of technology and their impact on society
12. Understand the social context of schooling and the complex relationship between schools and society
13. Enter into the ongoing conversation about what the aims of education and schooling ought to be in a pluralistic democratic society
14. Have the opportunity to understand and address the ethical and professional issues of teaching in public schools in a democratic society
15. Foster the intellectual and moral character necessary to become a thoughtful and effective teacher
16. Understand the implications of student diversity for teaching and learning
17. Understand and apply current and emerging technologies for instruction

In addition to the licensure programs listed above, the College offers a non–teaching/non–licensure Bachelor of Science degree in communication disorders.

For graduate degree offerings see the graduate section of this bulletin and the Graduate Bulletin.

Bachelor of Science Degree (with teacher licensure)
To earn the Bachelor of Science degree with teacher licensure, the following requirements must be met:
1. Completion of at least 122 semester hours with a grade-point average of at least 2.50. A transfer student must have at least a 2.50 grade-point average on all work at Appalachian.
2. Completion of the core curriculum requirements
3. Demonstration of proficiency in reading, speech, and written English
4. Completion of a major consisting of 24 to 56 semester hours from one of the fields listed below.
   Art education (K-12)
   Biology, secondary education
   Business education with concentrations in business education, and business and marketing education
   Chemistry, secondary education
   Child development: birth through kindergarten
   Elementary education
   English, secondary education
Family and consumer sciences, secondary education
French, education (K-12)
Geology, secondary education
Health education, secondary education
History, secondary education
Mathematics, secondary education
Middle grades education (6-9)
Music education (K-12) [bachelor of music degree]
Physical education teacher education, (K-12)
Physics, secondary education
Social sciences, education
  with concentrations in anthropology, economics, geography, history, political science, or sociology
Spanish, education (k-12)
Special education
  with concentrations in: general curriculum k-12, and adapted curriculum k-12
Teaching theatre arts (k-12)
Technology education with concentrations in technology education, secondary education, and trade and industry

A student must have at least a 2.50 grade-point average to be admitted to the teacher education program and must maintain a 2.50 grade-point average overall and a minimum 2.00 grade-point on all work in the major. Transfer students must have at least a 2.00 grade-point on all work at Appalachian in the major. With the exception of the social science major, specific requirements for each major preface the list of courses offered by the department. Requirements for the interdepartmental Bachelor of Science degree in Social Sciences, Education (with concentrations in Anthropology, Economics, Geography, History, Political Science, and Sociology) are found in the Reich College of Education section of this catalog.

5. Completion of professional education requirements as follows:

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>

Professional courses in Reading*+, and/or Methods*+, may be required in the major. The department advisor, departmental requirements, and major checksheets should also be consulted.

Elementary education, middle grades education, business education, and health education (see program requirements) in the Department of Curriculum and Instruction

Special education (see program requirements in the Department of Language, Reading and Exceptionalities)
Child development (B-K): CI 2800+/SPE 2800+, FDN 3800*/+, CI 3850*/+FDN 3850*/+RE 3850*/+, PSY 3000+, reading methods course*+, methods courses*+, and major courses as identified by major*+, and CI 4900*.
Secondary education (9-12): CI 2800+/SPE 2800+, FDN 3800*/+, CI 3850*/+FDN 3850*/+RE 3850*/+, PSY 3000+, reading methods course*+ (see departmental requirements), methods course(s)*+ (see departmental requirements), and CI 4900*.
Special subject majors (K-12): FDN 3800*/+, CI 2800+/SPE 2800+, CI 3850*/+FDN 3850*/+RE 3850*/+, PSY 3000+, reading methods course*+ (see departmental requirements), methods course or courses*+ (see departmental requirements), and CI 4900*.

Students must earn 12 semester hours credit for student teaching.

These courses may not be taken under the pass-fail grading system.

+ A grade of 2.00 or higher must be made in each of these courses. Middle grades majors must earn 3.0 or higher in CI 2800/SPE 2800.

* Admission to teacher education required before enrolling in these courses.

6. Electives to complete a minimum of 122 semester hours
7. Completion of residence requirements
8. Compliance with regulations concerning settlement of all expense accounts
9. Recommendation of the faculty
10. State licensure requires the successful completion of competencies in the teaching of reading. The department advisor should be consulted as to how the student’s program meets the requirements.
11. Take PRAXIS I Academic Skills Assessments: Reading, Writing and Mathematics (SAT and ACT scores may be used in lieu...
of PRAXIS I scores provided required minimum scores are met), and, if available in the student’s field, PRAXIS II Subject
Assessment or Specialty Area test. (The North Carolina State Board of Education has designated PRAXIS II as the standard
examination.) A table of minimum cut-off scores is available in the RCOE Dean’s Office (EDH 220). The North Carolina State
Board of Education has mandated a requirement of demonstrated advanced technology competency for initial licensure.
12. Students majoring in elementary education (K-6); business education; health education, secondary education; middle grades
education (6-9); physical education teacher education, (K-12); or technology education are required to complete a second
academic concentration.

Admission to Reich College of Education
1. When students have completed 30 semester hours, including ENG 1000 and ENG 1100, and have obtained at least a 2.00 GPA,
they will be notified that they may officially declare their major. Students should have completed the speech prerequisite for
admission to teacher education prior to declaring their major. After the major is declared, students’ academic and advisement
records will be forwarded to the degree granting college. This also applies to transfer students.
2. If an application for admission to the academic department is required, the chair of the academic department will be responsible
for processing the application for admission into the department.
3. Students will be assigned an advisor in their major area. Students enrolled in elementary education, middle grades education,
health education, business education, special education, or communication disorders will be notified of their assigned advis-
or.

Admission to Undergraduate Teacher Education
Students who have declared an intended major in teacher education are sent a notification form which outlines deficiencies that exist
in fulfilling admission requirements when they have earned 45 s.h. (usually at the end of the first semester of their sophomore year).
To be admitted to a teacher education program, a student must make formal application to the Dean’s Office in the Reich College
of Education. Applications are available in the Dean’s Office, in departmental offices, and on-line at www.ced.appstate.edu. All admission
criteria listed below must be met prior to the formal application to teacher education being submitted. Students must have:
1. Completed at least 45 semester hours
2. Earned a cumulative grade-point average of at least 2.50 (a grade-point average of at least 2.5 must be maintained thereafter).
   Transfer students, including those with 45 or more semester hours, must earn a 2.5 cumulative GPA on a minimum of 12 s.h.
at Appalachian.
3. Attained acceptable scores on PRAXIS I: Academic Skills Assessment (Reading, Writing, and Mathematics) or, SAT or ACT scores
   in lieu of PRAXIS I. Minimum passing scores are set by the North Carolina State Department of Public Instruction.
4. Completed the Candidate for Professional Licensure form (CPL). This form is required by UNC’s General Administration and the
   North Carolina State Department of Public Instruction to determine how many students are enrolled in licensure programs.
The form is also used in initiating the licensure process.
5. Completed CI 2800/SPE 2800 with a “C” (2.00) or better; the Middle Grades major requires a “B” (3.00) or better
6. Completed speech prerequisite and reading and English proficiencies.
   - **Speech prerequisite:** clinical assessment must be completed by an appropriately credentialed speech-language pathologist
     or audiologist. Written verification of speech-language and hearing screening must be completed by or filed with the Com-
     munication Disorders Clinic.
   - **English proficiency:** completion of ENG 1000 with a 2.00 or better and successful completion of PRAXIS I: Writing with mini-
     mum scores set by state are required.
   - **Reading proficiency:** successful completion of PRAXIS I: Reading with minimum scores set by state and a cumulative grade-
     point average of at least 2.50 on a minimum of 45 s.h. Students transferring in 45 or more semester hours must earn a
     2.5 cumulative GPA on a minimum of 12 s.h. at Appalachian.
7. Declaration of second academic concentration (if second academic concentration is required).
   If all admission criteria are not met when formal application to teacher education is made, application will be returned to the student.
   Students will be formally notified of their acceptance or rejection to the teacher education program.

Course Restrictions Prior to Admission
North Carolina Program Approval Standards limit the progression of potential undergraduate candidates in teacher education programs
to introductory courses only until formal admission requirements have been satisfied. Formal admission to teacher education must
occur at least one semester, excluding summer, prior to student teaching.

Students will be permitted to take only the following professional studies courses before being formally admitted to a teacher
education program:
   - CI 2800/SPE 2800 (3 s.h.)
   - PSY 3000 (3 s.h.)
The Reich College of Education

Students must have taken and met minimum scores on PRAXIS I: Academic Skills Assessments (Reading, Writing and Mathematics) or, SAT or ACT (in lieu of PRAXIS I), achieved a 2.50 GPA on 45 semester hours, and established proficiencies in reading, English, and speech to be admitted to teacher education.

Students will not be allowed to proceed in teacher education beyond the above mentioned courses until all entrance requirements have been successfully completed. Students may not take FDN 3800, CI 3850/RE 3850/FDN 3850, CI 4900, SPE 4900, methods courses or reading courses prior to admission to teacher education.

Advisement
All freshmen will be advised in the Office of General Studies. ALL teacher education students with majors housed in the College of Education are assigned an advisor when a teacher education major is declared. All majors housed in other colleges are encouraged to seek advisement in their major department or in their College/School Dean's Office. Advisement for majors housed in the College of Education is mandatory and students will not be allowed to preregister until they have consulted with their advisor. Admission and licensure information is available from the College of Education Dean’s Office (EDH 221). Advisement within the College is an ongoing process and generally proceeds with the following steps.

1. All students entering Appalachian State University are required to attend an orientation session prior to registration. Students desiring to major in teacher education programs meet with representatives from the Reich College of Education. During the orientation meeting and throughout the advising process, students are informed of the probability of their success regarding admission to and continuation in a teacher education program within the University.
2. All students in General Studies have mandatory advising with an advisor. A record of advising sessions in General Studies and after a person is admitted to a teacher education program is kept in the student’s folder.
3. After moving from General Studies and officially declaring a teacher education major as a career goal, students will be assigned an advisor in their major.
   a. Elementary education, middle grades education, special education, communication disorders, business education, and health education students are required to meet with an advisor from the Reich College of Education.
   b. Secondary education (9-12), special subject (K-12) majors, and child development (B-K) majors will meet with an advisor from their major department and their advisors will consult as needed with the Reich College of Education Dean’s Office (EDH 221).
4. After being admitted to teacher education, students will be advised as follows:
   a. Reich College of Education majors will continue to be advised by an assigned advisor in the appropriate major within the college.
   b. Secondary education (9-12) and special subject (K-12) majors will continue to be advised by an advisor in their major department and, when needed, their advisors will consult with the Reich College of Education’s Dean’s Office (EDH 221).

As students move through their teacher education program, their progress will be carefully monitored by personnel in the Dean’s Office using the student information system (SIS) and by examining grade reports at the end of each term.

Student Teaching
During the seventh or eighth semester, students who are taking undergraduate programs of study leading to teacher licensure will student teach for one semester. This work will consist of full-time teaching under the supervision of a competent and experienced teacher. Student teaching provides the student with a professional field experience in the appropriate area. There are no provisions to fulfill the student teaching requirement during the summer session. Students must be admitted to teacher education at least one semester, excluding summer, prior to student teaching and must have a cumulative GPA of 2.5 or higher to student teach.

Students will be notified in advance concerning their assignments. Student teaching assignments will conform to the local schools schedule and calendar.

Special field experience programs are required during the sophomore, junior and/or senior years. Information may be obtained from the appropriate departmental chair.

Internship
Students planning to take internships/practica should contact individual departments in the College of Education to inquire about requirements and procedures for entering these experiences.

Conditions Prerequisite to Student Teaching
The following requirements must be met prior to student teaching:

1. All proficiencies and professional education courses including reading and methods courses must have been completed satisfactorily with a grade of 2.00 or better. (Some majors require higher than 2.0 in selected courses; refer to major requirements.) A cumulative GPA of 2.5 is required for student teaching.
The Reich College of Education

2. A student who has completed all prerequisites for student teaching will be unconditionally placed. Others may be tentatively placed until all prerequisites have been satisfied. However, no student will be permitted to begin student teaching unless all prerequisites have been satisfied. Students must be fully admitted to teacher education at least one semester, excluding summer, prior to student teaching. Students will not be eligible for student teaching if cumulative GPA is less than 2.5.

3. Prior to student teaching, elementary education majors must have satisfactorily (2.0 or higher) completed: CI 2800/SPE 2800, CI 3110, RE 3030; RE 4030, CI 4000, CI 4030, PSY 3000, GS 4401, FDN 3800, CI 3750, CI 3850/FDN 3850/RE 3850, HED 3645, PE 3556, ENG 3240/RE 3240, MAT 3030/CI 3030, MAT 2030, CI 3000/SPE 3000, CI 3015/FDN 3015, ART 3021 or CI 3021 or MUS 2021 or THR 3856. Students must also complete HIS 2201 or HIS 2204 and GHY 3013 or HIS 3728 prior to student teaching. Students must refer to departmental requirements for additional prerequisites for student teaching.

4. Prior to student teaching, middle grades education majors must have satisfactorily (2.0 or higher) completed CI 2800/SPE 2800 (3.0 or higher required), CI 3750, CI 3900, CI 3910, CI 3920, CI 4400, CI 4450, RE 4630, PSY 3000, FDN 3800, CI 3850/FDN 3850/RE 3850 and two (2) required methods courses. Students must refer to departmental requirements for additional prerequisites for student teaching.

5. Prior to student teaching, child development (B-K) majors must have satisfactorily (2.0 or higher) completed CI 2800/SPE 2800, CI 3850/FDN 3850/RE 3850, FDN 3800, PSY 3000, RE 3902, required methods courses, and other major requirements prerequisite for student teaching.

6. Prior to student teaching, secondary majors (9-12) must have satisfactorily (2.0 or higher) completed FDN 3800, CI 2800/SPE 2800, CI 3850/FDN 3850/RE 3850; PSY 3000, and the required reading and methods courses. Secondary majors must refer to departments for additional prerequisites for student teaching. English majors are required to take RE 4620 in lieu of RE 4630.

7. Special subject (K-12) students (art, health education, music, physical education, foreign languages, and special education) must have satisfactorily (2.0 or higher) completed prior to student teaching: CI 2800/SPE 2800, CI 3850/FDN 3850/RE 3850, FDN 3800, PSY 3000 and required reading and methods courses. Also, special subject students must refer to departmental requirements for additional prerequisites for student teaching.

8. Each applicant must agree to student teach full-time for one semester.

9. Students seeking multiple licensures must make particular arrangements with the Director of Field Experiences to meet student teaching requirements.

Steps in Application for Student Teaching

1. Students must have been fully admitted to the Reich College of Education’s teacher education program at least one semester, excluding summers, prior to student teaching, and must have met all student teaching prerequisites before they will be allowed to student teach. (See the appropriate section of this catalog for specifics.) Students must have a cumulative GPA of 2.5 or higher to student teach.

2. Those students planning to student teach in either the fall or spring semesters of a given academic year must attend the student teaching orientation meeting one academic year prior to their actual placement. Contact the Office of Field Experiences for date, time, and location of the meeting.

   A. Students attending the orientation meeting will receive:
      1) Copies of application for student teaching forms
      2) A copy of the teacher education—information sheet. This sheet lists the requirements for admittance to the teacher education program, requirements in the teacher education program and prerequisite courses for student teaching. Note: The application forms must be completed by the student and returned to the Office of Field Experiences (EDH 220).

   B. Additional information presented at the orientation meeting will include:
      1) Identification of possible geographic placement areas
      2) Identification of student teacher supervisors within each placement area
      3) General procedures/rules concerning placement, course prerequisites, and advising procedures. Students having questions concerning particular student teaching situations should contact the Director of Field Experiences in Edwin Duncan Hall, Room 220.

Teacher Licensure

All Appalachian State University teacher education programs have received appropriate approval by the State Board of Education and lead to North Carolina teacher licensure.

Persons who desire to receive teacher licensure from Appalachian and who are college graduates with non-teaching degrees, those who are lateral entry or hold emergency licenses, and those who wish to be licensed in a second teaching area must make formal application to the Office of the Dean of the College of Education. As part of the licensure only student application process, students will indicate types and areas of any licensure they hold and the area and level in which they desire licensure. Completed transcripts of all previous college credit must accompany the application. No licensure commitments will be made by the University until completed application and transcripts have been received and reviewed by the chair of the involved academic department and by the Dean's
Office of the College of Education and the student accepted as a licensure only student. A person seeking such licensure must meet criteria for admission to teacher education (see note below regarding 2.5 GPA), the same or comparable licensure requirements, and demonstrate proficiencies required of regular Appalachian State University teacher education degree seeking students and students seeking similar licensure. Students who do not, at time of baccalaureate degree, have a minimum cumulative grade-point average (GPA) of at least 2.5 (on a 4.0 scale) must pass the Praxis I tests and have one of the following:

- GPA of 3.0 in the major field of study
- GPA of 3.0 on all work completed in the senior year or
- Establish on course work taken at Appalachian a GPA of 3.0 on a minimum of 15 semester hours beyond their undergraduate degree

(Note: The 2.5 GPA/Praxis I requirements for licensure only students are consistent with the State Board of Education’s requirements for lateral entry persons.)

In order to enter as a licensure only student, deadlines for application and supporting documentation are:

- for Fall Semester, JULY 1
- for Spring Semester, NOVEMBER 1
- for Summer Session I, APRIL 1
- for Summer Session II, MAY 1

**Teacher Education Licensure in Social Sciences, Education (Undergraduate)**

The Bachelor of Science degree in Social Sciences, Education (291*/13.1318)[T] with teacher licensure consists of course work in social science including the core curriculum requirements in social science. These requirements must include a core (44 semester hours) consisting of ANT 1215(MC) and ANT 2400(MC); ECO 2030 and ECO 2040(ND); GHY 1010 and GHY 1020(MC) or GHY 1510 and GHY 1515(MC); HIS 2201 and HIS 2204; PS 1100 and PS 2130; SOC 1000 and SOC 1100; CI 3100; RE 4630; and STT 2810(ND,C) (students concentrating in economics may complete either STT 2810(ND,C) or ECO 2100(ND) but cannot count both towards the major). A concentration is also required in one of the social sciences. These concentrations are described below. A student majoring in social sciences, education should select MAT 1010(CD,ND,C) to satisfy the mathematics requirement in the core curriculum.

A concentration in Anthropology (291B)[T] for the social sciences education degree must include ANT 1220, ANT 1230, ANT 4425(MC,W) and six semester hours of electives in anthropology.

A concentration in Economics (291C)[T] for the social sciences education degree must include ECO 3010, ECO 3020, and nine additional semester hours in economics numbered 3000 or above. MAT 1030(ND,C) is recommended.

A concentration in Geography (291D)[T] for the social sciences education degree must include six semester hours of regional geography courses and nine additional hours of geography chosen in consultation with the geography advisor.

A concentration in History (291E)[T] for the social sciences education degree must include HIS 4100(W,S), plus twelve semester hours in history, at least six semester hours of which must be 3000 level or above.

A concentration in Political Science (291F)[T] for the social sciences education degree must include PS 2120(MC), and either PS 2240(MC) OR PS 4722(W,S); and nine semester hours in political science chosen in consultation with department advisor.

A concentration in Sociology (291G)[T] for the social sciences education degree must include 15 semester hours from the following: SOC 1110, SOC 2850(W), SOC 3340, SOC 3885(W), SOC 3895(ND,C), SOC 3950, SOC 4560(MC), SOC 4750. All courses are three semester hours credit.

**Graduate Degrees**

The Reich College of Education offers the following graduate degrees. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information:

- M.A. degree in community counseling with concentrations in: (1) addictions counseling, (2) marriage and family counseling, (3) expressive arts therapy, (4) community counseling, general, and (5) body centered therapy;
- M.A. degree in curriculum specialist;
- M.A. degree in educational media with concentrations in: (1) instructional technology specialist/computers, and (2) instructional technology specialist/computers, general;
- M.A. degree in educational media with concentrations in: (1) instructional technology specialist/media production, (2) instructional technology specialist/media literacy, and (3) instructional technology specialist/new media and global education;
- M.A. degree in elementary education;
- M.A. degree in higher education with concentrations in (1) administration; (2) adult education; (3) developmental education; and (4) teaching (non- licensure);
- M.A. degree in middle grades education with concentrations in (1) language arts, (2) mathematics, (3) science, and (4) social...
The Reich College of Education

- M.A. degree in reading education, general with concentrations in (1) adult literacy and (2) classroom/clinical;
- M.A. degree in professional school counseling with concentrations in (1) elementary/middle school licensure and (2) secondary school licensure;
- M.A. degree in special education with concentrations in (1) emotional/behavioral disorders, (2) intellectual disabilities (mental retardation), and (3) learning disabilities;
- M.A. degree in special education/teaching parent specialty;
- M.A. degree in communication disorders (teaching and non-teaching);
- M.A. degree in marriage and family therapy;
- M.A. degree in college student development with concentrations in (1) college counseling and (2) student affairs practice.
- M.L.S. degree in library science, general with concentrations in (1) school libraries and (2) public libraries;
- Master of School Administration (MSA) degree;
- Ed.S. degree in educational administration;
- Ed.S. degree in higher education with concentrations in (1) administration; (2) adult education; (3) developmental education; and (4) teaching (non-licensure);
- Ed.D. degree in educational leadership with concentrations in: (1) educational leadership, licensure, and (2) educational leadership, general.
Curriculum and Instruction

Department of Curriculum and Instruction (CI)
Michael G. Jacobson, Chair

Leslie U. Bradbury  Alexia Youngblood Jackson  Jane P. Norwood
Donna Breitenstein  John J. Janowiak  Sandra F. Oldendorf
Ann-Marie Clark  Doris M. Jenkins  Linda C. Pacifici
Susan A. Colby  Cheryl S. Knight  Arthur J. Quickenton
David M. Considine  Rose Kathleen Lynch-Davis  Pamela W. Schram
Jeffrey O. Fletcher  Claire Z. Mamola  Tracy W. Smith
Tracy Goodson-Espy  Diane B. Marks  Charlene W. Sox
Melanie W. Greene  Henry M. McCarthy  Holly J. Thornton
Eric C. Groce  C. Kenneth McEwin, Jr.  Sara O. Zimmerman
Robin D. Groce  Robert Muffoletto
Julie K. Horton  Joseph R. Murphy

The Department of Curriculum and Instruction offers undergraduate degrees in business education, elementary education, health education, secondary education, and middle grades education. Courses are also offered which lead to undergraduate licensure at the K-12 and secondary school levels (grades 9-12).

Master of Arts degrees are available in the areas of elementary education, educational media, curriculum specialist, and middle grades education (6-9). Courses which lead to graduate licensure in K-12 and secondary education are also available. See the Graduate Bulletin for additional information.

Undergraduate majors in the Department of Curriculum and Instruction must meet all requirements for admission into the Reich College of Education.

Bachelor of Science degree in Business Education (Grades 9-12 licensure)

Goals and objectives:
- Students are expected to develop business knowledge, understandings, and skills as preparation for teaching.
- Students are expected to apply learned subject matter in a classroom setting as a business and/or marketing teacher.
- Students are expected to demonstrate competencies in subject matter, knowledge, classroom management, teaching skill, learning psychology, and student evaluation.
- Students are expected to demonstrate their ability to foster learning development and applications through logical thinking, reasoning, and problem-solving regarding business and economic problems.

The Bachelor of Science degree in Business Education (407*/13.1303)[T] with teacher licensure consists of the following: ECO 2030* (counts as a core curriculum requirement); ACC 1100*, ACC 2110*, LAW 2150*, and MKT 3050* (or other marketing course approved by the program coordinator) in business foundation requirements; CI 2800/SPE 2800, CI 3850/FDN 3850/RE 3850+, CI 4900, FDN 3800+, and PSY 3000+ in professional education requirements; and a concentration in one of the following areas:

Business Education Concentration (407B)[T]: 26 semester hours which consists of BE 1030+, BE 3340+, BE 3380+, BE 3750+, BE 4510+, BE 4650+, BE 4660+/CI 4660+, BE 4755+, RE 4630+, and 10 semester hours of approved electives.

or

Business and Marketing Education Concentration (407C)[T]: 32 semester hours which consists of BE 1030+, BE 3340+, BE 3380+, BE 3750+, BE 4510+, BE 4650+, BE 4660+/CI 4660+, BE 4755+, RE 4630+, MKT 3210, MKT 3240, and 4 semester hours of approved electives. In addition, the business and marketing education concentration requires the Core Battery: Professional Knowledge, the PRAXIS II Specialty Area: Business Education, and the PRAXIS II Specialty Area: Marketing Education tests.

In addition to the above, all students must demonstrate proficiency in word processing or take BE 2110 as a prerequisite to the program. A second academic concentration is required of all business education majors. (Students should meet with their advisor for a list of appropriate second academic concentrations.) Also, a minimum of 2 semester hours of free electives outside the major discipline are required.

*These courses must be completed with an average grade of "C" (2.0) or better.

+ Each course must be completed with a grade of "C" (2.0) or better.

Minor in Business Education (407/13.1303)

A minor in Business Education (18 s.h.) consists of the following courses:

Required courses (12 semester hours):
- BE 3340 Business Communications (3 s.h.)
- BE 3380 Information Systems for Business and Education Professionals (3 s.h.)
Curriculum and Instruction

**Electives** (6 semester hours) Choose six additional semester hours from the following:
- BE 3750 Administration and Supervision of Business and Marketing Education (3 s.h.)
- BE 4660 Classroom Management and Assessment Practicum in Secondary Education (3 s.h.)
- BE 4755 Methods and Materials in Business and Marketing Education (3 s.h.)
- CIS 2025 Personal Computing Effectiveness (3 s.h.)
- CIS 3010 Microcomputers in Business (3 s.h.)
- CIS 3050 Fundamentals of Management Information Systems (3 s.h.)
- CIS 3250 Systems Analysis and Design (3 s.h.)
- CIS 3370 Visual BASIC for Business (3 s.h.)

Other electives may be chosen with the advice and approval of the Business Education Coordinator.

**Bachelor of Science in Child Development: Birth Through Kindergarten (B-K Licensure)**

The Departments of Family and Consumer Sciences; Curriculum and Instruction; and Language, Reading and Exceptionalities cooperate to offer the Bachelor of Science degree in Child Development: Birth Through Kindergarten (524A/13.1209) [T] leading to teacher licensure. The degree is conferred by the Department of Family and Consumer Sciences.

This degree consists of 44 semester hours of core curriculum courses and 24 semester hours of professional education requirements: CI 2800/SPE 2800; FDN 3800; PSY 3000; CI 3850/FDN 3850/RE 3850; and CI 4900. The major consists of 41 semester hours to be taken in family and consumer sciences (child development), curriculum and instruction (preschool education) and language, reading and exceptionalities (early childhood special education). The required major courses include: FCS 2101, FCS 2102, FCS 2104, FCS 2201; CI 4200; SPE 3272, SPE 3273, SPE 3100; CI 4553/FCS 4553/SPE 4553, CI 4545/FCS 4554/SPE 4554, CI 4600/FCS 4600/SPE 4600; RE 3902; and 2 (two) practica: FCS 3104/CI 3104/SPE 3104 and FCS 3105/CI 3105/SPE 3105. PSY 1200 is required in the core curriculum.

In addition to the above requirements, a student must choose 3 semester hours of elective(s) to be approved by her/his advisor OR the student may choose to complete a psychology minor by taking an additional 15 semester hours of psychology not listed above.

Two to ten semester hours of free electives outside the major discipline (to total a minimum of 122-123 semester hours) are also required for the degree.

A minimum grade of "C" (2.0) is required in all courses listed as major requirements with the exception of CI 3104/FCS 3104/SPE 3104 and CI 3105/FCS 3105/SPE 3105 (Graded on S/U basis).

**Bachelor of Science in Elementary Education (Grades K-6 licensure)**

Students in the Bachelor of Science degree in Elementary Education (441A/13.1202)[T] are expected to demonstrate:
- mastery of basic content in several disciplines, including communication skills, mathematics, the sciences, the social sciences, health education, and the arts
- knowledge of the principles of curriculum and learning theories and understanding of their relationship to instructional programs for children
- successful teaching in a variety of learning environments and in the various subject matter areas included in their preparation program
- effective instructional practices, including planning, implementing, evaluating, and reflecting
- knowledge of contemporary issues and trends in education within a historical, philosophical, and sociological framework
- an understanding of human growth and development with emphasis on the elementary years
- competence with technology as required for licensure

Students preparing to teach in the elementary grades (K-6) must be proficient in math and complete the following courses: GHY 1020*; HIS 2201*+@ or HIS 2204*+@; HIS 3728*+@ or GHY 3013*+@; ART 2011*; ART 3021+@ or CI 3021+@ or MUS 2021+@ or MUS 2204+@ or THR 3856+@; PS 1100*; FDN 3800+@; CI 2800+@/SPE 2800+@; CI 3000+@/SPE 3000+@; CI 3110+@; CI 3750+@; CI 4000+@; CI 4030+@; CI 4900; MAT 2030+@; MAT 3030+@/CI 3030+@; ENG 3240+@/RE 3240+@; RE 3030+@; RE 4030+@; CI 3015+@/FDN 3015+@; CI 3850+@/FDN 3850+@/RE 3850+@; PE 3556+@; HED 3645+@; PSY 3000+@; GS 4401+@. A second academic concentration is required of all elementary education majors. Majors preparing for grades K-6 are required to take PRAXIS II Elementary Education: Curriculum, Instruction, and Assessment; and Content Area Exercises for licensure. Majors are required to demonstrate curriculum and instruction, and technology competencies in a performance-based format and document 40 hours of community service and service learning.

+Must be completed with a grade of "C" (2.00) or better.

*May not be taken on pass-fail option.
Curriculum and Instruction

# Must be completed before Block II.
@ Must be completed before student teaching.

**Bachelor of Science in Health Education, Secondary Education (Grades K-12 licensure)**
Upon the completion of the Bachelor of Science degree in Health Education, Secondary Education (403A/13.1307)[T], the health education graduate will:

- describe the discipline of health education and its foundation in learning theory and the biological and behavioral sciences
- explain the role and function of the health educator in schools, community agencies, work sites, and hospitals and clinics
- identify important concepts of nutrition, consumer health, family life/sexuality, mental health, chronic and communicable diseases, first aid and safety, and environmental health
- demonstrate a variety of methods and skills in planning, implementing and evaluating health education programs
- identify resources in health education and explain the interaction of schools and agencies in health promotion efforts

Students preparing to teach health education, secondary education must complete the following courses: CI 2800+, CI 4900; FDN 3800+; PSY 3000+ and CI 3850+/FDN 3850+/RE 3850+. Courses for the major include: HED 2100+, HED 3100+/HP 3100+, HED 3120, HED 3450+, HED 3900, HED 3655+, HED 4650, HED 4730 and HED 4710 or HPC 4710; FCS 2202; RE 4630+, HP 2200, FDN 3100, and BE 4660. Health education majors must also complete a second academic concentration.

+ Must be completed with a grade of "C" (2.00) or better.

**Minor in Health Education, General (403/13.1307) (teaching majors)**
A minor for those students with or working towards a teaching license in a subject area other than health education. This minor fulfills the North Carolina Department of Public Instruction requirements for endorsement. An endorsement allows an individual to teach less than one-half time in health education. A minor consists of 18 semester hours. Required courses are HED 3450, HED 3655, HED 4650; HPC 4710/HED 4710; and HED 3100/HP 3100. One course may be selected from HED 2100, HED 3120, HED 4730, and FCS 2202.

**Bachelor of Science in Middle Grades Education (Grades 6-9 licensure)**
The Bachelor of Science degree in Middle Grades Education (470*/13.1203)[T] with concentrations in Language Arts (470B)[T], Mathematics (470C)[T], Science (470D)[T], and Social Studies (470E)[T] seeks to prepare middle grades teachers who:

- are knowledgeable about the developmental stage of early adolescence and aware of the educational implications of that knowledge
- have in-depth knowledge in at least two subject matter areas
- have specialized skills and knowledge regarding appropriate teaching strategies for middle grades students
- have a clear, working knowledge of the concept of developmentally responsive models of middle level schooling

Prospective middle grades teachers must complete the following courses: FDN 3800+#, CI 2800-/SPE 2800-, CI 3850+/#/FDN 3850+/#/RE 3850+#, CI 3900+#, CI 3910+#, CI 3920+#, CI 4300+/#/RE 4300+#, CI 4450+#, CI 4490+#, CI 4900#; PSY 3000+; RE 4630+; and academic concentrations from any two of the following areas with two appropriate methods courses (CI 3060+#, CI 4040+#, RE 3150+#, GS 4403+#): language arts (470B)[T], mathematics (470C)[T], science (470D)[T], and social studies (470E)[T]. A "C" (2.0) average is required in each concentration. A second academic concentration is required of all middle grades education majors. Student teaching and other field experiences, with the exception of CI 2800/SPE 2800, must be in schools that have been designated professional development schools. Successful completion of a professional portfolio is required for graduation and is a recommendation for middle grades teaching licensure.

- Must be completed with a grade of "B" (3.0) or better.
+ Must be completed with a grade of "C" (2.0) or better.
# Cannot be taken prior to admission to teacher education.

**Secondary Education (Grades 9-12 licensure)**

**Special Areas (Grades K-12 licensure)**
The professional education requirements for licensure in secondary education are as follows:

- CI 2800+/SPE 2800+, Teachers, Schools, and Learners ................................................. 3 s.h.
- FDN 3800*, Foundations of American Education ......................................................... 3 s.h.
- CI 3850*+/FDN 3850*+/RE 3850*, Literacy, Technology & Instruction ...................... 3 s.h.
- PSY 3000*, Educational Psychology ................................................................. 3 s.h.
- Methods Course(s)*+ in area of teaching specialty.................................................... 2–6 s.h.
- RE 4630+, Reading in the Content Areas (or as designated in major) ................. 2–3 s.h.
Curriculum and Instruction

(English majors take RE 4620*+, 3 s.h.)
CI 4900*, Internship/Student Teaching ................................................... 12 s.h.

A student preparing to teach a special area (grades K-12 in art, health, physical education, French, Spanish, theatre, or music) must complete Fdn 3800*+; CI 2800+/SPE 2800+, CI 3850*+/FDN 3850*+/RE 3850*+, PSY 3000+; reading*+ and methods*+ course or courses as required in the major; and CI 4900*. (Secondary Education and special area majors should refer to the Reich College of Education section of this catalog for additional information and requirements.)

*All courses in the professional sequence must be completed with the grade of "C" (2.0) or better.

*May not be taken prior to admission to teacher education.

Media Studies Minor (467/13.0501)
In addition to the programs listed above, a minor in Media Studies is available. This fifteen semester hour minor consists of the following courses:

**Required courses:**
- CI 4810 Introduction to Sight and Sound (3 s.h.)
- CI 4830 Media literacy (3 s.h.)

Choose nine additional credit hours of **electives** from:
- CI 4740 Photography and Digital Imaging (3 s.h.)
- CI 4770 Intermediate Photography and Digital Imaging (3 s.h.)
- CI 4840 Beginning Video Production (3 s.h.)
- CI 4940 Media: Image and Influence (3 s.h.)
- CI 4950 Non-fiction Film and Video (3 s.h.)

Courses of Instruction in Curriculum and Instruction, Business Education, and Health Education (CI, BE, HED)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.
(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

**CURRICULUM AND INSTRUCTION (CI)**

CI 2800. Teachers, Schools, and Learners (3).F;S.
Provides the conceptual basis for understanding teaching as a profession, diverse learners, and classroom and school contexts. It also provides the foundation for thinking about inquiry and the knowledge base in education. Students are also required to perform a minimum of 40 hours of observations and/or participation. (Same as SPE 2800.) (WRITING; COMPUTER)

CI 3000. Learner Diversity (3).F;S.
An examination of current literature and practices related to issues in learner development, exceptionalities, and cultural diversity. Emphasis is placed on applications of knowledge, strategies, and interventions that will be observed, modeled, and discussed. Coursework is integrated with K-6 field experiences to provide contexts for classroom instruction. (Same as SPE 3000.)

CI 3010. Classroom Management for Secondary Teachers (1).F.
This course provides opportunities for students to study, observe, and participate in using classroom management strategies in secondary schools. Reflection on, and analysis and discussion of practicum experiences are integrated into regularly scheduled seminar classes. Emphasis is placed on: making and documenting classroom management decisions; taking action and communicating these actions to students and parents; and strategies for becoming a reflective practitioner. Lecture and laboratory hours required.

CI 3015. Developing and Using Classroom Assessments (2).F;S.
An overview of the basic concepts used in developing and using classroom assessments. Students are introduced to strategies used to set objectives and assess student learning including traditional, authentic, and performance techniques. Topics include: test item construction, test score statistics, item analysis, standardized tests, and grading and reporting to parents. Effective assessment strategies are modeled and applied to educational settings in North Carolina. Links quality assessment to effective teaching and effective schools. (Same as FDN 3015.)

A general orientation to visual art teaching/learning for the elementary level classroom teacher. Students will study the broad subject of visual art (aesthetics, history, criticism, and studio) and will acquire the ability to devise and evaluate worthwhile art lessons that are comprehensive, integrated, and multi-cultural in nature. Students will create and teach their own visual arts lesson, devise a curriculum, engage in studio activities, etc. Two hours per week lecture; two hours per week studio. Prerequisite: ART 211.
Curriculum and Instruction

CI 3030. Investigating Mathematics and Learning (3).F;S.
A study of mathematics and learning related to K-6 students and prospective teachers. Topics include the content strand number and operations and process strands connections, communication, problem solving, reasoning and proof, and representation. Selected instructional activities will be designed for implementation with elementary students during field placement experiences (CI 3000/SPE 3000). Prerequisite: MAT 2030. (Same as MAT 3030.)

CI 3031. Band Techniques and Materials (2).S.
A survey of the materials and methods in teaching bands. Lecture two hours. Prerequisite: admission to the music education degree program. (Same as MUS 3031.)

CI 3032. Choral Techniques and Materials (2).F.
A survey of the materials and methods in choral teaching. Lecture two hours. Prerequisite: admission to the music education degree program. (Same as MUS 3032.)

CI 3033. Orchestral Techniques and Materials (2).S. Alternate years.
A survey of materials and methods employed in teaching orchestras. Prerequisite: admission to the music education degree program. Music Education (string) majors only. Lecture two hours. (Same as MUS 3033.)

CI 3034. Methods for Teaching General Music (3).F.
Methods and foundations for teaching elementary and secondary general music education will be presented. Public school field experiences are included in this course. Lecture two hours, laboratory two hours. Prerequisite: MUS 2034 and admission to the music education degree program. (Same as MUS 3034.) (SPEAKING)

CI 3060. Social Studies in the Middle Grades (3).F.
This course focuses on the comprehensive study of social studies, instructional strategies, resource materials, the North Carolina Standard Course of Study, national standards, and the assessment of student learning. Other key topics include: using technology, changing demographics, integrative curriculum and instruction, and community service.

CI 3070. Teaching Theatre, 9-12 (3).S.
Methods for teaching theatre in the 9-12 classroom. This course includes strategies, organization and administration for classroom and production activities in theatre arts. Experiences include developing lesson plans and actual high school teaching experience. It is strongly advised that all requirements for licensure (except student teaching) be completed prior to taking this methods course. (Same as THR 3070.)

CI 3080. Teaching High School Mathematics (2).F;S.
Students will have 30 hours of teamed experience in public school classrooms in addition to class. It is strongly advised that all other requirements for licensure (except student teaching) be completed prior to the methods course.

CI 3090. Teaching High School Science (2).F;S.
Students will have 30 hours of teamed experience in public school classrooms in addition to class. It is strongly advised that all other requirements for licensure (except student teaching) be completed prior to the methods course.

CI 3100. Teaching High School Social Studies (3).F;S.
National, state, and program standards for the social studies, current research in social studies education, social studies content, and knowledge and abilities of the learner are used to build lessons and limits in social studies. Constructing knowledge, understanding major social studies concepts, and developing skills based on the North Carolina Standard Course of Study are emphasized. Major topics include selecting materials and resources, instructional strategies, applying technology, assessing learning, and classroom management. Includes a 45-hour internship in a regional high school. Course is to be taken concurrently with RE 4630 the semester before student teaching.

CI 3104. Practicum I (3).S.
This practicum is designed to provide opportunities for students to plan and implement developmentally appropriate learning environments, learning experiences, and interactions with children and their families. In addition, students are required to demonstrate a basic level of reflection and professional behavior. Students in this practicum will be required to work with children ages birth-2 or 3-5 years of age. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: consent of the instructor. Graded on an S/U basis. (Same as FCS 3104/SPE 3104.) (WRITING; CROSS-DISCIPLINARY)

CI 3105. Practicum II (3).F.
This practicum is designed to build on and extend competencies learned in Practicum I. Students in this practicum will be required to
work with children ages birth-2 or 3-5 years of age, depending on prior practicum placement. Students also will be required to plan and implement developmentally appropriate environments, learning experiences, and interactions with children and their families. In addition, students will be expected to demonstrate an advanced level of reflection and integration, as well as appropriate professional behavior. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: FCS 3104/Ci 3104/SPE 3104 or permission of the instructor. Graded on an S/U basis. (Same as FCS 3105/SPE 3105.) (WRITING; CROSS-DISCIPLINARY)

CI 3110. Social Studies in the Elementary School (3).F;S.
National, state, and program standards for the social studies, current research in social studies education, social studies content, and knowledge of the learner are used to build lessons and units in social studies. Constructing knowledge, understanding major social studies concepts, developing skills, and connecting social studies to the broader elementary curriculum is emphasized. Major topics include selecting materials and resources, instructional strategies, applying technology, integration with other subjects, and assessing learning. Coursework is integrated with the K-6 field internship and includes a service-learning component.

CI 3120. Teaching Foreign Languages (6).F.
A study of methods, instructional strategies, organization and administration for teaching second languages in the K-12 curriculum, designed to allow students to meet Standards for Second Language Teachers as defined by the NC State Board of Education. Experiences will include development of unit and lesson plans, classroom observations, and micro-teaching. It is strongly advised that other requirements for licensure (except student teaching) be completed prior to taking this course. (Same as FL 3120.) Required for B.S. degree with K-12 teacher licensure.

A study of communication skills in the elementary school curriculum with emphasis on language arts and children’s literature. (Same as RE 3142.) (WRITING)

CI 3160. Methods of Teaching Industrial Education (3).F;S.
An introduction to methods, instructional strategies, organization and administration for teaching classroom and laboratory activities in industrial education subjects. Experiences will include development of unit and lesson plans, demonstrations, presentation, discussion techniques and field observation. Lecture three hours.

CI 3500. Independent Study (1–3).F;S.

CI 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

CI 3530–3549. Selected Topics (1–4). On Demand.

CI 3590. Theory and Practice in the Teaching of High School English (3).F;S.
This course gives preservice teachers an opportunity to think about and explore pedagogy and curriculum for Secondary English through reading, discussion, planning, projects, and presentations. Participants will also be asked to consider institutional issues and conditions that impact teaching, as well as needs and concerns of adolescents, societal influences on schools, and conceptions of what constitutes good teaching and learning. This course should be taken the semester prior to student teaching. (Same as ENG 3590). (WRITING; SPEAKING)

CI 3750. Integrating Media and Technology into Teaching (2).F;S.
Prospective teachers gain experience integrating media and technology into instruction. Ways media and technology can be used effectively in varied learning environments with populations of diverse learners are emphasized. A focus is placed on learning about a wide variety of media materials presented in a variety of formats. Areas of study include media literacy, software evaluation, effective utilization strategies, and the integration of media and computer technology into curriculum and instruction. While creating an electronic portfolio, students learn skills for designing and producing quality materials using traditional media forms, such as photography and video, as well as desktop publishing, hypermedia, the internet, and web page construction and use. (COMPUTER)

CI 3850. Literacy, Technology and Instruction (3).F;S.
This course covers a broad range of issues related to literacy, uses of technology and instructional strategies in educational settings. It serves as an instructional model for the latest technologies and research based instructional strategies. In addition, students are expected to design lessons and units which utilize this instruction. (Same as FDN 3850/RE 3850.) (COMPUTER)

CI 3900. Middle Grades Internship (3).S.
Prospective middle grades teachers are introduced to middle level classrooms and school communities through field experiences.
in professional development schools. Observation, participation, and teaching experiences ranging from individual to large group settings are included. Reflection, analysis, and discussions of practicum experiences are integrated into regularly scheduled seminars. Students will complete inquiry projects, and participate in interdisciplinary teaming while developing rapport with young adolescents and examining the context of effective middle level learning environments. This course is taken concurrently with CI 3910 and CI 3920. Lecture 20 hours; laboratory 60 hours. Graded on an S/U basis. (SPEAKING)

**CI 3910. Middle Level Education (2).S.**
Prospective middle grades teachers learn about effective programs and practices at middle level schools. Emphasis is placed on a historical perspective of middle level schools, components of highly successful middle schools and programs, current trends and issues in middle level schooling, middle level curriculum, and middle level research.

(EFFECTIVE: SPRING, 2009)

**CI 3910. Middle Level Education (3).S.**
Prospective middle grades teachers will have the opportunity to learn about effective middle level programs and practices. Emphasis is placed on a historical perspective of middle level programs and schools, components of highly successful middle level schools and programs, current trends and issues in middle level schooling, and middle level research. Prospective middle grades teachers examine the implications of shifting demographics on middle level education, including the study of urban and rural middle level schools and programs. There is an emphasis on the study of exemplary programs and practices for meeting the needs of young adolescents and their families.

**CI 3920. Teaching Young Adolescents (2).S.**
Prospective middle grades teachers learn about the educational implications of the developmental period of early adolescence. The focus is on applying what is known about this age group to models of effective teaching, learning, and schooling. An emphasis is also placed on roles of middle grades teachers in promoting the healthy development of young adolescents. (WRITING)

(EFFECTIVE: SPRING, 2009)

**CI 3920. Teaching Young Adolescents (3).S.**
Prospective middle grades teachers will have the opportunity to learn about the educational implications of the developmental period of early adolescence. The course focuses on applying what is known about young adolescents to models of effective middle grades teaching, learning, and schooling. Particular attention is paid to issues of ethnicity, race, gender, class, and ability and how these factors influence the developmental needs of young adolescents. The role of middle grades teachers in working with family and community members is also emphasized.

**CI 4000. Elementary School Curriculum and Instruction (4).F;S.**
An examination of the basic principles of curriculum, instruction, and assessment in relation to children in grades K-6. Topics focusing on classroom management, working with parents, and demonstrating performance on teaching standards will also be presented. Emphasis is placed on selecting, planning, and utilizing materials, strategies, and experiences based on the developmental needs of children and young adolescents. Students apply their knowledge when teaching and assessing elementary students in a K-6 field experience culminating in a full-time internship during the last five weeks of the semester. (WRITING; SPEAKING)

**CI 4020. Teaching Physical Education (3).F;S.**
Students will have 30 hours of teamed experiences in public school classrooms in addition to class. It is strongly advised that all other course requirements for licensure (except student teaching) be completed prior to the methods course. Prerequisites: PE 3003, PE 3008, PE 3009 and PE 3031 with a grade of “C” or higher in each.

**CI 4030. Teaching Mathematics in the Elementary School (3).F;S.**
A study of mathematics and pedagogy for prospective K-6 teachers. Mathematical content strands include measurement and geometry and process strands connections, communication, problem solving, reasoning and proof, and representation with the integration of technology and assessment. Selected assessment and instructional activities will be designed for implementation with elementary students during field placement experiences. Prerequisites: MAT 2030 and CI 3030/MAT 3030.

**CI 4040. Mathematics in the Middle Grades (3).F.**
This course focuses on the comprehensive study of instructional strategies for teaching middle grades mathematics. Emphasis is placed on utilization of resource materials, the North Carolina Standard Course of Study, national standards, technology use, integrative curriculum and instruction, and the assessment of student learning.

**CI 4131. Teaching Family and Consumer Sciences (Grades 9-12) (3).F.**
A study of the organization and management of the family and consumer sciences program in the secondary school (9-12) setting. Emphasis will be placed on instructional objectives and planning, curriculum development and utilization, classroom management and evaluation techniques. Includes an intensive, 30-hour field experience in a public school setting. Prerequisites: CI 2800/SPE
Curriculum and Instruction

2800 and FCS 3700, or approval of the instructor. (Same as FCS 4131.)

The purpose of this course is to provide knowledge and skills in communicating with families as partners in educational planning for young children. Students will apply skills with families of infants, toddlers, preschoolers, and kindergarteners having typical and atypical educational needs.

CI 4300. Literacy, Language, and Culture in Middle Grades Education (3).F.
Prospective middle grades teachers will have the opportunity to learn about the foundational and current issues and methods of instruction regarding literacy education at the middle grades level. Emphasis is placed on the politics of language and identity, socio-cultural contexts for adolescent literacy development, diverse literacy learners, and effective instructional strategies. Students enrolled in the course learn to assess students’ literacy needs and acquire knowledge of a range of practices that support the literacy development of young adolescents. Prospective middle grades teachers will work with cooperating public school teachers to plan and implement literacy strategies and assessments in middle grades classrooms. (Same as RE 4300.)

CI 4400*. Interdisciplinary Internship (3).F. (*TO BE DELETED, EFFECTIVE: SPRING 2010)
Prospective middle grades teachers work collaboratively with university faculty, cooperating teachers and interdisciplinary teams in professional development school settings to improve and expand their professional knowledge. As a member of a cohort, prospective teachers attend and participate in professional association conferences and engage in special projects with professors, cooperating teachers, and community members. Emphasis is placed on integrated curricular practices, management of students, time and resources, understanding diversity, planning inservice learning, and engaging in reflective practice. Lecture 30 hours; laboratory 120 hours. (WRITING; SPEAKING)

CI 4421. Art Education: Age 13 Through Adulthood (3).F.
Recommended to be taken concurrently with ART 4422. Art teaching-learning for teenagers through adults for public schools and non-traditional groups, stressing personal development, concepts, environmental influences, and interdisciplinary relationships. Practicum experiences in middle school, high school, and relevant alternate sites. Prerequisites: ART 2421 and ART 3422. Prerequisites may be waived for non-licensure students with permission of the instructor.

CI 4450. Seminar in Middle Grades: Portfolio/Exhibition (1).S.
Prospective middle grades teachers will be provided technological assistance as they create professional portfolios and prepare exhibitions. Time will be scheduled for the exhibition and assessment of these products. Emphasis will be placed on fulfilling graduation and initial licensure requirements as well as the transition to career status. Graded on an S/U basis.

CI 4490. Middle Grades Curriculum, Instruction, and Assessment (4).F.
Middle grades teacher candidates select, implement, and evaluate approaches to curriculum, instruction, and assessment that are designed to improve student learning. Candidates work collaboratively with university faculty, master teachers, and interdisciplinary teams in university cohorts and professional development school settings to improve and expand their professional knowledge. Emphasis is placed on integrative curriculum practices, understanding diversity, assessment of teaching and student learning, and the use of technology. In the field experience, emphasis is placed on implementing teaching and assessment practices that are responsive to diverse students’ needs, management of students, time, and resources, and participation in reflective practices. Candidates have opportunities to participate in professional association meetings, seminars, and conferences. Lecture 40 hours, laboratory 150 hours. (WRITING; SPEAKING)

CI 4553. Issues in Transdisciplinary Service Delivery (1).S.
This seminar emphasizes the foundations for professional development, positive attitudes toward children and families, and the strong commitment toward continuous, life-long study of young children and their learning. Class discussions and assignments are designed to prepare B-K teachers to participate fully in interdisciplinary and transdisciplinary early childhood teams and to collaborate across agencies dealing with young children and their families. (Same as FCS 4553/SPE 4553.)

CI 4554. Infant/Toddler Curriculum (4).F.
The purposes of this course are (1) to apply the principles of developmentally appropriate practice to planning, implementing, and evaluating curriculum experiences for infants and toddlers; and (2) to develop strategies for integrating a range of developmental needs and disabilities within the planned curriculum. Prerequisites: FCS 2101 and SPE 3273, or consent of the instructor. (Same as FCS 4554/SPE 4554.)

CI 4600. Curriculum and Instruction for Young Children: Three through Kindergarten (4).F.
The purposes of this course are (1) to apply the major cognitive, language, affective, social and physical development theories to curriculum planning and implementation for all young children; and (2) to develop strategies for integrating a range of learning needs
Curriculum and Instruction

and disabilities into the planning and implementation of an early childhood curriculum. Emphasis will be on education services in public schools and other settings serving young children with typical and atypical needs. Prerequisite: SPE 3272, or consent of the instructor. (Same as FCS 4600/SPE 4600.)

CI 4660. Classroom Management and Assessment Practicum in Secondary Education (2-3).F.
Provides opportunities for students to study, observe, and participate in using performance assessment and classroom management strategies in public schools. Reflection, analysis and discussion of practicum experiences are integrated into regularly scheduled seminar classes. Emphasis is placed on: multiple assessment strategies, including portfolio assessment; making and documenting classroom management decisions; taking action and communicating these actions to students and parents; and becoming a reflective practitioner. Lecture and laboratory hours required. (Same as BE 4660.)

CI 4740. Photography and Digital Imaging (3).F;S.
Basic theory, principles, and techniques of black and white photography with an introduction to color photography and digital imaging. [Dual-listed with CI 5740.]

CI 4770. Intermediate Photography and Digital Imaging (3).F.
An intermediate photographic production course which strengthens previously acquired skills in black and white photography and provides advanced project responsibility in color photography and digital imaging. [Dual-listed with CI 5770.]

CI 4810. Introduction to Sight and Sound (3).F.
An introduction to the basic knowledge and skills underlying any effective audiovisual presentation. Students will have the opportunity to learn the aural and visual aesthetic principles involved in the creation of effective media presentations. They will also have the opportunity to learn the theory and operation of various common sight and sound devices, including audio tape recorders; microphones and mixers; still cameras; video cameras, monitors, and recording devices; projection devices and presentation systems. Emphasis will be placed not only on understanding how the equipment works, but on the common theoretical background shared by all these communication devices. [Dual-listed with CI 5810.]

CI 4830. Media Literacy (3).F.
The course examines what it means to be literate in a media era. Key concepts and principles from the field of media literacy are studied through an examination of motion pictures, advertising, television, photo journalism, broadcast news, and the Internet. Emphasis is placed upon understanding media texts, media industries, media narratives, and the form and language of a variety of different media. Students are provided with critical frameworks for analyzing media as well as with tools and techniques to be applied in several class projects aimed at deconstructing media messages. [Dual-listed with CI 5830.]

CI 4840. Beginning Video Production (3).F;S.
This course is a basic introduction to the creative and technical skills needed to produce effective, low-budget video programs on location. Students will use the department's digital cameras and non-linear computer editing system to learn how to express themselves clearly in a wide variety of programming formats through the language of video. Students will gain experience in each of the three stages in the production process: pre-production, production, and post-production. [Dual-listed with CI 5840.]

CI 4900. Internship/Student Teaching (6-12).F;S.
Teaching experiences under supervision for one semester for students who plan to teach B-12. Graded on an S/U basis.

CI 4940. Media: Image and Influence (3).S.
This media literacy course concentrates on media representations, media audiences and media effects. Film and television are studied in terms of their depiction of individuals, institutions, and issues. Key categories of exploration include race, class and gender. Case studies include representations of the family, adolescence, minorities, and school. The social and psychological consequences of media content are examined with emphasis upon child and adolescent audiences, particularly in the areas of sexuality, violence, and substance abuse. Prerequisite or corequisite: CI 4830. [Dual-listed with CI 5940.]

CI 4950. Non-fiction Film and Video (3).F;S.
Students view and analyze a variety of non-fiction films and videos in terms of both form and content. Emphasis is placed on understanding the wide range of purposes for which non-fiction programs are made, and on examining the variety of techniques used to achieve those purposes. Students also engage in some hands-on experiences attempting to capture reality on videotape as part of an effort to explore what happens to reality when it is shaped into a film or video. [Dual-listed with CI 5950.]
BUSINESS EDUCATION (BE)

BE 1021. Introductory Keyboarding (1). On Demand.
A course designed to teach touch keyboarding skills to enable students to more efficiently use computer terminals, microcomputers, information processors, and other typewriter designed keyboards.

Provides opportunities for students to use speech recognition to efficiently input data; use emerging alternative digital input devices such as handheld computers, scanners, digital cameras, and cell phones. Basic skills such as formatting letters, manuscripts, and other business documents are also reinforced.

The fundamental process of mathematics and their application to common business practices. Topics included are trade, merchandising, valuation of assets, payrolls, taxes, insurance, banking, investments, credit, business ownership and distribution of earnings, and income taxes.

BE 1590. Personal Money Management (3).F.
Planning and managing personal finances. Emphasis is placed on controlling expenditures, consumption, emergencies, borrowing, insurance, home ownership, taxes, savings, investing, retirement, and personal estate planning.

BE 2110. Word Processing Skills for Desktop Publishing (3).F;S.
This course will provide opportunities for students to gain a basic understanding of advanced word processing and desktop publishing skills that enable students to produce a variety of products. Included are work with on-line systems, basic computer components and concepts, file management, word processing applications, desktop publishing applications, and integrated related technologies such as Internet applications and multimedia applications needed to produce a variety of sophisticated products. Prerequisite: BE 1030 or the equivalent. (COMPUTER)

BE 3340. Business Communications (3).F;S.
Students gain experience in written and spoken business communications. Activities include writing e-mail, memoranda, letters, proposals, and reports. Oral, nonverbal, and intercultural communications are emphasized. (WRITING; SPEAKING)

BE 3380. Information Systems for Business and Education Professionals (3).S.
This course provides instruction in computers as essential components in business and education. Students are instructed about concepts related to information systems design, networking, e-commerce, and programming languages. Students will have the opportunity to engage in some hands-on experiences related to the course objectives. (COMPUTER)

BE 3500. Independent Study (1–4).F;S.

BE 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

BE 3750. Curriculum Planning in Business and Marketing Education (3).S.
This course covers the history and philosophy of business and marketing education and their place in secondary school programs. Emphasis is given to recent legislation pertaining to vocational education, establishing the curriculum for an effective business and marketing education program, evaluating and selecting equipment, and evaluating and selecting instructional materials used in various business and marketing education courses.

Study of the planning, implementation, and maintenance of records management and control programs (creation, distribution, retention, utilization, storage, retrieval, protection, preservation, and final disposition) in organizations in order to reduce costs in handling records an to develop efficient systems and procedures for the storage and retrieval of records at the corporate level, public governmental units; local, state, regional and national levels.

BE 3900. Internship (6-9).F;S.
A full-time work experience in business. Nine semester hours of credit are granted for a normal 15-week internship with six semester hours granted for a 10-week internship. Students are encouraged to do internships during the summer between their junior and senior years of study. Prerequisite: full admission to the Reich College of Education, junior or senior standing, and permission of the departmental chair and the program coordinator. Graded on an S/U basis.
Curriculum and Instruction

Actual work in an office. Group conferences to be arranged. (By permission of department only.)

BE 4510. Office Management (3).F.
Study of the responsibilities, problems, and duties of the office manager approached from a management viewpoint; study made in managing the modern office from both a traditional and computerized office systems approach; study of administering systems and procedures in office work and expansion of knowledge and techniques used to reduce and control office costs. (SPRING) [Dual-listed with BE 5510.]

BE 4650. Computer Applications for Business and Education Professionals (3).F.
This course involves extensive hands-on activities that include word processing, spreadsheets, databases, presentation and publication software. Internet activities, including web page design, will be integrated into practical projects that will build on student knowledge and skills. (COMPUTER) [Dual-listed with BE 5650.]

BE 4660. Classroom Management and Assessment Practicum in Secondary Education (2-3).F.
Provides opportunities for students to study, observe, and participate in using performance assessment and classroom management strategies in public schools. Reflection, analysis and discussion of practicum experiences are integrated into regularly scheduled seminar classes. Emphasis is placed on: multiple assessment strategies, including portfolio assessment; making and documenting classroom management decisions; taking action and communicating these actions to students and parents; and becoming a reflective practitioner. Lecture and laboratory hours required. (Same as CI 4660.) [Dual-listed with BE 5660.]

BE 4755. Methods and Materials in Business and Marketing Education (3).F.
This course will provide students with the opportunities to acquire knowledge and skills needed to effectively teach business and marketing courses in school settings. It places emphasis in the following areas of study: lesson and unit plans, assessment, curriculum, teaching strategies, and delivery of lessons. The course requires observation and participation in public school classrooms in addition to scheduled classes. (SPRING)

BE 4810. Seminar (3). On Demand.
[Dual-listed with BE 5810.]

BE 4850. Management of Occupational Education Youth Organizations (3).S.
A study of how to organize and administer youth organizations in occupational business and marketing education for teachers in order to establish an excellent learning situation. [Dual-listed with BE 5850.]

HEALTH EDUCATION (HED)

HED 2100. Introduction to Health Education (3).F.
This course focuses on the discipline of health education, its foundation in theories of behavior change and prevention of health risks. The roles and competencies of health educators in schools, community, and clinical and worksite settings are described. Skills of needs assessment and community analysis are introduced. The Health Belief Model and models of diffusion, adoption and epidemiology are studied. (WRITING)

HED 3100. Emergency Care and CPR (3).F;S.
The course content and activities should prepare students to make appropriate decisions about the care given to victims of injury or sudden illness. Two American Red Cross certificates may be earned: (1) Emergency Response and (2) CPR for the Professional Rescuer. (Same as HP 3100.)

HED 3120. Consumer Health Education (3).S.
An overview of health products and services. Analysis will be made of the health care delivery system and wise decision making in the health marketplace. Included is the study of alternative healing practices, advertising of health products, and financing of health care from the consumer’s perspective. The role of the FDA and FTC and other consumer protective agencies will be studied.

HED 3450. School Health Programs (3).S.
An examination of the three components of the school health program: comprehensive health education, school health services and a healthful school environment. This course describes the roles and functions of the health educator and coordinator in planning, implementing and evaluating programs which promote the health and well-being of school-aged children and youth. Coordination of efforts between the school, family and community are emphasized. Visitation and observations of health education programs are required.

HED 3500. Independent Study (1–3).F;S.
HED 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

HED 3645. Health Education in the Elementary School (3).F;S.
An introduction to the content and methods of health education. The course will survey basic wellness issues such as nutrition, fitness, sexuality, drug abuse, and chronic and communicable disease prevention. The theory and practice of health education programs at the elementary level is discussed, including the use of a variety of methods and the development of relevant materials.

HED 3655. Methods and Materials in Health Education (3).F.
This course examines the theory and practice of planning health education programs for the middle and secondary levels. Students will gain experience in the NC Course of Study in Health Education, writing unit plans and creating lesson plans. Development of instructional materials and a variety of teaching strategies are emphasized. Visitations and observations of health education classes are required. (WRITING; SPEAKING)

HED 3900. Internship (3).F;S.
Students complete internships in a variety of health-related agencies such as health departments, community agencies, community mental health centers, educational institutions, wellness programs, hospitals and industrial/business settings. Students survey agency functions, complete projects and write a final paper under the supervision of a health educator or health related professional. Prerequisite: HED 2100; and permission of the instructor. Graded on an S/U basis.

HED 4650. Drug Education and Prevention (3).F;S.
The primary focus of this course is to introduce the complexities of drug-related issues. The social, psychological, pharmacological, cultural, educational and political aspects of drug use, including alcohol and tobacco, are examined. In addition, the methods, materials and theories of drug abuse prevention in the school and community are discussed. (SPEAKING) [Dual-listed with HED 5650.]

HED 4710. Teaching Sex Education Within a Family Context (3).F.
This course is designed to help health educators learn and develop strategies for teaching family living and sexuality to different age groups such as elementary, middle grades, secondary and adults. Topics to be included are reproductive anatomy, physiology, STDs and AIDS, varying cultural differences, and gaining community support. Each student will be responsible for developing appropriate curricular materials for the age group she or he will be teaching. (Same as HPC 4710/HPC 5700.) [Dual-listed with HED 5710.]

HED 4730. Teaching Stress Management and Emotional Health (3).S.
This course will explore the factors associated with the development of emotional health and the management of stress as a basis for understanding the healthy personality. Emphasis will be directed towards teaching stress management and emotional health within an educational setting. Practical aspects of health education and program planning will be discussed. Students will be encouraged to deepen their commitment to affective teaching by applying the principles of self-esteem building, behavior self-management, communication, and accessing appropriate resources. [Dual-listed with HED 5730.]
Human Development and Psychological Counseling

THE REICH COLLEGE OF EDUCATION

Department of Human Development and Psychological Counseling (HPC)

Lee Baruth, Chair

Sally S. Atkins
Karen L. Caldwell
Catherine R. Clark
Keith M. Davis
Renée R. Evans
Christina R. Galvin
James M. Lancaster
Geri A. Miller
John P. Mulgrew
Diane M. Waryold
Laurie L. Williamson
Jon L. Winek
Barbara A. Scarboro

The Department of Human Development and Psychological Counseling is responsible for organizing and providing instructional programs in counseling and other human development functions for public schools, colleges/universities, and various agencies.

The department offers courses of instruction leading to a Master of Arts degree with the following options:

1. The Community Counseling program is designed to prepare counselors and other "helping" professionals to work in a wide variety of human service agencies (including mental health centers, social service agencies, business and industry employee assistance programs, etc.) Degree concentrations include Addictions Counseling, Marriage and Family Counseling, Expressive Arts Therapy, Community Counseling, General, and Body Centered Therapy.

2. The Professional School Counseling program (K-12) is designed to meet North Carolina licensure requirements and to prepare counselors for elementary, middle, and secondary schools.

3. The College Student Development program is designed to prepare student development specialists to work in a variety of areas (residence life, career development, student activities, leadership, academic advising, etc.) within colleges and universities. Degree concentrations include student affairs practice and college counseling.

4. The Marriage and Family Therapy program is designed to prepare counselors to work specifically with families in a wide variety of work settings. The program meets the educational requirements for clinical membership in the American Association for Marriage and Family Therapy (AAMFT), and North Carolina licensure.

The master’s degree programs in Community Counseling, Professional School Counseling, and College Student Development (College Counseling concentration) are accredited by the Council for Accreditation of Counseling and Related Educational Programs (CACREP), a specialized accrediting body. Graduates are immediately eligible to take the examination of the National Board for Certified Counselors, Inc., to become National Certified Counselors. The program in College Student Development (Student Affairs Practice concentration) is designed to meet the curriculum guidelines of the Council for the Advancement of Standards in Higher Education (CAS). The Professional School Counseling program is also accredited/approved by the National Council for Accreditation of Teacher Education (NCATE) and the North Carolina Department of Public Instruction. The Marriage and Family Therapy Program is accredited by the Commission on Accreditation for Marriage and Family Education of the American Association for Marriage and Family Therapy, 1133 Fifteenth Street, N.W., Suite 300, Washington, DC 20005-2710, (202) 452-0109.

All courses are taught from a multicultural perspective which emphasizes the differing experiences, cultures, histories, and perspectives of people from a variety of ethnic, gender, racial, and social class backgrounds.

The department also provides group methods, human relations, and other human development courses at the graduate and undergraduate levels for the College of Education and the University. These courses are valuable for majors in other departments. A course in life and career planning and courses in leadership development are offered for undergraduate students. The department offers a variety of summer institutes to enhance the learning of both graduate students and practitioners seeking continuing education opportunities in human service fields.

A student proposing to major in any of the degree programs or to seek licensure through the department must be fully admitted as degree seeking. Students must also complete a departmental questionnaire as part of the application process. See the Graduate Bulletin for the requirements of each degree program.

Minor in Leadership Studies (429/13.1102)

In collaboration with the Center for Student Involvement and Leadership, the Department of Human Development and Psychological Counseling offers an undergraduate minor in Leadership Studies.

The minor in Leadership Studies (18 semester hours) consists of the following:

Required courses: (6 semester hours)

- HPC 2700 Principles of Leadership (3 s.h.)
- HPC 4700 Capstone Seminar in Leadership (3 s.h.)

Electives: (12 semester hours)

Twelve semester hours of electives will be chosen with permission of the Chair of the Department of Human Development and Psychological Counseling or her/his designate.
Courses of Instruction in Human Development and Psychological Counseling (HPC)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.

(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

HUMAN DEVELOPMENT AND PSYCHOLOGICAL COUNSELING (HPC)

HPC 2200. Life/Career Planning (3).F;S.
This individually oriented study helps students consider those career choices and related factors contributing to satisfaction and happiness in life. The process of decision making, goal setting and self-management by objectives will be studied in order for the student to plan systematically for a career.

HPC 2700. Principles of Leadership (3).F;S.
Designed to introduce students to models and theories of leadership and to create an understanding of and an appreciation for the increasing complexity of leading diverse organizations. The course will provide students with opportunities for self-discovery, personal growth and skill development through active learning and group discussions.

HPC 3150. Peer Leader Seminar (3).F.
This seminar course prepares Peer Leaders for their role in the Freshman Seminar class (US 1150) and provides important skills that can be applied in any leadership setting. Focuses on public speaking and group facilitation skills, leadership, and helping skills. Open only to Freshman Seminar Peer Leaders. (SPEAKING)

HPC 3390. An Introduction to and Procedures in the Helping Professions (3). On Demand.
Historical, philosophical, and legal aspects of the helping professions. Emphasis placed on understanding the various approaches to counseling. Contributions of paramedical and other areas are discussed.

HPC 3400. Resident Assistant Development (3).F;S.
Designed to enhance the personal and professional growth of resident assistants. Emphasis is given to the residential living/learning environment and related student development theory; leadership development and styles; communication skills/styles; and situational topics relative to the resident assistant position. Open only to approved prospective or current Appalachian resident assistants.

HPC 3500. Independent Study (1–4). On Demand.

HPC 3520. Instructional Assistant (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: Junior or senior standing. May be repeated for a total credit of three semester hours.

HPC 3700. Applied Leadership Development in Student Organizations (3).F;S.
Designed to study the component parts of organizational leadership while assisting leaders in various student clubs and organizations to develop further their leadership skills. The course format will combine instruction, discussion, and experiential learning in order to bridge the appropriate theories with the reality of organizational leadership. The course is limited to students in existing club/organization leadership roles.

HPC 4300. Advanced Student Leadership Development (3).F.
Designed for designated student body officers/leaders to develop and practice their leadership capabilities. It combines the theoretical understanding through the classroom setting with the practical concepts through a practicum. Emphases include an understanding of the University community, clear organizational goals, advanced leadership concepts, and related topics/issues. The course is limited to those invited and approved by the instructor.

HPC 4570. The Addictive Process (3).F;S.
An examination of sociological and psychological contributants to alcohol and drug addiction and abuse in our society. The addictive process and its impact on the individual and society are described, as well as treatment and prevention program efforts. Students will also examine their own feelings and attitudes about alcohol and drug use and abuse. (Same as SOC 4570/SOC 5570.) [Dual-listed with HPC 5560.]

HPC 4700. Capstone Seminar in Leadership (3).S.
This course is the capstone course for the undergraduate minor in Leadership Studies. It provides students with the opportunity to synthesize their minor coursework and their co-curricular involvement, and it also provides students with the opportunity to develop
high level leadership skills such as consensus building and ethical decision-making. Prerequisites: HPC 2700, senior standing, and consent of the instructor.

HPC 4710. Teaching Sex Education within a Family Context (3).F.
This course is designed to help health educators learn and develop strategies for teaching family living and sexuality to different age groups such as elementary, middle grades, secondary and adults. Topics to be included are reproductive anatomy, physiology, STDs and AIDS, varying cultural differences, and gaining community support. Each student will be responsible for developing appropriate curricular materials for the age group she or he will be teaching. (Same as HED 4710/HED 5710.) [Dual-listed with HPC 5700.]

HPC 4790. Group Methods and Processes (3).F;S.
A study of group dynamics, experimentation in groups, leadership roles, and applicability to other settings. [Dual-listed with HPC 5790.]

HPC 4800. Basic Dream Interpretation (3). On Demand.
A review of C.G. Jung’s life and the development of analytical psychology. This review includes the beginning and expansion of his analytical approach to dream analysis. Special attention will be given to the structure of dreams, dream images and how dreams relate to the life of the dreamer. Students will begin to explore their dreams via the analytical method.

HPC 4840. Human Relations and Interaction (3).F;S.
Examines the key elements in effective interpersonal communication. Students will be exposed to one or more human relations models that are designed to improve their communication skills. Emphasis will be given to applying constructive methods of human relations in a variety of settings including business, schools, and social service agencies. [Dual-listed with HPC 5840.]

HPC 4900. Internship in Public Schools (1–9). On Demand.
Designed for school counselor graduate students who do not possess an "A" teaching license and who must have an extended internship in a public school setting prior to obtaining an "M" license. Each internship is arranged and coordinated on an individual basis consistent with state policies. This course will be limited to students accepted into the school counselor program and the course credit will not count toward the graduate degree. Graded on an S/U basis. [Dual-listed with HPC 5000.]
The Department of Language, Reading and Exceptionalities includes professionals in communication disorders, reading, and special education. This enables the department to provide innovative programs focusing, in a transdisciplinary fashion, on all facets of language, reading and specific areas of exceptionality. All students pursuing programs in the Department of Language, Reading and Exceptionalities must meet all requirements for admission into the Reich College of Education.

The Department of Language, Reading and Exceptionalities offers the following undergraduate degree programs:

- Bachelor of Science degree in Communication Disorders (494A/51.0201)
- Bachelor of Science degree in Special Education (478*/13.1011) [T] (with concentrations in Adapted curriculum k-12 (478C) [T] and General curriculum k-12 (478B) [T])

For information on any of the department's graduate programs, consult the current Graduate Bulletin or contact the departmental chair.

Bachelor of Science degree In Communication Disorders

The Department of Language, Reading and Exceptionalities offers a preprofessional program in the study of human communication and associated disorders. Upon successful completion of a master’s degree, students are eligible for licensure by the State of North Carolina, certification by the American Speech-Language and Hearing Association, and licensure by the North Carolina State Department of Public Instruction. Students in the Bachelor of Science degree in Communication Disorders (494A/51.0201) complete 44 s.h. of core curriculum requirements, 49 s.h. of required courses in communication disorders and related areas, 14 s.h. of electives and select a 15 s.h. area of academic emphasis, such as professional education, psychology, gerontology, reading, special education, or child development. This area of academic emphasis must be approved by the student's academic advisor. Students accepted into the communication disorders program must arrange a plan of study with an academic advisor.

Criteria for Admission to the Communication Disorders Program

Formal application for admission to the Communication Disorders Program (CDP) is required of all students. Admission to the Communication Disorders Program is competitive and an interview is required. Students may apply for admission when they have earned at least 30 s.h. and have a minimum cumulative GPA of 2.5. Formal admission cannot occur until the student has met the following requirements:

- earned at least 45 s.h. with a minimum cumulative GPA of 2.5
- completed a speech screening through the Communication Disorders Clinic
- completed the following courses: ENG 1000 (2.0 or higher), ENG 1100, CD 2259 (2.0 or higher), CD 2260 (2.0 or higher), and the Core Curriculum Natural Sciences sequence.
- earned passing scores for PRAXIS I (Reading, Writing, and Mathematics) and have scores on file in the College

Meeting the above requirements does not guarantee admission to the Communication Disorders program. The Communication Disorders program will admit only a limited number of students in the Fall, Spring, and Summer. Closing dates for applications are October 1 for Spring admission, and March 1 for Summer or Fall entry. Applications will be accepted in the Summer if places are available for the following Fall semester. The closing date for Summer applications is June 10. Final admission decisions will be made after semester grades are officially recorded. Students may apply for admission a maximum of three times. Specific information regarding the admission process is attached to the major checkout and is available in the Office of General Studies, the Department of Language, Reading and Exceptionalities, and the Reich College of Education Dean’s Office. Students may also contact the Coordinator of the
Requirements:

Core curriculum ............................................................................................................. 44 s.h.

Required courses in communication disorders and related areas:
- COM 2101 Public Speaking .................................................................................. 3 s.h.
- PSY 2301 Psychology of Human Growth and Development .......................... 3 s.h.
- CD 2259 Communication Disorders .................................................................. 3 s.h.
- CD 2260 Anatomy and Physiology of the Speech and Hearing Mechanism .... 3 s.h.
- CD 2361 Phonetics ............................................................................................ 3 s.h.
- CD 2464 Basic Speech and Hearing Science .................................................. 3 s.h.
- CD 2465 Basic Speech and Hearing Science Laboratory ................................. 1 s.h.
- CD 3162 Structural Analysis of Language ....................................................... 3 s.h.
- CD 3163 Laboratory in the Structural Analysis of Language ............................ 1 s.h.
- CD 3364 Audiology ........................................................................................... 3 s.h.
- CD 3366 Communication Development .......................................................... 3 s.h.
- CD 4562 Advanced Phonetic Transcription ................................................... 1 s.h.
- CD 4563 Disorders of Articulation and Phonology ......................................... 3 s.h.
- CD 4662 Management of Hearing Disorders .................................................. 3 s.h.
- CD 4668 Language Disorders .......................................................................... 3 s.h.
- CD 4766 Neuroanatomy and Physiology .......................................................... 3 s.h.
- FDN 4600 Educational Statistics ...................................................................... 3 s.h.
- CD 4864 Intervention Processes in Communication Disorders ..................... 3 s.h.
- CD 4865 Laboratory in Intervention Processes in Comm. Disorders ............. 1 s.h.

Total .......................................................................................................................... 49 s.h.

Area of academic emphasis ..................................................................................... 15 s.h.

Electives ..................................................................................................................... 14 s.h.

Grand Total ............................................................................................................... 122 s.h.

Students interested in pursuing licensure and national certification in speech pathology by the American Speech-Language and Hearing Association must apply, be accepted and complete a master of arts degree in Communication Disorders, such as the one offered by Appalachian State University.

Minor in Communication Disorders (490/51.0201)

A minor in Communication Disorders consists of 15 semester hours, including CD 2259 and CD 3366 plus nine additional hours to be selected in consultation with the coordinator of the communication disorders program.

Reading Education

The responsibility for all undergraduate reading and language arts courses is maintained by the Reading and Language Arts Program in the department of Language, Reading and Exceptionalities. These include courses required of all majors in child development (RE 3902), elementary education (RE 3030, RE 3240, RE 4030), health education (RE 4630), business education (RE 4630), middle grades education (RE 3150, RE 4630), secondary education and special areas (RE 4620 or RE 4630), and special education (RE 3900, RE 4710, RE 4620). Students should consult their advisor for any revisions in their program major. For students interested in North Carolina licensure in reading (K-12), the Reading and Language Arts Program offers an MA program in reading as well as courses leading to add-on licensure. Please consult the Graduate Bulletin for information.

Bachelor of Science degree in Special Education
(with concentrations in Adapted Curriculum K-12 and General Curriculum K-12)

The Department of Language, Reading and Exceptionalities offers the Bachelor of Science degree in Special Education (478B/13.1011)[T] with concentrations in Adapted Curriculum K-12 (478C)[T] and General Curriculum K-12 (478B)[T]. Completion of this degree leads to certification in either Special Education: General Curriculum K-12, or Special Education: Adapted Curriculum K-12, depending upon the concentration chosen. Included in the requirements for this degree are two internships and a 15-week student teaching placement. All students majoring in special education will be placed in one of the following school districts for all field-based activities: Alexander, Alleghany, Ashe, Avery, Burke, Caldwell, Catawba, Mitchell, Wilkes, or Watauga County.

Note: A comprehensive graduation portfolio is required which demonstrates students’ competency at meeting the state certification requirements. The portfolio will be added to throughout the student’s program; and during student teaching, the portfolio will be finalized. The student teaching experience will include five on-campus seminars to assist students in meeting these requirements.
Requirements:

Core curriculum .............................................................................................................. 44 s.h.

Professional Education courses .................................................................................. 24 s.h.

- PSY 3000 Educational Psychology (3 s.h.)
- FDN 3850/CI 3850/RE 3850 Literacy, Technology, and Instruction (3 s.h.)
- FDN 3800 Foundations of American Education (3 s.h.)
- SPE 2800/CI 2800 Teachers, Schools and Learners (3 s.h.)
- SPE 4900 Student Teaching in Special Education (12 s.h.)

Professional Education courses

- SPE 3100 Introduction to Special Education ............................................................. 3 s.h.
- The following courses may be taken prior to admission to special education/teacher education, though students may be admitted before they take them. The special education program recommends that at least two of the first three courses be taken prior to admission to the program:
  - SPE 3350 Characteristics, Theories, and Diagnosis of Students with Learning Differences: General and Adapted Curriculum (3 s.h.)
  - SPE 3360 Psychoeducational Strategies with Special Needs Learners: General and Adapted Curriculum (3 s.h.)
  - SPE 3370 Characteristics, Theories, and Diagnosis of Students with Cognitive Differences: General and Adapted Curriculum (3 s.h.)
  - FDN 3100 Classroom Use of Microcomputers in Grades K-12 (2 s.h.)
  - Elective (6 s.h.)

Total ................................................................................................................................. 17 s.h.

The following courses are to be taken after admission to teacher education. Students should consult their advisor and the printed information available in the LRE office regarding the recommended sequence:

- RE 3900 Principles of Reading Instruction for the Classroom Teacher (3 s.h.)
- RE 4710 Diagnosis and Remediation of Reading Problems (3 s.h.)
- SPE 3374 Assessment in Special Education (3 s.h.)
- SPE 4205 Inclusion (3 s.h.)
- SPE 4215 Strategies for Teaching Mathematics to Students with Disabilities (3 s.h.)
- SPE 4225 Collaborative Relationships in Special Education (3 s.h.)
- SPE 4570 Advocacy and Legislation in Special Education (3 s.h.)
- SPE 4601 Classroom Management (3 s.h.)

Total ................................................................................................................................. 24 s.h.

Concentrations (select one) ......................................................................................... 15 s.h.

Students must choose one of the following concentrations (Adapted Curriculum K-12 or General Curriculum K-12). A student may elect to complete both concentrations, with the understanding that additional course work will be required.

Adapted Curriculum K-12 Concentration (478C)[T] (15 s.h.)

This concentration will prepare students to teach students in grades K-12 who will likely require more significant modifications and adaptation in order to access the general curriculum, and may not be candidates for a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. These would include students with mental retardation, emotional/behavioral disorders, Autism, and other health impairments, and others.

- SPE 4410 Assessment and Curriculum: Adapted Curriculum (3 s.h.)
- SPE 4420 Methods for Students with Disabilities: Adapted Curriculum (3 s.h.)
- SPE 4430 Positive Behavior Supports: Adapted Curriculum (3 s.h.)
- SPE 4495 Practicum I (3 s.h.)
- SPE 4496 Practicum II (3 s.h.)

or

General Curriculum K-12 Concentration (478B)[T] (15 s.h.)

This concentration will prepare students to teach students in grades K-12 who will likely be expected to complete the general curriculum requirements for a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. These would include students with learning disabilities, mental retardation, emotional/behavioral disorders, traumatic brain injury, other health impairments, and others.

- RE 4620 Reading Instruction in the Middle/Junior and Senior High School (3 s.h.)
- SPE 4405 Strategies for Students with Disabilities: General Curriculum (3 s.h.)
- SPE 4495 Practicum I (3 s.h.)
- SPE 4496 Practicum II (3 s.h.)
Special Education, General Minor (487/13.1001)

A student may earn an undergraduate minor in Special Education which generally consists of a minimum of 15 semester hours of credit from courses offered by the special education program. Each minor is individually designed by the student and the coordinator of the special education program. Students must design the minor prior to the last two semesters of residence at Appalachian, and they must seek approval from their home college prior to contracting for the minor in special education.

Bachelor of Science in Child Development: Birth Through Kindergarten (teacher licensure)

The Departments of Family and Consumer Sciences; Curriculum and Instruction; and Language, Reading and Exceptionalities cooperate to offer the Bachelor of Science degree in Child Development: Birth Through Kindergarten (524A/13.1209) [T] leading to teacher licensure. The degree is conferred by the Department of Family and Consumer Sciences.

This degree consists of 44 semester hours of core curriculum courses and 24 semester hours of professional education requirements: CI 2800/SPE 2800; FDN 3800; PSY 3000; CI 3850/FDN 3850/RE 3850; and CI 4900. The major consists of 41 semester hours to be taken in family and consumer sciences (child development), curriculum and instruction (preschool education) and language, reading and exceptionalities (early childhood special education). The required major courses include: FCS 2101, FCS 2102, FCS 2104, FCS 2201; CI 4200; SPE 3272, SPE 3273, SPE 3100; CI 4553/FCS 4553/SPE 4553, CI 4554/FCS 4554/SPE 4554, CI 4600/FCS 4600/SPE 4600; RE 3902; and 2 (two) practica: FCS 3104/CI 3104/SPE 3104 and FCS 3105/CI 3105/SPE 3105. PSY 1200 is required in the core curriculum.

In addition to the above requirements, a student must choose 3 semester hours of elective(s) to be approved by her/his advisor OR the student may choose to complete a psychology minor by taking an additional 15 semester hours of psychology not listed above.

Two to ten semester hours of free electives outside the major discipline (to total a minimum of 122-123 semester hours) are also required for the degree.

A minimum grade of “C” (2.0) is required in all courses listed as major requirements with the exception of CI 3104/FCS 3104/SPE 3104 and CI 3105/FCS 3105/SPE 3105 (Graded on an S/U basis).

Courses of Instruction in Communication Disorders, Reading, and Special Education (CD, RE, SPE)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

Communication Disorders (CD)

CD 2259. Communication Disorders (3).F;S.

CD 2260. Anatomy and Physiology of the Speech and Hearing Mechanism (3).F;S.
The structure and function of the systems involved in normal speech perception and production. (Meets ASHA III-B, III-C, III-D)

Enrollment in the following courses, unless otherwise indicated, is limited to students who have been admitted to the Communication Disorders program.

CD 2361. Phonetics (3).F;S.
The phonetic/phonemic systems of English concentrating on I.P.A. transcription skills. (Meets ASHA III-B, III-C, III-D)

CD 2464. Basic Speech and Hearing Science (3).F;S.
An introduction to speech and hearing science theory, instrumentation, and measurement. Emphasizes normal speech perception and production to establish a reference for pathological deviations. Corequisite: CD 2465. (Meets ASHA III-B)

CD 2465. Basic Speech and Hearing Science Laboratory (1).F;S.
This laboratory is designed to provide students with hands-on experiences with instrumentation in the speech and hearing sciences. Through these experiences, students will apply concepts of speech perception, acoustic phonetics, and speech production in laboratory and clinical settings. Corequisite: CD 2464. (Meets ASHA III-B)

CD 2500. Independent Study (1-4).F;S.
CD 3162. Structural Analysis of Language (3).F;S.
A study of language content, form, and use with special emphasis on the acquisition of descriptive taxonomies for the classification of spoken language samples. Prerequisite: concurrently with CD 3163. (Meets ASHA III-B, III-C, III-D, IV-G)

CD 3163. Laboratory in the Structural Analysis of Language (1).F;S.
In this laboratory, students will engage in guided and independent practice in language sampling and analysis procedures. Emphasis will be placed on sampling, transcribing, analyzing, and interpreting the semantic, syntactic, and pragmatic components of language. Prerequisite: concurrently with CD 3162. (Meets ASHA III-B, III-C, III-D, IV-G)

CD 3364. Audiology (3).S.
The science of hearing and the etiologies of hearing impairment. Prerequisites: CD 2259, CD 2260, CD 2464, and CD 2465. (Meets ASHA III-C, III-D, IV-G) [Dual-listed with CD 5364.]

CD 3366. Communication Development (3).S.
Verbal and nonverbal communication development of the child. Prerequisites: CD 3162 and CD 3163. (Meets ASHA III-B)

CD 3500. Independent Study (1–4).F;S.

CD 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for total credit of three semester hours.

CD 3660. Audiology Seminar and Practicum (1).F;S.
This course will allow the student to explore audiologic evaluation through practicum experience and to become familiar with advanced testing procedures. It is designed for the student who has excelled in CD 3364 (Audiology) and wishes to pursue more information in this area. The student must submit an application and be approved by the instructor to take this course. (Meets ASHA II-B and III-B) (WRITING)

CD 4562. Advanced Phonetic Transcription (1).F;S.
In this course, students will have the opportunity to refine their skills in the transcription of clinical interactions with clients at-risk for or experiencing speech-sound disorders. Prerequisites: CD 2259, CD 2260, CD 2361, and concurrently with CD 4563. (Meets ASHA III-C, III-D) [Dual-listed with CD 5562.]

CD 4563. Disorders of Articulation and Phonology (3).F;S.
Etiology, evaluation, and management of articulation and phonologic disorders. Prerequisites: CD 2259, CD 2260, CD 2361, and concurrently with CD 4562. (Meets ASHA III-C, III-D, IV-G) [Dual-listed with CD 5563.]

CD 4602. Communication and Aging (3). On Demand.
The dynamics of normal communicative processes in the geriatric population and the psychobiological changes that occur as human beings age. Prerequisite: senior status or permission of the instructor. Enrollment is not restricted. (Meets ASHA III-B) (WRITING; CROSS-DISCIPLINARY; MULTI-CULTURAL) [Dual-listed with CD 5602.]

CD 4662. Management of Hearing Disorders (3).S.
Studies of the habilitation/rehabilitation of hearing impairments in preschool and school-aged children and adults. Emphasis on prescriptive and resource curricular management. Includes audition training, speech reading methods, and a survey of hearing aid monitoring techniques. Prerequisite: CD 3364. (Meets ASHA III-C, III-D, IV-G) [Dual-listed with CD 5662.]

CD 4668. Language Disorders (3).F;S.
The identification and evaluation of language disorders in children and adults, including models of language and language disorders, etiological factors, and basic assessment and management procedures. Prerequisites: CD 3162, CD 3163 and CD 3366. (Meets ASHA III-C, III-D, IV-G) [Dual-listed with CD 5668.]

CD 4766. Neuroanatomy and Physiology (3).F;S.
Basic anatomy and physiology of the central and peripheral nervous systems with special emphasis on neural systems involved in normal and disordered speech, language, and hearing. Prerequisite: CD 2260. (Meets ASHA III-B) [Dual-listed with CD 5766.]

CD 4864. Intervention Processes in Communication Disorders (3).F;S.
An introduction to intervention processes relevant to any clinical setting. Critical issues addressed will include the importance and
role of appropriate prior diagnostic information; development of intervention plans; assessment of intervention effectiveness; and professional ethics. The necessity for and means of obtaining appropriate professional credentials will also be discussed. Prerequisites: CD 2259, CD 3364, CD 4563 or CD 4668; and, concurrently with CD 4865. (Meets ASHA III-B, III-C, III-D, III-E, IV-G) (WRITING) [Dual-listed with CD 5864.]

**CD 4865. Laboratory in Intervention Processes in Communication Disorders (1).F;S.**
In this course, students will obtain 25 hours of supervised observation of the provision of speech, language and hearing services. This will primarily involve serving as participant observers with one client at the Appalachian State University Communication Disorders Clinic. Emphasis will be placed on applying the skills learned in CD 4864 such as developing intervention plans and assessing intervention effectiveness. Prerequisites: CD 2259, CD 3364, CD 4563, or CD 4668; and, concurrently with CD 4864. (Meets ASHA III-B, III-C, III-D, IV-G) (WRITING) [Dual-listed with CD 5865.]

**READING (RE)**

**RE 1010. Power Reading (1).F;S.**
This course is an elective course designed to provide college students with strategies and applied practice to read different types of texts as efficiently as possible. Effective readers must adjust and adapt their reading speed and strategies to fit the purpose of the reading. Students practice methods to scan and skim as well as reading comprehension strategies to help them when they need to read closely to retain more complex material. RE 1010 may be repeated for a total credit of two semester hours.

**RE 2500. Independent Study (1–4).F;S.**

**RE 3030. Foundations of Literacy (3).F;S.**
This course focuses on early reading and writing development (K-3). Students will explore critical issues of literacy acquisition, assessment, instruction, and intervention. Special attention will be given to effective methods for reading, writing, and word knowledge instruction, including materials, strategies, and organization to meet the needs of all learners. Selected assessment and instructional activities will be designed for implementation with elementary students during field placement experiences.

**RE 3070. Media for Young People (3).S.**
Survey of literature, films and television for adolescents; criteria for selection and use; methods of encouraging critical use of media by young people.

**RE 3142. Language and Literature in the Elementary School (4). On Demand.**
A study of communication skills in the elementary school curriculum with emphasis on language arts and children’s literature. (Same as CI 3142.) (WRITING)

**RE 3150. Language Arts in the Middle Grades (3).F.**
A study of communication skills (speaking, reading, composition, and related components) where the language arts are viewed as the core of middle grades curriculum. Students learn how to design learning environments which promote meaningful engagement in developmentally appropriate communication skills. Emphasis is given to instructional activities that focus on a process approach to learning. This course includes internship experiences in professional development schools. (WRITING)

**RE 3240. World Literature for Children (3).F;S.**
Students will read and analyze translations and other children’s books in English from countries around the world. Literary analysis of the books will form the basis for comparing and contrasting cultures, historical periods, and differing national worldviews of childhood. Other issues such as racism and sexism will also be examined. (Same as ENG 3240.) (WRITING; MULTI-CULTURAL)

**RE 3500. Independent Study (1–4).F;S.**

**RE 3520. Instructional Assistance (1).F;S.**
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for total credit of three semester hours.

**RE 3530–3549. Selected Topics (1–4). On Demand.**

**RE 3850. Literacy, Technology and Instruction (3).F;S.**
This course covers a broad range of issues related to literacy, uses of technology and instructional strategies in educational settings. It serves as an instructional model for the latest technologies and research based instructional strategies. In addition, students are expected to design lessons and units which utilize this instruction. (Same as CI 3850/FDN 3850.) (COMPUTER)
RE 3900. Principles of Reading Instruction for the Classroom Teacher (3).F;S.
This course is a major professional course which prepares teachers to teach reading in grades K-12. Knowledge objectives of the course focus on the developmental nature of language and reading ability, along with some major issues and instructional materials and practices associated with reading instruction. Performance objectives are designed to develop skills in (1) diagnosing individual differences, (2) setting goals and objectives for reading instruction, (3) evaluating reading behavior, (4) developing instructional strategies, and (5) utilizing resources for reading instruction. (This course may be used to meet licensure requirements for teachers in grades K-6, and in special education.)

RE 3902. Emergent Literacy (3).F;S.
This course prepares early childhood educators and reading specialists to understand and facilitate the literacy development of young children. Emphasis will be placed on oral language development, beginning reading and writing, and literature for the very young. (SPARKING)

RE 4030. Development of Literacy for Learning (3).F;S.
This course further develops issues covered in RE 3030, Foundations of Literacy, with special attention to upper elementary grades (3-6). Topics explored in this course include reading comprehension and vocabulary development, instructional strategies to promote development in all language arts (reading, writing, listening, speaking, visually representing), and effective methods to integrate language arts across the curriculum. Several projects will be developed for implementation during the field experience to put into practice concepts and strategies learned in the course. Prerequisite: RE 3030, Foundations of Literacy.

RE 4300. Literacy, Language, and Culture in Middle Grades Education (3).F.
Prospective middle grades teachers will have the opportunity to learn about the foundational and current issues and methods of instruction regarding literacy education at the middle grades level. Emphasis is placed on the politics of language and identity, socio-cultural contexts for adolescent literacy development, diverse literacy learners, and effective instructional strategies. Students enrolled in the course learn to assess students’ literacy needs and acquire knowledge of a range of practices that support the literacy development of young adolescents. Prospective middle grades teachers will work with cooperating public school teachers to plan and implement literacy strategies and assessments in middle grades classrooms. (Same as CI 4300.)

RE 4620. Reading Instruction in the Middle/Junior and Senior High School (3).F;S.
In addition to covering the content and skills presented in RE 4630, this course covers the following; (1) the developmental reading program, (2) organizing and administering the high school reading program, (3) reading interests and tastes, (4) providing reading instruction for special groups, (5) meeting needs of the individual reader. (WRITING)

RE 4630. Reading in the Content Areas (2).F;S.
This course prepares content area teachers to utilize reading as an instructional process in their classrooms. In addition, reading is used to gain perspective on broader learning processes. Course topics include: (1) classroom assessment procedures, including textbook evaluation and selection, and classroom diagnostic techniques; (2) accommodating individual differences; (3) general lesson and unit planning strategies; (4) focused instructional strategies, which include specific teaching activities for reading and learning. (This course may be used to meet licensure requirements for secondary (9-12) and special subject (K-12) teachers who teach subjects such as English, social studies, math, science, biology, health and physical education, sociology, geography, business, music, art, and so on.)

RE 4640. Workshop in Teaching Reading (2).SS.

RE 4650. Linguistics and Reading (3).F.
Relates these areas of linguistics to the process of reading: phonetics, syntax, semantics, rhetoric and dialect.

RE 4710. Diagnosis and Remediation of Reading Problems (3).F;S.
Prepares students to administer and interpret commonly used informal reading tests and to plan appropriate instruction for different types of remedial readers.

RE 4720. Diagnostic and Remedial Reading I (3).F;S.
The course deals with commonly used reading tests and how to locate causes of reading difficulties and to prescribe corrective procedures for the severely disabled reader. Prerequisites: RE 3900, RE 4620 or RE 4710.

RE 4730. Diagnostic and Remedial Reading II (3).F;S.
Students are assigned to individual or small groups for diagnostic and remedial teaching. Prerequisite: RE 4720.

RE 4904. Field Experience (3).F.
Students register only by permission of the advisor in reading. Graded on an S/U basis.
SPE 2500. Independent Study (1-4).F;S.

SPE 2800. Teachers, Schools, and Learners (3).F;S.
Provides the conceptual basis for understanding teaching as a profession, diverse learners, and classroom and school contexts. It also provides the foundation for thinking about inquiry and the knowledge base in education. Students are also required to perform a minimum of 40 hours of observations and/or participation. (Same as CI 2800.) (WRITING; COMPUTER)

SPE 3000. Learner Diversity (3).F;S.
An examination of current literature and practices related to issues in learner development, exceptionalities, and cultural diversity. Emphasis is placed on applications of knowledge, strategies, and interventions that will be observed, modeled, and discussed. Coursework is integrated with K-6 field experiences to provide contexts for classroom instruction. (Same as CI 3000.)

SPE 3100. Introduction to Special Education (3).F;S.
This course provides an overview of disabilities as well as the services available to persons with disabilities through special education in public schools and through other institutions, agencies, and professionals. For special education majors, this course is prerequisite to admission to the program.

SPE 3104. Practicum I (3).S.
This practicum is designed to provide opportunities for students to plan and implement developmentally appropriate learning environments, learning experiences, and interactions with children and their families. In addition, students are required to demonstrate a basic level of reflection and professional behavior. Students in this practicum will be required to work with children ages birth-2 or 3-5 years of age. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: consent of the instructor. Graded on an S/U basis. (Same as CI 3104/FCS 3104.) (WRITING; CROSS-DISCIPLINARY)

SPE 3105. Practicum II (3).F.
This practicum is designed to build on and extend competencies learned in Practicum I. Students in this practicum will be required to work with children ages birth-2 or 3-5 years of age, depending on prior practicum placement. Students also will be required to plan and implement developmentally appropriate environments, learning experiences, and interactions with children and their families. In addition, students will be expected to demonstrate an advanced level of reflection and integration, as well as appropriate professional behavior. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: FCS 3104/Ci 3104/Spe 3104 or permission of the instructor. Graded on an S/U basis. (Same as CI 3105/FCS 3105.) (WRITING; CROSS-DISCIPLINARY)

SPE 3272. Developmental Assessment and Program Evaluation for Programs Serving Preschool and Kindergarten Children (3).S.
This course will introduce the basic concepts involved in formal and informal observation approaches for infants, toddlers, preschoolers and families. Skills in observation, data collection, analysis of data, and uses of data will be developed. Cultural and experiential influences will be considered. Prerequisite: FCS 2104 or approval of the instructor.

SPE 3273. Educational Assessment and Intervention for Infants with Disabilities and their Families (3).F.
Provides for information and skill development in assessment and program service development for infants with disabilities and their families. Service coordination and transdisciplinary intervention with families will be addressed. Prerequisite: FCS 2101 or approval of the instructor.

SPE 3350. Characteristics, Theories, and Diagnosis of Students with Learning Differences: General and Adapted Curriculum (3).F;S.
This is a course in the education of students with learning differences. This course studies the definition, identification, characteristics, and etiology of persons with learning differences. This course also includes current educational planning, programs, and theories related to the field.

SPE 3360. Psychoeducational Strategies with Special Needs Learners: General and Adapted Curriculum (3).F;S.
A survey of the psychoeducational management of children with disabilities in both the general and adapted curriculum. Emphasis is placed upon affective considerations, models of interventions, instructional planning, and classroom practices. (WRITING)

SPE 3370. Characteristics, Theories, and Diagnosis of Students with Cognitive Differences: General and Adapted Curriculum (3).F;S.
An introductory course in the education of students with cognitive differences. Emphasis will be placed on definition, etiology, prevalence,
and characteristics. This course also includes service delivery, roles of various professionals, current trends, and philosophies related to persons with mental retardation.

**SPE 3374. Assessment in Special Education (3).F.**
The basic principles of assessment as they relate to referral and evaluation procedures. This course introduces a variety of standardized tests and scoring interpretation procedures.

**SPE 3500. Independent Study (1–4).F;S.**

**SPE 3520. Instructional Assistance (1).F;S.**
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for total credit of three semester hours.

**SPE 3530–3549. Selected Topics (1–4). On Demand.**

**SPE 4205. Inclusion (3).F.**
This course examines inclusion as it relates to students with disabilities and how to integrate them into general education classrooms and K-12 schools. Current issues, collaborative relationships, and effective teaching and modification approaches for all students will be discussed. Prerequisite: SPE 3100 or permission of the instructor. [Dual-listed with SPE 5205.]

**SPE 4215. Strategies for Teaching Mathematics to Students with Disabilities (3).F.**
The purpose of this course is to teach principles of remediation in mathematics to students with disabilities. Throughout the course, emphasis is placed on instructional modifications for establishing a remedial instruction program in mathematics. Students will become familiar with and implement scientifically-based instructional approaches. This course must be taken concurrently with SPE 4225, SPE 4405, SPE 4496, and SPE 4705 by students majoring in Special Education with a concentration in General Curriculum K-12; and concurrently with SPE 4225, SPE 4410, SPE 4420, and SPE 4496 by students majoring in Special Education with a concentration in Adapted Curriculum K-12.

**SPE 4225. Collaborative Relationships in Special Education (3).F.**
This course examines the following areas in special education: self-determination and Person Centered Planning; collaborating with families, employers and adult service providers; and transition and secondary special education issues. This course must be taken concurrently with SPE 4215, SPE 4405, SPE 4496, and SPE 4705 by students majoring in Special Education with a concentration in General Curriculum K-12; and concurrently with SPE 4215, SPE 4410, SPE 4420, and SPE 4496 by students majoring in Special Education with a concentration in Adapted Curriculum K-12.

**SPE 4405. Strategies for Students with Disabilities: General Curriculum (3).F.**
This course provides information on cognitive and metacognitive strategies with emphasis on how to assess, plan, design, and implement strategies for K-12 students with disabilities. There is a focus on writing strategies instruction. This course is required for students seeking Special Education: General Curriculum licensure, and must be taken concurrently with SPE 4215, SPE 4225, SPE 4496, and SPE 4705.

**SPE 4410. Assessment and Curriculum: Adapted Curriculum (3).F.**
This course examines current issues and methods related to assessment, personalized curriculum development, and the planning, implementation, and evaluation of instruction of students with moderate and severe disabilities. This course is required for students majoring in Special Education with a concentration in Adapted Curriculum K-12, and must be taken concurrently with SPE 4215, SPE 4225, SPE 4420, and SPE 4496.

**SPE 4420. Methods for Students with Disabilities: Adapted Curriculum (3).F.**
This course is designed to examine scientifically-based methods for instruction and the implementation of these methods in the planning and delivery of instructional and behavioral programs for students in special education. This course is required for students majoring in Special Education with a concentration in Adapted Curriculum K-12, and must be taken concurrently with SPE 4215, SPE 4225, SPE 4410, and SPE 4496.

**SPE 4430. Positive Behavior Supports: Adapted Curriculum (3).S.**
This course examines positive behavior supports and the behavioral interventions that are guided by functional assessment and focus on generalized outcomes. The skills learned in this course emphasize the use of a collaborative problem-solving process to develop individualized interventions that stress prevention and remediation of problem behaviors through the provisions of effective educational programming. This course is required for students majoring in Special Education with a concentration in Adapted Curriculum K-12, and must be taken concurrently with SPE 4495, SPE 4570, and SPE 4601.
SPE 4495. Practicum I (3).S.
Practicum in schools in the areas listed below according to the chosen concentration. During this course, students will complete portfolio assignments required for graduation. Graded on an S/U basis.

Practicum in General Curriculum: Practicum in K-12 schools with students who are likely to complete the requirements for a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. This practicum must be taken concurrently with SPE 4570 and SPE 4601.

Practicum in Adapted Curriculum: Practicum in K-12 schools with students who may not earn a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. This practicum must be taken concurrently with SPE 4430, SPE 4570, and SPE 4601.

SPE 4496. Practicum II (3).F.
Practicum in schools in the areas listed below according to the chosen concentration. During this course, students will complete portfolio assignments required for graduation. Prerequisite: SPE 4495, Practicum I. Graded on an S/U basis. (SPEAKING)

Practicum in General Curriculum: Practicum in K-12 schools with students who are likely to complete the requirements for a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. This practicum must be taken concurrently with SPE 4215, SPE 4225, SPE 4405, and SPE 4705. (SPEAKING)

Practicum in Adapted Curriculum: Practicum in K-12 schools with students who may not earn a career prep, college/tech prep, or college prep diploma from the North Carolina Public Schools. This practicum must be taken concurrently with SPE 4215, SPE 4410, and SPE 4420. (SPEAKING)

SPE 4553. Issues in Transdisciplinary Service Delivery (1).S.
This seminar emphasizes the foundations for professional development, positive attitudes toward children and families, and the strong commitment toward continuous, life-long study of young children and their learning. Class discussions and assignments are designed to prepare B-K teachers to participate fully in interdisciplinary and transdisciplinary early childhood teams and to collaborate across agencies dealing with young children and their families. (Same as CI 4553/FCS 4553.)

SPE 4554. Infant/Toddler Curriculum (4).F.
The purposes of this course are (1) to apply the principles of developmentally appropriate practice to planning, implementing, and evaluating curriculum experiences for infants and toddlers; and (2) to develop strategies for integrating a range of developmental needs and disabilities within the planned curriculum. Prerequisites: FCS 2101 and SPE 3273, or consent of the instructor. (Same as CI 4554/FCS 4554.)

SPE 4570. Advocacy and Legislation in Special Education (3).S.
This course provides information and practice related to the roles and responsibilities of professionals with regard to advocacy and legislative mandates, including the special education process and individual education programs. This course must be taken concurrently with SPE 4495 and SPE 4601 by students majoring in Special Education with a concentration in General Curriculum K-12; and concurrently with SPE 4430, SPE 4495, and SPE 4601 by students majoring in Special Education with a concentration in Adapted Curriculum K-12.

This course includes a survey of major physical disabilities including cardiovascular disease, diabetes, AIDS, cancer, pain, obesity, eating disorders, and injury using a behavioral medicine orientation. Behavioral medicine represents a multidimensional approach to integrating behavioral and biomedical information in determining disease etiology and in prescribing comprehensive treatment. (WRITING)

SPE 4600. Curriculum and Instruction for Young Children: Three through Kindergarten (4).F.
The purposes of this course are (1) to apply the major cognitive, language, affective, social and physical development theories to curriculum planning and implementation for all young children; and (2) to develop strategies for integrating a range of learning needs and disabilities into the planning and implementation of an early childhood curriculum. Emphasis will be on education services in public schools and other settings serving young children with typical and atypical needs. Prerequisite: SPE 3272, or consent of the instructor. (Same as CI 4600/FCS 4600.)

SPE 4601. Classroom Management (3).S.
This course provides a study of classroom management techniques and intervention strategies with students with disabilities. This course must be taken concurrently with SPE 4495 and SPE 4570 by students majoring in Special Education with a concentration in General Curriculum K-12; and concurrently with SPE 4430, SPE 4495, and SPE 4570 by students majoring in Special Education with a concentration in Adapted Curriculum K-12.
SPE 4700. Introduction to the Teaching–Family Model (3). On Demand.
An introduction to the philosophy and implementation of the teaching–family model treatment approach. Emphasis will be placed on meeting the needs and remediating problems of the emotionally disturbed and delinquent youth. [Dual-listed with SPE 5700.]

SPE 4705. Methods for Students with Disabilities: General Curriculum (3).F.
This course addresses scientifically-based methods used in the implementation of the general curriculum, K-12. This course is required for students majoring in Special Education with a concentration in General Curriculum K-12, and must be taken concurrently with SPE 4215, SPE 4225, SPE 4405, and SPE 4496.

SPE 4900. Student Teaching in Special Education (6 OR 12).F;S.
Teaching experiences under supervision for one semester for students planning to teach special needs students in grades K-12. Graded on an S/U basis.

Field practice in non-school settings of techniques and practices used with persons with disabilities. Graded on an S/U basis.
Leadership and Educational Studies

THE REICH COLLEGE OF EDUCATION

Department of Leadership and Educational Studies (LES)

J. Bryan Brooks, Chair

Roma B. Angel  Ralph G. Hall  L. Arthur Safer
Barbara S. Bonham  Richard D. Howe  Robert L. Sanders
Hunter R. Boylan  W. Thomas Jamison  Bobby H. Sharp
Stephen C. Bronack  Kenneth D. Jenkins  John T. Hatcher
Amelia W. Cheney  George A. Maycock  Carol A. Truett
Kelly Clark-Keefe  George H. Olson  Gayle M. Turner
Charles S. Claxton  Alvin C. Profit  Linda A. Veltze
Michael W. Dale  Richard E. Riedl  Stephen R. White

The Department of Leadership and Educational Studies serves the education community and the public through:
- foundations of education courses for teacher education majors
- research courses to help students develop skills and knowledge needed to understand the design, implementation and evaluation of educational research
- graduate programs in public school administration; community college and higher education administration and teaching, developmental education and adult education; library science; and educational media/technological instruction.

The Master’s degree programs are described as follows:

Educational Media (M.A.) (437*/13.0501) and (434*/13.0501) is an interdepartmental program in the Department of Leadership and Educational Studies and the Department of Curriculum and Instruction which offers a choice of five concentrations:
- (a) Instructional Technology Specialist/Computers (437D) [T]
- (b) Instructional Technology Specialist/Computers, General (437E)
- (c) Instructional Technology Specialist/Media Literacy (434D)
- (d) Instructional Technology Specialist/Media Production (434F)
- (e) Instructional Technology Specialist/New Media and Global Education (434H)

Graduates of the program will be prepared to assume leadership roles in various fields of media and technology.

Higher Education (M.A.) (454*/13.0406) prepares students who wish to work in postsecondary institutional settings. Students must select one of the following concentrations: Administration (454B), Adult Education (454C), Developmental Education (454D), or Teaching (454E). The teaching concentration (454E) is designed to prepare students to teach in two-year community colleges and four-year institutions. The degree in Higher Education does not lead to North Carolina public school administration and supervision licensure.

Library Science, General (MLS) (465*/25.0101) is approved by the North Carolina State Department of Public Instruction and reflects Media Coordinator (School Librarian) competencies required by the state as well as Public Librarian Certification competencies of the North Carolina Public Librarian Certification Commission, depending on the concentration pursued by the student. Completion of the School Libraries concentration (465B) [T] entitles the graduate to apply for licensure (076 Media Coordinator) from the State of North Carolina. Completion of the Public Libraries concentration (465C) entitles the student to apply for Public Librarian Certification from the North Carolina Public Librarian Certification Commission.

School Administration (MSA) (433A/13.0409) [T] prepares persons for a school principalship at all levels of public schools. Such a program leads to initial licensure as a school administrator in North Carolina. It is designed to prepare entry level leaders in the governance and administration of the public schools. The focus is essentially directed toward site-based administration.

The Education Specialist degree in the Department of Leadership and Educational Studies is a 30-semester hour degree program offered in the following areas:

Educational Administration (Ed.S.) (428A/13.0401) [T] provides advanced graduate work for public school administration. This degree leads to sixth-year licensure.

Higher Education (Ed.S.) (455*/13.0406) provides advanced graduate work beyond the M.A. degree for professionals in the area of postsecondary education. This degree is for individuals interested in advancing their careers, preparing for a doctoral program, or expanding their professional area to include one of four concentrations. Students must select one of the following concentrations: Administration (455B), Adult Education (455C), Developmental Education (455D), or Teaching (455E).

A student working toward a degree and/or licensure in the Department of Leadership and Educational Studies must develop her/his Program of Study in consultation with an approved advisor. Candidacy forms must be submitted to the Office of Graduate Studies and Research before the student has completed 12 semester hours of course work. Degree students taking courses without being officially assigned an advisor and receiving the advisor’s approval do so at the risk of not having the courses approved as part of
the degree program.

Consult the Graduate Bulletin for further information.

Courses of Instruction in Foundations of Education (FDN)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

FOUNDATIONS OF EDUCATION (FDN)

FDN 3015. Developing and Using Classroom Assessments (2).F;S.
An overview of the basic concepts used in developing and using classroom assessments. Students are introduced to strategies used to set objectives and assess student learning including traditional, authentic, and performance techniques. Topics include: test item construction, test score statistics, item analysis, standardized tests, and grading and reporting to parents. Effective assessment strategies are modeled and applied to educational settings in North Carolina. Links quality assessment to effective teaching and effective schools. (Same as CI 3015.)

FDN 3100. Classroom Use of Microcomputers in Grades K-12 (2).F;S.
An introduction to the applications of microcomputer technology in instructional settings. Topics included are popular computer systems used in schools; word processing; data storage and retrieval; software evaluation, selection and use; and computer languages designed for classroom instruction. (COMPUTER)

FDN 3500. Independent Study (1–4).F;S.

FDN 3520. Instructional Assistance (1). On Demand.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

FDN 3800. Foundations of American Education (3).F;S.
An examination of historical, philosophical, sociological, political and economic forces affecting education and schooling in the United States. May serve as an elective for non-teacher education majors by permission of the departmental chair. FDN 3800 may not be taken by teacher education majors before admission to teacher education. (CROSS-DISCIPLINARY)

FDN 3850. Literacy, Technology and Instruction (3).F;S.
This course covers a broad range of issues related to literacy, uses of technology and instructional strategies in educational settings. It serves as an instructional model for the latest technologies and research based instructional strategies. In addition, students are expected to design lessons and units which utilize this instruction. (Same as CI 3850/RE 3850.) (COMPUTER)

FDN 4200. Psychology of Reading for the Classroom Teacher (3). On Demand.
Provides classroom teachers with a comprehensive overview of modern learning theories as they apply to the psychology of reading behavior and the psychology of reading instruction. The course is organized in such a way that students are guided into critical evaluation and analysis of reading practices in relation to prevalent theories of learning. Students are encouraged to formulate ways in which learning theories can be translated into reading behavior and used to develop teaching strategies for teaching instruction.

FDN 4600. Educational Statistics (3).F;S.
A study of descriptive statistics, correlational techniques, and simple regression as applied to practice and research in education and counseling. Instruction in and extensive use of SPSS statistical package included. (NUMERICAL DATA; COMPUTER) [Dual-listed with FDN 5600.] (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

FDN 4800. Education of the Culturally Diverse (3). On Demand.
A general survey of situations encountered by the teacher in a culturally diverse society. As emphasis on the development of the empathetic teacher and the creation of teacher strategies and materials. Open to graduates and seniors. [Dual-listed with FDN 5801.]

FDN 4810. Education in Appalachian America (3). On Demand.
A course designed to assist the teacher of mountain children in understanding the pupil and school in the Appalachian culture. Various Appalachian cultural descriptors and their effect on schooling will be discussed with attention to the creation of teaching strategies and materials. Open to graduates and seniors. [Dual-listed with FDN 5810.]
The College of Fine and Applied Arts

J. Mark Estepp, Dean
Nina-Jo Moore, Associate Dean

In cooperation with other colleges of the University, the College of Fine and Applied Arts strives:
1. to provide for varied interests, desires, needs, and abilities of students
2. to provide a liberal education for all Appalachian students
3. to expand cultural horizons and develop appreciation of ethical and aesthetic values
4. to prepare students for certain professions
5. to prepare students for entrance into certain professional schools
6. to provide sound foundations for students capable and desirous of advanced study
7. to prepare students for graduate study and research

Departments
The College of Fine and Applied Arts consists of the following eight departments:
- Art
- Communication
- Family and Consumer Sciences
- Health, Leisure and Exercise Science
- Military Science and Leadership
- Nursing
- Technology
- Theatre and Dance

NOTE: Although the requirement for most degree programs at Appalachian can be met within the minimum of 122 semester hours, the student should be aware that certain programs of study require additional hours. Students are advised to check with the department of their intended major early in their studies. Meeting graduation requirements is the student’s responsibility.

Degrees Offered
The College of Fine and Applied Arts offers the Bachelor of Arts, Bachelor of Fine Arts, the Bachelor of Science degrees, and the Bachelor of Science in nursing. In cooperation with the Reich College of Education, it offers the Bachelor of Science degree with teacher licensure in Art education (K-12), Child Development: Birth Through Kindergarten, Physical Education Teacher Education (K-12), Family and Consumer Sciences, Secondary Education, Technology Education, and Teaching Theatre Arts, K-12.

To be admitted to the College of Fine and Applied Arts as a candidate for a baccalaureate degree, a student must have:
1. Completed at least 30 semester hours
2. A grade-point average of at least 2.00
3. Completed ENG 1000 and ENG 1100
4. Been accepted by a department in the college as a major in that department
5. Students moving from Orientation and Core Studies to the degree-granting department must check with the departmental office for the purpose of being assigned a faculty advisor.

A student who is a candidate for a teaching license must be admitted to the teacher education program by the chair of the Department of Curriculum and Instruction.

Calculation of the GPA (grade-point average) in the MAJOR is figured by using only those courses listed under the “MAJOR REQUIREMENTS” section of each checksheet. The repeat rule is observed.

Advisement
Advisement for the College of Fine and Applied Arts is available through each department within the College. Each student should visit the dean’s office for a graduation audit one semester prior to graduation.

Bachelor of Arts degree
In order for a student to earn the Bachelor of Arts degree in the College of Fine and Applied Arts, the following requirements must be met:
1. Completion of at least 122 semester hours with a grade-point average of at least 2.00. A transfer student must have at least a 2.00 grade-point average on all work at Appalachian.
2. Completion of core curriculum requirements
3. Completion of six semester hours of a second year of foreign language or higher. The Department of Foreign Languages and Literatures places students at the level at which they are prepared to perform regardless of previously earned units.
4. Completion of a major consisting of 40 semester hours from one of the departments listed below:
   - Art, Theatre and Dance
     Students in Art must have a 2.00 grade-point in each ART course required in the major. Students in Theatre and Dance must have an overall 2.00 grade-point average in the major; however, a grade of “B-” minimum is required in certain courses

---

APPALACHIAN STATE UNIVERSITY UNDERGRADUATE BULLETIN 2007–2008
The College of Fine and Applied Arts

depending upon concentration chosen (see checksheet for specific requirements). Transfer students must complete at least eighteen semester hours of work in their major at Appalachian.

Specific requirements for each departmental major preface the list of courses offered by the department.

5. Completion of a minor consisting of 12 to 20 semester hours from a department other than the Departments of Leadership and Educational Studies; and Human Development and Psychological Counseling. Transfer students must complete at least nine semester hours in their minor at Appalachian. The choice of a minor should be made under the guidance of the student’s advisor.

Specific requirements for each departmental minor preface the list of courses offered by the department.

6. Completion of electives to total 122 semester hours
7. Completion of residence requirements
8. Compliance with regulations concerning the settlement of all expense accounts
9. Recommendation of the faculty

Meeting graduation requirements is the student’s responsibility.

Students pursuing the B.A. degree are advised to refer to the section entitled “Credit Limitations” which apply to that particular degree.

A candidate for the Bachelor of Arts degree may qualify for a teacher’s license by admission to professional education courses through the office of laboratory experiences in the College of Education and by completing all academic and professional educational requirements for licensure.

Bachelor of Fine Arts degree

1. Completion of at least 122 semester hours with a cumulative grade-point average of at least 2.00. A transfer student must have at least a 2.00 grade-point average on all work at Appalachian.
2. Completion of core curriculum requirements
3. Completion of a major as described by the Department of Art

Students in Art must have a minimum 2.00 grade-point in each ART course required within the major.

Specific requirements for this degree preface the list of courses offered by the department.

Bachelor of Science degree (without teacher licensure)

In order for a student to earn the Bachelor of Science degree in the College of Fine and Applied Arts, the following requirements must be met:

1. Completion of at least 122 semester hours with a grade-point average of at least 2.00. A transfer student must have at least a 2.00 grade-point average on all work at Appalachian.
2. Completion of the core curriculum requirements
3. Completion of a major as described by the various departments offering Bachelor of Science programs without teacher licensure:
   - Art; Communication; Family and Consumer Sciences; Health, Leisure and Exercise Science; Technology
     In conjunction with the College of Arts and Sciences, the College of Fine and Applied Arts offers the Bachelor of Science degree in child development. Participating departments in the child development degree are Psychology (Arts and Sciences), and Family and Consumer Sciences (Fine and Applied Arts). The degree is housed in the Department of Family and Consumer Sciences. For information regarding degree requirements for these two concentrations, refer to the respective department.
     Students must have at least a 2.00 grade-point average on all work in the major. Transfer students must complete at least eighteen semester hours of work in their major at Appalachian and must have at least a 2.00 grade-point average on all work in the major at Appalachian.

Specific requirements for each department major preface the list of courses offered by the department.

4. Completion of a minor consisting of 12 to 20 semester hours (unless otherwise designated) and from a department other than the Departments of Leadership and Educational Studies; and Human Development and Psychological Counseling. (Transfer students must complete at least nine semester hours in their minor at Appalachian.) The choice of a minor should be made under the guidance of the student’s advisor.

Specific requirements for each departmental minor preface the list of courses offered by the department.

5. Completion of electives to total 122 semester hours
6. Completion of residence requirements
7. Compliance with regulations concerning the settlement of all expense accounts
8. Recommendation of the faculty
Meeting graduation requirements is the student’s responsibility.

**Bachelor of Science degree (with teacher licensure)**
For the requirements for the Bachelor of Science degree with teacher licensure, refer to the individual departments.

**Bachelor of Science degree in Nursing (RN to BSN) (without teacher licensure)**
In order for a student to earn the Bachelor of Science degree in Nursing (RN to BSN) in the College of Fine and Applied Arts, the following requirements must be met:

1. Students in Nursing must hold an Associate degree in Nursing (ADN) and they must also hold (or be eligible to hold) a current and active registered nurse (RN) license in North Carolina or a compact state.
2. Must have been admitted to the Nursing Program by the Chair of the Department of Nursing
3. Must maintain current CPR certification
4. Must have TB (or x-ray) testing, hepatitis B immunizations, and all immunizations required by the University
5. Completion of core curriculum requirements
6. Completion of major and cognate courses
7. Completion of 122 semester hours with a grade-point average of at least 2.0
8. A minimum grade of “C” (2.0) or higher is required in each nursing course before proceeding to the next nursing course; however, an overall GPA of 2.50 is required in the nursing courses at the end of the junior year and every semester thereafter.

[Only one course may be repeated (one time) during progression through the nursing curriculum.]

Note: Upon successful completion of NUR 3010 and NUR 3020 with a “C” or better, the student will receive 30 hours of validated credit for prior learning and clinical competencies.

**Internships**
Opportunities are available for students to become involved in internships associated with the academic disciplines represented by all the departments in the College of Fine and Applied Arts. These internships provide students with on-the-job experiences in many areas of endeavor and allow them to earn academic credit which is applicable toward their degree. Students interested in pursuing this valuable educational opportunity should contact either their departmental advisor or the departmental office. Consult the catalog statement which describes the student internship program.
Department of Art (ART)

Marilyn C. Smith, Interim Chair  
Jim A. Toub, Interim Assistant Chair

Eli Bentor  Scott P. Ludwig  Lisa M. Stinson
Kathleen Campbell  Robin Martindale  Heather L. Waldroup
Christopher M. Curtin  (Ara) Ed Midgett  Gayle M. Weitz
Alison Denyer  Gary M. Nemcosky  Barbara Yale-Read
Lynn Duryea  Eric L. Purves  Margaret A. Yaukey
April V. Flanders  Ali Raza
Victoria Grube  Jody M. Servon

The purposes of the Department of Art are: (1) to provide instruction and to promote co-curricular activities which prepare students for professional careers in the visual arts such as teaching or graphic design, and in arts related fields such as arts management or gallery work; (2) to provide instruction and training in the intellectual and technical skills necessary for studio art production; (3) to promote informed understanding of the value of art and design in contemporary and in historical cultures; (4) to cultivate students' abilities to think creatively and critically when both producing and responding to visual art; (5) to provide instruction and co-curricular activities in the visual arts as a component of the core curriculum program; and (6) to contribute creative work and scholarship to the University community, the arts professions and to society in general.

Admission into Majors in the Department of Art

(B.A. degree students with a concentration in Art History are exempt from all portfolio reviews.)

Admission is competitive and by portfolio review only. Students must formally apply for admittance into the Department of Art through the FOUNDATIONS PORTFOLIO REVIEW. The Department of Art has three formal portfolio reviews that are outlined below.

The results of each review are final and cannot be appealed. Information packets which describe the particulars of each review process are available by contacting the Department of Art.

I. FOUNDATIONS PORTFOLIO REVIEW: All entering students (freshmen, transfers, and others):

All potential art majors should indicate art as their intended major on the University application form which will result in their receiving important Art department information. All entering students must send a portfolio of no more than ten slides with the completed Foundations Portfolio Form to the Department of Art by the first Wednesday in November/April/July. All students should submit to the Foundations portfolio review at least one semester prior to entering Appalachian. Whenever possible, this review should take place after the student is formally admitted to Appalachian.

Students not admitted into the Department of Art may enroll in Art 1011 and Art 1013 and may resubmit to the next Foundations portfolio review ONE TIME ONLY.

II. TRANSFER PORTFOLIO REVIEW (For all transfer students admitted by Foundations Portfolio Review):

All transfer students who wish to pursue an art degree at Appalachian must first be admitted into the Department of Art via the Foundations Portfolio Review (see above). Transfer students must submit to the Foundations Portfolio Review at least one semester prior to enrolling at Appalachian. Admission into the Department of Art is limited and is highly competitive.

All degree tracks in art generally take at least three years to complete. Although most academic/lecture courses easily transfer from one institution to another, a student should not assume studio art courses will always transfer as course credit. They will always transfer as elective credit.

The Transfer Portfolio Review determines whether or not art courses taken at another institution or outside the major will count for requirements at Appalachian. To be considered for transfer substitution credit for any studio courses, a portfolio of all artwork from EACH course must be submitted on Reading Day of the semester prior to entering Appalachian (during the first week in December/May/August).

All transfer students admitted through the Foundations Portfolio Review will be sent a Transfer Portfolio Review Information Packet which addresses all particulars of this process.

III. CANDIDACY PORTFOLIO REVIEW/GRAPHIC DESIGN (For admittance into the Bachelor of Fine Arts degree in Graphic Design).

Art majors seeking the Bachelor of Fine Arts degree in Graphic Design must submit their work to the Candidacy Portfolio Review in order to gain entrance into the BFA Graphic Design program. This second review usually occurs during a student's third semester at Appalachian (possibly earlier for transfer students), after completion of foundation requirements (ART 1001, ART 1002, ART 1003, and ART 1102) plus ART 2030, ART 2130, and one beginning 2000 level studio course. Students seeking the BFA degree in Graphic Design must pass the Candidacy Portfolio Review before taking any 3000 level studio course. Students who do not pass this review may use their earned art credits as electives or as requirements towards another degree in art or
towards a minor in art. Students may also repeat courses and/or continue to take 2000 level studio courses and re-submit to the Candidacy Portfolio Review one time only. The Candidacy Portfolio Review takes place on Reading Day at the end of the fall and spring semesters.

Students majoring in art must make a minimum grade of "C" (2.0) in each required art course. Courses stipulated as prerequisites for subsequent art courses must be successfully completed with a grade of "C" or higher before continuing to the next level of course work.

The Department of Art requires that each graduating senior exhibit new work with other students during their final spring semester at Appalachian as part of the department's annual Art Expo Competition. This Art Expo Exhibit is scheduled one year in advance and information concerning particulars is available from the Department of Art upon request.

Newly admitted freshmen and transfer students are advised to attend the Department of Art meeting scheduled during freshmen and transfer orientation sessions. Additional important information is given and all art majors and prospective art majors are assigned an Art advisor.

The Bachelor of Arts degree in Art (504*/50.0701) with a concentration in Art History (504B) consists of 40 semester hours. Introductory course requirements include 9 s.h. from ART 1011, ART 1012, ART 1013, ART 2013/MUS 2013/PHL 2013, ART 2016; Art History requirements consist of 33 s.h. and includes ART 2030*, ART 2130* (*counted as part of the 44 s.h. core curriculum), ART 4030 and 24 s.h. from the following courses: ART 2230, ART 3400, ART 3600, ART 3630, ART 3700, ART 3730, ART 3800, ART 4730, ART 3530-3549 in Art History (may be repeated barring duplication); and 4 s.h. of courses from related areas including CIS 2025 or CS 1410 or any 2-3 s.h. course carrying a computer designation, and 1 or 2 s.h. from ART 2500, ART 3013, ART 3500, ART 3520.

In addition to the 40 s.h. major requirements, 6 s.h. of a second year foreign language are required as well as a 12-18 s.h. minor. Also, 2 s.h. of free electives outside the major discipline are required.

The Bachelor of Arts degree in Art (504*/50.0701) with concentrations in Interdisciplinary Art (504D), and Studio Art (504C) consists of 40 semester hours. Foundations requirements consist of 15 s.h. and includes ART 1001, ART 1002, ART 1003; 6 s.h. of art studios at the 2000 level which cannot be used elsewhere in the major; Art History requirements consist of 12 s.h. and include ART 2030*, ART 2130* (*counted as part of the 44 s.h. core curriculum), ART 4030; 3 s.h. of another art history not used elsewhere in the major; 4 s.h. of courses from related areas include 1 s.h. from ART 2500, ART 3013, ART 3500 or ART 3520; and ART 2104. In addition to these requirements, one of the following 15 s.h. concentrations must be chosen:

Interdisciplinary Art concentration (504D) (15 s.h.)—Choose 15 s.h. that includes a combination of courses from both the Art History concentration and the Studio Art concentration not used elsewhere in the major. Six semester hours must be chosen from one concentration and 9 s.h. from the other concentration.

Studio Art concentration (504C) (15 s.h.)—ART 2103 and choose 12 s.h. from the following courses not used elsewhere in the major: ART 2100, ART 3100, ART 3200, ART 3300, ART 4300, ART 2101, ART 2201, ART 3101, ART 3201, ART 4301, ART 2025, ART 2125, ART 3225, ART 3325, ART 4325, ART 3530-3549 (selected topics in studio art), ART 1202, ART 2007, ART 2107, ART 3007, ART 3107, ART 4307, ART 2008, ART 3008, ART 3208, ART 3308, ART 4308, ART 2009, ART 3009, ART 3109, ART 4109, ART 4309, ART 2126, ART 2026, ART 3226, ART 3103.

In addition to the 40 s.h. major requirements, 6 s.h. of a second year foreign language are required as well as a 12-18 s.h. minor. Also, 2 s.h. of free electives outside the major discipline are required.

The Bachelor of Science degree in Art Education (K-12) (502A/13.1302) [T] (with teacher licensure) consists of 80 semester hours which includes: Foundations courses (ART 1001, ART 1002, ART 1003); Art History courses (ART 2030, ART 2130, and 6 s.h. of art history electives chosen in consultation with an art education advisor); Art Education courses (ART 2420 and ART 3420); and 27 s.h. of art electives not used elsewhere in the major, chosen in consultation with an art education advisor (up to 6 s.h. of relevant courses may be taken outside the art department with permission of the art education committee). In addition, the art education major must take 3 s.h. outside the major discipline, and satisfy specified professional education requirements. For the requirements leading to K-12 special licensure, see the Department of Curriculum and Instruction.

The Bachelor of Science degree in Art Management (523A/50.0704) consists of 80 semester hours which includes 9 s.h. of Foundations Requirements—ART 1001, ART 1002, and ART 1003; 15 s.h. of Introductory Studio Art—ART 2103 and select 12 s.h. from: ART 1102, ART 2007 or ART 2107, ART 2008, ART 2009, ART 2025 or ART 2125, ART 2026, ART 2100, ART 2101 or ART 2201; 9 s.h. of Art History—ART 2030, ART 2130 and choose 3 s.h. from: ART 3400, ART 3530-3549 (selected topics in art history), ART 3600, ART 3630, ART 3700, ART 3730, ART 3800, and ART 4030; 6 s.h. of Advanced Studio from courses not used elsewhere in the major—Clay: ART 2007 or ART 2107, ART 3007, ART 3107; Fibers: ART 3008, ART 3208; Painting: ART 3100, ART 3200; Sculpture: ART 2101 or ART 2201, ART 3101, ART 3201; Printmaking: ART 2125, ART 3225, ART 3325; Metalsmithing & Jewelry: ART 3009, ART 3109; Photo: ART 2126, ART 3226; Drawing: ART 3103; or any Art History not used elsewhere in the major. A 35 s.h. Art
Management core is required which includes: ART 2104, ART 4012, ART 4013, ART 4900 (8 s.h. min.), ACC 1100, COM 2101, ECO 2030, ENG 3100, MGT 3010, MGT 3620; 6 s.h. of related areas courses may be selected from: ACC 2110, ART 2102, ART 3500, CI 4830, CI 4840, ECO 2040, ECO 2100, ENG 3700, LAW 2150, FIN 3010, FCS 1300, RM 2110, RM 2310, MGT 3060, MUS 2011, THR 2111, THR 2445 or MUS 2445, THR 3735. Not included in the 80 s.h. is 2 s.h. minimum of free electives outside the major discipline.

The Bachelor of Fine Arts degree in Graphic Design (511A/50.0409) consists of 75 semester hours in studio, art history, and related areas beginning with a foundations/studio requirement of ART 1001, ART 1002, ART 1003, ART 2103, and nine hours from ART 2008, ART 2025, ART 2100, ART 2007 or ART 2107, ART 2009, ART 2101 or ART 2201. The studio major in graphic design further consists of intermediate studios in GRA 1011; ART 2026, ART 2102, ART 2104, ART 2125, ART 3102; advanced studios in ART 3202, ART 3226, ART 4102, ART 4202; and six hours special topics in graphic design from ART 1202, ART 3602 (may be repeated barring duplication), ART 4602. At least three hours of professional development electives must be taken from ENG 3100; COM 2101, COM 2110; and others with written approval of the advisor. Twelve hours of art history must include ART 2030, ART 2130, ART 2230, and 3 hours from ART 3400, ART 3600, ART 3630, ART 3700, ART 3730, ART 3800, ART 4030, ART 4602, ART 4730. Also, students must successfully complete senior portfolio review. Not included in the 75 s.h. are 2 s.h. minimum of free electives outside the major discipline.

The Bachelor of Fine Arts degree in Studio Art (513A/50.0702) includes areas of emphasis in clay, fibers, metalsmithing & jewelry, painting, photography, printmaking, and sculpture and consists of 78 semester hours in studio, art history and electives. The program begins with foundations requirements of ART 1001, ART 1002, ART 1003, and the introductory studio level of 15 s.h. including ART 2103, plus 12 s.h. from: ART 2007 or ART 2107, ART 2009, ART 2101 or ART 2201, ART 2008, ART 2025 or ART 2125, ART 2026 and ART 2100. The studio emphasis consists of 30 semester hours including ART 3103, plus 18 semester hours from a primary studio emphasis which includes studio seminar and senior studio. The secondary studio emphasis consists of 9 semester hours above the introductory level. Studio electives of 9 semester hours may be selected from any art studio not used elsewhere in the major and may also include related areas from other departments with the written approval of the advisor. Art History requirements are 12 semester hours including ART 2030 and ART 2130. There is a computer designator requirement of 3 semester hours, ART 2104. Not included in the 78 s.h. is 6 s.h. minimum of free electives, including 2 s.h. from outside the major discipline.

A minor in Art (504/50.0701) for students who HAVE NOT PASSED THE FOUNDATIONS PORTFOLIO REVIEW consists of 18 semester hours. Courses include ART 1011, ART 1012, ART 1013 AND 9 s.h. chosen from ART 2011, ART 2016, ART 2030, ART 2130, ART 4012, or ART 4730.

All transfer students who have taken studio art courses at another accredited institution and who wish to receive substitution credit for art fundamentals (ART 1011, ART 1012, ART 1013) and/or any beginning level art studio course to count towards a Minor in Art must submit the actual work from each studio class to the Transfer Portfolio Review for Art Minors. This review takes place on the third Wednesday in October and in March only. See an advisor for art minors for details.

A minor in Art (504/50.0701) for students who HAVE PASSED THE FOUNDATIONS PORTFOLIO REVIEW consists of 18 semester hours. Courses include ART 1001, ART 1002, ART 1003 AND 9 s.h. chosen from any 2000 level art studio course and/or any art history course.

A minor in Art History (505/50.0703) consists of 18 semester hours. Courses include ART 2030, ART 2130, ART 4030 and 9 s.h. must be chosen from ART 2230, ART 3400, ART 3600, ART 3630, ART 3700, ART 3730, ART 3800, ART 4730 or selected topics in art history.

Honors Program in Art
The Department of Art offers honors courses to students who have a minimum overall GPA of 3.45 in art courses and/or are nominated by a faculty member, and are invited by the Art Honors Committee. Qualified non-majors may enroll in art honors courses. However, to graduate with "honors in art" a student must be an art major who has completed at least nine semester hours of work in departmental honors courses. Three of the semester hours taken must include ART 4510, Senior Honors Thesis.

Courses of Instruction in Art (ART)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

**ART (ART)**

**ART 1001. Foundations I (3), F;S.**
Basic introduction to two-dimensional design emphasizing the structural elements of art, the principles of visual organization, and the psychological effects of visual decision making. Color theory, including schematic uses and historical and psychological aspects, will
be explored along with the application of color mixing and color integration. There will be an introduction to the critical and analytical approaches to the visual arts. Prerequisite: portfolio admission into the Department of Art. Lecture and studio four hours.

**ART 1002. Foundations II (3).F;S.**
This course is the second half of an introduction to the structural elements of art. It examines the organizational principles of three-dimensional design and the study of equipment and materials used in this area of art making. Emphasis is on three-dimensional vocabulary, understanding of sculptural space, the use of hand and power tools, materials manipulation, and processes related to three-dimensional art. Prerequisite: ART 1001. Lecture and studio four hours.

**ART 1003. Foundations Drawing (3).F;S.**
An introductory experience in drawing with emphasis on visual awareness, perceptions, and interpretation. An orientation to basic tools, materials, and techniques is centered on drawing basic forms (cylinder, sphere, cone & cube) and continues through more complex objects and spatial contexts (still-life, interior, architectural exterior, and the human form). Should be taken concurrently with one other foundations level course. Prerequisite: portfolio admission into the Department of Art. Lecture and studio four hours.

**ART 1004. Visual Arts Exhibition Guide (1).F;S.**
Students will familiarize themselves with current exhibitions of the Turchin Center for the Visual Arts, research aspects of the exhibitions, prepare educational materials, and give tours to groups and individuals. Open to art majors and non-art majors. Lecture/practicum one hour per week. May be repeated for a total of six semester hours credit.

**ART 1010. Visual Communication (3).** On Demand.
This course examines the significance of the image as a vehicle of communication. Concepts and techniques taken from historical as well as from contemporary sources will seek to develop an understanding of the nature of the visual process and its importance in human lives. Studio work will include art experiences designed to increase an understanding of form and of content. Lecture and studio four hours.

**ART 1011. Design Fundamentals I (3).F;S.**
Basic introduction to two-dimensional design emphasizing the structural elements of art, the principles of visual organization, and the psychological effects of visual decision making. Color theory including schematic uses and historical and psychological aspects will be explored along with the application of color mixing and color interaction. There will be an introduction to the critical and analytical approaches to the visual arts. Lecture and studio four hours.

**ART 1012. Design Fundamentals II (3).F;S.**
Second half of basic studio problems in visual design offering further work with the structural elements and the organizational principles dealing now with three-dimensional design and space. Guided structural analysis will continue in order to develop aesthetic evaluation perceptions and skills. Prerequisite: ART 1011. Lecture and studio four hours.

**ART 1013. Drawing Fundamentals (3).F.**
Introduction to the drawing experience with emphasis on the development of eye/hand coordination and on basic techniques and skills necessary for the interpretation of visual form. Lecture and studio four hours.

**ART 1102. Graphic Design I (3).F;S.**
This course is a graphic design foundation course that prepares the student for more complex creative problem solving projects. The course challenges the student to further develop design skills as well as to develop the technical skills of a graphic designer. Prerequisites: ART 1001 and ART 1003. Lecture and studio four hours.

**ART 1202. Calligraphy (3).** On Demand.
An introduction to letter forms of use to both the serious and the occasional student. Western Calligraphy, including Roman capital letters, foundational Roman and Italic alphabets will be studied. The application of color to letter forms will be examined, with an emphasis on technique, creativity, and design. Included in the course of study will be the history and development of the alphabet as it applies to hand-lettered forms. Prerequisite: ART 1001 or permission of the instructor. Lecture and studio four hours.

**ART 2007. Clay I: Beginning Handbuilding (3).F;S.**
An introduction to clay and clay bodies using all phases of handbuilding. An over-all investigation of clay techniques emphasizing form and design. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.

**ART 2008. Fibers I (3).F;S.**
General introduction to and involvement with basic fibers processes. Emphasis on fibers processes as a visual and personal problem-solving experience. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.
ART 2009. Metalsmithing and Jewelry Design I: Fabrication and Stone Setting (3).F;S.
This course will focus on processes for construction with nonferrous metals. Techniques will include basic fabrication, stone setting, forming and the creation of mechanisms. Prerequisites: ART 1001 and ART 1002. Lecture and studio four hours.

ART 2011. Art Introduction (3).F;S.
Analysis of selected examples of architecture, sculpture, painting, crafts, and industrial design in relation to their historic time and need. Lecture three hours. (CORE: HUMANITIES)

ART 2013. Humanities: Arts & Ideas (3).F.
A course which concentrates on the interplay of art and philosophy in the ancient through contemporary cultures. Lecture three hours. (Same as MUS 2013/PHL 2013.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

ART 2016. Introduction to Studio Art (3).F.
Studio course for non-art majors, and for art majors concentrating in art history, who wish to pursue the art-making experience in various studio areas (alloys, clay, fibers, painting, photography, printmaking, and sculpture). Course may be repeated barring duplication of studio area. Lecture and studio four hours. Prerequisites: ART 1011, ART 1012, and ART 1013 or by permission of the instructor.

ART 2025. Relief Printing (3).F;S.
A general introduction to printmaking - its history, development, techniques, and processes. Emphasis is on an in-depth study and application of various relief methods (embossing, collagraph, linoleum cut, woodcut, and non-traditional methods) along with an investigation of relevant image source and development. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.

ART 2026. Photographic Design I (3).F;S.
An introduction to photography: its history, development, techniques, and processes. Students will have the opportunity to learn proper procedures for composing, exposing, developing, processing, printing, enlarging, and displaying black/white photographic images, with emphasis on technical and pictorial expertise. There will also be instruction in basic lighting, shooting, and copying of art work for portfolio and/or educational purposes. A non-automatic 35 MM camera is needed. Prerequisite: ART 1001, or the instructor’s approval prior to registration. Lecture and studio four hours.

ART 2030. Prehistory Through Medieval Art (3).F.
A survey of painting, sculpture, and architecture from prehistoric times through the fourteenth century. Lecture three hours. (MULTI-CULTURAL) (CORE: HUMANITIES)

ART 2100. Painting I (3).F;S.
An introduction to the medium of oil or acrylic paint emphasizing color, techniques, and composition will include perceptual and conceptual resolutions. Individual consultation and group critiques. Prerequisites: ART 1001 and ART 1003. Lecture and studio four hours.

ART 2101. Sculpture I: Modeling and Casting (3).F;S.
An introduction to sculptural ideas and concepts developed through modeling in clay, wax and plaster molding processes. An introduction to foundry casting includes basic sand casting and plaster investment processes. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.

ART 2102. Typography (3).F;S.
A concentration in the study of typography. Course includes a survey of major typographical trends, analysis of letterforms, typesetting methods and the use of type in layout design. Prerequisites: ART 1001 and ART 1003; this course may be taken at the same time as, but not before ART 1102. Corequisite: GRA 1012. Lecture and studio four hours.

ART 2103. Drawing II (3).F;S.
Involvement with a variety of drawing concepts and media. Emphasis on student development of compositional concerns, graphic expression through media and process, and content. Both subjective and conceptual approaches will be undertaken in drawing exercises. The course also includes life studies from complex still-lifes, landscapes, interiors, and the human figure. Prerequisites: ART 1001 and ART 1003. Lecture and studio four hours.

ART 2104. Digital Imaging (3).S.
This is an introductory course in the use of the microcomputer specifically for electronic media image-manipulation by artists and designers. This course emphasizes visual problem-solving using the computer as a creative tool. Lecture and studio four hours. Prerequisites: ART 1001, ART 1002, and ART 1003. (COMPUTER)
ART 2107. Clay I: Beginning Throwing (3).F;S.
An introduction to clay and clay bodies using the potters wheel. An investigation of throwing techniques emphasizing form and design. Prerequisites: ART 1001, ART 1002, and ART 1003. Lecture and studio four hours.

ART 2125. Serigraphy (3).F;S.
In-depth work with photomechanical screenprinting processes and techniques and with color theory. Emphasis is on the thorough investigation and development of diverse image sources resulting in unique pictorial statements. Prerequisite: ART 2103. Lecture and studio four hours.

ART 2126. Pinhole Photography (3). On Demand.
This course offers an introduction to and extensive experience with several unique photographic applications, while concentrating on pinhole photography, photograms, drawn negatives, and other alternative photographic approaches and processes. Emphasis is on the creation of inventive compositions and image manipulations. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.

ART 2130. Renaissance Through Contemporary Art (3).F;S.
A survey of painting, sculpture, and architecture from the fifteenth century to the present. Lecture three hours. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)

ART 2201. Sculpture I: Carving and Construction (3).F;S.
An introduction to sculptural ideas and concepts developed through carving in stone and wood and additive construction in materials such as welded steel. The student is introduced to the use of specialized hand and power tools including pneumatic chisels and die grinders as well as power sanders and grinders required for shaping and finishing stone, wood and steel. Prerequisites: ART 1001, ART 1002 and ART 1003. Lecture and studio four hours.

ART 2230. History of Graphic Design (3).S.
A historical survey of graphic communications including the development of word symbols, type, printing, illustration, photography, and computer art. Lecture three hours. (WRITING)

ART 2420. Cultural Production (3).F;S.
Students will study the history and theory of art education as it relates to contemporary visual culture and to the child’s experience of making art. Theories of art education that illuminate the vital importance of personal experience, public memory, intertextuality, and cultural narrative will be examined. Various models for assessing student performance will be studied with special attention given to creating assessment tools that deconstruct the practice of knower and non-knower and construct practical instruments of shared knowledge. The class will be a combination of written responses, class discussions, research, observations, technological applications and a community collaborative experience. Lecture two hours, laboratory two hours. (WRITING)

ART 2500. Independent Study (1-4).F;S.
Majors in art may broaden and intensify their program through individual research and involvement in a given area of art. Prerequisite: permission of the departmental chair.

ART 3007. Clay II: Intermediate Handbuilding (3).F;S.
An intermediate clay course developing handbuilding technical skills, plus the possible combination of handbuilt and thrown techniques emphasizing form and design. Prerequisite: ART 2007. Lecture and studio four hours.

ART 3008. Fibers II (3).
Intermediate exploration in selected fibers processes. Emphasis on fibers as a visual and personal problem-solving process as well as thorough technical understanding. Prerequisite: ART 2008. Lecture and studio four hours.

ART 3009. Metalsmithing and Jewelry Design II: Casting (3).F;S.
This course will introduce centrifugal casting, rubber mold making, advanced stone setting, repousse and chasing. Students will continue to develop and incorporate forming and fabrication skills. Prerequisites: ART 2009 and candidacy review. Lecture and studio four hours.

ART 3013. Introduction to New York/Washington Art Scene (1).F;S.
The ASU-NY Loft and/or the Appalachian House in Washington are bases from which visiting groups of students will experience the art museums and galleries in each city. Trips to these cities, organized by art faculty, allow students to gain one semester hour credit. Individual projects are assigned by the instructor leading each trip. May be repeated for a total of three hours credit.
ART 3021. Visual Art in the Elementary School (3).F;S.
A general orientation to visual art teaching/learning for the elementary level teacher. Students will study visual culture as it relates to children's art-making and the larger world. The class offers a studio experience with ongoing sketchbook assignments. There is a practicum requirement outside of class time where students implement art education theories and methods in an actual teaching situation and perform a child study based on art education meaning-based pedagogy. Lecture two hours per week, studio two hours per week, plus observations and teaching experiences outside of class time are required. Prerequisite: ART 2101. (Note: Those pursuing a second concentration in visual arts should take ART 2420 instead of ART 3021.)

Focusing on the child, ages birth through six, this course is based on a theory of visual culture: the questioning of developmental stages, the image of the child as a cultural convention, personal narrative, meaningful art practice, and recognizing art as a dialogue between individuals and culture. Readings, written responses, discussions will be based on what we know collectively about the growth and development of the young child, good teaching practice, and critical pedagogy. The class will offer studio experiences, observations and teaching experiences. Students will design and implement a case study. Lecture two hours per week, studio two hours per week, plus observations and teaching experiences outside of class time are required.

ART 3100. Painting II (3).S.
This course allows the student to continue painting processes begun in Painting I. Emphasis is on the gradual introduction of more difficult painting problems and more sophisticated ideas of color and composition. Prerequisite: ART 2100. Lecture and studio four hours.

ART 3101. Sculpture II (3).F.
Intermediate exploration of sculptural expression through greater depth and emphasis on media, processes and concepts previously introduced in the 2000 level sculpture courses. Prerequisites: ART 2101 and ART 2201. Lecture and studio four hours.

ART 3102. Graphic Design II (3).F;S.
Third course in graphic design sequence stressing creative problem solving techniques as applied to layout, color and typography. An introduction to the Macintosh microcomputer with emphasis on applications used for design, layout and illustration. Prerequisites: ART 1002, ART 1102, ART 2102 and GRA 1012. Lecture and studio four hours. (COMPUTER)

ART 3103. Drawing III (3).S.
Advanced study in drawing concepts, image–development, materials and techniques. A study of contemporary drawing media and methods, concentrating on the human figure and related themes. A cross-cultural study of drawing in the history of art, exploring a variety of aesthetic traditions. Prerequisite: ART 2103. Lecture and studio four hours.

ART 3107. Clay II: Intermediate Throwing (3).F;S.
An intermediate clay course developing technical skills using the potters wheel, plus the possible combination of throwing with some handbuilding techniques emphasizing form and design. Prerequisite: ART 2107. Lecture and studio four hours.

ART 3109. Metalsmithing and Jewelry Design III: Hollowware (3).F;S.
This course will introduce the smithing processes of raising, stretching, sinking and shell forming used in the creation of both traditional and nontraditional hollowware forms. In addition, students will continue to develop fabrication, stone setting and casting techniques by adapting and integrating them into more complex and sophisticated forms. Prerequisite: ART 3009. Lecture and studio four hours.

ART 3200. Painting III (3).F.
Advanced study in painting which offers more challenging assignments than the preceding two courses. This course allows more choices and greater flexibility in order to encourage the development of individual techniques and styles. Prerequisites: ART 2103 and ART 3100. Lecture and studio four hours.

ART 3201. Sculpture II: Contemporary Issues (3).S.
Intermediate focus on traditional and/or experimental sculptural processes, media or techniques. Topics to be considered may include installation art, digital art, performance art or site specific sculpture as well as in-depth study of traditional media. Course content will vary from semester to semester. Prerequisites: ART 2101 and ART 2201. Lecture and studio four hours.

ART 3202. Graphic Design III (3).F;S.
An intermediate course in the graphic design sequence involving a wide range of design problems with an emphasis on the development of conceptual and technical proficiencies stressing skills developed in typography. An introduction to the Macintosh microcomputer applications for graphic design. Prerequisites: ART 2026, ART 2103, ART 2104 and ART 3102. Lecture and studio four hours. (COMPUTER)
ART 3208. Fibers III (3).F;S.
In-depth study in selected fibers processes. Emphasis on fibers as a visual and problem-solving process with enhanced technical applications. Prerequisite: ART 3008. Lecture and studio four hours.

ART 3225. Etching (3).F.
Involvement with etching and other related intaglio processes, both traditional and non-traditional, with emphasis on thorough technical understanding and resolved pictorial statements. Prerequisites: ART 2103 and either ART 2025 or ART 2125 or permission of the instructor prior to enrollment. Lecture and studio four hours.

ART 3226. Photographic Design II (3).F;S.
An intermediate course in 35 MM black/white photography. Assignments will be given that address the creation of related serial imagery, photojournalistic approaches, photodocumentation, still-life and portraiture, aesthetic image manipulation, conceptual problem-solving, and the art of the decisive moment. Must have an adjustable 35 MM SLR camera. Prerequisite: ART 2026. Lecture and studio four hours.

ART 3300. Painting IV (3).F;S.
An advanced level course that allows independent direction in approach and style. This course is designed for serious, self-directed students who can maintain a personal interest in and involvement with painting. Prerequisite: ART 3200. Lecture and studio four hours.

ART 3308. Fibers IV (3).F;S.
Advanced studio production in fibers with opportunities for presentations, discussion and critiques in a group setting with fibers faculty and other advanced level students. Students are required to set course direction and goals with approval of the instructor. Prerequisite: ART 3208. Lecture and studio four hours.

ART 3325. Lithography (3).S. Odd–numbered years.
The basic chemistry, processes and techniques of black and white stone lithography with emphasis on technical understanding and control and on the development of personal visual statements. Color and metal plate lithography will also be introduced. Prerequisites: ART 2103 and either ART 2025 or ART 2125. Lecture and studio four hours.

ART 3400. Women Artists (3). On Demand.
This course will provide a historical and contemporary survey of women visual artists. Lecture three hours.

ART 3420. Art Education: Field Experiences (3).F;S.
Students will devise curricula and teach various populations in the public schools and other community settings. Prerequisite: ART 2420 or permission of the instructor. May be repeated for a total credit of nine semester hours. Lecture two hours per week, laboratory two hours per week, plus observations and teaching experiences outside of class time are required. (SPEAKING)

ART 3500. Independent Study (1–4).F;S.
Majors in art may broaden and intensify their program through individual research and involvement in a given area of art. Prerequisite: permission of the departmental chair.

ART 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

ART 3600. History of Modern Art (3).F. Alternate years.
A survey of leading movements in modern art from the 1870's to 1945. Lecture three hours. Prerequisite: ART 2130 or consent of the instructor.

ART 3602. Special Topics in Graphic Design (3). On Demand.
Students examine in detail a specialty area in graphic communication, through discussion, research and creative studio work. Examples of topics might include: sign, symbol and image; illustration; packaging design; publication design. Content to vary; may be repeated for credit when content does not duplicate. Lecture and studio four hours.

This course explores major themes in the study of the visual arts in Africa. Works of art from the ancient rock paintings of the Sahara,
through the ancient artistic traditions of Ife and Benin, to the arts of the colonial and post colonial periods are presented. Diverse forms of art works are studied in their social, religious, and political contexts. Prerequisite: sophomore standing or consent of the instructor. Lecture three hours. (MULTI-CULTURAL)

ART 3700. Oceanic Art (3). F. Alternate years.
This course examines the visual arts of the Pacific Islands, Australia, New Zealand, and New Guinea, including tattooing and other body adornment practices, architecture, sculpture, and textiles. The course explores the ways oceanic arts since the 18th century embody resistance and survival through the continuity of traditional art forms as well as work in more contemporary media and styles. Lecture three hours. Prerequisite: sophomore standing or consent of the instructor.

This course explores the Native Arts & Architecture of North America, Pre-Columbian Central America & Ancient South America. Diverse forms of art works are studied in their social, religious, and political contexts. The focus of the course may be in any of the three major cultural regions. Prerequisite: sophomore standing or consent of the instructor. Lecture three hours. (MULTI-CULTURAL)

ART 3800. Art Since 1945 (3). S. Alternate years.
A survey of leading movements in contemporary art from 1945 to the present. Lecture three hours. Prerequisite: ART 2130 or consent of the instructor.

ART 4012. Exhibitions Practicum (3). F; S.
Exhibitions research, selection, management, presentation, and promotion in conjunction with the operation of the Catherine J. Smith Gallery. May be repeated for a total of nine hours credit. Sophomore standing required. Lecture and practicum three hours.

An introduction to the theoretical and practical issues encountered by artisans on a day-to-day basis. The artisans will delve into various business topics such as taxes, insurance, bookkeeping, commission agreements, copyright laws, and other applications necessary for establishment of good business practices. Prerequisites: 6 s.h. above the 2000 level in any ONE studio area (excluding graphic design) or 6 s.h. above the 3000 level in art history. (WRITING)

ART 4030. Seminar in Art Criticism and Theory (3). S.
A seminar in the theory and criticism of art in which leading methods of analysis are examined through readings and discussion. Major emphasis is placed upon the student developing a critical sense of art. Prerequisites: ART 2030 or ART 2130 or consent of the instructor. Lecture three hours. (WRITING; SPEAKING)

ART 4102. Graphic Design IV (3). F; S.
Advanced design problems with increased complexity, with emphasis on design systems and experimentation with various media. Encourages awareness of contemporary design trends and their historical predecessors. Prerequisites: ART 2103, ART 2026, and ART 3102; this course may be taken at the same time as, but not before ART 3202. Lecture and studio four hours.

ART 4109. Metalsmithing and Jewelry Design IV: Advanced Fabrication, Casting and Hollowware (3). F; S.
Study of advanced techniques and processes appropriate to developing an individual aesthetic in the area of metalsmithing and jewelry design. Students will complete a technical research project. Prerequisite: ART 3109. Lecture and studio four hours.

ART 4202. Graphic Design V (3). F; S.
The culminating course in the graphic design major sequence; stresses development of creativity and technical proficiency; emphasis on pre-professional training in advanced design problems, portfolio preparation and presentation, and related professional skills. Prerequisites: ART 3202 and ART 3226; this course may be taken at the same time as, but not before ART 4102. Lecture and studio four hours. (SPEAKING)

ART 4300. Painting V (3). F; S.
An advanced level course in painting processes with emphasis on a professional level of accomplishment, conceptual problem solving and related research. Areas of inquiry will include working on creative solutions of individually defined aesthetic problems, employing experimental techniques and/or refining advanced technical applications. Prerequisite: ART 3300. Lecture and studio four hours.

ART 4301. Sculpture III: Advanced Sculpture (3). F; S.
Advanced development of sculptural expression. The students will be expected to develop a personal approach to sculptural content and style as well as develop standards of critical judgment in the analysis of their own work. Prerequisite: ART 3101 and/or ART 3201. Lecture and studio four hours.
ART 4307. Clay III: Advanced Clay (3).F;S.
Advanced study in clay including in-depth individual exploration in one area of concentration. Encourages the development of individual techniques, skills and approaches resulting in a more thorough knowledge of contemporary trends and issues in clay. Prerequisites: ART 2007 and ART 3007, or ART 2107 and ART 3107. Lecture and studio four hours.

ART 4308. Fibers V (3).F;S.
Further advanced creative activity and studio production in fibers opportunities for research, presentations, and critiques in a group setting with fibers faculty and other advanced students. The course emphasizes preparations for Senior Studio. Course goals and directions will be set by students with input from the instructor. Prerequisite: ART 3308. Lecture and studio four hours.

ART 4309. Metalsmithing and Jewelry Design V: Advanced Studio (3).F;S.
A self directed advanced course of study in which the student will develop a contract with the instructor that includes project descriptions, selected readings and deadlines. Critiques will take place in both group and individual settings. Prerequisite: ART 4109. Lecture and studio four hours.

ART 4325. Advanced Printmaking (3). On Demand.
Continued investigation of processes and directions introduced in beginning level printmaking courses which will encourage refinement of a more personalized artistic expression. Emphasis will be given to examining advanced techniques and contemporary issues in printmaking. Prerequisites: ART 2103 and at least two of the following: ART 2025, ART 2125, ART 3225, or ART 3325. Lecture and studio four hours.

ART 4326. Photographic Design V (3).S.
This course is designed to allow students to work at an advanced level in photography, to enhance the aesthetic, intellectual and visual evolution of personal work and to hone critical skills and awareness of historical and theoretical issues in the field. Prerequisites: ART 2026, ART 2126, and ART 3226.

ART 4351. Studio Seminar (3).F;S.
This course is designed to help students organize and clarify ideas and images in preparation for creating a coherent body of work in the senior studio. When completed, this body of work will be exhibited in a group show at the Catherine J. Smith Gallery. This course will include planning and writing a proposal, reading relevant art criticism and theory, writing a research paper, and documenting through sketches, models and oral presentations. This seminar is restricted to BFA Studio Art majors in their last year of study. It is a prerequisite for Senior Studio courses: ART 4400, ART 4401, ART 4407, ART 4408, ART 4409, and ART 4425. (WRITING; SPEAKING)

ART 4400. Senior Studio/Painting (3).F;S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4300 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s "capstone" course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4401. Senior Studio/Sculpture (3).F;S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4301 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s "capstone" course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4407. Senior Studio/Clay (3).F;S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4307 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s "capstone" course and must be taken during the student’s final
semester prior to graduation. (SPEAKING)

ART 4408. Senior Studio/Fibers (3). F; S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4308 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s “capstone” course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4409. Senior Studio/Metalsmithing and Jewelry Design (3). F; S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4309 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s “capstone” course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4420. Art Education Special Topics (3). On Demand.
This course explores a particular current issue in art education each semester. May be repeated with different topics for a total credit of nine semester hours. Prerequisite: ART 2420. Lecture two hours, laboratory/studio two hours.

ART 4425. Senior Studio/Printmaking (3). F; S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4325 and ART 4351, Studio Seminar. This is the BFA in Studio Art degree’s “capstone” course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4426. Senior Studio/Photography (3). F; S.
Senior Studio is the culminating course requirement for the BFA degree in Studio Art. This course is a concluding and major academic experience for the advanced student. The student will be given the chance to demonstrate an emerging intellectual, visual and technical maturity with respect to one’s ability to resolve meaningful artistic statements. Students taking the course are expected to create a coherent body of work in a selected area of emphasis, and refine communication skills through three written critical analysis statements and four oral presentations. Participation in the Senior Studio Exhibition is required. Prerequisites: ART 4326, ART 4351, and one course from the list of approved “Photography Options.” This is the BFA in Studio Art degree’s “capstone” course and must be taken during the student’s final semester prior to graduation. (SPEAKING)

ART 4510. Senior Honors Thesis (3). F; S.
Independent research and/or creative project. Honors thesis directed by a member of the Art Department and evaluated by a departmental committee. Prerequisite: completion of six semester hours of Art honors coursework.

ART 4515. Junior/Senior Honors Seminar (3). F; S.
An intensive study of a selected topic in studio art, graphic design, art history, art management, art education, or inter-disciplinary art. Course content will be determined by the instructor. Course may be repeated barring duplication of content. Prerequisite: enrollment is by invitation or by permission of the instructor and the departmental honors director. (WRITING; SPEAKING)

ART 4551. Studio Workshop (1-3) On Demand.
An intensive course to be offered in selected media such as drawing, printmaking, painting, photography, sculpture, clay, fibers, alloys, computer graphics, and others. Prerequisite: portfolio review or permission of the instructor.

ART 4602. Graphic Design Seminar (3). On Demand.
Examination of current issues in graphic design/communication with conceptual and theoretical approaches for analyzing visual media. Emphasis is placed on critical reading, research and writing in a seminar atmosphere. Topics may vary and may be repeated for credit when content does not duplicate.
ART 4730. Asian Art (3). On Demand. Odd–numbered years. The art forms of three Asian cultures - India, China, and Japan are explored. Particular attention is devoted to painting, sculpture, and architecture as well as the unique forms of each culture. Lecture three hours. Prerequisites: ART 2030, ART 2130 or permission of the instructor.

ART 4900. Internship: Field Experience (3-12).SS. An on-the-job experience with artists, museums, galleries, and businesses related to the promotion of art professions. Graded on an S/U basis.

The objectives of the Department of Communication are to prepare those interested in entering specific communication professions such as electronic media/broadcasting, journalism, advertising, interpersonal/intercultural/health counseling, organizational consulting or training and public relations; to provide a broad background of information and develop skills needed by those students planning to enter other areas such as law, ministry, public service and graduate studies; and to provide the University and community the stimulation of debates and discussions of current issues, and the informative and entertaining programs of radio and television.

The Department of Communication offers a diversified series of courses in the areas of advertising, electronic media/broadcasting, journalism, public relations, and communication studies. The department also supports co-curricular programs including competitive intercollegiate forensics, the Appalachian radio station (WASU) and TV programming, along with various community experiences in journalism, public relations and advertising. The department actively supports student organizations and national honorary societies that are related to communication such as the Forensics Union, Pi Kappa Delta, National Broadcasting Society, Alpha Epsilon Rho, Applied Communication Club, Advertising Club, International Communication Club, the Public Relations Student Society of America and the Society of Professional Journalists. Communication majors are expected to participate in the co-curricular activities of the department.

Admission to the Department of Communication

The Department of Communication seeks to admit students who are dedicated to pursuing a degree in the varied fields of communication.

Consideration of resources places a restriction on the number of students the Department can serve. For this reason, applicants who have met all current University requirements for the declaration of a major will be considered for admission into one of the department’s five Bachelor of Science degrees (listed below) no later than February 15 for the following fall semester, or no later than October 1 for the following spring semester:

- Bachelor of Science degree in Communication, Advertising
- Bachelor of Science degree in Communication, Electronic Media/Broadcasting
- Bachelor of Science degree in Communication, Journalism
- Bachelor of Science degree in Communication, Public Relations
- Bachelor of Science degree in Communication Studies

Declaration of a major begins the process of applying for admission, but is not the same as admittance into the Department.

If more students apply for admission than resources can accommodate, selections will be made based on overall GPA and GPA in COM 1200. In the event of ties, the selection committee will ask students to submit a writing sample.

The Bachelor of Science degree in Communication, Advertising (507A/09.0903) consists of 57 semester hours, including a core of 12 semester hours (COM 1200, COM 2101, COM 2300, and COM 2310); 27 semester hours of major courses [COM 2700, COM 3155, COM 3200 or IDS 3250, COM 3305, COM 3928, COM 4040, COM 4400, MKT 3050 (“C” minimum) and MKT 4610]; 12 semester hours from one of three sequence options (Business with Non-Business or General Business minor: COM 3640, COM 4300, COM 3152 or COM 3182, and MKT 3220), or (Business with Marketing minor: COM 3640, COM 4300, COM 3152 or COM 3182, and MGT 3010), or (Creative Emphasis: COM 2618, COM 3010 or COM 3320 or GRA 3102, COM 3302, and GRA 3512); and six semester hours selected in consultation with the advisor from COM 2110, COM 2121, COM 2600, COM 3010, COM 3010, COM 3100, COM 3124, COM 3152, COM 3300, COM 3302, COM 3320, COM 3530-3549, COM 3915, COM 4420, CI 3530-3549 Selected Topics (Advanced Video Production), CIS 2025, ENG 2170, ENG 3090, ENG 3100, GRA 3102, GRA 3512, GRA 4512, HOS 2000, MGT 3630, MKT 3240, PSY 2402, SOC 3750, and SOC 4750. In addition, students are required to take ECO 2030 as a core curriculum requirement. Not included in the 57 semester hours of major requirements is the three semester hour minimum of free electives outside the major discipline. A minor is required.
Communication

The Bachelor of Science degree in Communication, Electronic Media/Broadcasting (525A/09.0701) consists of 51 semester hours, including a core of 12 semester hours (COM 1200, COM 2101, COM 2300, and COM 2310), 27 semester hours of major courses (COM 2316, COM 2612, COM 3300, COM 3301, COM 3316, COM 3333, COM 4135, COM 4316, and COM 4317), and 12 semester hours selected from COM 2600, COM 3306, COM 3640, COM 3928, COM 4302, COM 4416, and COM 4550. Not included in the 51 semester hours is the two semester hour minimum of free electives outside the major discipline. A minor is required.

The Bachelor of Science degree in Communication, Journalism (517A/09.0401) consists of 48 semester hours, including a core of 12 semester hours (COM 1200, COM 2101, COM 2300, and COM 2310), and 36 semester hours of major courses (COM 2600, COM 2610, COM 2618, COM 3210, COM 3300, COM 3305, COM 3310, COM 3600, COM 3928, COM 4210, COM 4420; and HIS 2101 or PS 2130 or PS 3280.) Not included in the 48 semester hours is the two semester hour minimum of free electives outside the major discipline. A minor is required.

The Bachelor of Science degree in Communication, Public Relations (521A/09.0902) consists of 51 semester hours, including a core of 12 semester hours (COM 1200, COM 2101, COM 2300, and COM 2310), 27 semester hours of major courses (COM 2600, COM 2618, COM 3010, COM 3300, COM 3318, COM 3618, COM 3928, COM 4318, and COM 4418), and selecting one of six sequence options of 12 semester hours (Law: COM 3305, COM 2106 or COM 3155, LAW 2150, PS 3150; Finance: COM 3305 and COM 3312, FIN 3010 or FIN 3680, and FIN 3071; Corporate: COM 3152 and COM 3312, MGT 3620 and MGT 3630; International: COM 3124 and COM 3312, PS 2120 and PS 2240, with 1040/1050 in a foreign language required as part of the Humanities Core; Non-Profits: COM 3312, COM 3538, and COM 3620, SOC 1100; Other: 12 semester hours in consultation with advisor). Students choosing a business minor are required to take ECO 2030 as part of the core curriculum requirement. Not included in the 51 semester hours is the two semester hour minimum of free electives outside the major discipline. A minor is required.

The Bachelor of Science degree in Communication Studies (585A/09.0101) consists of 57 semester hours, including a core of 12 semester hours (COM 1200, COM 2101, COM 2300, and COM 2310), 33 semester hours of major courses (COM 2600, COM 2121, COM 2180, COM 3124, COM 3152, COM 3155, COM 3200, COM 3300, COM 3305, COM 3928, and COM 4432), and selecting one of four options of 12 semester hours (Health: COM 2131, COM 3312; HP 2100 or HP 3700; and COM 3100 or COM 3311 or COM 3620); or (Interpersonal: COM 3100, COM 3311; COM 2110 or COM 4425 or PLN 4425; and COM 2131 or COM 3151 or COM 3620); or (Organizational: COM 3182, COM 3312, COM 4152; and COM 3311 or COM 3620 or COM 4425 or PLN 4425); or (Public: COM 4101, COM 4111; and six semester hours selected from COM 3120, COM 3312, COM 3315, COM 3548). Not included in the 57 semester hours is the two semester hour minimum of free electives outside the major discipline. A minor is required.

Minor in Communication (532/09.0101)

Students who are not admitted to the Department of Communication may take only 18 semester hours in Communication. Students pursuing a Communication Minor must take 18 semester hours that must include COM 1200 and two of the other three core courses (COM 2101, COM 2300, COM 2310). The remaining three courses (3 s.h. each) may not be counted toward a minor in Communication unless approved by the assistant chair of the department.

Honors Program in Communication

The Department of Communication offers an 18 semester hour honors program composed of 15 semester hours of classroom honors work (of which 12 semester hours must be in the Department of Communication) plus a three semester hour honors thesis. Disciplinary honors courses will be drawn from designated honors courses offered at the introductory, intermediate, and advanced course levels in the department. Enrollment in communication honors courses is by permission of the Departmental Honors Coordinator. However, to graduate with honors in communication, a student must be a major, have maintained an overall grade point average of 3.4, an overall communication grade point average of 3.4, a grade of no less than “B” in any honors designated courses and have completed a departmental honors thesis.

Courses of Instruction in Communication (COM)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

COMMUNICATION (COM)

COM 1200. Foundations of Human Communication (3).F,S.
The study of the development, research, theory and field of human communication.

COM 2101. Public Speaking (3).F,S.
Intensive practice in composition and delivery of various types of speeches with emphasis on speech structure and style. (SPEAKING)
Communication

COM 2106. Argumentation and Advocacy (3).F.
Study of the theory of argumentation including the reasoning process; the use, discovery, and evaluation of evidence; refutation; advocacy situation analysis and adaptation. Practice in speaking in a variety of advocacy situations and types. Corequisite or prerequisite: COM 2101 or consent of the instructor. (WRITING; SPEAKING)

COM 2110. Introduction to Nonverbal Communication (3).F;S.
An introduction to nonverbal behavior as a form of communication, with emphasis upon nonverbal communication in the classroom, in the business world, and in general interpersonal relations. Examination will be made of such areas of nonverbal behavior as kinesics (body language), haptics (communication through touch), proxemics (use of space and communication), paralinguistics (vocal cues in communication), and nonverbal factors in communication between variant ethnic groups and cultures. (WRITING)

COM 2115. Speech Activity (1–3).F;S.
Participation in activities of the Forensic Union or other projects approved by the department. The student will contract with the appropriate staff member for the activities of this course. May count four (4) semester hours toward graduation.

COM 2121. Interpersonal Communication (3).F;S.
Study and application of basic communication concepts to interactive communication situations and problems. Students will be involved in various activities pertinent to understanding these concepts.

COM 2131. Health Communication (3).F.
An exploration of the role communication plays in health care delivery, health behavior change programs, and health communication career opportunities. The course is designed to increase understanding of the communication theories and research in patient/provider relationships, communication in health care organizations, media coverage of health, and health communication campaign planning and implementation.

COM 2180. Communication Theory (3).F;S.
Study of communication theories, systems, models, formulations and measurements; new dimensions in speech criticism and research methodology; critical study of published reports in the contemporary literature of the field. Prerequisite: COM 1200.

COM 2300. Introduction to Mass Communications (3).F;S.
Study of the forms of mass communication including newspaper, magazine, radio, television, books, and film. Corequisite or prerequisite: COM 1200 or consent of the instructor.

COM 2310. Communication Ethics (3).F;S.
Study methods of applying logical concepts and techniques as well as ethical theories, principles and techniques to professional communication fields. The course will also demonstrate the importance of ethics and of communication ethics to the student's personal and professional life. It will scrutinize and evaluate the fundamental issues and problems in communication ethics and examine the social responsibility of professional communicators. Prerequisite: COM 1200 or consent of the instructor. (WRITING)

COM 2315. Mass Communication Activity (1).F;S.
Participation in broadcasting or journalism activity. Students will contract with the appropriate faculty member to work in radio, TV, or journalism. Maximum of four hours may be applied to graduation. Graded on an S/U basis.

COM 2316. Audio Production I (3).F;S.
Radio broadcast procedures; program types and standards; social and programming aspects; laboratory practice in radio, use of facilities of radio station WASU-FM. Corequisite or prerequisite: COM 2300. Prerequisite: registration is restricted to the B.S. in Communication, Electronic Media/Broadcasting majors only, or consent of the instructor.

COM 2500. Independent Study (1–2).F;S.

COM 2600. Introduction to Journalism (3).F;S.
Introduction to newsgathering, writing, and editing processes. (WRITING; COMPUTER)

COM 2610. Print Newswriting (3).F;S.
Study of newswriting for newspapers and magazines. Emphasis on techniques of interviewing, newsgathering, newswriting, and typing news stories. Prerequisites: keyboarding skills appropriate to news room expectations, COM 2600, must be an admitted journalism major or communication minor, or consent of the instructor. (WRITING; COMPUTER)

COM 2612. Broadcast Newswriting (3).F;S.
Study of newsgathering and newswriting for radio and television. Emphasis on techniques of interviewing, newsgathering, newswriting
and preparing broadcast news stories. Corequisite or prerequisite: COM 2300 or consent of the instructor. Prerequisites: keyboarding skills; COM 2600 or consent of the instructor. (WRITING)

**COM 2618. Introduction to Media Publishing (3).F;S.**
Introduction to the creation of printed communication. Students will be given the opportunity to learn to use current desktop publishing software to create publications typically found in the field of communication. Prerequisite: must be an admitted advertising major, journalism major, or public relations major. (COMPUTER)

**COM 2700. Foundations of Advertising (3).F;S.**
An introductory course that examines advertising as a form of communication. After a brief examination of history, role in the economy, external restraints and customer behavior, the course concentrates on theories and principles of media messages and management as well as advertising applications and trends. Prerequisite: COM 2300.

**COM 3010. Media Graphics (3).F;S.**
A study and application of the creative and practical aspects of typography, layout and design of printed and electronic communication. Prerequisite: COM 2618. (WRITING; COMPUTER)

**COM 3100. Interviewing Techniques (3). On Demand.**
Study of the variables present in informational, persuasive, and employment interview situations. Practice in classroom simulation interviews. Prerequisite: junior or senior standing or permission of the instructor.

**COM 3110. Small Group Communication (3).F;S.**
The theory and practice of small group communication, with emphasis upon the psychology of small group interaction, styles and methods of leadership, environments and small group interactions, and problem/solution methodologies in small group interactions. Students are provided the opportunity to apply theory in actual small group projects.

**COM 3120. Rhetorical Analysis of Religious Discourse (3). On Demand.**
The course introduces the student to the field of religious discourse, including the history of the study of religious discourse, how to define religious discourse, homiletics, hermeneutics as a way to analyze religious speaking, and religious broadcasting.

**COM 3124. Intercultural Communication (3).F.**
Examines communication practices in multi-cultural settings including international, national, regional, ethnic, racial, economic, religious, and other topics of pertinence to effective intercultural communication. Students will be involved in observational activities and research activities to exemplify intercultural communication differences in a practical way. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY)

**COM 3151. Gender Communication (3). On Demand.**
A course designed to allow students to learn, through studying theories and through practical experiences, the concepts relative to communication and both genders. Study includes, but is not limited to, communication among both and single genders; communication role development; how gender communication affects family relationships; differences in verbal and nonverbal communication across genders; and how gender roles affect close relationships, education, the media, acts of violence, and the workplace.

**COM 3152. Communication in Organizations (3).F;S.**
Examines communication within organizational structures; develops skill in language, observation and listening; teaches improved communications skill through interview and formal presentations. Oriented to the speech communication requirements of the contemporary business and professional community.

**COM 3155. Theory and Practice of Persuasion (3).F;S.**
Survey of the theories of persuasion, with emphasis upon persuasive forms in public address, print and non-print advertising, and all general forms of public suasion. Practice in the preparation of a persuasive campaign, with options open for that campaign to be developed for one or more media. Prerequisites: COM 1200 and COM 2101, or consent of the instructor. (SPEAKING; WRITING)

**COM 3182. Organizational Communication Simulation (3).F.**
A course designed to help students develop and apply organizational communication skills that are helpful in a variety of professional settings, including human resources, interviewing, group decision-making, and written and oral reporting.

**COM 3200. Internet Communication (3). On Demand.**
Practical and theoretical introduction to the Internet as a communication medium. Training in effective online communication, including e-mail, chat, net conferencing, and web pages. Discussion of social, political, and personal impact of new medium from a variety of theoretical, historical, and critical perspectives. (COMPUTER)
Communication

COM 3210. Copy Editing (3).F.
A course designed to introduce students to the theory and practice of editing copy, editing photos and informational graphics, and writing headlines for print and online journalism. Prerequisites: COM 2610 and must be an admitted journalism major. (COMPUTER)

COM 3300. Mass Media and Society (3).F;S.
A survey of the social impact of mass media. Analysis of issues such as mass media and individual behavior, violence and TV, media and consumers, and mass media and popular culture. Prerequisite: COM 2300 or consent of the instructor.

COM 3301. Writing for the Electronic Media (3).F;S.
Formats and techniques of writing for the electronic media. Prerequisite: COM 2300 or consent of the instructor. (WRITING)

COM 3302. Copywriting for Advertising (3).F;S.
Development of skills and techniques of advertising copywriting applying to all media. Goals are to improve creative writing skills, learn the basics of advertising copy and layout and the analysis of advertisements. Prerequisites: COM 2700 and must be an admitted advertising major or communication minor. (WRITING)

COM 3305. Communication Law (3).F;S.
A study of legal sanctions and constitutional freedoms affecting the mass media, various communication technologies and human communication. Prerequisite: COM 2300 or consent of the instructor.

COM 3306. Audio Production II (3).F;S.
Advanced audio production procedures including computer editing, integration of video and audio, studio design, programming practices, live production and engineering considerations. Prerequisite: COM 2316.

COM 3310. Layout and Design for the Print Media (3).S.
A course that emphasizes the theory, principles and practice of newspaper and magazine design. Prerequisites: COM 2610, COM 2618, and must be an admitted journalism major. (COMPUTER)

COM 3311. Conflict Management (3). On Demand.
A course that examines positive conflict management processes, including active listening and communication skills, principled negotiation, mediation, and nonviolent direct action. (CROSS-DISCIPLINARY)

COM 3312. Crisis Communication (3). On Demand.

COM 3315. Political Communication (3). On Demand.
Examines the theoretical and practical aspects of political communication. Topics covered include political debates, speechwriting, political cartoons, communication strategies during and after campaigns, and the role of the media in political communication. (CROSS-DISCIPLINARY)

COM 3316. Television Studio Production (3).F;S.
Exposure to multi camera, live studio production. All aspects of the live process will be covered including production equipment, scripting, lighting, crew assignments, videotape formats and editing. Lecture two hours, laboratory two hours. Prerequisite: COM 2316.

COM 3318. Public Relations Principles (3).F;S.
An introductory course that serves as an overview of the technical elements and basic principles of public relations. It introduces the students to the concepts and activities that form the foundations of a professional practice. Prerequisite: must be an admitted public relations major or communication minor.

COM 3320. Digital Media Production (3).F;S.
A course for non-electronic media/broadcasting majors. Introduces students to the terminology, equipment and operating procedures used in the digital production of material for audio and video. Includes audio and visual laboratories.

COM 3333. Electronic Media Programming (3).S.
This course surveys the various methods for program decision-making at all levels of radio, television, and new electronic media. Also covered: the duties of the program director, music director, and on-air staff; how advertising, news, and entertainment fit together in programming strategy; the future convergence of media technologies and their effect on future programming; program criticism,
Communication

**COM 3500. Independent Study** (1–4).F;S.

**COM 3520. Instructional Assistance** (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

**COM 3530-3546. Selected Topics** (1–4). On Demand.
**COM 3547. Selected Topics in Interpersonal/ Organizational Communication** (3).F.
**COM 3548. Selected Topics in Public Communication** (3).S.
**COM 3549. Selected Topics in Advertising** (3).
An opportunity to study a special topic or combination of topics not otherwise provided for in the Communication curriculum. Numbers COM 3530-3546 are reserved for variable credit courses treating topics relating to any of the department's degree concentrations; while COM 3547 is reserved for 3 credit hour selected topics courses related to interpersonal and/or organizational communication; COM 3548 is reserved for 3 credit hour selected topics courses related to public communication; and COM 3549 is reserved for 3 credit hour selected topics courses related to advertising. Any of these numbers may be repeated for credit when content does not duplicate.

**COM 3600. Feature Writing** (3).F;S.
Study of principles, processes and techniques of editorial and feature writing for print media. Intense practical training in advanced writing styles and skills. Prerequisites: COM 2600 and COM 2610, or consent of the instructor. (WRITING)

**COM 3618. Public Relations Writing** (3).F;S.
Public relations writing seeks to increase student skills in developing and preparing collateral public relations materials. This course integrates and builds upon the journalism, public address, communications and public relations courses. It sets the foundation for independent action in the advanced public relations courses and for successful experiences in an internship environment. Prerequisite: COM 2600. (WRITING)

**COM 3620. Principles of Fund Raising** (3). On Demand.
An introduction to the basic principles and methods of contemporary fund raising in the United States. Students are introduced to the skills of researching constituencies and developing a fund raising plan for a real organization.

**COM 3640. Media Planning** (3). On Demand.
This course is designed to teach the basics of advertising media planning: the essential terms and concepts in media planning, how to identify the media problems and opportunities of a client, and how to develop effective strategies for solving these problems and making the best use of these opportunities. Each student will produce a ready-to-submit media plan for a client. Prerequisite: must be an admitted advertising major or communication minor.

**COM 3900. Internship** (3-12).F;S.
A designed work experience program in either advertising, applied communication, electronic media/broadcasting, journalism, or public relations. Graded on an S/U basis.

This course is designed to assist students in the department's international internship program as they prepare themselves for the experience of completing an international internship. Prerequisite: open only to students participating in the department's international internship program. (MULTI-CULTURAL)

A course designed to allow junior- and senior-level communication majors to refine their understanding of, and preparation for, varied fields of communication. In order to make a better transition from the classroom to the workplace, students will interact with communication professionals who will speak about career opportunities, professional activities and current industry trends. Graded on an S/U basis.

**COM 3928. Communication Research Methods** (3).F;S.
This course is designed to increase students’ knowledge of the foundations and types of research methods commonly employed in communication research. Both quantitative and qualitative methods will be taught. Students should gain a fuller understanding of the relationship between theory and research. They should also gain practical experience in employing at least one of the research methods in an original research project leading to a written report suitable for submission to an academic conference. Prerequisite:
junior or senior standing, or consent of the instructor. (COMPUTER)

**COM 4040. International Advertising (3). On Demand.**
The course provides an overview of the ways globalization and multi-media conglomerates have changed the advertising industry. Prerequisite: COM 2700 or consent of the instructor. (MULTI-CULTURAL)

**COM 4101. Advanced Speech Composition (3).F.**
Theory and practice of writing the spoken word. Study of speech composition and the role of speech-making in various professional settings. Special emphasis upon style, organization, support, and criticism of the public speech with a primary emphasis upon manuscript speaking. Prerequisite: COM 2101 or permission of the instructor.

**COM 4111. Theory and Criticism of Rhetorical Communication (3).F.**
Study of the classical foundation of rhetorical theory with emphasis on Greek and Roman contributions and theorists. A study of methodologies of rhetorical criticism including those of the classical-traditional, experiential, new rhetoric and contemporary. Application of rhetorical theory and criticism to actual rhetorical events and situations. Prerequisite: junior or senior standing. (WRITING)

**COM 4152. Advanced Organizational Communication (3).S.**
Application of communication methodology to the analysis of organizational communication processes. Students study methods of communication consulting, facilitation, and training. Prerequisite: COM 3152.

**COM 4210. Specialized Reporting (3).S.**
This course is an advanced writing course in the journalism sequence. Focus is on writing for specific beats in the print media, including arts and entertainment, travel and leisure, health and the environment, sports and crime. Newswriting and news-feature writing skills for newspapers and magazines will be emphasized and analyzed. Prerequisite: COM 2610.

**COM 4300. Media Sales (3).F;S.**
A study of the techniques used by the mass media to sell space and time to advertisers. Included is a study of personal selling; company, product, and audience research; media-audience matches; and media sales presentations. Also examined are the strengths and weaknesses of a variety of print, radio and television advertising techniques and strategies. Prerequisite: COM 2300 or consent of the instructor.

**COM 4302. Broadcast Performance Techniques (3).S.**
A study and application of specific performance techniques (i.e., voice, body, manuscript usage, personality) related to the broadcast industry. Students will experience a variety of radio and television performance and announcing situations directed towards improving their broadcasting performance skills. Prerequisite: COM 3316.

**COM 4315. Electronic Media Management (3).F;S.**
The study of factors related to the management of broadcast and cable stations, including finances, human resources, programming, sales, regulation, and promotion and marketing. Prerequisites: COM 2300, COM 2316, COM 3316 and junior or senior standing, or consent of the instructor.

**COM 4316. Video Production I (3).F;S.**
Exposure to single camera field production, incorporating all aspects of the production process including scripting, shooting, lighting, audio and editing. The course will also examine the non-technical aspects of television including budgeting, broadcast and non-broadcast markets, distribution, legal considerations, and developing a more analytical and critical approach toward viewing the television medium. Prerequisite: COM 3316.

**COM 4317. Electronic Media Regulation (3).F.**
Governmental regulation of broadcasting and electronic media, detailing the FCC and other agencies relationships; emphasizing early broadcast legal history, administrative rulemaking, programming, licensing, renewals, content controls, ownership, fairness, political advertising, copyright and emerging media. Prerequisites: COM 2300 and COM 2316.

**COM 4318. Public Relations Practices (3).F;S.**
An advanced course which uses case studies to examine public relations problems and their solutions. Students receive practical guidance in the creation of public relations messages and products. Prerequisites: COM 3318 and COM 3618, or permission of the instructor. (WRITING)

**COM 4400. Advertising Campaigns (3).S.**
This course is designed to teach the student how to prepare an entire advertising campaign from start to finish. As such, it will incorporate knowledge gained from the variety of courses the student has had previously. Prerequisites: senior standing, COM 2700,
Communication

COM 3302 or COM 3640, or permission of the instructor.

COM 4416. Video Production II (3).F;S.
A production course designed to give the advanced student an opportunity to produce high quality programming for cable systems both locally and statewide. Programs will be shot utilizing both multi camera studio production as well as single camera field production. Prerequisites: COM 2316, COM 3316, COM 4316 and permission of the instructor.

COM 4418. Public Relations Seminar (3).F;S.
Examines the educational preparation and requirements, as well as the professional standards, for public relations practitioners. The course analyses developments which impact the interface between organizations, their publics, and the social environment in which they operate. It is also a critical study of the role of public relations in different organizational settings. Corequisite or prerequisites: COM 4318 and senior standing, or consent of the instructor.

COM 4420. Converged Media (3).F;S.
The course examines how technology has transformed traditional mass media, and prepares students for working in a converged media environment. Students will create multi-media content for the Department of Communication’s converged media web site. Prerequisite: COM 2610, COM 3302, or COM 3618. (COMPUTER)

COM 4425. Task-Oriented Group Facilitation Methods (3).S.
Develop leadership and group facilitation skills through hands-on instruction that demonstrates how to conduct focused conversations, lead workshops, and accomplish action planning. Application opportunities using these skills include community development, organizational planning, education, government, and other occasions when people want to actively participate in the creation of their own futures. (Same as PLN 4425.) (SPEAKING)

COM 4432. Communication Studies Seminar (3).F;S.
The course requires students to apply their knowledge and education to a significant research project in communication. Students must choose between a thesis option (Fall enrollment only) or a project option (Spring enrollment only). Prerequisites: COM 2180, COM 3928, and senior standing in the Department of Communication.

Independent study and research. Honors thesis directed by a member of the Department of Communication. Prerequisites: completion of 12 semester hours of departmental honors work and permission of the departmental honors coordinator.

This course will explore the technical, economic, and regulatory changes to the electronic media in countries throughout the world to prepare students for careers in international electronic media. Prerequisite: COM 2300 or permission of the instructor.
Family and Consumer Sciences

THE COLLEGE OF FINE AND APPLIED ARTS

Department of Family and Consumer Sciences (FCS)
Sarah R. Jordan, Chair

Denise M. Brewer                  Patricia F. Hearron                  Judy K. Miler
Ellen S. Carpenter                 Cheryl L. Lee                      Linda C. Secor
Mary D. Coleman                    Lisa S. McAnulty                  Cindy G. McGaha
Sammie G. Garner                   

Family and Consumer Sciences is concerned with food quality, safety and adequacy; nutrition and diet; consumer welfare and safety; child care and development; family economics and management; apparel; shelter; and other issues related to individual and family well-being. The Department of Family and Consumer Sciences is accredited by the American Association of Family and Consumer Sciences.

The Department of Family and Consumer Sciences offers the following undergraduate degree programs:
- Bachelor of Science degree in Apparel and Textiles
- Bachelor of Science degree in Child Development (non-teaching) with concentrations in Family and Consumer Sciences, and Psychology
- Bachelor of Science degree in Child Development: Birth Through Kindergarten (with teacher licensure)
- Bachelor of Science degree in Family and Consumer Sciences, Secondary Education (with teacher licensure) with a concentration in Consumer Education
- Bachelor of Science degree in Foods and Nutrition with concentrations in Foods and Nutrition, General; and Foodsystems Management

The Foods and Nutrition, General concentration is accredited by the American Dietetic Association. Upon graduation the student is qualified for an approved internship or traineeship in an accredited hospital or other acceptable institutions, thus becoming eligible for ADA membership and Registered Dietitian status. The teacher education program is accredited by NCATE and meets the North Carolina Department of Public Instruction standards for teaching licensure.

A common core of subjects in liberal education, as well as in family and consumer sciences, is required of all majors. The core curriculum is designed to provide instruction in the natural and social sciences, the arts and humanities, and in general family and consumer sciences areas. In all programs, families and individuals as consumers are the primary foci. The curriculum, based on the general education studies, relates basic knowledge to an understanding of human needs with regard to food, apparel, housing, management of resources and human interactions and relationships. The program offers educational preparation for professional careers, entry into continuing education programs and graduate study.

The Department of Family and Consumer Sciences offers a B.S. degree in Child Development: Birth Through Kindergarten (with teacher licensure) and a B.S. degree in Child Development (non-teaching) with concentrations in Psychology and in Family and Consumer Sciences.

The Lucy Brock Child Development Center serves as a laboratory for child development students. It provides observational opportunities for students enrolled in courses in other departments.

In addition to program course work, the department is home for the Lucy Brock Child Development Laboratory Program.

Students majoring in family and consumer sciences (with the exception of child development majors) are required to make a grade of "C-" (1.7), or better in all family and consumer sciences courses. Courses stipulated as prerequisites for subsequent family and consumer sciences courses must be completed with a "C-" or higher before a student may continue on to the next level of coursework.

Apparel and Textiles
The Bachelor of Science degree in Apparel and Textiles (500A/19.0901) consists of 53 semester hours in family and consumer sciences: FCS 1000, FCS 1001, FCS 1400, FCS 2000, FCS 2002, FCS 2011, FCS 2050, FCS 2103, FCS 3002, FCS 3003, FCS 3010, FCS 4000, FCS 4002, FCS 4003, FCS 4004, FCS 4060, FCS 4400, FCS 4450, and FCS 4900 (6 s.h.); and 9 semester hours in the following related areas: ART 1001 or ART 1011 and ART 2008; COM 2101. The student should also complete ECO 2030 and PSY 1200 as part of the core curriculum format to meet departmental requirements. A minor in marketing (18 s.h.) is required. An overall 2.0 is required in the minor. Also, two semester hours minimum of free electives outside the major discipline are required.

Child Development (Non-teaching)
The Departments of Family and Consumer Sciences and Psychology cooperate to offer the B.S. degree in Child Development (non-teaching) with concentrations in Family and Consumer Sciences, and in Psychology conferred by the Department of Family and Consumer Sciences.
Family and Consumer Sciences

The Bachelor of Science degree in Child Development (510*/19.0706) with a concentration in Family and Consumer Sciences (510F) is designed to give the student a broad base of knowledge about children and families. Majors will take courses in all areas of family and consumer sciences. Because of the broad base of courses and the number of electives including a variety of course opportunities across the university, advisors are able to help students prepare for exciting careers working with children and families.

Family and Consumer Sciences concentration (510F) includes a 14 semester hour core: FCS 2201, FCS 3101, FCS 3106, and FCS 4610; SPE 3100; and 43 minimum semester hours of family and consumer sciences major requirements: FCS 1202, FCS 1300, FCS 1400, FCS 2101, FCS 2102, FCS 2103, FCS 2104, FCS 2202 (counted in core curriculum hours), FCS 2600, FCS 3102, FCS 4102, FCS 4400, FCS 4450, FCS 4551, and FCS 4900 (6 min. s.h.) and HED 3100/HP 3100.

In addition, the following core curriculum courses are required: PSY 1200; BIO 1101 and BIO 1102; HIS 1101 and HIS 1102; and SOC 1000. Also, two semester hours minimum of free electives outside the major discipline are required.

The Bachelor of Science degree in Child Development (510*/19.0706) with a concentration in Psychology (510D) was designed to emphasize preparation for graduate study in the area of child psychology. A strong emphasis is made on research skills including statistics. Students enrolling in this program will need a strong background in math.

Psychology concentration (510D) includes a 20 semester hour core: FCS 2201, FCS 3101, FCS 3102, FCS 3106, FCS 4102, FCS 4610; PSY 4202; a 31 semester hour psychology block which includes PSY 1200, PSY 2301, PSY 3100; FCS 2103; STT 2810 (C minimum); 9 s.h. from PSY 2400, PSY 2402, PSY 3202, PSY 4658; 6 s.h. from PSY 3000, PSY 3205, PSY 4660, PSY 4700; and 16 semester hours which include CI 2800; RE 3142/CI 3142; SOC 4800; ART 3021; and FCS 2102.

In addition, the following core courses are required: BIO 1101 and BIO 1102; MAT 101; SOC 1000; and PSY 1200. Also, two semester hours minimum of free electives outside the major discipline are required.

Students majoring in Child Development with a concentration in Psychology or Family and Consumer Sciences must have an overall 2.0 GPA in the major.

Child Development: Birth Through Kindergarten (Teacher Licensure)
The Departments of Family and Consumer Sciences; Curriculum and Instruction; and Language, Reading and Exceptionalities cooperate to offer the Bachelor of Science degree in Child Development: Birth Through Kindergarten leading to teacher licensure. The degree is conferred by the Department of Family and Consumer Sciences.

The Bachelor of Science degree in Child Development: Birth Through Kindergarten (524A/19.1209)[T] (teacher licensure) consists of 44 semester hours of core curriculum courses and 24 semester hours of professional education requirements: CI 2800/SPE 2800; FDN 3800; PSY 3000; CI 3850/ FDN 3850/RE 3850; and CI 4900. The major consists of 41 semester hours to be taken in family and consumer sciences (child development), curriculum and instruction (preschool education) and language, reading and exceptionalities (early childhood special education). The required major courses include: FCS 2101, FCS 2102, FCS 2104, FCS 2201; CI 4200; SPE 3272, SPE 3273, SPE 3100; CI 4553/FCS 4553/SPE 4553, CI 4554/FCS 4554/SPE 4554, CI 4600/FCS 4600/SPE 4600; RE 3902; and 2 (two) practica: FCS 3104/CI 3104/SPE 3104 and FCS 3105/CI 3105/SPE 3105. PSY 1200 is required in the core curriculum.

In addition to the above requirements, a student must choose 3 semester hours of elective(s) to be approved by her/his advisor or the student may choose to complete a psychology minor by taking an additional 15 semester hours of psychology not listed above.

Two to ten semester hours of free electives outside the major discipline (to total a minimum of 122-123 semester hours) are also required for the degree.

A minimum grade of "C" (2.0) is required in all courses listed as major requirements with the exception of CI 3104/FCS 3104/SPE 3104 and CI 3105/FCS 3105/SPE 3105 (Graded on S/U basis).

Family and Consumer Sciences

The Bachelor of Science degree in Family and Consumer Sciences, Secondary Education (526*/13.1308)[T] (teacher licensure) consists of the following: eight semester hours of a science sequence in chemistry or biology, and ECO 2030 for the core curriculum; FDN 3800, CI 2800/SPE 2800, CI 4900, PSY 3000, and CI 3850/FDN 3850/RE 3850 in Professional Education; and a concentration in Consumer Education (526D)[T].

Consumer Education concentration (526D)[T]—61 semester hours which consists of FCS 1000, FCS 1001, FCS 1202, FCS 1300, FCS 1400, FCS 2000, FCS 2101, FCS 2103, FCS 2104, FCS 2202, FCS 2600, FCS 3106, FCS 3700, FCS 4131/CI 4131, FCS 4400, FCS 4450, FCS 4701, ART 1011, COM 2101, FDN 3100, CI 3010, SPE 3100, and 3 s.h. of family and consumer sciences electives.

In addition to the above, all students must be admitted to the Reich College of Education teacher education program. For the requirements in teacher education, refer to the Department of Curriculum & Instruction. Also, the degree requires a minimum of
three semester hours of free electives outside the major discipline.

Foods and Nutrition
The Bachelor of Science degree in Foods and Nutrition (520*/19.0501) with a concentration in Foods and Nutrition, General consists of 47 semester hours in family and consumer sciences: FCS 1202, FCS 1400, FCS 2203, FCS 2202, FCS 3205, FCS 4200, FCS 4206, FCS 4240, FCS 4250, FCS 4400, FCS 4450, FCS 4504, FCS 4552, FCS 4560, FCS 4701, FCS 4900 (6 s.h.); 25 semester hours in the following related courses: ACC 1100; BIO 1110, BIO 3308; CHE 2101 and CHE 2203, or CHE 2201 and CHE 2203; ES 2000; HP 3200 and HP 4100. The student should also complete CHE 1101, CHE 1110 and CHE 1120, CHE 1120; FCS 2103, FCS 2202; and PSY 1200 as part of the core curriculum format. No minor required. In addition, two semester hours of free electives outside the major discipline are required.

The Bachelor of Science degree in Foods and Nutrition (520*/19.0501) with a concentration in Foodsystems Management (520B) consists of 37-39 semester hours in family and consumer sciences: FCS 1202, FCS 1400, FCS 2103, FCS 2202, FCS 2203, FCS 2204, FCS 3202, FCS 3210, FCS 4400, FCS 4450, FCS 4504, FCS 4550, FCS 4900 (6-8 s.h.); 21 s.h. of other related courses: CHE 3530-3549 (Selected Topics: Appreciating and Understanding Wine); COM 2101; ENG 3100 or ENG 3700; HP 3100 or HED 3100; and two of the following three courses: HOS 4050, LAW 2150, MGT 3060. A minor in general business is required and must include: ACC 1100; CIS 3050; ECO 2030; MGT 3010; MKT 3050; FIN 3010 or FIN 3680 (with permission of the instructor). As part of the core curriculum requirements, the student should complete GSA 1010 or GSP 1010, GSC 1020, GSG 1030, GSB 1040; FCS 2202; PSY 1200; and ECO 2030. In addition, two semester hours of free electives outside the major discipline are required.

Minors in Family and Consumer Sciences
Students not majoring in the Department of Family and Consumer Sciences may earn one of the four minors listed below by the completion of the prescribed 17-18 semester hours.

1. Apparel and Textiles Minor (500/19.0901)
   - FCS 1000 Apparel and Consumer Behavior 3 s.h.
   - FCS 2000 Consumer Textiles 3 s.h.
   - Plus four of the following: (12 semester hours)
     - FCS 1001 Apparel Construction 3 s.h.
     - FCS 2011 Flat Pattern Design 3 s.h.
     - FCS 2050 CAD for Apparel Design and Merchandising 3 s.h.
     - FCS 3002 Apparel Design and Production 3 s.h.
     - FCS 3003 Fashion Merchandising 3 s.h.
     - FCS 3010 History of Apparel 3 s.h.
     - FCS 4000 Textiles Merchandising: Apparel and Furnishings 3 s.h.
     - FCS 4002 Merchandise Display and Promotion 3 s.h.
     - FCS 4003 Fashion Buying and Merchandising 3 s.h.
   - **Total** 18 s.h.

2. Child Development Minor (510/19.0706)
   - Required (12 semester hours):
     - FCS 2102 Child Study and Guidance 3 s.h.
     - FCS 2103 Family Development Over the Life Cycle 3 s.h.
     - FCS 2104 Child Development: 3-K Years 3 s.h.
     - FCS 3101 Enriching Experiences for Young Children 3 s.h.
   - Plus at least two from the following (5–6 semester hours):
     - FCS 2101 Child Development: Birth-2 Years 3 s.h.
     - FCS 2201 Foods and Nutrition for Children 2 s.h.
     - FCS 3102 Family, Child & Professional Interactions: A Focus on Young Children 3 s.h.
     - FCS 3106 Adolescent Development 3 s.h.
     - FCS 3901 Practicum 3 s.h.
     - FCS 4102 Critical Issues: Stressors in Child and Family Development 3 s.h.
     - FCS 4450 Contemporary Issues in Family & Consumer Sciences 2 s.h.
     - FCS 4610 Administration of Early Childhood Programs 3 s.h.
     - FCS 4611 The Hospitalized Child 3 s.h.
   - **Total** 17–18 s.h.

CONTINUED
3. **Family and Consumer Sciences (general) Minor (526/19.0101)**

   - **FCS 1000 Apparel and Consumer Behavior**
     3 s.h.
   - **or**
   - **FCS 2000 Consumer Textiles**
     3 s.h.
   - **FCS 2104 Child Development: 3-K Years**
     3 s.h.
   - **or**
   - **FCS 2103 Family Development Over the Life Cycle**
     3 s.h.
   - **FCS 1202 Basic Food Science**
     3 s.h.
   - **or**
   - **FCS 2202 Nutrition and Health**
     3 s.h.
   - **FCS 1300 Housing Environments**
     3 s.h.
   - **FCS 2600 Family Economics**
     3 s.h.
   - **Plus one family and consumer sciences elective**
     2-3 s.h.
   - **Total**
     17–18 s.h.

4. **Foods and Nutrition Minor (521/19.0501)**

   - **FCS 2202 Nutrition and Health**
     3 s.h.
   - **Plus five or six of the following: (15 semester hours)**
     - **FCS 1202 Basic Food Science**
       3 s.h.
     - **FCS 2201 Foods and Nutrition for Children**
       2 s.h.
     - **FCS 2203 Organization and Management in Food Service**
       3 s.h.
     - **FCS 2204 Quantity Food Production**
       3 s.h.
     - **FCS 3202 Foodsystems Procurement**
       3 s.h.
     - **FCS 3205 Nutrition and the Life Cycle**
       3 s.h.
     - **FCS 4200 Advanced Nutrition I**
       3 s.h.
     - **FCS 4240 Medical Nutrition Therapy I**
       3 s.h.
     - **FCS 4250 Medical Nutrition Therapy II**
       3 s.h.
     - **FCS 4504 Foodsystems/Dietetics Administration**
       3 s.h.
     - **FCS 4540 Diet and Public Health**
       3 s.h.
     - **FCS 4552 Medical Terminology/Records**
       1 s.h.
     - **FCS 4555 Nutritional Aspects of Exercise and Sports**
       3 s.h.
     - **FCS 4560 Community Nutrition**
       3 s.h.
   - **Total**
     18 s.h.

The Department of Family and Consumer Sciences offers the following graduate degree programs. Persons interested in any of these degrees are requested to consult the *Graduate Bulletin* for further information.

- **Master of Arts in Child Development: Birth through Kindergarten**
  with concentrations in Administration, Allied Personnel, and Teaching
- **Master of Arts degree in Family and Consumer Sciences**
- **Master of Arts degree in Family and Consumer Sciences, Education**

**Courses of Instruction in Family and Consumer Sciences (FCS)**

This catalog reflects fall and spring semester offerings. Go to [www.summerschool.appstate.edu](http://www.summerschool.appstate.edu) for courses offered in summer terms.

(For an explanation of the prefixes used in the following courses, see the listing of *Course Prefixes*.)

**FAMILY AND CONSUMER SCIENCES (FCS)**

**FCS 1000. Apparel and Consumer Behavior** (3).F.

An introductory study of the nature and importance of life styles; communication, economics, psychology, sociology, design and concepts of manufacturing, marketing and retailing as factors which influence consumer acceptance and utilization of fashions. Lecture three hours.

**FCS 1001. Apparel Construction** (3).F;S.

Theories and principles of garment design and structure in relation to figure types and posture, including their application in construction and fit of apparel for men and women. Laboratory six hours.

**FCS 1100. Development and Relationships: Conception through Middle Years** (3). On Demand.

A study of the development of children from conception through middle school age, incorporating the psycho-social, physical and cognitive components of development and relationships. Lecture two hours, laboratory two hours. (WRITING)
FCS 1202. Basic Food Science (3).F;S.
Introduction to and emphasis on basic scientific principles of food. Integration of scientific principles into food study from the consumer perspective including identification and conservation of nutrients into a meal management format. Lecture two hours, laboratory two hours.

FCS 1300. Housing Environments (3).F.
Study of individual and family housing needs, housing acquisition decisions, and housing space. Students will apply the elements and principles of design to choose and to create functional, safe and aesthetically pleasing living environments which foster individual and family well-being and accommodate relevant life cycle stages. Selection of household furnishings, housing policy, trends, energy use, and material quality are explored. Lecture three hours.

FCS 1400. Professional Orientation (1).F;S.
Factors and personalities influencing the history of family and consumer sciences; present status of the discipline, future responsibilities and career opportunities. Lecture one hour. Required of all family and consumer sciences majors. To be completed either the first or second semester enrolled as a family and consumer sciences major.

FCS 2000. Consumer Textiles (3).F;S.
Consideration of textile fibers and fabrics from the viewpoint of the consumer. Factors related to raw materials, comparative quality, serviceability and cost of textiles used in apparel and home furnishings. Lecture two hours, laboratory two hours.

FCS 2002. Drawing for Apparel and Interiors (1).F.
An introductory course of quick sketching and drawing skills especially for apparel and textiles, and interior design majors. Emphasis will be given to sight proportions, scale, perspective, figure drawing, rendering, and layout techniques. Students will become familiar and more skilled with drawing tools and materials. This course is designed for the non-art student who may not have previous drawing experience. Laboratory two hours.

FCS 2011. Flat Pattern Design (3).S.
The use of commercial basic patterns in developing slopers for use in designing garments in relation to figure problems and current fashion trends. Prerequisites: FCS 1001 and FCS 2000. Lecture one hour, laboratory four hours.

FCS 2050. CAD for Apparel Design and Merchandising (3).F.
This course focuses on the comprehensive introduction to computer-aided design (CAD) in apparel and textiles. The components, commands, and methods of computerized design and store planning will be emphasized. Pattern and textile design, production procedures, illustration, store floor planning, dimensional plans, and fixtures layout for the apparel industry developed. Prerequisites: FCS 1001, FCS 2000, and FCS 2011. (COMPUTER)

FCS 2101. Child Development: Birth-2 Years (3).F;S.
In-depth study of infancy to include concepts, principles and developmental theories. Students will observe, record, and analyze the social, emotional, physical and cognitive development of the typical and atypical infant and toddler in the social and cultural context. Lecture two hours, laboratory two hours. (MULTI-CULTURAL; WRITING)

FCS 2102. Child Study and Guidance (3).F.
Child study techniques and child guidance principles and strategies appropriate for use with young children in group care and hospital settings. Includes weekly laboratory experiences and observational reports. Lecture two hours, laboratory two hours. Prerequisite: FCS 2104 or consent of the instructor. (WRITING)

FCS 2103. Family Development Over the Life Cycle (3).F;S.
A study, using the life span approach, of factors affecting individual and family development. Theories, patterns, structures and function of diverse family groupings and interactions/relationships in family processes and development will be considered in relation to current research. Lecture three hours. (COMPUTER) (CORE: SOCIAL SCIENCES)

FCS 2104. Child Development: 3-K Years (3).F.
Examines, with a multidisciplinary approach, the growth and development of preschool children, both typical and atypical. Students will observe, record, and analyze motor, social, emotional and intellectual development of typical and atypical children using developmental theory. Lecture two hours, laboratory two hours. (WRITING)

FCS 2201. Foods and Nutrition for Children (2).F;S.
A study of relationships between nutrition and emotional, mental and physical well-being of infants and children. Diet planning, food preparation, food purchasing, storage, sanitation and safety standards in child development programs. Lecture two hours.
FCS 2202. Nutrition and Health (3).F;S.
Application of basic nutrition principles to the prevention of disease and the promotion of health. The wellness perspective is integrated in the course through the following topics: chronic diseases, health risk assessment, decision making, health behavior change, wellness planning and evaluation, and literature evaluation. Lecture three hours. (CORE: PHYSICAL ACTIVITY/WELLNESS)

FCS 2203. Organization and Management in Food Service (3).F.
Factors involved in business policies, organization theory, and principles of management applicable to food service institutions. Administrative development including management experience; job analysis, and evaluation; salary and wage structure; employee benefits; personnel selection and employment practices including allocation of labor. Exposure to major leadership-styles, effective communication management functions, employee motivation, formal-informal work groups, organizational charts, business social responsibility, and management in the future in food institutions. Lecture three hours.

FCS 2204. Quantity Food Production (3).F;S.
Introduction and application of food service principles to quantity food service: menu planning, recipe development and standardization, costing, marketing trends, purchasing, production, presentation and service considerations. Aesthetics of food as related to the food service industry. Lecture one hour, laboratory four hours. Prerequisite: FCS 1202 or approval of the instructor. (MULTI-CULTURAL)

Selection, use, and application of equipment and technology in the home. Study and practical application of the principles and procedures of home management. Lecture two hours, laboratory two hours. Prerequisite: FCS 1300.

FCS 2500. Independent Study (1–4).F;S.

FCS 2600. Family Economics (3).S.
A study of the management of human and material resources designed to develop competence as consumers of goods and services in a modern economic society. Lecture three hours.

FCS 3002. Apparel Design and Production (3).S.
Interrelationship of historic costume, textile materials, design and fashion drawing and illustration as tools of apparel design and production. A study of apparel design and manufacturing processes. Lecture two hours, laboratory two hours. Corequisite: FCS 4060. Prerequisites: FCS 2111 and FCS 2050.

FCS 3003. Fashion Merchandising (3).S.
Fashion fundamentals applicable to merchandising. Emphasis on the study of materials used in fashion merchandise. Lecture three hours. Prerequisites: FCS 2000 and FCS 2050. (WRITING)

FCS 3010. History of Apparel (3).F.
A study of apparel worn by different people throughout history with emphasis on how social, political, and economic events have influenced the way people dress. The course will cover how historical trends influence current fashion and will provide the student a working knowledge of fashion terminology. Lecture three hours.

FCS 3101. Enriching Experiences for Young Children (3).S.
Planning, developing and evaluating creative activities to meet the total needs of young children in preschool programs. Lecture two hours, laboratory two hours. Prerequisite: FCS 2102 or approval of the instructor. (SPEAKING)

A family development approach to parent, child and professional interactions with a specific focus on communication patterns and family structure. Students will study and evaluate strategies which enhance positive interactions relevant for working with parents and professionals. Emphasis will be directed toward normative and catastrophic family issues. Lecture three hours. Prerequisites: FCS 2103, FCS 2104 or approval of the instructor.

FCS 3104. Practicum I (3).S.
This practicum is designed to provide opportunities for students to plan and implement developmentally appropriate learning environments, learning experiences, and interactions with children and their families. In addition, students are required to demonstrate a basic level of reflection and professional behavior. Students in this practicum will be required to work with children ages birth-2 or 3-5 years of age. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: consent of the instructor. Graded on an S/U basis. (Same as CI 3104/SPE 3104.) (WRITING; CROSS-DISCIPLINARY)
FCS 3105. Practicum II (3).F.
This practicum is designed to build on and extend competencies learned in Practicum I. Students in this practicum will be required to work with children ages birth-2 or 3-5 years of age, depending on prior practicum placement. Students also will be required to plan and implement developmentally appropriate environments, learning experiences, and interactions with children and their families. In addition, students will be expected to demonstrate an advanced level of reflection and integration, as well as appropriate professional behavior. The practicum consists of a minimum of 150 contact hours in a program serving young children. Periodic seminars will be required. Prerequisite: FCS 3104/CI 3104/SPE 3104 or permission of the instructor. Graded on an S/U basis. (Same as CI 3105/SPE 3105.) (WRITING; CROSS-DISCIPLINARY)

FCS 3106. Adolescent Development (3).S.
Examination of the physical, cognitive, social, and emotional development of adolescents in the contexts of family, peers, school, work, and culture. Emphasis on the search for identity, sexuality, autonomy, and interpersonal relations. Observation and participation with adolescents.

FCS 3202. Foodsystems Procurement (3).F.
Application of procurement principles to foodservice. Emphasis on quality standards, menu development and analysis, HACCP, forecasting, ordering, receiving, storage, and management of food and equipment selection. Lecture three hours. Prerequisites: FCS 2203, FCS 2204 or approval of the instructor. (WRITING)

The study of nutritional needs and concerns in the various physiological ages of humanity. Application of the principles of nutrition to pregnancy, lactation, infancy, pre-school and school age years, adolescence, adulthood, and later maturity with discussions of nutrition services and programs available. Lecture three hours. Prerequisites: FCS 2202 and biology recommended.

FCS 3210. Beverage Management (3).F.
Integration of food service management principles to beverage operations with emphasis on legal and liability issues, staff training, customer service, pricing, purchasing, storage, loss prevention and marketing strategies. Lecture three hours.

FCS 3500. Independent Study (1–4).F;S.

FCS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

(EFFECTIVE: SPRING, 2008)

FCS 3522. Introduction to Birth-Kindergarten (3).F;S.
An introduction to professional practices for working with young children, birth to five years, and their families. Students will examine concepts related to developmentally appropriate practices with young children, as well as exploring professional requirements and standards for those who work with young children.

FCS 3700. Introduction to Family and Consumer Sciences Education (3).S.
Survey of the North Carolina program of studies in secondary family and consumer sciences and the vocational student organization (FCCLA). Guided observation and participation in educational settings. Prerequisite: CI 2800/SPE 2800 or approval of the instructor.

FCS 3901. Practicum (3).F;S.
Approved work experience related to competencies in a program area of family and consumer sciences education as required by the State Department of Public Instruction. Supervision and evaluation will be by the employer and the faculty member. Minimum of 200 work hours. Prerequisite: 20 s.h. of family and consumer sciences courses; 2.0 grade-point average overall. Graded on an S/U basis.

FCS 4000. Textiles Merchandising: Apparel and Furnishings (3).F.

FCS 4002. Merchandise Display and Promotion (3).S.
A study of promotion of merchandise through the use of displays and diversified media. Lecture two hours, laboratory two hours.
Prerequisites: FCS 2002 and FCS 3003.

FCS 4003. Fashion Buying and Merchandising (3).F.
The planning, buying and selling of fashion merchandise. Emphasis on knowledge and skills needed for effective decision making in fashion merchandising. Lecture three hours. Prerequisite: FCS 3003.

FCS 4004. Merchandising Management: Principles and Practices (3).S.
An integrative approach to the role of merchandising management from a qualitative and quantitative perspective. Acquired merchandising concepts and principles are integrated and synthesized for the examination and exploration of the many aspects of merchandising management. Includes simulated management activities such as: case study and role playing. Lecture three hours. Prerequisites: FCS 4000 and FCS 4003. (WRITING)

FCS 4060. Illustration and Portfolio (3).S.
The student will develop and present a professional portfolio of work with emphasis on the area(s) in which the student wishes to specialize, including drawing the figure with proficiency and originality and developing advertising layout techniques. This course is designed to be a senior exit course for job searches and interviews. Lecture one hour, laboratory four hours. Corequisite: FCS 3002. Corequisite or prerequisite: FCS 4400. Prerequisites: FCS 4000 and MKT 3240.

FCS 4102. Critical Issues: Stressors in Child and Family Development (3).S.
Study of various critical issues affecting children with an emphasis on infancy and early childhood. Lecture three hours. Prerequisites: FCS 2103, FCS 2104 or approval of the instructor.

FCS 4131. Teaching Family and Consumer Sciences (Grades 9-12) (3).F.
A study of the organization and management of the family and consumer sciences program in the secondary school (9-12) setting. Emphasis will be placed on instructional objectives and planning, curriculum development and utilization, classroom management and evaluation techniques. Includes an intensive, 30-hour field experience in a public school setting. Prerequisites: CI 2800/SPE 2800 and FCS 3700, or approval of the instructor. (Same as CI 4131.)

FCS 4200. Advanced Nutrition I (3).S.
The role of nutrients at the specialized cellular level. Emphasis on intermediary metabolism of carbohydrates, proteins and fats. Scientific planning of adequate dietaries for normal individuals of different economic levels as related to health and efficiency. Lecture three hours. Prerequisites: FCS 3205, CHE 2101 and CHE 2203. (WRITING)

FCS 4205. Seminar in Food Systems Management (1).S.
A consideration of contemporary topics in food systems management via seminar format. Prerequisite: senior status.

FCS 4206. Advanced Nutrition II (3).F.
Function of minerals in human metabolism, homeostatic maintenance, and critical interpretation of nutrition information. Lecture three hours. Prerequisite: FCS 4200.

FCS 4240. Medical Nutrition Therapy I (3).F.
Techniques for assessing, evaluating, planning, and counseling individuals and their families to improve nutritional status. Role of dietary modifications in prevention and treatment of disease such as obesity, heart disease, diabetes. Methods of nutrition support. Prerequisites: ES 2000, HP 3200, FCS 4552. Prerequisite or corequisite: FCS 4200.

FCS 4250. Medical Nutrition Therapy II (3).S.
Role of dietary modifications in the treatment of pathological conditions with an emphasis on assessment, planning, and counseling of clients and their families. Includes medical nutrition therapy for gastrointestinal disorders, allergies, liver disease, metabolic disorders, heart failure, pulmonary disorders, renal disease, cancer and HIV. Prerequisites: FCS 4200 and FCS 4240. Prerequisite or corequisite: FCS 4206.

FCS 4315. Habitats and Public Policy (3). On Demand.
Historical and current politico-economic climates and their influences on the physiological, psychological and sociological aspects of housing. The interrelationships of the physical environment with people in urban, suburban, and rural housing situations. Current developments in housing with emphasis on private and federal programs. Lecture three hours. Prerequisite: junior standing. (WRITING)

FCS 4400. Professional Seminar (1).F;S.
A study of concepts and skills essential for successful entry into the professional world including job search strategies, resume development, interview strategies, written and oral communication, professional ethics, and career management and development.
Family and Consumer Sciences

Lecture one hour. Prerequisites: FCS 1400 and senior level standing or approval of the major advisor. Should be completed before taking FCS 4900.

**FCS 4450. Contemporary Issues in Family and Consumer Sciences** (2).F.
An integrative study of contemporary issues in relation to individuals and families: child development, family relations, parenting, resource management, housing, interior design, apparel and textiles, food and nutrition. Team building and problem solving skills using interdisciplinary group assignments will be incorporated into presentation and discussion. Prerequisites: FCS 1400, FCS 2103, junior or senior level standing. (WRITING)

**FCS 4504. Foodsystems/Dietetics Administration** (3).S.
In-depth study of organizational management and behavior in foodsystems/dietetics administration. A study of: financial reporting, cost analysis, quality management/control, layout-design, waste management, energy management, and other administrative responsibilities. Current trends will be addressed. Lecture three hours. Prerequisite: FCS 3202. (SPEAKING)

**FCS 4540. Diet and Public Health** (3).F.
Reviews the effects of foods, nutrients, and dietary patterns on health. Examines the dietary recommendations that have the potential for reducing the risk of chronic diseases and estimates the impact of these recommendations. Prerequisite: FCS 2202.

**FCS 4550. Experimental Food Study** (3). On Demand.
A study of the theories of food preparation, the effect of processing on food, the interrelationship of various aspects of food science to nutrition and the judgement of products and establishing of standards. Lecture one hour, laboratory four hours. Prerequisite: FCS 1202. (WRITING)

**FCS 4551. Families in Later Life** (3).F.
In-depth study of factors influencing interrelationships in family development in the later years. Lecture three hours. Prerequisite: FCS 2103 or permission of the instructor. [Dual-listed with FCS 5551.]

**FCS 4552. Medical Terminology/Records** (1).S.
This course is designed to develop an understanding of the medical terminology and vocabulary as utilized in medical records and health professions. Lecture one hour. [Dual-listed with FCS 5552.]

**FCS 4553. Issues in Transdisciplinary Service Delivery** (1).S.
This seminar emphasizes the foundations for professional development, positive attitudes toward children and families, and the strong commitment toward continuous, life-long study of young children and their learning. Class discussions and assignments are designed to prepare B-K teachers to participate fully in interdisciplinary and transdisciplinary early childhood teams and to collaborate across agencies dealing with young children and their families. (Same as CI 4553/SPE 4553.)

**FCS 4554. Infant/Toddler Curriculum** (4).F.
The purposes of this course are (1) to apply the principles of developmentally appropriate practice to planning, implementing, and evaluating curriculum experiences for infants and toddlers; and (2) to develop strategies for integrating a range of developmental needs and disabilities within the planned curriculum. Prerequisites: FCS 2101 and SPE 3273, or consent of the instructor. (Same as CI 4554/SPE 4554.)

A study of nutrition specific to physical activity and sport performance. Topics will include metabolism during exercise, sport-related weight gain and loss, food and fluid intake for competition, nutritional ergogenic aids, exercise recovery nutrition, and various special topics. Prerequisites: ES 2000, ES 2010, ES 3450. Corequisite: CHE 2101 and CHE 2203. (CROSS-DISCIPLINARY) (Same as ES 4555.) [Dual-listed with FCS 5555/ES 5555.]

**FCS 4560. Community Nutrition** (3).S.
An introduction to nutrition needs of the community and nutrition services provided to the public through various agencies and organizations; techniques for determining nutrition needs and methods of extending services to various groups in the community and factors affecting acceptance of these services. Lecture three hours. Prerequisite: FCS 2202. (COMPUTER; SPEAKING)

**FCS 4600. Curriculum and Instruction for Young Children: Three through Kindergarten** (4).F.
The purposes of this course are (1) to apply the major cognitive, language, affective, social and physical development theories to curriculum planning and implementation for all young children; and (2) to develop strategies for integrating a range of learning needs and disabilities into the planning and implementation of an early childhood curriculum. Emphasis will be on education services in public schools and other settings serving young children with typical and atypical needs. Prerequisite: SPE 3272, or consent of the instructor. (Same as CI 4600/SPE 4600.)
FCS 4609. Seminar in Vocational Education (1).F.
A study of the historical, legislative, and philosophical bases of vocational education; organization of vocational education in North Carolina; and contemporary issues in vocational education. Prerequisites: CI 2800/SPE 2800 and FDN 3800 or approval of the instructor. [Dual-listed with FCS 5609.]

FCS 4610. Administration of Early Childhood Programs (3).S.
A study of the role of the program administrator in a variety of early childhood settings, both public, private and non-profit. This study will involve program planning, staff administration, assessment of facility and equipment needs, appropriate program and financial management using computer management software and studying the state regulations that govern programs for young children. Lecture three hours. Prerequisite: FCS 3101 or permission of the instructor. (WRITING; COMPUTER) [Dual-listed with FCS 5610.]

FCS 4611. The Hospitalized Child (3). On Demand.
This course is designed to help students understand the procedures, illnesses, and stress that are experienced by children and families during hospitalization. This course will stress both theory and practice in working with children and families for professionals in non-medical areas. (CROSS-DISCIPLINARY) [Dual-listed with FCS 5611.]

FCS 4701. Educational Methods for Family and Consumer Sciences (3).F.
A study of the principles of teaching and learning applied to family and consumer sciences content. The course will address instructional methods appropriate for formal and non-formal educational settings, focusing on specific oral strategies and computer applications. Lecture two hours, laboratory two hours. (SPEAKING)

FCS 4709. Middle Grades Career Exploration (3). On Demand.
A study of the newer conceptual and pragmatic models of middle grades career exploration. Development of competencies of teachers in relation to the development of models, integration of cluster concepts, occupational information, and resources which might be utilized in career exploration. Meets requirements for licensure and license renewal credit for teachers involved in career education. Prerequisites: FCS 4609, FCS 4131/CI 4131 or equivalent, or permission of the instructor. Lecture two hours, laboratory two hours.

FCS 4710. Middle Grades Career Exploration Labs (3). On Demand.
Study of the occupational clusters and the methods and techniques of teaching in each of the middle grades career exploration labs. Meets requirements for licensure and license renewal credit for teachers involved in middle grades career education. Prerequisite: FCS 4609, FCS 4131/ CI 4131, FCS 4709, or equivalent, or permission of the instructor. Lecture two hours, laboratory two hours.

FCS 4900. Internship (3-12).F;S.
Field experience or employment in the area of the student’s interest: (a) apparel and textiles; (b) foods and nutrition; (c) child development; (d) family and consumer sciences education. Supervision and evaluation by the employer and the faculty member. Prerequisites:
A. 2.00 overall grade-point average
B. College rank: juniors (60 s.h.)
C. Completed 35 hours of family and consumer sciences courses including FCS 4400 (except 24 hours for family and consumer sciences education majors)
D. Internship proposal fully approved
E. Major courses completed:
   1. Apparel and Textiles: FCS 1000, FCS 1001, FCS 2000, FCS 3003; ECO 2030; MKT 3050; ACC 1100
   2. Child Development: FCS 2101, FCS 2103, FCS 2104, FCS 2201, FCS 3101, FCS 3106; SPE 4595
   3. Family and Consumer Sciences Education: 24 semester hours in family and consumer sciences completed
Graded on an S/U basis. Hours requirement for three credit hours is 200 hours with 67 hours required for each additional credit.
Health, Leisure and Exercise Science

The Department of Health, Leisure and Exercise Science, as part of the College of Fine and Applied Arts, assumes the responsibility for educating students to understand the significance of human movement, quality leisure, optimal health, and personal safety. The department offers instruction, research and services to meet these needs and respond to current societal trends. Consequently, the student is prepared to develop and lead related activities and programs in a variety of community settings, having acquired knowledge and skills to plan and implement programs for diverse populations. The department also offers ongoing services for all students, faculty and staff, and actively supports the following student organizations: Health Promotion Club, Physical Education Academy (ZAPEA), Athletic Training Club, Exercise Science Club, and the Recreation Management Association.

Athletic Training

The Athletic Training degree will provide the undergraduate student with a blend of academic coursework and clinical experience in appropriate athletic training settings. It is the intention of this degree to prepare students to practice athletic training in a high school, college/university, professional, industrial, or clinical setting.

The Bachelor of Science degree in Athletic Training (565A/51.0913) consists of 64 semester hours as follows: AT 1600, AT 2100, AT 2200, AT 2300, AT 2400, AT 3000, AT 3215, AT 3400, AT 3600, AT 3610, AT 3615, AT 3620, AT 3625, AT 4000, AT 4025, AT 4030; ES 2000, ES 2010; HP 1105, HP 3100/HED 3100; BIO 1101; STT 2810; CHE 1101, CHE 1110 and CHE 1102, CHE 1120; and COM 2101 (“C” minimum required). In addition to the 64 semester hours, the following courses must be taken in the core curriculum: PHY 1103-PHY 1104; MAT 1025 or above; ANT 1215; PSY 1200; PE 1013 and PE 1014. Also, two semester hours minimum of free electives outside the major discipline are required. The athletic training student must meet proficiency in speech, CPR, and two lifetime activities. In addition, the student must spend a minimum of four semesters (minimum 800 hours) in our clinical settings, gaining clinical experience under the supervision of a NATABOC certified athletic trainer. A minor, to be approved by the academic advisor, is required.

The Athletic Training program requires the student to apply for admission to the curriculum. Criteria for admission include: submission of a program application, a 2.5 cumulative GPA from Appalachian State University, a minimum of 30 hours of active observation in Appalachian State University’s athletic training rooms, three letters of recommendation, a journal, a goal statement, an insight statement, a signed Technical Standards document (available on the web site: www.appstate.edu/www_docs/depart/hles/index.html), a physical screen and a personal interview. Students must maintain a 2.5 GPA and must earn a grade of “C” or better in AT 1600, AT 2100, AT 2300, AT 2400, AT 3215, AT 3600, AT 3610, AT 3615, AT 3620, AT 3625, AT 4025, and AT 4030. The Athletic Training program is a CAATE accredited program that prepares the student for the NATABOC certification examination and North Carolina licensure. Contact the director of the Athletic Training curriculum in the Department of Health, Leisure and Exercise Science for further information.

Exercise Science

The Exercise Science degree is a cross discipline commitment from scientists and educators to strive for a holistic approach to the multi-discipline understanding of exercise and its relation to health fitness. The graduate should develop a sound science background with the communication and writing skills necessary to apply the knowledge to a practical hands-on situation.

The Bachelor of Science degree in Exercise Science (567*/31.0505) consists of a minimum of 79 semester hours in addition to the core curriculum requirements. Core curriculum requirements include: MAT 1025 or above, CHE 1101, CHE 1110 and CHE 1102, CHE 1120, PSY 1200, ANT 1215, PE 1013 and PE 1014 (or HP 1105 if a health promotion minor is pursued). All exercise science majors must complete a required allied core and a required exercise science core. In addition, a concentration must be selected from Pre-Professional (567B) (i.e., students pursuing physical therapy school), or Strength and Conditioning (567D), or Wellness/Cardiac.
Rehabilitation (567C). Although a minor is not required, a minor may be obtained as noted by the concentrations below.

1. Allied core courses (20 s.h.): BIO 1101, BIO 3301, CHE 2101 and CHE 2203, PHY 1103 and PHY 1104
3. Concentrations: select one
   - Pre-Professional concentration (567B) (31 s.h.) (includes minors in PSY and BIO): Required: PSY 2301, PSY 2401, PSY 2700, PSY 4562, PSY 4653, BIO 3306, BIO 4563, BIO 4568, ES 4050, PHY 4820
   - Strength and Conditioning concentration (567D) (31 s.h.) Required: ES 4000, ES 4060, ES 4600, AT 1600 and PE 4002. Choose 17 s.h. from the following: BIO 3306, BIO 3800, BIO 4563, BIO 4568, PE 2002, PHY 4820 or ES 3900. Note: a biology minor may be completed by taking BIO 3301 in the allied core and any three of the biology courses listed in this concentration.
   - Wellness/Cardiac Rehabilitation concentration (567C) (31 s.h.) Required courses: SOC 3100, FCS 2202, HP 3700, ES 4625, ES 4635, ES 4645, ES 4660 and ES 3900 (6 s.h. minimum internship required). If internship is done for 6 s.h., then 4 s.h. must be chosen from the following: AT 1600, FCS 4552, HP 2100, HP 2200, HP 3200, ES 3500, PHY 4820 or BIO 4563. Note: A health promotion minor may be obtained by taking HP 1105 from the core curriculum and by completing HP 2100, HP 2200, HP 3200, HP 3700 and FCS 2202. First aid certification is required and must be current at time of graduation.

4. Electives to total a minimum of 125 s.h. (2 s.h. of free electives outside the major discipline are required.)

CPR proficiency is required of ALL exercise science majors and must be current at the time of graduation.

A minimum 6 s.h. internship is required in the Wellness/Cardiac Rehabilitation concentration. The internship will offer guided, practical experiences at qualified wellness/cardiac rehabilitation program sites. All prospective interns should be declared exercise science majors with senior standing and must plan their placement under the supervision of an exercise science internship coordinator. Internship credit is determined by the ratio of 40 contact hours for one hour of credit for a maximum of 12 s.h.

Minor in Exercise Science (519/31.0505)
A minor in Exercise Science consists of 19 semester hours. The minor is designed individually according to the student’s interests and designated major, and in consultation with the advisor, area director, and departmental chair.

Health Promotion
Students earning a Health Promotion degree will have the competencies needed to provide leadership in health promotion and disease prevention for communities, hospitals, voluntary agencies, schools, and private industry.

The Bachelor of Science degree in Health Promotion (509A/51.2207) consists of 60 s.h. in addition to core curriculum requirements. Eight semester hours of a biology or chemistry sequence, SOC 1000 and FCS 2202 are required. (MAT 1025 is required if student pursues an exercise science minor.) A minor is required and is to be chosen from either Exercise Science, Foods and Nutrition, General Business, or Psychology. The degree also includes a 6 s.h. internship (HP 4900).

1. Required courses (60 s.h.): SOC 1110, SOC 3100; COM 2101 ("C" minimum); CS 1410; ES 2000, ES 2005; HP 2100, HP 2200; HP 3100/HED 3100; HP 3130, HP 3200, HP 3700, HP 4100, HP 4200, HP 4300, HP 4400, HP 4701, HP 4800, and HP 4900.
2. Minor (15-18 s.h.)—Choose one:
   - Exercise Science minor (519/31.0505) (19 s.h.): ES 2005 (one of the required courses for major); ES 2010, ES 2020, ES 3005, ES 3450, ES 3550
   - Foods and Nutrition minor (521/19.0501) (18 s.h.): Includes FCS 2202 required in core curriculum and choose 15 s.h. from the following: FCS 1202, FCS 2201, FCS 2203, FCS 2204, FCS 3202, FCS 3205, FCS 4200, FCS 4240, FCS 4250, FCS 4504, FCS 4540, FCS 4552, ES 4555/FCS 4555, FCS 4560
   - General Business minor (324/52.0101) (18 s.h.): CIS 3050; ACC 1100; ECO 2030; MGT 3010; MKT 3050; FIN 3010 or FIN 3680. An overall GPA of 2.0 is required in this minor. OR Psychology minor (275/42.0101) (18 s.h.): PSY 1200 (can also be used as a social science) and choose 15 s.h. of psychology electives. Suggested electives are: PSY 1100, PSY 2301, PSY 2401, PSY 3207, PSY 4562
3. Electives to total a minimum of 122 s.h. (Two semester hours of free electives outside the major discipline are required.)

Minor in Health Promotion (509/51.2207)
A minor in Health Promotion consists of 17 semester hours. Required courses are: HP 1105, HP 2100, HP 2200, HP 3700, HP 4300;
and FCS 2202. Eight semester hours in sequence of biology or chemistry are required.

Physical Education Teacher Education, K-12 (with teacher licensure)
Graduates earning a Bachelor of Science degree in Physical Education Teacher Education, K-12 should possess the knowledge, skills, and dispositions for systematically planning, implementing instruction and assessing student learning based on the NASPE Content Standards.

The Bachelor of Science degree in Physical Education Teacher Education, K-12 (564A/13.1314)[T] (with teacher licensure) consists of 45 semester hours in addition to the core curriculum requirements, the professional education requirements, and the second academic concentration requirements. As part of the core curriculum, the student must select eight semester hours of biology or chemistry; take SOC 2700; and PE 3008 ("C" minimum) (which also meets the two semester hour physical activity/wellness requirement).

Courses in the major requirements include: PE 1550, PE 2002, PE 2015, PE 2115, PE 2116, PE 3002, PE 3003, PE 3009, PE 3031, PE 4000, PE 4002, PE 4014, ES 2001, ES 2015, and CI 4020. [A "C" (2.0) is required in each major course.] Proficiency is required in Emergency Care/CPR and must be current at the time of graduation. Not included in the 45 semester hour major requirement is the two semester hours of free electives outside the major. No minor is required, but the student must select a second academic concentration from one of the following: Biology, Human Studies, Natural Science, or Psychology.

For the requirements in professional education, see the Department of Curriculum and Instruction.

Recreation Management
Students completing the Bachelor of Science degree in Recreation Management (574*/31.0301) are prepared for careers in outdoor recreation, experiential education, travel and tourism, club management, recreation program management, and resort recreation.

Students must complete the required core and select a concentration in either: Commercial Recreation and Tourism Management (574G), Outdoor Experiential Education (574F), or Recreation and Park Management (574E) to total 53-54 semester hours.

Students are required to complete an internship and a minor in a supporting field. Two semester hours minimum of free electives outside the major discipline are required. Students desiring to major in Recreation Management are allowed to enroll in RM 2110 and up to two (2) additional courses. Upon completion of RM 2110, students are required to have a minimum cumulative GPA of 2.0 in order to enroll in further RM courses.

1. Required core courses: (38 s.h.)—RM 2110 ("C" minimum required), RM 2120, RM 2210, RM 2310, RM 2410, RM 3210, RM 3315 ("C" minimum), RM 3610, RM 4110, RM 4210 ("C" minimum), RM 4561, and RM 4900 (8 s. h. internship)

2. Select one of the following three concentrations:
   Commercial Recreation and Tourism Management concentration (574G) (15 s.h.)
   Required: RM 2130, RM 3241, and RM 4450. Select 6 s.h. of HOS electives, or other electives with approval of the advisor.

   Outdoor Experiential Education concentration (574F) (16 s.h.)
   Required: RM 2220 ("C" minimum if concentrating in Outdoor Experiential Education), RM 3154, and RM 4140. Select 4 s.h. from the following courses: RM 3151, RM 3152, RE 3153; and, select 3 s.h. from: RM 3140, RM 3155, RM 3630, or another 3 s.h. course with approval of the advisor.

   Recreation and Park Management concentration (574E) (15 s.h.)
   Required: RM 2400 and RM 3220. Select 6 s.h. from the following courses: RM 3140, RM 3235, RM 3630, RM 4560; and select 3 s.h. of electives with approval of the advisor.

Internship information—RM 4900, Internship is required for the major in recreation management. RM 3900, Recreation Practicum is required for the minor in recreation management. RM 3900 may be taken as an elective course by majors.

The following rules apply to prospective interns: (1) Credit for the RM 4900 course may not exceed 12 semester hours. (2) Not more than 15 semester hours of internship and practicum credit may be applied toward graduation requirements. (3) On-the-job internship time is determined by the ratio of fifty (50) contact hours for one hour of credit. (4) All prospective interns must plan their placement under the supervision of a recreation management faculty member, and (5) All internships must be for ten continuous weeks.

Minor in Recreation Management (575/31.0301)
A minor in Recreation Management consists of 20 semester hours. Required courses are RM 2110, Introduction to Recreation and Leisure (3 s.h.) and RM 3900, Recreation Practicum (3 s.h.). The remaining courses are to be determined individually to meet student needs through consultation with the recreation management coordinator and the departmental chair.

The Department of Health, Leisure and Exercise Science offers the following degree at the graduate level: Master of Science degree
Health, Leisure and Exercise Science

in Exercise Science with concentrations in Research, Clinical/Cardiopulmonary Rehabilitation, and Strength & Conditioning. Persons interested in this degree are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Athletic Training, Exercise Science, Health Promotion, Physical Education, and Recreation Management (AT, ES, HP, PE, RM)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

ATHLETIC TRAINING (AT)

AT 1600. Introduction to Athletic Training (2).F;S.
An introductory course to athletic training. Topics covered include safety in the training room, musculoskeletal and surface anatomy, sports medicine terminology, injury recognition and basic evaluation, use of therapeutic modalities, and rehabilitation techniques. Lecture two hours, laboratory one hour.

AT 2100. Athletic Training Clinical Seminar (2).F.
This seminar course should be taken by students in their second year of the athletic training program. Course content will focus on fabrication of protective equipment, spinal injuries and management, emergency planning, and will supplement the learning experience gained from clinical work. Prerequisite: AT 1600. Lecture two hours.

AT 2200. Athletic Training Clinical Laboratory I (1).S.
A guided, practical experience for the entry level student athletic trainer. Experiences will include, but not be limited to, general athletic training room operation and instruction in the use and application of therapeutic modalities, rehabilitation equipment, and prophylactic taping. Prerequisite: acceptance into the CAAHEP accredited Athletic Training program. Laboratory one hour. Graded on an S/U basis.

The course covers the body's response to injury/illness, soft tissue and bony palpation, goniometry, manual muscle testing, posture evaluation, and gait analysis. It will provide a foundation for future courses in injury/illness evaluation and management. Hands-on practice with movement assessment techniques and cadaver dissection is provided. Prerequisites: AT 1600 and AT 2200. Lecture three hours, laboratory two hours.

AT 2400. Medical Conditions and Disabilities (4).S.
A course designed to expand on the knowledge gained in ES 2000, Human Anatomy and Physiology. This course will also discuss application of anatomy and physiology to the pathogenesis of disease and disabilities as they relate to allied health professionals. Prerequisites: AT 1600, AT 2300 and ES 2000. Lecture three hours, laboratory two hours.

AT 3000. Athletic Training Clinical Laboratory II (1).F.
A guided, practical clinical experience for the second semester student athletic trainer. Experiences will include, but not be limited to, instruction in and the application of techniques used to assess injuries/illnesses. Prerequisite: AT 2200. Laboratory one hour. Graded on an S/U basis.

AT 3215. Athletic Training Clinical Organization and Administration (2).S.
A course focusing on the organizational and administrative components of an athletic training program including those pertaining to: a) facility design; b) health care; c) financial management; d) training room management; e) use of computers in the training room; and f) public relations. (COMPUTER)

AT 3400. Athletic Training Clinical Laboratory III (1).S.
A guided, practical experience for the third semester student athletic trainer. Experience will include, but not be limited to, principles of organization and administration within the athletic training setting. Prerequisites: AT 2200 and AT 3000. Laboratory one hour. Graded on an S/U basis.

AT 3600. Athletic Injury Assessment I (2).F.
An advanced course in injury assessment. The course will include introductory material related to injury assessment and in-depth investigation of foot and ankle, knee, hip, shoulder, and elbow assessment. Hands-on practice with assessment procedures is provided. Prerequisite: AT 2400. Lecture two hours, laboratory one hour.
Health, Leisure and Exercise Science

AT 3610. Treatment of Athletic Injuries (2).S.
The course covers the physical basis and physiological effects of agents and modalities used in the treatment of athletic injuries. The emphasis will be on establishing a theoretical foundation for selecting a treatment protocol for an injury. Hands-on practice with equipment is provided. Prerequisites: AT 1600 and ES 2000. Lecture two hours, laboratory one hour. (WRITING)

AT 3615. Athletic Injury Assessment II (2).S.
The student will have the opportunity to build on knowledge acquired in AT 3600. In-depth investigation of injury assessment of the upper extremity, abdomen and thorax, and head and face will be included. Hands-on practice with assessment procedures is provided. Prerequisite: AT 3600. Lecture two hours, laboratory one hour.

AT 3620. Rehabilitation of Athletic Injuries I (2).F.
The course covers the principles of rehabilitation and its physiological effects. Topics for discussion include current rehabilitation techniques, criteria for return to activity, and basics of surgical procedures focusing on the lower extremity. Hands-on practice with equipment is provided. Prerequisite: AT 2400. Lecture two hours, laboratory one hour.

AT 3625. Rehabilitation of Athletic Injuries II (2).S.
The student will build on the knowledge acquired in AT 3620. In-depth investigation of rehabilitation techniques, criteria for return to activity, and basics of surgical procedures focused on the upper extremity and spine will be included. Hands-on practice with equipment is provided. Prerequisite: AT 3620. Corequisite: AT 3615. Lecture two hours, laboratory one hour.

AT 4000. Athletic Training Clinical Laboratory IV (1).F;S.
A guided, practical experience for the advanced level student athletic trainer. Experiences will include, but not be limited to, insurance filing, budgeting, clinical education of student athletic trainers at lower level labs, and alternate athletic training experiences. Prerequisites: AT 2200, AT 3000, AT 3400. May be repeated for a total of four semester hours credit. Laboratory one hour. Graded on an S/U basis.

AT 4025. Advanced Athletic Training (3).S.
The course covers nutritional aspects of injuries and illnesses, psychological intervention and referral, and pharmacology. Prerequisites: AT 3215, AT 3600, AT 3610 and AT 3620. Lecture three hours. (WRITING)

AT 4030. Senior Seminar in Athletic Training (2).F.
A course designed for senior athletic training students. Discussion topics include research and writing in athletic training and professional development. Additionally, opportunities to interact with medical professionals and opportunities to improve problem-solving skills related to injury/illness evaluation and management will be provided. Prerequisites: AT 3615, AT 3625, and AT 4025. Lecture two hours.

EXERCISE SCIENCE (ES)

ES 2000. Human Anatomy and Physiology (5).F;S.
A critical study of the structures and function of the organ systems as they relate to sport science and the allied health professions. Prerequisite: six semester hours of biology or chemistry or physics. Lecture four hours, laboratory two hours.

ES 2001. Physiological Kinesiology (3).F;S.
Anatomy, physiology and kinesiology relevant to teaching and evaluation of skill performance. Lecture three hours, laboratory two hours.

Acquaints the student with all aspects of developing and conducting a fitness program within the public sector. An introduction to EKG interpretation, graded exercise testing, lung functions, body composition, and heart disease profiles will be covered. The theory will be followed by application of the above parameters to the purposes, principles and precautions of an exercise program.

ES 2010. Exercise Physiology (3).F;S.
The course will focus on: basic energy, musculoskeletal, nervous, cardiovascular and respiratory systems as they relate to aerobic and anaerobic exercise. Emphasis will be placed on the adaptations of these systems to training. Lecture two hours, laboratory two hours. Prerequisite: ES 2000 or equivalent. (WRITING)

ES 2015. Physiology for the PETE Major (3).F;S.
The course will focus on basic bioenergetics as well as on the musculoskeletal, cardiovascular, and respiratory systems as they relate to aerobic and anaerobic exercise. Emphasis will be placed on the acute and chronic adaptations of these systems to exercise. An introduction to the physiology of health and fitness while utilizing body composition and nutrition as it relates to the physical educator.
Health, Leisure and Exercise Science

will be addressed. In most cases, concepts covered will be applied to children, adolescents and young adults. Lecture two hours, laboratory two hours. Prerequisite: ES 2001 or equivalent. (WRITING)

Introduction to measurement and evaluation practices pertinent to exercise science. Emphasis will be placed on computer applications of data collection, organization, analysis, and interpretation. Prerequisite: MAT 1025. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

ES 3005. Physiological Assessment and Program Management (3).F;S.
A course which introduces the student to program administration and exercise leadership with an application of advanced physiological assessment. Maximal exercise testing, resting and exercising electrocardiogram, assessments for anaerobic power and capacity and exercise programming will be covered in theory and application. Prerequisites: ES 2005, ES 2010 or equivalent. (SPEAKING)

ES 3450. Advanced Exercise Physiology (3).F;S.
Includes a comprehensive review of bioenergetics, neuromuscular, neuroendocrine and cardiovascular aspects of exercise and training. Discussions will emphasize the concept of specificity, particularly as it relates to strength/power exercise and training. Training principles and their application to the development of sound training protocols will be presented. Prerequisites: BIO 1101, CHE 1101 and CHE 1110, ES 2010 or equivalent. Lecture three hours.

ES 3500. Independent Study (1–4).F;S.

ES 3550. Introduction to Biomechanics (4).F;S.
A study of neuromuscular and mechanical principles of motion as related to the analysis of optimum motor skill performance. Prerequisites: ES 2000, MAT 1025 or equivalent. Lecture three hours, laboratory two hours. (COMPUTER)

ES 3900. Internship (3–12).F;S.
A guided, practical experience at a qualified program site. All prospective interns should be declared exercise science majors and must plan their placement under the supervision of an exercise science internship coordinator. Internship credit is determined by the ratio of 40 contact hours for one hour of credit for a maximum of 12 s.h. Prerequisites: senior standing. Graded on an S/U basis.

ES 4000. Theoretical and Practical Aspects of Strength/Power Conditioning (3).F.
This course is concerned with improvement of athletic performance. The course includes a brief overview of various biochemical and physiological systems; provides a comprehensive comparative overview of the biochemical and physiological responses and adaptations of resistive training and aerobic exercise and training. Provides a comprehensive study of training theory and methodologies with emphasis on enhancement of maximum strength, power and high intensity exercise endurance. Prerequisites: ES 2010, ES 3450, ES 3550 or equivalent. Lecture three hours. [Dual-listed with ES 5650.]

ES 4050. Practicum: Pre-professional (3).F;S.
This course provides an educational experience in which the student must acquire 90 hours of observation/volunteer work in an occupation directly related to her/his career interest. Activities will focus on physical therapy and the role of the therapist within that profession. The practicum is open to juniors and seniors majoring in exercise science, providing an opportunity to fulfill prerequisite requirements for “observation” hours as set forth by most physical therapy schools and other related professions. Prerequisites: ES 2010, ES 3450 or equivalent. Graded on an S/U basis.

ES 4060. Practicum: Strength and Conditioning (3).F.
Practical application of scientific principles and concepts to human physical conditioning programs. Students will participate in relevant practical activities involving or related to exercise science or sports medicine. Prerequisites: ES 2010, ES 3450, ES 3550 or equivalent. Graded on an S/U basis.

ES 4555. Nutritional Aspects of Exercise and Sports (3).F;S.
A study of nutrition specific to physical activity and sport performance. Topics will include metabolism during exercise, sport-related weight gain and loss, food and fluid intake for competition, nutritional ergogenic aids, exercise recovery nutrition, and various special topics. Prerequisites: ES 2000, ES 2010, ES 3450. Corequisite: CHE 2101 and CHE 2203. (CROSS-DISCIPLINARY) (Same as FCS 4555.) [Dual-listed with ES 5555/FCS 5555.]

ES 4600. Survey of Sports Performance (3).S.
This course is designed to acquaint the student with a variety of non-Olympic, Summer and Winter Olympic sports. An overview of each sport will be presented by qualified instructors. Athletic profiles including physical, physiological, psychological and performance
Health, Leisure and Exercise Science

requirements will be discussed. Typical training programs for each sport will also be presented. Prerequisites: ES 2010, ES 3450 or equivalent. Lecture three hours. [Dual-listed with ES 5600.]

ES 4625. Concepts of Clinical Exercise Testing (3).F.  
This course provides experience in clinical exercise testing and interpretation for various chronic disease populations. Students will be required to perform a variety of clinical exercise tests commonly used in the assessment of various chronic diseases. Emphasis will be placed on the development of clinical skills required to provide safe and effective testing and the ability to accurately interpret results. Prerequisites: ES 2010 and ES 3450 or similar coursework, and senior standing. [Dual-listed with ES 5625.]

ES 4635. Electrocardiographic Interpretation (3).S.  
This course provides an analysis of electrocardiographic concepts of the normal and abnormal ECG. Topics will include rate, rhythm, hypertrophy, axis determination, atrial and ventricular arrhythmias, conduction defects, myocardial ischemia, and myocardial infarction. In addition, the use of ECG monitoring during diagnostic exercise testing will be discussed. This course will also introduce the student to competencies required by the American College of Sports Medicine for certification as an Exercise Specialist or a Registered Clinical Exercise Physiologist. Prerequisites: ES 3450 or equivalent, and senior standing. [Dual-listed with ES 5635.]

ES 4645. Cardiopulmonary Pathophysiology and Rehabilitation (3).F.  
This course details the functions of the cardiovascular and respiratory systems emphasizing pathophysiology and treatment. Special reference will be made to exercise as a mode of therapy. Prerequisites: ES 2005 and ES 3450 or equivalent, and senior standing. [Dual-listed with ES 5645.]

ES 4650. Seminar (1).F;S.  
An “exit course” for exercise science majors. Students will interact with faculty, peers, and professionals in related fields. Topics will focus on synergistic effects of subspecialties, vocational opportunities, vita writing and interviewing, and other current professional issues in preparation for post-graduate career development. Prerequisite: senior standing. Graded on an S/U basis. [Dual-listed with ES 5550.]

ES 4660. Exercise Prescription and Chronic Disease Management (3).S.  
This course presents a comprehensive overview of the physical, physiological and metabolic responses of the human body to exercise testing and training in healthy individuals and in those with metabolic, cardiovascular and/or pulmonary disease. The successful student will gain an understanding of the processes involved in prescribing safe and effective therapeutic exercise in healthy individuals as well as patients with cardiovascular (hypertension, atherosclerosis), metabolic (diabetes, thyroid, obesity, osteoporosis), pulmonary (asthma, emphysema), and musculoskeletal diseases/disorders. An overview of environmental and legal considerations in the prescriptive process will also be discussed. Prerequisites: ES 2010 and ES 3450 or equivalent, and senior standing. [Dual-listed with ES 5660.]

HEALTH PROMOTION (HP)

HP 1105. Health and Fitness (2).F;S.  
Emphasis on health and fitness trends in America, fitness and health testing concepts, exercise prescription, nutrition principles, prevention and treatment of chronic diseases such as heart disease, obesity, cancer, diabetes mellitus, and osteoporosis, the relationship between health habits and aging and psychological health, stress management, and precautions in exercise. Each student will have their health and physical fitness status tested, including results on personal cardiorespiratory, body composition, and musculoskeletal fitness status, and personal diet, heart disease, health age, and stress profiles. (CORE: PHYSICAL ACTIVITY/WELLNESS)

HP 2100. Health Program Planning and Evaluation I (3).F.  
Provides an in-depth overview of health program planning and evaluation for all health promotion settings - community, schools, clinical, and worksite. Specifically, students will study how to assess individual and community needs for health promotion, plan and implement effective health promotion programs, evaluate the effectiveness of health promotion programs, and coordinate the provision of health promotion services.

HP 2200. Lifestyle Disease and Risk Reduction (3).F;S.  
A review of the major lifestyle diseases (heart disease, cancer, diabetes mellitus, HIV infection, hypertension, etc.) and appropriate screening tests and interventions to reduce risk. Emphasis will be placed on the study and interpretation of the U.S. Preventive Services Task Force guide for clinical preventive services. (WRITING)

HP 2500. Independent Study (1–4).F;S.  

HP 3100. Emergency Care and CPR (3).F;S.  
The course content and activities should prepare students to make appropriate decisions about the care given to victims of injury
or sudden illness. Two American Red Cross certificates may be earned: (1) Emergency Response and (2) CPR for the Professional Rescuer. (Same as HED 3100.)

**HP 3130. Environmental Health (3).S.**
Study of the application of various principles of environmental sciences and ecology as they relate to the prevention and control of disease, over-population, pollution of water, air, land, solid waste and noise. The interdependence of man, the environment, and disease will be stressed.

**HP 3200. Health Risk Appraisal (3).F;S.**
A practical review of major computer software programs and health risk appraisal methods for assessment of stress, health age, dietary quality, and physical fitness. Students will practice over 10 computer software programs during laboratory time, and should learn how to measure nutritional status, psychological mood state, and health risk. In addition, students will have the opportunity to learn anthropometry and counseling techniques. Lecture two hours, laboratory two hours. (COMPUTER)

**HP 3500. Independent Study (1–4).F;S.**

**HP 3520. Instructional Assistance (1).F;S.**
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

**HP 3530–3549. Selected Topics (1–4). On Demand.**
Advanced study in selected current health topics. Topics will be chosen on the basis of their impact on the health status of society and on their relevance to students. May be repeated for a maximum of nine (9) hours with no specific topic being taken more than once.

**HP 3700. Health Behavior Change (3).S.**
Focuses on the development, implementation, and improvement of interventions and programs targeted at health behaviors. Research and theoretical issues are discussed on a broad range of behaviors—from diet and exercise patterns to safety behaviors. Diverse theoretical perspectives on health behavior are discussed. The personal, family, social, institutional, and cultural determinants of health behavior are considered.

**HP 4100. Biostatistics (2).S.**
A study of computational techniques, theoretical frameworks and methodology used in the application, measurement, interpretation and evaluation of statistics in the health sciences. The use of micro and mainframe computers will be explored.

**HP 4200. Principles of Epidemiology (3).F;S.**
An introduction to epidemiology, defined as the study of the distribution and determinants of diseases and injuries in human populations. Emphasis will be placed on descriptive epidemiology, observational studies, and therapeutic trials of both infectious and chronic diseases. Prerequisite: HP 4100. (WRITING)

**HP 4300. Smoking Cessation/Alcohol Treatment Programs (3).F;S.**
An examination of the health risks and social problems associated with tobacco usage and alcohol consumption in the U.S. The first part of the course concerns itself with the acute and chronic effects of alcohol consumption and treatment programs for alcoholism; the second part of the course examines the biomedical effects of tobacco usage (especially cigarette smoking), and programs for smoking cessation. The course also uses the substances of tobacco and alcohol as vehicles for discussion of theoretical models of addiction.

**HP 4400. Weight Management (3).S.**
This course examines current research on the theories, health risks, and treatment of obesity. Topics include body composition assessment, dietary guidelines for Americans, role of exercise in weight management, treatment approaches, theories on health behavior change, and screening, assessment, referral resources, and legal constraints and liabilities related to practice. The course focuses on the development of skills necessary to critically review current weight loss claims/programs. Attention will also be devoted to eating disorders and non-diet approach to health and fitness. Prerequisite: FCS 2202, Nutrition and Health.

**HP 4701. Seminar in Health Promotion (3).F;S.**
A critical examination of nutritional, exercise, and health promotion products, information, and quackery. Current knowledge in nutrition, health, exercise physiology, biology, and biochemistry is used to analyze the products, information, and claims for legitimacy. Prerequisite: HP 3200.
Health, Leisure and Exercise Science

HP 4800. Health Promotion Interventions (3).F;S.
This course is designed to provide in-depth understanding of the structure and function of our current health care system and the role of health promotion in addressing our nation's health. Management and organizational issues related to health promotion/education programs will be included. This course also addresses acquisition of skills in the following areas: grant writing, effective presentation, health education curricula development, community organizing and community building, and preparing students for their internship experiences. Prerequisites: HP 2100 and senior status or permission of the instructor.

HP 4900. Internship (3–12).F;S.
Students are placed in a variety of health related agencies such as health departments, community action agencies, community mental health centers, educational institutions, wellness programs, hospitals, industrial/business settings, etc. for part or all of a semester or summer, under the direction of the health internship coordinator. The student surveys agency functions, completes a project and writes a final paper under the supervision of a health educator or health related person. Prerequisite: senior standing. Graded on an S/U basis.

Physical Education (PE)

Physical Education - Core Curriculum (Activity Courses)
All students are required to elect two semester hours of activity/wellness courses. (PE 1000 to PE 1080 will fulfill the activity courses.) Nonswimmers are urged to take PE 1000. Courses need not be taken in any particular sequence.

The primary aim for courses in the physical activity curriculum is to contribute to the student's ability to perform in a conversant, successful, and agreeable manner in both work-related and leisure activities in the contemporary world. Learning outcomes from the physical activity curriculum should include, but not be limited to, acquisition of motor skills, and understanding of exercise techniques, an appreciation of different types of physical activity as well as the knowledge and attitudes to support a healthy lifestyle.

The following activity courses (numbered PE 1000 to PE 1080) are open to all students to fulfill the CORE CURRICULUM requirements of two semester hours of PHYSICAL ACTIVITY/WELLNESS courses and for those electing to take more than the minimum. Physical Education majors must take PE 3008 to fulfill the Physical Education Activity/Wellness requirement in the core curriculum.

Aquatics Courses—Graded on an S/U basis.
PE 1000. Swimming for Nonswimmers (1).F;S.
PE 1002. Beginning Swimming (1).F;S.
PE 1003. Intermediate Swimming (1).F;S.
PE 1005. Open Water Scuba Diving (1).F;S. (Fee charged)

Developmental Courses—Graded on an S/U basis.
PE 1013. Jogging/Conditioning (1).F;S.
PE 1014. Weight Training (1).F;S.
PE 1016. Self-Defense (1).F;S.

Individual/Dual Sports Courses—Graded on an S/U basis.
PE 1018. Racquetball (1).F;S.
PE 1020. Aerobics (1).F;S.
PE 1025. Badminton (1).F;S.
PE 1027. Beginning Tennis (1).F;S.
PE 1029. Intermediate Tennis (1).F;S.
PE 1030. Fencing (1).F;S.
PE 1042. Beginning Snowboarding (1).S. (Fee charged)
PE 1043. Intermediate Snowboarding (1).S. (Fee charged)
PE 1044. Beginning Skiing (Fee charged) (1).S. (Fee charged)
PE 1046. Intermediate Skiing (1).S. (Fee charged)
PE 1049. Backpacking/Orienteering (1).F;S. (Fee charged)
PE 1057. Canoeing (1).F;S. (Fee charged)
PE 1078. Beginning Rock Wall Climbing (1).F;S.
PE 1079. Advanced Open Water Scuba Diving (1).F;S.

Team Sports—Graded on an S/U basis.
PE 1071. Softball/Basketball (1).F;S.
PE 1074. Soccer (1).F;S.
Physical Education Service Courses

PE 1111. Adapted Aquatics (1).F;S.
The purpose of this course is to familiarize students with the procedures for providing services for remediation of physical and mental needs of clients, using water as the source of therapeutic remediation. Theories and concepts will be presented and applied as they pertain to using water to address various needs of persons with disabilities.

PE 1501. Officiating Volleyball, Football and Soccer (3).F.
A study of the rules and rule interpretations of volleyball, football and soccer with emphasis on the proper techniques of officiating. Lecture two hours, laboratory two hours (a minimum of 32 hours laboratory per semester without pay and with supervision).

PE 1502. Officiating Basketball, Softball, Baseball, Track and Field (3).S.
A study of the rules and rule interpretations of basketball, softball, baseball, track and field with emphasis on the proper techniques of officiating. Lecture two hours, laboratory two hours (a maximum of 32 hours laboratory per semester without pay and with supervision).

Physical Education Teacher Education Majors' Courses

The physical education teacher education majors' curriculum is a prerequisite-based curriculum centered upon the NASPE/NCATE Beginning Teacher Standards. The 45-semester hour curriculum places emphasis on physical education content knowledge as well as pedagogy. In addition to classroom experiences, students have opportunities to apply classroom content in clinical or field-based teaching settings. During the students’ progression through the program requirements, they are expected to display increasing levels of commitment to teaching by application of skills and knowledge expected of beginning level teachers and involvement in community and professional activities.

PE 1530–1549. Selected Topics (1). On Demand.

PE 1550. Introduction to Principles and Philosophy of Physical Education (3).F;S.
A course to orient prospective physical education majors by introducing them to the foundations, principles, and history of physical education. This course will survey the professional opportunities available in the field of physical education teaching and provide an evaluation of the dispositions, knowledge, and skills required to be an effective physical education teacher. A minimum grade of "C" (2.0) is required to be admitted to the physical education teacher education major program. Lecture three hours. Prerequisites: BIO 1101 or CHE 1101, CHE 1110; and ENG 1000. (WRITING; SPEAKING)

PE 1590. Advanced Life Saving and Water Safety (2).F;S.
A course designed to provide an opportunity for an individual to acquire the skills and knowledge necessary to save her/his own life or the life of another in the event of an emergency while in, on or about the water. Student must meet the American Red Cross requirements. Lecture one hour, laboratory two hours.

PE 2002. Motor Skill Learning (3).F;S.
This course is a lecture/discussion course which will focus on the basic principles in the learning and control of motor skills and recent theories of how movements are acquired and performed. Prerequisites: BIO 1101 and BIO 1102 or CHE 1101, CHE 1110 and CHE 1102, CHE 1120; and, ENG 1000 and ENG 1100. Corequisite: ES 2001 with a grade of "C" or higher.

PE 2015. Curriculum and Administration in Sport Pedagogy (3).F;S.
Curriculum planning, curriculum theories and models and administration application. Curriculum development will be emphasized including unit and lesson plans. Administration will cover budgeting, facilities, liability and public relations. A team approach with lecture and practical experiences. Prerequisites: PE 1550, PE 2002 and ES 2001 with a grade of "C" or higher in each.

Health, Leisure and Exercise Science

each, or by permission of the instructor.

**PE 4002. Psychological Aspects of Sport (3).F;S.**
A view of the influence of social forces and psychological factors affecting the individual's performance in sport. Prerequisites: PE 3003, PE 3008, PE 3009 and PE 3031 with a grade of "C" or higher in each, or by permission of the instructor.

**PE 4014. Planning, Implementation, and Assessment Practicum (3).F;S.**
Prospective physical education teachers plan for, implement, and assess an instructional unit. Students enrolled in this course will complete a practicum experience in a field setting under the supervision of the PE 4014 instructor and the Core Curriculum Activity instructors. Prerequisites: PE 3003, PE 3008, PE 3009 and PE 3031 with a grade of "C" or higher in each.

**PE 4060. Developing a Physical Education Curriculum (3). Offered every third semester.**
A study of the significance of physical education and its role in a school curriculum. Lecture three hours. Prerequisite: PE 3003.

**PE 4453. Program Development in Adapted Physical Activity (3).F;S.**
The purpose of this course is to introduce students to theories and concepts related to developing a physical activity program for persons with disabilities. Students are provided with practical opportunities to apply theories and concepts. Prerequisites: PE 4000 or RM 3210, PE 3002, ES 2001 or permission of the instructor.

**PE 4553. Women and Sport (3).F;S.**
A study and analysis of sport from a feminist prospective and its impact on women's participation in sport.

Physical Education Courses for the K-6 Elementary Education Major

**PE 3556. How Children Move: Implications for Elementary Education (2).F;S.**
An overview of movement experiences in games and dance focusing on the teaching of children K-8. Lecture one hour, laboratory two hours.

RECREATION MANAGEMENT (RM)

**RM 2110. Introduction to Recreation and Leisure (3).F;S.**
This course consists of an introduction to the concepts of recreation and leisure and a survey of the recreation profession. The course also includes a history of the leisure and recreation movement, and development of a personal philosophy related to discretionary time and related choices. A minimum grade of "C" (2.0) is required.

**RM 2120. Leadership and Group Dynamics in Recreation (3).F;S.**
This course focuses on the study and practice of leadership styles and techniques applied to recreation settings and leisure management situations. Emphasis will be placed on group dynamics as they relate to participants and managers of leisure activities. Prerequisite: RM 2110 or approval of the instructor.

**RM 2130. Principles of Commercial Recreation and Tourism (3).F.**
An introduction to the commercial recreation and tourism industry. Topics covered in this course include: origins of commercial recreation and tourism, the amusement industry, event management, travel and tourism, and allied industries. Students will complete an in-depth analysis of one industry within commercial recreation/tourism. Prerequisite: RM 2110 or approval of the instructor. (WRITING)

**RM 2210. Recreation Resource Management (3).F;S.**
This course introduces students to the complexities of natural resource management. Elements of the course at the micro level include landscape and trails management. At the macro level, the focus is on roles of government agencies and non-profit organizations in balancing the supply and demand for outdoor recreation while maintaining environmental quality. Prerequisite: RM 2110 or approval of the instructor.

**RM 2220. Principles of Outdoor Experiential Education (3).F.**
Principles of outdoor experiential education is a survey of experiential education as it takes place in outdoor settings. The emphasis is on programs that either take place outside of the classroom, outside the purview of the formal public schools, or those conducted by natural resource agencies as part of their information and education imperatives. Students prepare to design and implement experiential education programs at appropriate outdoor sites for various agencies, organizations, and audiences. Prerequisite: RM 2110 or approval of the instructor.
RM 2310. Administration of Leisure Services I (3).F;S.
This is a lecture and seminar course that includes elements of organizational theory and structure, policy development by boards and commissions, personnel policies and manuals, and budgeting and revenue generation in the context of leisure services delivery systems. Prerequisite: RM 2110 or approval of the instructor. (WRITING)

RM 2400. Leisure and Lifespan (3).S.
Conceptual foundations for understanding the role of leisure in the quality of life. Social, historical, psychological, cultural, economic and political foundations of play, leisure and recreation are explored. Dominant concepts, theories, and research associated with the study of recreation and leisure across the lifespan. (CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

RM 2410. Recreation Program Planning (3).F;S.
This course focuses on the planning of recreation and leisure activities through the use of human and natural resources in public, private, and commercial recreation programs. Principles and approaches to programming will be presented, providing a philosophical and practical basis for preparing a wide variety of leisure programs and activities. Prerequisite: RM 2110 or approval of the instructor.

RM 2500. Independent Study (1–4).F;S.

RM 3140. Camp Management/Conference Center Management (3).S.
This course focuses on the administration of organized camping. The application of management principles to camp/conference centers and their unique program needs will be emphasized. Prerequisite: RM 2310 or approval of the instructor.

RM 3151. Climbing Site Facilitation (2).F;S.
This course is designed to train students in climbing site facilitation and includes elements of risk management, logistics, instruction, and site management. Lecture and laboratories. Prerequisite: RM 2220 or approval of the instructor.

RM 3152. Ropes Course Facilitation (2).F;S.
This course is designed to introduce students to the basic skills and equipment needed to facilitate a ropes course. It includes the history and philosophy of ropes courses; construction; maintenance and inspection techniques; gear and knots; and framing and debriefing skills. Prerequisite: RM 2220 or approval of the instructor.

This course provides an opportunity for skill development in beginning and intermediate techniques. Safety procedures will be emphasized in addition to equipment and resources. Lecture and laboratories. Prerequisite: RM 2110 or approval of the instructor.

RM 3154. Outdoor Experiential Education Laboratory (3).S.
This course focuses on the elements of planning and participating in an outdoor expedition. Trip planning, logistics, menu preparation, permits, equipment, risk management, navigation, expedition behavior and evaluation will be emphasized. Lecture and laboratories. Prerequisite: RM 2220 (with a minimum grade of “C”) or the approval of the instructor.

RM 3155. Wilderness First Responder (3).F;S.
This course provides outdoor leaders with the knowledge and skills to deal with emergencies in remote settings. The course includes personal/group safety and hygiene, backcountry survival, anatomy and physiology, pathophysiology, patient assessment, documentation, trauma, medical and environmental emergencies, long-term care, teamwork, organizing/improvising rescues, working with EMS and rescue squads in wilderness, decision-making, leadership, judgment, and prevention. Prerequisite: permission of the instructor.

RM 3210. Special Recreation (3).F;S.
This course consists of a study of and practical application of principles underlying the provision of recreation services to populations limited in their access to normal recreation programs. The course will focus on individual populations and the respective barriers to participation, the process of program planning and resource development that alter these limitations, and the practical experience of application of a particular plan. Attention will also be devoted to a study of successful community and institutional programs. Prerequisite: RM 2110 or approval of the instructor.

RM 3220. Planning and Design of Leisure Facilities (3).F.
This course consists of an integration of site, master, and systems planning with practical design applications. Elements of data collection, site surveying, environmental impact analysis, citizen participation, grantmanship, analysis and synthesis, drafting techniques, and plan reproduction are included in the course. Prerequisites: RM 2110 and RM 2210, or approval of the instructor.

RM 3230. Commercial Recreation Management (3). On Demand.
This course examines the private-commercial recreation sector. Key concepts include: economic impact studies; feasibility studies;
promotion and marketing strategies for commercial recreation business; and resort management techniques. Prerequisites: RM 2110, RM 2130, and RM 2310, or approval of the instructor.

**RM 3235. Introduction to Sport Management (3).S.**
This course provides an introduction to the basic competencies, skills, methods, and techniques necessary to deliver recreational sport activities within a variety of settings, agencies, and organizations.

**RM 3241. Travel and Tourism (3).F;S.**
This course provides an in-depth study of tourism and recreational travel. Topics include the origin, present characteristics and various dimensions of travel and tourism; the importance of tourism to local and global economics; social, psychological and environmental implications; and international tour management. Prerequisite: RM 2130 or approval of the instructor. (MULTI-CULTURAL; CROSS-DISCIPLINARY)

**RM 3242. Tourism in Costa Rica (3). On Demand.**
This study tour focuses on the recreation and tourism resources and services in Costa Rica. Using a comparative government, economic and recreation/tourism industry approach, the course will expose students to the problems related to recreation resource management and ecotourism/sustainable tourism development. The changing cultural institutions and specific governmental agencies involved in this industry’s growth in Costa Rica will be examined. This study tour will also investigate recreation service provisions for native Costa Ricans as students visit and experience a range of recreation offerings themselves. (MULTI-CULTURAL)

**RM 3315. Career Development in Leisure Services and Recreation (1).F.**
A survey of career opportunities in leisure services and recreation. Students will explore the job market and develop job search skills and abilities. Participants will seek an appropriate internship placement to enhance their professional growth in the field. (This course is a prerequisite for RM 4900 and must be taken the FALL semester preceding the internship.)

**RM 3500. Independent Study (1–4).F;S.**

**RM 3520. Instructional Assistance (1).F;S.**
This course consists of a supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

**RM 3530–3549. Selected Topics (1–4). On Demand.**

**RM 3610. Administration of Leisure Services II (3).S.**
This course examines contemporary managerial concepts with application to the public, not-for-profit, and commercial sectors of the leisure service industry. This course focuses on the development of skills necessary to facilitate the achievement of organizational goals and objectives. Prerequisites: RM 2110 and RM 2310. (WRITING)

**RM 3630. Interpretive Methods (3).S.**
This course consists of an overview of the role of interpretation in educating the public, contributing to the leisure experience, and as a component of natural and cultural resource management. Applications of communications, educational, and media skills will be demonstrated through a series of lectures, field trips, and student presentations focused upon the various professional applications of interpretative methods. Prerequisite: RM 2110 or approval of the instructor.

**RM 3900. Recreation Practicum (3).SS.**
This course is a guided, practical, direct leadership experience in a selected, organized recreational setting. This course is required for the minor in recreation management. RM 3900 is not required of majors in recreation management, but may be taken for elective credit. Graded on an S/U basis. Prerequisite: RM 2110 or approval of the instructor.

**RM 4110. Evaluation in Recreation and Leisure Service Management (3).F;S.**
This course examines the methods, techniques, and application of evaluation in a variety of functions normally found in recreation and leisure service management including clientele, programs, personnel, facilities, organization, administration, needs assessment and economic impact estimation. Familiarization with and use of applicable computer software programs will be emphasized. Prerequisites: RM 2110, RM 2310, RM 2410, or approval of the instructor. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**RM 4140. Outdoor Leadership (3).F.**
This course consists of a dual focus on field leadership of outdoor pursuits and administration of outdoor programs. Topics will include risk management, leadership styles, outdoor leadership competencies, experiential education and current issues central to effective
outdoor leadership. Prerequisites: RM 2110, RM 2220, RM 3154, and approval of the instructor.

This is a field course in Washington, D.C. designed to acquaint the student with the process of developing outdoor recreation and natural resource policies at the federal level. Congressional offices, federal natural resource management agencies, and non-profit conservation agencies will be visited and analyzed with respect to policy formulation, lobbying and the legislative process.

RM 4210. Senior Seminar (2).F;S.  
This course focuses on planning for continuing individual, professional activity and growth in the leisure services delivery field. It includes a series of discussions, conferences and role playing experiences related to the various aspects of organized recreation as a career. A review of internships, employment opportunities, ethical conduct and other related topics will be included. Prerequisites: RM 3315, or approval of the instructor, and senior status. (SPEAKING)

RM 4450. Seminar in Tourism Development (3).F.  
This course provides an in-depth analysis of tourism development. The various forms of tourism development that are utilized to meet the needs of tourists and host communities are analyzed through case studies and class discussion. Topics covered in this class include: sustainable development, eco-tourism, community tourism development, and special interest tourism. Prerequisites: RM 2110, RM 2130, RM 3241 or approval of the instructor.

RM 4560. Leisure and Aging (3). On Demand.  
This course focuses on the leisure needs and characteristics of the senior citizen. Programs and resources designed to service the leisure needs of this population will be examined. Focus will be on program planning and development to meet problems inherent in leisure delivery systems for seniors. [Dual-listed with RM 5560.]

RM 4561. Leisure Service Promotions (3).F;S.  
Development of the ability to promote and coordinate public, not-for-profit, private and commercial recreation programs, services, resources and activities. Development of the specialized promotions knowledge and skills necessary for managing leisure service businesses and agencies. Covers working with print and electronic media. Special emphasis on promotions analysis and services promotion. Prerequisites: RM 2310, RM 2410 or approval of the instructor.

RM 4600. Ski Area Management Seminar (3). On Demand.  
This course focuses on the planning and management of alpine ski areas. Frequent field trips to ski areas will be required. Prerequisite: beginning skiing or equivalent.

RM 4900. Internship (1-12).S.  
A guided, practical, direct leadership experience at a supervisory level for ten continuous weeks at an appropriate organization. A minimum of eight hours internship credit is required of majors. Graded on an S/U basis. Prerequisites: A minimum of 24 semester hours of RM credits that include: RM 2110 (with a minimum grade of “C”), RM 2310, RM 2410, and RM 3315 (with a minimum grade of “C”); and, a minimum overall 2.0 cumulative GPA is required.
Department of Military Science and Leadership (MSL)

Lieutenant Colonel Douglas G. Jett, Chair
Major Marvin H. (Bud) Ford, Jr.
Major Robert O. Gibbard

The Army ROTC program provides college men and women the best available training and experience in the art of leadership. This program includes instruction to develop self-discipline, physical stamina, and poise, as well as the organizational and motivational skills that contribute to success in any career.

The BASIC COURSE consists of the freshman and sophomore years of military instruction (MSL 1001, MSL 1002, MSL 2001, and MSL 2002) and is strictly voluntary. These courses are short (1 or 2 hour) courses providing an overview of the military with opportunities for outdoor training and adventure. Individuals taking these ROTC courses incur no military service obligations. Almost every student eligible to attend Appalachian State University is also eligible to take these courses.

The LEADER TRAINING COURSE (MSL 2003), a five week outdoor, challenging summer camp, may be substituted for the BASIC COURSE. This summer camp is normally taken between the sophomore and junior years. Graduates may be eligible to receive a scholarship covering tuition, fees, and a monthly stipend for their remaining two years of college.

Partial or complete BASIC COURSE credit is available for prior military service or previous ROTC training. Contact the Department of Military Science and Leadership for details.

The ADVANCED COURSE consists of junior and senior years of military instruction (MSL 3001, MSL 3002, MSL 3004, MSL 4001, MSL 4002) and successful completion of the ROTC National Advanced Leadership Camp (MSL 3003), normally taken between the junior and senior years. This course of instruction is offered to those cadets meeting the necessary qualifications. Upon successful completion of the advanced course, the cadet may be offered a commission as a Second Lieutenant in the U.S. Army, Army Reserves, or Army National Guard.

Minor in Military Science and Leadership (555/28.0301)

A minor in Military Science and Leadership is available to students who successfully complete the 16 semester hours required in the ADVANCED COURSE, including MSL 3001, MSL 3002, MSL 3003, MSL 4001, and MSL 4002.

Scholarships

Two-year, three-year, and limited four-year scholarships are offered by the Department of the Army. These scholarships pay the full cost of tuition, a flat rate fee for textbooks, lab fees and other educational expenses for the duration of the award. They also provide a subsistence allowance of $350 to $500 a month up to 10 months of each academic year for which the award is in effect. Participation in the Army ROTC scholarship program does not preclude the holding of other scholarships. Additionally, the Simultaneous Membership Program, in which a student participates with either the National Guard or Reserve and ROTC, can provide financial incentives in excess of $900 a month or more than $64,000 over four years at ASU. More information may be obtained from the recruiting officer or the departmental chair of the Department of Military Science and Leadership.

Basic Course Qualification Requirements

A candidate for freshman and sophomore level ROTC training must:
1. Be of good moral character
2. Be a citizen of the United States
3. Be able to graduate before 30 years of age
4. Be physically able to participate in the program of instruction
5. Meet other entrance requirements as determined by the departmental chair, current Army regulations, and University policies

A student who does not meet all of the above requirements should consult with the Department of Military Science and Leadership to determine if waivers can be granted.

Basic Course Texts and Uniforms

Texts are available through the University book rental system. Uniforms are furnished by the government. Students will be required to reimburse the government for loss of uniform items or other equipment.

Advanced Course Qualification Requirements

A candidate for junior and senior level ROTC training must:
1. Meet all requirements for the basic course
2. Have a minimum of two years remaining at the University
3. Meet medical requirements for advanced course
4. Possess qualifications for becoming an effective Army officer
5. Have satisfactorily completed the basic course, received a waiver, have satisfactorily completed the leadership course, or have served as an enlisted person in the active or reserve armed forces with an honorable discharge
6. Have satisfactorily completed loyalty requirements
7. Accept a commission if offered in either the active Army, Army Reserves, or National Guard
8. Meet other requirements as determined by the departmental chair, current Army regulations, and University policies

A student who does not meet all of the above requirements should consult with the Department of Military Science and Leadership to determine whether waivers can be granted.

Advanced Course Text and Allowances
Texts are available through the University book rental system. Each cadet enrolled in the advanced course receives subsistence pay at the rate of between $450 and $500 per month for up to 20 months. They are paid a travel allowance to and from advanced camp. While at camp, cadets are paid approximately $950. The total pay and allowances received while in the advanced course are approximately $10,450.

Courses of Instruction in Military Science and Leadership (MSL)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

MILITARY SCIENCE AND LEADERSHIP (MSL)

MSL 1001. Foundation of Officership (1).F.
The Foundation of Officership course introduces students to issues and competencies that are central to a commissioned officer’s responsibilities. These initial lessons establish a framework for understanding officer’ship, leadership, and Army values. Additionally, the course addresses “life skills” including fitness and time management. MSL 1001 is designed to give the student an accurate insight into the Army profession and the officer’s role within the Army. The course teaches leadership topics beneficial to any future leader as well as introducing students to a military lifestyle. The course is open to all students and has no military obligation.

The MSL 1001 Leadership Lab consists of skill training and confidence building in subjects such as rappelling, paintball, stream crossing, aircraft orientation, military weapons firing, night compass course, orienteering, and other selected subjects.

MSL 1002. Basic Leadership (1).S.
The Basic Leadership course builds on the experience of the first term and further broadens the introduction to the Army as well as to the leadership skills and the “life skills” needed by an Army officer. The course covers a variety of leadership and communication topics including: goal setting, problem solving methodology, briefings, effective writing, and listening and speaking skills. MSL 1002 teaches leadership topics beneficial to any future leader as well as introducing students to a military lifestyle. This course is open to all students and has no military obligation.

The MSL 1002 Leadership Lab consists of skill training and confidence building in subjects such as rappelling, paintball, stream crossing, military weapons firing, night compass course, orienteering, and other selected subjects.

MSL 1101. Army Physical Fitness I (1).F.
This course, along with MSL 1102, is specifically designed to prepare Army ROTC cadets to meet and exceed the physical fitness requirements of the Army. The course satisfies Cadet Command’s requirements that all contracted cadets receive physical training and maintain the Army’s individual fitness standards. MSL 1101 is an excellent preparation for the physical requirements of the MSL 3000 level courses. The course is open to non-ROTC students. (CORE: PHYSICAL ACTIVITY/WELLNESS)

MSL 1102. Army Physical Fitness II (1).S.
This course is a continuation of MSL 1101, with more emphasis on student-led exercise sessions. Like MSL 1101, this course is specifically designed to prepare Army ROTC cadets to meet and exceed the physical requirements of the Army. It satisfies Cadet Command’s requirements that all contracted ROTC cadets receive physical training and maintain the Army’s individual fitness standards. MSL 1102 is an excellent preparation for the physical requirements of the MSL 3000 level courses. This course is also open to non-ROTC students. (CORE: PHYSICAL ACTIVITY/WELLNESS)

MSL 2001. Individual Leadership Studies (2).F.
This course studies individual leadership characteristics and styles and what makes them successful or unsuccessful in different situations and environments. The course also provides an introduction to practical leadership skills required of a small group leader. Course topics include: leadership principles and characteristics, military written and oral communications; use of the map and compass
for land navigation; small unit tactical operations. MSL 2001 continues with leadership instruction appropriate for any future leader, but is especially useful for students demonstrating the potential and desire for possible service as a US Army officer. The course is open to all students and has no military obligation.

The MSL 2001 Leadership Lab includes all the lab topics of MSL 1001 with additional focus on small unit leadership opportunities for emerging leaders. This course may be taken in conjunction with MSL 1001.

**MSL 2002. Leadership and Teamwork (2).S.**

The Leadership and Teamwork course examines how to build successful teams, various methods for influencing action, the importance of timing the decision, and creativity in the problem solving process. Students are assisted through the officer pre-qualification process to insure their preparation to begin the demanding two-year Advanced Course curriculum that begins with MSL 3001. MSL 2002 is designed for students demonstrating the potential and desire for possible service as a US Army officer. The course is open to all students and has no military obligation.

The MSL 2002 Leadership Lab includes all the lab topics of MSL 1002 with additional focus on small unit leadership opportunities for emerging leaders. This course may be taken in conjunction with MSL 1002.

**MSL 2003. ROTC Leader’s Training Course (5).SS.**

At the month long Leader’s Training Course (LTC) students will be given the opportunity to learn, develop, and practice leadership within a challenging, stressful and competitive framework. The LTC environment (similar to the Outward Bound program) provides students an opportunity to demonstrate overall officer potential and characteristics such as loyalty, duty, respect, selfless-service, honor, integrity, personal courage and leadership. Successful completion of LTC requires a cadet to meet or exceed the standard in a variety of objective evaluations. Normally taken the summer following the sophomore year as substitute for the first two years of ROTC (ROTC Basic Course). This course fulfills the requirements for entry into the ROTC Advanced Course. Training is conducted at Ft. Knox, Kentucky, about an hour south of Louisville, Kentucky. Transportation and expenses are paid for by the government. To receive five hours credit, a student must register and pay a fee to the University. Prerequisite: completion of sophomore year of college, cumulative GPA of 2.0, and selection by the department.

**MSL 2500. Independent Study (1–4).F:S.**

**MSL 3001. Leadership and Problem Solving (3).F.**

Students conduct self-assessment of leadership style, develop a personal fitness regimen, and have the opportunity to learn how to plan and conduct individual/small unit tactical training while testing reasoning and problem-solving techniques. Students receive direct feedback on leadership abilities. MSL 3000 level courses prepare a student to become a commissioned officer in the US Army. Prerequisite: Selection by the department as well as successful completion of the Basic Course (first two years of ROTC) or its equivalent as approved by a Professor of Military Science and Leadership. Lecture three hours, laboratory two hours.

The MSL 3001 Leadership Lab places students in demanding leadership positions for training, coaching and evaluation. Labs cover a variety of tactical situations to prepare cadets for success at the National Advanced Leadership Camp.

**MSL 3002. Leadership and Ethics (3).S.**

Examines the role that communications, values, and ethics play in effective leadership. Topics include ethical decision-making, consideration of others, spirituality in the military, and survey Army leadership doctrine. Emphasis on improving oral and written communication abilities, and pre-camp orientation. MSL 3000 level courses prepare a student to become a commissioned officer in the US Army. Prerequisite: MSL 3001 or permission of a Professor of Military Science and Leadership. Lecture three hours, laboratory two hours.

The MSL 3002 Leadership Lab places students in demanding leadership positions for training, coaching and evaluation. Labs cover a variety of tactical situations to prepare cadets for success at the National Advanced Leadership Camp.

**MSL 3003. ROTC National Advanced Leadership Camp (4).SS.**

The 30-day National Advanced Leadership Camp (NALC) incorporates a wide range of subjects designed to develop and evaluate leadership ability. The challenges are rigorous and demanding, both mentally and physically. Advanced Camp tests intelligence, common sense, ingenuity and stamina. These challenges provide a new perspective on an individual’s ability to perform exacting tasks and to make difficult decisions in demanding situations. Successful completion of this course (along with MSL 4000 level courses) leads to a commission as an officer in the US Army. Usually taken the summer following junior year. Training is conducted at Ft. Lewis, Washington, about an hour south of Seattle. Travel and expenses are paid by the government. To receive four hours of credit, a student must register and pay a fee at the University. Prerequisites: Selection by the department and successful completion of MSL 3001 and MSL 3002.
Military Science and Leadership

MSL 3004. US Military History (3).F;S.
Survey of American military history from colonial period to present day defense issues. Study of the American attitude toward war, the European influence, civil-military relationships and the impact of technology on operations and tactics. Students will normally conduct a staff ride to a historic battle sight to study principles of a military operation. May be taken by non-cadets for elective course credit. Prerequisite: sophomore standing.

MSL 3500. Independent Study (1–4).F;S.

MSL 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

MSL 4001. Leadership and Management (3).F.
Develops student proficiency in planning and executing complex operations, functioning as a member of a staff, and mentoring subordinates. Students explore training management, methods of effective staff collaboration, and leadership and developmental counseling techniques. MSL 4000 level courses complete the student’s preparation to become a commissioned officer in the US Army. Prerequisite: MSL 3002 or permission of a Professor of Military Science and Leadership. Lecture three hours, laboratory two hours.

The MSL 4001 Lab places senior cadets in leadership positions of the cadet corps to plan and execute the leadership training of the MSL 3001 cadets and their preparation for the National Advanced Leadership Camp.

MSL 4002. Officership (3).S.
Cadets study military law, small unit and staff operations, personal affairs, service customs, and officer orientation in preparation for graduation and commissioning. MSL 4000 level courses complete the student’s preparation to become a commissioned officer in the US Army. Prerequisite: MSL 4001 or permission of a Professor of Military Science and Leadership. Lecture three hours, laboratory two hours.

The MSL 4002 Lab places senior cadets in leadership positions of the cadet corps to plan and execute the leadership training of the MSL 3002 cadets and their preparation for the National Advanced Leadership Camp.

MSL 4500. Independent Study (1–4).F;S.
Nursing

Department of Nursing (NUR)
Wanda C. Stutts, Interim Chair
Deborah W. Cody
Wendy E. Miller
Phoebe A. Pollitt
Karen S. Reesman

Mission
The mission of the Bachelor of Science degree in Nursing (RN to BSN) program at Appalachian State University is to provide a program committed to excellence in teaching, scholarship, and service for students in the Appalachian region (as well as those from other states and nations) and to promote their cultural, intellectual, and personal development. Students are provided an education built on the study of the arts, humanities, mathematics, natural and social sciences, and standards for professional nursing practice. Preparing graduates with a breadth and depth of professional nursing knowledge reflects a commitment to serve its community as this knowledge is disseminated through practice, research, and service.

Goals
The goals of the BSN program are to:
1. Provide a quality program in nursing based on a liberal education and professional nursing values, competencies, and knowledge
2. Facilitate the development and implementation of professional nursing roles in caring for individuals, families, groups, and communities from diverse geographical and cultural backgrounds through the application of knowledge, theory, and research from nursing as well as other related disciplines
3. Instill in students an appreciation for and commitment to lifelong learning, scholarship, and service in order to promote their personal growth, advance the profession of nursing, and meet the health needs of society
4. Prepare nurses who can practice as generalists in any health care setting
5. Provide a foundation for graduate nursing education

Philosophy
The faculty believe that Nursing is a practice discipline that provides a vital and distinctive service to society through the utilization of principles from nursing, physical, biological, and social sciences to assist individuals, families, groups, and communities to achieve an optimal level of health. The focus is holistic health including caring, health promotion, health maintenance, risk reduction, restoration, and end-of-life care. Professional nurses are those who have received at a minimum the baccalaureate in nursing. Professional nursing care is predicated on effective communication and critical thinking skills, current knowledge for evidence-based practice (EBP), technical and assessment skills, the nursing process, and a code of professional ethics.

As vital members of an interdisciplinary health team, nurses practice in multiple and diverse environments and manage environmental factors in order to promote optimal healthy functioning of persons. The overarching three roles of the nurse are: Provider of Care; Designer, Manager, and Coordinator of Care; and Member of a Profession. The nurse as Provider of Care practices from a holistic perspective and serves as an advocate and educator through empowering persons to make informed decisions concerning their health care. In the role of Designer, Manager, and Coordinator of Care, persons are assisted in learning how to obtain, interpret, evaluate, and apply health information from appropriate sources. The nurse as a Member of a Profession exhibits accountability for her or his own practice and a commitment to continued professional development.

Bachelor of Science degree in Nursing (RN to BSN)
[For students who have already earned an Associate Degree in Nursing or a Diploma in Nursing, and have passed the national licensing exam (NCLEX) for registered nurses (RN).]

The RN to BSN program is designed to provide a registered nurse (RN) the opportunity to earn a Bachelor of Science degree in Nursing (BSN) through full or part-time enrollment. This program recognizes prior learning and clinical competencies as part of the undergraduate curriculum. The undergraduate program reflects a transition from technical competency to professional competency in light of societal needs for nursing services as well as changes in the role of the nurse in the health care delivery system as a result of technological and practice pattern advances. The focus of the program is to prepare a nurse generalist with the knowledge, skills and competencies necessary for professional practice in a variety of settings.

The RN to BSN program requires the student to apply for admission to the curriculum. Criteria for admission include: submission of a program application, admission to Appalachian State University by meeting the general requirements for admission as a transfer student, provision of evidence of an earned Associate Degree (ADN) or Diploma in Nursing from an accredited institution, possession of a current, active, and unrestricted license to practice nursing in North Carolina and/or compact state, and maintenance of current CPR certification, TB (or x-ray) testing, and hepatitis B vaccinations, and all immunizations required by the University.
Nursing

The Bachelor of Science degree in Nursing (RN to BSN) (563A/51.1601) consists of 122 s.h. which includes 42 semester hours of core curriculum requirements. Major requirements consists of 78 semester hours, which includes 32 s.h. of junior and senior level nursing courses: NUR 3010*, NUR 3020*, NUR 3030, NUR 4010, NUR 4020, NUR 4030, NUR 4031, and two electives to be selected from NUR 4090, NUR 4091, NUR 4092; and 16 s.h. of cognate courses (support courses for the major) consisting of BIO 3308, PSY 2301, STT 2810 or ECO 2100, and 6 s.h. to be chosen from BIO 2800, CI 1100, CS 1410#, 2-6 s.h. of any computer course(s), FCS 2202, HP 2200, HP 3700, HP 4300, PHL 1040, PSY 2401, PSY 4562, PSY 4653, SNH 1010#, SNH 1020#, SNH 1040#, SNH 1050#, SNH 1060#, SOC 1000, SOC 1100, SOC 1110, SOC 3100, SOC 3600, SW 2020, SW 4555, or other electives approved by the Chair of the Department of Nursing. Two semester hours of free electives outside the major are required.

NOTE: In order to matriculate through the nursing program, the student must: maintain an unrestricted, current RN license to practice in North Carolina; achieve a grade of "C" or higher in each nursing course before proceeding to the next nursing course; maintain a cumulative GPA of 2.0 or higher and an overall GPA of 2.50 in nursing courses at the end of the junior year and every semester thereafter; maintain current CPR certification, TB (or x-ray) testing, and hepatitis B vaccinations; and adhere to all policies of the University, the nursing program, and clinical agencies. Only one nursing course may be repeated (one time) during matriculation through the nursing curriculum.

* The student will receive 30 hours of credit for prior learning and clinical competencies upon completion of NUR 3010 and NUR 3020 with a grade of "C" or higher in each.

# Highly recommended course.

Courses of Instruction in Nursing (NUR)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

NURSING (NUR)

NUR 3010. Concepts of Professional Nursing (3).F;S.
This course lays the foundation for the technically prepared nurse to begin the transition to professional nursing. Students are introduced to an expanded knowledge about nursing practice and health care related to differentiated nursing practice, community-based nursing (such as School Health Nursing, Parish and Spiritual Care Nursing, etc.) and critical thinking, clinical reasoning, therapeutic interventions, role of research and evidenced-based practice, as well as trends in nursing (such as Nursing Informatics, Nursing Care of the Older Adult, etc.) and health care delivery. Prerequisite: admission to the nursing program.

NUR 3020. Health Assessment (3).F;S.
This course presents the concepts of health assessment, coupled with the nursing process, in order for students to assess, identify, evaluate and document findings; plan intervention(s), and establish plan(s) to evaluate interventions provided for health, at risk, and altered findings. These concepts will be applied to examination skills in collecting data, e.g.: health history, physical examination, etc.; documenting data, interpreting data, planning intervention(s), and planning evaluation(s) of results when assessing individuals' health, on the continuum of health to illness, which includes at risk and altered conditions. Prerequisite: admission to the nursing program. Prerequisite or corequisite: NUR 3010 (with a grade of "C" or higher).

NUR 3030. Nursing Care of Older Adults (3).F;S.
This course covers past, present, and predicted trends of older adults and the nursing care of older adults related to their needs. The course explores common and chronic problems, special concerns, health promotion, safety, ethical and legal issues, and resources in relation to differentiated, evidenced-based nursing practice and primary, secondary, and tertiary prevention. The nurse uses this differentiated practice in order to have a positive impact on patient outcomes related to the use of Geriatric Best Practices which include reduced morbidity, e.g., less delirium, falls, use of physical restraints; shorter lengths of hospital stays, fewer readmissions to the hospital and longer time between discharge and readmission; and higher patient and family satisfaction. Prerequisite: admission to the nursing program. Prerequisite(s) or corequisite(s): NUR 3010 and NUR 3020 (with a grade of "C" or higher in each).

NUR 3500. Independent Study (1–4). On Demand.

NUR 3520. Instructional Assistance (1).F;S.
A supervised instructional in the instructional process on the university level through direct participation in a classroom situation. Grading will be on a satisfactory/unsatisfactory basis only. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract is required.

NUR 4010. Nursing Research (3).F;S.
This course examines the role of research and theory in nursing practice and health care. In addition, it will provide an overview and an analysis of research methodologies and theoretical approaches with a continued look and a more in-depth study of evidenced-based nursing practice. Prerequisites: admission to the nursing program; and NUR 3010, NUR 3020, NUR 3030, and STT 2810 or ECO 2100 (with a grade of “C” or higher in each).

NUR 4020. Nursing Care of Communities (3).F;S.
In this course, students focus on partnering with a community in order to promote the health of an identified population. Students implement evidenced-based nursing care with a selected population utilizing epidemiological methods, and interdisciplinary collaboration. Prerequisites: admission to the nursing program; and NUR 3010, NUR 3020, and NUR 3030 (with a grade of “C” or higher in each). (WRITING)

NUR 4030. Nursing Leadership and Management (3).F;S.
This course provides an analysis of the leader role in nursing and health care delivery. Includes management and leadership principles as well as change and communication theories, political strategies, personal and professional financial considerations, and economic and cost factors. Prerequisites: admission to the nursing program, senior standing, and an overall GPA of 2.50 in nursing courses. Prerequisite(s) or corequisite(s): NUR 4010 and NUR 4020 (with a grade of “C” or higher in each).

NUR 4031. Nursing Leadership and Management Practicum (8).F;S.
This capstone course is focused on the preparation of the student for completing the transition to professional nursing practice. The course includes 240 hours of clinical experience with a preceptor and under the supervision of Department of Nursing faculty. (Students will receive a letter grade in this course.) Prerequisites: admission to the nursing program; senior standing; and NUR 4010, NUR 4020 (with a grade of “C” or higher in each). Prerequisite or corequisite: NUR 4030 (with a grade of “C” or higher). (WRITING)

NUR 4090. Transcultural and Global Nursing (3).F;S.
This course compares and contrasts health care delivery systems and nursing education in the United States with those in selected industrial and developing countries’ systems. Prerequisites: admission to the nursing program; and NUR 3010, NUR 3020, NUR 3030, and NUR 4020 (with a grade of “C” or higher in each).

NUR 4091. Nursing Care of Rural Communities (3).F;S.
This course examines the knowledge and skills in adapting nursing practice to the rural community. Requires the completion of a 30-hour practicum. Prerequisites: admission to the nursing program; and NUR 3010, NUR 3020, NUR 3030, NUR 4010, and NUR 4020 (with a grade of “C” or higher in each).

NUR 4092. Nursing Informatics (3).F;S.
This course examines the impact of computerization, from the patient’s enrollment in a health plan to her/his utilization of services. Topics include clinical computer support and the necessary systems linkages (ranging from meal ordering to clinical charting), and non-clinical computer support, including financial, outcomes, demographic data, and office management systems. Emphasis is placed upon the integration of these various computer support functions and the impact on the efficiency and effectiveness of the health care operation. The components of good software and hardware purchasing decisions, including the ability to determine the necessity for upgrades and system changes, are reviewed. System maintenance and replacement issues are also examined. Prerequisites: admission to the nursing program; and NUR 3010, NUR 3020, and NUR 3030 (with a grade of “C” or higher in each).

The Department of Technology’s mission is to educate students about state-of-the-art technologies and to teach them to apply these technologies in order to solve current problems in industry, business, education and society through the integration of theory and application in solving problems. The programs focus on the design of products and systems that are environmentally responsible and that reflect cutting-edge practice within the respective fields.

The Department of Technology offers the following undergraduate degree programs:

Bachelor of Science degree in Appropriate Technology
Bachelor of Science degree in Building Sciences
  with concentrations in Architectural Technology and Design or Construction Management
Bachelor of Science degree in Graphic Arts and Imaging Technology
Bachelor of Science degree in Industrial Design with concentrations in Furniture Design or Product Design
Bachelor of Science degree in Interior Design
Bachelor of Science degree in Technical Photography
Bachelor of Science degree in Technology Education (with teacher licensure)
  with concentrations in Technology Education, Secondary Education, or Trade and Industry

The Bachelor of Science degree in Appropriate Technology (578A/15.0505) consists of 70–77 semester hours including 24-27 s.h. of introductory technology coursework: TEC 2029, and seven courses selected from IND 1001, IND 2011, IND 2201, TEC 1023, TEC 2004, TEC 2005, TEC 2708, TEC 2718, TEC 3039, TEC 3728, and GRA 2102; 9-11 s.h. of interdisciplinary coursework selected from: ANT 4570, BIO 3312, ECO 3620, IDS 2440, IDS 3251, IDS 4251, MGT 3010, PHL 2015, PHY 3140, and PLN 2410 or other courses offered in sustainable development, appropriate technology or environmental topics approved by the advisor; and 22-24 s.h. of technical specialization courses selected from: TEC 3520, TEC 3601, TEC 4604, TEC 4605, TEC 4606, TEC 4607, TEC 4608, TEC 4618, TEC 4628, TEC 4708, and TEC 4711; 3 s.h. of a senior project/thesis—TEC 4638 [a minimum grade of “C” (2.0) is required]; and 12 s.h. of technology electives/internship. MAT 1020 or higher is required in the core curriculum. Two semester hours of free electives outside the major discipline are required. (No minor is required.)

The Bachelor of Science degree in Building Sciences has two concentrations, one in Architectural Technology and Design and the other in Construction Management. Freshmen entering this program are required to have a laptop computer.

The Bachelor of Science degree in Building Sciences (577*/52.2001) with a concentration in Architectural Technology and Design (577B) consists of a minimum of 78 semester hours from the following: 22 s.h. of introductory courses include IND 1001, IND 2201, TEC 2708, TEC 2718, TEC 2738, TEC 3039, and IND 2300 or IND 2310; 30 s.h. of advanced courses includes IND 3001, IND 4320, TEC 3718, TEC 3728, TEC 3738, TEC 4667, TEC 4708, TEC 4718, TEC 4728, TEC 4738, and TEC 4748; 12 s.h. of major electives including TEC 2004 and/or TEC 2005 and 5-9 s.h. from IND 3801, TEC 3807, TEC 4608, TEC 4618, TEC 4628, TEC 4900 (highly recommended), SNH 1010 and SNH 1020 (or SNH 1030); and 14 s.h. of interdisciplinary courses which includes COM 2101, PLN 2410, PLN 3431, and PLN 3730. Core curriculum requirements include: a physics sequence, MAT 1020 or higher, TEC 2029 and if a student plans to take SNH 1010 and SNH 1020 for the major, it is recommended that SNH 1040 be taken as a humanities course. Two semester hours of free electives outside the major discipline are required. (No minor is required.)

The Bachelor of Science degree in Building Sciences (577*/52.2001) with a concentration in Construction Management (577C) consists of a minimum of 59 semester hours from the following: 16 s.h. of introductory courses which include IND 1001, TEC 2708, TEC 2718, TEC 2738, and TEC 3039 (Note: Students with no experience with the internet, e-mail, www, word processing and/or spreadsheets must take an introductory computer course.); 22 s.h. of advanced courses include TEC 3718, TEC 3728, TEC 3738, TEC 4103, TEC 4667, TEC 4708, TEC 4718, and TEC 4728; 18 s.h. must be major electives, including one or both of the following: TEC 2004 or TEC 2005 and 11-15 s.h. from other electives which include IND 2201, IND 3801, TEC 3025, TEC 3807, TEC 4608, TEC 4618, TEC 4628, and TEC 4900 (highly recommended); SNH 1010 and SNH 1020 (or SNH 1030); and PLN 2410, PLN 3431, PLN
3730 (cannot be used by students pursuing a minor in Community and Regional Planning); and 3 s.h. of an interdisciplinary course, COM 2101, is required with a minimum grade of "C." A minor outside the Department of Technology is required. Suggested minors are: General Business, Community and Regional Planning, Geography, or Sustainable Development. Core curriculum requirements include MAT 1020 or higher, TEC 2029 and ECO 2030 (only for students pursuing a minor in General Business) and if a student plans to take SNH 1010 and SNH 1020 for the major, it is recommended that SNH 1040 be taken as a humanities course. Two semester hours of free electives outside the major discipline are required.

The Department of Technology offers the Bachelor of Science degree in Graphic Arts and Imaging Technology (572A/50.0409) which consists of 70 semester hours, including 30 s.h. of multidisciplinary courses—ART 1011 or ART 1013, COM 2101 ("C" minimum), ENG 3100, FIN 3010 or FIN 3680, LAW 2150, MGT 3010 or MGT 3060, MKT 3050, POM 3650, TEC 2029 and TEC 4103; 25 s.h. of graphic arts and imaging technology block courses—GRA 1012, GRA 1222, GRA 2102, GRA 3012, GRA 3102, GRA 3622, GRA 4112, GRA 4558, GRA 4622, and TEC 3900 (3 s.h.); and students must choose a 15 s.h. specialization from either: 1) print production, which includes GRA 3112, GRA 3772, GRA 4566, GRA 4591 and TEC 4900 (3 s.h.), OR, 2) graphic imaging technologies, which includes GRA 3312, GRA 3512, GRA 4512, GRA 4522 and TEC 4900 (3 s.h.). For the core curriculum, a student must take ECO 2030, and one year of a physics sequence or another science sequence plus PHY 1101. Note: TEC 2029, which is required in the major, will also count as a social science in the core curriculum requirements. Two semester hours of free electives outside the major discipline are required. (No minor is required.) Freshmen entering this program are required to have a Macintosh Laptop computer.

The Bachelor of Science degree in Industrial Design has two concentrations, one in Furniture Design, and the other in Product Design. Freshmen entering this program are required to have a laptop computer.

The Bachelor of Science degree in Industrial Design (576* / 50.0404) with a concentration in Furniture Design (576B) consists of 82 semester hours. The furniture design concentration includes a 37 s.h. technology core: IND 1001, IND 2011, IND 4557, GRA 3102, TEC 2004, TEC 2005, TEC 3039, TEC 3607, TEC 3807, TEC 4103, and TEC 4900 (6 s.h.); and 14 s.h. of required furniture courses: IND 3701, INT 2300, TEC 3025, TEC 4555, and TEC 4667. A General Business minor is required. Core curriculum requirements include ECO 2030 and TEC 2029 (and MAT 1030 is required only for those seeking a double degree as noted below). Two semester hours of free electives outside the major discipline are required. Students may pursue this degree concurrently with a B.S.B.A. degree in Management or Marketing from the Walker College of Business. The double degree consists of 156 semester hours.

The Bachelor of Science degree in Industrial Design (576* / 50.0404) with a concentration in Product Design (576C) consists of 82 semester hours. (Students lacking proficiency in word processing, spreadsheets, www and email must take an introductory computer course.) The product design concentration includes 14 s.h. of introductory courses: IND 1001, IND 2011, IND 2201, and COM 2101 ("C" minimum); 16 s.h. of required materials and processes courses: IND 2211, TEC 2004, TEC 2005, TEC 2116, and TEC 3039; 37 s.h. of required industrial design courses: GRA 3102, IND 3701, IND 3711, IND 3801, IND 4401, IND 4557, IND 4801, IND 4811 and TEC 4900 (6 s.h.); 6 s.h. of TEC electives; and 9 s.h. of electives outside the Department of Technology. A minimum grade of "C" (2.0) is required in each Department of Technology major course. Core curriculum requirements include ART 2011 or ART 2130, MAT 1020 or higher, and TEC 2029. Two semester hours of free electives outside the major discipline are required. (No minor is required.)

The Bachelor of Science degree in Interior Design (550A/50.0408) consists of 78 semester hours, which includes 12 s.h. of introductory coursework: INT 1001, INT 1002, INT 1100, and INT 1300; (Note: The Freshman Portfolio Review must be successfully completed before 2000-4000 level courses may be taken.); 53 s.h. of advanced coursework: INT 2001, INT 2100, INT 2110, INT 2200, INT 2300, INT 2310, INT 2400, INT 3001, INT 3100, INT 3110, INT 3200, INT 3320, INT 3400, INT 4100, INT 4110, INT 4300, INT 4320, INT 4330, INT 4400, and INT 4900 (4 s.h.); and 13 s.h. of interdisciplinary coursework: TEC 2708, TEC 2718, TEC 4667, 3 s.h. of approved electives (see the interior design program coordinator for a current list of approved electives), and 3 s.h. of any TEC/GRA/IND elective(s). A minimum grade of "C" (2.0) is required in each major course. Three semester hours of free electives outside the major discipline are required. (No minor is required.) Freshmen entering this program are required to have a laptop computer.

Freshman Portfolio Review for Interior Design Students
To support the professional orientation of the interior design major and to assist the student in an appropriate career choice, all interior design students must participate in the Freshman Portfolio Review for admittance into the upper-level courses and to complete the interior design curriculum.

A. Interior design students will complete the following sequence of courses for the interior design major before the Freshman Portfolio Review:
   INT 1001 Visual Literacy I
   INT 1002 Visual Literacy II
   INT 1100 Interior Design Studio I
   INT 1300 Introduction to Interior Design

B. At the completion of the courses, students will be asked to present a portfolio to the interior design faculty. The portfolio will...
Minors in the Department of Technology

Students not majoring in the Department of Technology may earn one of the following three undergraduate minors:

1. **Appropriate Technology Minor (544/15.0612)**
   - TEC 2029 Society and Technology 3
   - TEC 4608 Photovoltaic System Design and Construction 3
   - TEC 4618 Sustainable Building Design and Construction 3
   - TEC 4628 Solar Thermal Energy Technology 3
   - TEC 4638 Contemporary Problems in Appropriate Technology 3
   - TEC xxxx Elective 3
   - Total of 18 semester hours

2. **Construction Technology Minor (542/15.9999)**
   - Required:
     - TEC 2708 Construction Technology and Building Codes 3
Technology

TEC 2718 Building Mechanical Systems 3
Select 12 hours from the following courses:
TEC 2500 Independent Study 3
TEC 3718 Construction Estimating 3
TEC 3728 Residential Architecture 3
TEC 4708 Building Science 3
TEC 4718 Construction Management 3
TEC 4728 Commercial Building Design 3
Total of 18 semester hours

3. Graphic Arts and Imaging Technology Minor (S72/S0.0409)
   A minor in graphic arts and imaging technology consists of 16 semester hours, the courses to be selected by the student in conference with the departmental chair or designated advisor.
   Total of 16 semester hours

The Department of Technology offers the following graduate degrees: a Master of Arts degree in Technology Education with concentrations in Secondary School Teaching (with teacher licensure), and Community College Teaching; a Master of Arts degree in Industrial Technology (thesis option); and a Master of Arts degree in Industrial Technology (non-thesis option) with concentrations in Appropriate Technology, Building Science, Graphic Arts and Imaging Technology, and Technical Communications. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information.

Courses of Instruction in Technology, Graphic Arts and Imaging Technology, Industrial Design, and Interior Design (TEC, GRA, IND, INT)

This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms.
(For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

TECHNOLOGY (TEC)

TEC 1017. Communications Technology (3).S.
An introduction to the study of communication systems, including: electronic data communications; technical drawing and CADD; optics; graphic production techniques; photography; audio; and video. Classroom presentations and activities will emphasize the design, use and impacts of communication technologies. Lecture two hours, laboratory two hours. (COMPUTER)

TEC 1022. Black and White Photography (3).F;S.
An introductory course in black and white photography which will cover technical information about cameras, films, printing, and processes. Lecture two hours, laboratory two hours. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

TEC 1023. Introduction to Electronics (3).F;S.
An introduction to electrical and electronic circuits. Topics included are Ohm’s law, Kirchhoff’s laws, power, DC circuits, network theorems, and an introduction to AC circuits and commonly used electronic components. Theory is reinforced by experiments employing power supplies, circuit components, analog and digital meters, and the oscilloscope. Lecture two hours, laboratory two hours. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

TEC 1112. Digital Photography (3).F;S.
An introductory course in digital photography that will cover technical information about digital cameras, image editing software, inkjet printmaking, and presentation of photographic images. Lecture two hours, laboratory two hours.

TEC 1123. AC/DC Circuit Analysis (3). On Demand.
An introduction to capacitance, magnetic circuits, inductance and AC circuit analysis methods. Topics included are transient behavior of currents and voltages, electric and magnetic fields, magnetic circuits, AC circuit analysis, resonance, and network theorems. Theory is reinforced by experiments employing signal generators, resistive and reactive circuit components, meters, and the oscilloscope. Lecture two hours, laboratory two hours. Prerequisite: TEC 1023. Prerequisite or corequisite: MAT 1110. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

TEC 2004. Introduction to Metals Technology (3).F;S.
Experience-centered exploration into the sub-fields of metals technology with emphasis given to both the unique and supportive roles the metals industry plays in the total industrial scheme. Specific areas to be covered are: the nature and characteristics of metals, designing metals for manufacturing and production, layout techniques, bench metals, sheetmetal fabrication, fastening techniques,
foundry, forging and heat treating. Lecture two hours, laboratory two hours.

TEC 2005. Wood Technology (4).F;S.  
Introduction to woodworking with wood and the woods industry; care and use of basic woodworking tools and machines; processes and techniques involved in the planning, designing, jointing, shaping, and finishing of wood materials in the furniture industry. Lecture two hours, laboratory four hours. Prerequisite: IND 1001.

Introduction to materials and processes of the plastic industry. Laboratory experiences will include a variety of techniques and procedures utilizing these materials and processes. Lecture two hours, laboratory two hours. (WRITING)

TEC 2012. Production Techniques in Graphic Arts (3). On Demand.  
Theory and application of different production techniques in photo offset lithography and auxiliary areas. The course will operate in the same manner as a commercial print shop. Lecture one hour, laboratory four hours.

TEC 2022. Advanced Black and White Photography (3).F;S.  
A continuation of TEC 1022 (Black and White Photography) that covers advanced black and white photographic processes and will cover control systems for exposure and development, the zone system, sensitometry, and lighting. Lecture two hours, laboratory two hours. Prerequisite: TEC 1022 or permission of the instructor. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

TEC 2029. Society and Technology (3).F;S.  
This course is designed to provide students with an understanding of the symbiotic relationship between technology and society. Examples of these relationships will be taken from historical accounts and from analyses of contemporary societies both in industrialized and non-industrialized countries. Lecture three hours. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: SOCIAL SCIENCES)

TEC 2032. History of Photography (3).F.  
This course examines photography in a historical context from the beginning of the 19th Century through mid 20th Century. This comprehensive study of the technical and creative evolution of photography will feature significant individuals, their styles and corresponding historical events. Emphasis shall be placed on the development of photography in relation to developments in science, technology, society, the arts and politics. Lecture three hours. (CROSS-DISCIPLINARY)

An introduction to number systems and codes, Boolean algebra and combinational logic circuits, integrated circuits and logic families, flip-flops, computing circuits, counters and registers. Topics included are switching function reduction and Karnaugh maps, integrated circuit specifications, circuit analysis, logic circuit and sequential machine design. Theory is reinforced by laboratory experiments where logic circuits, sequential machines, etc. are constructed and evaluated. Lecture two hours, laboratory two hours. Prerequisite: TEC 1023. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

TEC 2108. Introduction to Power and Energy Technology (3). On Demand.  
An introduction to the study of sources, conversion, controlling, transmitting, and using power and energy. Emphasis will be placed on external, internal and electrical power and energy converters. Lecture two hours, laboratory two hours. (WRITING)

TEC 2116. Ceramic Technology (3).F;S.  
Exploratory experiences with ceramic materials that emphasize the application and forming processes for industrial use. Specific areas covered are: materials, construction, jiggering, slip casting, molding, tech. glazing, kilns, and firing tech. Lecture two hours, laboratory two hours.

TEC 2188. Transportation Systems and Devices (3).F.  
A study of the history and development of transportation systems and devices and the impact of transportation technologies on society. The student will explore the function, characteristics and structure of land, air, water and space transportation systems. Lecture two hours, laboratory two hours. (SPEAKING)

TEC 2500. Independent Study (1–4).F;S.  
Approved contract is required.

TEC 2708. Construction Technology and Building Codes (3).F;S.  
This course will provide students with an introduction to the construction process, building materials and designs, management issues, and building codes. This course will emphasize contemporary trends in residential and commercial construction with considerable
focus on different building types, on energy efficient and high performance buildings and on building codes. The course includes a lab in which students will participate in hands-on construction activities.

**TEC 2718. Building Mechanical Systems** (3).F;S.
This course introduces students to the design and installation of the mechanical systems in buildings - water supply and waste (plumbing); electrical; and heating, ventilation and air conditioning (HVAC). The course combines lectures on the theory, practice, drawing methods, and building codes related to these systems with hands-on procedures.

**TEC 2738. Commercial Construction Technology** (3).F;S.
This course will introduce students to the technical, economic and managerial aspects of the commercial and industrial construction industry. Primary emphasis will be on the tools, materials, and construction processes used in commercial construction. Lecture three hours.

**TEC 2803. Introduction to Industrial Applications of Computers** (3). On Demand.
An introduction to industrial applications of mainframe and microcomputers; to include BASIC programming, an overview of machine codes, input/output devices, and common industrial applications such as computer-aided drafting (CAD) and computer-aided manufacturing (CAM). Lecture two hours, laboratory two hours. (WRITING; COMPUTER)

**TEC 3004. Welding** (3). On Demand.
This course covers information about welding safety, equipment, materials, and applications of arc, oxy-acetylene, and inert gas techniques to include typical welding positions and welding ferrous and nonferrous metals. Lecture one hour, laboratory four hours. Prerequisite: TEC 2004.

Underlying concepts, activities and processes used in Computer Numerical Control/Computer Aided Manufacturing. Students will use microcomputers, CAD, CNC, and CAM software to program and operate various machines used in manufacturing, as well as utilize computers for other operations necessary for a computer integrated manufacturing environment. Lecture two hours, laboratory two hours. (COMPUTER)

**TEC 3009. Introduction to the Technology Teaching Profession** (1).F.
An introduction to the professional roles and responsibilities of Technology Education and Trade and Industry teachers. Course expectations include field experiences in regional Career and Technical classrooms at the middle and high school levels.

**TEC 3013. Electronic Communications** (3). On Demand.
A study of modern electronic communications systems. Topics included are the representation of information by electronic signals, encoding, modulation, multiplexing, bandwidth and the transmission and reception of signals. Additionally, an introduction to communications media, modern networking, protocols, etc. is presented. Theory is reinforced by laboratory experiments. Lecture two hours, laboratory two hours. (COMPUTER)

**TEC 3025. Advanced Wood Technology** (4).F;S.
Advanced machine tool operations, furniture construction, and a study of general materials used in the furniture industry. Lecture two hours, laboratory four hours. Prerequisite: TEC 2005.

**TEC 3039. Materials** (3).F;S.
The structure, characteristics, testing, and application of typical industrial materials. This course also includes the examination of strength of materials as it applies to manufacturing and production techniques. Lecture two hours, laboratory two hours.

**TEC 3053. Electronic Troubleshooting Techniques** (3). On Demand.
A study of the methods used to locate faulty components and other sources of equipment failure in modern electronic systems. Topics included are functional analysis, diagnostics, performance verification, and repair methods. Lecture two hours, laboratory two hours. Prerequisite: TEC 2043. (COMPUTER)

**TEC 3054. Metals Technology** (3). On Demand.
An in-depth, experience-centered examination of metal processing techniques. This course concentrates on advanced machine and non-machine metal manufacturing techniques. Emphasis will be placed on individual problem solving. Lecture two hours, laboratory two hours. Prerequisite: TEC 2004.

**TEC 3111. Portfolio Development** (3).F;S.
As students prepare for careers in a design field they should be aware of the importance of having a strong portfolio when looking for a job. The portfolio is one of the primary means of communication to show what one can do, and how one thinks or goes about
solving a problem. This course will lead the students into the process of building their portfolios to a level that will allow them to be able to begin to compete for the jobs that are out there.

This course provides students with experience in installation, configuration, troubleshooting, and administration of desktop operating systems. A wide variety of topics will be covered, including: installation techniques, storage management, hardware, security, and printers. Lecture two hours, laboratory two hours. Prerequisite: TEC 2803.

This course provides students with experience in installation, configuration, troubleshooting, and administration of server based operating systems. A wide variety of topics will be covered, including: storage management, network hardware, network protocols, and network printers. Lecture two hours, laboratory two hours.

**TEC 3153. Advanced Electronic Troubleshooting Techniques** (3). On Demand.
This course is a continuation of TEC 3053, Electronic Troubleshooting Techniques. A study of the methods used to locate faulty components and other sources of equipment failure in modern electronic systems. Topics included are functional analysis, diagnostic, performance verification, and repair methods. Lecture two hours, laboratory two hours. Prerequisite: TEC 3053.

**TEC 3312. Large Format Photography** (3).F.
This course will introduce the student to making photographs with the 4x5 view camera. This is a major tool of the professional photographer and the following information will be covered: the view camera and its basic parts, basic view camera operations, advanced view camera controls, and materials, processes, and accessories associated with the view camera. TEC photography majors should have sufficient knowledge and understanding to utilize exposure and development controls for b/w films (TEC 2022). A primary concern in this course will be visual advantages of the view camera. The goal will be a portfolio which demonstrates your technical and visual awareness. Lecture, critique, three hours. Prerequisites: TEC 1022 and TEC 2022.

**TEC 3332. Field Experience in Technical Photography** (3).F;S.
This course allows Technical Photography majors to earn credit for professional experiences outside of the classroom environment. These experiences include, but are not limited to, attending professional conferences, seminars, trade association fairs, field photographic experiences such as international program offerings and extended photographic field trips. This course may be repeated for credit barring duplication. Prerequisite: permission of the instructor.

**TEC 3412. Methods and Materials of Technical Photography** (3).F;S.
This course will offer the student information and hands-on experience in historical, contemporary and emerging technologies related to the technical photography industry. This course may be repeated for credit barring duplication. Prerequisites: TEC 1022 and TEC 2022 or permission of the instructor.

**TEC 3422. Studio Photography** (3).F.
An introductory course to studio photography that covers studio lighting and large format cameras for industrial/product and portrait photography. Lecture two hours, laboratory two hours. Prerequisite: TEC 2022 or permission of the instructor. (NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**TEC 3442. Issues in Contemporary Photography** (3).S.
This course is designed to provide students with an understanding of the theoretical and critical concepts existing in photography. Topics covered include, but are not limited to, how the roles of philosophy, art history, science, technology, literature, and psychology are relevant to photography. Students will broaden their understanding of the issues existing in contemporary photography through readings, lectures, discussions, slide presentations, assignments and critiques.

**TEC 3500. Independent Study** (1–4).F;S.
Approved contract is required.

**TEC 3520. Instructional Assistance** (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract is required.

**TEC 3530–3549. Selected Topics** (1–4). On Demand.

**TEC 3552. Technical Assistant** (1).F;S.
A supervised, meaningful, planned and evaluated laboratory assistant experience. Students enrolled in this course will act as instructional
aides within various technology courses. This course may be repeated once for credit. Prerequisite: junior or senior standing.

**TEC 3601. Introduction to Energy Issues and Technology (3).F;S.**
This course will explore the various forms of energy and will examine the complete range of energy alternatives existing in the world today. Students will examine energy resources, economics and environmental impacts and should learn about the concepts, tools, techniques and materials needed to design and construct systems that are used to produce energy. A major focus of the course will be on the renewable or sustainable forms of energy. Students will study how to measure these renewable resources and estimate the power that could be produced from them, as well as, the technological options which exist for transforming these resources into useful sources of energy. Lecture three hours. (CROSS-DISCIPLINARY)

**TEC 3607. Electro/Mechanical Systems (3).S.**
A study of mechanical systems and controls used in industry today. Basic mechanical, electrical, hydraulic, and pneumatic systems and their components will be included in the classroom activities. Lecture two hours, laboratory two hours.

**TEC 3718. Construction Estimating (3).F;S.**
This course will provide students with the opportunity to explore and develop estimating skills used in the construction industry. Students should learn how to estimate unit costs for building components, how to do take-offs, and how to prepare an overall project bid. They will prepare estimates using self-developed computer spreadsheets and should learn how to use cost estimating software. Prerequisites: TEC 2708 or permission of the instructor, MAT 1020 or higher, and basic knowledge of computer word processing, Internet procedures, and spreadsheets. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.)

**TEC 3728. Residential Architecture (3).F;S.**
This course will introduce students to the basic concepts of architectural design and some of the most important architects in recent history. The course will present the tools, processes, graphic conventions, and standards used in design and construction documents of residential construction. As a final project, students will design a residence and prepare computerized construction drawings. Prerequisites: IND 1001 and TEC 2708, or permission of the instructor.

**TEC 3738. Statics and Strength of Structures (3).F;S.**
This course introduces students to the principles and physical concepts of statics and strength of materials related to construction. Statics is the study of building and other loads and the design of structures needed to support them. The study of bridge types, trusses, and other structures used in construction will be integrated into the coursework in order to provide a practical framework for the subject matter. Lecture three hours.

**TEC 3803. Network Administration (3). On Demand.**
Students in this course will study basic strategies to manage, monitor, configure, and troubleshoot network services. Data security and integrity, and user management will be the main emphasis of the discussions. Lecture two hours, laboratory two hours. Prerequisite: TEC 3133.

**TEC 3807. Safety (1).F;S.**
A comprehensive coverage of occupational safety and health. Topics include accident causation, OSHA, workers compensation, ergonomics, stress, industrial hygiene, specific industrial hazards, and disease transmission.

**TEC 3900. Industry Internship (1–3).F;S.**
Field experience or employment in the area of the student’s interest. Prerequisite: 16 hours of coursework in the major must be completed. Graded on an S/U basis. (Hours requirement for one credit hour is 160 hours, with 80 hours required for each additional credit.)

**TEC 4093. Senior Design and Fabrication Project (3). On Demand.**
A course in research and development of electronic systems. System design and integration will be emphasized. With the guidance of the instructor, students will identify a need, and develop an appropriate design. The design will be implemented and evaluated using modern components and subsystems. Lecture two hours, laboratory two hours. Prerequisite: TEC 3803.

**TEC 4103. Leadership in Technical Settings (3).F;S.**
This course provides an introduction to the nature of leadership in technical settings. Special emphasis is on behavior of individuals and groups in organizations. Students will begin to develop their own views of leadership based on theory, research, and experience. Lecture three hours.

**TEC 4407. Production Planning and Control (3). On Demand.**
An applied study of process planning and production control systems used in modern manufacturing. To include such topics as:
production planning, automation, time and motion study, order control, flow control and quality control, and plant layout. Lecture two hours, laboratory two hours. (SPEAKING)

TEC 4412. Fashion and Beauty Portraiture (3).S.  
Students in this advanced course will review the history of fashion and beauty photography, explore current trends in the industry, and survey the many markets and applications for fashion and beauty imagery. Students will have the opportunity to work with models - both volunteer and professional - make-up artists, hair stylists, and wardrobe stylists in learning how to produce a professional fashion or beauty shoot. Each student will be encouraged to develop her or his own style through fashion editorial assignments, beauty advertising assignments, and testing with models, both in the studio and on location. Working digitally, students will also have the opportunity to learn how to use a wide range of lighting and camera controls specific to beauty photography in order to establish a color managed workflow to guarantee consistency of image production from capture through final delivery of images. Lecture two hours, studio two hours. Prerequisite: TEC 3422 or permission of the instructor.

TEC 4422. Product Photography (3).F.  
This advanced course will emphasize the tools and techniques of the professional photographer. Studio lighting, large format cameras, and color transparencies will be primarily used, and the student is expected to have working knowledge of these. Assignments will be expected to be completed to professional standards. Lecture, critique, three hours. Prerequisites: TEC 3312 and TEC 3422.

TEC 4432. Photographic Portfolio (3).S.  
This senior level course is designed for the major in Technical Photography. The course will prepare the graduating senior to apply for employment in the field of professional photography or admission to graduate school. Topics covered will include letters of introduction, resumes, portfolio production and presentation, preparing exhibits, and web pages. Lecture, critique, three hours. Prerequisite: senior standing.

This course is designed to further the student's understanding of color reproduction as it relates to printing. Emphasis is placed on digital image creation, editing, color theory, quality control, production variables, densitometry, tone reproduction, color correction, gray balance and proofing materials. Prerequisites: GRA 1222 and GRA 4591. [Dual-listed with TEC 5550.]

Care and maintenance of finishing equipment; selection and use of spray equipment; preparation of the surface to be finished, staining and filling undercoating, top coating, oil finishes, application of simple and synthetic finishes. Lecture one hour, laboratory two hours. Prerequisite: TEC 2005. [Dual-listed with TEC 5555.]

The study of traditional and contemporary furniture, and its importance, design, and construction procedures. The student may design and construct a piece of traditional or contemporary furniture. Lecture two hours, laboratory four hours. Prerequisite: TEC 3025. [Dual-listed with TEC 5565.]

TEC 4572. Production Management (3). On Demand.  
Practical management techniques and experience in the areas of sales, finance and high, middle, and lower level personnel management in an active printing production facility. This course will be taught concurrently with TEC 2012 Production Techniques in Graphic Arts. Lecture one hour, laboratory four hours. Prerequisite: TEC 2012.

TEC 4573. Control System Technology (3). On Demand.  
A detailed study of the architecture of modern programmable control systems. The course will include computation, machine representation of information, storage structures, buses, input/output interfacing, peripheral devices, and instruction codes. Theory to be reinforced by hands on experience. Some theory and practical experience in Programmable Logic Controllers (PLC) will be introduced. Lecture two hours, laboratory two hours. [Dual-listed with TEC 5573.]

TEC 4576. Production Techniques in Industrial Crafts (3). On Demand.  
An analysis of functional design and production methods used in industrial crafts. Individual projects designed to employ various technical and mechanical methods of production to leather, ceramic, metals and combination of these craft materials. Lecture two hours, laboratory two hours. Prerequisite: TEC 2116 or permission of the instructor.

Advanced laboratory practice in transfer and direct photographic screen printing with emphasis on multicolor printing, cylinder printing and finishing techniques. Lecture one hour, laboratory four hours. Prerequisite: GRA 3012. [Dual-listed with TEC 5592.]
An analysis of the development processing, and finishing techniques used for ceramics, leather, and non-metal materials. Emphasis is on exploratory problems and the application of these materials to the design of industrial craft products. Lecture two hours, laboratory two hours. Prerequisite: TEC 2116 or permission of the instructor.

TEC 4604. Sustainable Transportation (3).F;S.
This course will introduce students to contemporary trends and issues related to transportation technology. A major focus of the course will be the exploration of emerging new technologies and strategies for producing a sustainable transportation system. Specific topics addressed will include: public transportation strategies, bicycle technology, energy efficient transportation options, and alternative fuels such as biodiesel, alcohol, natural gas, hydrogen and electric vehicles. The environmental, social, and economic, as well as the technological aspects of all options will be explored. [Dual-listed with TEC 5604.]

TEC 4605. Sustainable Resource Management (3).S.
This course will introduce students to material efficiency issues, recycling, composting and the concept of life cycle design, which is a proactive approach for integrating pollution prevention and resource conservation strategies into the development of more ecologically and economically sustainable product systems. Lecture three hours. [Dual-listed with TEC 5605.]

TEC 4606. Sustainable Water and Wastewater Technology (3).F.
This course will introduce students to both contemporary and alternative water and wastewater technologies. Students will study how to analyze the water cycle and be able to develop management concepts which are both economically and environmentally sustainable. Water issues facing the world, sources of water, water purification, water quality assessment, water pumping, efficiency, grey water, composting toilets and "living machines" will all be addressed in the course. [Dual-listed with TEC 5606.]

TEC 4607. Wind and Hydro Power Technology (3).F;S.
This course will introduce students to the basic concepts, tools, techniques and materials needed to design and construct systems that convert wind and hydro resources into electricity. Students will study how to measure these renewable resources and to estimate the power that could be produced from them. They will also have the opportunity to learn how to design and construct complete renewable electricity systems and become familiar with many contemporary products used in renewable electricity systems. The course will include classroom and "hands-on" design, construction and possibly some field trip experiences outside of class. Lecture two hours, laboratory two hours. Prerequisite: TEC 3601 or permission of the instructor. [Dual-listed with TEC 5607.]

TEC 4608. Photovoltaic System Design and Construction (3).F;S.
This course will introduce students to the basic concepts, tools, techniques and materials needed to design and construct systems that convert solar resources into electricity with photovoltaic (PV) technologies. Students will study how to assess the solar resources available at a particular site and how that information can be used to properly design PV systems. They will also have the opportunity to learn how to design and construct complete code compliant photovoltaic systems and become familiar with contemporary trends and products. The course will include classroom and "hands-on" design, construction and possibly some field trip experiences outside of class. Lecture two hours, laboratory two hours. Prerequisite: TEC 3601 or permission of the instructor. [Dual-listed with TEC 5608.]

TEC 4618. Sustainable Building Design and Construction (3).F;S.
This course will introduce students to sustainability issues related to building technology and will explore a variety of solutions. Students should learn how to design energy and material efficient buildings that get the majority of their power from the sun. The course will explore a variety of alternative building materials and techniques such as straw bale, adobe, log post and beam, stress skin panel and geodesics. Other topics to be discussed will include site selection, sustainable community design, water conservation, composting and recycling systems, waste reduction and indoor air quality problems and solutions. [Dual-listed with TEC 5618.]

TEC 4619. Curriculum Development in Career and Technology Education (3).SS.
Planning and development of teacher- and student- directed activities that align with state curriculum models. Students will create instructional videos and a variety of computer- generated instructional materials for use in technology education and other career and technical education programs. Emphasis is also placed on assessment strategies and on locating, evaluating, and revising existing instructional materials including computer-based materials. Lecture three hours. [Dual-listed with TEC 5619.]

TEC 4628. Solar Thermal Energy Technology (3).F;S.
This course will introduce students to the basic concepts, tools, materials and techniques needed to convert solar energy into heat. Specific technologies to be studied include solar cookers, solar dryers, solar water heaters, solar water pasteurization/distillation, solar greenhouses/coldframes, and some house heating systems. Students should develop skills in the use of tools, materials, and processes which effectively and efficiently capture and convert the sun’s energy into thermal energy. The course will include traditional classroom and "hands on" design, construction and testing activities. Lecture two hours, laboratory two hours. [Dual- listed with
TEC 4629. Organization and Management of Career and Technology Education (3).S.
Instruction and laboratory experiences in the organization and management of technology education programs, including: selection and sources of equipment and supplies; facility planning; safety organization and management concerns; scheduling; student evaluation; and discipline. Computer applications incorporated throughout. Lecture three hours. (WRITING; COMPUTER) [Dual-listed with TEC 5629.]

TEC 4638. Contemporary Problems in Appropriate Technology (3).S.
This course is designed to provide students with an overview of contemporary problems facing the Appropriate Technology movement such as affordable and efficient alternative energy systems, small scale production systems, waste management and recycling, bioregional development, community and shelter design and technology transfer methodology. Each student will have the opportunity to explore in-depth a problem of their choosing and will be given guidance in the identification, definition and analysis of their chosen problem. Both library research and prototype or model construction will be required. Lecture three hours. Prerequisite: TEC 4608 or permission of the instructor. (WRITING; SPEAKING) [Dual-listed with TEC 5638.]

TEC 4639. Career and Technical Student Organizations (3). On Demand.
An in-depth study of career and technical student organizations (CTSOs) and how to organize and manage a local chapter. Related activities such as service learning, establishing an advisory board, and career planning will also be covered. Lecture three hours. [Dual-listed with TEC 5639.] 

TEC 4649. Cooperative Vocational and Industrial Education (3). On Demand.
Organization and administration of a cooperative program for vocational or interdisciplinary areas. Included are locating and maintaining training stations and developing training plans. Lecture three hours.

TEC 4660. Instructional Strategies in Career and Technology Education (3).F.
The study of instructional strategies appropriate for use in trade and industry (grades 9-12) and technology education (grades K-12) classrooms. Class discussions will focus on learning theory, design-based instruction, and standards-based instructional planning. Students will prepare lesson plans, prepare and deliver presentations and demonstrations, and engage in K-12 classroom-based observations. Lecture three hours. (SPEAKING) [Dual-listed with TEC 5660.]

TEC 4667. Housing and Home Furnishings Seminar (1).F;S.
A seminar structured to prepare managers and leaders for careers in industry with emphasis on home furnishings, construction, and design. A highly interactive, open course with limited enrollment and guest speakers. Two-hour seminar, one day per week. The course includes an all day trip to the High Point furniture market. Graded on an S/U basis.

TEC 4708. Building Science (3).F;S.
This course introduces students to the complex ways in which buildings actually interact with their environment. Particular issues include how moisture problems occur, how to protect building occupants from poor health due to indoor air quality, how to prevent building durability problems, and how to provide more energy efficient and comfortable buildings for clients. The course shows students how to use diagnostic equipment, such as blower doors, duct leakage testing devices, indoor air quality measurement devices, and air flow detection equipment. The course also emphasizes translating technical materials into concise written reports, as well as comprehensive written reports. Prerequisites: TEC 2708, MAT 1020 or higher, or permission of the instructor. (WRITING; CROSS-DISCIPLINARY; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.) [Dual-listed with TEC 5708.]

This course will introduce students to a variety of software packages for modeling the performance of renewable energy systems, and will help them develop proficiency in their use. Software packages may include Excel, FChart, PVFChart, BLCC, HOMER, WindCAD, RETScreen, and ArcReader. Students will study how to predict the performance of a variety of solar heating technologies, photovoltaics, wind turbines, and solar house designs. The economics and environmental benefits of renewable energy systems will also be explored. File formats and memory allocation schemes, as they relate to understanding data storage, will be discussed. Effective problem solving skills will be emphasized throughout the course. Prerequisite: TEC 3601. (COMPUTER) [Dual-listed with TEC 5711.]

TEC 4718. Construction Management (3).F;S.
This course will introduce students to the mechanics of starting and managing a construction business. Organizational structures, required licenses, taxes, codes, permits, advertising, personnel management, customer relations, scheduling, accounting, insurance and financing will be addressed. Special attention will be given to the use of computer software, such as spreadsheets and scheduling programs, for construction management activities. Prerequisites: TEC 2708, MAT 1020 or higher, or permission of the instructor,
and basic knowledge of computer word processing, Internet procedures, and spreadsheets. (NUMERICAL DATA; COMPUTER) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.) [Dual-listed with TEC 5718.]

TEC 4728. Commercial Building Design (3).F;S.
This is an advanced level course exploring the broad field of architectural building design. It investigates the details of buildings, from structural elements to decorative components. Students have the opportunity to learn a variety of design development techniques, including manual drafting, sketching and rendering, computer-aided drafting and design (CADD), and model building. Required course projects include a full set of construction drawings for a commercial building using CADD software, as well as a rendering and model of the building. Prerequisite: TEC 3728. (COMPUTER) [Dual-listed with TEC 5728.]

TEC 4738. Senior Architectural Design Studio I (4).F.
This course builds on previous courses in construction technology and architectural design to demonstrate to the student how to integrate the myriad aspects of architecture - from art to environment to materials to spaces to construction - into successful building designs. The course stresses application of design fundamentals to building design, but emphasizes the key elements of buildability, efficiency, durability and indoor air quality. Lecture two hours, laboratory four hours. Prerequisites: TEC 4708 and TEC 4728.

TEC 4748. Senior Architectural Design Studio II (4).S.
This course serves as the capstone course for the major in Building Sciences with a concentration in Architectural technology and Design. The course proceeds through the entire architectural design process during the semester, culminating in the design of a structurally sound, efficient, durable, high performance building that meets all relevant building codes. Lecture two hours, laboratory four hours. Prerequisites: TEC 2738, TEC 3718, TEC 3738, and TEC 4738. Corequisite: TEC 4718.

TEC 4900. Internship (3–12).F;S.
Graded on an S/U basis. (WRITING)

GRAPHIC ARTS AND IMAGING TECHNOLOGY (GRA)

GRA 1003. Orientation to Graphic Arts (1).F;S.
A survey of the graphic arts industry including its developments past and present, printing processes, products, graphic’s impact on society and various career opportunities.

GRA 1012. Graphic Communications I (3).F;S.
This course is an introduction to graphic communications. Students will be introduced to the world of imaging, printing, and publishing. The course will discuss materials, equipment, health and safety, techniques, and concepts of text/image input, conversion, and output that are practiced in the graphic arts industry. Lecture two hours, laboratory two hours.

GRA 1222. Introduction to Flexography (3).F;S.
This course is designed to introduce students to the principles and practices of the packaging industry. The student will be introduced to the flexographic and gravure printing processes. Emphasis is placed on elements from artwork, plates, cylinder imaging, inks and presses. Lecture two hours, laboratory two hours.

GRA 2102. Electronic Prepress (3).F;S.
This course is designed to introduce the student to digital imaging as it relates directly to the printing industry. Specific topics include hardware, software, input and output devices, image generation, processing, proofing, storage and transfer technologies. Emphasis will be placed on understanding the total production process from computer to press. Lecture two hours, laboratory two hours. Prerequisite: GRA 1012. (COMPUTER)

GRA 3012. Graphic Communications II (4).F;S.
This course is a continuation of GRA 1012, Graphic Communications I. Emphasis will be placed on theory and problem solving as well as broadening skills in the areas of digital imaging, printing technologies, and production management. The course will discuss materials, equipment, techniques and concepts of text/image input, conversion, output, finishing, and quality control that are practiced in the graphic arts industry. Lecture two hours, laboratory four hours. Prerequisite: GRA 2102.

GRA 3102. Electronic Imaging (3).F;S.
An introduction to the concepts, processes, and hardware which are fundamental in creating, editing, and displaying digital electronic images. To include: image editing, blending modes, compositing, color models and modes, color separation, color profile management, masking, tonal analysis, layer management, file preparation and conversion. Lecture two hours, laboratory two hours. (COMPUTER)
GRA 3112. Substrates, Inks and Color Management (3).S.
This course is designed to introduce students to substrates and inks used in printing and packaging production. Topics will include introduction to features and characteristics, manufacturing processes, printing and packaging production performance, with quality control and color management solutions for substrates and inks used for producing printing and packaging products. Lecture two hours, laboratory two hours. Prerequisite: GRA 3012.

GRA 3312. 3D Imaging and Animation (3).F.
This course provides an introduction to 3D digital imaging for specific applications. Industry standard computer software will be used to explore fundamentals of modeling and texturing. Lecture two hours, laboratory two hours.

GRA 3512. Web Development for Graphic Communications (3).F.
This course provides students with the opportunity to develop basic web sites, manipulate images for web delivery. Additionally, students will create intermediate and advanced web sites that utilize complex interactivity. Lecture two hours, laboratory two hours.

GRA 3622. Graphic Communications Seminar (1).F;S.
This course involves the development of the mechanics of being a professional in the graphic arts industry. Specific topics include resumes, cover letters, interviewing, presentation techniques and report writing. Prerequisite: junior standing. (WRITING)

GRA 3772. Print Production Analysis and Control (3).F.
The study of systems and techniques used for identification of printing production standards, cost estimating, production scheduling, production planning, material flow, teamwork, problem-solving techniques, and management’s role in creating quality environments. Lecture three hours. Prerequisite: GRA 3112.

GRA 4112. Technical Assistant (1).F;S.
A supervised, meaningful, planned and evaluated laboratory assistant experience. Students enrolled in this course will act as instructional aides within various graphic arts and imaging technology courses. Prerequisite: junior or senior standing.

GRA 4512. Advanced Electronic Imaging/Cross Media (3).F;S.
This course addresses advanced concepts and practices pertaining to digital electronic imaging. To include: advanced techniques such as color management, image adjustment, scanning, color correction, masking, edge selection, and special effects. Lecture two hours, laboratory two hours. Prerequisite: GRA 3102. (COMPUTER; NUMERICAL DATA) (ND Prerequisite: passing the math placement test or successful completion of MAT 0010.) [Dual-listed with GRA 5512.]

GRA 4522. Advanced 3D Imaging and Animation (3).S.
This course focuses on using advanced texturing techniques, complex shading networks, inverse kinematics and forward kinematics to develop realistic 3D images and animation. Lecture two hours, laboratory two hours. Prerequisite: GRA 3312. [Dual-listed with GRA 5522.]

GRA 4558. Digital Printing and Publishing (3).F;S.
This course allows students the opportunity to explore digital printing applications such as short-run color and variable data printing. Students will study digital workflows, file preparation, data management, preflighting, digital front-end systems, press operation and routine maintenance. Lecture two hours, laboratory two hours. Prerequisite: GRA 3102. [Dual-listed with GRA 5558.]

GRA 4566. Advanced Flexographic Printing Methods (3).S.
This course addresses advanced concepts and practices pertaining to the flexographic printing process. To include: advanced techniques such as multi-color spot and process color printing, quality control, corrugated board, image distortion, die calculations, and coatings. Lecture two hours, laboratory two hours. Prerequisites: GRA 1222 and GRA 3102. [Dual-listed with GRA 5566.]

GRA 4591. Advanced Offset Printing Methods (3).F.
This course is designed to build on the basics covered in Graphic Communications I, Graphic Communications II, Electronic Prepress, and Electronic Imaging. Students will gain experience in advanced techniques in electronic prepress, halftones, duotones, process color, process stripping and process press work. Lecture two hours, laboratory two hours. Prerequisites: GRA 3012 and GRA 3102. [Dual-listed with GRA 5591.]

GRA 4622. Current Trends in Graphic Communications Seminar (1).F;S.
This course is designed to emphasize current trends, technical movements and problems as they relate to the future of the printing industry. Classes will focus on group discussions related to these and other current issues. Students will be required to refer to academic experiences, internship experiences and library skills to participate in discussions. Prerequisite: senior standing. Laboratory two hours. (WRITING; SPEAKING) [Dual-listed with GRA 5622.]
INDUSTRIAL DESIGN (IND)

IND 1001. Technical Drafting (4).F;S.  
Fundamentals of technical drafting including: lettering, sketching, instrument and CAD techniques, views and orthographic projection, pictorial drawing, dimensions, sections, and working drawings. Selected assignments from this course will be appropriate for inclusion in student portfolios. Lecture two hours, laboratory four hours. (COMPUTER)

IND 2011. Introduction to Product Design (4).F;S.  
This is an introduction to product design and problem-solving techniques. Emphasis is given to history of industrial design, methods for communicating design ideas, systematic design, product design specifications, corporate strategies in planning product innovations, fundamentals of materials and manufacturing processes used in the mass production of consumer products. Selected assignments from this course will be appropriate for inclusion in student portfolios. Lecture four hours. (WRITING)

IND 2201. Design Drawing I (3).F;S.  
This course will introduce basic drawing principles and techniques as important tools for visual thinking and communication of design ideas. The primary emphasis will be on freehand sketching for quick ideation during problem-solving, though experimentation with different media will be encouraged. Lecture two hours, laboratory two hours.

IND 2211. Design Drawing II (3).S.  
This course will introduce basic marker drawing principles and techniques as important tools for visual thinking and communication of design ideas. The primary emphasis will be on ballpoint and marker (Prismacolor or Pantone, etc.) rendering. Experimentation with different media will be encouraged (Prismacolor pencils, pastels, etc.). Lecture two hours, laboratory two hours. Prerequisite: IND 2201.

IND 3701. Junior Design Studio I (4).F.  
This course will begin the more intensive development of a design process methodology for the design student. Communication of this process will be a primary focus through the documentation and presentation of all work throughout the semester. Students will have a series of design projects providing opportunities to explore various materials and processes, as well as addressing contemporary design issues and design theory. Potential projects may include furniture design, exhibit design, improving the ergonomics of existing products, and package design. Lecture two hours, laboratory four hours. Prerequisites: GRA 3102, IND 2201, TEC 2004, TEC 2005 and declared major in Industrial Design.

IND 3711. Junior Design Studio II (4).S.  
This course will continue the more intensive development of a design process methodology for the design student. Communication of this process will be a primary focus through the documentation and presentation of all work throughout the semester. Students will have a series of design projects providing opportunities to explore various materials and processes; as well as addressing contemporary design issues and design theory. Potential projects may include intermediate furniture design, exhibit design, improving the ergonomics of existing products and package design. Lecture two hours, laboratory four hours. Prerequisite: IND 3701.

IND 3801. CADD I: 3D and Solid Modeling (3).F;S.  
An in-depth study and application of 3D and solid modeling CADD (computer-aided design and drafting). Focus is on visualization, use and selection of software, and technical illustration techniques for creating rendered images. Units include: 3D free form design, structured design, reverse engineering modeling, and the use of photography and other media in CADD. Lecture two hours, laboratory two hours. Prerequisite: IND 1001 or permission of the instructor. (COMPUTER)

IND 4401. CADD II: Animation and Multimedia Presentation (3).S.  
Students in this course will have the opportunity to conduct an in-depth exploration of CADD systems for the development of animations and the creation of multimedia presentations. Units will include: uses of animation as related to design, time lines, animation rendering techniques, output methods, and user interactivity. Sample work will be organized and displayed as a digital portfolio. Lecture two hours, laboratory two hours. Prerequisites: IND 3801 and GRA 3102.

IND 4557. Design for Manufacture (3).F.  
The design, development, and mass production of a manufactured product. To include market survey, design selection, prototype construction, development of jigs and fixtures, and implementation of process planning and control systems. Lecture two hours, laboratory two hours. Prerequisite: IND 3701 or permission of the instructor. (SPEAKING) [Dual-listed with IND 5557.]

IND 4801. Senior Design Studio I (5).F.  
The first semester of the Senior Design Studio will place higher expectations on the student’s design process, as developed in the Junior Studio. Projects will be research oriented, and documentation of the development of design ideas will be paramount for successful
completion of the semester. Design research as it can be applied to their upcoming senior design projects will be the focus toward the end of the semester. The subjects of design culture, the materiality of objects, product semantics and user-centered design are among the range of research topics and points of discussion. Lecture two hours, laboratory six hours. Prerequisite: IND 3711.

**IND 4802. Senior Design Studio II (5).S.**
The second semester of the Senior Design Studio will look at professional practice in the field of Industrial Design, professional ethics, the kinds of jobs available, and opportunities for continued education. A senior design project will be the primary focus of the semester, with the student using the research skills developed during the first semester. Passing a portfolio review is a requirement of this course. Lecture two hours, laboratory six hours. Prerequisite: IND 4801.

**IND 4811. Professional Practice in Industrial Design (1).F;S.**
As students prepare for careers in industrial design areas, they need a strong portfolio of design work when looking for a professional position. The design portfolio is the primary means of communication to illustrate problem-solving, freehand sketching, computer-based design skills and model-making. This course guides the student through the process of portfolio design, assembly and construction. It prepares the student for the interview process and it also prepares the student to compete for the available professional design positions.

### INTERIOR DESIGN (INT)

**INT 1001. Visual Literacy I (3).F.**
Introduces fundamentals of 2D and 3D graphic communication through a variety of design projects. Investigates principles and elements of design through problem-solving methods. Introduces composition, lettering, layout, line quality, graphic representation and color theory with applications to interior design projects. Lecture one hour, studio four hours.

**INT 1002. Visual Literacy II (3).S.**
Explores various graphic communication methods through a variety of design projects. Examines manual and digital drawing techniques, elevations, perspectives, axonometrics, sections, graphic standards, measurements, drawing to scale, and dimensioning. Prerequisite: INT 1001. Lecture one hour, studio four hours.

**INT 1100. Interior Design Studio I (3).S.**
Foundation studio course, explores the fundamentals of interior design including the design process, principles and elements. Investigates problem-solving techniques through a variety of small-scale two and three-dimensional projects. Introduces critical thinking, analysis and communicating volumetrically. Includes creative problem-solving, process drawing, quick sketching and rendering, and modelmaking. Provides exposure to green design and team design. Prerequisites: INT 1001 and INT 1300. Corerequisite: INT 1002 or permission of the instructor. Studio six hours.

**INT 1300. Introduction to Interior Design (3).F.**
Provides a survey of the interdisciplinary design professions and their impact on culture and human behavior. Includes case studies of the built environment. Lecture three hours.

Explores various graphic communication methods by means of advanced drawing and presentation techniques. Investigates manual and digital three-dimensional pictorial views, design sketching, presentation drawings, perspective, delineation and rendering. Provides exposure to a variety of graphic communication media, color theory, and presentation methods. Prerequisites: INT 1002, completion of the Freshman Portfolio Review, and an introductory computer course or permission of the instructor. Lecture one hour, studio four hours. (COMPUTER)

**INT 2100. Interior Design Studio II (3).F.**
Introductory studio, focuses on application of design principles and elements in shelter interiors. Provides exposure to universal design principles, special populations, green design, social responsibility, human factors, kitchen and bath standards and specifications. Emphasizes critical thinking, space planning, circulation, and spatial analysis. Typical projects may include small and medium-scale residential and multi-family interiors. Prerequisite: completion of the Freshman Portfolio Review. Corequisite: INT 2400. Studio six hours.

**INT 2110. Interior Design Studio III (3).S.**
Intermediate-level studio, focuses on systems design. Explores problem identification, research, functional analysis, programming methods and space planning theory. Investigates codes, and the integration of building systems. Includes theories of circulation, systems, application of ergonomics, ADA, building codes, ceiling systems, and specifications. Typical projects may include medium-scale work, retail and exhibition spaces. Extends analytical and strategic thinking. Prerequisite: INT 2100. Studio six hours.
INT 2200. Interior Design Systems I (3).S.
Provides basic understanding of interior building products with focus on materials and finishes. Also includes systems furniture, architectural wall systems, and ceiling systems. Investigation and analysis of properties, selection criteria, costs, maintenance, specifications, codes, performance testing, sustainability, and life-cycle costing. Prerequisite: completion of the Freshman Portfolio Review. Lecture three hours.

INT 2300. History of Interior Design and Architecture I (3).F.
Explores history of interiors, architecture, and materials from prehistoric (ancient) times to the Industrial Revolution. Includes residential and commercial spaces. Provides exposure to multi-cultural issues in design. Prerequisite: completion of the Freshman Portfolio Review. Lecture three hours.

INT 2310. History of Interior Design and Architecture II (3).S.
Explores history of interiors, architecture, graphic and industrial design, and materials from the Industrial Revolution to the present. Includes residential and commercial spaces. Provides exposure to multi-cultural issues in design. Prerequisite: completion of the Freshman Portfolio Review. Lecture three hours. (WRITING)

INT 2330. Kitchen and Bath Workshop (3). On Demand.
Use of the National Kitchen and Bath Association Guidelines in the design and evaluation of kitchens and baths. Incorporates universal and green design concepts into space planning and specification of products for kitchens and bath design. Explores ergonomic and anthropometric research for decision-making. Emphasis primarily on residential applications. Prerequisite: INT 2100 or permission of the instructor. Lecture two hours, studio two hours.

INT 2400. Interior Design Sophomore Field Study (0).F.
Travel, tours and study of areas of interest within the interior design profession. Manufacturers, design firms, showrooms and museums are typical destinations. Attendance and overnight stays required. Corequisite: INT 2100. Graded on an S/U basis.

INT 2500. Independent Study (1–4).F;S.
Approved contract is required.

INT 3001. Interior Design Internship Workshop (1).S.
Emphasizes study and preparation for the design workplace experience including internship requirements and objectives. Provides discussion of procedural and ethical concerns and preparation for the interview process. Includes research, goal-setting, design and creation of application materials and portfolio. Prerequisite: INT 3100. Lecture one hour.

INT 3100. Interior Design Studio IV (4).F.
Intermediate-level studio, focuses on problem-solving skills related to collaborative design. Further develops concept writing, process drawing, space planning, design development, lighting, detailing, branding and consumer studies, multi-cultural issues, and green design understanding. Typical projects include medium-scale retail, showroom, exhibit design, and hospitality spaces. Prerequisite: INT 2110. Studio eight hours. (SPEAKING)

INT 3110. Interior Design Studio V (4).S.
Advanced studio, focuses on global design in commercial environments. Provides application of human environmental studies, multicultural studies, advanced graphics, space planning, lighting and green design. Typical projects may include hospitality facilities (hotels, resorts, restaurants), healthcare facilities, and retirement facilities. Prerequisite: INT 3100. Studio eight hours.

INT 3200. Interior Design Systems II (3).F.
Explores ambient interior systems such as lighting, acoustics and indoor environmental quality (IEQ). Includes basic principles of illumination, exploration of light sources, identification, terminology, analysis, calculations, graphic representation and documentation to effectively communicate lighting design, acoustics and IEQ. Prerequisite: INT 2200. Lecture three hours.

INT 3320. Environment and Human Behavior (3).S.
Explores interrelationships between human behavior and the built-environment. Emphasizes synthesis of empirical research, analysis, mapping, design guidelines, programming, written documentation, and post-occupancy-evaluations. Study may include proxemics, human factors, social behavior, stressors and other prominent areas of research. Analysis may include residential or commercial spaces. Current topics may include placemaking, global issues, culture, defensible space. Prerequisite: completion of the Freshman Portfolio Review. Lecture three hours. (WRITING)

INT 3400. Interior Design Junior Field Study (1). On Demand.
Travel, tours and study of areas of interest within the interior design profession. Metropolitan areas, manufacturers, design firms, showrooms and museums are typical destinations. Attendance and overnight stays required. Prerequisite: INT 2110. Graded on an
**INT 3500. Independent Study** (1–4).F;S.
Approved contract is required.

**INT 3520. Instructional Assistance** (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract is required.

**INT 3551. Technical Assistant** (1).F;S.
A supervised, meaningful, planned and evaluated laboratory assistant experience. Students enrolled within this course will act as instructional aides within various interior design courses. Prerequisite: junior or senior standing.

**INT 4100. Interior Design Studio VI** (4).F.
Advanced studio, focuses on socially conscious design (design intervention). Includes programming and client issues, application of green design and social design. Typical projects may include service-based learning for non-profits (educational and community-based organizations). Prerequisite: INT 3110. Studio eight hours.

**INT 4110. Interior Design Studio VII** (4).S.
Final in a series of studios focusing on in-depth individual interior design projects. Emphasizes research, programming, comprehensive design, documentation and detailing. Typical projects may expose students to historic preservation, adaptive reuse issues, green design and incorporates advanced technical, analytical and theoretical problem-solving methods. Prerequisite: INT 4100. Corequisite: INT 4320. Studio eight hours.

**INT 4300. Current Issues in Interior Design** (2).F.
Explores current issues and trends in interior design. Emphasizes synthesis of research and critical thinking for creative problem-solving. Topics vary from year to year. May be repeated for credit when content does not duplicate. Corequisite: INT 4100. Lecture two hours.

**INT 4320. Professional Practices in Design** (2).S.
Explores issues and ethics of interior design professional practice. Includes discussion of legal certification, professional organizations, and NCIDQ examination. Provides advanced study of professional standards, codes and specifications. Corequisite: INT 4110. Lecture two hours.

**INT 4330. Construction Documents and Detailing** (2).F.
Explores methodology of developing a comprehensive set of construction documents for commercial interior design projects using CAD as a production tool. Emphasizes drawing and document standards for plans, elevations, schedules, details and specifications in accordance with professional practice. Prerequisite: INT 3110. Studio four hours.

**INT 4400. Interior Design Senior Field Study** (1). On Demand.
Travel, tours and study of areas of interest within the interior design profession. Metropolitan areas, manufacturers, design firms, showrooms and museums are typical destinations. Attendance and overnight stays required. Prerequisite: INT 3110. Graded on an S/U basis.

**INT 4900. Internship** (4).SS.
Prerequisites: all 3000-level interior design coursework. Graded on an S/U basis.
The Department of Theatre and Dance trains students who wish to teach theatre or dance and prepares others for graduate school or for professional or recreational careers in theatre or dance. Students who minor in theatre arts or in dance may do so in combination with other performance studies.

The department supports production programs in both theatre and dance and sponsors the Appalachian Dance Ensemble, the Appalachian Young People’s Theatre, and the University Theatre which produces plays in two theatres and on tour including full length plays, one acts and literature in performance. The department has an agreement with the Blowing Rock Stage Company which serves as a professional affiliate for internships and production. The department actively supports student organizations related to theatre and dance such as Playcrafters, Alpha Psi Omega, the Appalachian Consortium of Theatre Teachers, and the ASU Chapter of the United States Institute for Theatre Technology.

The Bachelor of Arts degree in Dance Studies (581A/50.0301) consists of 40 semester hours. Required courses include: DAN 2106, DAN 2107, DAN 3420, DAN 3430, DAN 3450, DAN 4420, DAN 4460, DAN 4830 (“C” minimum), DAN 4840, IDS 3000, and THR 2214. An additional 10 semester hours, 6 s.h. of which must be at the 2000-3000 level, are required and are to be chosen from: DAN 1400, DAN 1410, DAN 1420, DAN 2400, DAN 2410, DAN 2420, DAN 3400, DAN 3405, DAN 3480, and DAN 3580. Also, 2-6 semester hours of Theatre and Dance electives must be taken to total 40 s.h. in the major. *(Note: DAN 3430, which is required for the major, will meet a fine arts course in humanities, and one course from DAN 1400, DAN 1410, DAN 1420, DAN 2400, DAN 2410, DAN 2420, DAN 3480, or DAN 3580 will meet the core curriculum physical activity/wellness requirement.) A minor of 12-18 semester hours is required. Six semester hours of a second year foreign language or higher are required. In addition, a minimum of two semester hours of free electives outside the major discipline are required.

The Bachelor of Arts degree in Theatre Arts (591*/50.0501) consists of 40 semester hours above the 1000 level. This must include four hours selected from THR 2101, THR 2102, THR 2103, THR 2104, THR 2105 and THR 2108; and three of these must be in different production activities—THR 2101, THR 2102, THR 2103, or THR 2104. Also required is a common core consisting of THR 2210, THR 2216, THR 2225, THR 3733, and THR 3735, and a minimum of 29 hours in one of three concentrations: General Theatre (591B), Performance (591C), or Theatre Design/Technology (591D) (listed below). In addition, students are required to take THR 3730 as a core curriculum requirement. In addition, students must pass the SENIOR PRESENTATION. A minor of 12-18 semester hours is required and six semester hours of a second year foreign language or higher. An overall 2.0 GPA is required in the major. In addition, a minimum of two semester hours of free electives outside the major discipline are required.

Concentrations

General Theatre concentration (591B): THR 2220, THR 2230, THR 2240, THR 2250, THR 2600, THR 2605, THR 2620, THR 3630; and a minimum of nine semester hours from other Theatre courses at the 3000-4000 level.

Performance concentration (591C): THR 2214, THR 2600*, THR 2605*, THR 2617*, THR 2620*, THR 2680*, THR 3620*, THR 4101*, THR 4320*; and a minimum of 7-10 semester hours selected from the following: THR 2250*, THR 2635*, THR 3600*, THR 3623*, THR 3626*, THR 3629*, THR 3630*, THR 3640*, THR 3650*, THR 3656*, THR 3670*/ENG 3670*, THR 4330*. DAN 1400 or DAN 1410 is required as a core curriculum requirement. *(Courses require a minimum grade of “B-“)

Theatre Design/Technology concentration (591D): THR 2220*, THR 2230*, THR 2240*, THR 2303 and a minimum of nine semester hours selected from the following: THR 2250*, THR 2445*, THR 3225*, THR 4220*, THR 4230*, THR 4235*, THR 4240*. Students are also required to take a minimum of nine semester hours selected from Art, Technology, or Family and Consumer Sciences that are theatre production related courses with the approval of the advisor. *(Courses require a minimum grade of “B-“)

Admission into BA majors in the Department of Theatre and Dance

1. The Bachelor of Arts degree in Theatre Arts with a concentration in General Theatre is open to any student who has been admitted to Appalachian.
2. The Bachelor of Arts degree in Theatre Arts with a concentration in Performance is open to students who have passed an audition and interview. Once admitted to Appalachian or during the first year of residence, the student should fill out an application form and submit it along with a current performance resume and an 8x10 black and white photograph. The student will be asked to perform a two minute audition consisting of at least two contrasting contemporary monologues.

In order to continue in the program, the student may receive no grade lower than a “B-“ in any performance course in the
Theatre and Dance

3. The Bachelor of Arts degree in Theatre Arts with a concentration in Theatre Design/Technology is open to students who have passed a portfolio review and interview. Once admitted to Appalachian or during the first year of residence, the student should fill out an application form and submit it along with a current production resume. The student will be asked to present a design or technical portfolio.

In order to continue in the program, the student may receive no grade lower than a “B-” in THR 2216, THR 2225 and any course in the concentration except THR 2303 and nine hours to be chosen from art, technology, and family and consumer sciences. The student must pass a juried portfolio review and interview at the end of each year to determine the student’s ability to successfully continue in the Theatre Design/Technology concentration.

The Bachelor of Science degree in Teaching Theatre Arts, K-12 (589A/13.1324)[T] consists of 58 semester hours above the 1000 level. Required courses include: Performance—THR 2600, THR 2605, THR 2620, THR 3620, THR 3640; Technical—THR 2216, THR 2220, THR 2225, THR 2230, THR 2240; Management/Play Production—THR 2250, THR 2445, THR 3630, THR 3670/ENG 3670; History/Criticism—THR 3730, THR 3733, THR 3735, Teaching Methods—THR 3070/CI 3070 (“C” minimum), THR 3520, THR 3856, THR 4356; and three semester hours of major electives must be chosen from the following: THR 3530-3549, THR 3656, THR 4220, THR 4230, THR 4240, THR 4320, or THR 4330. In addition, students must pass the SENIOR PRESENTATION. Two semester hours of free electives outside the major discipline are required. For the requirements in teacher education, see the Department of Curriculum and Instruction. An overall 2.0 is required in the major; however, a cumulative GPA of 2.50 is required for graduation and teacher licensure.

A minor in Dance (515/50.0301) consists of 18-20 semester hours including 0-2 semester hours of either: DAN 2106 and DAN 2107, or two sections of DAN 2107. Also required are: DAN 1400 or DAN 2400 or DAN 3405, DAN 1410 or DAN 2410, DAN 1420 or DAN 2420, DAN 3420, DAN 3430, DAN 3450, and DAN 4460.

A minor in Theatre Arts (586/50.0501) consists of 18 semester hours including THR 2015, THR 2214 or THR 2216, and THR 2303 or THR 2620 (subject to prerequisites) and nine to ten semester hours to be taken through consultation with and approval of the theatre arts minor advisor.

Courses of Instruction in Theatre and Dance (THR, DAN)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

THEATRE (THR)

THR 2011. Introduction to Theatre (3).F;S.
A non-technical course for students with little or no theatrical background. A survey of all phases of theatre. (CORE: HUMANITIES)

THR 2015. Great Ages of the Theatre (3).F.
An introduction to the historical development of the art of theatre as a reflection of the society from which it evolved. The significant theatrical innovations in each major period will be emphasized. (MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

THR 2101. Production Activity: Costume Studio (0–1).F;S.
Production activity is available to all students. Specific jobs and hours will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR activities (2101-2105) will apply toward graduation.

THR 2102. Production Activity: Scenic Studio (0–1).F;S.
Production activity is available to all students. Specific jobs and hours will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR activities (2101-2105) will apply toward graduation.

THR 2103. Production Activity: Theatrical Lighting (0–1).F;S.
Production activity is available to all students. Specific jobs and hours will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR activities (2101-2105) will apply toward graduation.

THR 2104. Production Activity: Stage Management (0–1).F;S.
Production activity is available to all students. Specific jobs and hours will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR activities (2101-2105) will apply toward graduation.

THR 2105. Performance Activity: Theatre (0–1).F;S.
Theatre and Dance

Performance activity is available to all students by audition for a major theatre production. May be repeated for credit. A maximum of four hours in THR/DAN activities (2101-2106) will apply toward graduation.

**THR 2108. Production Activity: Design (0–1).F;S.**
Production activity is available to all students. Specific design assignments will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR activities (2101-2105 and 2108) will apply toward graduation. Prerequisite: permission of the instructor.

**THR 2210. Computer Applications in Theatre and Dance (1).F;S.**
An introduction to the use of computers in theatre and dance applications. The course will include the use of computer hardware and operating systems. Specific theatre and dance applications will be considered, in addition to standard applications such as word processors, data bases and spreadsheets. The course will include a survey of the use of computer technology in theatre and dance production. (COMPUTER)

**THR 2214. Technical Theatre Basics (3).F;S.**
An introduction to the techniques of theatrical production: scenic construction, stage properties, costume construction, stage lighting, and stage sound. Coursework will include the understanding of appropriate paperwork, organization, use of equipment, construction techniques, and safety. Students will participate in a variety of production activities.

**THR 2216. Introduction to Theatrical Design (3).F;S.**
An introduction to theatrical production as a collaborative art including an exploration of the common bases for the various areas of theatrical design and methods of graphic communication used by the designers. (SPEAKING)

**THR 2220. Theatrical Costume (3).F;S.**
An introduction to the theory and practice of the theatrical costume including construction techniques, organization and maintenance. Also included will be patterning, dyeing, and costume history. Students will participate in costume studio activities.

**THR 2225. Makeup (1).F;S.**
A practical guide to the theory of theatrical makeup. Students will become familiar with the traditional and color theory approaches to makeup. Various conceptual and technical problems will be studied and solved. Students will be expected to execute makeup designs for productions to be assigned. Laboratory two hours. Prerequisite: THR 2216 or permission of the instructor.

**THR 2230. Scenery and Properties (3).S.**
Introduction to the techniques used to design and execute stage scenery and properties including equipment, facilities, basic design techniques and documentation. Students will participate in scenic studio activities.

**THR 2240. Lighting and Sound (3).F.**
An introduction to the techniques used to design and execute theatrical lighting and sound, including equipment, facilities, basic design techniques and documentation. Students will participate in production activities.

**THR 2250. Stage Management (1).S.**
The study of the procedures and techniques used to stage manage a theatrical production from auditions through the final performance. The unique aspects of state managing in the university and professional environments will be considered. Prerequisite: THR 2216.

**THR 2303. Introduction to Acting (2).F;S.**
An introduction to acting through the use of exercises, improvisation, monologue and basic scene work. Course emphasis is on developing awareness, imagination, body, voice, ensemble playing, and character and script analysis. Previous acting experience or training is not required. Lecture one hour, laboratory two hours. (SPEAKING)

**THR 2445. Arts Management and Promotion (3).F.**
The theory and practice of business management, promotion and publicity, fund raising, ticket sales, and box office management as applied to the performing arts. Lecture and demonstration three hours.

**THR 2500. Independent Study (1–4).F;S.**

**THR 2600. Voice for the Stage (2).F.**
A core course for the beginning theatre student that concentrates on establishing good vocal habits through practical application of various vocal techniques. Phonation, respiration, articulation, phrasing, textual analysis, and dialects will be studied to establish the effective use of the voice for the stage.
THR 2605. Movement for the Stage (2).F;S.
A core course for the beginning theatre student emphasizing development of the actor’s physical instrument, use of performance space and ensemble movement. Coursework will include the study of Alexander Technique and mime. Lecture one hour, laboratory two hours.

THR 2610. Oral Interpretation (3).F;S.
An introduction to the study of literature through the medium of performance. The student is expected to master techniques of literary selection and analysis and to perform from poetry, prose and dramatic literature. (SPEAKING; WRITING) (CORE: HUMANITIES)

THR 2617. Improvisation (1).S.
A basic course designed for theatre majors or minors. Students will engage in performance exercises emphasizing spontaneity and creativity. Course content will begin with theatre games and build to improvisational scene work.

THR 2620. Acting I: Fundamentals (3).S.
Fundamental study of script analysis applied to performance through monologue and scene study for the purpose of developing a character. Course work will include improvisational techniques, audition techniques and developing rehearsal and performance attitudes and habits. Laboratory six hours. Prerequisites: THR 2600 and THR 2605. (SPEAKING)

THR 2635. Stage Combat (2).F. Odd–numbered years.
An introduction to the use of combat in theatrical productions. Course work will include safe approaches to weapon and hand-to-hand combat, appropriate weapon choices, text and fight analysis, rehearsal discipline, and basic fight choreography.

THR 2680. Audition (2).S.
This course will explore the techniques necessary to prepare for various types of auditions and the business demands of being an actor. Various aspects of the audition process, such as cold reading, selecting and preparing a monologue, and awareness of one’s “type” will be emphasized. Special attention will be placed on preparing professional quality headshots, resumes, and the ins and outs of casting, agents, and interviews. Prerequisite: THR 2620.

THR 3070. Teaching Theatre, 9-12 (3).S.
Methods for teaching theatre in the 9-12 classroom. This course includes strategies, organization and administration for classroom and production activities in theatre arts. Experiences include developing lesson plans and actual high school teaching experience. It is strongly advised that all requirements for licensure (except student teaching) be completed prior to taking this methods course. (Same as CI 3070.)

THR 3225. Advanced Stage Makeup (1).S. Odd–numbered years.
Advanced techniques in stage makeup for a variety of productions. Techniques to be covered include scars, stage blood, foam latex masks, three dimensional techniques, prosthetics and other special makeup effects. Laboratory two hours. Prerequisite: THR 2225 or permission of the instructor.

THR 3500. Independent Study (1–4).F;S.

THR 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

A program involving advanced study, a research or creative project, and writing. Adapted to serve students who have exceptional interests. The proposals for this work must be approved by the instructor and the chair of the department prior to registration.

THR 3600. Dialects for the Stage (2).S.
This course will explore the techniques for creating believable, effective dialects for stage work. Methods of research to develop stage dialects will be examined. The acting demands of dialect work in a play will be emphasized with the goal that the student can create a full characterization with an understandable, accurate dialect. Prerequisite: THR 2620 or consent of the instructor.

THR 3620. Acting II: Characterization (3).F.
The practical study of character development using realistic acting techniques and scene analysis. Emphasis is on scene study and the development of acting craft and moment-to-moment playing skills. Prerequisite: THR 2620.
THR 3623. Acting in Musical Theatre (3).S. Odd–numbered years.
This course will explore the skills and techniques necessary to perform in musical theatre productions. Acting through lyrics and choreography will be explored. Techniques for analyzing scenes in a musical will be emphasized. Prerequisite: THR 2620 or THR 2303.

THR 3626. Acting in Shakespeare (3).S. Even–numbered years.
The purpose of this course is to explore the variety of vocal, physical, and craft demands necessary to create a fully realized character in a Shakespearean play. The use of imaginative preparation work and scene analysis will be emphasized. Text analysis skills are covered for the purpose of bringing “life” to the text. Prerequisite: THR 2620 or THR 2303.

THR 3629. Acting for the Camera (3).S.
The purpose of this course is to provide the opportunity to develop a “natural” on-camera acting style which suits the character and personality of each student. Emphasis in this course will be on finding the place where students may bring life to a specific character with as much authenticity, and with as little effort, as possible. Prerequisite: THR 2620 or THR 2303.

THR 3630. Theatre Directing Techniques I (3).F;S.
Basic directing techniques including script analysis, production planning, blocking and working with the actor. Practical applications of the principles of directing. Prerequisites: THR 2216 and THR 2620.

THR 3640. Solo and Group Performance (3).F;S.
An introduction to performance studies, using the principles of oral interpretation. The course begins with the training of the body, voice, and sense memory as well as an introduction to dramatic analysis. The second part of the course uses these performance instruments for solo rehearsal and presentation of student selected literary texts: description, narrative, drama and poetry. The course concludes with ensemble performances of literary texts. (SPEAKING) (CORE: HUMANITIES)

THR 3650. Alexander Technique for Stage (2).F. Even–numbered years.
A course that explores the awareness of self, ease and improved coordination in movement, and stage presence through the principles of the Alexander Technique.

THR 3656. Theatre Performance and Production for Young Audiences (3).S.
Techniques and theories of producing plays for young audiences. Methods of producing theatre using children, youth and adults will be explored with an emphasis on the particular expectations of productions in a variety of organizational settings. Students will apply the techniques they have learned in touring productions presented at local schools. This course is designed for students majoring in theatre, education and recreation. Prerequisite: THR 2620 or THR 2303 or permission of the instructor. May be repeated one time for credit.

THR 3670. Playwriting (3).F;S.
A study of the art and craft of writing for performance. Readings will include plays, performance theory, and performance reviews. The course will be run as a workshop in which every student must be an active participant in evaluating her or his own work and that of others. Assignments will include written work, oral presentations, workshop evaluations, and performances. May be repeated for credit when content does not duplicate. This course serves as a prerequisite for ENG 3662, ENG 3663, and ENG 4550. (Same as ENG 3670.)

THR 3679. Screenwriting (3).S.
The purpose of this course is to provide the opportunity to establish a solid foundation in screenplay writing. Strong emphasis will be placed on structure, style and naturalized dialogue, as well as the fundamental importance of thinking and writing visually and simply. Focus will be on the motion picture medium, though other forms such as sitcoms, industrial A/V and soaps will be covered briefly. (Same as ENG 3679.)

THR 3730. Theatre History, Literature, and Criticism I (3).F.
This course explores the history, literature, and criticism of the theatre from prehistory to the early modern period. The course focuses predominately on European theatre but also includes studies of some Asian forms. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

THR 3733. Theatre History, Literature, and Criticism II (3).S.
This course explores the history, literature, and criticism of the theatre in the early modern and pre-modern periods. The course focuses predominantly on European theatre, but also includes studies of some American and non-western theatre. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)
Theatre and Dance

THR 3735. Theatre History, Literature, and Criticism III (3).S.
This course explores the history, literature, and criticism of 19th-21st century theatre. The course focuses predominantly on European and American theatre, but also includes studies of some non-western drama. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

THR 3856. Teaching Theatre, K-5 (3).F;S.
Introductory methods for using creative drama in the K-5 classroom and other settings. This course aids the potential K-5 teacher in using drama as a teaching tool, and it includes practical experience in the classroom. Prerequisite: CI 2800/SPE 2800.

THR 3900. Internship (3–12).F;S.
Graded on an S/U basis.

THR 3956. Play Production in the School (2).F.
A course in the production of theatre with children in a public school environment. This class explores student motivation and discipline, and offers practice in play directing and creative problem solving. Aspects of simple play production, including material selection, publicity, budgeting, design, and scheduling will be covered. Prerequisites: CI 2800/SPE 2800 and THR 3856 or consent of the instructor.

THR 4101. Senior Project (0-3).F;S.
Research or creative project for seniors who are seeking the B.A. degree in theatre arts. The project must have the approval of the theatre and dance faculty prior to registration for the course.

THR 4220. Stage Costume Design (3).S. Even-numbered years.
The elements of design in relation to costume design through a series of historical and problem oriented projects. Emphasis will be placed on imagination, problem solving and growth in both the graphic interpretation and presentation of work. Prerequisite: THR 2216 or permission of the instructor.

THR 4230. Scenic Design (3).S. Odd-numbered years.
A study of the theory and processes used for the design of theatrical settings for a variety of productions. Prerequisites: THR 2216 and THR 2230.

THR 4235. Problems in Design and Production (3). On Demand.
The study of advanced design and production problems in a variety of production forms and styles. Prerequisite: permission of the instructor.

THR 4240. Stage Lighting Design (3).S. Even-numbered years.
A study of advanced techniques of theatrical lighting design. Techniques for lighting design in drama, dance, and the other media will be investigated. Topics will include scenic projection, CAD for the lighting designer, adaptation of stage lighting for television and recent advances in lighting fixtures and control systems. Prerequisite: THR 2240.

THR 4320. Acting III: Styles (3).S.
An extensive study of the scene analysis and playing skills necessary to bring to life various performance styles from Ancient Greek to the modern day. Emphasis is on scene work and the incorporation of voice, movement and acting craft to create fully realized, meaningful performances. Prerequisite: THR 3620.

THR 4330. Theatre Directing Techniques II (3).S.
Advanced directing techniques including interpretation, composition and picturization. Practical application of directing principles in scene work involving various dramatic genres and styles. Prerequisite: THR 3630.

THR 4356. Teaching Theatre, 6-8 (3).S.
Advanced methods for using creative drama in the 6-8 classroom and other settings. Research and exploration of current approaches in the creative drama field. Emphasis is placed on the transition from process to product. This course includes practical experience in the classroom. Prerequisite: THR 3856.

DANCE (DAN)

DAN 1400. Modern Dance I (2).F;S.
An introduction to modern dance as an art form with the beginning practice of movement technique. Emphasis will be on the discovery of skills to develop the articulation and expressiveness of the body. The course will be an introduction to the medium of modern dance through the concepts of time, space, force and direction while integrating alignment and placement. Historical perspectives as well
as aesthetic values will be covered. May be repeated one time for credit. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 1410. Beginning Ballet I** (2).F;S.
A beginning study of the art of classical ballet with emphasis on basic vocabulary, alignment/placement, classical historical traditions and basic combinations of movement. May be repeated one time for credit. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 1420. Jazz I** (2).F.
A study of beginning jazz dance technique with an emphasis on rhythmic awareness, style and cultural traditions. May be repeated one time for credit. Prerequisite: DAN 1400 or DAN 1410. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 2014. Dance Appreciation** (3).F;S.
A survey of the study of dance as an art form, including historical and aesthetic perspectives. The significance of dance in our culture and other world cultures will be explored including the impact of ethnic dance on current dance trends. The course will explore basic elements of dance as well as dance in relation to other art forms. The course will be primarily lecture/discussion and will include demonstrations, videos, and experiential work. (MULTI-CULTURAL) (CORE: HUMANITIES)

**DAN 2106. Performance Activity: Dance** (0–1).F;S.
Performance activity is available to all students by audition for dance ensemble. May be repeated for credit. A maximum of four hours in THR/DAN activities (2101-2106) will apply toward graduation.

**DAN 2107. Production Activity: Dance** (0–1).F;S.
Production activity is available to all students for work on dance productions. Specific jobs and hours will be arranged with the instructor. May be repeated for credit. A maximum of four hours in THR/DAN activities (2101-2107) will apply toward graduation.

**DAN 2400. Modern Dance II** (2).F;S.
A second (intermediate) level study of modern technique and basic elements of dance with more emphasis given to the refinement of skills and aesthetic elements. May be repeated one time for credit. Prerequisite: DAN 1400 or permission of the instructor. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 2410. Ballet II** (2).F;S.
An intermediate/advanced level study of the art of classical ballet technique facilitating skill in allegro and adagio work with an emphasis on developing line, style, placement and musicality. Focus will be on expanding the dancer's artistry through the development of articulation, precision and conditioning. May be repeated one time for credit. Prerequisite: DAN 1410 or permission of the instructor. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 2420. Jazz II** (2).S.
A second level study of jazz technique and advanced elements of dance with more emphasis given to the refinement of skills including rhythmic awareness and dynamic interpretation. May be repeated one time for credit. Prerequisite: DAN 1420 or permission of the instructor. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 2500. Independent Study** (1–4).F;S.

**DAN 3400. Advanced Dance Technique** (1).F;S.
The course will explore the elements of rhythm, space, time and effort in advanced dance technique. Focus will be on expanding the dancer's artistry through the development of articulation, precision and conditioning. Students will be expected to learn movement quickly and accurately. May be repeated for a total of four semester hours credit. Prerequisite: permission of the instructor.

**DAN 3405. Modern Dance III** (2).F;S.
An advanced level study of modern technique with emphasis on continued refinement of skills, aesthetics, and the performance of complex combinations. May be repeated for a total of 6 s.h. credit. Prerequisite: DAN 2400 or permission of the instructor.

**DAN 3420. Dance Composition and Improvisation** (3).F.
A beginning study of dance composition including the elements of time, space and design. Guided explorations in improvisation will be given as tools for developing personal movement vocabulary and expanding choreographic possibilities. Emphasis will be placed on learning to look at dances and appraise their choreographic structure critically and objectively. The course will culminate with a solo choreographic work. Prerequisite: DAN 1400 or above.

**DAN 3430. Dance History** (3).S.
The study of the history of dance from the earliest times to the present. The course will focus on dance in relation to other art forms as well as on the cultural, aesthetic and philosophical influences on dance. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES)
### Theatre and Dance

**DAN 3450. Dance Pedagogy** (3).F;S.
This course will explore methods and theories of dance education through didactic and experiential means including lecture, observation, labs, practical teaching experiences and feedback sessions. Lecture three hours, laboratory one hour. Prerequisite: DAN 1400 or permission of the instructor.

**DAN 3480. Pilates Conditioning I** (2).F;S.
This course is an experiential course based on the principles and teachings of Joseph H. Pilates. The Pilates method combines both Eastern and Western approaches to physical and mental conditioning with an emphasis on moving with maximum efficiency and precise control. May be repeated one time for credit. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 3500. Independent Study** (1–4).F;S.

**DAN 3520. Instructional Assistance** (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours. Approved contract required.

**DAN 3530–3549. Selected Topics** (1–4). On Demand.
A program involving advanced study, a research or creative project, and writing. Adapted to serve students who have exceptional interests. The proposals for this work must be approved by the instructor and the chair of the department prior to registration.

**DAN 3580. Gyrokinesis** (2).F;S.
Gyrokinesis methodology, as developed by Julio Horvath, embraces key principles of dance, yoga, gymnastics and tai-chi. The method works the entire body using spinal articulations and undulating rhythms integrated with specific breathing patterns. (CORE: PHYSICAL ACTIVITY/WELLNESS)

**DAN 4420. Choreography** (0–2).F;S.
The course will focus on the increased awareness of design, dynamics, rhythm and motivation. Special attention will be given to design elements for small groups. There will be continued work in the observation, analysis and appraisal of dances. The class will culminate in a duet or trio choreographic work. Prerequisite: DAN 3420. May be repeated for a total of three semester hours credit.

**DAN 4460. Somatics** (3).F.
This is a survey course exploring several different approaches to body-centered learning. A broad overview of current conditioning and therapeutic bodywork methods will be introduced and explored. The course will be lecture and experiential in nature. [Dual-listed with DAN 5460.]

**DAN 4480. Pilates Conditioning II** (2).F;S.
A second level study of the Pilates method, based on the concepts of centering, concentration, control, precision, breath and flow. This course will introduce the equipment and the apparatus developed by Joseph H. Pilates. May be repeated one time for credit. Prerequisite: DAN 3480 or permission of the instructor. [Dual-listed with DAN 5480.]

**DAN 4830. Collaborative Process** (3).F.
This course will explore the collaborative process in dance. Histories of great collaborations will be explored. Theoretical perspectives of creative process, the nature of creativity in collaborative work, crossing disciplines, and group process will be addressed. The course will be lecture, discussion and experiential in nature. Research projects and collaborative projects will be presented orally. (WRITING; SPEAKING)

**DAN 4840. Capstone** (3).S.
Capstone is the culminating course requirement for the B.A. degree in Dance Studies. It is an opportunity for the student to explore and discover the connections between the discipline of dance and another selected area of study. Students will be expected to create an in-depth senior project which illustrates and focuses on this resulting integration of disciplines. Students will be required to present and discuss the development as well as other aspects of their project in class, and they will also be required to present their final project in a public forum to students and faculty. A written synthesis of the process and project reflecting on the student’s ability to create meaningful connections between disciplines is also required. Prerequisites: senior standing and permission of the instructor.

An examination of body awareness, creative expression, and movement in therapy. Particular attention will be paid to the concept of creative process and how it relates to human development, personality integration, and healing. [Dual-listed with HPC 5870.]

The Hayes School of Music is a full member of the National Association of Schools of Music. The requirements set forth in this catalog are in accordance with the published regulations of the National Association of Schools of Music.

The Hayes School of Music sees as its objective the development of those elements which relate to teaching, creation, business and appreciation of music, and to the use of music as a healing tool. The teaching objective is partially realized through those curricula leading to state licensure in either general music education or instrumental music education, and performance, and through the undergraduate curricula designed to accommodate those who desire to be private studio teachers or church musicians. The creative objective is satisfied by any of the performance programs along with those opportunities which are available for prospective composers. The business objective relates to those who desire to combine music with the numerous aspects of the music business. The healing potential of music is explored through therapeutic applications of the art in a variety of clinical settings. The school also makes every effort to fulfill its role as the prime purveyor of music for the University and the surrounding community by presenting numerous performances by soloists and ensembles along with music courses of a general nature which may be of interest to the non-musician.

**NOTE:** Although the requirement for most degree programs at Appalachian can be met within the minimum of 122 semester hours, the student should be aware that certain programs of study require additional hours. Students are advised to check with the department of their intended major early in their studies. Meeting graduation requirements is the student’s responsibility.

**Admission Requirements**

The Hayes School of Music offers the Bachelor of Science, Bachelor of Music, and the Master of Music degrees. In cooperation with the College of Education, it offers the Bachelor of Music in music education.

To be admitted to the Hayes School of Music as a candidate for a baccalaureate degree, a student must have:

1. Completed at least 30 semester hours
2. A grade-point average of at least 2.00, which must be maintained
3. Completed ENG 1000 and ENG 1100
4. Auditioned and been accepted by the Dean of the School of Music as a major
5. Students moving from General Studies to the degree granting school must see the dean or assistant/associate dean of the School of Music for the purpose of being assigned a faculty advisor

A student who is a candidate for a teaching license must be admitted to the teacher education program by the chair of the Department of Curriculum and Instruction.

**Advisement**

The Hayes School of Music considers student advisement one of its most important responsibilities and priorities. Through the dean’s office, each student is assigned a faculty advisor who is committed to offering accurate and appropriate advisement. The student is encouraged to make regular appointments with the advisor. The Hayes School of Music provides a graduation check for all majors during the semester immediately preceding the student’s last semester. We urge all students in the School of Music to avail themselves of this service. Meeting graduation requirements is the student’s responsibility.

**Independent Study**

Students intending to pursue independent study in the Hayes School of Music are reminded of the existence of deadline dates for
applying for independent study. For information and details pertaining to independent study procedures established by the school, contact the dean or assistant dean of the Hayes School of Music.

**Pass-Fail**
Students majoring in programs in the Hayes School of Music are not permitted to take any course on the pass/fail option that is a core curriculum, major, minor, or professional requirement.

**Bachelor of Music degree**
In order for a student to earn the Bachelor of Music degree in the Hayes School of Music, the following requirements must be met.
1. Completion of at least 122 semester hours with a grade-point average of at least 2.00. A transfer student must have at least a 2.00 grade-point average on all work at Appalachian.
2. Completion of core curriculum requirements
3. Completion of a major in one of the following fields: Music Education; Music Therapy; Music Performance: Composition/Theory, Sacred Music, Instrument or Voice
4. A student must have at least a 2.00 grade-point average on all work in the major. Transfer students must complete at least eighteen semester hours of work in their major at Appalachian and must have at least a 2.00 grade-point average on all work in the major at Appalachian.
   *Specific requirements for each major preface the list of courses offered by the School of Music.*
5. Completion of professional education courses (music education majors only)
   *For the requirements in teacher education, refer to the Department of Curriculum & Instruction in this catalog.*
6. Completion of electives to total at least 122 semester hours
7. Completion of residency requirements
8. Compliance with regulations concerning the settlement of all expense accounts
9. Recommendation of the faculty

**Bachelor of Science degree**
In order for a student to earn the Bachelor of Science degree in the Hayes School of Music, the following requirements must be met.
1. Completion of at least 125 semester hours with a grade-point average of at least 2.00. A transfer student must have at least a 2.00 grade-point average on all work at Appalachian.
2. Completion of core curriculum requirements
3. Completion of a major in the following field: Music Industry Studies
   A student must have at least a 2.00 grade-point average on all work in the major. Transfer students must complete at least eighteen semester hours of work in their major at Appalachian and must have at least a 2.00 grade-point average on all work in the major at Appalachian.
   *Specific requirements for each major preface the list of courses offered by the Hayes School of Music.*
4. Completion of a minor consisting of 20 semester hours. Transfer students must complete at least nine semester hours in their minor at Appalachian.
   *Specific requirements for each minor preface the list of courses offered by the Hayes School of Music.*
5. Completion of electives to total 125 semester hours
6. Completion of the residency requirements
7. Compliance with regulations concerning the settlement of all expense accounts
8. Recommendation of the faculty

**Internships**
Opportunities are available for students to become involved in internships associated with the Hayes School of Music. These internships provide students with on-the-job experiences in many areas of endeavor and allow them to earn academic credit which is applicable toward their degree. Students interested in pursuing this valuable educational opportunity should contact either their advisor or the student internship office. Consult the catalog statement which describes the student internship program.

**Entrance Requirements for Freshmen and Transfer Students**
An audition in the principal or major performing area is required of all incoming music majors. Should the appropriate performance level not be met, those students who are deficient will be required to do remedial applied music study until the proper level has been attained.

**Entrance Requirements for Graduate Students**
As appropriate to their individual program choice, all entering graduate music majors will demonstrate by examination their
understanding and achievement levels in music theory, music history and literature, applied performance, conducting and score reading, and music education where it applies. Any deficiency noted may require courses or individual study in the area of the deficiency prior to admission to candidacy for the degree.

Degrees
The Hayes School of Music offers the Bachelor of Science, Bachelor of Music and Master of Music degrees. In addition to the core curriculum requirements of the University, the following music courses are required for the various curricula.

The Bachelor of Music degree in Performance (554*/50.0903) consists of a minimum of 63-66 semester hours of music in the following areas: music history and theory, 24 semester hours (MUS 1001-MUS 1002-MUS 1007-MUS 1008, MUS 2001-MUS 2002-MUS 2007-MUS 2008, MUS 3002, MUS 1611, MUS 2611, MUS 2612, MUS 3611); applied principal 14 semester hours; ensembles seven semester hours; MUS 2034, MUS 3020, MUS 3034/CI 3034, and specific requirements as follows (piano principals: MUS 1037-MUS 1038, MUS 2030, MUS 2037-MUS 2038, MUS 3022, MUS 3032, MUS 3040, MUS 4031) (voice principals: MUS 1040-MUS 1041, MUS 1045-MUS 1046, MUS 2030, MUS 2040-MUS 2041, MUS 3022, MUS 3032, MUS 4031) (string principals: MUS 1028, MUS 1030 or MUS 1031, MUS 1032, MUS 1035, MUS 1037, MUS 1040-MUS 1041, MUS 2040-MUS 2041, MUS 3021, MUS 3033) (other instrumental principals: MUS 1028, MUS 1029, MUS 1030 or MUS 1031, MUS 1032, MUS 1035, MUS 1037, MUS 1040-MUS 1041, MUS 2040-MUS 2041, MUS 3021, MUS 3033) (not required of keyboard majors, MUS 3020, MUS 3021 or MUS 3022, and three semester hours music elective. Senior recitals, a full recital in composition and a half recital in applied principal. (MUS 1001-MUS 1002-MUS 1007-MUS 1008 and MUS 2001-MUS 2002-MUS 2007-MUS 2008 require a minimum grade of "C-".) Also, the degree requires a minimum of two semester hours of free electives outside the major discipline.

All students enrolled in teacher education programs are required to meet licensure-criteria as set by the North Carolina State Department of Public Instruction prior to their graduation from Appalachian State University. For requirements in teacher education, see the Department of Curriculum and Instruction.

The Bachelor of Music degree in Music Education (552*/13.1312)[T] with a concentration in General Music Education (K-12) (552B)[T] or Instrumental Music Education (K-12) (552C)[T] consists of a minimum of 68-76 semester hours of music in the following areas: music history and theory, 24 semester hours (MUS 1001-MUS 1002-MUS 1007-MUS 1008, MUS 2001-MUS 2002-MUS 2007-MUS 2008, MUS 3002, MUS 4600, MUS 4601); applied principal 14 semester hours; composition 14 semester hours; a minimum of four semester hours must be taken in secondary applied and/or methods (MUS 1040-MUS 1041, MUS 2040-MUS 2041 or piano proficiency); ensembles eight semester hours; music history and literature eight semester hours (MUS 1611, MUS 2611, MUS 2612, MUS 3611), and MUS 3020, MUS 3021 or MUS 3022, three semester hours music elective. Senior recitals, a full recital in composition and a half recital in applied principal. (MUS 1001-MUS 1002-MUS 1007-MUS 1008 and MUS 2001-MUS 2002-MUS 2007-MUS 2008 require a minimum grade of "C-="#.)

Sacred Music (554B). A minimum of 76 semester hours of music in the following areas: music theory, 22 semester hours (MUS 1001-MUS 1002-MUS 1007-MUS 1008, MUS 2001-MUS 2002-MUS 2007-MUS 2008, MUS 3002, MUS 4600, MUS 4601); applied principal 14 semester hours; composition 14 semester hours; a minimum of four semester hours must be taken in secondary applied and/or methods (MUS 1040-MUS 1041, MUS 2040-MUS 2041 or piano proficiency); ensembles eight semester hours; music history and literature eight semester hours (MUS 1611, MUS 2611, MUS 2612, MUS 3611); and MUS 3020, MUS 3021, MUS 3022, and three semester hours music elective. Senior recitals, a full recital in composition and a half recital in applied principal. (MUS 1001-MUS 1002-MUS 1007-MUS 1008 and MUS 2001-MUS 2002-MUS 2007-MUS 2008 require a minimum grade of "C-="#.)

Instrument (554E-I, 554K-R, 554T-X, and 554Z). A minimum of 68-76 semester hours of music in the following areas: music history and theory, 24 semester hours (MUS 1001-MUS 1002-MUS 1007-MUS 1008, MUS 2001-MUS 2002-MUS 2007-MUS 2008, MUS 3002, MUS 1611, MUS 2611, MUS 2612, MUS 3611); applied principal 32 semester hours; ensembles eight to twelve semester hours; MUS 1040-MUS 1041 (not required of keyboard majors), MUS 3010-MUS 3011 (organ majors only), MUS 3020, MUS 3021 (not required of keyboard majors), and MUS 4035. (MUS 1001-MUS 1002-MUS 1007-MUS 1008 and MUS 2001-MUS 2002-MUS 2007-MUS 2008 require a minimum grade of "C-="#.)

Voice (554Y). A minimum of 64 semester hours of music in the following areas: music history and theory, 24 semester hours (MUS 1001-MUS 1002-MUS 1007-MUS 1008, MUS 2001-MUS 2002-MUS 2007-MUS 2008, MUS 3002, MUS 1611, MUS 2611, MUS 2612, MUS 3611); applied principal 16 semester hours; ensembles eight semester hours; other music courses as follows: (MUS 1040-MUS 1041, MUS 2040-MUS 2041, MUS 1046 vocal majors only); (MUS 1037-MUS 1038, MUS 2037-MUS 2038, MUS 3010-MUS 3011, keyboard majors only); MUS 3032/CI 3032, MUS 3034/CI 3034, MUS 1045, MUS 2004, MUS 2009, MUS 3020-MUS 3022, MUS 3032, MUS 4004, MUS 4031, MUS 4035 (2 s.h. for piano majors; 3 s.h. for all other majors) and MUS 3901. (MUS 1001-MUS 1002-MUS 1007-MUS 1008 and MUS 2001-MUS 2002-MUS 2007-MUS 2008 require a minimum grade of "C-="#.)
The Bachelor of Music degree in Music Therapy (553A/51.2305) consists of a minimum of 74 semester hours in the following areas: music history and theory, 24 semester hours (MUS 1001-MUS 1002, MUS 1007-MUS 1008, MUS 2001-MUS 2002, MUS 2007-MUS 2008, MUS 3002, MUS 1611, MUS 2611, MUS 2612, MUS 3611); applied principal, 8 semester hours; ensembles, 4 semester hours; secondary applied, 1-5 semester hours from the following (MUS 1040-MUS 1041, MUS 2040-MUS 2041, MUS 3020); music therapy core, 30 semester hours [MUS 1037, MUS 1052-MUS 1053, MUS 2050, MUS 2051, MUS 2070, MUS 2071, MUS 3060, MUS 3061, MUS 3070, MUS 3072, MUS 3073, MUS 3900 (6 s.h.), MUS 4060, MUS 4061, MUS 4070, MUS 4071]. The satisfactory completion of a minimum of 1200 hours clinical training, including a minimum 1020-hour internship in an approved clinical training site (MUS 4901) is required prior to the granting of the degree. [MUS 1001-MUS 1002, MUS 1007- MUS 1008, MUS 2001-MUS 2002, MUS 2007-MUS 2008 require a minimum grade of “C-” (1.7). Music therapy core courses and practicum require a minimum grade of “C” (2.0) with the exception of MUS 2050 which requires a minimum grade of “B-” (2.7)]. A minimum of 25 semester hours of courses in clinical foundation areas including PSY 2301, PSY 2401, ES 2000, and one course in statistics (FDN 4600, STT 2810, or ECO 2100) is required. This course of study complies with the standards set by the National Association of Schools of Music and the American Music Therapy Association for a Bachelor of Music degree in Music Therapy. Students who complete all requirements of this curriculum are eligible to sit for the examination administered by the Certification Board for Music Therapists. Applicants who pass the examination will receive the credential “Music Therapist—Board Certified” or “MT-BC.”

The Bachelor of Science degree in Music Industry Studies (557A/50.0909) requires a minimum of 63-64 semester hours in music from the following areas: music history, music theory and aural skills, 12 semester hours (MUS 1003, MUS 2010, six semester hours of music literature electives); six semester hours in one applied music concentration and the achievement of Level II; seven semester hours of performance ensembles; 11 semester hours of Music Industry core courses (MUS 1420, MUS 2420, MUS 3420, MUS 4420); a specialty area (9-10 semester hours); internship in music industry studies. In addition, six semester hours of communication are required (COM 3110 and COM 3152). A minimum of 6-7 s.h. of free electives is required. A minor in business is required (20 semester hours; see undergraduate minor in business in this Undergraduate Bulletin).

Master of Music degrees
The Hayes School of Music offers the Master of Music degree in Music Education with concentrations in Band Directing, Choral Directing, and Music Teaching; the Master of Music with a concentration in Performance (vocal or instrument or composition); and the Master of Music Therapy degree. Persons interested in any of these degrees are requested to consult the Graduate Bulletin for further information.

Applied Music
Applied music majors and principals are required to take a jury examination before the faculty in their applied area at the end of each semester. The jury functions as an advisory group as far as the applied music grade is concerned. Students will also be evaluated as to the level they have attained at the end of each semester. The level of achievement required in order to complete an applied music major or principal in the various areas is as follows:

<table>
<thead>
<tr>
<th>Area</th>
<th>Level</th>
</tr>
</thead>

All music majors in the education and performance curricula will further demonstrate satisfactory proficiency in their major or principal performing medium by presenting, during the senior year, either an individual recital or a joint program with no more than three participants. Students pursuing the sacred music, vocal, or instrumental performance degree are required to present a recital during the junior year.

Students presenting recitals which are used to fulfill departmental requirements must be students of applied music faculty members in the Hayes School of Music at Appalachian State University at the time of the recital.

Piano Proficiency
Piano proficiency is required of music education, music therapy, vocal performance, and composition/theory majors. Proficiency is demonstrated through satisfactory completion of the piano proficiency examination independently or as the final examination in MUS 2041 (Advanced Piano Class II). Students who have not satisfied the piano proficiency requirement should be enrolled in class piano the first semester of enrollment in the Hayes School of Music and remain enrolled in the class piano sequence until proficiency requirements are satisfied. Proficiency must be completed prior to student teaching (music education), internship (music therapy), and graduation (vocal performance, composition/theory).
Admission to the Music Education degree program
In order to be admitted to the Music Education degree program, a student will present a portfolio to the Music Education Curriculum Committee during the fourth semester of study. The portfolio will contain the following documentation:

1. Letter of application
2. Current resume
3. Current transcript
   a. Minimum overall GPA of 2.0
   b. Minimum GPA in Music of 2.5
4. Completion of Applied Music Level II
5. Statement: "Why I Want to Become a Music Educator."
6. Summary and documentation of other professional involvements (private teaching, ensemble coaching, rehearsal assistant, providing assistance at music clinics, sacred music positions and experiences, professional performances, etc.)
7. Written documentation of a minimum of 6 (six) observations of music classes at the K-12 level (as determined by the Music Education Curriculum Committee).

Students must be admitted to the Music Education degree program prior to enrolling for MUS 3020, MUS 3021, MUS 3022, MUS 3031/CI 3031, MUS 3032, MUS 3033, MUS 3035, and MUS 3036.

Recitals and Concerts
The Hayes School of Music presents a large and varied number of solo and ensemble programs through the year. Other programs are regularly brought to the University through the Artist and Lecture Series. Students are required to attend ten recitals per semester. All music majors are required to register for and successfully complete MUS 1500 (Performance Seminar) each semester in which they are enrolled as a major.

Ensembles
Music majors, whether declared or proposed majors, are required to be enrolled in and successfully complete an appropriate ensemble each semester in which they are full-time students. No music major will be allowed to participate in more than three ensembles in any semester in which they are full-time students.

Minor in Music (551/50.0901)
Students wishing to pursue a minor in Music (551/50.0901) must audition for the appropriate applied faculty member. The minor in Music consists of 16 semester hours above the core curriculum requirements: MUS 1000, Elements of Music Theory (3 s.h.); ensembles, 4 semester hours maximum; applied music, 4 semester hours minimum and completion of Level I; electives in music, 5 semester hours approved by the dean of the Hayes School of Music; MUS 1500, Performance Seminar (0 s.h.) two semesters. (MUS 2011, MUS 2012, MUS 2013, MUS 2014, MUS 2015 not to be counted toward the minor but are recommended for core curriculum requirements in humanities.)

Courses of Instruction in Music (AMU, MUS)
This catalog reflects fall and spring semester offerings. Go to www.summerschool.appstate.edu for courses offered in summer terms. (For an explanation of the prefixes used in the following courses, see the listing of Course Prefixes.)

APPLIED MUSIC (AMU)

Applied Music (Secondary) 1301-1399; 2301-2399; 3301-3399; 4301-4399; 6301-6399 (1-1).F;S.
One 30-minute individual lesson and six practice hours per week. Additional fee (Summer Term).

Applied Music (major-principal) 0401-0499; 1401-1499; 2401-2499; 3401-3499; 4401-4499; 6401-6499 (2-4).F;S.
Two 30-minute individual lessons or equivalent in individual and/or class lessons and six practice hours per week for each semester hour credit. Additional fee (Summer Term).

MUSIC (MUS)

MUS 1000. Elements of Music Theory (3).F.
Designed for students below the freshman level theory and carries Elementary Education and music minor credit but no credit toward Bachelor of Music programs. Lecture and demonstration three hours.

MUS 1001. Music Theory I (2).F;S.
A course in the fundamentals of music integrating basic materials and skills. The study of diatonic harmony is approached through
partwriting and analysis. Lecture and demonstration two hours.

MUS 1002. Music Theory II (2).F;S.
A continuation of Music Theory I, completing the study of diatonic harmony and introducing chromatic harmony. Analysis, partwriting and other written skills are integrated. Lecture and demonstration two hours. Prerequisite: MUS 1001 and MUS 1007 with a minimum grade of "C-" (1.7) in each course.

MUS 1003. Basic Musicianship (3).F.
A study of musical skills necessary for the Music Industry Studies major involving written, aural, and analytical perspectives. Lecture three hours, laboratory one hour.

MUS 1007. Aural Skills I (2).F;S.
A course for the development of fundamental aural skills. The study of music fundamentals is approached through sightsinging and ear training. Aural skills are developed through computer-assisted instruction. Lecture and demonstration three hours. (COMPUTER)

MUS 1008. Aural Skills II (2).F;S.
A continuation of Aural Skills I. Sightsinging and ear training of rhythmic patterns, diatonic melody and diatonic harmonic progression. Aural skills are developed through computer-assisted instruction. Lecture and demonstration three hours. Prerequisites: MUS 1001 and MUS 1007 with a minimum grade of "C-" (1.7) in each course. (COMPUTER)

MUS 1028. Brass Class I: Trumpet and French Horn (1).F;S.
Group instruction in the fundamental principles of trumpet and French horn technique. Lecture and demonstration two hours.

MUS 1029. Brass Class II: Trombone, Euphonium and Tuba (1).F;S.
Group instruction in the fundamental principles of trombone, euphonium and tuba. Lecture and demonstration two hours.

MUS 1030. High Strings Class (1).F.
A presentation of the fundamental principles involved in playing and teaching high stringed orchestral instruments (i.e., violin and viola). Lecture and demonstration two hours. Corequisite or prerequisite: MUS 1001.

MUS 1031. Low Strings Class (1).F;S.
A presentation of the fundamental principles involved in playing and teaching low stringed orchestral instruments (i.e., violoncello and double bass). Lecture and demonstration two hours. Corequisite or prerequisite: MUS 1001.

MUS 1032. Percussion Class (1).F;S.
Group instruction in the fundamental principles of performance on the standard percussion instruments. Lecture and demonstration two hours.

MUS 1035. Woodwind Class I: Clarinet and Saxophone (1).F;S.
Group instruction in the fundamental principles of clarinet and saxophone technique. Lecture and demonstration two hours.

MUS 1036. Woodwind Class II: Flute, Oboe and Bassoon (1).F;S.
Group instruction in the fundamental principles of flute, oboe and bassoon technique. Lecture and demonstration two hours.

MUS 1037. Voice Class I (1).F;S.
Acquisition of vocal technique essential for the practicing music educator, music therapist, or sacred musician and development of a repertoire of traditional, ethnic, folk, and popular songs. Lecture-demonstration one hour, laboratory one hour.

MUS 1038. Voice Class II (1).S.
Continued acquisition of vocal technique essential for the practicing music educator or sacred musician and continued development of a repertoire of traditional, ethnic, folk, and popular songs. Lecture-demonstration one hour, laboratory one hour. Prerequisite: MUS 1037.

MUS 1040. Piano Class I (1).F;S.
Group instruction in the fundamental principles of piano technique. Lecture-demonstration one hour, laboratory one hour.

MUS 1041. Piano Class II (1).F;S.
Group instruction in piano technique. Lecture-demonstration one hour, laboratory one hour. Prerequisite: MUS 1040 with a minimum grade of "C" (2.0).
**MUS 1042. Guitar Class I (1).F;S.**
Group instruction in the fundamental principles of playing the nylon string classical guitar. Lecture and demonstration two hours.

**MUS 1043. Guitar Class II (1).S.**
Group instruction in intermediate level nylon string classical guitar playing. Lecture and demonstration two hours. Prerequisite: MUS 1042 or equivalent background.

**MUS 1045. Diction I (1).S.**
The application of the International Phonetic Alphabet to the principles and practice of Italian, Latin and English pronunciation as applied to vocal music with regard to performance and teaching. Lecture one hour, laboratory one hour. (SPEAKING)

**MUS 1046. Diction II (1).F.**
The application of the International Phonetic Alphabet to the principles and practice of French and German pronunciation as applied to vocal music with regard to performance and teaching. Prerequisite: MUS 1045 or approval of the instructor. Lecture one hour, laboratory one hour. (SPEAKING)

**MUS 1052. Functional Guitar I (1).F.**
Acquisition of basic guitar accompanying and group music leadership skills essential for the practicing music therapist. Development of a repertoire of traditional, folk and popular songs. Lecture and demonstration two hours. Music Therapy majors only or permission of the instructor.

**MUS 1053. Functional Guitar II (1).S.**
Acquisition of intermediate guitar accompanying and group music leadership skills essential for the practicing music therapist. Development of a repertoire of traditional, folk, and popular songs. Lecture and demonstration two hours. Prerequisite: MUS 1052 with a minimum grade of “C” (2.0) or equivalent competence. Music Therapy majors only or permission of the instructor.

**MUS 1420. Introduction to Music Industry Studies (2).F.**
Lectures and discussions with faculty and representatives from the music industry to familiarize students with the scope of commercial music and the various fields available. Lecture two hours.

**MUS 1426. Audio Fundamentals (2).S.**
A non-technical course for all students of the University dealing with the basic properties of sound, acoustic principles and basic electrical theory. An introduction to recording and playback components. Lecture two hours.

**MUS 1500. Performance Seminar (0).F;S.**
A series of seminars in solo and ensemble recitals and concerts covering all aspects and problems of public appearances. Required of all music majors. Graded on an S/U basis. Laboratory one hour.

**MUS 1611. Global Perspectives of Musical Style (2).S.**
A multi-cultural survey of music that reflects cultural diversity by presenting music as a global phenomenon. The first portion of this course concentrates on Euro-centric traditions and provides an overview of basic elements of musical style. The second portion of the course widens this perspective providing a diverse sampling of musical traditions from around the world. Lecture one hour, laboratory two hours. Prerequisite: MUS 1001 and MUS 1007. For music majors only or by permission of the instructor. (WRITING; MULTI-CULTURAL) (CORE: HUMANITIES/MUSIC MAJORS ONLY)

**MUS 2001. Music Theory III (2).F;S.**
A continuation of Music Theory II, completing the study of chromatic harmony and including the study of twentieth century harmonic practice. Lecture and demonstration two hours. Prerequisites: MUS 1002 and MUS 1008 with a minimum grade of “C-” (1.7) in each course.

**MUS 2002. Music Theory IV (2).F;S.**
A continuation of Music Theory III. Counterpoint, contrapuntal forms, instrumentation and elementary orchestration are studied. Lecture and demonstration two hours. Prerequisites: MUS 2001 and MUS 2007 with a minimum grade of “C-” (1.7) in each course.

**MUS 2004. Liturgies (2).F. Alternate years.**
A study of the history and current practices of worship in the Jewish, Eastern Orthodox, Roman Catholic, and Protestant traditions. Includes the study of occasional services such as Lessons & Carols, Tenebrae, and Evensong. Lecture two hours.

**MUS 2007. Aural Skills III (1).F;S.**
A continuation of Aural Skills II, completing the development of sightsinging and eartraining skills involving diatonic melody,
The Hayes School of Music

diatonic harmonic progression, and rhythmic patterns. Aural skills are developed through computer-assisted instruction. Lecture and demonstration two hours. Prerequisites: MUS 1002 and MUS 1008 with a minimum grade of "C-" (1.7) in each course. (COMPUTER)

MUS 2008. Aural Skills IV (1).F;S.
A continuation of Aural Skills III, completing the development of sightsinging and eartraining skills involving chromatic melody, chromatic harmonic progression and advanced rhythmic patterns. Advanced sightsinging skills are developed. Aural skills are developed through computer-assisted instruction. Lecture and demonstration two hours. Prerequisites: MUS 2001 and MUS 2007 with a minimum grade of "C-" (1.7) in each course. (COMPUTER)

A survey of sacred music literature and materials, with emphasis on congregational hymnody and small-form choral anthems. Lecture three hours.

MUS 2010. Musicianship (3).S.
An expansion of the aural skills and theoretical knowledge presented in MUS 1003. The study of basic music theory concepts, integrated with aural skills (sight singing, rhythmic reading, melodic and rhythmic dictation.) Lecture three hours. Prerequisite: MUS 1003.

MUS 2011. Introduction to Music (3).F;S.
A nontechnical course for students with little or no musical background. Emphasis is placed on the style and form of music as perceived by the listener. Lecture three hours. (MULTI-CULTURAL) (CORE: HUMANITIES)

MUS 2013. Humanities: Arts & Ideas (3).F.
A course which concentrates on the interplay of art and philosophy in the ancient through contemporary cultures. Lecture three hours. (Same as ART 2013/PHL 2013.) (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES)

MUS 2014. Jazz Music in American Society (3).F;S.
Jazz may be the United States’ only original contribution to music. Due to its comparatively recent emergence as a recognized art form, a great deal of confusion exists as to the meaning, origins, development, and the place of jazz relative to other areas of music. This course will define jazz as precisely as possible and show its evolution in the historical background of the United States. Lecture three hours. (CORE: HUMANITIES)

MUS 2015. History of Rock Music (3).S;SS.
Study of musical groups, soloists and styles related to the evolution of this genre, and on related social, historic and political events. Rock music from the early 1950s through significant developments of the late 1970s. Lecture three hours. (CORE: HUMANITIES)

MUS 2016. Appalachian Music (3).F;S.
A survey of Appalachian music including both instrumental and vocal styles, older traditions and newer regional forms. Students will have opportunities to develop musical skills through hands-on class projects and activities. Lecture three hours. (Same as AS 2016.) (CORE: HUMANITIES)

MUS 2017. Survey of Musical Theatre (3).SS.
A survey of musical theatre, tracing the development from its European roots to contemporary productions. Emphasis is on viewing and listening to productions. Video tapes and live performances are incorporated as available. (CORE: HUMANITIES)

MUS 2018. Introduction to World Music (3).F;S.
A survey of musics representing international cultures. Emphasis is placed on the role of music in various life experiences. Lecture three hours. (MULTI-CULTURAL) (CORE: HUMANITIES)

MUS 2020. Introduction to Creative Musicianship (3).F;S.
A comprehensive approach to developing functional musicianship through listening, reading and writing music notation, and analyzing and creating music. The emphasis is on an integrated understanding of music and the relationship of music to society and society to music. Lecture three hours. (CORE: HUMANITIES)

MUS 2021. Music Methods for the Classroom Teacher (3).F;S.
The music elements learned in MUS 2020 will be used in studying materials and methods in the elementary classroom. A variety of musical activities will be presented which are suitable for all ages of elementary children. Observation and participation in pre-school and public school settings are required. Prerequisite: MUS 2020. Lecture three hours.
MUS 2030. Instrumental Playing Techniques (for general music education majors) (1).S. Alternate years.
Group instruction in the fundamental principles of playing on representative orchestral instruments in each of the following categories: woodwind, brass, percussion and string. Lecture and demonstration two hours.

MUS 2034. Introduction to Teaching Music (1).S.
Introduction of teaching music in the schools within the contexts of general, band, choral, and orchestral music education. Includes basic strategies for teaching students with disabilities and within a multi-cultural context. Public school music observations are required. Lecture one hour, laboratory one hour. Prerequisites: MUS 1002 and MUS 1008.

MUS 2037. Advanced Voice Class I (1).F. Alternate years.
A continuation of first year voice class with appropriate vocal literature adapted to each student’s needs and progress. Lecture and demonstration two hours. Prerequisite: MUS 1038.

MUS 2038. Advanced Voice Class II (1).S. Alternate years.
Continued study of literature and attention to the specific needs of each student. Lecture and demonstration two hours. Prerequisite: MUS 2037.

MUS 2040. Advanced Piano Class I (1).F;S.
Group instruction in piano technique. Lecture-demonstration one hour, laboratory one hour. Prerequisite: MUS 1041 with a minimum grade of “C” (2.0).

MUS 2041. Advanced Piano Class II (1).F;S.
Group instruction in piano technique, culminating in a piano proficiency examination. Lecture-demonstration one hour, laboratory one hour. Prerequisite: MUS 2040 with a minimum grade of “C” (2.0).

MUS 2045. Jazz Improvisation I (2).F.
A fundamental study and application of jazz theory, including chord symbols, chord progressions and their function, and the usage of chord scales for melodic development in jazz improvisation. All students taking this course must play melodic instruments. Lecture and demonstration two hours. Prerequisites: MUS 1002 and MUS 1008.

MUS 2050. Introduction to Music Therapy (2).F.
An experiential survey of the field of music therapy and the use of music in the treatment of persons with special needs. Lecture and demonstration two hours.

MUS 2051. Music Therapy Clinical Skills (1).S.
Introduction to clinical skills required of the practicing music therapist, including behavior observation, clinical documentation, and behavior change. Prerequisite: MUS 2050.

MUS 2070. Music in Special Education (2).F.
An introduction to the role of music, music education, and music therapy for students with special needs. Characteristics, strengths, needs, and strategies for children and youth having one or more disabling conditions. Lecture and demonstration two hours.

MUS 2071. Music, the Brain, and Neurological Disorders (2).S.
An introduction to neurology and the neuropsychology of music. Experiential and didactic exploration of music therapy assessment and interventions for adults with neurological disorders. Lecture and demonstration two hours. Prerequisites: MUS 2050 with a minimum grade of “B-” (2.7), and MUS 2051 with a minimum grade of “C” (2.0). Music Therapy majors must be enrolled concurrently in MUS 3900.

MUS 2420. Music Products Industry (3).S.
A core course for Music Industry Studies majors providing an in-depth exploration of the music products industry. Content will include music products manufacturing, wholesaling, retailing, music publishing and product services. Course delivery will include guest lecturers from the industry and field trips to appropriate businesses. Lecture three hours. Prerequisite: MUS 1420. (WRITING; SPEAKING)

MUS 2426. Music Production and Recording I (2).F.
Lecture, demonstration and hands-on recording studio experience. Technical procedures and production approaches form the core of the course of study. Enrollment limited to 12 students. Lecture and demonstration one hour, laboratory two hours. Prerequisite for music majors: MUS 1420.

MUS 2445. Arts Management and Promotion (2).F.
The theory and practice of business management, promotion and publicity, fund raising, ticket sales and box office management as
applied to the performing arts. Lecture and demonstration two hours. Prerequisite for music majors: MUS 1420.

MUS 2500. Independent Study (1–4).F;S.

MUS 2611. Music History and Literature I (2).F.
An overview of the stylistic tendencies throughout Western music history, and a study of Western music history and literature from ancient times through the early-Baroque period. Lecture two hours. Prerequisite: MUS 1611. (MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES/MUSIC MAJORS ONLY)

MUS 2612. Music History and Literature II (2).S.
A study of Western music history and literature from the mid-Baroque period through the early romantic period. Lecture two hours. Prerequisite: MUS 1611. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES/MUSIC MAJORS ONLY)

Students will participate as apprentices in the routine operation of a manufacturing or repair facility. Graded on an S/U basis.

MUS 3001. Form and Analysis (2). On Demand.
A detailed study of formal structure in music. Students are required to apply their skills and knowledge to comprehend (aurally and visually) musical structure in compositions of the common practice period. Lecture and demonstration three hours. Prerequisite: MUS 2002 with a minimum grade of "C-" (1.7). (WRITING)

MUS 3002. Music Theory V (2).F;S;SS.
A continuation of Music Theory IV. The study of common-practice forms is concluded. Twentieth-century compositional practices and techniques are studied. Prerequisites: MUS 2002, Music Theory IV and MUS 2008, Aural Skills IV with a minimum grade of "C-" (1.7) in each course.

MUS 3007. Counterpoint (3). On Demand.
A comprehensive course in the fundamentals of 18th-19th Century counterpoint. Writing and analysis is stressed and required. Lecture three hours. Prerequisite: MUS 2002.

MUS 3010. Service Playing I (1). On Demand.
Laboratory experience in playing services of worship including chant accompaniment, hymn playing, anthem accompaniment and simple improvisation. Lecture one hour, laboratory one hour. Prerequisite: MUS 1002.

MUS 3011. Service Playing II (1). On Demand.
A continuation of MUS 3010, Service Playing I. Advanced topics include figured-bass realization, modulation and open-score reading. Lecture one hour, laboratory one hour. Prerequisite: MUS 3010.

MUS 3020. Conducting (1).F.
Fundamentals of conducting technique and introduction to score reading. Lecture and demonstration two hours. Prerequisite: MUS 1002 or permission of the instructor, and admission to the music education degree program.

MUS 3021. Instrumental Conducting Practicum (2).S.
Supervised conducting experience with an instrumental ensemble. Score preparation and rehearsal techniques. Lecture and practicum three hours. A minimum of five hours of rehearsal observations. Prerequisites: MUS 1002, MUS 3020, and admission to the music education degree program. (SPEAKING)

MUS 3022. Choral Conducting Practicum (2).S.
Supervised conducting experience with a choral ensemble. Score preparation and rehearsal techniques. Lecture and practicum three hours. A minimum of five hours of rehearsal observations. Prerequisites: MUS 1002, MUS 3020, and admission to the music education degree program. (SPEAKING)

MUS 3031. Band Techniques and Materials (2).S.
A survey of the materials and methods in teaching bands. Lecture two hours. Prerequisite: admission to the music education degree program. (Same as CI 3031.)

MUS 3032. Choral Techniques and Materials (2).F. Alternate years.
A survey of the materials and methods in choral teaching. Lecture two hours. Prerequisite: admission to the music education degree program. (Same as CI 3032.)
The Hayes School of Music

MUS 3033. Orchestral Techniques and Materials (2).S. Alternate years.
A survey of materials and methods employed in teaching orchestras. Prerequisite: admission to the music education degree program. Music Education (string) majors only. Lecture two hours. (Same as CI 3033.)

MUS 3034. Methods for Teaching General Music (3).F.
Methods and foundations for teaching elementary and secondary general music education will be presented. Public school field experiences are included in this course. Lecture two hours, laboratory two hours. Prerequisite: MUS 2034 and admission to the music education degree program. (Same as CI 3034.) (SPEAKING)

MUS 3040. Class Piano (1).S. Alternate years.
Provides the piano principal with those practical competencies which most directly relate to classroom musical activities such as improvisation, accompanying and related skills. Required of music education majors with a piano principal. Lecture and demonstration two hours.

MUS 3045. Jazz Improvisation II (2).S.
Advanced jazz improvisation. Further study and application of the jazz language for development of greater individual improvisatory skills. Lecture and demonstration two hours. Prerequisite: MUS 2045 or consent of the instructor.

MUS 3046. Tunes (2). On Demand.
A study of popular American dance music “standards” for proper execution of interpretation and performance style. In addition, formal structure will be studied. Alternate years. Lecture and demonstration two hours.

MUS 3052. Alexander Technique (1).F;S.
Study of the principles of movement and body usage as observed through the Alexander Technique. Lecture and demonstration one hour.

MUS 3060. Functional Piano (1).S.
Acquisition of piano accompanying and group music leadership skills essential for the practicing music therapist and development of a repertoire of traditional, folk and popular songs. Lecture one hour, laboratory one hour. Prerequisites: MUS 1002, MUS 1008, and either MUS 1041 or AMU 1401. Music Therapy majors only or permission of the instructor.

MUS 3061. Functional Music Therapy Techniques (1).S.
Focus on acquisition of selected functional music skills essential to the practicing music therapist, including creativity, group music leadership, movement techniques, Orff techniques, and arranging for various ages, abilities, and disabilities. Lecture one hour, laboratory one hour. Prerequisites: MUS 1002, MUS 1008 and MUS 2050. Music Therapy majors only or permission of the instructor.

MUS 3070. Developmental Music Therapy (2).F.
Theory, research and clinical skills related to music therapy with children and youth having one or more disabling conditions. Lecture and demonstration two hours. Prerequisites: MUS 2050 with a minimum grade of "B-" (2.7), and MUS 2051 and MUS 2070 with a minimum grade of "C" (2.0) in each course. Music Therapy majors must be enrolled concurrently in MUS 3900. (SPEAKING)

MUS 3072. Models of Music Therapy in Mental Health (2).F.
A study of theoretical and empirical foundations of music therapy in mental health. Major models of counseling and psychotherapy will be surveyed. Lecture and demonstration two hours. Prerequisites: MUS 2050 with a minimum grade of "B-" (2.7), and MUS 2051 with a minimum grade of "C" (2.0). Music Therapy majors must be enrolled concurrently in MUS 3900.

MUS 3073. Music Therapy Practice in Mental Health (2).S.
Experiential and didactic exploration of music therapy assessment and interventions for persons with mental disorders. Includes a systematic review of research-supported, music-based treatments for the most prevalent disorders. Lecture and demonstration two hours. Prerequisites: MUS 3072 with a minimum grade of "C" (2.0), and PSY 2401 or permission of the instructor. Music Therapy majors must be enrolled concurrently in MUS 3900.

MUS 3420. Music and Entertainment Industry (3).F.
A core course for Music Industry Studies majors providing in-depth exploration of the music and entertainment industry. Course content will include publication, copyrighting, contract writing, production, broadcasting, management promotion and the legal environment within the arts. The course will include a detailed research paper and a music industry simulation project requiring two oral presentations. The course will also include guest lecturers from the industry and field trips. Lecture three hours. Prerequisite: MUS 1420. (WRITING; SPEAKING)
MUS 3421. Issues in Music Promotion (1).F.
Independent investigation of topics in the field of music promotion. Students will prepare written reports based on their research in specific areas of interest within the field of music promotion. Seminar one hour. (WRITING)

MUS 3422. Music Management Seminar (1).S.
Study of topics associated with management of individual performers, groups, organizations and special music events, and the relationship between these and the music merchandising industry. Development of subjects of concern/interest in a seminar setting. Content may vary with each offering. Seminar one hour. Prerequisite: MUS 3420. (WRITING; CROSS-DISCIPLINARY)

MUS 3423. Advanced Music Business Procedures (3).F.
In-depth study of the legal aspects of the music business, including contract writing, copyright, royalties, performance rights organizations and licensing. Emphasis on practical experiences. Lecture three hours.

MUS 3426. Music Production and Recording II (3).S.
Operational techniques for the recording studio including (1) studio operations and maintenance skills, (2) familiarity with modern multi-track equipment and (3) application of acoustics and psychoacoustics. Enrollment limited to 12 students. Seminar three hours. Prerequisite: MUS 2426.

MUS 3500. Independent Study in Music (1–4).F;S.

MUS 3510. Honors Independent Study in Music (1–3).F;S.
Special research or projects which the honors student in music will pursue in lieu of required courses in the music curriculum.

MUS 3520. Instructional Assistance (1).F;S.
A supervised experience in the instructional process on the university level through direct participation in a classroom situation. Graded on an S/U basis. Prerequisite: junior or senior standing. May be repeated for a total credit of three semester hours.

MUS 3530–3549. Selected Topics (1–4).F;S.
Variable content which may be repeated for credit. Topics will include special areas of music theory, music literature, and music education.

MUS 3611. Music History and Literature III (2).F.
A study of Western music history and literature from the mid-Romantic period to the present. Lecture two hours. Prerequisite: MUS 1611. (WRITING; MULTI-CULTURAL; CROSS-DISCIPLINARY) (CORE: HUMANITIES/MUSIC MAJORS ONLY)

MUS 3631. Survey of Song Literature (2).S. Alternate years.
This course is designated to gain a historical perspective of the "mainstream" song literature from the classical period to the present day, and to gain insight into each composer's style through listening and research. Prerequisite: 4 s.h. selected from MUS 1611, MUS 2611, MUS 2612, and MUS 3611. Voice majors only or permission of the instructor. This is a required course for performance majors in voice. Lecture two hours. (WRITING)

MUS 3632. Opera History and Literature (2).F. Alternate years.
Operatic development and literature from the Baroque to the present day. Representative works will be studied visually and aurally. Prerequisite: 4 s.h. selected from MUS 1611, MUS 2611, MUS 2612 and MUS 3611. Voice majors or the permission of the instructor. This is a required course for voice performance majors. Lecture two hours.

A study of the principal concepts of sound generation and its reproduction utilizing a synthesizer. Included will be mixing, splicing, and the general use of magnetic tape recorders. Also the concept of digital sound will be explored utilizing a micro computer and a keyboard interface. Lecture and laboratory three hours.

MUS 3900. Music Therapy Practicum (1–3).F;S.
Supervised clinical experience in music therapy. Open only to Music Therapy majors. Prerequisites: MUS 2050 with a minimum grade of “B-” (2.7) and MUS 2051 with a minimum grade of “C” (2.0). May be repeated for credit. (WRITING)

MUS 3901. Church Music Field Work (2).F;S.
The student will be responsible for all or part of an established, professional music program in an organized church, subject to the approval of the professor. The professor and the supervising musician or pastor of the church will evaluate the student's work. Private or group conferences will be held with the professor, who will give guidance to the student. Prerequisite: MUS 3020. Graded on an S/U basis.
MUS 4004. Organization and Philosophy of Church Music (2).F. Alternate years. Organizational principles of a comprehensive church music program, including a study of the philosophy of the art form of music as it relates to theological concepts. Lecture two hours.

MUS 4030. Band Literature (1).F. A survey of band literature suitable for public school ensembles with special emphasis upon historical context and stylistic considerations. Extensive listening, score study, analysis, and research are required of the student. Lecture one hour, laboratory one hour. Prerequisite: MUS 2034.

MUS 4031. Choral Literature (3).F. Alternate years. A survey of representative choral literature from the Renaissance through the twentieth century with special emphasis upon materials suitable for secondary and college groups. Lecture three hours.

MUS 4035. Directed Study in Area Pedagogy and Literature (2–3).F;S. A survey of current philosophies, materials, techniques, and literature in the student’s area of specialization and their application to teaching situations. Lecture two or three hours. Prerequisite: junior or senior standing or consent of the instructor. This course is required of sacred music majors and instrumental or vocal performance majors.

MUS 4050. Psychology of Music (3). On Demand. Introduction to psychoacoustics; exploration of human affective, aesthetic, and physiological response to music; and introduction to research in music. Lecture and demonstration three hours.

MUS 4060. Clinical Piano Improvisation (1).F. An experiential exploration of the theory and practice of clinical music improvisation. Development of musical ideas, musical relationship, and musical freedom and flexibility with an emphasis on piano in dyadic context. Lecture one hour, laboratory one hour. Prerequisites: MUS 3073 or MUS 4071, MUS 2041 or AMU 2402, and 2 s.h. of MUS 3900, all with a minimum grade of “C” (2.0).

MUS 4061. Clinical Group Improvisation (1).S. An experiential exploration of the theory and practice of clinical music improvisation within group context. Co-active development of musical ideas and both musical and verbal communication skills within a group context on a wide variety of instruments. Lecture one hour, laboratory one hour. Prerequisite: MUS 4060.

MUS 4070. Quantitative Research in Music (2).F. An introduction to research in music, including basic design with application of inferential statistics. Development of skill in implementing, documenting, and interpreting experimental research in music. Lecture and demonstration two hours. Prerequisite: STT 2810 or FDN 4600 or ECO 2100. (WRITING)

MUS 4071. Music Therapy in Health Care (2).S. Theory, research and clinical skills related to music therapy in medical settings and in palliative care. Exploration of new applications and specialized techniques. Lecture and demonstration two hours. Prerequisite: 2 s.h. of MUS 3900 with a minimum grade of “C” (2.0). Music Therapy majors must be enrolled concurrently in MUS 3900.

MUS 4420. Seminar in Music Technology (3).F. A study of the applications of technology within music and the music industry. In addition to regular faculty, guest lecturers/clinicians will present materials in a seminar setting. Lectures will include a historical overview of technology in the music industry and a comprehensive discussion of contemporary trends in the preparation, presentation, and storage of music through technology. Music Industry Studies majors only. Seminar three hours. Prerequisite: MUS 1420. (COMPUTER)

MUS 4426. Advanced Audio Principles (2).F. In-depth study of professional analog and digital audio systems. Implementing and integrating linear and non-linear recording systems, digital signal processing, console automation and digital audio workstation environments. Lecture one hour, laboratory two hours. Prerequisite: MUS 3426.

MUS 4427. Recording Studio Apprenticeship (2).F;S. Recording experiences designed to further the student’s understanding of studio procedures and protocols, and to correspond with the activities of professional studio managers and sound engineers. Prerequisites: MUS 3420, MUS 3422, MUS 3426. Graded on an S/U basis.

MUS 4510. Honors Project in Music (1–3).F;S. Appropriate research for the senior honors students in music. May be repeated for a maximum of 3 s.h. credit.
MUS 4600. Analytical Techniques (3).F.
The development of techniques for analysis of music from the Baroque through the Romantic period through counterpoint, melodic structure, harmony, and form. Lecture three hours. Permission of the instructor. (WRITING) [Dual-listed with MUS 5600.]

MUS 4601. The Theory of Tonal Music (3).S. Alternate years.
An examination of the theoretical concepts and principles that pertain to the structure of tonal music. The significance of written, aural, and analytical skills development within the music curriculum will be addressed. [Dual-listed with MUS 5601.]

MUS 4610. Marching Band Techniques (1).F.
A study of the fundamentals of marching, drill design, show planning, rehearsal techniques and the administration of a public school marching band program. Lecture one hour.

MUS 4900. Internship in Music Industry Studies (12).F;S.
The internship will be completed under the sponsorship of a music business that focuses on one of the following: music products, music recording, or music management and promotion. The prospective intern and the internship director will select the internship site. The intern will be in weekly contact with the director during the internship. Graded on an S/U basis.

MUS 4901. Internship in Music Therapy (0).F;S.
A minimum of 1020 hours of supervised clinical experience in music therapy at an approved clinical training site. Prerequisites: completion of all other course requirements for the Bachelor of Music degree in Music Therapy. MUS 1037, MUS 1053, MUS 3060, MUS 3061, MUS 3070, MUS 3073, MUS 4060, MUS 4061, MUS 4070, MUS 4071 and MUS 3900 (6 credit hours) must be completed with a minimum grade of “C” (2.0) in each. Graded on an S/U basis.

Performing Groups (MUS)
All ensembles (MUS 1100-1199) may be repeated for credit.

MUS 1100. Marching Band (0–1).F.
Marching Band is a performance-based course presenting musical artistry combined with complementary visual elements. The band performs at home football games, parades, pep rallies and represents the University at special ceremonies and events. Open to students with prior band experience. The band begins rehearsals one week prior to the opening of Fall semester. Rehearsal five hours, one dress rehearsal before each game. May be repeated for credit. (CORE: PHYSICAL ACTIVITY/WELLNESS)

MUS 1101. Symphonic Band (0–1).S.
The symphonic band is open to all students who have had experience playing band instruments. The groups plays standard literature and presents two concerts each year on campus. Rehearsal three hours.

MUS 1102. Wind Ensemble (0–1).F;S.
Membership in the wind ensemble is limited to wind and percussion players who have attained the highest level of performing ability. This usually includes music majors, although non-majors can qualify. The group performs twice each year on campus and occasionally tours to schools in North Carolina and surrounding states. Rehearsal three hours.

MUS 1103. Brass Choir (0–1). On Demand.
The brass choir is limited in members to 25 and is augmented with a percussion section for various numbers. Rehearsal three hours.

MUS 1104. Jazz Ensemble (0–1).F;S.
This group is open to all students by audition. Emphasis is placed on developing a variety of popular music styles. Concerts are given on the campus and occasionally at schools off campus. Rehearsal three hours.

MUS 1105. Appalachian Symphony Orchestra (0–1).F;S.
The orchestra is open to all students who have ability and experience in playing any orchestral instrument. Emphasis is placed on securing good ensemble as well as the technical, dynamic and interpretive demands of the composition performed. The orchestra appears in concert several times during the year. Rehearsal three hours with additional sectional rehearsals.

MUS 1106. Chamber Orchestra (0–1).F;S.
The chamber orchestra is open to qualified students who have the ability and experience to perform music literature of the most select and demanding type. Due to the small size of the ensemble, each musician must be prepared to play solo passages. The group appears in concert each semester. Rehearsal three hours.
The Hayes School of Music

MUS 1107. Small Ensembles (0–1).F;S.
Small ensembles of mixed instruments are open to all qualified students upon audition. Rehearsal two hours.

MUS 1108. University Singers (0–1).F;S.
The singers accept students who read music and sing well. Auditions are open to all students. Emphasis is placed on fine choral literature of all periods, with particular emphasis given to the works of outstanding composers. Rehearsal three hours.

MUS 1109. Appalachian Chorale (0–1).F;S.
A non-auditioned mixed choir open to all students and members of the community. Major choral works are the typical repertory. Rehearsal two hours.

MUS 1110. Treble Choir (0–1).F;S.
This organization is open by audition to all students capable of and interested in singing literature for soprano and alto voices. Rehearsal three hours.

MUS 1111. ASU Glee Club (0–1).F;S.
This organization is open to all students capable of and interested in singing literature for tenor, baritone and bass voices. Rehearsal three hours.

MUS 1112. Chamber Singers (0–1).F;S.
A select group usually consisting of 16 voices which specializes in the performance of chamber literature of all periods. Selection is based on audition. Rehearsal three hours.

MUS 1113. Opera Workshop (0–1).F;S.
A select group of singers who design, plan and execute a musical production each semester. Rehearsal three hours.

MUS 1114. Piano Ensemble (0–1).F;S.
Supervised study and performance of duo and four-hand piano literature. Rehearsal two hours.

MUS 1115. Accompanying (0–1).F;S.
Supervised study of accompanying vocal and instrumental solos. Rehearsal three hours.

MUS 1116. Percussion Ensemble (1).F;S.
The function of this ensemble is to introduce the student to the wide area of percussion ensemble literature and to give the student small ensemble experience in the principal area of performance. Rehearsal three hours.

MUS 1117. Black Gospel Choir (1).F;S.
A choral ensemble open by audition to all members of the campus community. Literature performed is drawn from the black religious experience and performances reflect that ethnic background. Rehearsal three hours.

MUS 1119. Flute Choir (0–1).F;S.
Small ensemble for flutes. Permission of the instructor. Rehearsal two hours.

MUS 1120. Trombone Choir (0–1).F;S.
Small ensemble for trombones. Permission of the instructor. Rehearsal two hours.

MUS 1121. Trumpet Choir (0–1).F;S.
Small ensemble for trumpets. Permission of the instructor. Rehearsal two hours.

MUS 1122. Woodwind Ensemble (0–1).F;S.
Small ensemble for woodwinds. Permission of the instructor. Rehearsal two hours.

MUS 1123. String Ensemble (0–1).F;S.
Small ensemble for strings. Permission of the instructor. Rehearsal two hours.

MUS 1124. Guitar Ensemble (0–1).F;S.
Small ensemble for guitars. Permission of the instructor. Rehearsal two hours.

MUS 1125. Pep Band (0–1).S.
Small ensemble for winds and percussion. Performs at home basketball games. Permission of the instructor.
MUS 1126. Community Band (0–1).F;S.
An instrumental ensemble of 50-60 players that is open to students, faculty, staff and members of the community. A concert is presented each semester. Rehearsal three hours.

MUS 1127. Concert Band (1).F;S.
An instrumental ensemble of wind and percussion players. Membership is open to all students who have experience playing band instruments, and non-majors are encouraged to participate. The ensemble presents two concerts during the spring semester. Rehearsal three hours.

Faculty Register

JOHN PARSONS ABBOTT (1998)
Associate Professor and Librarian
B.S., M.S., Colorado State University; M.L.S., Florida State University.

RICHARD NEWTON ABBOTT, JR. (1979)
Professor in the Department of Geology
B.A., Bowdoin College; M.S., University of Maine, Orono; Ph.D., Harvard University.

MARIANNE ADAMS (1984)
Professor and Interim Chair of the Department of Theatre and Dance
B.S., M.A., Appalachian State University; M.F.A., University of North Carolina at Greensboro.

ALICIA THOMPSON ALDRIDGE (1992)
Associate Professor in the Department of Marketing
B.S.B.A., Auburn University; M.B.A., University of Southern California; Ph.D., University of Colorado at Boulder.

ERIC J. ALLAIN (2005)
Assistant Professor in the Department of Chemistry
B.S., Illinois Benedictine College; Ph.D., University of Illinois.

PATRICIA ELAINE ALLEN (1990)
Associate Professor in the Department of Physics and Astronomy
B.S., St. Joseph’s University; Ph.D., Iowa State University.

MORGAN S. ALWELL (2005)
Assistant Professor in the Department of Language, Reading and Exceptionalities
B.S., University of Wisconsin; M.A., San Francisco State University; Ph.D., Colorado State University.

JOSEPH LEWIS AMAYA (1989)
Professor in the Hayes School of Music
B.S., State University of New York at Potsdam; M.M., D.M., Florida State University.

DONALD L. AMOROSO (2004)
Professor in the Department of Computer Information Systems
B.S.B.A., Old Dominion University; M.B.A., Ph.D., University of Georgia.

JAMES ALLEN ANDERSON (2002)
Instructor in the Hayes School of Music
B.A., M.M., The University of North Carolina at Chapel Hill.

STELLA EILEEN ANDERSON (1992)
Professor and Chair of the Department of Management
B.A., North Carolina State University; Ph.D., Purdue University.

TERRY GAYLE ANDERSON (1989)
Associate Professor in the Department of Mathematical Sciences
B.S., M.S., University of Kentucky; Ph.D., University of Tennessee at Knoxville.

WILLIAM PAUL ANDERSON, JR. (2004)
Assistant Professor in the Department of Geology
B.C.E., University of Dayton; M.S., University of Maine; Ph.D., North Carolina State University.

ROMA BOWEN ANGEL (2002)
Interim Assistant Dean in the Reich College of Education; and Assistant Professor in the Department of Leadership and Educational Studies
B.A., Meredith College; M.A., Wake Forest University; Ed.D., The University of North Carolina at Greensboro.

Assistant Professor in the Department of Political Science/Criminal Justice
B.A., Marymount University; M.A., Ph.D., Louisiana State University.

ALAN TODD ARNHOLT (1993)
Professor and Assistant Chair of the Department of Mathematical Sciences
B.S., U.S. Military Academy, West Point; M.S., Ph.D., University of Northern Colorado.

EDWIN TURNER ARNOLD, III (1977)
Professor in the Department of English
A.B., M.A., University of Georgia; M.A., Georgia State University; Ph.D., University of South Carolina.

SHAWN D. ARTHUR (2006)
Assistant Professor in the Department of Philosophy and Religion
B.A., M.A., University of Tennessee at Knoxville; Ph.D., Boston University.

KELLIE REED ASHCRAFT (1997)
Associate Professor in the Department of Sociology and Social Work
B.S., Central Michigan University; M.S.W., Ph.D., The University of North Carolina at Chapel Hill.

PAMELA KIDDER ASHLEY (1993)
Associate Professor in the Department of Psychology
B.A., University of North Carolina at Charlotte; Ph.D., University of Minnesota.

SALLY S. ATKINS (1978)
Professor in the Department of Human Development and Psychological Counseling
A.B., The University of North Carolina at Chapel Hill; M.Ed., Ed.D., University of North Carolina at Greensboro.

C. WILLIAM ATKINSON (1992)
Professor in the Department of English
B.A., University of Oxford; M.A., Clemson University; Ph.D., Emory University.

MELANIE DAWN AUSTIN (2000)
Practitioner-in-Residence in the Department of Health, Leisure and Exercise Science
B.S., M.S., Appalachian State University.
JAMES LOUIS AVANT, JR. (1975)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.S., University of Florida; M.S., Indiana University; Ph.D., University of Utah.

FRANK ALLEN AYCOCK (1987)
Professor in the Department of Communication
B.A., University of Alabama; M.A., Auburn University; Ph.D., University of Tennessee at Knoxville.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

CAROL M. BABYAK (2005)
Assistant Professor in the Department of Chemistry
B.S., St. Vincent College; Ph.D., West Virginia University.

VERNE R. BACHARACH (1987)
Professor in the Department of Psychology
B.A., M.S., Central Washington State University; Ph.D., University of Kansas.
GRADUATE FACULTY.

CHRISTOPHER A. BADUREK (2007)
Assistant Professor in the Department of Geography and Planning
B.A., Cornell University; M.L.S., Ph.D., State University of New York at Buffalo.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

WILLIAM M. BAKER (1991)
Professor in the Department of Accounting
B.S., M.A., University of Tennessee at Knoxville; Ph.D., Virginia Polytechnic Institute and State University. CMA, CCE, CCA.
GRADUATE FACULTY.

MARY ELIZABETH BALLARD (1991)
Professor in the Department of Psychology
B.S., M.S., Eastern Kentucky University; Ph.D., West Virginia University.
GRADUATE FACULTY.

SANDRA L. BALLARD (2000)
Professor in the Department of English; and Editor of The Appalachian Journal
B.A., Appalachian State University; M.A., Ph.D., University of Tennessee at Knoxville.
GRADUATE FACULTY.

KEVIN M. BALLING (1982)
Lecturer in the Department of Communication
B.S., Gardner Webb College; M.A., E.D.S., Appalachian State University.

SARAH BANKS (2003)
Assistant Professor in the Department of Health, Leisure and Exercise Science
B.A., The University of North Carolina at Chapel Hill; M.S., Ph.D., North Carolina State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

WILLIAM DEAN BARBER (1998)
Associate Professor in the Department of Language, Reading and Exceptionalities
B.S., Purdue University; M.S., Ph.D., The Pennsylvania State University; Ed.S., Appalachian State University.

NANCY E. BARGERSTOCK (1999)
Associate Professor in the Hayes School of Music
B.M., M.M., The Juilliard School of Music; D.M.A., University of North Carolina at Greensboro.
GRADUATE FACULTY.

JAMES F. BARNES (1996)
Professor in the Department of Political Science/Criminal Justice
B.A., M.A., Ph.D., Ohio State University.
GRADUATE FACULTY.

EDWIN FRANKLIN BARRY (2003)
Assistant Professor in the Department of Computer Science
B.A., Wake Forest University; M.S., Duke University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

CHRISTOPHER JOHN BARTEL (2007)
Assistant Professor in the Department of Philosophy and Religion
B.M., Berklee College of Music; M.A., University of Bristol (UK); Ph.D., King’s College, University of London.

MELISSA ELLEN BARTH (1982)
Professor in the Department of English
B.A., M.A., Washington State University; Ph.D., Purdue University.

LEROY G. BARUTH (1988)
Professor and Chair of the Department of Human Development and Psychological Counseling
B.S., M.S., Mankato State University; Ed.D., University of Arizona.
GRADUATE FACULTY.

JOSEPH RICHARD BATHANTI (2001)
Professor in the Department of English

WILLIAM CHARLES BAULDRY (1986)
Professor in the Department of Mathematical Sciences
B.S., M.A., Central Michigan University; M.S., Ph.D., The Ohio State University.
GRADUATE FACULTY.

LORIN A. BAUMHOVER (1996)
Chief of Staff for the Office of the Chancellor; and Professor in the Department of Sociology and Social Work
B.A., University of Nebraska, Omaha; M.S., Ph.D., Colorado State University.

DORIS GINA BAZZINI (1993)
Professor in the Department of Psychology
B.A., Eckerd College; M.S., Ph.D., University of Georgia.
GRADUATE FACULTY.

ELIZABETH ANN BEAULIEU (2003)
Associate Professor in the Department of Interdisciplinary Studies
B.A., Providence College; M.A., The University of York, England; M.A., Georgetown University; Ph.D., The University of North Carolina at Chapel Hill.
GRADUATE FACULTY.

PATRICIA DUANE BEAVER (1974)
Professor in the Department of Anthropology; and Director of the Center for Appalachian Studies
B.A., Ph.D., Duke University.
GRADUATE FACULTY.

HALL P. BECK, JR. (1985)
Professor in the Department of Psychology
B.A., M.A., East Carolina University; Ph.D., University of North Carolina at Greensboro.
GRADUATE FACULTY.
The Register

JON PRITCHARD BEEBE (1986)  
Professor in the Hayes School of Music  
B.A., M.M., University of Nevada;  
D.M.A., University of Wisconsin-Madison.  
GRADUATE FACULTY.

EDWARD JOSEPH BEHREND-MARTINEZ (2003)  
Assistant Professor in the Department of History  
B.A., M.A., University of Wisconsin-Milwaukee; Ph.D., University of Illinois-Chicago.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOBY RAY BELL (2004)  
Assistant Professor in the Hayes School of Music  
B.M., Appalachian State University;  
M.M., D.M.A., Rice University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Professor in the Department of Management  
B.A., Berea College; M.A., University of Alabama at Birmingham; M.B.A., M.H.A., Xavier University; Ph.D., University of Tennessee at Knoxville.  
GRADUATE FACULTY.

TONYA SHEA COFFEY (2004)  
Assistant Professor in the Department of Physics and Astronomy  
B.S., M.S., Ph.D., North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Associate Professor in the Department of Geography and Planning  
B.S., University of Florida; M.A., Ph.D., University of Colorado.  
GRADUATE FACULTY.

SUSAN A. COLBY (2003)  
Assistant Professor in the Department of Curriculum and Instruction  
B.S., University of Minnesota; M.A., University of Colorado; Ed.D., East Carolina University.  
GRADUATE FACULTY.

TERRY WAYNE COLE (1971)  
Professor in the Department of Communication  
B.A., M.A., California State College at Fresno; Ph.D., University of Oregon.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MARY DEAN COLEMAN (2006)  
Assistant Professor in the Department of Family and Consumer Sciences  
B.S., Missouri State University; M.S., University of Illinois; Ph.D., Virginia Polytechnic Institute and State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

THALIA J. COLEMAN (1992)  
Professor in the Department of Language, Reading and Exceptionalities  
B.A., South Carolina State College; M.A., The Pennsylvania State University; Ph.D., University of Florida.  
GRADUATE FACULTY.

NICOLE M. COLSTON (2005)  
Lecturer in the Department of Communication  
B.S., Appalachian State University; M.A., University of Miami.

MARY URSULA CONNELL (1974)  
Professor in the Department of Biology  
A.B., M.S., Marshall University; Ph.D., Kent State University.  
GRADUATE FACULTY.

Professor and Chair of the Department of Technology  
B.A., M.A., Wichita State University; Ph.D., Kansas State University.  
GRADUATE FACULTY.

DAVID M. CONSIDINE (1982)  
Professor in the Department of Curriculum and Instruction  
B.A., B.Ed., La Trobe University, Melbourne, Australia; Ph.D., University of Wisconsin at Madison; M.L.S., University of North Carolina at Greensboro.  
GRADUATE FACULTY.

EUGENIA CECELIA CONWAY (1987)  
Professor in the Department of English  
A.B., M.A., Duke University; Ph.D., The University of North Carolina at Chapel Hill.  
GRADUATE FACULTY.

ELEANOR ILENE COOK (1990)  
Professor and Librarian  
B.A., M.L.S., The University of North Carolina at Chapel Hill; M.A., Appalachian State University.

GARRY VERNON COOPER (1989)  
Professor in the Department of Geography and Planning  
B.A., University of Minnesota; M.U.P., D.E.D., Texas A&M University.  
GRADUATE FACULTY.

DONALD COREY (2006)  
Assistant Professor in the Department of Technology  
Bachelor of Industrial Design, Auburn University; Master of Industrial Design, North Carolina State University.

JEAN-PIERRE COURBOIS (1974)  
Professor in the Department of Economics  
B.S., Lycee Henri IV; B.S., Georgetown University; M.A., Ph.D., American University.
ELLEN ANNE COWAN (1988)
Professor in the Department of Geology
B.A., Albion College; M.S., Ph.D.,
Northern Illinois University.
GRADUATE FACULTY.

DON ROBERT COX (1993)
Associate Dean for Accreditation in the
Walker College of Business; Professor in
the Department of Finance, Banking and
Insurance; and Holder of the Alfred T.
Adams Professorship of Banking
B.B.A., Georgia Southern College;
M.B.A., Georgia State University; Ph.D.,
Florida State University.

VICTORIA KATHLEEN COX (2001)
Associate Professor in the Department
of Foreign Languages and Literatures
(Spanish)
B.A., Goucher College; M.A.,
Georgetown University; M.A., Queens
College; Ph.D., University of Maryland.
GRADUATE FACULTY.

JOHN R. CRAFT (1989)
Professor in the Department of
Technology
A.A., Sandhills Community College;
B.S., M.A., Appalachian State University;
Ed.D., North Carolina State University.
GRADUATE FACULTY.

ELIZABETH ELLEN CRAMER (1995)
Assistant Professor and Librarian
B.A., University of Colorado; M.L.S.,
Kent State University; M.A., Appalachian
State University.

RICHARD E. CRANDALL (1985)
Professor in the Department of
Computer Information Systems
B.S.M.E., West Virginia University;
M.B.A., Boston University; Ph.D.,
University of South Carolina; CPA, RPE.
GRADUATE FACULTY.

ROBERT PAYSON CREED, JR. (1996)
Associate Professor in the Department
of Biology
B.S., The University of North Carolina
at Chapel Hill; Ph.D., Michigan State
University.
GRADUATE FACULTY.

RICHARD J. CREPEAU (1998)
Associate Professor in the Department
of Geography and Planning
B.A., University of California at San
Diego; Ph.D., University of California at
Irvine.
GRADUATE FACULTY.

DEBORAH ANN CROCKER (1995)
Associate Professor in the Department of
Mathematical Sciences
B.S., M.A., Ed.S., Appalachian State
University; Ph.D., The Ohio State
University.
GRADUATE FACULTY.

CAROL L. CROMWELL (2005)
Laboratory Instructor in the Department
of Chemistry
B.S., Rice University; M.S., Lamar State
College; Ph.D., Duke University.

JOHN RANDOLPH CRUTCHFIELD
(2001)
Assistant Professor in the Department of
English
B.A., The University of North Carolina at
Chapel Hill; M.F.A., M.A., Ph.D., Cornell
University.
GRADUATE FACULTY.

RICHARD A. CULATTA (1989)
Professor and Chair of the Department
of Language, Reading and
Exceptionalities
B.A., M.S., Brooklyn College; Ph.D.,
University of Pittsburgh.
GRADUATE FACULTY.

CHRISTOPHER M. CURTIN (2000)
Associate Professor in the Department of
Art
B.F.A., Georgia State University; M.F.A.,
The University of Texas at Austin.

MICHAEL WILLIAM DALE (1988)
Professor in the Department of
Leadership and Educational Studies
B.S., M.A.T., The University of North
Carolina at Chapel Hill; Ph.D., University
of Wisconsin at Madison.
GRADUATE FACULTY.

JOSEPH PATRICK DALY (1989)
Professor in the Department of
Management
B.A., Columbia University; M.P.S.,
Cornell University; Ph.D., Northwestern
University.
GRADUATE FACULTY.

NEEL DAS (2007)
Assistant Professor in the Department of
Marketing
B.Com., St. Xavier’s College, India;
M.Com., University of Calcutta, India;
PGDBM, Indian Institute of Social
Welfare and Business Management;
Ph.D., Louisiana State University.

PRADEEP MAXWELL DASS (2000)
Associate Professor in the Department of
Biology
B.Sc., M.Sc., Gorakhpur University
(India); M.S., Ph.D., The University of
Iowa.
GRADUATE FACULTY.

EMILY DAUGHTRIDGE (2005)
Assistant Professor in the Department of
Theatre and Dance
B.A., B.F.A., University of North Carolina
at Greensboro; M.F.A., The Ohio State
University.

DINESH S. DAVE (1988)
Professor in the Department of
Computer Information Systems; and
Director of the Business Research
Center
B.S., M.S., Ph.D., Gujarat University;
M.S., West Virginia College of Graduate
Studies.
GRADUATE FACULTY.

HARRY McLEMORE DAVIS (1977)
Professor in the Department of
Banking and Insurance; and Holder of
the North Carolina Bankers Association
Chair
A.B., The University of North Carolina
of Chapel Hill; M.A., Vanderbilt University;
Ph.D., University of Georgia-Athens.

KEITH M. DAVIS (2000)
Associate Professor in the Department of
Human Development and
Psychological Counseling
B.A., University of North Carolina
at Wilmington; M.Ed., M.S., Ed.S.,
Ph.D., University of North Carolina at
Greensboro.
GRADUATE FACULTY.

SCOTT A. DAVIS (2004)
Adjunct Instructor in the Department of
Geography and Planning
B.S., James Madison University; M.S.,
Shippensburg University.
The Register

ELIZABETH LYNN Davison (1997)
Associate Professor in the Department of Sociology and Social Work
B.A., St. Andrews Presbyterian College; M.S., Ph.D., North Carolina State University.

ADRIAN NIGEL DAW (2004)
Assistant Professor in the Department of Physics and Astronomy
B.S., Yale University; A.M., Ph.D., Harvard University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOHN WILLIAM DAWSON (2000)
Associate Professor in the Department of Economics
B.S., East Carolina University; M.A., Ph.D., North Carolina State University.

Assistant Professor in the Department of Accounting
B.S., Virginia Polytechnic Institute and State University; M.B.A., Liberty University; Ph.D., Virginia Polytechnic Institute and State University. CPA, CMA.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

DAVID L. DEHART (2004)
Assistant Professor and Librarian
B.S., M.A., Appalachian State University; M.L.I.S., University of North Carolina at Greensboro.

JEAN L. DEHART (1995)
Professor in the Department of Communication
B.A., James Madison University; M.A., University of Tennessee at Knoxville; Ph.D., University of Georgia.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOSE BENITO del PLEGO (2002)
Assistant Professor in the Department of Foreign Languages and Literatures (Spanish)
B.A., M.A., Ph.D., Universidad Autonoma de Madrid.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Associate Professor in the Department of Interdisciplinary Studies
B.Sc., Agrarische Hogeschool, ’s Hertogenbosch, the Netherlands; M.S., Ph.D., Michigan State University.
GRADUATE FACULTY.

JAMES RUSSELL DENI (1972)
Professor in the Department of Psychology
B.S., Youngstown State University; M.Ed., Ed.D., Baylor University.
GRADUATE FACULTY.

JAMES CHRISTOPHER DENNISTON (1999)
Associate Professor and Assistant Chair of the Department of Psychology
B.A., New York University; M.A., Bucknell University; Ph.D., State University of New York at Binghamton.
GRADUATE FACULTY.

ALISON DENYER (2005)
Assistant Professor in the Department of Art
B.A., Winchester School of Art (Winchester, England); M.F.A, Southern Illinois University.

GARNER GLENN DEWEY (2003)
Assistant Professor in the Department of Technology
A.A., Hiwassee College; B.S., M.S., University of Tennessee at Knoxville; Ph.D. The University of Georgia.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

BRUCE ALLEN DICK (1989)
Professor in the Department of English
B.A., M.A., Ph.D., Florida State University, Tallahassee.
GRADUATE FACULTY.

Associate Professor in the Department of Economics
B.A., Western Washington University; M.A., Ph.D., State University of Arizona.

JEANNE DODD-MURPHY (1995)
Associate Professor in the Department of Language, Reading and Exceptionalities
B.A., Baylor University; M.S., Ph.D., Vanderbilt University.
GRADUATE FACULTY.

JOYCE WISE DODD (2004)
Lecturer in the Department of Communication
B.A., Virginia Commonwealth University; M.A., University of Richmond.

TIMOTHY DOLAN (2005)
Assistant Professor in the Department of Technology
Bachelor of Interior Design, University of Tennessee; M.S., East Tennessee State University.

DAVID HENRY DOMERMUTH (1993)
Associate Professor in the Department of Technology
B.S., M.S., Virginia Polytechnic Institute and State University; Ph.D., University of Dayton.

JEANNE ANN DUBINO (2006)
Professor and Chair of the Department of English
B.A., Boston College; M.A., University of Delaware; Ph.D., University of Massachusetts-Amherst.
GRADUATE FACULTY.

CHARLES R. DUKE (1995)
Dean of the Reich College of Education; and Professor in the Department of Language, Reading and Exceptionalities
B.Ed., Plymouth State College; M.A., Bread Loaf School of English, Middlebury College; Ph.D., Duke University.

RODNEY K. DUKE (1991)
Professor in the Department of Philosophy and Religion
B.A., Friends University; M.C.S., Regent College; Ph.D., Emory University.
CHARLES LEE DUMKE (2000)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.S., University of Wisconsin-Madison; M.S., University of Montana; Ph.D., University of Wisconsin-Madison.
GRADUATE FACULTY.

LEIGH E. DUNSTON (2002)
Adjunct Professor in the Department of Finance, Banking and Insurance
B.S., St. Joseph’s University; J.D., Georgetown University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ANTONINA DURFEE (2005)
Assistant Professor in the Department of Computer Information Systems
B.S., M.E., Taganrog State University of Radio Engineering, Russia; Ph.D., Abo Akademi University, Finland.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LYNN DURYEA (2004)
Assistant Professor in the Department of Art
B.A., Bucknell University; M.A., New York University; M.F.A., University of Florida.

CASSANDRA T. EAGLE (1992)
Professor in the Department of Chemistry
B.S., Pfeiffer College; Ph.D., The University of Toledo.

RANDAL K. EDWARDS (1986)
Dean of the Walker College of Business; and Professor in the Department of Accounting
B.S.B.A., M.S., Appalachian State University; Ph.D., University of Tennessee at Knoxville. CPA.
GRADUATE FACULTY.

JESSICA MARGUERITE EFRON (2005)
Instructor and Librarian
B.A., University of North Carolina at Charlotte; M.S., The University of North Carolina at Chapel Hill.

JILL ROSE EHNENN (2001)
Associate Professor in the Department of English
B.A., The Johns Hopkins University; M.A., Northwestern University; Ph.D., George Washington University.
GRADUATE FACULTY.

GEORGE EHRHARDT (2005)
Assistant Professor in the Department of Political Science/Criminal Justice
B.A., Carleton College; M.A., George Washington University; Ph.D., Indiana University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LARRY VAN ELLIS (1978)
Professor in the Department of Economics
B.S., Missouri Valley College; M.A., Central Missouri State University; Ph.D., University of Missouri-Columbia.
GRADUATE FACULTY.

THOMAS BAYNARD ELLIS (2005)
Assistant Professor in the Department of Philosophy and Religion
B.A., University of South Carolina; M.A., Ph.D., University of Pennsylvania.

R. CHADWICK EVERHART (2006)
Assistant Professor in the Department of Technology
Bachelor of Environmental Design, Master of Architecture, North Carolina State University.

MICHAEL R. EVANS (1991)
Professor in the Department of Management; and Director of the Hospitality and Tourism Management Program
A.O.S., The Culinary Institute of America; B.S., University of Massachusetts; M.A., University of Kentucky; Ed.D., University of Tennessee.

RENEÉ R. EVANS (2006)
Assistant Professor in the Department of Human Development and Psychological Counseling
B.S., M.A., Appalachian State University; Ph.D., University of North Carolina at Charlotte.

ROBERT JOSEPH FALVO (1993)
Associate Professor in the Hayes School of Music
B.M., State University of New York, Fredonia; M.M., D.M.A., Manhattan School of Music.
GRADUATE FACULTY.

CATHY R. FANCHER (2005)
Adjunct Instructor in the Department of Health, Leisure and Exercise Science
B.A., Maryville College; M.A., Furman University.

GABRIEL FANKHAUSER (2000)
Associate Professor in the Hayes School of Music
B.A., Earlham College; M.M., University of Cincinnati; Ph.D., Florida State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SELMA PATRICIA FARTHING (1972)
Professor and Librarian
B.A., M.L.S., Louisiana State University; Ed.S., Appalachian State University.

JAMIE YARBROUGH FEARRINGTON (2007)
Assistant Professor in the Department of Psychology
B.S., University of Georgia; M.S., Ph.D., University of Tennessee.
BRIAN HARVEY FELKEL (2000)  
Associate Professor in the Department of Mathematical Sciences  
B.S., M.A., Appalachian State University; Ph.D., Florida State University.  
GRADUATE FACULTY.

JAMES B. FENWICK, JR. (1996)  
Associate Professor in the Department of Computer Science  
B.S., University of Maryland; M.S., Ph.D., The University of Delaware.  
GRADUATE FACULTY.

CRAIG JOSEPH FISCHER (1998)  
Associate Professor in the Department of English  
B.A., State University of New York at Buffalo; M.A., Ph.D., University of Illinois at Urbana-Champaign.  
GRADUATE FACULTY.

KELLY BRYAN FLANARY (2003)  
Clinical Instructor in the Department of Health, Leisure and Exercise Science  
B.S., East Tennessee State University; M.Ed., The Citadel.  
GRADUATE FACULTY.

APRIL V. FLANDERS (2006)  
Assistant Professor in the Department of Art  

JEFFREY O. FLETCHER (1974)  
Associate Professor in the Department of Curriculum and Instruction  
B.S., M.A., Appalachian State University; Ed.D., Auburn University.

WILLIAM EDWARD FOLTS (1991)  
Professor and Chair of the Department of Sociology and Social Work  
B.S., M.S., University of Alabama; Ph.D., University of Florida.  
GRADUATE FACULTY.

MAJOR MARVIN H. (BUD) FORD, JR. (2006)  
Instructor in the Department of Military Science and Leadership  
B.S., Troy State University.

LISA H. FORSTER (2001)  
Assistant Clinical Professor in the Department of Language, Reading and Exceptionalities; and Clinical Educator  
B.A., M.A., Appalachian State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

TIMOTHY B. FORSYTH (1989)  
Associate Professor and Chair of the Department of Accounting  
B.S., University of South Alabama; M.B.A., University of Southern Mississippi; Ph.D., The University of Alabama.  
GRADUATE FACULTY.

CATHERINE ANNE FOUNTAIN (2006)  
Assistant Professor in the Department of Foreign Languages and Literatures (Spanish)  
B.A., Cornell University; M.A., Ph.D., University of California at Los Angeles.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JEREMY BURK FOX (1988)  
Associate Professor in the Department of Management  
B.A., California State University, Northridge; M.B.A., Ph.D., Virginia Polytechnic Institute and State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

PAUL A. FOX (1970)  
Professor and Chair of the Department of Psychology  
B.A., Hofstra University; M.A., Ph.D., Southern Illinois University.  
GRADUATE FACULTY.

ERIC D. FRAUMAN (2005)  
Assistant Professor in the Department of Health, Leisure and Exercise Science  
B.S., M.Ed., University of Florida; Ph.D., Clemson University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Assistant Professor in the Department of Foreign Languages and Literatures (French)  
B.A., Université d’Abidjan; M.A., St. Cloud University; Ph.D., University of Minnesota.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ELIZABETH M. FRYE (2004)  
Assistant Professor in the Department of Language, Reading and Exceptionalities  
B.S., M.A., Ed.D., Appalachian State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ALLIE GARNIER FUNK (1976)  
Professor in the Department of Sociology and Social Work  
A.B., M.A., Ph.D., Emory University.

DEREK PAUL GAGNIER (2001)  
Associate Professor in the Department of Theatre and Dance  
B.A., Potsdam College; M.F.A., The University of North Carolina at Chapel Hill.

SANDRA GLOVER GAGNON (2002)  
Assistant Professor in the Department of Psychology  
B.S., University of Georgia; M.E., S.E., The Citadel; Ph.D., University of South Carolina.  
GRADUATE FACULTY.

AMY T. GALLOWAY (2003)  
Assistant Professor in the Department of Human Development and Psychological Counseling  
B.A., St. Leo University; M.A., Ed.D., University of Cincinnati.

SAMMIE GATLIN GARNER (1983)  
Professor in the Department of Family and Consumer Sciences  
B.S., M.S., University of North Carolina at Greensboro; Ph.D., University of Tennessee at Knoxville.  
GRADUATE FACULTY.

PAUL L. GASKILL (1986)  
Professor and Chair of the Department of Health, Leisure and Exercise Science  
A.A., Montgomery County Community College; B.S., The Pennsylvania State University; M.S., The University of North Carolina at Chapel Hill; Ed.D., University of North Carolina at Greensboro.  
GRADUATE FACULTY.

PAUL HENRY GATES, JR. (1995)  
Professor in the Department of Communication  
B.A., Hobart College; M.M.C., University of South Carolina; J.D., California Western School of Law; Ph.D., University of Florida.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.
ROBERT DeFOREST GODDARD, III (1978)  
Professor in the Department of Management  
B.S., Florida Atlantic University;  
M.B.A., University of North Florida;  
Ph.D., University of South Carolina at Columbia.

LESLIE ELDRIDGE (BUD) GERBER (1975)  
Professor in the Department of Interdisciplinary Studies  
B.A., University of the Pacific; M.A.,  
Ph.D., Emory University.  
ASSOCIATE PROFESSOR AND CHAIR OF THE DEPARTMENT OF MATHEMATICAL SCIENCES.

JAMES RUDOLPH GOFF, JR. (1986)  
Professor in the Department of History  
A.A., Emmanuel College; B.A., Wake  
Forest University; M.Div., Duke  
University; Ph.D., University of  
Arkansas.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LEON GINSBERG (2006)  
Research Professor in the Department of Sociology and Social Work  
B.A., Trinity University; M.S.W.,  
Tulane University; Ph.D., University of  
Oklahoma.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

CONSTANCE R. GREEN (1987)  
Professor in the Department of  
Philosophy and Religion  
B.A., Washington State University;  
M.Sc., Ph.D., University of Toronto.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SANDRA LYNN GRAVETT (1996)  
Professor in the Department of  
Philosophy and Religion  
B.A., University of North Carolina at Greensboro; M.Div., Southeastern Baptist Theological Seminary; Ph.D., Duke University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

DANIEL BERNARD GERMAN (1972)  
Assistant Professor in the Department of History  
B.A., Adams State College; M.A., Texas  
Christian University; Ph.D., University of  
Washington, Seattle.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

HowARD ALAN GISKIN (1989)  
Professor in the Department of English  
B.A., Southern Connecticut State  
University; M.A., Ph.D., University of  
Connecticut.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

DENNIS OWEN GRADY (1989)  
Professor in the Department of Political Science/Criminal Justice  
B.A., The University of North Carolina at Chapel Hill; M.C.P., Georgia Institute of Technology; Ph.D., Emory University.  
GRADUATE FACULTY.

MAJOR ROBERT O. GIBBARD (2000)  
Assistant Professor in the Department of Military Science and Leadership  
B.S., Michigan State University; M.A.,  
University of Alabama.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MAKESs ORREN Gray (1989)  
Professor in the Department of  
Philosophy and Religion  
B.A., Washington State University;  
M.Sc., Ph.D., University of Toronto.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MELANIE W. GREENE (1987)  
Assistant Professor in the Department of Sociology and Social Work  
B.S.W., Warren Wilson College; M.S.W.,  
University of South Carolina; Ph.D., The  
University of North Carolina at Chapel  
Hill.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RICHARD ORREN Gray (1989)  
Professor in the Department of  
Philosophy and Religion  
B.A., Washington State University;  
M.Sc., Ph.D., University of Toronto.  
GRADUATE FACULTY.

LESLIE ELDRIDGE (1979)  
Professor in the Department of Interdisciplinary Studies  
B.A., University of the Pacific; M.A.,  
Ph.D., Emory University.  
ASSOCIATE PROFESSOR AND CHAIR OF THE DEPARTMENT OF MATHEMATICAL SCIENCES.

ROGER S. GONCE (2006)  
Lecturer in the Department of  
Communication  
B.F.A., Western Carolina University;  
M.G.D., North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SHEelli Lynn Green (2006)  
Assistant Professor in the Department of Sociology and Social Work  
B.S.W., Warren Wilson College; M.S.W.,  
University of South Carolina; Ph.D., The  
University of North Carolina at Chapel  
Hill.  
GRADUATE FACULTY.

DANA MICHIEle GREENE (2004)  
Assistant Professor in the Department of Sociology and Social Work  
B.A., University of California at Davis;  
M.A., Ph.D., University of Michigan.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

TRACY Jo GOODSON-ESPY (2004)  
Associate Professor in the Department of Curriculum and Instruction  
B.S., M.S., Middle Tennessee State  
University; Ed.D., Vanderbilt University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROSS MATTHEW GOSKY (2006)  
Assistant Professor in the Department of Mathematical Sciences  
B.S., Miami University; M.S., Ph.D.,  
North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MELANIE W. GREENE (1996)  
Professor in the Department of  
Curriculum and Instruction  
B.S., M.A., Ed.S., Appalachian State  
University; Ed.D., East Tennessee State  
University.  
GRADUATE FACULTY.

Professor and Appalachian Collection Librarian
B.A., Rhodes College; M.A., University of Virginia; Ph.D., University of Florida; M.L.I.S., Florida State University.
GRADUATE FACULTY.

PATRICIA FOLINO HEARRON (1994)
Professor in the Department of Family and Consumer Sciences
A.B., Ohio University; M.A., Ph.D., Michigan State University.
GRADUATE FACULTY.

ANDREW B. HECKERT (2005)
Assistant Professor in the Department of Geology
B.S., Denison University; M.S., Ph.D., University of New Mexico.

GORDON ASHLEY HENSLEY (2004)
Assistant Professor in the Department of Theatre and Dance
B.S., Appalachian State University; M.F.A., Arizona State University.
DRU ANNE HENSON (1987)
Assistant Dean in the College of Arts and Sciences; and Professor in the Department of Biology
B.S., Mississippi University for Women; Ph.D., The Bowman Gray School of Medicine of Wake Forest University.
GRADUATE FACULTY.

JENNIFER NEVINS HENSON (2005)
Assistant Professor in the Department of Marketing
B.A., The University of North Carolina at Chapel Hill; M.B.A., Millsaps College.

PAMELA A. HENSON (1992)
Clinical Professor in the Department of Language, Reading and Exceptionalities; Clinical Professor in the Department of the Cratis D. Williams Graduate School; HOLLy PETERS HIRST (1990)
Graduate Faculty.

JEFFRY LYNN HIRST (1990)
Professor in the Department of Mathematical Sciences

HUGH DAVID HINDMAN (1988)
Professor in the Department of Management
B.A., The University of North Carolina at Chapel Hill.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROBERT WALLACE HILL (1992)
Associate Professor in the Department of Psychology
B.A., Duke University; M.A., Ph.D., Michigan State University.
GRADUATE FACULTY.

HUGO DAVID HULL (1999)
Professor in the Department of Mathematics

HOLLY PETERS HIRST (1990)
Associate Dean of Graduate Studies in the Cratis D. Williams Graduate School; and Professor in the Department of Mathematical Sciences
B.A., Temple University; M.A., Ph.D., The Pennsylvania State University.
GRADUATE FACULTY.

JEFFREY LYNN HIRST (1990)
Assistant Professor in the Department of Musical Sciences
B.A., M.A., University of Kansas; Ph.D., The Pennsylvania State University.
GRADUATE FACULTY.

JEREMY FRANK HOPGOOD (2004)
Assistant Professor in the Department of Theatre and Dance
B.A., Arkansas Tech University; M.F.A., University of Arkansas.

JEREMY FRANK HOPGOOD (2004)
Professor in the Hayes School of Music
B.M.E., Murray State University; M.M., D.M.A., The University of Texas, Austin.
GRADUATE FACULTY.

MARIAN CECILE HOEPFL (1997)
Professor and Assistant Chair of the Department of Technology
B.S., Miami University, Ohio; M.A., Ed.D., West Virginia University.
GRADUATE FACULTY.

MARVIN K. HOFFMAN (1990)
Professor in the Department of Political Science/Criminal Justice; and Director of the MPA Program
B.A., Rutgers University; M.A., Ph.D., University of Georgia.
GRADUATE FACULTY.

MARRY ANN HOFMANN (2006)
Associate Professor in the Department of Accounting
B.S., Union College; M.B.A., University of Nebraska; M.S., Grand Valley State University; Ph.D., Arizona State University. CPA, CMA.
GRADUATE FACULTY.

GRANT NEWTON HOLDER (1988)
Professor in the Department of Chemistry
B.S., The University of North Carolina at Chapel Hill; Ph.D., Georgia Institute of Technology.
GRADUATE FACULTY.

JOSEPH CAMILLE HOLLENBECK (1976)
Professor in the Department of Foreign Languages and Literatures (French)
B.A., B.A., Ph.D., University of Washington.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

GREG NEWTON HOLDER (1987)
Assistant Professor in the Department of Mathematics
B.S., Union College; M.B.A., University of Nebraska; M.S., Grand Valley State University; Ph.D., Arizona State University. CPA, CMA.
GRADUATE FACULTY.

JULIE K. HORTON (2001)
Assistant Professor in the Department of Curriculum and Instruction
B.M.E., Southwestern University; M.M., Northwestern University; Ph.D., New Mexico State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RICHARD DAVIS HOWE (1973)
Professor in the Department of Leadership and Educational Studies
B.A., M.A., Appalachian State University; Ph.D., University of California at Los Angeles.

KEVIN RAY HOWELL (1996)
Associate Professor in the Department of Technology
B.A., M.A., Appalachian State University; Ph.D., Vanderbilt University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

TIMOTHY JAMES HUELSMAN (1997)
Associate Professor in the Department of Psychology
B.S., M.S., Ph.D., Saint Louis University.
GRADUATE FACULTY.

HEATHER M. HUDBURST (2003)
Assistant Dean for Instructional Programs in the Walker College of Business; and Associate Professor in the Department of Business Administration
B.B.A., James Madison University; M.S., Ph.D., The Pennsylvania State University.
GRADUATE FACULTY.

SCOTT HUNGER (2005)
Assistant Professor in the Department of Computer Information Systems
B.S., M.B.A., Ph.D., University of North Carolina at Charlotte.
ASSOCIATE MEMBER OF GRADUATE FACULTY.
EDELMA DE LEON HUNTLEY (1978)
Dean of the Cratis D. Williams
Graduate School; and Professor in the
Department of English
B.A., Philippine Union College; M.A.,
West Texas State University; Ph.D.,
University of Southwestern Louisiana.

YONGBEAM HUR (2007)
Instructor in the Department of Political
Science/Criminal Justice
B.S., Seoul National University; M.A.,
Ohio State University.

WILLIAM MAYNARD HUTCHINS (1980)
Professor in the Department of
Philosophy and Religion
B.A., Yale University; M.A., Ph.D.,
University of Chicago.

EVA MARIAH HYATT (1990)
Professor in the Department of
Marketing
B.A., University of California at
Berkeley; M.B.A., Louisiana State
University; Ph.D., University of South
Carolina at Columbia.

TRENT ERIC IKERD (2007)
Instructor in the Department of Political
Science/Criminal Justice
B.S.C.J., M.A., Appalachian State
University.

WILLIAM HOWARD IRWIN III (2002)
Assistant Professor in the Department of
Language, Reading and Exceptionalities
B.A., M.S., The University of North
Carolina at Chapel Hill; Ph.D., Vanderbilt
University.

ANATOLY V. ISAENKO (2000)
Associate Professor in the Department of
History
B.A., M.A., North Ossetian State
University (Russia); Ph.D., Moscow
State University (Russia).

JAMES MAURICE IVORY (1996)
Associate Professor and Assistant Chair
of the Department of English
B.A., Wake Forest University; M.A.,
Ph.D., The University of North Carolina
at Chapel Hill.

KENNETH HOOD JACKER (1984)
Professor in the Department of
Computer Science
B.A., University of California at
Berkeley; M.S., Stanford University.

ALECIA YOUNGBLOOD JACKSON (2003)
Assistant Professor in the Department of
Curriculum and Instruction
B.S., University of Georgia; M.S.,
North Carolina State University; Ph.D.,
University of Georgia.

JAY CRAIG JACKSON (1992)
Associate Dean of the Hayes School of
Music; and Professor of Music
B.M., M.A., Appalachian State
University; D.M.A., The University of
Kansas.

MICHAEL G. JACOBSON (1996)
Professor and Chair of the Department of
Curriculum and Instruction
B.S., M.S., State University College,
Oneonta, New York; Ph.D., Michigan
State University.

DOUGLAS GOFF JAMES (1995)
Professor in the Hayes School of Music
B.C.A., University of North Carolina at
Charlotte; M.M., University of North
Carolina at Greensboro; D.M.A.,
University of Arizona, Tucson.

WILLIAM THOMAS JAMISON (1970)
Professor in the Department of
Leadership and Educational Studies
A.B., M.A.T., Ph.D., The University of
North Carolina at Chapel Hill.

JOHN J. JANOWIAK (1992)
Professor in the Department of
Curriculum and Instruction
B.S., University of Wisconsin, OshKosh;
M.S., University of Wisconsin, La
Crosse; Ph.D. University of Oregon,
Eugene.

DORIS MAYO JENKINS (1988)
Associate Dean of the Reich College of
Education; and Professor in the
Department of Curriculum and
Instruction
B.A., University of West Florida; M.A.,
University of South Alabama; Ph.D.,
University of South Carolina.

KENNETH D. JENKINS (1974)
Professor in the Department of
Leadership and Educational Studies
B.A.E., University of Florida; M.Ed.,
Ed.D., University of Miami.

WINFIELD SCOTT JESSEE (1989)
Associate Professor and Assistant Chair
of the Department of History
B.A., M.A., Florida State University;
Ph.D., University of Minnesota.

LIEUTENANT COLONEL DOUGLAS G. JETT (2003)
Professor and Chair of the Department of
Military Science and Leadership
B.S., Southwest Missouri State
University; M.A., Central Michigan
University.

LI JIN (2007)
Visiting Lecturer in the Department
of Foreign Languages and Literatures
(Chinese)
B.A., M.A., Huazhong University of
Science and Technology, China; Ph.D.,
University of South Florida.

DAVID A. JOHNSON (2005)
Assistant Professor in the Department of
History
B.A., University of Nevada, Reno; M.A.,
California State University; Ph.D.,
University of California at Irvine.

KENNETH W. JOHNSON (2001)
Assistant Professor and Librarian
B.A., Virginia Polytechnic Institute and
State University; M.L.I.S., University of
North Carolina at Greensboro; M.B.A.,
Appalachian State University.

MEGAN JOHNSON (2004)
Instructor and Librarian
B.A., Alfred University; M.L.I.S.,
University of North Carolina at
Greensboro.
ROBERT LEWIS JOHNSON (1980)
Senior Associate Dean for Research in the Cratis D. Williams Graduate School; and Professor in the Department of Health, Leisure and Exercise Science
B.S., Lenoir Rhyne; M.A., University of South Carolina; Ph.D., Louisiana State University.

JARROD JOHNSTON (2003)
Associate Professor in the Department of Finance, Banking and Insurance
B.A., Drake University; M.B.A., University of Kentucky; Ph.D., Florida Atlantic University.
GRADUATE FACULTY.

DOUGLAS LEE JONES (2005)
Distinguished Professor of Mathematics Education in the Department of Mathematical Sciences
B.A., Bethel College; M.A., Kansas University; Ed.D., University of Georgia.
GRADUATE FACULTY.

ROBERT J. JONES (1980)
Professor in the Department of Language, Reading and Exceptionalities; and Director of Research and Evaluation for the Appalachian Family Innovations Center
B.A., M.A., Ph.D., Southern Illinois University.
GRADUATE FACULTY.

WILLIAM L. JONES, JR. (2001)
Assistant Professor in the Hayes School of Music
B.M., University of Tennessee; M.M., Juilliard School of Music; D.M.A., University of Kentucky.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SARAH RITCHEY JORDAN (2003)
Associate Professor and Chair of the Department of Family and Consumer Sciences
B.S., University of Mississippi; M.S., University of Alabama; Ph.D., University of Tennessee at Knoxville.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

GARY DEWAIN KADER (1980)
Professor in the Department of Mathematical Sciences
B.S., M.S., Georgia Southern College; Ph.D., University of Georgia.
GRADUATE FACULTY.

REBECCA KAENZIG (1986)
Associate Professor in the Department of Accounting
B.A., Furman University; Ph.D., University of South Carolina.

SCOTT DUANE KALLESTAD (2006)
Assistant Professor in the Hayes School of Music
B.S., University of North Dakota; M.M., D.M.A., University of North Texas.

ECE KARATAN (2005)
Assistant Professor in the Department of Biology
B.S., Bogazici University (Istanbul, Turkey); M.S., Ph.D., University of Illinois at Urbana-Champaign.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Assistant Professor in the Department of Geography and Planning
B.A., Brown University; M.A., Ph.D., University of Colorado.
GRADUATE FACULTY.

TERRILL RAY KEASLER (1987)
Professor in the Department of Finance, Banking and Insurance
B.S., Livingston State University; M.A., Ph.D., University of Alabama, Tuscaloosa.

SUSAN ELAINE KEEFE (1978)
Professor in the Department of Anthropology
B.A., M.A., Ph.D., University of California, Santa Barbara.
GRADUATE FACULTY.

HARRY C. KEINER (2002)
Professor and University Archivist
B.A., Knox College; M.A., Ph.D., University of Connecticut.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RACHEL KELLER (2005)
Lecturer in the Department of Accounting
B.S., Duke University; M.S., Appalachian State University. CPA.

CLAUDIA L. KELLEY (1994)
Professor in the Department of Accounting
B.S., Waynesburg College; M.S., University of Illinois; M.T.A., Ph.D., University of Alabama. CPA.
GRADUATE FACULTY.

KEVIN GERARD KENNEDY (1989)
Professor in the Department of Foreign Languages and Literatures (German)
B.A., Concordia University at Montreal; M.A., McGill University at Montreal; Ph.D., The University of North Carolina at Chapel Hill.

MICHAEL WAYNE KERNODLE (1989)
Professor in the Department of Health, Leisure and Exercise Science
B.A., M.A., The University of North Carolina at Chapel Hill; Ph.D., University of Illinois at Urbana-Champaign.
GRADUATE FACULTY.

LARRY ROSS KIMBALL (1990)
Professor in the Department of Anthropology
B.A., The University of North Carolina at Chapel Hill; M.A. University of Tennessee; Ph.D., Northwestern University.

CHARLES (CHUCK) WILLIAM KIMMEL, JR. (2007)
Instructor in the Department of Health, Leisure and Exercise Science
B.A., University of Kentucky; M.A., East Tennessee State University.

KATHRYN JO KIRKPATRICK (1991)
Professor in the Department of English
B.A., Winthrop University; M.A., The University of North Carolina at Chapel Hill; Ph.D., Emory University.
GRADUATE FACULTY.

ANITA NARVAE TE KITCHENS (1973)
Professor in the Department of Mathematical Sciences
B.A., University of Texas; M.A., University of Arizona; Ed.D., University of North Carolina at Greensboro.
GRADUATE FACULTY.

JEREMIAH MUTIO KITUNDA (2005)
Assistant Professor in the Department of History
B.A., M.A., University of Nairobi, Kenya; M.A., Miami University of Ohio; Ph.D., University of Wisconsin, Madison.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RICHARD ERVIN KLIMA (2002)
Assistant Professor in the Department of Mathematical Sciences
B.S., Liberty University; M.S., Ph.D., North Carolina State University.
GRADUATE FACULTY.
VICKY WILLIAMS KLIMA (2003)  
Assistant Professor in the Department of Mathematical Sciences  
B.A., Erskine College; M.S., Ph.D., North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

CHERYL S. KNIGHT (1989)  
Professor in the Department of Curriculum and Instruction  
B.S., New Mexico State University; M.A., Appalachian State University; Ph.D., The University of North Carolina at Chapel Hill.  
GRADUATE FACULTY.

MICHAEL KNIGHT (2005)  
Assistant Professor in the Department of Computer Information Systems  
B.S., M.S., Ph.D., Southern Illinois University at Carbondale.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ANDREW MICHAEL KOCH (1995)  
Professor in the Department of Political Science/Criminal Justice  
B.A., New York University; M.A., Ph.D., University of California at Santa Barbara.  
GRADUATE FACULTY.

ERIC EDWARD KOONTZ (2005)  
Instructor in the Hayes School of Music  
B.M., B.S., C.P.A., Conservatory of Music at the University of Kansas; M.S., M.M.A., M.M., Ph.D., Yale University.

DAVID ALLEN KOPPENHAVER (2004)  
Professor in the Department of Language, Reading and Exceptionalities  
GRADUATE FACULTY.

LARRY J. KORTERING (1992)  
Professor in the Department of Language, Reading and Exceptionalities  
B.A., Hope College; M.S., University of Wisconsin, Madison; Ed.D., University of Washington, Seattle.  
GRADUATE FACULTY.

Professor in the Department of Mathematical Sciences  
B.A., M.A., Ph.D., University of South Florida.  
GRADUATE FACULTY.

TAMARA K. KOWALCZYK (2005)  
Associate Professor in the Department of Accounting  
B.S.A., St. Edward’s University; M.B.A., University of Texas; Ph.D., Texas A&M University. CPA.  
GRADUATE FACULTY.

MICHAEL LOUIS KRENN (2001)  
Professor and Chair of the Department of History  
B.A., Weber State College; M.A., University of Utah; Ph.D., Rutgers University.  
GRADUATE FACULTY.

CHARLES MICHAEL KRESZOCK (1976)  
Professor in the Department of Technology  
B.S., M.S., Clarion State College; Ed.D., Virginia Polytechnic Institute and State University.

MARTHA H. KRESZOCK (1984)  
Professor and Librarian; and Director of Distance Learning Library Services  
B.A., Emory and Henry College; M.A., Ed.S., Appalachian State University; Ed.D., The University of Tennessee at Knoxville.

PETER KRUSA (2006)  
Distinguished Professor in the Department of Technology  
B.A., St. Olaf College; M.S., Rochester Institute of Technology.

BARRY L. KURTZ (2000)  
Lowe’s Distinguished Professor of Computer Science  
B.S., California State Polytechnic University, Pomona; M.S., M.A., University of California, Riverside; Ph.D., University of California, Berkeley.  
GRADUATE FACULTY.

JACK KWONG (2005)  
Assistant Professor in the Department of Philosophy and Religion  
B.A., University of Lethbridge, Canada; Ph.D., University of Toronto, Canada.

MONICA A. LAMBERT (2001)  
Associate Professor in the Department of Language, Reading and Exceptionalities  
B.S., M.A., West Virginia University; Ed.D., Florida Atlantic University.  
GRADUATE FACULTY.

JAMES M. LANCASTER (2002)  
Assistant Professor in the Department of Human Development and Psychological Counseling  
GRADUATE FACULTY.

MING H. LAND (1983)  
Professor in the Department of Technology  
B.S., National Taiwan Normal University; M.S., Northern Illinois University; Ed.D., Utah State University.  
GRADUATE FACULTY.

MICHAEL EDWARD LANE (2000)  
Associate Professor in the Department of Foreign Languages and Literatures (French)  
B.A., Saint Lawrence University; M.A., State University of New York at Binghamton; Ph.D., The Pennsylvania State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROACHEL J. LANEY (1982)  
Assistant Professor in the Department of Health, Leisure and Exercise Science  
B.S., Catawba College; M.A., Middle Tennessee State University.

CHERYL L. LEE (1994)  
Professor in the Department of Family and Consumer Sciences  
B.S., M.S., Ph.D., Oklahoma State University.  
GRADUATE FACULTY.

TERESA EILEEN LEE (1988)  
Associate Professor in the Department of Theatre and Dance  
B.F.A., Memphis State University; M.F.A., University of North Carolina at Greensboro.

CHRISTINE POLLARD LEIST (2000)  
Lecturer in the Hayes School of Music  
B.M., Florida State University; M.M., University of Miami.

DANIEL E. LEITCH (2005)  
Assistant Professor in the Department of Language, Reading and Exceptionalities  
B.S., Bowling Green State University; M.S., University of Wisconsin-Stevens Point; Ph.D., University of Wisconsin-Madison.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.
LEON HENRY LEWIS (1972)
Professor in the Department of English
B.A., Oberlin College; M.A., University of Pennsylvania; Ph.D., State University of New York at Buffalo.
GRADUATE FACULTY.

CAMERON D. LIPPARD (2007)
Assistant Professor in the Department of Sociology and Social Work
B.A., Appalachian State University; M.A., Ph.D., Georgia State University.

CYNTHIA M. LIUTKUS (2005)
Assistant Professor in the Department of Geology
B.A., Bucknell University; M.S., Ph.D., Rutgers University.

SCOTT PAUL LUDWIG (2001)
Associate Professor in the Department of Art
B.A., University of Wisconsin-Parkside; M.F.A., Ohio University, School of Art.

TIMOTHY D. LUDWIG (1994)
Professor in the Department of Psychology
B.A., Lenoir-Rhyne College; M.A., Wake Forest University; Ph.D., Virginia Polytechnic Institute and State University.
GRADUATE FACULTY.

KENNETH PAUL LURIE (1987)
Professor in the Hayes School of Music
B.M., Ithaca College; M.M., Cleveland Institute of Music; D.M.A., Eastman School of Music.
GRADUATE FACULTY.

JESSE L. LUTABINGWA (2006)
Associate Vice Chancellor for International Education and Development; and Professor in the Department of Political Science/Criminal Justice
B.A., Wartburg College; Ph.D., Jackson State University.

SUSAN WYNN LUTZ (1996)
Associate Professor in the Department of Theatre and Dance
A.A., Saint Mary's Junior College; B.A., The University of North Carolina at Chapel Hill; M.F.A., University of North Carolina at Greensboro.

ROBERT DENNIS LYMAN (2005)
Dean of the College of Arts and Sciences; and Professor in the Department of Psychology
A.B., Brown University; M.A., Ph.D., University of Alabama.

ROSE KATHLEEN LYNCH-DAVIS (2003)
Assistant Professor in the Department of Curriculum and Instruction
B.A., M.Ed., The University of North Carolina at Wilmington; Ph.D., Indiana University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LYNNE DUVALL LYSIAK (1981)
Lecturer and Librarian
B.A., Ohio University; M.A., Appalachian State University.

KERN MAASS (2006)
Assistant Professor in the Department of Technology
B.A., M.F.A., Savannah College of Art and Design.

EMORY VIRGIL MAIDEN, JR. (1973)
Professor in the Department of English; and Director of the Summer Reading Program
B.A., University of Richmond; M.A., Ph.D., University of Virginia.

MARK L. MALLOY (2002)
Assistant Professor in the Department of Technology
B.A., New England College; M.F.A., Savannah College of Art and Design.

NANCY L. MAMLIN (1995)
Associate Professor in the Department of Language, Reading and Exceptionalities
B.S.Ed., Indiana University; M.A., Ph.D., University of Maryland.
GRADUATE FACULTY.

CLAIRE Z. MAMOLA (1972)
Professor in the Department of Curriculum and Instruction
A.B., State University of New York; M.A., Florida State University; Ed.D., University of North Carolina at Greensboro.

KARL CHARLES MAMOLA (1972)
Professor in the Department of Physics and Astronomy; and Editor of The Physics Teacher
B.S., State University of New York at Stony Brook; M.S., Florida State University; Ph.D., Dartmouth College.

PAUL EUGENE MANCE (1976)
Lecturer in the Department of Health, Leisure and Exercise Science; and Head Wrestling Coach
B.S., M.A., Appalachian State University.

VICTOR NEWELL MANSURE (1991)
Associate Professor in the Hayes School of Music
B.M.E., Northern Arizona University; M.F.A., University of Iowa; D.M.A., The University of Oregon.
GRADUATE FACULTY.

RONALD E. MARDEN (1995)
Professor in the Department of Accounting
B.A., M.A., Florida Atlantic University; Ph.D., University of South Florida. CPA.
GRADUATE FACULTY.

MARTHA ANN MARKING (1987)
Professor in the Department of Theatre and Dance

DIANE B. MARKS (2006)
Assistant Professor in the Department of Curriculum and Instruction
B.A., University of Massachusetts; M.A., Rollins College; Ph.D., University of Florida.
ERIC STEPHEN MARLAND (2000)
Associate Professor in the Department of Mathematical Sciences
B.S., Virginia Polytechnic Institute and State University; M.S., Ph.D., University of Utah.

GRADUATE FACULTY.

DAVID CRAIG MARLETT (2003)
Associate Professor and Chair of the Department of Finance, Banking and Insurance
B.S., Ph.D., Florida State University.

MICHAEL J. MARLOWE (1986)
Professor in the Department of Language, Reading and Exceptionalities
B.A., University of Kentucky; M.S., Indiana University; Ph.D., University of Florida.

GRADUATE FACULTY.

DOROTHEA A.L. MARTIN (1986)
Professor in the Department of History
B.A., University of New Orleans; M.A., University of California-San Diego; Ph.D., University of Utah.

GRADUATE FACULTY.

HOLLY E. MARTIN (2002)
Assistant Professor in the Department of English
B.A., Northern Arizona University; M.A., Arizona State University; Ph.D., Emory University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

VICKI JOAN MARTIN (1999)
Professor in the Department of Biology
B.S., University of North Carolina at Charlotte; M.A., Ph.D., Wake Forest University.

GRADUATE FACULTY.

ROBIN MARTINDALE (1987)
Professor in the Department of Art
B.C.A., University of North Carolina at Charlotte; M.F.A., The University of North Carolina at Chapel Hill.

ALVARO MARTINELLI (1974)
Professor in the Department of Accounting
Laurea, University of Genoa, Italy; M.B.A., Ph.D., North Texas State University.

Assistant Professor in the Department of Theatre and Dance
B.A., College of Saint Benedict; M.A., University of Warwick; Ph.D., University of Wisconsin at Madison.

DENISE MICHELE MARTZ (1994)
Professor in the Department of Psychology
B.S., M.S., Ph.D., Virginia Polytechnic Institute and State University.

GRADUATE FACULTY.

ANDREW PAUL MASON (1999)
Adjunct Professor in the Department of Chemistry
B.S., State University of New York; Ph.D., The University of North Carolina at Chapel Hill.

JACOB MATOVU (1986)
Associate Professor in the Department of Communication
B.A., University of East Africa; M.A., Wheaton College; Ph.D., University of Iowa.

ROSEMARIE MATUSZNY (2003)
Assistant Professor in the Department of Language, Reading and Exceptionalities

ASSOCIATE MEMBER OF GRADUATE FACULTY.

KATHERINE JANE MAWHINNEY (2003)
Assistant Professor in the Department of Mathematical Sciences
B.A., University of North Carolina at Asheville; M.S., Ph.D., North Carolina State University.

MICHAEL WELLS MAYFIELD (1988)
Professor in the Department of Geography and Planning
B.S., Western Carolina University; M.S., Ph.D., University of Tennessee at Knoxville.

GRADUATE FACULTY.

LISA STASCO McANULTY (2000)
Associate Professor in the Department of Family and Consumer Sciences
B.S., University of Florida; M.S., Texas Tech University; Ph.D., Auburn University.

GRADUATE FACULTY.

STEVEN R. McANULTY (2002)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.A., M.A., Ph.D., Auburn University.

GRADUATE FACULTY.

JEFFREY M. McBRIDE (2003)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.S., West Virginia University; M.S., The Pennsylvania State University; Ph.D., Southern Cross University.

GRADUATE FACULTY.

KELLY RHODES McBRIDE (1997)
Assistant Professor and Librarian
A.A., Montreat College; B.A., Clark Atlanta University; M.S., University of Tennessee; Ed.D., Appalachian State University.

HENRY M. McCarthy (1977)
Associate Professor in the Department of Curriculum and Instruction
B.S., East Tennessee State University; M.A., University of Kentucky; Ed.D., University of Tennessee.

MARTHA McCaUGHEY (2003)
Professor in the Department of Interdisciplinary Studies
B.A., University of Michigan, Ann Arbor; M.A., Ph.D., University of California, Santa Barbara.

GRADUATE FACULTY.

TANGA M. McDaniel (2003)
Assistant Professor in the Department of Economics
B.S., Ph.D., University of South Carolina.
Assistant Professor in the Department of Psychology  
B.A., University of North Carolina at Asheville; M.A., Ph.D., University of North Carolina at Greensboro.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

GRACE ELIZABETH McENTEE (1987)  
Professor in the Department of English  
B.A., M.Ed., East Texas State University; Ed.D., North Texas State University.  
GRADUATE FACULTY.

C. KENNETH MCEWIN, JR. (1973)  
Professor in the Department of Curriculum and Instruction  
B.S., M.Ed., East Texas State University; Ed.D., North Texas State University.  
GRADUATE FACULTY.

MARGARET McFADDEN (1975)  
Professor in the Department of Interdisciplinary Studies  
B.A., University of Denver; A.M., Boston University; Ph.D., Emory University.  
GRADUATE FACULTY.

CINDY GAYLE McGAHA (2000)  
Associate Professor in the Department of Family and Consumer Sciences  
B.A., Berea College; M.S., Ph.D., University of North Carolina at Greensboro.  
GRADUATE FACULTY.

WILLIAM AUGUSTUS McGALLIARD (1980)  
Professor in the Department of Mathematical Sciences  
B.S., M.A., Appalachian State University; Ph.D., University of Georgia.

RICHARD GALE McGARRY (1992)  
Professor in the Department of Foreign Languages and Literatures (Linguistics and ESL)  
B.A., Wake Forest University; M.Div., Union Theological Seminary; M.A., Ph.D., University of Florida at Gainesville.  
GRADUATE FACULTY.

THOMAS ANDREW McGOWAN (1972)  
Professor in the Department of English  
B.A., University of Notre Dame; M.A., Ph.D., University of Virginia.  
GRADUATE FACULTY.

ROBERT NEIL McKEATHAN (1998)  
Associate Professor in the Department of Health, Leisure and Exercise Science  
B.S., M.S., Appalachian State University; Ed.D., University of North Carolina at Greensboro.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

CATHY HARBISON MCKINNEY (1997)  
Professor in the Hayes School of Music  
B.S., Duke University; M.A., University of Northern Colorado; Ph.D., University of Miami.  
GRADUATE FACULTY.

HAROLD VAN MCKINNEY (1978)  
Professor in the Hayes School of Music  
B.S., Appalachian State University; M.M., D.A., University of Northern Colorado.  
GRADUATE FACULTY.

THOMAS MICHAEL McLAUGHLIN (1977)  
Professor in the Department of English  
B.A., La Salle College; M.A., Ph.D., Temple University.  
GRADUATE FACULTY.

ROBERT EDWARD McMAHON (1980)  
Lecturer in the Department of Marketing  
B.S.B.A., M.B.A., Appalachian State University.

Assistant Professor in the Department of Finance, Banking and Insurance  
B.S., Wake Forest University; Ph.D., University of South Carolina.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ALICE ANNE MCRAE (1994)  
Associate Professor in the Department of Computer Science  
B.S., University of Virginia; M.S., Ph.D., Clemson University.  
GRADUATE FACULTY.

LARRY T. McRAE (1977)  
Associate Professor in the Department of Economics  
B.A., University of South Florida; Ph.D., The University of North Carolina at Chapel Hill.

BEVERLY DAWN MEDLIN (1988)  
Associate Professor and Interim Chair of the Department of Computer Information Systems  
B.A., M.A., Appalachian State University; Ed.D., Virginia Polytechnic Institute and State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SCOTT ROBERT MEISTER (1974)  
Professor in the Hayes School of Music  
B.M., Ashland University; M.M., D.M.A., University of Miami.  
GRADUATE FACULTY.

JEANNE A. MERCER-BALLARD (2004)  
Assistant Professor in the Department of Technology  
B.F.A., Iowa State University; M.A., Cornell University.

KURT DAVID MICHAEL (1999)  
Associate Professor in the Department of Psychology  
B.A., University of Colorado at Boulder; M.S., Ph.D., Utah State University.  
GRADUATE FACULTY.

ARA EDISON MIDGETT (1988)  
Professor in the Department of Art  

JUDY KAY MILER (2003)  
Associate Professor in the Department of Family and Consumer Sciences  
B.S., M.S., Ph.D., University of Tennessee at Knoxville.

DOUGLAS EVAN MILLER (1980)  
Professor in the Hayes School of Music  
B.M.E., University of North Carolina at Greensboro; M.M.A., Manhattan School of Music; Ed.D., University of North Carolina at Greensboro.  
GRADUATE FACULTY.

EUGENE LOUIS MILLER, JR. (1977)  
Professor in the Department of English  
B.A., Xavier University; M.A., Ph.D., University of Toledo.

GERALDINE A. MILLER (1992)  
Professor in the Department of Human Development and Psychological Counseling  
B.A., Moorhead State University; M.S.E., University of Wisconsin-River Falls; Ph.D., Ball State University.  
GRADUATE FACULTY.
RAY MILLER (2005)
Professor in the Department of Theatre and Dance
B.S., Kent State University; M.S., Ph.D., University of Oregon.

WENDY E. MILLER (2006)
Instructor in the Department of Nursing
B.S.N., Oral Roberts University; M.S.N., Loyola University of Chicago; Doctor of Nursing Practice, Rush University.

SUSAN WILSON MILLS (2006)
Associate Professor in the Department of Language, Reading and Exceptionalities
B.A., Rollins College; M.A., Ed.D., University of Central Florida.

DIANE PAULL MINES (1999)
Associate Professor in the Department of Anthropology
B.A., University of Washington; M.A., Ph.D., University of Virginia.

STEPHEN WATTS MILLSAPS (1972)
Professor in the Department of Economics
B.S., Ph.D., North Carolina State University.

PAMELA MITCHEM (2004)
Assistant Professor and Librarian
B.A., Gardner-Webb University; M.A., Ed.S., Appalachian State University.

DEVERY R. MOCK (2006)
Assistant Professor in the Department of Language, Reading and Exceptionalities
B.A., The University of North Carolina at Chapel Hill; M.A., Appalachian State University; Ph.D., University of Virginia.

DEREK JASON MOHR (2000)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.S., Appalachian State University; M.A., Ed.D., West Virginia University.

NINA-JO MOORE (1987)
Associate Dean of the College of Fine and Applied Arts; and Professor in the Department of Communication
B.A., University of South Florida; M.A., University of Georgia; Ph.D., University of Maryland.

GARY B. MOORMAN (1980)
Professor in the Department of Language, Reading and Exceptionalities
B.A., M.A., Ph.D., Arizona State University.
GRADUATE FACULTY.

JANE HARRISON MORGAN (1999)
Assistant Professor in the Department of Communication
B.S., East Tennessee State University; Ph.D., The University of Tennessee at Knoxville.

JAMES SHADE MORRIS, JR. (1973)
Lecturer in the Department of Health, Leisure and Exercise Science
B.A., Milligan College; M.A., The University of North Carolina at Chapel Hill.

R. DARRELL MORRIS (1989)
Professor in the Department of Language, Reading and Exceptionalities; and Director of the Reading Clinic
B.A., Randolph-Macon College; M.A., University of Richmond; Ed.D., University of Virginia.
GRADUATE FACULTY.

BEVERLY ANN MOSER (1997)
Associate Professor in the Department of Foreign Languages and Literatures (German)
B.S., M.S., Ph.D., Georgetown University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Practitioner-in-Residence and Director of Advising in the Department of Psychology
B.A., Lenoir-Rhyne College; M.S.W., University of Kansas.

JAMIE LYNN MOUL (1987)
Associate Professor in the Department of Health, Leisure and Exercise Science
B.S., West Chester State College; M.Ed., University of Virginia; Ed.D., University of North Carolina at Greensboro.

CHISHIMBA NATHAN MOWA (2005)
Assistant Professor in the Department of Biology
B.V.M., University of Zambia (Lusaka, Zambia); M.V.M., Glasgow University (Glasgow, Scotland); Ph.D., Hokkaido University (Sapporo, Japan).
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROBERT MUFOLETO (1998)
Professor in the Department of Curriculum and Instruction
B.S., M.F.A., State University of New York at Buffalo; Ph.D., University of Wisconsin at Madison.
GRADUATE FACULTY.

KENNETH BRADLEY MUIR (1998)
Associate Professor in the Department of Sociology and Social Work
B.A., Oakland University; M.A., University of Florida; Ph.D., Virginia Polytechnic Institute and State University.
GRADUATE FACULTY.

JOHN P. MULGREW (1971)
Professor in the Department of Human Development and Psychological Counseling
B.S., Fordham University; M.S., St. John’s University; Ph.D., Florida State University; ABPP, Counseling Psychology.
GRADUATE FACULTY.

KENNETH LEE MULLEN (1992)
Associate Professor in the Department of Political Science/Criminal Justice
B.S., California State University, Hayward; M.S., California State University, Sacramento; Ph.D., State University of New York, Albany.
GRADUATE FACULTY.

DANIEL S. MURPHY (2003)
Assistant Professor in the Department of Political Science/Criminal Justice
B.S., University of Wisconsin-Madison; M.A., University of Wisconsin-Milwaukee; Ph.D., Iowa State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOSEPH R. MURPHY (1975)
Professor in the Department of Curriculum and Instruction
B.A., Davidson College; M.A.T., Emory University; M.A., University of Texas at Austin.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MICHAEL MURRAY (2002)
Lecturer in the Department of Computer Information Systems
B.S., State University of New York, Stonybrook; M.B.A., Jacksonville University.
ZACK ERNEST MURRELL (1998)
Associate Professor in the Department of Biology
B.S., Davidson College; M.S., University of Tennessee at Knoxville; Ph.D., Duke University.
GRADUATE FACULTY.

RICHARD J. NAGLE (2006)
Distinguished Visiting Professor in the Department of Psychology
B.S., Fairfield University; M.A., University of Akron; Ph.D., Columbia University.

MARIA PATRICIA NAPIORSKI (2004)
Assistant Professor in the Department of Foreign Languages and Literatures (Spanish)
B.A., M.A., University of St. Thomas (Houston); Ph.D., University of Houston.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

BRADLEY NASH, JR. (2002)
Assistant Professor in the Department of Sociology and Social Work
B.S., Northland College; M.A., Central Michigan University; Ph.D., Virginia Polytechnic Institute and State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ALICE P. NAYLOR (1977)
Professor in the Department of Language, Reading and Exceptionalities; and Director of the Ed.D. Program in Educational Leadership in the Reich College of Education
B.A., M.A., University of Wisconsin; Ph.D., University of Toledo.
GRADUATE FACULTY.

GARY M. NEMCOSKY (1989)
Associate Professor in the Department of Art
B.F.A., West Virginia University; M.F.A., East Carolina University.

HOWARD SCOTT NEUFELD (1987)
Professor in the Department of Biology
B.S., Rutgers University; M.Forestry, Yale University; Ph.D., University of Georgia.
GRADUATE FACULTY.

Assistant Professor in the Department of Political Science/Criminal Justice
B.A., University of Florida; M.A., University of South Florida; M.A., University of Birmingham; Ph.D., The University of North Carolina at Chapel Hill.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

DAVID CHRISTOPHER NIEMAN (1990)
Professor in the Department of Health, Leisure and Exercise Science
B.S., Pacific Union College; MPH, DHSc, Loma Linda University.
GRADUATE FACULTY.

CYNTHIA ANNE NORRIS (1995)
Associate Professor in the Department of Computer Science
B.S., St. Mary's College of Maryland; M.S., Texas A&M University; Ph.D., University of Delaware, Newark.
GRADUATE FACULTY.

JANE P. NORWOOD (1980)
Professor in the Department of Curriculum and Instruction
A.B., Coker College; M.Ed., Ph.D., University of South Carolina.

E. JANE NOWACEK (1990)
Professor in the Department of Language, Reading and Exceptionalities
B.A., University of Michigan; M.Ed., Ph.D., University of Virginia.
GRADUATE FACULTY.

HAROLD STEPHEN O'BRYANT (1982)
Assistant Professor in the Department of Health, Leisure and Exercise Science
B.S., M.A., Appalachian State University; Ph.D., Louisiana State University.
GRADUATE FACULTY.

SANDRA B. OLDENDORF (2001)
Associate Professor in the Department of Curriculum and Instruction
B.S., M.S., Illinois State University; Ed.D., University of Kentucky.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

GEORGE H. OLSON (1991)
Professor in the Department of Leadership and Educational Studies
B.A., American International College; M.A., University of New Hampshire; Ph.D., Florida State University.
GRADUATE FACULTY.

MARGOT ALLENSWORTH OLSON (1996)
Professor in the Department of Technology
B.S., Carnegie-Mellon University; M.S., Ph.D., Florida State University.
GRADUATE FACULTY.

ELAINE J. O'QUINN (1999)
Associate Professor in the Department of English
B.A., M.A., East Tennessee State University; Ph.D., Virginia Polytechnic Institute and State University.
GRADUATE FACULTY.

PAUL T. ORKISZEWSKI (2002)
Associate Professor and Librarian
B.M., M.M., Rice University; M.L.I.S., University of Texas at Austin.

MICHAEL W. OSBORNE (2005)
Practitioner-in-Residence in the Department of Health, Leisure and Exercise Science
B.S., Appalachian State University; M.S., North Carolina A&T State University.

CONRAD EUGENE OSTWALT, JR. (1988)
Professor and Chair of the Department of Philosophy and Religion
B.A., The University of North Carolina at Chapel Hill; M.Div., Southeastern Baptist Theological Seminary; Ph.D., Duke University.
GRADUATE FACULTY.

RANDALL D. OUTLAND (1995)
Lecturer in the Hayes School of Music
B.M., University of Tennessee at Knoxville; M.M., Catholic University of America.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LINDA C. PACIFICI (1999)
Associate Professor in the Department of Curriculum and Instruction
B.A., Virginia Polytechnic Institute and State University; M.S., Radford University; Ph.D., Virginia Polytechnic Institute and State University.
GRADUATE FACULTY.

AMY DELLINGER PAGE (2005)
Assistant Professor in the Department of Sociology and Social Work
B.A., University of North Carolina at Wilmington; M.A., Radford University; Ph.D., University of Tennessee.
ANN LOUISE PAGE (1978)
Professor in the Department of Sociology and Social Work
A.B., M.A., Marshall University; Ph.D., University of Tennessee.

KATRINA MARIE PALMER (2004)
Assistant Professor in the Department of Mathematical Sciences
B.S., Roanoke College; M.A., Appalachian State University; Ph.D., Emory University.
GRADUATE FACULTY.

O’HYUN PARK (1971)
Professor in the Department of Philosophy and Religion
B.D., Yonsei University; Ph.D., Temple University.

DOLORES ANN PARKS (1991)
Professor in the Department of Computer Science
B.A., M.S., Ph.D., University of Kentucky.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JAMES RICHARD PEACOCK (2003)
Assistant Professor in the Department of Sociology and Social Work
B.Phil., M.G.S., Miami University (Oxford, Ohio); Ph.D., The University of Akron.
GRADUATE FACULTY.

KENNETH E. PEACOCK (1983)
Chancellor; and Professor in the Department of Accounting
B.S., Mars Hill College; M.S., Ph.D., Louisiana State University.

JULIA A. PEDIGO (1985)
Professor in the Hayes School of Music
B.M.E., Illinois Wesleyan University; M.M., College-Conservatory of Music, University of Cincinnati; A.M.D., The University of Michigan.
GRADUATE FACULTY.

MYRA LEA PENNELL (1996)
Professor in the Department of History
B.S., M.A., Appalachian State University; Ed.D., University of North Carolina at Greensboro.
GRADUATE FACULTY.

SHARON SMITH PENNELL (1978)
Associate Professor in the Department of Communication
B.S., M.A., Appalachian State University; Ph.D., Walden University.

LUIS PEREZ-BATRES (2006)
Assistant Professor in the Department of Management
B.S., ITESM, Monterrey Tech, Mexico; M.S., University of Illinois at Urbana-Champaign; Ph.D., Texas A&M University.

TIMOTHY JAMES PERRI (1980)
Professor in the Department of Economics
B.S., The University of Kentucky; M.A., Ph.D., Ohio State University at Columbus.
GRADUATE FACULTY.

L. BAKER PERRY (2007)
Adjunct Assistant Professor in the Department of Geography and Planning
B.A., Duke University; M.A., Appalachian State University; Ph.D., The University of North Carolina at Chapel Hill.

SUSAN S. PERRY (2004)
Clinical Instructor in the Department of Health, Leisure and Exercise Science
B.S., The University of North Carolina at Chapel Hill; M.S., University of North Carolina at Greensboro.

ELLEN LAWRENCE PESKO (2004)
Assistant Professor in the Department of Language, Reading and Exceptionalities
B.A., Old Dominion University; M.A., Eastern Michigan University; Ph.D., University of Michigan.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

Assistant Professor in the Department of Political Science/Criminal Justice
B.S., M.A., Ph.D., University of Missouri-St. Louis.
GRADUATE FACULTY.

SHEILA RAE PHIPPS (1998)
Associate Professor in the Department of History
B.A., Clinch Valley College of the University of Virginia; M.A., Ph.D., College of William and Mary.
GRADUATE FACULTY.

LAUREN PILLOTE (2005)
Assistant Professor in the Department of Technology
Bachelor of Interior Design, Michigan State University; M.A., Regis University.

ALEXANDER HARRIS PITOFSKY (2001)
Associate Professor in the Department of English
B.A., Columbia University; J.D., Georgetown University; Ph.D., University of Virginia.
GRADUATE FACULTY.

SUSAN MAYFIELD POGOLOFF (1997)
Associate Professor in the Department of Language, Reading and Exceptionalities
B.S.Ed., University of Oklahoma; M.S., Ph.D., University of Wisconsin-Madison.
GRADUATE FACULTY.

CAROL POLLARD (2005)
Professor in the Department of Computer Information Systems
B.S., M.B.A., Ph.D., University of Pittsburgh.
GRADUATE FACULTY.

WILLIAM B. POLLARD (1981)
Professor in the Department of Accounting
B.A., Mars Hill College; M.A., Appalachian State University; Ph.D., University of South Carolina.
GRADUATE FACULTY.

PHOEBE A. POLLITT (2007)
Clinical Coordinator in the Department of Nursing
B.S.N., The University of North Carolina at Chapel Hill; M.A., Appalachian State University; Ph.D., University of North Carolina at Greensboro.

JOSEPH THOMAS POLLOCK (1981)
Associate Professor in the Department of Physics and Astronomy
B.S., M.S., The Pennsylvania State University; Ph.D., University of Florida.

MONICA TEIXEIRA POMBO (2003)
Assistant Professor in the Department of Communication
B.A., Cleveland State University; M.A., Ph.D., Ohio University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JANICE TALLEY POPE (1995)
Professor and Assistant Chair of the Department of Communication
B.A., M.A., Ph.D., University of Alabama.
ASSOCIATE MEMBER OF GRADUATE FACULTY.
PRISCILLA PEEBLES PORTERFIELD (1990)  
Associate Professor in the Hayes School of Music  

RICHARD WILLIAM POUDER (2000)  
Associate Professor in the Department of Management  
B.S., M.S., State University of New York at Stony Brook; Ph.D., University of Connecticut.  
GRADUATE FACULTY.

HEATHER PAIGE PRESTON (2001)  
Lecturer in the Department of Communication  
B.S., M.S., Ohio University.

JAMMIE LYNN PRICE (2004)  
Professor in the Department of Sociology and Social Work  
B.A., The Catholic University of America; M.A., East Carolina University; Ph.D., North Carolina State University.

ALVIN C. PROFFIT (2006)  
Associate Professor in the Department of Leadership and Educational Studies  
B.A., M.A., Marshall University; Ed.D., West Virginia University.  
GRADUATE FACULTY.

MARK W. PRUETT (2003)  
Assistant Professor in the Department of Management  
B.S.B.A., M.B.A., The University of North Carolina at Chapel Hill; Ph.D., University of Illinois at Urbana-Champaign.

LIBBY G. PUCKETT (2005)  
Assistant Professor in the Department of Chemistry  
B.S., Eastern Kentucky University; Ph.D., University of Kentucky.

ERIC LLOYD PURVES (1986)  
Professor in the Department of Art  
B.S., Southwest Missouri State University; M.F.A., Wichita State University; Ph.D., University of Missouri-Columbia.

ARTHUR J. QUICKENTON (1979)  
Associate Professor in the Department of Curriculum and Instruction  
B.A., Marist College; M.S.Ed., Texas A&M University; Ph.D., University of Texas at Austin.

JOHN C. QUINDRY (2005)  
Assistant Professor in the Department of Health, Leisure and Exercise Science  
B.S., M.S., Illinois State University; Ph.D., Quillen College of Medicine, East Tennessee State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ERIK RABINOWITZ (2005)  
Assistant Professor in the Department of Health, Leisure and Exercise Science  
B.A., Colorado State University; M.S., Ed.D., Southern Illinois University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

BRIAN WILLIAM RAYCHE (2004)  
Assistant Professor in the Department of Technology  
B.S., West Chester University; Ph.D., North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MICHAEL B. RAYME (2003)  
Assistant Professor in the Department of Chemistry  
B.S., Virginia Polytechnic Institute and State University; Ph.D., The University of Florida.

JEFFREY EARL RAMSDELL (2003)  
Associate Professor in the Department of Technology  
B.S.M.E., University of Florida; M.B.A., Rollins College; Ph.D., University of Central Florida.  
GRADUATE FACULTY.

COLIN TUCKER RAMSEY (2002)  
Assistant Professor in the Department of English  
B.A., University of Iowa; M.A., University of Arkansas at Little Rock; Ph.D., University of Missouri.  
GRADUATE FACULTY.

THOMAS PATRICK RARDIN (1988)  
Associate Professor in the Department of Philosophy and Religion  
A.B., Ohio University; M.A., Ph.D., Washington University in St. Louis.

ALI RAZA (2004)  
Assistant Professor in the Department of Art  
B.F.A., National College of Arts, Lahore, Pakistan; M.F.A., University of Minnesota.

GREGORY GEORGE RECK (1972)  
Professor and Chair of the Department of Anthropology  
B.A., University of Houston; M.A., Ph.D., Catholic University of America.

RANDALL W. REED (2007)  
Assistant Professor in the Department of Philosophy and Religion  
B.A., California State University-Northridge; M.A., Claremont Graduate University; Ph.D., University of Chicago.

KAREN S. REESMAN (2005)  
Associate Professor in the Department of Nursing  
B.S., Rutgers University; M.A., New York University; Ph.D., University of Tennessee at Knoxville.

THOMAS MURRAY RHEEVE (1998)  
Practitioner-in-Residence in the Department of Technology  
A.A., Sandhills Community College; B.S., Appalachian State University.

ERIC FILLMORE REICHARD (1973)  
Professor in the Department of Technology  
A.S., Lees-McRae College; B.S., M.A., Ed.S., Appalachian State University.

MARY L. REICHEL (1992)  
Professor and University Librarian  
B.A., Grinnell College; M.Sc.Econ., University of Wales; M.A., University of Denver; Ph.D., Georgia State University.

PETER CROLL REICHL (1974)  
Professor in the Department of Interdisciplinary Studies  
A.B., M.S.W., M.P.H., DR.P.H., The University of North Carolina at Chapel Hill.

DAVID A. REID (2003)  
Assistant Professor in the Department of History  
B.A., University of California-Berkeley; M.A., Ph.D., University of Wisconsin-Madison.

LAUREN E. RENKERT (2000)  
Lecturer in the Department of Sociology and Social Work  
A.A., Palm Beach Junior College; B.S.W., Florida Atlantic University; M.S.W., Barry University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.
The Register

ARTHUR BARNARD REX (1981)
Lecturer in the Department of Geography and Planning; and Director of Space Management and Planning
B.A., Slippery Rock State College; M.A., Appalachian State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RODNEY THOMAS REYNERSON (1980)
Professor in the Hayes School of Music
B.M., Murray State University; M.M., D.M., Indiana University.
GRADUATE FACULTY.

GEORGIA BESS RHOADES (1991)
Professor in the Department of English
B.A., M.A., Western Kentucky University; Ph.D., University of Louisville.
GRADUATE FACULTY.

GREGORY SCOTT RHOADS (1995)
Associate Professor in the Department of Mathematical Sciences
B.S., Virginia Polytechnic Institute and State University; M.S., Ph.D., Purdue University.
GRADUATE FACULTY.

RICHARD E. RIEDL (1989)
Professor in the Department of Leadership and Educational Studies
B.A., Cornell College; M.A., University of Akron; Ph.D., Arizona State University.
GRADUATE FACULTY.

JANICE GERTRUDE RIENERTH (1973)
Professor in the Department of Sociology and Social Work
B.A., B.S., Ohio University; M.A., Ph.D., Southern Illinois University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

LAURIE A. RIVERA (2005)
Lecturer in the Department of Health, Leisure and Exercise Science
B.S., Appalachian State University; M.Ed., The Citadel.

GWEN DOLY M. ROBBINS (2007)
Assistant Professor in the Department of Anthropology
B.S., M.S., Ph.D., University of Oregon.

FORREST DOUGLAS ROBERTS (2002)
Assistant Professor in the Department of Accounting
B.B.A., Southern Arkansas University; M.B.A., University of Arkansas; Ph.D., University of Tennessee. CPA.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

KAREN LEE ROBERTSON (1995)
Associate Professor in the Hayes School of Music
B.M., University of Tennessee at Knoxville; M.M., University of Cincinnati; D.M.A., University of Missouri at Kansas City.

MATTHEW BARNET ROBINSON (1997)
Associate Professor in the Department of Political Science/Criminal Justice
B.S., M.S., Ph.D., The Florida State University.
GRADUATE FACULTY.

COURTNEY A. ROCHELEAU (2005)
Assistant Professor in the Department of Psychology
B.S., Colorado State University; M.A., University of Colorado; Ph.D., University of Colorado-Boulder.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SUSAN DIANE ROGENKAMP (2000)
Associate Professor in the Department of Management; and Director of the Health Care Management Program
B.A., Appalachian State University; M.H.A., Ph.D., Virginia Commonwealth University.

SUNGHOO ROH (2005)
Assistant Professor in the Department of Political Science/Criminal Justice
B.A., Korea National Police University; M.A., Florida State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

THOMAS LEO ROKOSKE (1964)
Professor in the Department of Physics and Astronomy
B.S., Loyola University; M.S., Florida State University; Ph.D., Auburn University.
GRADUATE FACULTY.

ANN KATRIN ROSE (2005)
Assistant Professor in the Department of Biology
B.S., Ph.D., University of Hamburg, Germany.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SARAH ELIZABETH ROSE (1992)
Professor in the Hayes School of Music
B.M., East Carolina University; M.M., Appalachian State University; Ph.D., University of North Carolina at Greensboro.
GRADUATE FACULTY.

EDWIN ROSENBERG (1991)
Professor in the Department of Sociology and Social Work; and Director of the Gerontology Program
B.A., Michigan State University; M.A., Ph.D., University of Southern California.
GRADUATE FACULTY.

JOHN STANLEY ROSS (2006)
Associate Professor in the Hayes School of Music
B.M.E., Olivet College; M.M., University of Michigan; D.M.A., Michigan State University.

IVAN CARL ROTEN (2001)
Associate Professor in the Department of Finance, Banking and Insurance
B.S., North Carolina State University; M.B.A., Ed.D., Appalachian State University; Ph.D., University of Kentucky.
GRADUATE FACULTY.

JAN C. ROWE (1988)
Adjunct Instructor in the Department of Health, Leisure and Exercise Science
B.A., Slippery Rock University of Pennsylvania; M.A., Ed.D., Appalachian State University.

RAYMOND S. RUBLE (1970)
Professor in the Department of Philosophy and Religion
B.A., M.A., Northern Illinois University; Ph.D., University of Wisconsin.

LISA ADKINS RUNNER (2006)
Assistant Professor in the Hayes School of Music
B.A., Milligan College; M.A., East Tennessee State University; Ed.D., Appalachian State University.

CARL RAY RUSSELL (1991)
Associate Professor in the Department of Computer Science
B.A., Freed-Hardeman College; M.S., Memphis State University; M.S., Ph.D., Georgia Institute of Technology.
PHILLIP EUGENE RUSSELL (2007)
Distinguished Professor of Science Education; and Professor in the Department of Physics and Astronomy
B.S., Appalachian State University; M.S., West Virginia University; Ph.D., University of Florida.
GRADUATE FACULTY.

CURTIS R. RYAN (2002)
Associate Professor in the Department of Political Science/Criminal Justice
B.A., Drew University; M.A.; Ph.D., The University of North Carolina at Chapel Hill.
GRADUATE FACULTY.

L. ARTHUR SAFER (2000)
Professor in the Department of Leadership and Educational Studies
B.A., Miami University of Ohio; M.Ed., Xavier University; M.P.A., Harvard University; Ph.D., Northwestern University.
GRADUATE FACULTY.

JON M. SAKEN (2005)
Assistant Professor in the Department of Physics and Astronomy
B.S., Massachusetts Institute of Technology; M.S., Ph.D., University of Colorado.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

RENÉ ARMANDO SALINAS (2004)
Assistant Professor in the Department of Mathematical Sciences
B.S., B.S., Texas A&M, Kingsville; Ph.D., University of Tennessee at Knoxville.
GRADUATE FACULTY.

TRACIE McLEMORE SALINAS (2004)
Assistant Professor in the Department of Mathematical Sciences
B.S., William Carey College; M.S., Ph.D., University of Tennessee at Knoxville.
GRADUATE FACULTY.

LYNN MOSS SANDERS (1987)
Professor in the Department of English; and Coordinator of the Heltzer Honors Program
B.S., M.A., Appalachian State University; Ph.D., The University of North Carolina at Chapel Hill.

ROBERT L. SANDERS (2003)
Assistant Professor in the Department of Leadership and Educational Studies
B.S., Indiana University; M.L.I.S., University of Kentucky; Ed.D., University of Cincinnati.
GRADUATE FACULTY.

JOSE ALMER T. SANQUI (2003)
Assistant Professor in the Department of Mathematical Sciences
B.S., University of the Philippines at Los Banos; M.S., University of the Philippines at Diliman; Ph.D., Bowling Green State University.
GRADUATE FACULTY.

MARGARET FAYE SAWYER (1977)
Professor in the Department of Sociology and Social Work
B.A., North Carolina State University; M.A., University of Tennessee; Ph.D., North Carolina State University.
GRADUATE FACULTY.

DENNIS MICHAEL SCANLIN (1984)
Professor in the Department of Technology
B.S., The Pennsylvania State University; M.A., Ed.D., West Virginia University.
GRADUATE FACULTY.

BARBARA A. SCARBORO (2005)
Assistant Professor in the Department of Human Development and Psychological Counseling
B.S., East Carolina University; M.S., Southern Illinois University; M.A., Appalachian State University; Ph.D., University of North Carolina at Charlotte.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOHN EDWARD SCARLATA (1999)
Professor in the Department of Technology
B.A., Adams State College; M.F.A., California Institute of the Arts.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

KATHERINE M. SCHARER (2005)
Assistant Professor in the Department of Geology
B.S., University of Washington; Ph.D., University of Oregon.

ALLAN GREGORY SCHERLEN (2001)
Associate Professor and Librarian
B.A., University of Texas at San Antonio; M.L.I.S., Appalachian State University; M.L.I.S., University of North Carolina at Greensboro.

RENEE GANNON SCHERLEN (1992)
Associate Professor in the Department of Political Science/Criminal Justice
B.S.F.S., Georgetown University; M.A., Ph.D., University of Texas at Austin.
GRADUATE FACULTY.

GEORGE ARTHUR SCHIEREN (1977)
Professor and Chair of the Department of Economics
B.A., Cornell University; Ph.D., The University of North Carolina at Chapel Hill.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROBERT C. SCHLAGAL (1992)
Professor in the Department of Language, Reading and Exceptionalities
B.A., Christopher Newport College of William & Mary; M.A., Ph.D., University of Virginia.
GRADUATE FACULTY.

SCOTT SCHNEBERGER (2005)
Associate Professor in the Department of Computer Information Systems
B.A., Principia College; M.S., Naval Postgraduate School; Ph.D., Georgia State University.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

NANCY APRIL SCHNEELOCH-BINGHAM (2001)
Associate Professor in the Hayes School of Music
B.M., M.M., Appalachian State University; D.M., Florida State University.
GRADUATE FACULTY.

HENRY G. SCHNEIDER (1973)
Professor in the Department of Psychology
B.A., St. Bonaventure University; M.A., Ph.D., West Virginia University.
GRADUATE FACULTY.

LYLE F. SCHOENFELDT (1996)
Professor in the Department of Management
B.A., Case-Western Reserve University; M.S., Ph.D., Purdue University.
GRADUATE FACULTY.
PAMELA WALLIN SCHRAM (1996)
Professor in the Department of Curriculum and Instruction; and Director of the North Carolina Teaching Fellows Program at Appalachian State University
B.A., Mars Hill College; M.A., Western Carolina University; Ph.D., Michigan State University.

GRADUATE FACULTY.

KATHLEEN ANN SCHROEDER (1995)
Associate Professor in the Department of Geography and Planning
B.A., M.A., University of Texas; Ph.D., University of Minnesota.

GRADUATE FACULTY.

ALEXANDER D. SCHWAB (2005)
Assistant Professor in the Department of Chemistry
B.S., University of Illinois at Urbana-Champaign; Ph.D., University of Akron.

STEVEN WYANT SEAGLE (2004)
Professor and Chair of the Department of Biology
B.A., The University of North Carolina at Chapel Hill; M.S., Ph.D., University of Tennessee, Knoxville.

GRADUATE FACULTY.

MARY ELIZABETH SEARCY (2000)
Associate Professor in the Department of Mathematical Sciences
B.S., Gardner-Webb University; M.S., Clemson University; Ph.D., University of Georgia.

LYNN A. SEARFOSS (2002)
Assistant Professor in the Department of English
B.A., M.A., University of Toledo; Ph.D., Purdue University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

LINDA CAROL SECOR (1992)
Assistant Professor in the Department of Family and Consumer Sciences
B.F.A., University of North Texas; M.A., Ph.D., Texas Woman’s University.

KATRINA SEITZ (2001)
Associate Professor in the Department of Sociology and Social Work
B.A., North Carolina Wesleyan College; M.A., Appalachian State University; Ph.D., Virginia Polytechnic Institute and State University.

Laurie Ruth Semmes (2003)
Assistant Professor in the Hayes School of Music
B.M., Lawrence University; M.M., Eastman School of Music; Ph.D., Florida State University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

JODY MARGARET SERVON (2004)
Assistant Professor in the Department of Art; and Director of the Catherine J. Smith Gallery
B.F.A., Rutgers University; M.F.A., University of Arizona.

Bair D. Shagdaron (2000)
Associate Professor in the Hayes School of Music
B.M., M.M., D.M.A., Moscow State Tchaikovsky Conservatory (Russia).

ASSOCIATE MEMBER OF GRADUATE FACULTY.

XIAORONG SHAO (2006)
Assistant Professor and Librarian
B.S., Northwest Agricultural University, China; M.S., University of Reading, UK; Ph.D., The Pennsylvania State University; M.I.L.S., Clarion University of Pennsylvania.

BOBBy H. SHARP (1988)
Director of Institutional Research, Assessment and Planning; and Adjunct Assistant Professor in the Department of Leadership and Educational Studies
B.A., Birmingham Southern College; M.Div., Duke University Divinity School; M.S., University of Kentucky; Ph.D., Virginia Polytechnic Institute and State University.

SUSIE E. SHEFFIELD (1998)
Lecturer in the Department of Accounting
B.B.A., University of Mississippi; M.S., Appalachian State University. CPA

LARKY LEI SHI (2003)
Assistant Professor in the Department of Marketing
B.S., Shanghai Jiao Tong University, P.R. China; M.S., University of International Business and Economics, P.R. China; Ph.D., University of Pittsburgh.

RACHEL SHELI SHINNAR (2004)
Assistant Professor in the Department of Management
B.A., Tel-Aviv University; M.S., Ph.D., University of Nevada, Las Vegas.

GLENDA F. SHORT (2007)
Associate Professor in the Department of Sociology and Social Work
B.S., East Central State University; M.S.W., Kansas University; Ph.D., University of South Carolina.

LYNN MARIE SIEFFERMAN (2007)
Assistant Professor in the Department of Biology
B.A., B.S., Indiana University; Ph.D., Auburn University.

SAMUELLA B. SIGMANN (2002)
Lecturer in the Department of Chemistry
B.S., M.A., Appalachian State University.

TIMOTHY HOWARD SILVER (1984)
Professor in the Department of History
B.A., M.A., Appalachian State University; Ph.D., College of William and Mary.

GRADUATE FACULTY.

KATHLEEN MARIE LITTWIN SIMON (1994)
Associate Professor and Assistant Chair of the Department of Political Science/Criminal Justice
B.A., Loyola University of Chicago; M.A., Appalachian State University; Ph.D., University of Tennessee at Knoxville.

STEPHEN JOSEPH SIMON (1970)
Professor in the Department of History
B.S., Xavier University; Ph.D., Loyola University of Chicago.

MARY RUTH SIZER (1982)
Clinical Professor in the Department of Language, Reading and Exceptionalities; Clinical Supervisor; and Director of the Communication Disorders Clinic
B.A., Columbia College; M.A., Vanderbilt University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

CHARLES L. SMITH (2002)
Lecturer in the Department of Interdisciplinary Studies; and Director of the Goodnight Family Program in Sustainable Development
B.S., M.A., Appalachian State University.

KERMIT STEPHEN (STEVE) SMITH (2004)
Lecturer in the Department of Communication
B.S., Ohio University; M.A., Appalachian State University.
MARILYN CRAFTON SMITH
(1976)
Professor and Interim Chair of the Department of Art
B.F.A., University of Georgia; M.A., New York University; Ph.D., University of Iowa.

TRACY W. SMITH
(2000)
Associate Professor in the Department of Curriculum and Instruction
A.B., The University of North Carolina at Chapel Hill; M.A., Appalachian State University; Ph.D., University of North Carolina at Greensboro.

JENNIFER STERLING SNOGDGRASS
(2005)
Assistant Professor in the Hayes School of Music
B.M., Meredith College; M.M., University of Tennessee; Ph.D., University of Maryland.

JEFFREY TOD SOUKUP
(2003)
Assistant Professor in the Department of Health, Leisure and Exercise Science
B.S., Florida Southern College; M.S.S., U.S. Sports Academy; Ph.D., University of Southern Mississippi.

PETER THOMAS SOULÉ
(1993)
Professor in the Department of Geography and Planning
B.A., Florida Atlantic University; M.A., Appalachian State University; Ph.D., University of Georgia.

CHARLENE W. SOX
(1984)
Professor in the Department of Curriculum and Instruction
B.S., M.Ed., Ph.D., University of South Carolina.

NEVA JEAN SPECHT
(1996)
Associate Professor in the Department of History
B.A., Grinnell College; M.A., Ph.D., University of Delaware.

RICHARD ALBERT SPENCER
(1992)
Professor in the Department of Philosophy and Religion; and Professor in the Department of Foreign Languages and Literatures (Latin)
B.A., Mars Hill College; M.Div., Southeastern Baptist Theological Seminary; Ph.D., Emory University; M.A., Ph.D., The University of North Carolina at Chapel Hill.

ROY DAVID SPICELAND, JR.
(1992)
Associate Professor in the Department of Communication
B.A., Freed-Hardeman University; M.A., University of Memphis; Ph.D., University of Tennessee at Knoxville.

JULIE EVE SPRINKLE
(2005)
Assistant Professor in the Department of Sociology and Social Work
B.S.W., Appalachian State University; M.S.W., University of South Carolina.

KATHRYN LYNN STALEY
(2004)
Instructor and Librarian
B.A., The University of North Carolina at Chapel Hill; M.A., Appalachian State University.

H. LYNN STALLWORTH
(2006)
Associate Professor in the Department of Accounting
B.Accountancy, M.Accountancy, University of Mississippi; Ph.D., Louisiana State University. CPA.

DEREK STANOVSKY
(2003)
Associate Professor in the Department of Interdisciplinary Studies
B.A., Ph.D., The University of Texas at Austin.

SUSAN CAROL STAUB
(1987)
Professor in the Department of English
B.A., Louisiana State University; M.A., Ph.D., The University of North Carolina at Chapel Hill.

KENNETH MARTIN STEELE
(1991)
Professor in the Department of Psychology
A.B., University of Pennsylvania; M.A., Bryn Mawr College; Ph.D., University of Tennessee at Knoxville.

DRAGAN STEFANOVIC
(1996)
Associate Professor in the Department of Political Science/Criminal Justice
B.S., Columbia College; M.S., Campbell University; Ph.D., University of Tennessee at Knoxville.

ALEXANDRA STERLING-HELLENBRAND
(2003)
Associate Professor and Chair of the Department of Foreign Languages and Literatures
B.A., University of Rochester; M.A., University of Wisconsin-Madison; Ph.D., The Pennsylvania State University.

BRUCE ERIC STEWART
(2007)
Assistant Professor in the Department of History
B.A., University of North Carolina at Greensboro; M.A., Western Carolina University; Ph.D., University of Georgia.

RONALD STIDHAM
(1992)
Professor in the Department of Political Science/Criminal Justice
B.S., M.A., East Tennessee State University; Ph.D., University of Houston, Texas.

GLENN ELLEN STARR STILLING
(1985)
Professor and Librarian
B.A., M.A., M.L.S., University of South Carolina.

ROGER JAMES STILLING
(1974)
Professor in the Department of English
B.A., Elon College; M.A., University of South Carolina; Ph.D., Trinity College (Dublin).

LISA M. STINSON
(1998)
Associate Professor in the Department of Art
B.A., Wells College; B.F.A., Alfred University; M.F.A., Rhode Island School of Design.

The Register
JAMES EDGAR STODDARD (1998)  
Associate Professor in the Department of Marketing  
B.S.M.E., Massachusetts Maritime Academy; M.B.A., Ph.D., Virginia Polytechnic Institute and State University.  
GRADUATE FACULTY.

MARK C. STRAZICICH (2004)  
Associate Professor in the Department of Economics  
B.A., University of British Columbia; M.A., Simon Fraser University; M.A., Ph.D., University of Washington.

SHERRY L. STREET (1997)  
Clinical Professor in the Department of Language, Reading and Exceptionalities; and Clinical Supervisor  
B.S., Indiana University; M.A., The University of Memphis.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

RUTH ANN STRICKLAND (1988)  
Professor in the Department of Political Science/Criminal Justice  
A.S., Mount Olive College; B.A., Campbell University; M.A., Ph.D., University of South Carolina.

GRADUATE FACULTY.

JAMES STRUEBER (2006)  
Assistant Professor in the Department of Technology  
B.A., Loretto Heights College; Bachelor of Architecture, University of Idaho; Master of Architecture, University of Colorado.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

WANDA C. STUTTS (2007)  
Associate Professor and Interim Chair of the Department of Nursing  
B.S.N., M.S.N., University of North Carolina at Charlotte; Ph.D., The University of North Carolina at Chapel Hill.

KIN-YAN E. SZETO (2005)  
Assistant Professor in the Department of Theatre and Dance  
B.A., Chinese University of Hong Kong; M.A., University of London (UK); M.A., Beijing Film Academy, China; Ph.D., Northwestern University.

BANKS COLVERT TALLEY III (2004)  
Assistant Professor in the Department of Technology  

RAHMAN TASHAKKORI (2000)  
Associate Professor in the Department of Computer Science  
B.S., Shahid Chamran University (Iran); M.S., Ph.D., Louisiana State University.

GRADUATE FACULTY.

JOHN HOLSTON TASHNER (1976)  
Professor in the Department of Leadership and Educational Studies  
B.S., M.S., Old Dominion University; Ed.D., University of Virginia.

GRADUATE FACULTY.

BRETT F. TAUBMAN (2007)  
Assistant Professor in the Department of Chemistry  
B.S., The Pennsylvania State University; B.S., Montana State University; Ph.D., University of Maryland.

JERIANNE TAYLOR (2006)  
Assistant Professor in the Department of Technology  
Bachelor of Industrial Technology, Master of Industrial Education, Clemson University; Ed.D., North Carolina State University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

JESSE TAYLOR, JR. (1989)  
Associate Professor in the Department of Philosophy and Religion  
B.A., Purdue University; M.A., Ph.D., Washington University in St. Louis.

KAY TAYLOR (2001)  
Assistant Professor in the Department of Communication  
B.A., Auburn University; M.A., University of Georgia; Ph.D., University of Alabama.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

LARRY S. TAYLOR (2005)  
Assistant Professor in the Department of Communication  
B.A., M.A., Western Carolina University; Ph.D., University of Tennessee.

CHRISTOPHER SHAWN THAXTON (2004)  
Assistant Professor in the Department of Physics and Astronomy  
B.S., Georgia Institute of Technology; M.S., Ph.D., North Carolina State University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

JILL E. THOMLEY (2000)  
Associate Professor in the Department of Mathematical Sciences  
B.A., Harvard University; M.S., Ph.D., Rensselaer Polytechnic Institute.

GRADUATE FACULTY.

JOEL ALLAN THOMPSON (1978)  
Professor in the Department of Political Science/Criminal Justice  
B.S., North Carolina State University; M.A., Appalachian State University; Ph.D., University of Kentucky.

GRADUATE FACULTY.

HOLLY J. THORNTON (2006)  
Associate Professor in the Department of Curriculum and Instruction  
B.A., M.A., Ph.D., The Ohio State University.

JEFFREY SCOTT TILLER (1994)  
Professor in the Department of Technology  
B.E., M.S., Georgia Institute of Technology.

GRADUATE FACULTY.

GARY D. TIMBERS (1980)  
Professor in the Department of Language, Reading and Exceptionalities; and Director of the Appalachian Family Innovations Center  
B.A., University of Arizona; M.A., Ph.D., University of Kansas.

GRADUATE FACULTY.

SCOTT CHANDLER TOBIAS (2001)  
Associate Professor in the Hayes School of Music  
B.M., Furman University; M.M., D.M.A., University of Georgia.

ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOHN T. TOMLINSON (2005)  
Assistant Professor in the Department of Chemistry  
B.A., The College of Wooster; Ph.D., Wake Forest University.

ASSOCIATE MEMBER OF GRADUATE FACULTY.
The Register

BRYAN C. TONEY (1997)  
Lecturer in the Department of Management  
B.A., University of Tennessee; M.A., Georgia Institute of Technology.

JAMES A. TOUB (1992)  
Professor and Interim Assistant Chair of the Department of Art  
B.A., Hampshire College; M.A., Ph.D., Boston University.

J. SCOTT TOWNSEND (2001)  
Associate Professor in the Department of Health, Leisure and Exercise Science  
B.A., West Virginia University.

WOODROW R. TRATHEN (1993)  
Professor in the Department of Language, Reading and Exceptionalities  
B.A., M.A., Ph.D., University of Utah.

GLENDA JENKINS TREADAWAY (1994)  
Professor and Chair of the Department of Communication  
B.S., Wingate College; M.A., University of Georgia; Ph.D., Ohio University.

TRAVIS TRIPLETT (2003)  
Associate Professor in the Department of Health, Leisure and Exercise Science  
B.S., Wake Forest University; M.S., Appalachian State University; Ph.D., The Pennsylvania State University.

CAROL A. TRUETT (1992)  
Professor in the Department of Leadership and Educational Studies  
B.S., M.L.S., Ph.D., The University of Texas at Austin.

SHEA RICHARD TUBERTY (2002)  
Assistant Professor in the Department of Biology  
B.A., Vanderbilt University; M.S., Ph.D., Tulane University.

GAYLE M. TURNER (1999)  
Associate Professor in the Department of Leadership and Educational Studies  
B.A., Stanford University; M.I.T., Seattle University; Ph.D., University of North Carolina at Greensboro.

JOHN M. TURNER (1986)  
Professor in the Department of Sociology and Social Work; Director of the Social Work Program; and Director of the Institute for Health and Human Services  
B.A., Emory & Henry College; M.S.W., Ph.D., Virginia Commonwealth University.

CARL H. TYRIE (1982)  
Associate Professor in the Department of Communication; and Director of Broadcasting  
B.A., Marietta (Ohio) College; B.A., M.A., University of Florida; Ph.D., Ohio University.

EMMANUEL IKE UDOGU (2003)  
Professor in the Department of Political Science/Criminal Justice  
B.A., Appalachian State University; M.A., Ph.D., Southern Illinois University.

CONSTANCE J. ULMER (1995)  
Associate Professor in the Department of Language, Reading and Exceptionalities  
B.S., Central Michigan University; M.Ed., University of Virginia; Ed.D., East Texas State University.

ALAN CHRISTOPHER UTER (1995)  
Professor in the Department of Health, Leisure and Exercise Science; and Director of the Office of Student Research  
B.S., M.S., M.P.H., Ph.D., University of Pittsburgh.

ELZA ANN VILES (1997)  
Professor and Associate University Librarian  
B.M., M.A., University of Tennessee at Knoxville; M.S.L.S., The University of North Carolina at Chapel Hill; Ph.D., Bryn Mawr College.

MARY A. VALANTE (1999)  
Associate Professor in the Department of History  
B.A., Wellesley College; M.A., Boston College; Ph.D., The Pennsylvania State University.

ROBERT WAYNE VAN DEVENDER (1978)  
Professor in the Department of Biology  
B.S., Yale University; M.S., Ph.D., University of Michigan.

JENNIFER PHARR VAN GILDER (1999)  
Associate Clinical Professor in the Department of Language, Reading and Exceptionalities; and Clinical Educator  
B.A., M.A., Appalachian State University.

SHANNON RICHARDSON VAUGHAN (2003)  
Assistant Professor in the Department of Political Science/Criminal Justice  
B.S., The University of Tennessee at Martin; M.P.A., Appalachian State University; Ph.D., University of Kentucky.

LINDA A. VELTZE (1991)  
Professor in the Department of Leadership and Educational Studies  
B.A., University of St. Thomas; M.A., Marquette University; M.L.S., Ph.D., University of Southern Mississippi.

MARK EDGAR VENABLE (1996)  
Associate Professor in the Department of Biology  
B.S., Western Carolina University; Ph.D., Wake Forest University.

The Register
PETER DANIAL VILLANOV (1993)  
Professor in the Department of Management  
A.A., Mesa College; B.S., San Diego State University; M.S., Ph.D., Virginia Polytechnic Institute and State University.  
GRADUATE FACULTY.

MARK WILLIAM VOGEL (1989)  
Professor in the Department of English  
B.S., M.A., Ph.D., University of Missouri, Columbia.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

MICHAIL GLEN WADE (1983)  
Professor in the Department of History  
B.A., University of Maryland; M.A., Ph.D., University of Louisville.  
GRADUATE FACULTY.

TAMMY WAIPECONIAH (2004)  
Assistant Professor in the Department of English  
B.A., University of Miami; M.A., Ph.D., Michigan State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

HEATHER LEIGH WALDROUP (2004)  
Assistant Professor in the Department of Art  
B.A., M.A., Florida State University; Ph.D., University of California, Santa Cruz.

JOHN FLETCHER WALKER (1998)  
Professor in the Department of Biology  
B.S., University of South Florida; M.S., Western Carolina University; Ph.D., University of Tennessee at Knoxville.  
GRADUATE FACULTY.

DALE EUGENE WHEELER (2005)  
Assistant Professor in the Department of Biology  
B.S., Portland State University; M.S., Ph.D., Virginia Polytechnic Institute and State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

KIM LOUISE WANGLER (2005)  
Associate Professor in the Hayes School of Music  
B.M., State University of New York at Potsdam; M.M., Michigan State University; M.B.A., Norwich University.

WILBER HENRY WARD III (1971)  
Professor in the Department of English  
B.A., University of Alabama; M.A., Ph.D., University of Tennessee at Knoxville.  
GRADUATE FACULTY.

DOUGLAS ALLEN WARING (1993)  
Associate Professor in the Department of Psychology  
A.A., Arkansas State University at Beebe; B.A., M.A., University of Arkansas at Little Rock; Ph.D., Washington State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

BLISS HEMRIC WARREN (1996)  
Associate Clinical Professor in the Department of Language, Reading and Exceptionalities; and Clinical Educator  
B.S., M.A., B.S., M.A., Appalachian State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

DIANE M. WARYOLD (2004)  
Assistant Professor in the Department of Human Development and Psychological Counseling  
B.S., State University College at Cortland, New York; M.Ed., University of Florida; Ed.D., Florida State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JOHNNY ARALTON WATERS (2004)  
Professor and Chair of the Department of Geology  
B.S., Auburn University; M.A., Ph.D., Indiana University.

CHARLES ALAN WATKINS (1984)  
Adjunct Associate Professor in the Department of History; and Director of the Appalachian Cultural Museum  
B.A., Mars Hill College; Ph.D., University of Delaware.  
GRADUATE FACULTY.

ROSE MARY WEBB (2005)  
Assistant Professor in the Department of Psychology  
B.S., Arkansas Tech University; M.S., Ph.D., Vanderbilt University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SUZAN CLARE WEINBERG (1994)  
Associate Professor in the Department of English  
B.A., Boston University; M.F.A., Cornell University.

GAYLE MARIE WEITZ (1992)  
Professor in the Department of Art  
B.S., James Madison University; M.A., Ph.D., University of Wisconsin, Madison.

ROBERT G. WENTA (2003)  
Assistant Professor in the Department of Mathematical Sciences  
B.S., University of Michigan, Flint; M.A., University of Louisville; Ed.D., Indiana University, Bloomington.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JAY ALAN WENTWORTH (1972)  
Professor in the Department of Interdisciplinary Studies  
B.A., Ohio Wesleyan University; B.D., Chicago Theological Seminary; M.A., Ph.D., Northwestern University.

MARGARET GESSLER WERTS (1998)  
Associate Professor in the Department of Language, Reading and Exceptionalities  
B.A., Emory University; M.A., The University of Texas-Austin; Ed.S., University of Iowa; Ph.D., University of Pittsburgh.  
GRADUATE FACULTY.

STEPHANIE THERESA WEST (2003)  
Assistant Professor in the Department of Health, Leisure and Exercise Science  
B.S., Auburn University; M.S., Georgia Southern University; Ph.D., Texas A&M University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

JIM WESTERMAN (2005)  
Associate Professor in the Department of Management  
B.S., M.B.A., Florida State University; Ph.D., University of Colorado, Boulder.  
GRADUATE FACULTY.

DALE EUGENE WHEELER (1998)  
Associate Professor in the Department of Chemistry  
B.S., Western Illinois University; M.S., Kansas State University; Ph.D., University of Idaho.

STEPHEN R. WHITE (2000)  
Associate Professor in the Department of Leadership and Educational Studies  
A.S., Dekalb Community College; B.S., Utah State University; B.S., University of Utah; M.P.A., Ed.C., D.A., Idaho State University.  
GRADUATE FACULTY.
JOHN C. WHITEHEAD (2004)  
Professor in the Department of Economics  
B.A., Centre College; M.A., Ph.D., University of Kentucky.

THOMAS RICHARD WHYTE (1989)  
Professor in the Department of Anthropology  
B.F.A., James Madison University;  
M.A., Ph.D., University of Tennessee at Knoxville.

JAMES THOMAS WILKES (1992)  
Professor and Chair of the Department of Computer Science  
B.S., Appalachian State University;  
M.S., Ph.D., Duke University.  
GRADUATE FACULTY.

CATHERINE LOUISE WILKINSON (1982)  
Professor and Librarian  
B.S., Tulane University; M.S.L.S., Louisiana State University; Ed.S., Appalachian State University.

DAVID R. WILLIAMS (2003)  
Assistant Professor in the Department of Management  
B.A., Wofford College; M.B.A., M.H.A., Georgia State University; Ph.D., University of Alabama at Birmingham.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ELIZABETH M. WILLIAMS (2001)  
Assistant Professor and Librarian  
B.A., M.L.S., University of South Carolina at Columbia; M.A., Appalachian State University.

JOEL WAYNE WILLIAMS (1992)  
Associate Professor in the Department of Theatre and Dance  
B.S., Troy State University; M.F.A., University of Alabama at Tuscaloosa.

JOHN ALEXANDER WILLIAMS (1989)  
Professor in the Department of History  
B.A., Tulane University; M.A., Ph.D., Yale University.

RAY STEWART WILLIAMS (1997)  
Associate Professor and Assistant Chair of the Department of Biology  
B.A., University of North Carolina at Greensboro; M.S., Sc.S., Appalachian State University; Ph.D., University of South Carolina, Columbia.  
GRADUATE FACULTY.

ROBIN SMITH WILLIAMS (1995)  
Associate Professor in the Department of Technology  
B.S., M.A., Appalachian State University;  
Ed.D., North Carolina State University.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

STEPHEN D. WILLIAMS (1983)  
Professor in the Department of Chemistry  
B.S., Virginia Commonwealth University;  
Ph.D., Washington State University.

SUE SIMPSON WILLIAMS (2005)  
Assistant Professor in the Department of Theatre and Dance  
B.A., Wesleyan College; M.F.A., University of Alabama at Tuscaloosa.

WAYNE ELLIOTT WILLIAMS (1987)  
Professor in the Department of Health, Leisure and Exercise Science  
B.A., Arkansas Tech University; M.P.A., University of Arkansas; Ph.D., Texas A&M University.  
GRADUATE FACULTY.

THOMAS MARVIN WILLIAMSEN (1972)  
Professor in the Department of History  
B.S., Colorado State University; M.A., Ph.D., Duke University.

LAURIE L. WILLIAMSON (1996)  
Professor in the Department of Human Development and Psychological Counseling  
B.A., University of Colorado; M.A., Adams State College; Ed.D., The University of Alabama at Tuscaloosa.  
GRADUATE FACULTY.

KRISTOPHER W. WILLIS (2006)  
Lecturer in the Department of Communication  
B.A., Arkansas State University; M.A., California State University, Chico.

JENNIFER PRESTON WILSON (2000)  
Assistant Professor in the Department of English  
B.M., DePauw University; M.A., Ph.D., University of Georgia.  
GRADUATE FACULTY.

MICHAEL WINDELSPECHT (2000)  
Associate Professor in the Department of Biology  
A.S., University of Maryland European Division; B.Sc., Michigan State University; Ph.D., University of South Florida.  
GRADUATE FACULTY.

JAMES ARTHUR WINDERS (1978)  
Professor in the Department of History  
B.A., University of Richmond (Virginia);  
M.A., Ph.D., Duke University.  
GRADUATE FACULTY.

JON L. WINEK (1993)  
Professor in the Department of Human Development and Psychological Counseling  
B.S., University of Michigan; M.A., University of Southern California; Ph.D., University of Southern California.  
GRADUATE FACULTY.

WENDY LEE WINN (2006)  
Assistant Professor in the Department of English; and Director of the Internship Program in the Department of English  
B.M., Ohio University; M.A., Clemson University; Ph.D., University of Minnesota.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

ROGER ANDREW WINSOR (1971)  
Professor in the Department of Geography and Planning  
B.S., Shippensburg State College; M.A., Arizona State University; Ph.D., University of Illinois.  
ASSOCIATE MEMBER OF GRADUATE FACULTY.

GEORGE MICHAEL WISE (1972)  
Professor in the Department of Sociology and Social Work  
A.B., The University of North Carolina at Chapel Hill; M.S., Ph.D., North Carolina State University.  
GRADUATE FACULTY.

MINTRON SUZANNE WISE (1979)  
Professor and Librarian  
B.A., University of South Carolina;  
M.S.L.S., University of Kentucky; M.A., Appalachian State University.
PHILIP R. WITMER (1992)
Assistant Dean for Graduate and International Programs in the Walker College of Business; Professor in the Department of Accounting; and Director of the MBA Program
B.A., Greensboro College; M.B.A., University of South Carolina; Ph.D., The George Washington University. CPA.
GRADUATE FACULTY.

CYNTHIA ANN WOOD (1995)
Associate Professor in the Department of Interdisciplinary Studies
B.A., Ph.D., University of Texas at Austin.
GRADUATE FACULTY.

DAVID DORROH WOOD (1985)
Professor in the Department of Finance, Banking and Insurance; and Joseph F. Freeman Distinguished Professor in Insurance
B.S.B.A., Delta State University; M.B.A., University of Mississippi; D.B.A., Louisiana Tech University.
GRADUATE FACULTY.

JANET L. WOODS (2001)
Lecturer in the Department of Accounting
B.S.B.A., M.S., Appalachian State University. CPA.

JOAN B. WOODWORTH (1976)
Professor in the Department of Psychology
B.A., M.A., Ph.D., The University of North Carolina at Chapel Hill.
GRADUATE FACULTY.

TODD TOBIAS WRIGHT (1990)
Associate Professor in the Hayes School of Music
B.M.E., Pikeville College; M.A., Ed.S., Appalachian State University; M.M., University of South Florida.

SCOTT DAVID WYNNE (2006)
Assistant Professor in the Hayes School of Music
B.A., Eastern Kentucky University; M.M., University of Miami.

BARBARA YALE-READ (1986)
Professor in the Department of Art
B.A., Towson State University; M.F.A., East Tennessee State University.

MARGARET ANN YAUKEY (1996)
Associate Professor in the Department of Art
B.A., Grinnell College; M.F.A., Tyler School of Art, Temple University.

ROBERT JAY YOBLINSKI (1997)
Associate Professor in the Department of Chemistry
B.A., Wittenberg University; Ph.D., University of Kentucky.

JAMES EDWARD YOUNG (1993)
Associate Professor and Chair of the Department of Geography and Planning
B.S., M.S.Ed., University of Wisconsin-La Crosse; M.A., Ph.D., University of Minnesota.
GRADUATE FACULTY.

BARBARA HOPE ZAITZOW (1994)
Professor in the Department of Political Science/Criminal Justice
B.A., San Diego State University; M.S., Ph.D., Virginia Polytechnic Institute and State University.
GRADUATE FACULTY.

TED ZERUCHA (2005)
Assistant Professor in the Department of Biology
B.S., M.S., University of Manitoba, Canada; Ph.D., University of Ottawa, Canada.
ASSOCIATE MEMBER OF GRADUATE FACULTY.

SARA OLIN ZIMMERMAN (1992)
Professor in the Department of Curriculum and Instruction
B.G.S., B.S.Ed., M.S., Ph.D., University of Kansas.
GRADUATE FACULTY.

MARK CHRISTIAN ZRULL (1992)
Associate Professor in the Department of Psychology
B.S., Georgia State University; Ph.D., University of South Carolina.
GRADUATE FACULTY.
Faculty Emeriti

Emeritus Status: By recommendation of the appropriate Departmental Personnel Committee, chair and dean to the Provost and Executive Vice Chancellor and the Chancellor and approval of the Board of Trustees, emeritus status may be conferred on faculty members with permanent tenure who have served at least ten years at the University when they retire. The emeritus rank is that held at retirement.

EDWARD MARTIN ALLEN, JR., Ph.D.
Professor Emeritus of Political Science/Criminal Justice

THOMAS REESE ALLEN, JR., Ed.D.
Professor Emeritus of Curriculum and Instruction

JOSE ANTONIO AMARO, SR., L.L.D.
Professor Emeritus of Foreign Languages

ALLEN LOUISE ANTONE, M.L.S.
Associate Professor Emerita of the Library

GEORGE PETER ANTONE, Ph.D.
Professor Emeritus of History

EVAN HAMILTON ASHBY, JR., M.D.
Associate Professor Emeritus of Health, Leisure and Exercise Science

GELENE ANDREWS ATWOOD, M.A.
Assistant Professor Emerita of Chemistry

JOHN TRUMBULL AUSTON, Ph.D.
Professor Emeritus of Communication Arts

HARVARD GLENN AYERS, Ph.D.
Professor Emeritus of Anthropology

FRED T. BADDERS, Ph.D.
Professor Emeritus of Human Development and Psychological Counseling

ROBERT ARTHUR BANZHAF, Ed.D.
Professor Emeritus of Technology

JAWAD ISMAEL BARGHOTHI, Ph.D.
Professor Emeritus of Political Science/Criminal Justice

BRIAN CAREY BENNETT, Ph.D.
Professor Emeritus of Anthropology

ANN CARROLL BLACKBURN, M.A.
Associate Professor Emerita of Business Education and Office Administration

CHARLES BYRON BLACKBURN, Ph.D.
Professor Emeritus of History

GERALD M. BOLICK, Ed.D.
Professor Emeritus of Leadership and Higher Education

ELIZABETH BATEMAN BOND, Ed.D.
Associate Professor Emerita of History

JOHN JAMES BOND, Ph.D.
Professor Emeritus of Biology

BENJAMIN GESS BOSWORTH, JR., Ed.D.
Professor Emeritus of Curriculum and Instruction

MADELINE EDMISTEN BRADFORD, M.A.
Professor Emerita of Elementary Education

LUCY MOORE BRASHEAR, Ph.D.
Professor Emerita of English

CARL HERBERT BREDOW, M.A.
Associate Professor Emeritus of Foreign Languages

WILLARD LEON BRIGNER, Ph.D.
Professor Emeritus of Psychology

LAWRENCE EUGENE BROWN, Ph.D.
Professor Emeritus of Chemistry

JAMES WESLEY BUCHANAN, Ph.D.
Professor Emeritus of Chemistry

FRANKLIN EUGENE BUTTS, Ed.D.
Professor Emeritus of Accounting

JOHN EDWARD CALLAHAN, Ph.D.
Professor Emeritus of Geology

BEULAH CATHERINE CAMPBELL, M.A.
Professor Emerita of Elementary Education

HELEN EARLENE CAMPBELL, Ed.S.
Associate Professor Emerita of the Library

IRVIN WATSON "BILL" CARPENTER, JR., Ph.D.
Professor Emeritus of Biology

JESSIE LUELLA CARPENTER, M.S.
Associate Professor Emerita of Speech Pathology and Audiology

HAROLD WILMER CARRIN, Ed.D.
Professor Emeritus of Art

MARY ANN CARROLL, Ph.D.
Professor Emerita of Philosophy and Religion

ROY CARROLL, Ph.D.
Professor Emeritus of History

THOMAS WINSTON CHILDRESS, Ph.D.
Professor Emeritus of Language, Reading and Exceptionalities

VAUGHN KYLE CHRISTIAN, Ed.D.
Professor Emeritus of Health, Leisure and Exercise Science

DONALD LEWIS CLARK, Ed.D.
Professor Emeritus of Psychology

JAMES MONROE COLE, M.Ed.
Professor Emeritus of Secondary Education

SUSAN STOCKBRIDGE COLE, Ph.D.
Professor Emerita of Theatre and Dance
The Register

WALTON SMITH COLE, M.M.
Professor Emeritus of Music

WALTER CURTIS CONNOLLY, Ph.D.
Professor Emeritus of Physics and Astronomy

LELAND ROSS COOPER, Ed.D.
Professor Emeritus of Leadership and Higher Education

ALVIS LEE CORUM, Ed.D.
Professor Emeritus of Leadership and Educational Studies

ARTHUR RONALD COULTHARD, Ph.D.
Professor Emeritus of English

JOYCE G. CROUCH, Ed.D.
Professor Emerita of Psychology

RUDY LEROY CURD, Ph.D.
Professor Emeritus of Mathematical Sciences

RUTH DOUGLAS CURRIE, Ph.D.
Associate Professor Emerita of History

CHARLES THOMAS DAVIS III, Ph.D.
Professor Emeritus of Philosophy and Religion

BARBARA WATKINS DAYE, Ed.S.
Dean of Students/Associate Vice Chancellor for Student Development Emerita

ERIS ARROWOOD DEDMOND, Ph.D.
Professor Emerita of Language, Reading and Exceptionalities

WARREN CAMERON DENNIS, M.F.A.
Professor Emeritus of Art

WILLIAM ADAM DERRICK, JR., M.D.
Emeritus Director of Student Health Services

WILLIAM CORNELIUS DEWEL, Ph.D.
Professor Emeritus of Biology

JEFFERSON MAX DIXON, Ph.D.
Professor Emeritus of History

CLAUDE HOWARD DORGAN, Ph.D.
Professor Emeritus of Communication

BOYD MAX DOWELL, Ed.D.
Professor Emeritus of Psychology

EUGENE CHRISTOPHER DROZDOWSKI, Ph.D.
Professor Emeritus of History

LENORE WIEDMAN DUDLEY, M.L.S.
Associate Professor Emerita of the Library

JOHN DANIEL DUKE, Ph.D.
Professor Emeritus of Psychology

MARY MONTGOMERY DUNLAP, Ph.D.
Professor Emerita of English

GAREY CLARK DURDEN, Ph.D.
Professor Emeritus of Economics

JOAN SMYLY DURDEN, M.F.A.
Professor Emerita of Art

HARVEY RALPH DURHAM, Ph.D.
Professor Emeritus of Mathematical Sciences; and Provost and Executive Vice Chancellor Emeritus

THERESA ELLEN EARLY, Ph.D.
Professor Emerita of Mathematical Sciences

SIDNEY WAYNE ECKERT, Ph.D.
Professor Emeritus of Curriculum and Instruction

BARRY WARD ELLEDGE, Ph.D.
Professor Emeritus of Economics

RONALD J. ENSEY, Ph.D.
Professor Emeritus of Mathematical Sciences

ALEXANDER ERWIN, Ed.D.
Professor Emeritus of Leadership and Educational Studies

MARJORIE F. FARRIS, Ed.D.
Professor Emerita of Language, Reading and Exceptionalities

LORRAINE STEWART FORCE, Ph.D.
Professor Emerita of Art

SILVIA PARVEI FORGUS, Ph.D.
Professor Emeritus of Art

ELIZABETH FOX, M.M.Ed.
Associate Professor Emerita of Music

FRANCES STONE FULMER, C.A.S.
Associate Professor Emerita of Mathematical Sciences

OLE GADE, Ph.D.
Professor Emeritus of Geography and Planning

GEORG M.A. GASTON, Ph.D.
Professor Emeritus of English

PATRICIA ELLEN GAYNOR, Ph.D.
Professor Emerita of Economics

SANDRA JEAN GLOVER, Ph.D.
Professor Emerita of Biology

GAYE WAGONER GOLDS, Ed.S.
Associate Professor Emerita of the Library

TED WAGONER GOODMAN, Ph.D.
Professor Emeritus of Mathematical Sciences

WILLIAM ALAN GORA, D.M.A.
Professor Emeritus of Music

WILLIAM DAVID GRAHAM, Ed.D.
Professor Emeritus of Technology

JAMES ALBERT GREENE, M.S.S.W.
Professor Emeritus of Human Development and Psychological Counseling

CAROL J. GROSS, Ph.D.
Associate Professor Emerita of Sociology and Social Work
The Register

MELVIN HENRY GRUENSFELDER, M.S.
Assistant Professor Emeritus of Health Education, Physical Education and Recreation

WILLIAM GEORGE GUTHRIE III, Ph.D.
Professor Emeritus of Economics

STEPHEN FRANCIS HALL, Ph.D.
Professor Emeritus of Sociology and Social Work

SHELDON HANFT, Ph.D.
Professor Emeritus of History

JANE SAUNDERS HARB, Ed.D.
Professor Emerita of Technology

JAMES EDWARD HARRILL, Ph.D.
Professor Emeritus of Human Development and Psychological Counseling

JAMES BRAXTON HARRIS, Ed.D.
Professor Emeritus of Leadership and Higher Education

PEGGY JOHNSON HARTLEY, Ph.D.
Professor Emerita of Foreign Languages and Literatures (Spanish)

JAMES WINSLOW HATHAWAY, M.A.
Associate Professor Emeritus of Management

MARTHA GREY HAWKINSON, M.A.
Associate Professor Emerita of Business Education and Office Administration

JOHN WILLIAM HEATON, Ed.S.
Associate Professor Emeritus of the Library

RICHARD NELSON HENSON, Ph.D.
Professor Emeritus of Biology

HANS GERHARD HEYmann, Ph.D.
Professor Emeritus of English

MARIE LEACH HICKS, Ph.D.
Professor Emerita of Biology

ROBERT GRIGGS HIGBIE, Ph.D.
Professor Emeritus of English

MAYNARD JOHN HIGBY, Ph.D.
Professor Emeritus of English

LAURIE KEITH HILL, M.A.
Associate Professor Emeritus of the Library

LOYD HAROLD HILTON, Ph.D.
Professor Emeritus of English

CLEONE HAYNES HODGES, M.S.
Professor Emerita of Health, Physical Education and Recreation

ALVIN RAY HOOKS, Ph.D.
Professor Emeritus of Administration, Supervision and Higher Education

LAWRENCE EDWARD HORINE, Ed.D.
Professor Emeritus of Health, Leisure and Exercise Science

BEN HASKELL HORTON, JR., Ed.D.
Professor Emeritus of Administration, Supervision and Higher Education

JAMES W. HOSCH III, M.A.
Associate Professor Emeritus of Special Education

DONNA HAVNAER HOUCK, Ph.D.
Associate Professor Emerita of English

GLENDA T. HUBBARD, Ph.D.
Professor Emerita of Human Development and Psychological Counseling

PEYTON ALBERT HUGHES, Ph.D.
Professor Emeritus of Sociology and Social Work

JUDY LUCILLE HUMPHREY, M.F.A.
Professor Emerita of Art

EDWARD CHARLES HUTCHINSON, Ph.D.
Professor Emeritus of Language, Reading and Exceptionalities

WILLIAM ALEXANDER IMPERATORE, Ed.D.
Professor Emeritus of Geography and Planning

CHARLES L. ISLEY, JR., Ed.D.
Professor Emeritus of Music

JAMES FREDERICK JONES, M.A.
Professor Emeritus of Accounting

ROBERT SOMMerville JONES, Ph.D.
Professor Emeritus of Curriculum and Instruction

ILA TAYLOR JUSTICE, Ed.S.
Professor Emerita of Library Science

RONALD WEST KANOY, M.A.
Assistant Professor Emeritus of Health, Leisure and Exercise Science

LARRY GENE KEETER, Ph.D.
Professor Emeritus of Sociology and Social Work

ALLEN FRANSSen KINDT, D.M.A.
Professor Emeritus of Music

WINSTON LEE KINSEY, Ph.D.
Professor Emeritus of History

JOSEPH PAT KNIGHT, Ed.D.
Professor Emeritus of Curriculum and Instruction

WILLIAM HERBERT KNIGHT, Ph.D.
Professor Emeritus of Psychology

ERNEST PAUL LANE, Ph.D.
Professor Emeritus of Mathematical Sciences

RUBY JEANNE LANIER, Ed.D.
Professor Emerita of History

EDGAR OLE LARSON, Ed.D.
Professor Emeritus of Health Education, Physical Education and Leisure Studies
RAYMOND LEIGH LARSON, Ph.D.
Professor Emeritus of Accounting

HELEN ELIZABETH LATOUR, Ph.D.
Professor Emerita of Foreign Languages and Literatures

SEONG HYONG LEE, Ph.D.
Professor Emeritus of Communication

ROBERT GEORGE LIGHT, M.S.
Associate Professor Emeritus of Health Education, Physical Education and Leisure Studies

WILLIAM EDWIN LIGHTFOOT, Ph.D.
Professor Emeritus of English

NEAL GAMBILL LINEBACK, Ph.D.
Professor Emeritus of Geography and Planning

JOSEPH CLAYTON LOGAN, Ph.D.
Professor Emeritus of Music

SUSAN HORNE LOGAN, Ph.D.
Professor Emerita of English

JAMES D. LONG, Ed.D.
Professor Emeritus of Psychology

NOYES CAPEHART LONG, M.A.
Professor Emeritus of Art

GEORGE EDWARD LYNÉ, JR., Ph.D.
Associate Professor Emeritus of Management

WADE THOMAS MACEY, Ph.D.
Professor Emeritus of Mathematical Sciences

JOHN LINN MACKLEY, Ph.D.
Professor Emeritus of Interdisciplinary Sciences

WILLIAM HOWARD MAST, Ph.D.
Professor Emeritus of Technology

CHARLOTTE L. MCCALL, D.Ed.
Professor Emerita of Home Economics

CHARLES EMMETTE McDaniel, Ph.D.
Professor Emeritus of Health, Leisure and Exercise Science

ARNOLD DAVID McENTIRE, M.A.
Professor Emeritus of Mathematical Sciences

BOB BAYNARD McFARLAND, M.A.
Professor Emeritus of Curriculum and Instruction

FRANK KENNETH MckINNEY, Ph.D.
Professor Emeritus of Geology

ELOISE CAMP MELTON, M.A.
Assistant Professor Emerita of History

DAVID NATHANIEL MIELKE, Ed.D.
Professor Emeritus of Leadership and Educational Studies

FRED ANTHONY MILANO, Ph.D.
Professor Emeritus of Sociology and Social Work

GEORGE BENJAMIN MILES, Ph.D.
Professor Emeritus of Chemistry

FRANK CALVIN MOHLER II, Ph.D.
Professor Emeritus of Theatre and Dance

MARY ROWENA MOORE, Ed.D.
Professor Emerita of English

MICHAEL JONATHAN MOORE, Ph.D.
Professor Emeritus of History

ROLAND FREDERICK MOY, Ph.D.
Professor Emeritus of Political Science/Criminal Justice

GLENN ALLEN MUEGEL, D.M.A.
Professor Emeritus of Music

JOSEPH LONG MURPHY III, M.A.
Professor Emeritus of Secondary Education

NANCY KESTER NEALE, D.S.W.
Professor Emerita of Sociology and Social Work

JAMES A. NELSON, M.S.
Assistant Professor Emeritus of Management

MAYRELEE FALLQUIST NEWMAN, Ph.D.
Professor Emerita of Leadership and Higher Education

WILLIAM JACKSON NEWTON, Ed.D.
Professor Emeritus of Music

ROBERT CLAIR NICKLIN, Ph.D.
Professor Emeritus of Physics and Astronomy

CLAIR MAYER OLANDER, Ph.D.
Associate Professor Emerita of Chemistry

DONALD PAUL OLANDER, Ph.D.
Professor Emeritus of Chemistry

ALFRED BENJAMIN OVERBAY, M.A.
Assistant Professor Emeritus of Chemistry

CLYDE CHARLES OWEN, M.S.
Professor Emeritus of Industrial Education and Technology

HARRY GILMORE PAGGETT, Ed.D.
Professor Emeritus of Human Development and Psychological Counseling

GERALD LEE PARKER, Ed.D.
Professor Emeritus of Language, Reading and Exceptionalities

ROBERT CLINTON PARKER, Ph.D.
Professor Emeritus of Music; and Senior Associate Vice Chancellor Emeritus for Academic Affairs

WESLEY ENNIS PATTON III, Ph.D.
Professor Emeritus of Marketing

HOWARD WILLIAM PAUL, Ph.D.
Professor Emeritus of Mathematical Sciences

PHILIP MALCOLM PAUL, Ed.D.
Professor Emeritus of Music
LYNN McIVER “MIKE” PERRY, Ph.D.
Professor Emeritus of Mathematical Sciences

JOE FRANK PHELPS, M.Mus.Ed.
Professor Emeritus of Music

EDWARD LEE PILKINGTON, JR., M.F.A.
Professor Emeritus of Theatre and Dance

MARGARET RUTH POLSON, Ph.D.
Professor Emerita of Art

MARY LOUISE WELLS POWELL, Ph.D.
Professor Emeritus of Curriculum and Instruction

MARY EUNICE QUERY, M.A.
Professor Emerita of Library Science

JENNY BEATRIX BLANTON RAMEY, M.A.
Professor Emerita of Elementary Education

JOHN FRANK RANDALL, Ph.D.
Professor Emeritus of Biology

ALFRED VALENTINE RAPP, Ed.D.
Professor Emeritus of Technology

DOROTHEA NATALIE RAU, Ph.D.
Professor Emerita of Language, Reading and Exceptionalities

PATTON BREON REIGHARD, Ph.D.
Professor Emeritus of Communication

JANE MARGARET RINER, M.A.
Professor Emerita of Business Education and Office Administration

JAMES RODNEY ROBERTS, M.Mus.Ed.
Professor Emeritus of Curriculum and Instruction

SANDRA LEE ROBERTSON, M.M.
Associate Professor Emerita of Music

CELIA SUE ROTEN, M.S.
Associate Professor Emerita of Home Economics

JUDITH RICE ROTHCHILD, Ph.D.
Professor Emerita of Foreign Languages and Literatures (French)

MELVIN RAY ROY, Ph.D.
Professor Emeritus of Information Technology and Operations Management

GRIGORY ROYTMAN, Ed.D.
Associate Professor Emeritus of Foreign Languages and Literatures

ROBERT TERRY SACK, Ph.D.
Professor Emeritus of Human Development and Psychological Counseling

OLIVER PAUL SANDERS, Ph.D.
Professor Emeritus of Mathematical Sciences

DONALD BISHOP SAUNDERS, Ph.D.
Professor Emeritus of History

RICHARD BRUCE SCHAFFER, L.L.M., J.D.
Professor Emeritus of Finance, Banking and Insurance

RICHARD JOSEPH SCHALK, M.S.
Associate Professor Emeritus of Mathematical Sciences

HUBERTIEN HELEN WILLIAMS SCOTT, Ph.D.
Professor Emerita of English

ZEBULON VANCE SHOOK, M.A.
Assistant Professor Emeritus of Librarianship

DONALD WOODFIN SINK, Ph.D.
Dean Emeritus of the College of Arts and Sciences and Professor Emeritus of Chemistry

ARTHUR MARON SKIBBE, JR., Ph.D.
Professor Emeritus of Psychology

HERBERT MAX SMITH, S.M.D.
Professor Emeritus of Music

KAY HOLSTON SMITH, Ph.D.
Professor Emerita of Interdisciplinary Studies

MICHAEL DOUGLAS SMITH, Ph.D.
Professor Emeritus of Language, Reading and Exceptionalities

ROBERT EARL SNEAD, M.A.
Vice Chancellor Emeritus for Development and Public Affairs

WALKER THOMAS SNIPES, Ed.D.
Professor Emeritus of Psychology

ROBERT WALTER SOEDER, Ph.D.
Professor Emeritus of Chemistry

LOLES DIAZ SOLIS, M.L.S.
Assistant Professor Emerita of the Library

RAMON DIAZ SOLIS, Ph.D.
Professor Emeritus of Foreign Languages and Literatures

MILTON GRAHAM SPANN, JR., Ph.D.
Professor Emeritus of Human Development and Psychological Counseling

NANCY GRAY SPANN, Ed.D.
Director Emerita of General Studies

CHARLES CAUDILL SPEER, M.B.A.
Professor Emeritus of Accounting

WILLIAM GILBERT SPEER, Ed.D.
Professor Emeritus of Music

FRANK RICHARD STECKEL, M.S.
Professor Emeritus of Industrial Education and Technology

HAROLD DANIEL STILLWELL, Ph.D.
Professor Emeritus of Geography and Planning

JAMES WILLIAM STINES, Ph.D.
Professor Emeritus of Philosophy and Religion
The Register

JOYCE PETERSON STINES, M.Ed.
Associate Professor Emerita of Home Economics

BENJAMIN FRANKLIN STRICKLAND, Ed.D.
Professor Emeritus of Leadership and Higher Education

MARIANNE STEVENS SUGGS, Ph.D.
Professor Emerita of Art

GUY THOMAS SWAIN, Ed.D.
Professor Emeritus of Administration, Supervision and Higher Education

THOMAS WILLIAM SWEM, Ed.D.
Professor Emeritus of Language, Reading and Exceptionalities

JOHN EDWIN THOMAS, D.B.A.
Chancellor Emeritus

VERA ELLEN BALL THOMAS, M.S.
Assistant Professor Emerita of Health, Leisure and Exercise Science

JAMES RICHARD TOMPKINS, Ph.D.
Professor Emeritus of Language, Reading and Exceptionalities

NED REEVES TRIVETTE, M.S.
Vice Chancellor for Business Affairs Emeritus

POLLY ANN TRNAVSKY, Ph.D.
Associate Professor Emerita of Psychology

KATHRYN CROFT TULLY, M.A.
Associate Professor Emerita of Business Education and Office Administration

EDWARD THOMAS TURNER, Ph.D.
Professor Emeritus of Health, Leisure and Exercise Science

ARTHUR EMERSON UNSWORTH, JR., Ed.D.
Dean and Professor Emeritus of the Hayes School of Music

KARL VAN AUSDAL, M.L.S.
Professor Emeritus of the Library

JAN CAROLE WATSON, Ed.D.
Professor Emerita of Health, Leisure and Exercise Science

FRED WEBB, JR., Ph.D.
Professor Emeritus of Geology

LINDA FRANCES WELDEN, Ph.D.
Professor Emerita of Theatre and Dance

JOHN FOSTER WEST, M.A.
Professor Emeritus of English

BRENDI LEE WY, Ed.D.
Professor Emerita of Technology

JOAN LYNN WHITE, Ed.D.
Professor Emerita of Music

JANICE ROBERTSON WHITENER, M.Ed.
Associate Professor Emerita of Family and Consumer Sciences

ROGERS VANCE WHITENER, M.A.
Professor Emeritus of English

RICHARD STANLEY WILKINSON, JR., M.A.
Assistant Professor Emeritus of Information Technology and Operations Management

JOHN FOX WILLIAMS, Ed.D.
Professor Emeritus of Mathematical Sciences

JERRY WAYNE WILLIAMSON, Ph.D.
Professor Emeritus of English and Editor Emeritus of The Appalachian Journal

FRED ALLEN WILSON, Ed.D.
Professor Emeritus of Psychology

HAROLD EDWIN WILSON, Ph.D.
Professor Emeritus of Leadership and Educational Studies

RICHARD BURTON WILSON, M.S.P.H.
Professor Emeritus of Curriculum and Instruction

LARRY WILSON WOODROW, Ed.D.
Professor Emeritus of Curriculum and Instruction
